EASTERN: MORE STUDENTS, LESS BUDGET

CHARLESTON, IL.--Official 1987 Fall Semester on-campus enrollment at Eastern Illinois University increased to 10,121, up 139 students over the Fall of 1986, and a record high enrollment for the University.

The increase was announced today by President Stan Rives. "We have better than a one percent increase in students," said Rives, "with about one percent less budget than last year. Still, I am pleased at the fundamental stability of our enrollment."

A significant increase in applications resulted in Eastern closing freshman admissions for the Fall in January, and a transfer student cut-off was implemented in March.

Official enrollments for all Illinois public universities are established by the number of students enrolled on the tenth class day, which was September 9 for Eastern.

On-campus enrollment by class includes 2,894 freshmen, 2,007

sophomores, 2,128 juniors, 2,158 seniors, and 934 graduate students. There are 73 more new freshmen, and 39 more graduate students than last year. The total includes 7,115 continuing EIU students, an increase of 187 over last year.

There are 9,107 full-time and 1,014 part-time students at EIU. Women outnumber men by 5,505 to 4,616, or 54% to 46%.

Enrollment in off-campus courses is still in progress. Total on- and off-campus enrollment is expected to exceed the 10,653 total of last year.

President Rives praised the work of the Admissions Office and Vice President Glenn Williams for "maintaining a stable enrollment despite early cut-offs for freshman and transfer student admission. We are pleased," said Rives, "that more students desire to attend Eastern than we have budget to accommodate."
