YEAR STARTS WITH EIGHTEEN NEW FACULTY MEMBERS

The fall quarter of the Eastern Illinois State Teachers College opens with a faculty of seventy-three, eighteen of whom replace former members of the faculty or come as additions to last year's force.

In the English department: Mr. Franklin L. Andrews, Ph. B., The University of Chicago; M. A., University of Illinois.

Miss Aileen E. Collins, Ph. B., The University of Chicago; one year's post-graduate work at Washington University.

Miss Ruth Dunn, A. B., Wellesley College; A. M., The University of Chicago.

Mr. William Morris, A. B., Olivet College; M. A., Boston University.

Miss Laura J. Parker, A. B., M. A., University of Vermont.

Miss Ruth F. Petran, B. A., Carleton College; M. A., The University of Chicago.

Miss Agnes C. Loughlin, B. A., M. A., University of Wisconsin, English, Director of Dramatics.

In Education: Mr. Nels O. Reppel, B. A., M. A., Ph. D., University of Wisconsin.

Mr. Bernard F. Heubner, B. A., Knox College; M. A., Ph. D., University of Wisconsin.

In Social Science: Mr. Charles B. Jordan, Jr., A. B., A. M., Ph. D., University of Illinois.

Mr. Glen H. Seymour, A. B., Ph. D., University of Illinois.

In Mathematics: Miss Ruth Hostetter, B. S., The University of Chicago.

Mr. J. C. Kelson, Ph. D., Harvard University.

In Art: Miss Alice McKinney, B. Ed., Eastern Illinois State Teachers College.

In Geography: Miss Dorothy A. Sisson, A. B., University of Wisconsin.

In Biological Science: Mr. Walter M. Scruggs, B. Ed., Eastern Illinois State Teachers College.

In Physical Science: Mr. Ralph N. Goebel, B. S., University of Illinois; M. S., The University of Chicago.

In the Training School (Fourth Grade): Miss Nina Arnold, Winona State Teachers College, Winona, Minnesota.

In the Library: Miss Hazel L. Hicks, Eastern Illinois State Teachers College.

BAND UNIFORMS ARRIVE

The E. I. band of 1929 is now the most smartly attired band in the state. The swanky new uniforms are even handsomer than was expected.

Twelve new students have signed up so the band when completely organized and uniformed will number about thirty pieces.

Delbert Young, of Mathias, is the drum major. As Del has had some experience along that line at the University of Illinois he ought to be plenty good enough for us.

The Junior Band for beginners will number about fifteen while the high school band, under the direction of Kermit Dahl, will include some twenty members.

John Wilkin Sims, member of last year's sophomore class and News Staff has entered the School of Journalism at Columbia University.

FACULTY MEMBERS ENJOY VACATIONS

While many members of the faculty spent their summer by being busily engaged in the pouring of concentrated knowledge into the craniums of the summer students, some favored few carried out the familiar slogan "See America First."

Miss Booth invaded the west, visiting the Grand Canyon, Yellowstone Park and Los Angeles. While in the motion picture metropolis she had the good fortune to meet the former Miss Marion Baird who was connected with the library some years ago. Miss Booth also inspected many college library buildings, including the new ones at Emporia Kansas, Bellingham and Ellensburg in Washington and at Greeley, Colorado. Some time also was spent in San Francisco, Portland, Oregon, and Seattle, Washington.

Miss Thomas was able to leave her duties in the office only long enough to spend a short time in St. Louis. Mrs. Stover added to her already vast store of knowledge by spending her summer in botanical research work in Portland.

Mr. Bou visited Lake Geneva where he created havoc among the finny tribe (fish) by combining his fishing skill and his knowledge of psychology.

Miss Johnson visited friends in New York for six weeks. After leaving there she met Miss Weller and they left at once for the "Blue Ridge Mountains of Virginia" only these happened to be in North Carolina. Their summer home was the Plagah Forest Inn, Mt. Plumb, North Carolina.

For a few days Mr. Thomas became a son of the soil, and was very actively engaged in the orchard business.

The registration up to Saturday was 792, which is a decrease of 105 over the enrollment last year. A majority of the students enrolling this year have signed up for a four-year course.

SCHOOL SONG

For us arose thy walls and towers;
Their beauty, strength, and grace are ours.

The hills and prairies at thy feet
For us in lovely landscape meet.

Refrain:

So must our hearts remember thee,
So may our lives our tribute be;
Strong, true, and beautiful, and brave and free,
So shall our hearts, our hearts remember thee.

For gift of friends, for lasting gain,
For hard-won joys that long remain,
For Strength of victory possessed
We thank the school we love the best.

Refrain:

So must our hearts remember thee,
So may our lives our tribute be;
Strong, true, and beautiful, and brave and free,
So shall our hearts, our hearts remember thee.

Across the years thy spirit burns,
Across the land in love it yearns,
Enkindled with the light of truth,
Made perfect in eternal youth.

Refrain:

So must our hearts remember thee,
So may our lives our tribute be;
Strong, true, and beautiful, and brave and free,
So shall our hearts, our hearts remember thee.

Wednesday evening at seven o'clock September 18th, the Mathematics Club will hold its first meeting of the year in Room 27. The topic for discussion is "Human Interest put into Mathematics" by Jessie Voigt. Mr. Taylor will suggest "What is a good Minor in Mathematics?" New students come out and see how worth while discussing Mathematics for pleasure is. Meetings are adjourned at eight o'clock.

The school extends its sympathy to Mr. Allen, who has been absent for the past few days, due to the death of his brother.

PLAYERS HOLD FIRST MEETING

A business meeting of the Players was held in Room 16, at 7:30 o'clock, September 13, 1929. The purpose of the meeting was to elect a president and to talk over plans for the coming year.

Miss Mary Fitch, the club present business manager, was unanimously elected president. The new directress of our club gave some valuable ideas for the limitation of membership and tryouts for new members. The president appointed a programme committee consisting of Alice Hamer, Alfreda Schuetz, and Mahlon Hillard. A committee including Aileen Marley, Mary Margaret Summers, Burl Mitchell, the president and the directress, is going to work on a new constitution which will be presented at the next meeting for the clubs approval.

An all-school dance, the first social event of the school year, was held in the gymnasium Saturday night. The affair was in the nature of a get-acquainted party and judging from the comments, everyone had an enjoyable time. Music was furnished by Dunnie and His Boys. We hope the attendance at these Saturday night dances holds out as well as the start seems to indicate.

DELTA LAMBDA SIGMA OPENS NEW YEAR

Delta Lambda Sigma Fraternity started on another successful year with its first meeting Tuesday evening. The house had been completely remodeled during the summer and presents a very attractive appearance. Awnings have been placed on the various windows, the rooms have been newly papered, new furniture has been purchased and new rugs laid, and the third floor of the house has been made into a dormitory with sleeping rooms to accommodate about thirty persons. The whole second floor has been turned into study rooms, with tables and lamps for each room. The members are quite pleased with their new home and will be glad to show anyone around who cares to drop in on them. You are always welcome.

At the meeting Tuesday evening the new officers were in charge and many plans were laid for the coming year. The new officers are:

President—Geo. Haddock
Vice-President—Chas. Frye
Secretary—Harold Middlesworth
Treasurer—Wm. Atterberry
Chaplain—Paul Bridges
Historian—Chas. Frye
House Manager—Morris Smith
Sergeant-at-arms—Pete Fenolio
Faculty Sponsor—Mr. Stover
The pledges for the Fall Quarter are Stanley Wassens, Porter Simcox, Jan Shoulders, Hollis Sallee, Irvin Singgier, Carl Hance and Joe Kirk.

CREDIT FOR WORK IN STUDENT ACTIVITIES

Credit is allowed for dramatics, College News, glee club, quartette, orchestra, and band at the rate of one quarter hour (¼ credit) to those reported to the office for such a credit at the close of each quarter by the directors of these organizations, who decide the conditions under which credit is allowed or withheld in each case.

This credit is recorded on the student's permanent record card and may play an important part when he is an applicant for a position.

TEACHERS COLLEGE NEWS

A paper devoted to the interests of the student body of the Eastern Illinois State Teachers College.

Published each Monday during the school year by the students

Pemberton Hall

of the Eastern Illinois State Teachers College at Charleston.

Entered as second class matter November 8, 1916, at the Post Office at Charleston, Illinois, under the Act of March 3, 1879.

THE NEW YEAR

The News is starting a new year under a new management. We will try so far as is possible, to follow the policies this paper had always forwarded and do our best to attain the high degree of perfection it has always maintained.

First of all, this is a weekly edition and is more of a news-magazine than a newspaper. The news in this paper may not be the newest out, but it will be our endeavor to give you a complete review of the week's happenings at E. I. and to present the interesting events in as readable a style as possible. On the other hand it is nearly impossible for our news writers to get all the news; so we ask each of you students to help make this paper yours, by giving us material you think might be useful in the next edition.

A greater emphasis will be laid on sports than has in some of the past years. The sports page has been moved to a more prominent position and more space will be devoted to sport activities. We believe that the student body as a whole is very much interested in this phase of school life, either as a participant or a follower.

The critic will present some worth while material which will be of interest to the school body. Book reviews, comments on present day subjects in the field and later a poetry contest will occupy this portion of the paper.

On the fourth page you will find a column which should be of much interest to everyone. The author of this column has promised us he will appear every week with comments on things in general—as he says, this and that.

But after all, it is your paper and any comments adverse or otherwise will be more than welcome by the editor.

The News is your newspaper and we want you to take a part in it as well as the staff. The News Box is located under the east stairway and any contribution you may wish to make may be left there. All manuscripts must be signed before they can be printed.

FOOD FOR THOUGHT

Scientists would have you believe that fish is a most excellent food for thought. According to them, with a consistent menu of much fish and no pepper, one could pour forth volumes of term papers and editorials, and find lesson plans growing in the linings of their hats. These people would have you sit and dream the hours away, and then on examination days fill your fountain pen with cod liver oil.

But most of us find when we sit down to write a lesson plan or a theme that all the fish around Cape Cod couldn't help us. We have reached the stage where in a lead pencil is often our best food for thought. We place the pencil in our mouths vertically and rotate it between our teeth; we put it to our lips horizontally and treat it as if it were an ear of fresh sweet corn boiled on the cob. We dent it, and bite it, and crunch and crackle the fibers. We work little skulls and cross bones on our teeth, and fill our mental stomachs with bits of wood, and lead, and paint, and rubber.

Yet here at E. I. these bits of wood and paint, and nothing else are quite likely to leave a bad taste on our grade cards, and so we suggest for your benefit a menu of English a la king of chemistry croquet, a science salad, history bread buttered with outside reading, and practice teaching for dessert, all served at regular intervals and during quiet hours on a study table with a student lamp for a centerpiece. This menu is really much more effective than any possible combination of fish and lead pencils and with a bit of concentration taken along side will do much to insure for you a well graded complexion and a really successful year at E. I.

Cyril and Leo Bell, popular proprietors of the College Cafeteria, have promised to entertain the members of the football squad, who make the trip to Millikin, with an oyster stew and all the trimmings. This holds good in case of a win. Bring on the oysters.

Literary Static

Every student when he enters college finds himself in a new environment. He meets strange people and learns to know them. Some of their are worth knowing. It is a problem to know who is worth devoting much time to and who isn't.

There is one group of people in every college about whose worth there is no doubt. Among whom are Colonel Newcome, Soames Forsyth, David Copperfield, William Meister, Mephistopheles, Oedipus, Queen Elizabeth and even Cleopatra.

Meeting them is a very simple matter. It isn't necessary to have a special gown made in order to be presented to them. All that is required is that you stop and talk with them once in a while.

It is indeed a tragedy when people go to college and stay one year or even more and go way without even knowing of the existence of such people as Goethe, George Bernard Shaw and Eugene O'Neill. The library of the Eastern Illinois State Teachers College contains some of the works of all of these men and many more.

Whether the students here care to make their acquaintance or not is a purely individual matter. But it might be well to stop and think about what Joan Raakin meant when he said that he would much rather pass an hour with the Queen of England than to spend that time gossiping with the stable boy.

The Assembly Hall is a study room with a teacher in charge during all class periods from 8:10 in the morning to 3:15 in the afternoon.

College students who are absent on account of illness will get excuses from the school nurse in Room 16, 7:50 to 8:20 in the morning, or 1:20 to 2:30 in the afternoon.

College students absent for other reasons will go to the office for excuses at 8:00 o'clock in the morning or immediately after morning exercises. Present the excuse to each teacher when you go back to your classes.

How about airing our school song? It's a song to be proud of and we have no need to keep it hidden. Don't you think we had better brush up at it before the first football game? Maybe Miss Major will start us off on it in chapel some morning soon.

40 MEN TURN OUT

FOR PRACTICE

Fifteen letter men of the 1928 championship squad turned out for practice last Monday afternoon. About twenty-five other candidates also reported to Coach Lantz for trials at a varsity berth. Although too early in the season to predict with any degree of certainty it appears that most of the veterans have an inside track to their old positions.

With Fenolio, Cramer, Powers, Wasem, Deverick, and Kirk in the backfield, there will be a merry fight waged for the places to support Fenolio and Cramer. The loss of Hall, Parr, and Kinsel will be keenly felt as each was a consistent ground gainer. Hance, who is out for his first year at E. I. appears to have the best chance of subbing for Fenolio. Another ball-carrier, Gene Kintz, of South Bend, Indiana has reported for practice and he is expected to make a strong bid for a backfield position. Kintz enjoyed a season at Columbus College, South Dakota, several years ago.

Two stars have been lost from the line—Routledge and Stone. Coach Lantz will have an extremely difficult task in an attempt to fill their positions. Baird, Shoulders, McMorris, Miller, Chesser, and Atteberry are equally adept at playing guard. The other line positions are well cared for by last year's veterans—Gibson at center, Ives and Smith at guard, and Ashmore and Sims at the end. Dush, the 240 pound giant from West Salem, is out for football for the first time but he is an apt pupil and will probably see action at an early date.

A few of the promising candidates are: Henderson, Lycan, Haire, Rappnot, Story, Ballinger, Mattix, Covert, Hill, the Buckler brothers, and O'Brien.

Coach Lantz is anything but optimistic for the chances of his team as the loss of five star veterans was a severe blow. It can hardly be expected that Coach Lantz will be able to replace the men he has lost from the group of candidates that have turned out. But E. I. can be sure that any team that Coach Lantz puts on the field will be fighting every minute of the game against one that can go down in defeat scrapping.

DO YOU KNOW YOUR FOOTBALL?

1. Can a fumble be picked up and carried by the defensive side?
No. A new rule.

2. What is the ruling on a forward pass that is grounded in the end zone?
Defensive team awarded the ball on the twenty-yard line.

3. Can a lateral pass be tried beyond the line of scrimmage?
Yes.

4. Where is the ball put into play for a point after a touchdown?
Anywhere on the ten-yard line. A new rule.

5. What is the penalty for two incomplete passes in one play?
Five yards.

6. What is the difference between a touchdown and a safety?
If the offensive team causes the ball to be in the end zone it is a touchdown. If the defensive team causes the ball to be in the end zone it is a safety. (Two points for the offensive team).

7. How many ways may a point after touchdown be scored?
Line play, pass, and drop-kick.

port we have this worthy tribute paid to our coach Mr. C. P. Lantz. "In a 'grand old man' of the Little 19 starts his nineteenth year of coaching this month. Charles P. Lantz I see the growth of the Illinois Intercollegiate Athletic Conference since the day of its formation.

Graduating with the class of 1908 at Gettysburg college, Gettysburg, Pa., "Charley", as he was known to fans of that period, was picked by critics as one of the best all-round athletes in the Quaker state. His fame secured him a coaching position immediately. Three years the youthful coach and athletes at Harrisburg Academy, Harrisburg, Pa. Then the west beckoned. A little heard of Noran School induced Lantz to come to Illinois.

Joe Godfrey in the College Humor is conducting a monthly dope sheet and a few of his forecasts are of interest to us. Here are a few of them for this month:

- Charleston 9, Normal 6
- St. Vistor 19, Carbondale 3
- Shurtleff 6, Flat River 3
- Springfield 15, McKendree 6

Charleston defeated Normal rather handily last year, but Normal lost only a few men by graduation, and they are going to fight to avenge that defeat. Millikin, our second opponent and a tough one, is not scheduled for this month. Shurtleff is expected to defeat Flat River 6-3. Both St. Vistor and Carbondale appear on E. I.'s schedule, the outcome of that game will be all the more important. McKendree is one of our scheduled opponents and although we do not hope they can come through against Springfield, a non-conference eleven.

"Shorty" Gates has promised everyone who plays in the Millikin game a free haircut, if E. I. wins. It seems the whole town is behind the school in this.

What's in a name? One thing certain with Pete Fenolio, formerly Pete Fenoglio, is that the "g" is no longer there. Upon being questioned about the change, Pete said it was because so many of his friends gulped and choked when they came to the "og", that he left the "g" out to avoid further misfortune.

Poor Pete,—it's all in vain! After making such a sacrifice a member of the faculty called him "Mr. Fen-ah-lio". Why not change it to "Smith," Pete?

The following schedule for the 1929 football season has been arranged:

- Sept. 28, Normal at Normal
- Oct. 5, Millikin at Decatur
- Oct. 12, Shurtleff at Alton
- Oct. 19, Oakland City College at Charleston
- Oct. 26, McKendree at Charleston
- Nov. 2, Open at Charleston
- Nov. 9, Indiana Normal at Terre Haute
- Nov. 16, Clarksville at Homecoming
- Nov. 23, St. Vistor at Charleston

Inserted; so September followed August, as it does, and school resumed as per catalogue.

Old students will notice the over-supply of seats in chapel, especially the front seats. These absentees are out running down theories derived here, or their parents couldn't see that their sons' education meant more than their pet pigs and couldn't sacrifice them to the cause of education. These same front seats would be at a premium if the student body would become convinced that the front row of the faculty gives much thought for study. Stiff necks are not uncommon—caused from looking up from the front row. Reserved seats may be had by a special request from the office. These are usually given out shortly after a disturbance in chapel.

Friday, 13th surely is a day to stay in bed. Our football hopes took a double set-back. Pete Fenolio sustained a mashed finger. It is hoped that the freshman football aspirants didn't notice that the accident happened eleven o'clock at night. There should be something done about these physical examinations as they are going to ruin all our hopes. After Robert Edgar Wiseman, the eugenic West Virginian, had decided to give his services to the team, the Doc pronounced him with a leaky valve and the team would have to struggle along without him. Coach surely has a lot to put up with.

It seemed that something is wrong with every school and we have a freshman class, too. Give them time and they will learn that "Skinny" is not an appropriate name for his elongated class-mate. Another thing they will learn before long is how the elephant got his trunk. Many such hits of knowledge can be got if the wide awake student wants to grasp them.

Newcomers are alarmed and are losing lots of sleep over the outcome of the intelligence tests. Don't be worried about them; the results won't be published and if they were only psychology teachers could read them. As previously mentioned, the school is shy about 200 members and the algebra class isn't going to be decreased because the students couldn't add 2 and 2 and get 4 in 30 seconds.

Next week the editor will try to set forth in a few ill-chosen words what the school needs most.

R. Lynch

A NEW WAY TO DRY CLOTHES

One of those Pem Hall Freshman tried to dry her clothes in the potato peeler.

Another green Freshman reading the Pem Hall schedule discovered that there were two light dips, one at 10 o'clock and another at 10:30. She wants to know if she has to take two baths in one night.

Also note! Freshmen are to wear green caps instead of orange ones and above all are not to wear them in the building.

Watch and Jewelry repairing done right and guaranteed at Huckleberry's.

tor and Director of Dramatics, but who is on a year's leave of absence is the author of a new plan in Freshmen composition, which will be used in this year's Freshman composition course. The course attempts to bring the work in the course more closely in contact with future work the students may do as teachers of English. The emphasis of the course is laid on the professional and social use of English and later emphasis is brought on the aesthetic value. During the first weeks of school the freshmen will make several visits to the grades of the training school and there observe the actual practice of the things they learn in class. Another part of the plan includes the writing of themes that are in some measure at least tied up with later work the student may do. The News is glad to co-operate in this plan and we expect to publish from time to time the best themes submitted to the English teachers for especially prepared assignments. The first of these themes will probably appear in about a month.

Ruth Woodard '31 and Henry Kinsil '29, were married late in August. They will reside in Edwardsville, Illinois, where Mr. Kinsil has a position this year. Miss Woodard was a popular member of the sophomore class last year and was prominent in many activities. Mr. Kinsil, Delta Lambda Sigma, was a member of last year's championship football team as well as an active participant in school affairs.

Beginning this year, 1929-30, certifying blanks for state provisional elementary certificates will be made out only for those freshmen who have completed the year's work with grades high enough to admit them to practice teaching; not more than one-fourth of a student's grades may be D (not more than three of his twelve grades).

Tuck Creamer, Pete Fenolio and Johnnie Miller, members of the football squad, spent the summer beautifying our campus. They acquired a beautiful coat of tan as well as keeping in shape for the coming football season.

Mr. C. H. Coleman, member of the history department and faculty adviser of the Teachers College News last year, is completing the work on a Doctor's degree at Columbia University, this year.

It seems that John Powers is an actor as well as a football player. You don't suppose we will lose him to Hollywood, do you?

"When he acts as if he were mad he can even get red in the face" says Miss Clara Milam.

With such a recommendation, we see no reason why Johnny couldn't command at least a thousand a week.

These Freshmen—one of the male of the species parades up to the second floor of Pem Hall, looking for a room in the Training School.

STARTED? YES!

School had a very successful opening. Everyone came back from his vacation all ready for nine months of work and started to dig up some new knowledge in the first study period last Tuesday morning. Of course, there was welcome conversation before the bell rang but afterwards a dead silence as if there had never been a vacation. In general the high school made a very good start for a prosperous 1929-30 year.

No doubt from what has been heard and seen, the addition of the freshmen means quite a great deal to the high school. It brings back memories of the same feeling which the present seniors had three years ago. The sophomores seem to feel at home in Room 29. That's what they're supposed to have a homey feeling for Room 29. Miss Orcutt must have thrilled them with her opening welcome, pleasant greetings and smiles. The juniors and seniors came back with a little dignified air, evidently acquired during the summer. Some even expressed their feeling of superiority. After all they're only youngsters and have many happy years to look forward to in school and later on.

All of these students are going to make remarkable records in subjects as well as fame. Work before play—but never one dull day!

FOOTBALL NEWS

A large number of T. C. boys answered the first call to arms, made by coach Beu. Of the forty that are out, there are only five letter men who play regular. Those being: Titus, Herman, Hutton, Hedges, and Cavina. Other last year letter men who should bid for positions on the team are: Blake, Wyeth, Geiser, and Level. Zimmerly, a two year letter man, will aid the team at end. Other promising men with some last year experience are: Marker, James, Burns, and Meyers.

Our new men that are promising material are: Grey, a lineman from Rardin, Nelson, Dawson, McCoy, Davis, Baker, Stoddard, Bails, Patterson, and Abernathy.

With forty suits having been given out makes this the biggest football squad in the last three years. Although much of the material is comparatively new to the game.

"ORGANIZATIONS"

It has always been one of T. C. high school's problems to create interest in outside activities. Studying isn't necessary all of the time and organizations afford one of the best kinds of pleasure, providing they have the support of the student body.

Perhaps it would be interesting to some to enumerate a few of them. The Girls' Glee Club is one of those means of pleasure if one enjoys music. The club members work up numbers to be sung in chapel and concerts. In the spring they practice on the selected number for the Eastern Ill. League Contest. Last year T. C. received third place which is honorary. It doesn't take much outside time and should be supported by the girls. Then there is the Footlights Club, an organization in dramatic which was started last year. It meets once a month. Plays of various types are presented to the members and later a grand finale is given showing the club's best work and talent. Along with this a class in make-up work is to be organized this year. This will be fascinating work to learn to make one face up like many different ones.

All of these organizations mentioned are for the benefit of the students and should be used to a good

A BIT OF ADVICE

Don't get the idea when you start reading these few words that you're in for a deep lecture, for you're not. This is just a bit of friendly advice to old and new students at T. C. I am speaking especially to the new, but the old faithfuls need not stop reading because there are none of them who are beyond taking advice yet. Notice, I said yet. (Some of the Seniors think they are tho). Well, to get down to brass tacks and copper buttons, start the school year right. Start right by digging in your studies and getting the most out of them. Do the same in play if you have time for it. You know that vacant lots attract rubbish, so don't let your head be a vacant lot and attract a lot of unnecessary trash. Of course, you don't have to spend all of your time with your nose in a book for as you well know, "All work and no play makes Jack a dull boy." Show your school spirit and help make T. C. victorious in athletics by going out for football (boys). And you, girls, whenever the team needs help or cheering, do your best and in good spirit.

Then in the line of advice, I might as well say this. Don't loiter in the corridors. This cry has not been started this year and if you all read this advice and take heed I don't think it will need to be. Don't ooze around Room 29 and the halls like lazy persons. Use the extra time for study or in some advantageous manner. If you don't use your head you might just as well have feet on both ends. Then you would walk the corridors (no kidding). Another thing that is usually lacking in new pupils is obedience. Of course, this does not apply to all of the new pupils but, as a general rule. When Miss Orcutt gives orders obey them promptly and exactly. If she says to remain up stairs, well, confine yourselves to the second story and make the best of it. Turn about is fair play. If you treat Miss Orcutt with obedience I'm sure she will repay you by letting school out for some important football game or track meet. If she doesn't, then I don't know Miss Orcutt. Another thing you should remember is co-operation. Whatever it is do you part faithfully. "United be stand, divided we fall." I'm sure that you'd much rather stand than fall at a good school like T. C. now wouldn't you?

In closing these bits of advice (lectures) I wish to say that Miss Orcutt does not expect T. C. to be a perfect school, but I do think she expects each individual to do his best. (I hope she does). Probably you are thinking by this time—Practice what you preach. I don't blame you a bit. I need to be that way myself. So if you'll practice what I've preached and if I'll practice what I've preached then we all ought to start the school year right. Don't forget to do your best.

—H. C.

advantage. Let's set a new example for the coming boys and girls and give these a 100 per cent support. We all like it—so give it a fair chance to grasp our interest.

FIRST IMPRESSIONS OF HIGH SCHOOL

"248. Where is locker 248?"
"No, the text book library is in the lower hall."
"Chapel? Oh, it isn't at all bad after you get used to it."
The casual observer and upper classmen must have received a marvelous kick out of watching as freshmen run around with handfuls of books, cards and recreation tablets. (Continued on page 6)

CANDIDATES FOR GRADUATION

Every candidate for a degree or a diploma this year is asked to fill out a programme blank and leave it at the office before the second Thursday of the fall quarter (Thursday, September 19).

College seniors will need to use pages 38-40 of the catalogue for two-year curriculums.

High school seniors use pages 47 and 48 of the catalogue.

Every one will use his fall quarter "Trial Programme" and the year programmes, between pages 50 and 51 of the catalogue.

At the bottom of the blank, list all conditions to be removed and all other causes needed which are not included in your programmes for the year.

If you do not receive a blank before Thursday, September 12, you should ask for one at the office.

The entertainment course has only partly been completed. For the school year 1929-30 the following numbers have been already scheduled, and others may be added later:

Mme. Estelle Gray-Lhevinne, violinist, and accompanist, Tuesday, October 22, 1929.

Sophie Braslau, contralto, and accompanist, Tuesday and Wednesday, November 19 and 20, 1929.

Joseph Lhevinne, pianist, Tuesday and Wednesday, January 7 and 8, 1930.

Efrem Zimbalist, violinist, and accompanist, Tuesday and Wednesday, February 11 and 12, 1930.

Just because we haven't ducked the freshmen in the lake, or given them a reception, are no reasons why we don't welcome them to E. I. In fact we wish they would quit hiding behind the upper classmen, and give us a chance to see them. E. I. is a good place to be around; especially when we all know each other, and can co-operate. Come on out freshmen, let's get acquainted!

Miss Dorothy Whitacre and Mr. Lawrence Hill, former students of E. I., were married on Saturday, August 23. Mrs. Hill taught in the Mattoon public schools last year while Mr. Hill teaches manual arts in St. Louis where they will reside.

Donald Corbin, member of the Class of '31 and Miss Pauline Williams were married in Peoria on August fifteenth. They spent their honeymoon in Wisconsin, returning in time for Mr. Corbin to enter school this fall.

FIRST IMPRESSIONS OF HIGH SCHOOL

(Continued from page 5)

High School! The term sounds dignified by itself but we were reminded of the fact more and more. On registration day we felt the full swing of an interesting time in high school. Choice of subjects to take! Imposing looking cards to fill out! Then standing in line for books at the text book library! In a few days we were presented with keys for lockers. But best of all we were in the big building! All this was new and strange. Among so many people. After a few days when I walked along the halls I felt as though I were caught in the current of activities. There are other phases of high school rather than newness. There is a feeling of anticipation. Activities! Basket ball and football games! Parties, weiner roasts, class meetings where all the high school participates.

I sat thinking over all these things and when I had reached the pleasant part about activities I felt strangely agreeable about everything in general.

"I have to see about my locker," announced a brother freshe. "Come and go with me."

As we were going up-stairs I thought, "Three cheers for T. C. H. S."

—L. I. B.

The Delta Lambda Sigma house has been completely remodeled and repapered. Many improvements have been made and much new furniture bought. The members are planning to hold an open house in the very near future, perhaps this week. Everyone in school will be invited to inspect the house. Watch for the announcement.

The Delta Lambda Sigma Fraternity made its social bow on Monday night. The members and their guests were entertained with a feed at the Ever Eat Cafe and later dancing in the gymnasium. This is the first of a series of social events planned by the fraternity. May the rest be as successful as the first.

The students taking practice teaching for the first time must not get scared — yet. Why, the eight page plan hasn't been called in even. The days to come when you take charge of the class will be due time to weep. You looked on last year, now work! —you,—work!
