T TimianMarinettes Will Appear on Wednesday Night

Taming of Shrew Will Be Presented

By Edith Stott

On July 8 at the Teachers College. Titterman Marinettes are to appear in their new presentation. "The Taming of the Shrew" will be produced and the performance will begin at 8 o'clock.

There has been much confusion over the names of "marinette" and "marinette," and many people use them interchangevably. The word "marinette" means a small or baby ship, and "marinette" by itself signifies a ship or any vessel.

The marinettes are a large group of people from the entire campus that are interested in dancing and who want to help teach others about this fun. The group is dedicated to teaching others about dancing and helping others learn to enjoy the art. The group is very active and practices several times a week to perfect their dance moves.

Mrs. Pegelow, a teacher at the College, is in charge of the dancing sessions. She enjoys the opportunities to teach others about dancing and is passionate about sharing her love for the art. She is often seen choreographing new dance routines with her energetic and skilled students.

Tellers Raffles Begin For Talent Night

Various organizations and individuals have donated items for a raffle to support Talent Night. July 23rd, 1942, has been set as the date for the raffle, which is going to be held at the university. The raffle is open to all students, and the winning tickets will be drawn at the end of the night.

The raffle is a great opportunity for students to support their favorite organizations and individuals. The proceeds from the raffle will be used to support various causes, and the prizes are designed to appeal to a wide range of interests.

The raffle is a chance for students to come together and enjoy a fun night while supporting important causes. It is a great way to give back to the community and support the organizations that work hard to make our campus a better place.

Inquiring Reporter Poses Two Queries

What is your pet peeve?

Mr. Baird, janitor: "Next Walker!"
Miss McKey, Dean of Women: "Disagreeable or self-centered people."
L. H. Mann, Showner: "Work, especially when it has no end as it now is."

Between the lines, however, there will not lift the quota of N.Y.A. workers. As in 1933-35, about 500,000 young people in colleges and high schools will be assisted. The additional grant of money will be scooped up in the expansion of companion services, chiefly a placement bureau and a vocational guidance agency. N.Y.A. will have almost $71,000,000 at its disposal in 1935-36. This money will be expended to provide part-time employment for needy young people between the ages of 16 and 25.

Leading Softball Teams Clash for Leadership of Tournament This Week

Sullivans’ and Shaw’s Easily Defeat Weakers.

The Shaw’s and Sullivan’s again proved victorious in last week’s games of the soft ball tournament. With a five-run split in the first inning, the Sullivan’s coasted the remainder of the way to beat the Days, 11 to 3. Newman pitched for the winners, allowing only seven hits. The Batters had copped their games by comfortable margins thus far.

The Shaw’s, with Wayne Neal pitching, downed the Roosters by a 7 to 3 score. The Roosters had in the pitchers as Neal pitched a steady brand of ball.

Of this week’s games, that scheduled between the Sullivan’s and Shaw’s should prove the most important. The outcomes of this game will determine which team shall retain a berth in the relay team. In-should prove the most important.

Marionettes Will Appear Wednesday

ever, was more than justified. Today their company is a good-sized corpora-
tion, employing many people, and does a greater volume of business than
any similar organization in the world.

Instead of a single troupe of the Tanner Marionettes, there are sev-
teral playing simultaneously. In a little over twelve years they have per-
formed for more than 3,500,000 per-
some and given almost 16,000 per-
formances.

They have produced fifty-six plays and sketches, including thirteen full-
length plays, two musical revues, and a picture. Over three hun-
dred cities and towns have been vis-
ited, and record long runs have been estab-
lished in nine of the country's largest cities. Marionettes has seen the
Tanner Marionettes, and they were in
attraction at the Chicago World's Fair. Leading metropolitan critics have
pronounced them America's finest
Marionette company.

They are the pioneers and present leaders in the comparatively new
field of commercial advertising through the medium of marionettes. Nearly
all of the major promoters of this type have originated in their studios
Cleveland.

 Naturally, two things have been ne-
necessary to make their present accom-
plishments. Foremost, unfailing high
artistic standards, and a shrewd and
sound business direction. If it were
to show that, depression or not, two
young men can still, starting from
scratch, get an idea, decide where
they want to go, and then get there.
