# Eastern News

Thursday, Jan. 17, 1980 / Charleston, Ill. / Vol. 65, No. 75 / 20 pages, 2 sections

## Weather

Thursday will be partly sunny and cooler. Highs in low or mid 40s. Partly cloudy and colder Thursday night. Lows in the mid 20s.

Students lined up Wednesday in the constant drizzle for textbooks from the temporary location in Buzzard Gym. Later the line, smaller than usual, moved

inside where students stood in the hallway.

## Waiting for books is a short story

by Herb Meeker

Eastern students who remember waiting in line for hours for their textbooks last semester may have received a mild surprise this semester when they entered the lines at Buzzard Gymnasium instead of the Textbook Library near Pemberton Hall.

The Textbook Library has been temporarily moved to Buzzard Gym while renovations are being done on the old library.

The waiting period in the textbook lines has decreased according to some students.

Tom Gebhardt, freshman, said, "The lines did go quicker this semester. Last semester I stood in line for one hour and a half. This semester I was in line for half an hour."

Dwayne Laskey, freshman, and Todd Opperman, sophomore, waited 40 minutes in the book lines this semester compared to 90 minutes last semester.

Students also commented on the advantage of

forming the line inside the Buzzard Education Building instead of outside the library building as was done last semester.

Karen Kraus, sophomore, said, "It went by quicker this time and it was more comfortable inside too."

Kathy Richards, freshman, said she especially liked the inside lines because last semester she stood "two hours in the rain."

Richard Sandefer, director of the Textbook Library, cited two reasons for the waiting time decreasing this semester.

"This semester, as last, we have clear and unclear record lines," he said. "If students have outstanding fees then they must go through the unclear records line."

This semester if students have a clear record then their IDs do not need to be checked through the textbook computer.

"This change has helped decrease the congestion and the time required to run the students with clear records through the lines," Sandefer said.

Another change Sandefer mentioned was the move to Buzzard Gym.

"In Pemberton Hall, we had the books on three different levels and here in Buzzard we have them on one floor," Sandefer said. "We also have more room for aisles of books."

Carol Furman, assistant manager of the Textbook Library, said, "We have four more workers as compared to last semester. This has helped improve the distribution time as well."

Furman said the waiting time should increase when classes begin since most of the workers will be going to classes.

Sandefer said, "We are definitely looking for alternatives to the present system but haven't found a better system than this one yet."

## U.S. alone may boycott Moscow Olympics

WASHINGTON (AP) — The United States has received little encouragement from its allies on the question of boycotting the Moscow Olympics and may decide to try to boycott the games alone, State Department officials said Wednesday.

Western European governments generally are sympathetic to the idea of punishing the Soviet Union for its military intervention in Afghanistan by boycotting the Moscow games, the officials said.

But the allied governments have indicated they fear public opinion would be negative. Allied government officials also say they are uncertain about their ability to enforce an unpopular boycott or the wisdom of trying to do so, said the State Department officials, who asked not to be identified.

Only one country, Saudi Arabia, has pulled out of the Games, and it is widely reported to have done so because of the recent Soviet occupa-

tion of Afghanistan. But Olympic officials say the Saudis had given notice last October that they could not send a team to Moscow.

The Carter administration has been waging a public relations campaign for a boycott, composed of a series of statements of "personal opinions" that officials acknowledge have been carefully orchestrated.

Robert Paul, public relations director of the U.S. Olympic Committee, said that some 50 to 75 athletes have contacted the USOC in Colorado Springs and "they are 100 percent supportive" of holding the Games.

"There has not been one dissenter," said Paul. "They wish to go to Moscow. They have said 'please keep politics out of the Games.'"

Administration officials note that the government does not have the power to compel a boycott. President Carter would have to urge Americans to boycott the Moscow Olympics and hope public sentiment, coupled with

the prestige of his office, would force the U.S. Olympic Committee to agree.

Deputy Secretary of State Warren Christopher has been meeting with European leaders to discuss actions that can be taken against the Soviets,

including the possibility of moving the Games. He refused to say whether a boycott was under discussion, but he told reporters in London that U.S. calls for such action were gaining support.

## Add, drop lines to form Thursday

Students who want to change their schedules can go through add and drop lines beginning on Thursday, the first official class day, Mike Taylor, head of the registration office, said.

On Thursday, students should report to the University Union Grand Ballroom according to the last digit of their social security number, Taylor said.

The schedule for Thursday is as follows:  
2—9a.m.  
3—9:30a.m.

4—10a.m.  
5—10:30a.m.  
6—11a.m.  
7—11:30a.m.  
8—noon  
9—12:30p.m.  
0—1p.m.  
1—1:30p.m.

On Friday, Monday and Tuesday, adds and drops for all students will open at 10 a.m. and close at 2 p.m.

A validated ID card or a paid fee card must be presented at the entrance.

# (AP) News shorts

## Conspirators executed

Revolutionary guardsmen foiled a plot by Iranian army officers to overthrow the Khomeini regime, and the conspirators were secretly executed by firing squad, a Kuwait newspaper reported Wednesday.

Word of the alleged plot came after saboteurs reportedly bombed an oil pipeline in what Iranian officials also described as a pro-shah, anti-Khomeini attack.

## Gold prices aid U.S.

Both the Soviet Union and the United States will benefit from soaring gold prices, official and unofficial sources said Wednesday, adding that individual Americans should not be hurt by the spectacular price surge.

The greatest danger to Americans would occur if the rising price of gold pushed down the value of the dollar, which could worsen inflation. Although this happened in 1978 and part of 1979, the dollar hasn't budged at all in recent months.

## 2 dead in plane crash

Two persons were killed Wednesday when their small plane crashed into a home and burst into flames in Wingthrop Harbor on approach to Waukegan Memorial Airport, the Federal Aviation Administration said.

The identities of the victims were not known immediately.

# Ford charged with unsafe fuel systems in Pintos

WINAMAC, Ind. (AP) — Ford Motor Co. "deliberately chose profit over human life" in selling its Pinto automobiles while knowing that the car's fuel system was unsafe, a prosecutor said Tuesday in opening arguments for the automaker's criminal liability trial.

Prosecutor Michael A. Cosentino told a Pulaski Circuit Court jury that Ford refused to alter the Pinto fuel system "for the sole reason that they would save money by not doing so."

The Pinto was designed, manufactured and sold on a "\$2,000, 2,000-pound basis...with one thing in mind - profit," he said.

He said tests by Ford engineers revealed that, for \$6 per vehicle, Pintos could be equipped with a rubber bladder inside the fuel tank that would prevent fuel leakage in rear-end collisions, but that Ford management rejected that as "too costly."

Opening arguments before the jury of seven men and five women came

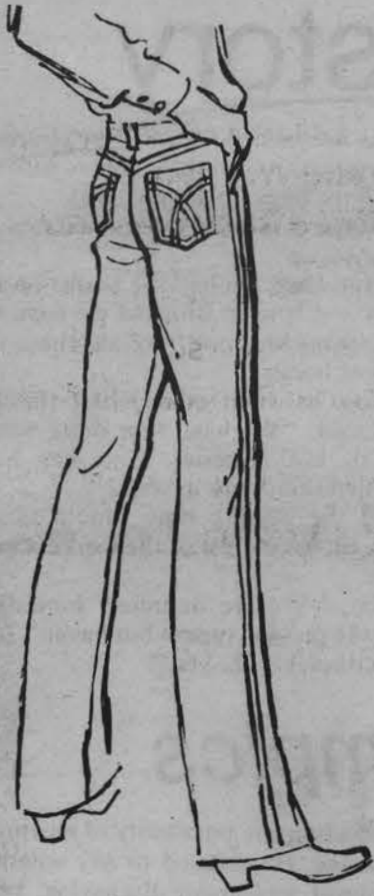

after a day and a half of preliminary legal skirmishing. Earlier Tuesday, the prosecution lost an effort to present photographs and other evidence about the victims of the Pinto crash that triggered the trial, the first criminal prosecution of a manufacturer in a product defects case.

Chief Ford attorney James F. Neal was to present the defense's opening statement after Cosentino. Testimony was expected to begin Wednesday, with the trial lasting about two months in this farming community of 2,400.

Ford is charged with three counts of reckless homicide in the August 1978 deaths of three teen-age women in a 1973 Pinto that exploded when hit from behind by a van traveling 50 mph near Goshen, Ind.

The state contends Ford marketed the car and 1.5 million other Pintos and Mercury Bobcats, knowing the fuel tanks were likely to explode in rear-end collisions, and then did nothing about it.

# New drinking age makes bar owners fret . . .

by Jane Meyer

Now that the law raising the drinking age to 21 has taken effect, some local bar owners think their business may suffer.

"Business is down 25 percent," Ike Kennard, owner and manager of Ike's Little Campus, said Wednesday. "This is just something we have to live with."

Dave Kinniard, manager of Marty's expressed a similar viewpoint.

"We don't have anything to say except that we are abiding by the law," Kinniard said.

Mike Radloff, manager of Ted's Warehouse, said business is down a little but it is still too early to tell how much business will be hurt because many students have not returned to Charleston yet.

Eighteen, 19 and 20 year olds still may enter the local drinking establishments because of adjustments the Charleston city council made to the city liquor ordinance. The ordinance prohibits the sale of liquor to people under 21 but it includes a clause allowing the younger people in the bars.

Charleston Mayor Bob Hickman said the change was made to allow people under 21 who have been going to the bars to continue going if they wish.

For now, Charleston bar owners have instituted their own policies of enforcing the law. Hickman's plan of enforcement is to provide the bar owners stamps with the city seal with which to mark people 21 and over.

Ike's has been stamping patrons of age at the door and allowing those 18,

A Marty's employee checks the identification of one of the bar's patrons. Carding at the counter and at the entrance of local bars has become a regular procedure now

that the 21-year old drinking law is in effect. News photo by Ed Gray.

19 and 20 to enter. Kennard said he has had no trouble so far with those underage obtaining drinks from those of age. Kennard said next week Ike's may start carding patrons at the bar instead of at the door because he expects business to slow down.

Ted's Warehouse is carding people at the door, stamping those of age and allowing them to purchase liquor, while Marty's cards patrons at the counter.

The police department spokesman warned that those people using fake driver license identifications to get

served are in violation of an Illinois law and are subject to penalties prescribed by a judge.

# ... as housing officials plan to limit drinking in halls to 21

by Linda Charnesky

With the legal drinking age being raised to 21, the use of liquor in the residence halls by those underage will be enforced according to the university housing policy.

The policy states that beer and wine may be possessed or consumed, but not sold, only in student rooms by those residents and their invited guests who are 21 or older.

The policy also states students who are 21 or older can transport beer and wine to and from their room provided that it is sealed. Open and bulk containers will not be permitted in public areas, corridors, bathrooms, or dining areas, according to the policy.

It states that appropriate disciplinary action will be taken if loud and/or disruptive behavior, interference with the studious atmosphere or the cleanliness of university housing, or drinking habits injures the health or education of an individual.

Housing director Lou Hencken says he anticipates no major problems with the new drinking policy.

"I don't anticipate any problem that we can't work with," Hencken said.

He said the Housing Office is trying to instigate programs that do not involve liquor. The programs will stress responsible drinking, he said.

"We're trying to get around the idea of going out to get drunk," Hencken said.

RHA President Val Averill also said programs are in the making that will be non-alcoholic oriented.

She also said RHA members are pleased with the new housing policy

because it gives dorm residents over 21 the chance to drink just like everyone else.

### Editorials

## News will continue to expand forum of ideas

The new semester signals a new beginning for most students. It is time to put last year behind and plan new goals and plan ways to reach those goals.

The News also looks forward to expanding its goals this semester. The evolution of the campus newspaper has continued during the past years and we plan to improve our news coverage.

The editorial page also has been changed. The page has been redesigned into a vertical format.

The News editorials, which represent the positions of our editorial board, will be located beneath the opinion/commentary banner. We will try to expand our commentary to new and dynamic aspects of current

issues, stories and other newsworthy events.

Our columnists, both guest and staff writers, will complement the page with a wide range of ideas, thoughts, opinions, and satire in the fields of politics, sociology or campus life in general.

Our letters to the editor section represents our philosophy that the editorial page is a forum of ideas, an exchange of information between readers and ourselves.

Last semester we had healthy discussions and debates on a wide range of topics from campus parking tickets to the world crisis in Iran. We hope readers will continue to freely express their ideas or objections.

## We have openings for people to join our staff

The Eastern News is the local source of information for students, faculty and staffs. The paper is operated from the initial reporting to the printing stage by students and university employees.

Since the News is a daily paper, Monday through Friday, individuals have an opportunity to become a part of paper.

We welcome students who have an interest reporting,

writing, editing, drawing art to stop by the News offices located in Student Services Room 102.

And if you have suggestions on what things you'd like to see altered or added to the News, you can drop your suggestions in the News mailbox in Union Lounge next to the Panther Lair or in the editor's mailbox in News office.

## Smooth text transition cuts line waiting time

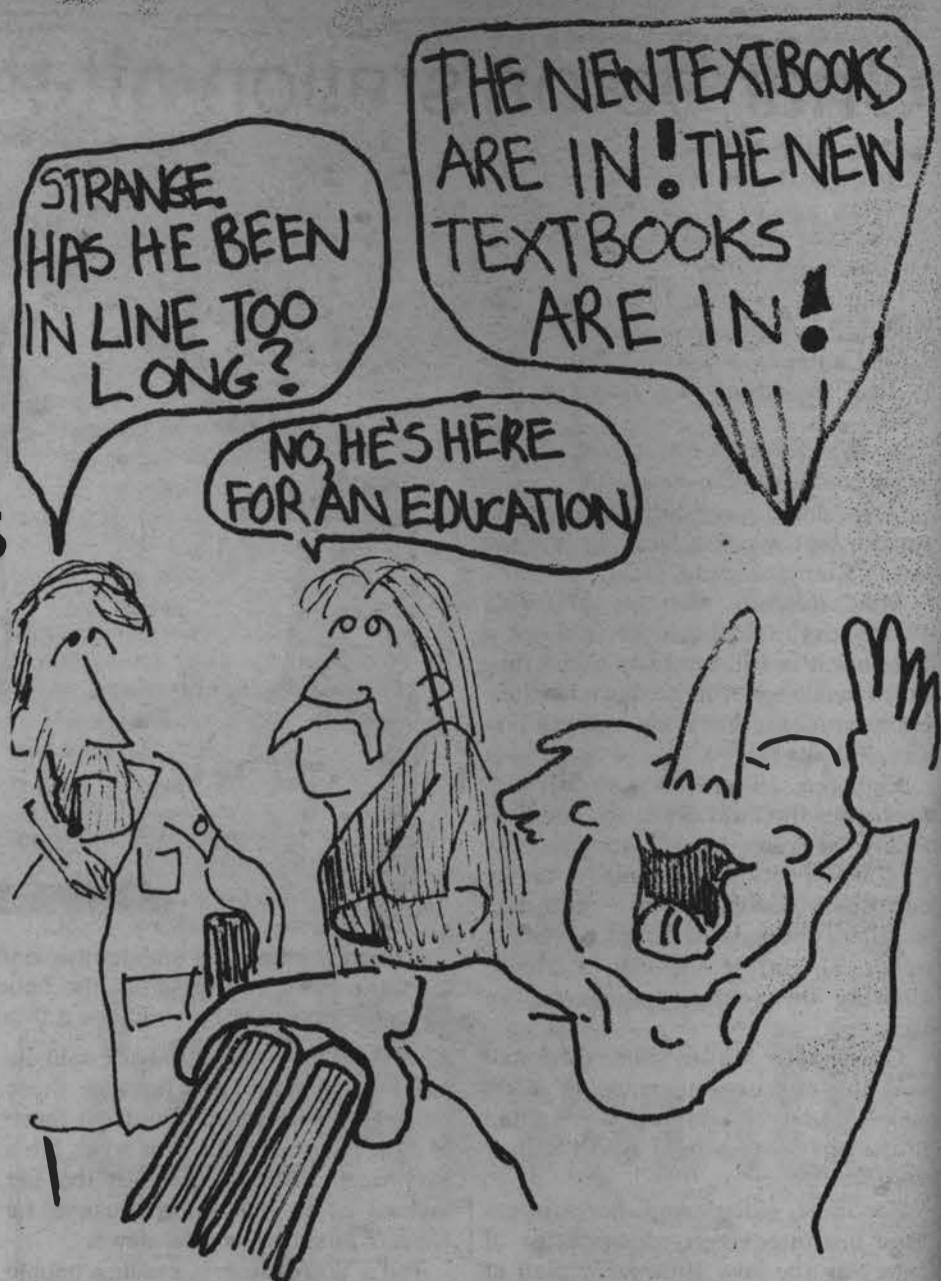

The textbook library lines have formed once again. But this semester, the lines are moving faster and smoother than in previous years.

Students standing in line said their waiting time compared to last semester has been reduced dramatically.

It's an accomplishment for the library staff to move the entire

textbook system from Pemberton Hall across the campus to the Buzzard Gym and to have this temporary system work better than before.

We congratulate the library staff for their smooth transition of the textbook system to Buzzard and for the improved service bestowed upon students.

PINDERSKI-eastern news-1980

## Letter to the editor

### Pro-choice

Editor,

It's seven years now since the Supreme Court's abortion rights decision of Jan. 22, 1973 recognizing every woman's right to make her own personal, private reproduction decisions. Those of us in the broad spectrum of voters who celebrate that ruling and cherish our freedom of choice caution candidates for elective public office in the year ahead to beware of the political anti-abortion endorsement.

Do you know what it means to accept Right-to-Life support...

It means that if you're EVER elected to any level of government, you're obligated to support anti-abortion legislation including (1) an unspecified amendment to the U.S. Constitution outlawing all abortions without exception, (2) a call by Illinois for a federal constitutional convention to write such a amendment, and (3) ratification of such an amendment by your-state. It means you'll be the anti-abortions' rubber stamp, no matter how unreasonable their demands.

It means you'll vote for anti-abortion bills even if you know in advance that they're unconstitutional or would be struck down for jurisdictional reasons.

It means that you've deliberately chosen not to represent the majority of Americans who in poll after poll have declared that the question of abortion should be left to the pregnant women and her physician. It means you'll be

on the wrong side of a losing and unpopular issue. Only 17 percent of Americans support the Right-to-Life position and the number gets smaller each year.

It means that to get into office you're willing to sacrifice the precious human and civil rights that are embodied in the Supreme Court abortion decisions: the right to privacy, religious liberty, separation of church and state, and the freedom of individuals to make personal choices free from governmental interference.

It means you've cast your lot with a fanatical extremist single-issue group that cares about nothing but ending legal abortion.

It means you've turned your back on the 1.3 million American women who have safe, legal abortions every year. It means you'll trade their lives and health for your own political ends.

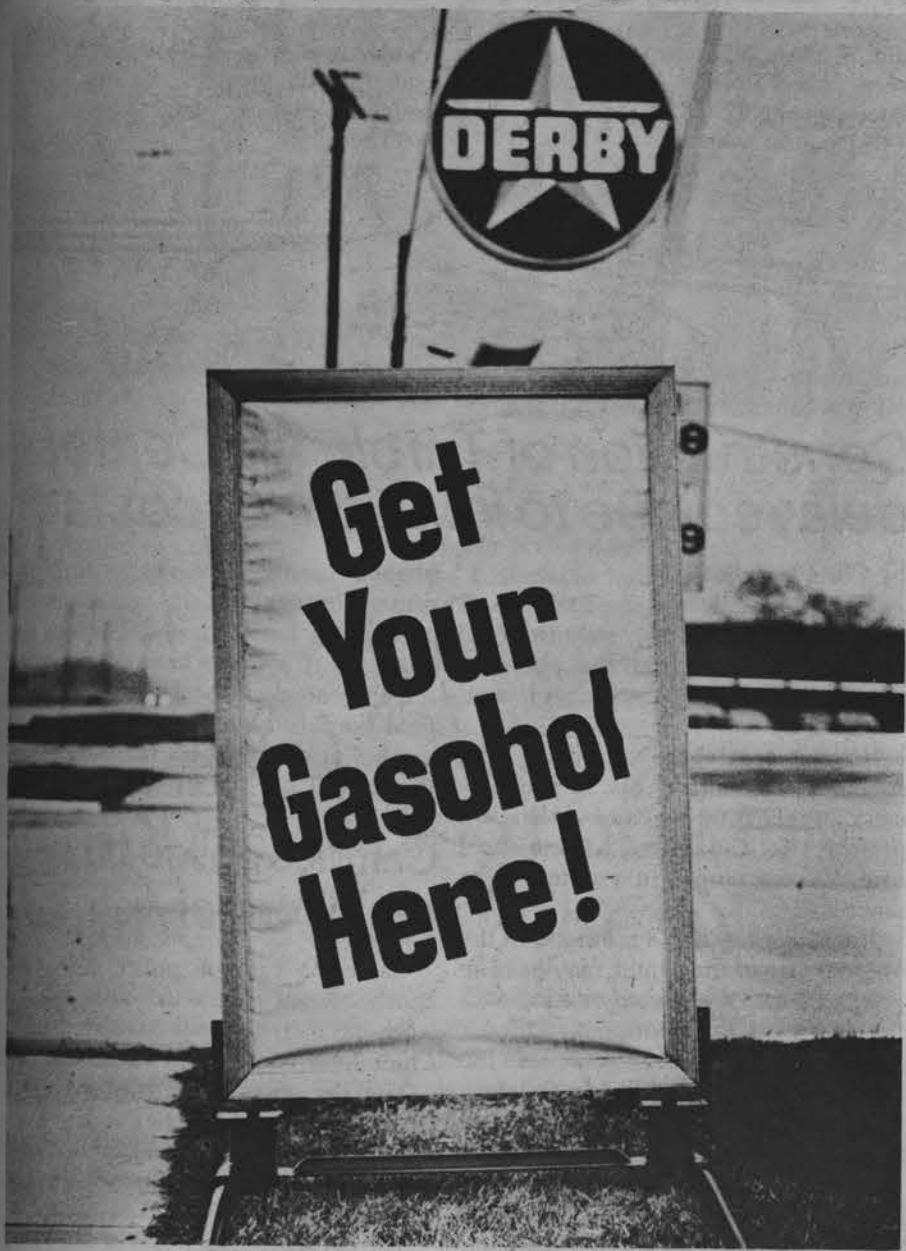

It means you've sold your good name for a vote.

Lorraine Lathrop

### Letter policy

All letters to the editor must carry the name, address and telephone number of their authors for identification purposes. Letters which so carry this information will not be published. Names will be withheld upon request. Letters should be typed and should not exceed 250 words in length. Letters will be edited only for libelous material or space consideration.

# Charleston station offers gasohol to customers

by Sandy Young

The Derby Retail gas station at 705 West Lincoln recently became the first Charleston station to carry gasohol.

Assistant manager Kevin Stout said Derby decided to bring in gasohol because "it is a fuel of the future in this country."

Stout said one of the advantages of gasohol is it burns cleaner than regular gasoline does. He also said it features better performance because of a higher octane level, and increased mileage because it burns cooler and provides for complete combustion.

He added that gasohol is an American product, which is why many persons buy it.

Stout said gasohol is made up of 90 percent unleaded gasoline and 10 percent grain alcohol. He said it is designed for unleaded cars, but it can also be used in others.

However, Stout said if the car is an older model the alcohol in the gasohol will act as a solvent by cleaning waste material known as slack out of the gas lines. If there is too much of this slack it may lead to a clogged fuel filter, Stout said.

Stout said Derby is charging ten cents more per gallon for gasohol than for gasoline. It presently costs \$1.21 a gallon, he said.

Stout added that the customers seem to be happy with gasohol.

"It's going over well, we're selling more of it than regular and unleaded," he said.

Stout said he thinks other Charleston stations will bring in gasohol soon because state programs are pushing for it.

He said a gasohol refinery may be built in Villa Grove, thus bringing down the cost for gasohol in this area.

The Derby Retail gas station at 705 West Lincoln Street displays a sign announcing the arrival of gasohol to Charleston. The Derby station recently became the first gas station in the area to offer the new fuel. News photo by Rich Bauer.

## BOG to consider Moler appointment as acting dean

by Laura Rzepka

The appointment of Don Moler as the acting dean of Eastern's School of Education will probably be approved by the Board of Governors at its meeting Thursday.

The BOG will meet at 9 a.m. at Northeastern Illinois University in Chicago.

The odds are "a million to one that it (the appointment of Moler) wouldn't be approved," Harry Read, director of information and publications, said.

If appointed, Moler, head of the department of psychology and guidance, replacing Harry Merigis who resigned Jan. 1.

Also at the meeting, the five schools which comprise the BOG will present their annual affirmative action reports.

The universities in the BOG system are Eastern Illinois, Chicago State, Governors State, Northeastern and Western Illinois.

"The affirmative action report covers our standing in regard to the racial and sexual make-up of the faculty and student body," Robert Barger, director of affirmative action for Eastern last semester, said.

The BOG judges from these reports how well the universities are doing in hiring more minorities and women, Barger said.

The BOG's policy is to get more

women and minorities in universities, Barger added.

"Given our geographical location and pay scale allotment, we're doing fairly well," Barger said.

## Union food service head resigns, Clark seeks replacement choice

John Hall, director of the University Union food services, resigned from his post effective Jan. 7 to accept a better position, Union Area Head Bill Clark said Wednesday.

"He got a better job," Clark said.

Hall accepted a position as the regional sales manager for a wholesale company, Clark said.

Hall could not be reached for comment.

This was the second time Hall considered leaving Eastern. In the fall of 1978 Hall considered resigning from the Union to accept a position manag-

ing a restaurant in Maryland, a job at which he would earn a higher salary.

He later reconsidered and decided to stay at Eastern to oversee improvements being made on the Union food services.

Clark said recruitment for Hall's replacement began in December and they hope to have the candidates narrowed down to three by Feb. 1.

"Right now we're still receiving applications and resumes. (Then) we have to allow a reasonable time for the person we choose to give proper notice to his present employer.

# Jewelers to give exhibit in Sargeant Gallery

by Mickey Rendok

Exhibits by thirty professional jewelers will be critiqued by artist Marcia Lewis at the Illinois Metals Invitational in the Paul Sargeant Art Gallery beginning Sunday.

The exhibit, funded through a grant from the Illinois Arts Council, runs from Sunday to Feb. 23, with weekly

hours of 9 a.m. to 5 p.m. and noon to 4 p.m. on Sundays.

In addition, Lewis will conduct a workshop from 9:30 a.m. to 3 p.m. Monday in Room 102 of the Fine Arts Center, and she will lecture at 6:30 p.m. in the Booth Library Lecture Hall.

Rod Buffington, gallery director,

said displays will include everything from neck pieces, hairpins and bracelets to space toys.

Buffington added that although he was reluctant to reveal the value of the exhibit, 90 percent of the displays will be made of silver.

Don Carmichael, director of the Tarble Arts Center, said the gallery was completely renovated for security purposes through donations from area businesses.

Pat Mahler-Buffington, producing

jeweler and wife of Rod Buffington, said this will probably be one of the last comprehensive metal shows.

"The price of precious metals is skyrocketing," she explained.

"Last spring I paid \$8.50 for one ounce of silver and today the cost is \$48, a mark-up of 600 percent," she said.

Carmichael, who is also a paper artist, explained that in the last year the price of paper has increased 20 percent.

## Construction of Tarble Art Center delayed due to inflationary costs

by Chris Goerlich

The construction of the Tarble Arts Center, scheduled tentatively to begin this spring, is still in the planning stage, director Don Carmichael, said Wednesday.

"We (Carmichael and the Arts Advisory Committee) are in the process of regrouping and resetting priorities for the center," Carmichael said. "Everything is in a state of flux now."

He said that due to inflation, the original size of the center may have to be changed. "We are negotiating with the architects right now," he added.

The estimated total cost of the building was \$1.85 million in October, but Carmichael said that amount may have to be cut back. Almost \$1 million was contributed by Eastern alumnus Newton Tarble and the Illinois Arts Council has also awarded grants for the center.

Earlier last fall, Carmichael ex-

plained that the state will not fund the center because it is a non-credit generating facility and financing the project may present some obstacles.

The center will be built in an open field bordered by Ninth Street on the west, Carman Hall on the south and Route 130 on the east, Carmichael said.

## Campus police buy car to replace van

Eastern's campus police force recently bought a new car to replace a worn-out van, Campus Security Police Chief John Pauley said Wednesday.

The car went on bid six to eight weeks ago, and the money to purchase the car was appropriated from general funds in the university budget, Pauley said.

The car will replace one of the vans, which had over 80,000 miles on it, he added.

Dear Son,

Haven't you graduated yet? Six years is a long time for being just a freshman. Hey! What's this I heard you're opening for

# UB plans events to spice up spring semester

by Keith Palmgren

With the new year already here, the University Board will once again sponsor events for students at Eastern.

Anne Logan, who is in charge of special events, said the first event planned this semester is a foosball tournament.

She explained contestants will have to pay an entrance fee because "there will be big money prizes."

The tentative date for the tourney is Feb. 2, and it will be open free to the public.

Logan said special events will sponsor other activities such as travel trips and weekend events.

She said a Daytona, Fla. trip is being planned for spring break.

Some other events in the planning include the Mr. EIU contest in April and bands appearing throughout the semester.

Logan added that while the cold

weather lasts, the UB will have cross-country ski rental available.

The UB will again offer lectures for students this semester. The first

# UB

lecture planned will be Jerry Rubin who will discuss the hippies and the yippies of the 60's, UB lecture coordinator Karen Launer said.

Rubin's lecture will be at 8 p.m. Feb. 26 in the Union Grand Ballroom. The cost for students will be \$1.

A comedy skit by Bill Alexander titled "Is there life after college" will also be presented at 8 p.m. March 11 in the Grand Ballroom.

The last lecture is scheduled for April 15, titled "Joey." The speaker will be a hit man from the mafia, Launer said.

Launer added the speaker will discuss the "secret stuff" in organized crime.

All lectures are not planned for the

semester, Launer said.

For students interested in performing arts, the first performance will feature Arthur Langford in "The Life of a King" on Feb. 5 in the Grand Ballroom.

The cost for the performance will be \$2 for the public and \$1 for students.

## Campus building hours to resume regular schedules

With the beginning of a new semester, buildings are returning to regular schedules.

The University Union is open from 7 a.m. to 11 p.m. Monday through Thursday. On Friday, the building is open from 7 a.m. until midnight. The building opens at 10 a.m. on Saturday and Sunday and closes at midnight on Saturday and at 11 p.m. Sunday.

The cafeteria is closed daily except Sunday for lunch from 11 to 1 p.m. The Fox Ridge Terrace is open from 9 a.m. to 1:30 p.m. Monday through Friday.

The Panther Lair is open weekdays 7 a.m. to 9 p.m. and closed on weekends.

The Rathskeller is open from 11 a.m. to 7 p.m. Monday through Friday, closed on Sunday and open from 4 p.m. to 7 p.m. on Sunday.

In addition to food service facilities, the University Union Bookstore is open Monday through Friday 8 a.m. to 5 p.m. The Paul Sargent Art Gallery is open Monday through Friday from 9 a.m. to 5 p.m. and from noon until 4 p.m. on Sundays. Check cashing is available to students Monday through Friday from 9 a.m. to 4 p.m.

The vending lounge is open from 7 a.m. to 2 a.m. daily.

Finally, the Union bowling alley is open Monday through Thursday from noon until 10:30 p.m. Friday, the alley is open from noon until 11:30 p.m. The alley is open from 4 p.m. until 11:30 p.m. Saturday and until 10:30 p.m. Sunday.

In addition to the Union facilities, Booth Library will resume its regular schedule. Monday through Thursday, the library is open 8 a.m. until midnight, Friday 8 a.m. until 9 p.m. and Sunday noon until midnight.

Old Main offices are open daily from 8 a.m. to 4:30 p.m. and closed during the noon hour.

For this week, the Textbook Library will be open from 8 a.m. to 7 p.m. except Friday, when the library will close at 4:30 p.m. Changes may occur in this schedule next week for the night students.

Lantz Gymnasium is open from 7 p.m. to 11 p.m. Monday through Thursday and until 10 p.m. on Friday. Saturday, the gym is open from noon until 10 p.m. and 8 a.m. to 10 p.m. on Sunday.

The Lantz pool is open from 4 p.m. to 6 p.m. and is closed on the weekends.

ment, Richard Hummel of the sociology department, and Larry Bates of the economics department.

## Futuristic course offered this spring

Eastern students looking for a change of pace this semester may be interested in "The Survival of Humanity" course.

This 3000 level interdisciplinary course is offered from 4 to 5:15 p.m. Tuesdays and Thursdays, physics instructor Scott Smith said.

"Students seem unaware of this course, although it has been offered for the two previous semesters," he added.

The course will deal mainly with the future of world problems with emphasis on material shortages, overpopulation and nuclear and oil as energy sources, he said.

The 3-hour credit class has no prerequisite and counts toward graduation, Smith added.

In addition to Smith, other instructors teaching the class are: John Faust of the political science depart-

# McCartney jailed on drug charge

TOKYO (AP) — It was a hard day's night for former Beatle Paul McCartney, jailed on charges of marijuana possession and smuggling after his arrest Wednesday at Tokyo's airport. The arrest occurred as McCartney and his rock group, "Wings" arrived for an 11-concert tour that now has been canceled.

The 37-year-old ex-Beatle was seized by airport customs officers who said they found 219 grams—7.7 ounces—of marijuana in a plastic bag in one of the singer's suitcases as he passed through the airport checkpoint.

He was led away in handcuffs and jailed overnight, authorities said, and would face a Japanese magistrate within 72 hours. McCartney was held without bail but allowed to speak with a lawyer, police said.

If found guilty, he could be sentenced to a maximum of seven years in prison and face a fine of up to the equivalent of \$2,000, officials said.

McCartney was quoted by customs officials as having said he "brought some hemp for my smoking."

Japanese authorities use the term "hemp" for marijuana.

The singer-composer came to Japan with his wife, Linda, four children and members of his music group "Wings."

Police declined to say whether the rest of McCartney's party had been allowed to enter Japan.

Japanese reporters mobbed the Central Narcotics Bureau in Tokyo where McCartney is being held, but interviews were not allowed. Officials said the former Beatle was being transferred to another jail during the night, but would not say where.

An official of the Health and Welfare Ministry's intelligence section told The Associated Press that McCartney would receive preferential

treatment in jail. McCartney, he said, would be fed coffee and bread instead of rice and green tea.

## Man badly injured after Old Main fall

A 20-year-old Cheneyville resident is recovering at Sarah Bush Lincoln hospital after suffering numerous injuries Jan. 6 when he attempted to scale the Old Main tower.

Val Barron was taken to Sarah Bush by the Charleston Fire Department's ambulance after his fall, Campus Security Police Chief John Pauley said Wednesday.

Pauley said Barron was attempting to climb Old Main when the drain pipe he was holding on to gave way and he fell to the ground.

Barron broke both legs, both elbows, his left foot, left wrist and fractured his cheekbone, his father, Don Barron, said.

Barron was operated on Wednesday to repair his cheekbone.

# Instructor recycles clothing into fashions

by Sue Ann Rentfrow

Constantly changing fashions and high prices make it hard to keep a stylish wardrobe, but Gayle Strader of Eastern's home economics department has a solution...recycling.

Strader said she became interested in using fabric from such items as curtains, scraps and old clothes to make into new outfits when she was first married.

"I was sewing a lot for my nieces and didn't want to buy all new fabric," she said. "I just started looking around the house to see what was available to use instead."

Strader said she saves clothes that still look nice but have been outgrown or have gone out of style. She even cuts buttons and zippers off of items that are completely worn out for possible use in other projects.

Many people know about her hobby and save their scrap material for her, she said. Her most recent project involved scraps of black velveteen, gray flannel and a piece of gray pin-stripe. From these she fashioned a skirt and vest for her 15-year-old daughter.

"The outfit would have sold for about \$65 in the stores, but I made it

for the price of a zipper," she said.

Strader said the most common form of recycling is cut-offs. Many college students use this method for getting more use from jeans that have become too short or have worn-out knees.

A dress can often be re-fashioned into a blouse or jacket, she added.

She said it is easier to recycle for females because they have more variety in clothing than males. Little girls are the easiest to recycle clothing for because ruffles can be added to lengthen sleeves, pant legs or the hem of a dress, she added.

"I don't want my garments to look recycled," she said. "Anything I do must add to the appearance of the garment."

In her beginning clothing class a whole section is devoted to children's clothing. She said she uses many of her recycling projects in the classroom for examples because most of her recycling involves children's clothing.

Strader suggests before throwing anything away to look to see if any parts can be used again. She added that she made a trench coat for her son from an overcoat her mother had discarded.

Strader said the tops of worn-out sweaters because they never really go out of style. socks can be used to lengthen sleeves in jackets or to create storm cuffs.

"My daughter is wearing some of the wool skirts and cashmere sweaters basic items such as wool skirts and that I wore in college," she added.

# Cagers ranked fourth in NCAA Division II poll

Eastern jumped from sixth to fourth, while two other Mid-Continent Conference teams appeared in the top 15 of this week's United Press International NCAA Division II basketball poll.

The Panthers (10-2) trounced Wisconsin-Platteville 81-65 in their only game last week in moving up to the fourth position. Eastern now trails only Central Florida (13-0), Central Missouri (12-0), and Wright State (12-1) for the top spot.

Eastern returns to action Thursday night, when it opens its Mid-Continent Conference season against Northern Iowa at Lantz Gym.

The Panthers' only two losses this season came at the hands of the No. 5 ranked Puget Sound Loggers and the Illinois State Redbirds.

The Loggers beat Eastern 77-54 on December 28 in the first round of the Puget Sound (Wash.) Invitational, while the Redbirds topped the Panthers 64-59 in the first round of the Illini Classic on December 14.

The other two MCC teams ranked in the top 15 are No. 8 Youngstown State (11-1), and No. 13 Western Illinois (10-

3). Another MCC squad, Northern Michigan, is among the 17 teams receiving honorable mention in the poll.

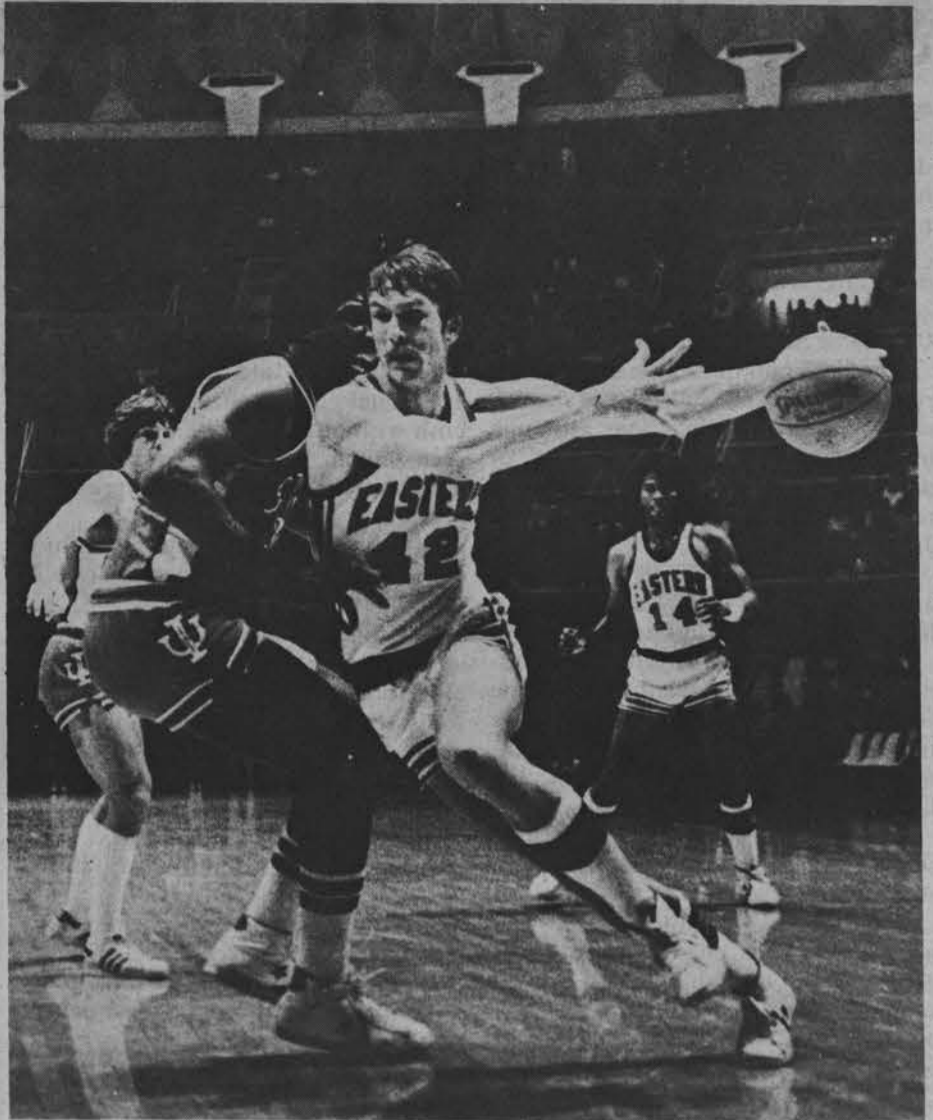

The Panthers will square off with Youngstown State on January 31 in Youngstown, Ohio, and visit Western Illinois on January 26. Eastern will also play Northern Michigan Saturday night, and face No. 6 ranked Bryant College January 21 at Lantz Gym.

The poll is based on the votes of athletic directors from Division II schools throughout the country.

The complete poll is as follows:

1. Central Florida (13-0)	120
2. Central Missouri (12-0)	110
3. Wright State (12-1)	106
4. Eastern (10-2)	93
5. Puget Sound (12-4)	91
6. Bryant College (9-1)	70
7. Cheyney State (8-1)	68
8. Youngstown State (11-1)	62
9. Calif.-Riverside (11-2)	56
10. NY Tech (9-1)	46
11. Florida Southern (9-3)	42
12. North Alabama (9-3)	30
13. Western Illinois (10-3)	19
14. MT. St. Marys (9-3)	15
15. West Georgia (11-3)	14

## Eastern News Sports

## Panthers carry 10-2 record into MCC opener

by Brian Nielsen

Eastern's basketball Panthers are entering the last two months of its regular season schedule in an unfamiliar position.

Their backs are not against the wall.

Eastern will take a 10-2 record, the Panthers' best start in coach Don Eddy's 12 years here, into a three game home stand which begins Thursday with their Mid-Continent Conference opener against Northern Iowa at 7:30 p.m. at Lantz Gym.

The Panthers, ranked fourth in this week's NCAA Division II poll, also host MCC foe Northern Michigan on Saturday and then sixth-ranked Bryant College in a non-conference match Monday night.

Ten of Eastern's final 15 games will be at Lantz where it has won 17 straight games and 27 of its last 28 over three years.

Unlike the past five seasons, Eastern may not have to rely upon a do-or-die finishing surge to land a sixth straight NCAA Division II regional berth.

In the past five seasons after 12 games Eastern had 9-3, 7-5, 7-5, 7-5 and 9-3 marks. In the seasons it jumped off to 9-3 starts, Eastern then faded to 10-7 and 10-9 marks and had to rally in the final games to secure a post-season bid.

"I don't think we'll have the pressure at the end this time," Eddy said. "We're better off than we've ever been before at this point and I think we're going to really come up with a streak right about now."

Eddy is about to become the winningest coach in Eastern basketball history. When the Panthers whipped Wisconsin-Platteville 81-65 last Friday, Eddy tied the legendary Charles Lantz at 196 career wins, the most ever at Eastern.

Prior to that January victory over Platteville, Eastern wound up its 1979

portion of its schedule by placing third in two tournaments and winning three other games in between.

The Panthers suffered their first loss of the season on Dec. 14 when its comeback try fell short against Illinois State in a 64-59 first round loss at the Illinois Basketball Classic. They bounced back and topped Kentucky State 65-59 for third place the next night and then beat Armstrong State 84-75, Chicago Circle 71-60 and Missouri-St. Louis 76-60 the following week.

## Dickerson named defensive coordinator

by Andy Savoie

Chuck Dickerson, defensive coordinator for the Toronto Argonauts of the Canadian Football League the past three years, is the new defensive coordinator of the Eastern football team. Dickerson replaces John Teerlinck, who accepted a coaching position with the University of Illinois last December.

"He's an experienced Teerlinck," Eastern head football coach Darrell Mudra said. "He has similar capabilities to John and he gets along well with the players."

Dickerson is no stranger to Eastern football, having served as a Panther assistant under the late Clyde Biggers in 1970.

"I love college coaching and have great respect for Darrell Mudra," Dickerson said in citing his reasons for returning to Eastern.

"In fact, if it wasn't for him I doubt I'd be interested in returning. But I know it's a sound program now."

Dickerson has yet to arrive at Eastern since he is still in the process of moving, but Mudra said he has already begun recruiting for the Panthers.

Besides coaching for Eastern and Toronto, the 43-year-old Dickerson has held several other pro, college and high school coaching positions.

At the Puget Sound Invitational Eastern was blitzed 77-54 by the host Puget Sound, currently ranked fifth in Division II, but then upended Boise State 77-72 for third place.

"I think we made progress in those games as far as the whole team, but I still don't think we're playing anywhere near where we should be," Eddy said. "And we'll need to soon."

"Our individual play still needs consistency. Mike Pickens is the only one who has played well in almost every game," Eddy said. "The team

has been all right, because someone has always picked up the slack. One game it might be Lance Jones, or Rico Ellis or Dave LeTourneau or Jimi Oldham or Chuck Turk who has come off the bench to play well. But our best players are going to have to come around."

Eastern's starting unit has most often included 6-foot-8 Craig DeWitt and 6-foot-6 Ricky Robinson at forwards, 6-foot-9 Dennis Mumford at center and 6-foot-1 Mike Pickens and (See PANTHERS, page 15)

He has been head coach at Spring Valley (Hall Township High School), Mattoon High School, Marmion Military Academy in Aurora, and Elwood (Ind.) High School, where his 1975 team was second in the state Class AA three class system.

In 1974, Dickerson was the defensive coordinator with the Chicago Fire of the now defunct World Football League and was head coach at Olivet (Mich.) College in 1976 before joining the Argonauts.

While coaching at Elwood High School, Dickerson was named Indiana State 'Coach of the Year' in 1975 and was named Decatur Herald Area 'Coach of the Year' in 1969 while at Mattoon High School. He was also named Chicago Daily News Area 'Coach of the Year' in 1972.

Although Dickerson's appointment fills the only void which existed on the Panthers defensive coaching staff, Mudra is still busy searching for an offensive coordinator.

The Panther head coach assumed the duties of that position in 1979, but said after the season he was displeased with the job he did and would seek an offensive coordinator in the off season.

"I don't plan to bring anyone in until spring practice (April 7)," Mudra

said. "We've been thinking about two or three people, but I don't think it would be fair to reveal their names," he said.

The Panther head coach said it is not imperative to hire an offensive coordinator prior to spring practice because the offense "is still gonna be pretty much what I want it to be."

"The new coach will be somebody who can teach what we want taught," Mudra said.

Consequently, he said "it's not that vital" to appoint an offensive coordinator at this time.

Mudra, who is a candidate for Eastern's vacant athletic director post, also said he would prefer to hold off his choice of an offensive coordinator until a new AD is chosen, because if he is picked it should upgrade the quality of the coaching candidates.

Although until recently lacking both an offensive and defensive coordinator, Mudra said the absence of these two coaches has not hampered the Panthers recruiting.

Linebacker coach Rick Schachner agreed.

"A Division II kid is not as near in demand as a Division I kid," Schachner said. "He's more concerned with whether he's gonna play or (See DICKERSON, page 18)

# Search underway for Eastern athletic director

by Andy Savoie

Eastern's search for a new athletic director began in earnest over the holidays, as approximately 16 applications were accepted for the post.

The vacancy was created by the departure of Mike Mullally, who accepted a similar position with California State-Fullerton.

Jimmie Franklin, Eastern's NCAA representative and chairman of the AD search committee, said that although he thought the current number of applicants was low, he expected to receive an additional 14 before the January 21 deadline.

"I thought we would have more applicants at this time. I'd hoped we'd have 25 by now," Franklin said.

Franklin attributed the low application total to the relatively late date of searching for an AD, and also the fact that the job opening announcement was released over the holidays.

However, Franklin said that despite the low number of applicants thus far, their quality is still high.

"Of course, the more people that apply the better chance we have of getting quality candidates," Franklin said. But he added that "speaking as an individual committee member, I would think that we have two very

strong candidates."

Franklin refused to divulge the names of any of the applicants, but said two of them were people he came into contact with at last week's NCAA meetings in New Orleans.

"The two people I talked to are deadly serious (about the job)," Franklin said.

Franklin also said the committee will give equal consideration to candidates both within and outside of university, even though Eastern President Daniel E. Marvin has said he would prefer an outsider.

"If the president wants to exclude anyone, that's his prerogative," Franklin said.

Two "insiders" who have expressed interest in the AD post are Eastern head football coach Darrell Mudra and Assistant Athletic Director Ron Paap.

Mudra, said he has had two meetings with Marvin since he expressed his preference or for an outsider, and that he thinks the president has since changed his position on hiring someone within the university.

"I don't think he was aware of my background and experience. I think when the committee takes a look at my credentials, I might be the best person for the job," Mudra said.

The Panther head coach has

previously been both an AD and football coach at North Dakota State (1963-65) and Adams State (1959-62).

However, Marvin said Tuesday that he still prefers an outsider for the post.

"I haven't changed my position. I prefer to have an outsider, but Mudra will make a strong, viable candidate."

Paap, who has been at Eastern for 17 years, said he has not submitted a

formal application as yet, but intends to within the next week. He also declined to speculate on his chances of being chosen for the post.

"I'm not at liberty to speculate on that. It will depend on how intent the committee is on getting someone outside the university, and the qualifications of the other candidates," Paap said.

# Panthers

5-foot-11 Warren Patten at guards. DeWitt is averaging 12.4 points per game this season, and has moved up to No. 6 on Eastern's all-time career scoring list with 1,189 points. Scott Keeve, who played in 1971-73, is No. 5 with 1,383 points.

Mumford has scored at a 12.2 clip and Robinson at 10.2, and the pair share the team rebounding leadership with 6.9 per game norms.

Pickens averages 8.8 points per game and Patten 8.7.

Thursday night Eastern will face a squad that also features balanced scoring.

Northern Iowa has a come-from-anywhere attack that includes 6-foot-9 center Bill Jone's 12.8 scoring average, 6-foot-2 guard Rod Underwood's 12.8, 6-foot-8 forward Tony Hupert's 12.2,

and 6-foot-2 forward Dwayne "Chicken" Jackson's 12.0.

Jay Imhoff, a 5-foot-9 guard who averages seven points, rounds out the starting lineup.

Eddy said Northern Iowa's best athlete may be 6-foot-11 freshman Ray Stork. "He's probably their best athlete, but not their best player yet," Eddy said.

Northern Iowa brings a 6-7 record into Lantz, but five of its losses have come against Division I teams. It has also beaten Division I Valparaiso and Western Michigan.

The other four MCC squads have compiled impressive records so far and the MCC's season record against non-conference foes is 49-15.

Youngstown State heads the pack with an 11-1 record, Northern

Michigan is 12-2 and Western Illinois is 10-2.

Western hosts Northern Michigan in another MCC game Thursday night.

Eddy said any of the five MCC teams is capable of taking the league title. "I think Northern Iowa is just a hair behind the other four, but when you're that close in basketball anything can happen," Eddy said. "And Northern Iowa has a home court advantage, because their UNI-Dome is different from all the other places and so it's hard to play there."

The MCC champion does not receive

an automatic berth in the NCAA tournament, but Eddy said a conference title would still be a high priority.

"Winning the conference means doing well against teams in your region, and that's what gets you into the tournament, which is our main goal," the coach said.

# Wrestlers throttle Indiana 32-4 to extend streak

by Dave Claypool

Eastern's wrestlers kept their unbeaten dual streak intact against Indiana and gave strong performances in the Midlands Invitational tournament during Christmas break.

The grapplers, who smothered Indiana 32-4 on Dec. 14, captured their 31st straight dual match without a loss with three new faces in the Panther lineup.

Newcomers Brian Murphy at 118, Derek Porter at 126, and 167-pounder Gary Lambert were all victorious in their matches, with Murphy gaining his with a pin.

The Panthers nabbed eight of the 10 individual titles against Indiana causing comment from coach Ron Clinton.

"I was very surprised and pleased with the performances of the guys against Indiana," Clinton said. "They were missing a couple guys too. It was just a matter of our second string being better than theirs."

Geno Savegnago at 190 and 158-pounder Mark Gronowski each pinned their opponents, while heavyweight Dave Klemm and 150-pounder Kenny Blackman won in decisions.

Kelly Jackson was also victorious in his 142-pound match.

In Evanston, Ill., the Panthers placed 16th overall in the Midlands Invitational during the weekend of Dec. 28-29, drawing praise from Clinton.

"It was a much tougher tournament than the nationals. There were 55 teams entered and we placed higher than any Division II school, including (California State) Bakersfield," Clinton said.

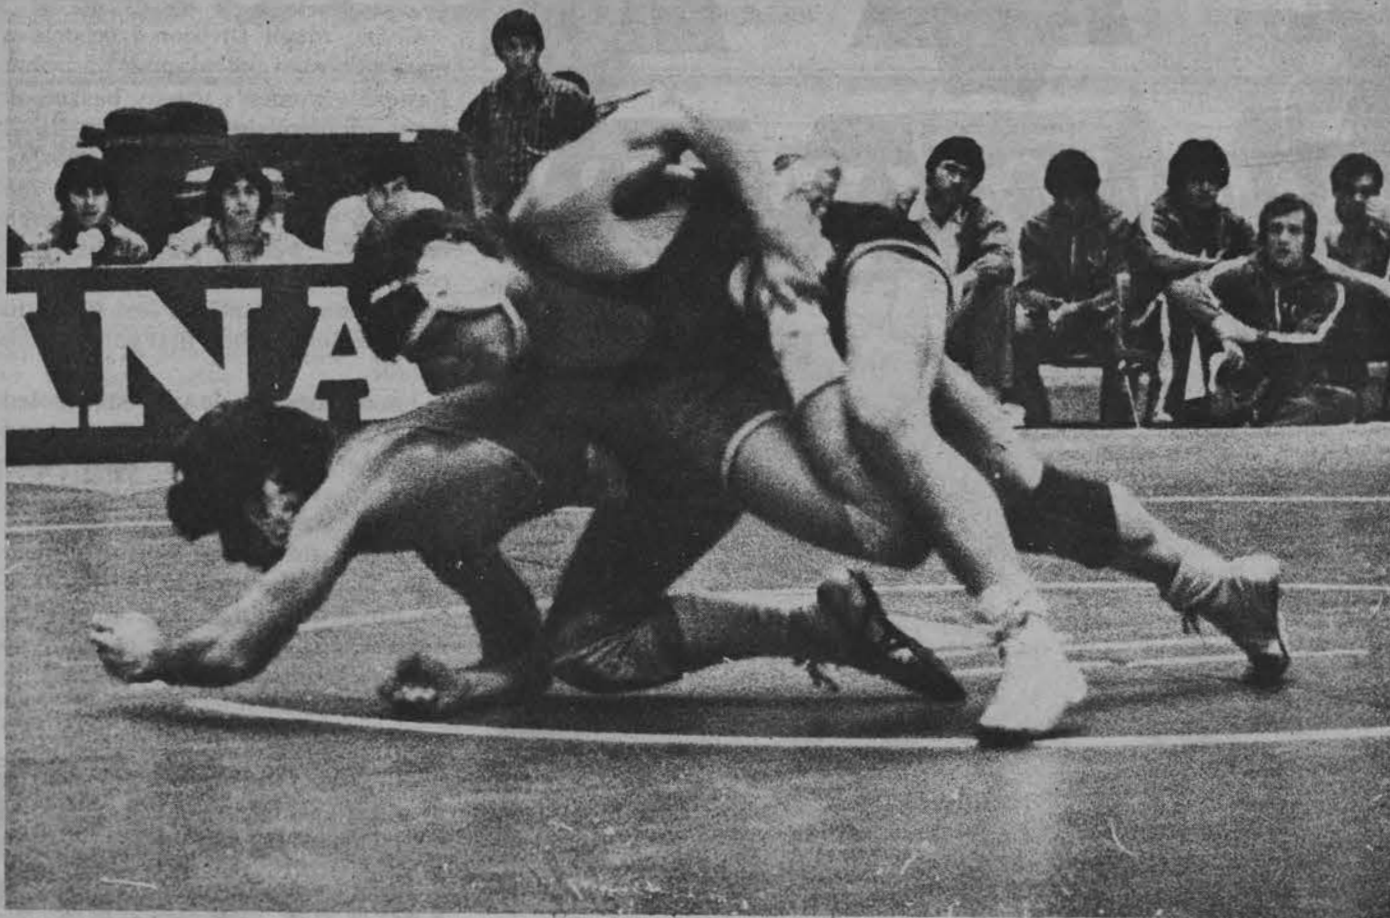

The Panthers were ranked second in NCAA Division II by Amateur Wrestling News, just behind Bakersfield.

Klemm finished sixth with a 3-2 record for the day, while Panther graduate assistant Ralph McCauslin placed fourth.

"They did exceptionally well considering the strength of their competition," Clinton said.

Bob McGuinn finished 2-2 for the tournament at 134 as did Randy Blackman at 118.

Bob Stout and Gene Savegnago were

Eastern's Bob McGuinn fights for control against his Indiana opponent in his team's 32-4 romp Dec. 14. News

photo by Sandy Balderas.

both eliminated in their opening matches at 177 and 190 respectively.

Because of financial difficulties and the fact that two of the four teams withdrew, the Panthers canceled their plans to travel to Baton Rouge on Jan. 11-12.

"My main concern is our conditioning after the big vacation," Clinton said. "I've never let one of my teams go this long before, so we'll just have to see what happens."

Clinton noted that everyone appears to be healthy once again and that the grapplers might benefit from the layoff.

"Doug Schafer has benefited the most from the break. The rest was just what he needed to let his neck heal," Clinton said.

Schafer has had a nagging neck muscle strain injury throughout the season.

## TRAINING OPPORTUNITIES for ★ Nuclear and Electronic ★ Technicians

Immediate openings are available to qualified 17-24 year old High School grads for training in the jobs listed above. Top starting pay and benefits to qualifiers.

Members of Eastern's men and women's swimming teams worked out with over 1,000 swimmers from other schools over Christmas break at the Fort Lauderdale Collegiate Swim Forum at the Swimming Hall of Fame. The forum, which included clinics for both athletes and coaches, was sponsored by the Swimming Coaches Association. Eastern's men swimmers host Bradley at 4 p.m. Thursday at Lantz Pool. News photo by Valerie Bosse.

**Dickerson**

from page 13

whether he likes the school."

Consequently, Schachner said the individual personalities and preferences of assistant coaches play a secondary role in a recruit's choice of a school.

"A recruit is naturally concerned with what kind of offense we run, but that's not an overriding factor," Schachner said.

**Baseball tryouts set**

Baseball tryouts for students enrolled at Eastern in January 1980 and for those students who were out for a fall sport will be held the week of January 21. Interested persons should see Coach Tom McDevitt in the Field House on January 17 or 18 between 4:30 p.m. and 6:30 p.m.

Eastern News

**Women lose to tough foes**

by Tess Norton

Giving tough Division I schools a good game but not winning was what Eastern's women's varsity basketball team accomplished over Christmas break.

"We may have lost during the vacation span, but we played tough teams. We weren't playing patsys," coach Bobbie Hilke said.

The women Panthers lost 80-63 to Northwestern in their first game of the decade.

Junior forward JoAnn Archer led the Panthers with 20 points, and freshman guard Nancy Kassebaum garnered 15 points against Northwestern.

Eastern then faced Northern Kentucky last Thursday and lost 85-79 in an up-and-down match in which Eastern fell behind by great spans only to fight its way back up within striking distance and then lose.

Only 1:45 into that game Eastern was trailing 10-2. The Panthers fought back in the second half though, to come within two points with 2:29 remaining in the game. However, Eastern lost the ball on a fast break and then fouled an opponent.

Senior center Jo Huber netted 20 points for the Panthers while senior Linda Ellsworth put in 15 points and Kassebaum scored 13.

The Panthers faced a formidable challenge when they faced Chicago Circle and center Sharon Carroll, who has been asked to try-out for the 1980 Olympic women's basketball team.

Carroll tallied 30 points to help defeat Eastern 85-80.

Huber scored 15 points, junior forward JoAnn Archer scored 11 points and senior forward Jane Bertolino tossed in 10 points.

The three losses over the Christmas break dropped Eastern's record to 6-8.

 SCHEDULING, 581-3861

MARTIN LUTHER KING, JR.  
 UNIVERSITY UNION

**Students with jobs may obtain credit**

Students who have on or off campus jobs which are career-related may be eligible to obtain one hour of credit through the Cooperative Education Office.

Leonard Wood, director of cooperative education, said students interested in obtaining the credit should stop by the Cooperative Education Office in the Student Services Building, Room 15, to fill out an application.

After filling out the application, the student will be interviewed by either Wood or Jane Ziegler, also of the Cooperative Education Office, to determine whether the student is eligible for the credit.

**Parking stickers no longer available**

Parking stickers for unreserved campus parking areas are no longer available, Campus Police Chief John Pauley said Wednesday.

However, students in residence halls wishing to obtain a parking sticker may contact their counselors to see if any

spaces are left in those lots, Pauley said.

Parking stickers go on sale the first day of fall registration and are sold by either the semester or year, Pauley said.

Persons dropping out or graduating

determine the number of parking spaces available for spring, he added.

Cost for general parking stickers is \$15 per year while residence hall students pay \$4 per year, Pauley added.

**Aerobics course offered this semester**

Aerobics for Fun and Fitness, I, II and III a non-credit course offered by Eastern's Office of Public Service and Development, is especially designed for those people who are interested in "developing the cardiovascular-respiratory system," instructor Marilyn DeRuiter said Wednesday.

DeRuiter described aerobics as "movement to music," but she stressed that there is no performance level

in aerobics as in dance.

To register, call the Office of Public Service and Development at 581-3817.

The cost for the first session (ten meetings) is \$20. Two advanced sessions will follow.

**Attention Employed Students**

**Check with the Cooperative Education Office Before January 22**

If your employment is related to your academic major you may qualify for academic credit through the Cooperative Education Program. For information on eligibility requirements see Jane Ziegler or Dr.

Leonard Wood in Room 15, Student Services Building.

To obtain for spring semester, you must add CED 3001 to your program during the official add period. Go to the Co-Op Ed add desk in the University Union for the required forms.
