Weather

It will be increasingly cloudy, windy and warmer today with highs in the 30s. Tonight will be cloudy and warmer with a chance of rain or snow and lows in the 20s.

Dixon campaigns here, favors strong military

by Marc Pacatte

Secretary of State Alan J. Dixon, in Charleston Saturday campaigning for the Democratic senatorial nomination, said he is opposed to drafting women.

Dixon was attending a free chili luncheon at Roc's Lounge sponsored by the Young Democrats, a campus organization.

Dixon voiced a strong military stance, saying America "may not be loved, but it will be respected."

He said he favors increasing defense spending to strengthen the United States militarily. Dixon said this move would equalize U.S. forces with the Soviet Union's.

He said registration of males for the draft is not necessary, and instead he would support better salary ranges for those already in the service.

Dixon said he sees no reason in drafting women even for non-combat positions.

Inflation, energy and a "strong America" are the three basic issues of Dixon's campaign.

He said he favors balancing the federal budget, and as senator he would advocate sunset legislation geared toward cutting federal spend-

ing.

Sunset legislation would cut back on federal spending by putting time limits on bills and agencies, so that after their usefulness they can be shut down and federal dollars can be put to other use.

Dixon, visiting the Charleston area for the second time in four months, said gasification of coal and gasahol are alternate energy sources which can halt America's dependence on foreign oil.

Dixon, who claims he is the only candidate of either party who has legislative experience, is being op-

... "America may not be liked, but it will be respected..." — Secretary of State Alan Dixon.

posed by Alex Seith, Robert Ash Wallace, Anthony Robert Martin-Trigona, and Dakin Williams, William Scott, attorney general. Richard Carver, incumbent mayor of Peoria, and Lt. Gov. Dave O'Neal will vie for the Republican nomination for the U.S. Senate in the March 18 primary.

Weekend snowfall causes numerous minor accidents

The five-to six-inch snowfall over the weekend caused many minor but no major accidents in the Charleston area.

Spokesmen from the Charleston Fire Department and Sarah Bush Lincoln Health Center said Sunday no major emergencies resulted from the Friday

Charleston weather observer Dalias Price — "...We'll get another one or two snowfalls..."

night and Saturday morning snowfall.

However the Charleston Police Department recorded a number of minor accidents.

"There were a slew of accidents reported," a spokesman from the police department said Sunday, "at least 10 or 15

"But there were no major accidents, just fender benders," police dispatcher David Hackett said.

Dalias Price, area climatologist, said Sunday although the snowfall was not

expected, it should not take too long to disappear.

"It's going to get warmer," he said. "We saw some of the snow shrink on Sunday and we'll see more disappear on Monday. By Wednesday most of it should be gone."

Price added that this warming trend should continue throughout March.

"Between now and the end of March we'll experience a temperature jump that really is going to be quite remarkable," he said.

Price said the average temperature for this time of the year is 35 degrees but "by the end of the month we'll get 47 degree temperatures."

"We'll get another one or two (snowfalls)," he said. "We have to remember that March is a very fickle month."

But Price was optimistic about March's weather outlook.

"It came in like a lion and will go out like a lamb if all goes well," Price said.

The sad story

The scoreboard in the background sums up the story of Eastern's 58-56 season-ending defeat to Northern Michigan in the Great Lakes Regional at Dayton, Ohio Saturday night. The faces of Lance Jones (44), Craig DeWitt, and assistant coach Randy Coonce show the effects of the loss, the third time this season that the Wildcats had beaten the Panthers. See story on page 12. (AP) News shorts

Killer tornado hits Florida

A 70-year-old widow, chatting with her son in her sixth-floor apartment, stepped onto her balcony to check a loud noise. She was met by fierce winds that snatched her off and flung her to her death.

Scores of other people were treated for cuts and minor injuries after at least two tornadoes cut a 15-mile path through Broward County, Fla. on Saturday night, causing widespread damage and knocking out phone service and power to thousands of residents.

No meeting set for hostages

A U.N. spokesman in Tehran said Sunday that negotiations being conducted to arrange a meeting between the U.N. commission and the estimated 50 American hostages at the U.S. Embassy have reached a sensitive stage, but another day passed and no date for the meeting was announced.

"I wouldn't call it trouble really," said U.N. spokesman Samir Sambar. "The commission is proceeding through very delicate work."

Firemen's strike lingers

The strike by union firemen entered its 18th day Sunday with little hope of a settlement, as the city went ahead with plans to hire replacements for strikers.

The city has steadfastly refused to negotiate with strikers until they go back to the fire stations and drop their demand for total amnesty for strikers. Efforts by a federal mediator to get talks going again have proved fruitless thus far.

Tito weakens further

Doctors of gravely ill 87-year-old President Josip Broz Tito said Sunday his heart had weakened further in a new general deterioration of his fragile health.

The presidential medical panel said it was continuing what is called "indispensable" intensive care measures for the man who has been Yugoslavia's president for 35 years.

Soviet losses being kept secret from countrymen

MOSCOW (AP) - Soviet soldiers are being killed in Afghanistan but people back home are not told about it - although many are curious.

"A lot of you are asking the same questions, comrades," a harried-looking political lecturer told a Moscow audience recently. "You want to know about Soviet losses."

"Comrades, there have been no losses in our units because they are not in combat," the lecturer shouted into his microphone.

He sat down, apparently satisfied with his response. But in the lecture hall corridors afterward, his listeners exchanged skeptical glances. One asked a Western reporter, "Do you believe him?"

Soviet losses in Afghanistan are a closely guarded secret. Some Western intelligence reports estimate that the Red Army has lost at least 800 men killed since large troop contingents entered the country last Dec. 21.

But most Soviet citizens have no information on combat losses beyond rumors - which vary widely about how many Soviets have died.

Most Soviets seem to know that the Afghan war is brutal, and that Soviet soldiers have been guerrilla targets.

Few Soviets expect any news about losses from newspapers or television.

Soviet military security is so tight that even the location of major bases in the Soviet Union and the overall size of the armed forces are secret.

A Western diplomat in Moscow said he has been unable to verify any rumors of bodies being shipped back to the Soviet Union.

Some Muscovites believe that even those families who lose a relative in Afghanistan may not immediately be told the circumstances.

At least one Moscow family did learn, however, that a son was killed in Afghanistan and received his body.

Marvin questions 'Panther Transit' proposal

by Marc Pacatte

The proposed shuttle-bus system for Eastern, dubbed the "Panther Transit" by the special task force studying it, has met with some opposition here.

President Daniel E. Marvin said last week he was opposed to the system, based upon what he knew of it at that time.

He said there is "not enough information" for him to support the plan.

A special task force, appointed by Student Body President Bill Houlihan and headed by former Student Senator Mark Hudson and Senator Tom Lamczyk, has prepared a study with tentative routes and proposed costs for the service.

Lamczyk said he contacted the American Transit Corporation, base in St. Louis, which operates a system at Northern Illinois University in DeKalb.

Lamczyk said he hopes to pattern the proposed system here after the one in operation at Northern.

Marvin said the study presented to the faculty senate by an ATC representative, James L. Pierson, was based on Northern, and Marvin feels that Eastern does not compare to Northern.

The enrollment at Northern is around 24,000, about 16,500 of which

are full-time students. Eastern's enrollment is 9,166 this semester.

DeKalb is three times as big as Charleston, Marvin said, and Northern's campus is more spread out, with longer distances between dorms and classes.

"Honestly, I think the longest distance proposed for an Eastern route could be walked in half an hour," he said.

He said he would not support a line to Mattoon either, because of a "very heavy tax for what I think would be minimal usage."

He said he would "hate to see us go to a referendum without a usership survey." "What's really missing in the report they (the task force) put together is any real market analysis and that's what it needs," Marvin added.

Marvin said a bus service could be "handled in a better way," such as an independent businessman buying a bus and charging for rides downtown.

Jerri Matteson-Hughes, a graduate student at Eastern who attended Northern from 1971 to 1975, said the Huskie Bus Line (Northern's transit system) "wasn't all roses" in the beginning.

She said inadequate time scheduling and non-cooperating students caused problems and it took "a good year" to work the "kinks" out of the system.

Hughes said the bus line was "well worth the money--for Northern."

Northern currently pays a \$20 per student per semester fee for the use of the bus system, and a referendum to increase the fee to \$25 is pending, according to Bill Gorey, student services advisor at Northern.

Gorey said the referendum is slated for two weeks after NIU students return from spring break.

"We've had problems money-wise with fuel skyrocketing," Gorey said. The five dollar increase would last for three years, he said.

"The students like the system," he said, adding that negotiations will start soon with DeKalb city officials "because they like it so well."

Bob Benad, manager of Northern's

bus line, said it is the "most economical system in the country."

He said it costs students 12 cents to go anywhere in DeKalb.

The accident rate for the transit system is one third below the national average, and Benad says "that's a hell of a credit to the students."

He said the transit system has created 550 jobs for students.

There are 13 buses at Northern, traveling seven main routes.

Eastern's proposal calls for five to seven buses running five routes.

Benad said the system at Northern has "just taken hold in the eight years of operation, and he added "I doubt the campus could survive, literally, without the system."

Campus pacifist group tries for reactivation

by Sandy Young

An Eastern faculty member is attempting to rally support for the Equal Rights Amendment by urging the reactivation of a student group formerly organized to oppose the draft.

Bill Byrnes of Booth library said he wants to reactivate the Students for Non-violent Action organization, founded at Eastern in January, 1975.

At that time the organization was mainly concerned with "counter recruiting" on campus, Byrnes said. Student members set up tables in the Union, often next to military recruiters, to get persons to sign petitions against recruitment on campus, he explained.

Byrnes, a co-founder of the organization, said the group had no officers and was "an absolute democracy."

But the organization eventually dissolved after many of its members "went on their own paths," Byrnes said. He said the group had five

members.

The idea to reactivate the group came after Byrnes talked to a representative from the National Organization of Women who suggested NOW would like to see organizations with similar ideals get together to support ERA, he said.

Byrnes said the draft is another issue with which the group might concern themselves.

Byrnes said his role in the organization would be that of faculty adviser, and those interested in joining should contact him at 348-0819.

The only requirement to join the organization is to be a pacifist, Byrnes said.

He said a question such as "If you were under threat of physical violence, how do you think you would react?" must be asked to determine a true pacifist.

Pacifists would answer that they would try to overcome instincts of violence, he said.

Former nursing directors indicted for vendor fraud

Former administrators of Charleston's Fontanbleu Nursing Center in Charleston were indicted by a Coles County grand jury last week for allegedly cheating the state out of approximately \$150,000 per year.

Ross Sim, previous administrator and his wife, Betty, former director of nursing at Fontanbleu, were indicted on a felony charge of vendor fraud.

The charge alleges that between March 1, 1977 and Jan. 31, 1980 the two submitted statements to the Illinois Department of Public Aid which claimed that more nursing care had been provided than patients had actually received.

Nursing home claims to the state are of two types- those based "per diem", or by the day, and "point-count", claims through which the nursing facility receives points for each of the nursing services it provides patients. The day cost includes the cost of operating the nursing home per patient per day.

The couple is accused of cheating on "point-count" claims.

Ross Sim was also previously charged with misdemeanor battery for allegedly twisting a nursing home patient's arm, pulling off her glasses and striking her with his fist on July 3. The charge is pending in Coles County Circuit Court.

Assistant states attorney Rick Hobler said the couple had not surrendered to authorities as of Friday.

The Sims will be arraigned after being taken into custody. Bond is set at \$10,000 for each of them.

The charge, a Class II felony, carries a maximum penalty of 3 to 7 years in prison, a \$10,000 fine or both.

During the hearing, the jury also issued a report charging patient abuses within the nursing home.

The grand jury met for three days to probe the center's financial operations. Twenty-five witnesses testified during the hearing.

Letters to the editor

Radio mad

Editor,

Recently I called WELH, the campus radio station, to request a song. I was told that their record library has been locked, and the DJ's are only allowed to play songs from the Top-40 albums. The record I wanted to hear was not a selection from a Top-40 album, so my request was refused.

I was infuriated! I was under the impression that WELH was a student-run operation, run for the benefit of Eastern students. Who decided students should hear only selections from the Top-40 albums? Shouldn't the students as a group decide what kind of music the campus radio station should play?

I am really mad that the station's format has so drastically changed. I was again under the impression that mist WELH DJ's liked listeners to phone in requests, and based on their radio shows around these requests. Why would the station change its policy over night?

If students want Top-40, they'll listen to WEIC. What about students who want to hear old Led Zeppelin, Rush, Stones, or REO favorites? What do we listen to from now on?

Laura Marshall

In perspective

Editor,

Amid the Carter administration's near hysteria with respect to the situation in Afghanistan, a look at things in perspective seems to be in order.

It seems we are supposed to be ready to fight to defend a) the Afghan rebels, who were responsible for the death of our Ambassador—Adolf Dubs, b) the Pakistanis, who burned our embassy and killed two Americans and c) our good friends in Iran.

The conventional wisdom a la Jimmy the C is that since we depend on foreign oil, much of it produced in the Middle East, we should protect that area from the Soviets at all costs.

Clearly, the greatest threat to our way of life is rampant inflation, which at present seems to be getting worse. Just as clearly, the major causes of inflation are a) the astronomical price of OPEC crude and b) our government's policy of spending more and more and printing decreasingly valuable dollars to pay for it all.

OPEC recently announced that crude prices will be increased every three months and now Carter wants to increase defense spending in order to defend many of those OPEC countries.

Remember when Jimmy said that if the hostages were not released immediately, there would be the "gravest of consequences" for Iran? If the hostages were freed on "Day 120" exactly what would those "gravest of consequences" be? I don't know for certain but I suspect those "gravest of consequences" would be "nothing at all."

The Iranians obviously can see right through Carter. Remember when Jimmy said there would be no commission to investigate the abuses of

the shah until the hostages were freed? The commission is in Iran right now and the Iranians say they won't even consider freeing the hostages until April or May.

The message to the raghead countries is clear: spit on Uncle Sam all you want and if the Russian Bear growls, Uncle Sam will forgive you and spare no expense to save you, thus preserving OPEC's right to continue to send shock waves of inflation through the American economy.

Politics is sometimes defined as the art of compromise. Perhaps someone should tell our president that compromise involves concessions by both sides, not a policy of appeasement with sporadic bursts of bluster.

As a nation we'll continue to be in trouble until we get a president with the guts to say "enough."

Only by restoring America's credibility as a friend and foe will we be able to return to a state of normalcy.

Ken Gross

Inside the draft

Editor,

Jerry Rubin, political activist and founder of the "Yippies" said at his recent lecture "Jimmy Carter is the biggest liar in the White House and he has the audacity to run for re-election." I personally think Rubin is quite right.

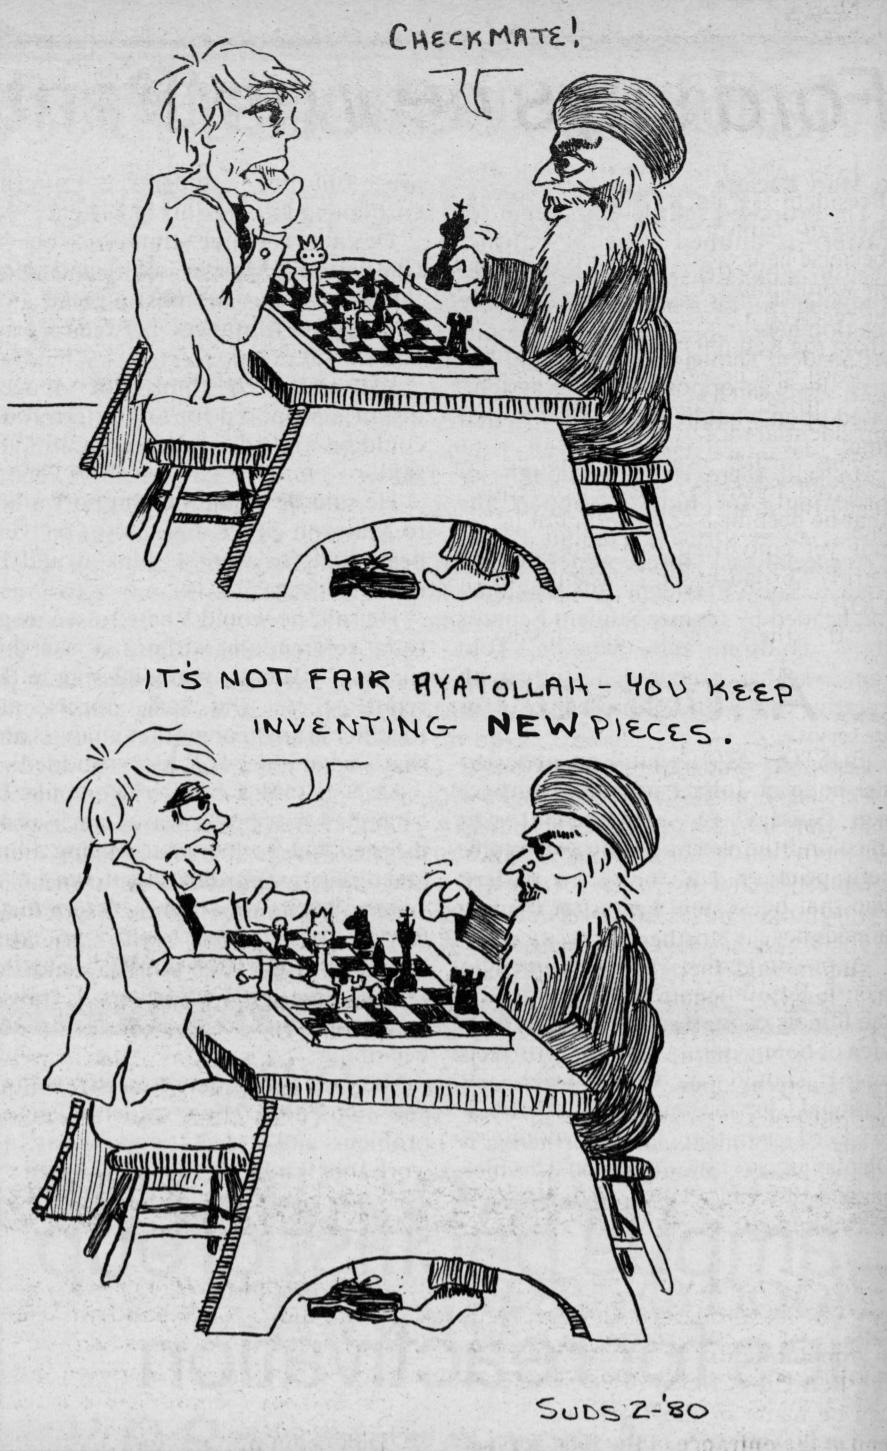

Carter is hiding himself in the White House because of the hostage situation in Iran. Most people know that this is a flimsy excuse. Carter, at his recent State of the Union Message, asked young Americans to lower their living standards and prepare to sacrifice their lives so that the United States can fight a new Vietnam.

Nobody has forgotten yet the 50,000 Americans who died in Vietnam. The Presidents Kennedy, Johnson and Nixon told their people, Americans were fighting for their independence, freedom and thereby protecting their government. Carter is telling us the same things today.

President Carter is restoring the draft which is a deadly threat to the working class youth, especially blacks and latins; not to those senator's kids in Washington. Carter is asking the people to accept their energy problem and in the meantime he demands billions of dollars more for military spending. The real result would be, contrary to Carter's statements, a rise in inflation, higher taxes and reduced social services for the common man.

Carter's draft idea was supported, not surprisingly enough, by the Republican and Democratic politicians. These politicians know they are not going to sacrifice their lives. They are not going to participate in a war and they are not going to die in it. But they are making plans for the working class youth, latins, blacks and white working class people.

These capitalist politicians don't give a damn about our lives and our future. They have banded together to convince the people, just as Mr. Carter, that our nation is threatened by a possible Arab oil-boycott and by the revolution in Iran and the invasion of Afghanistan by the Soviet Union.

Carter is more interested in establishing U.S. military bases near the Persian Gulf, Kenya, and Somalia and giving the CIA more power for further covert operations against any revolution in that region. The President proposes these plans as responses to the Soviet Union's invasion of Afghanistan. These moves had probably been formulated by the administration for many years already, but Washington has most likely been waiting to first prepare public opinion to accept these plans; prudence dictated by the fiasco in Vietnam.

We should know that the real threat of war is not coming from the Middle East but from Washington itself which tries to protect the wealth of a group of corporate profiteers. That is why we went to Vietnam in the first place. That is why it has supported such brutal animals like the shah and Somoza and similar despots all over the world.

So I feel that the young American working class has no reason to join Carter's Doctrine for war against the poor and the oppressed in the Third World countries.

We have a lot in common with the people in these countries—in Africa, Asia, Latin America—more than we do with the rich imperialists whom Carter supports.

B. Amad.

Men only

Editor,

This is in response to the article entitled "ERA spokesman to clarify draft relationship" which appeared in Monday's edition of the Eastern News. I think some of the statements made by Miss Supple and Miss Schulze were erroneous.

First, Supple's statements that "you

don't need the equal rights amendment to be drafted" and that Congress has always had the power to draft women is not true, at least according to the Feb. 4 issue of U.S. News and World Report. The article states, "under the present law, selective service may register only men." Unless Miss Supple knows something that U.S. News and World Report doesn't, she should get her facts straight before she is quoted by the Eastern News.

Second, I don't think Schulze's statement that "women have been drafted in both World Wars" is true, either. It can't be true unless Congress did have the power to draft women and then changed the law sometime since World War II.

Also, I don't know any women who have been drafted, but I think that women who served in the armed forces during World Wars I & II volunteered. She also says women don't get equal pay for equal work. If she's talking about the military, she's definitely wrong. If she's talking about private industry, the companies that are doing this are breaking the law. Women are supposed to get equal pay for equal work without ERA.

I don't want this letter to be taken as an attack on ERA, I just want some of its supporters to check their facts before they make statements they say are true, but that are really false.

Ford says he'll run if Republicans ask him...

LOS ANGELES (AP) — Former President Gerald R. Ford says Ronald Reagan cannot win the presidency because he is too conservative, but that he would himself become a candidate if he received a "broad-based" invitation from the Republican Party.

Ford said he would have to make up his mind about entering the presidential race by April 1.

The former president said he had received a growing number of requests that he become a candidate, but he was not yet convinced they represented a "truly broad-based" feeling in the GOP.

"If there was an honest-to-

goodness, bona-fide urging by a broad-based group in my party, I would respond," Ford said. "As of today, the party hasn't asked me."

Ford, who succeeded Richard M. Nixon as president in 1974 and lost a bid for election to the presidency in his own right in 1976 against Jimmy Carter, made his comments about the 1980 campaign in an interview published Sunday by The New York Times. Ford's remarks were confirmed by his executive assistant, Bob Barrett.

Interviewed at his retirement home at Rancho Mirage, Calif., Ford said that if Reagan, former governor of California, won a number of the four

primaries in the South this month and continued with a victory in the Illinois primary March 18, then "it would be a tough ball game for anybody else to prevail."

But Ford quickly added, "Every place I go and everything I hear, there is the growing sentiment that Gov. Reagan cannot win the election."

Said Ford: "I hear more and more often that we don't want, can't afford to have a replay of 1964," when Sen. Barry Goldwater of Arizona, the conservative GOP candidate, was overwhelmingly defeated by President Lyndon B. Johnson.

Asked if he believed Reagan could

not win, Ford replied that "it would be an impossible situation" because Reagan is "perceived as a most conservative Republican."

Did he mean Reagan can't win? "That's right," Ford replied.

Greeks hop for charity

by Becky Suprenant

Some of Eastern's sorority pledge classes hopped all day Thursday to raise money for muscular dystrophy.

Fall 1979 and Spring 1980 pledge classes participated in a hopscotch marathon in the University Union Grand Ballroom, Carolyn Anich, coordinator of the fund raiser, said.

There were five hopscotch stations located in the Ballroom with one girl from each sorority at each station, she added.

"Each girl was given a sponsor sheet and got sponsors before the marathon. The sponsors pledged a certain amount of money for each hour the girl participated in the marathon," she said.

Donations were also taken from the door during the marathon.

The money raised will be given to the muscular dystrophy organization sometime next week, Anich said.

... Anderson to remain GOP candidate

BOSTON AP- Republican presidential hopeful John Anderson campaigned Sunday for independent and uncommitted voters in the Massachusetts primary, and rejected a suggestion that he set his sights on the vice presidency.

Appearing at a forum of the Falmouth Republican Town Committee, the Illinois congressman dismissed the idea of being Gerald R. Ford's running mate, should a deadlocked GOP National Convention next summer turn to Ford as the party's nominee. Displaying a newspaper article that carried this suggestion, Anderson told his audience:

"I thought perhaps I ought to take this first public opportunity to say that John Anderson is not running for vice president. We have a national campaign going, and we are running for the Republican nomination for the presidency this year."

The Republican congressman said he was "very encouraged" by a new poll published Sunday by The Boston Globe showing he had moved strongly into third place behind George Bush and Ronald Reagan in advance of Tuesday's primary.

"That certainly is more progress than anybody would have given us credit for even a month ago," Ander-

son told reporters.

Anderson had said earlier his own polls showed him "nipping at the heels" of Reagan.

Campaign aides said a sampling of 300 voters taken by Anderson's pollsters showed Reagan with 30 percent. Anderson with 23 percent, Bush with 16 percent, and Sen. Howard Baker of Tennessee with 8 percent.

But 20 percent of those polled in the Anderson sampling, who said they were going to vote were uncommitted. This large percentage of undecided voters could upset the balance among the four leading contenders.

Blood drive schedule set

Appointments to donate blood for the Red Cross blood drive at Eastern can be made in the University Union and at the entrance of the food services in the residence halls March 3 through 7.

The blood drive will be held March 10 through 13 in the University Union Grand Ballroom. March 10 and 12 are appointment days only and on March 11 and 13 donations can be made by walking into the ballroom.

A contest is held each semester to

see which fraternity, sorority and residence hall has the highest percentage of donation.

The winning groups have their names placed on a plaque in Old Main.

Last semester's winners were Sigma Tau Gamma with 88 percent of the fraternity donating. Alpha Sigma Alpha was the winning sorority with a 45 percent donation. East Hall and McKinney Hall were the winning residence halls with 25 percent and 28 percent donating.

AB approves transfers, sets budget schedule

by Dru Sefton

The Apportionment Board Thursday approved two line-item transfers, set a tentative schedule for upcoming budget sessions and received ideas from the Student Senate Auditing Committee concerning a band instrument purchase lease program.

The AB approved one line-item transfer request from the theater department that will use \$1,500 allotted for directors' fees and make this money available for other spring theater production costs.

Kevin Sandefur, AB chairman, said the theater department has chosen to use university personnel as the stage, costume and technical directors instead of having to pay non-university personnel.

The \$1,500 will be used for mater-

ials, musicians, dry cleaning and travel expenses.

The AB also approved a line-item transfer request from student government.

Student government requested the money in the officers' compensation fund, which pays tuition costs for the students in the executive branch, be transferred to the telephone and travel line-item.

"The student government has been much more active on a state-wide basis this year," Sandefur said. He said student government's participation in the Illinois Student Association and similar organizations around the state have made the telephone and travel expenses much higher than in recent years.

The officers' compensation fund is

rarely fully depleted, Sandefur said, because the students in government often receive scholarships.

The board approved the transfer of \$160 to the telephone and \$440 to the travel line-items.

The board also tentatively scheduled March 10, 11 and 12 for budget sessions.

During these sessions, each of the activities which use student funds will present budgets for fiscal year 1981 to the AB for approval.

Under the tentative schedule, general music, players, art board, and sports and recreation budgets would be heard on Monday night.

On Tuesday evening, WELH, health service, forensics and the Model UN are slated.

The last night, Wednesday, would be reserved for Publications Board, Eastern News, Warbler and Vehicle.

The AB also considered instituting a lend-lease program for purchasing band equipment. Under the purchase-lease program, a set amount of money would be paid annually to a music store for the instruments needed.

The AB will give further consideration to the plan at its next meeting.

The board also approved raising travel costs for university activities from the present 12 cents per mile to the maximum allowable rate of 17 cents per mile.

Along with this, the board approved a \$8.50 per day maximum food allotment for traveling activity members.

Carter's draft plan to face a House committee

WASHINGTON (AP) - President Carter's draft registration plan, a loser in its first congressional test, faces critical votes this week on the program's future and whether women should be registered along with men.

The big question is whether the 54-member House Appropriations Committee will approve the money the administration needs to begin registration this summer of young men, aged 19 and 20.

On the other issue - registration of women - the verdict appears certain. The House Armed Services personnel subcommittee is expected to fulfill the prophecy of House leaders and vote overwhelmingly Thursday against women's registration.

The outcome of the dispute over funds to register men seems less certain, however.

Last week, a subcommittee of the Appropriations Committee voted 6-6

against Carter's proposal - a sharp setback to the administration's plans.

Instead, the subcommittee approved only enough money to set up a standby system in which registration would not start until the president ordered military mobilization in an emergency.

The full committee tentatively plans to meet either Wednesday or Thursday on the issue, and administration lobbyists and allies were working furiously to overturn the sub-

committee's decision.

"We will not allow the president to be embarrassed," House Majority Leader Jim Wright, D-Texas, vowed last week after the subcommittee's vote. He said he was confident the full committee would reverse the subcommittee.

Rep. G.V. Montgomery, D-Miss., a leading proponent of registration, cautioned, however, the vote would be close.

Colombian militants free five hostages, 36 left

BOGOTA, Colombia AP - Leftist militants holding the Dominican Republic Embassy freed five of their estimated 41 hostages Sunday after their negotiators met for the first time with Colombian government officials.

U.S. Ambassador Diego C. Asencio and 15 other foreign envoys were still being held. An official at the U.S. Embassy, who asked not to be identified, said the leftists will "keep the big ones."

It was not immediately clear when the talks would resume, or if other hostages would be released soon.

A Colombian Foreign Ministry source, who requested anonymity,

said, "The government's proposition is that only the diplomats and Foreign Ministry officials who were attending the party when the embassy was taken by assault should remain" while negotiations are being conducted.

In addition to the foreign diplomats, the estimated 36 hostages still inside the embassy include two Colombian protocol officials, the source said.

The five hostages set free Sunday were taken from the embassy in an ambulance and a military vehicle shortly after noon, little more than an hour after the end of the negotiating session which took place in a van in front of the embassy.

Police identified one of those released as a doctor and the other four as waiters working at the embassy when the takeover occurred.

The guerrillas, who seized the embassy in a gunfight Wednesday that left one of the attackers dead, had

released 19 hostages earlier including the 15 women who were captured.

Among the demands of the guerrillas are freedom for 311 of their jailed comrades, \$50 million in ransom, worldwide publication of a manifesto and safe conduct out of the country.

Education dean search continues

The search committee for the School of Education dean has selected five additional candidates to be interviewed for the position, Fred Preston, Chairman of the search committee, said Sunday.

After meeting Friday afternoon the committee decided to continue the search by looking at an additional group of well-qualified candidates, Preston said.

The committee will meet Wednesday morning to narrow the number of candidates down to two or three people, who will then be interviewed by Eastern President Daniel E. Marvin and faculty members, Preston said.

He said he did not know when the candidates will come to Eastern to be

interviewed. None of the candidates now being considered dean of the school of education are from Eastern.

Once the candidates are picked, Marvin and the committee will interview them along with Eastern's vice presidents and Chairmen from various departments in the School of Education, Preston said.

Preston said he has been contacting the five candidates to see if they are still interested in the position. "I have talked to four out of the five and they are all still interested."

The final selection date for a new dean is unknown but the committee hopes to have the search finished by the end of the term, Preston said.

Oruwari leads tracksters to second place finish

by Matt Davidson

Led by the double-victory performance of Augustine Oruwari, Eastern's men's track squad placed second in a four-team meet Friday night at Lantz Fieldhouse.

Murray State University topped the field with 84 points, followed by the Panthers' 73. Bellarmine (of Kentucky) was third with 3 points and Southern Illinois-Edwardsville fourth with 2 points.

Head coach Neil Moore said the meet went just the opposite of what he had anticipated.

"I expected to really take it on the chin," he said. "But we gave it a good go and their coach (Murray State's) complimented us on that."

Oruwari captured top honors in the 60-yard dash with a time of 6.4 and the 60-yard high hurdles in 7.4. His accomplishments seem more remarkable when one considers that it was only his second meet this year. Moore did not overlook this fact.

"That's pretty good considering he's had very little work," Moore said, "but he still has a lot of work to do."

Freshman Damon Phelps managed to get two second place finishes in field events. In the long jump Phelps leaped 21'5 1/4", just one-half of an inch away from first. His other second came in the triple jump as he went 47'5 1/4". Both jumps established new season bests for Phelps. Moore indicated he has had confidence in Phelps all year long.

"I have a lot of faith in this young man and he's beginning to confirm my faith in him," he said. "That's a good job by a freshman."

Decathletes Mark Stockwell, Mark Schrimpf, John Molen and George Dircks contributed greatly to the Panther cause as they combined to score 16 points between them.

"When our number one people in the individual events have faltered because of injuries they (decathletes) have really stepped in," Moore said. "It's good experience for them and it really helps the team out."

Stockwell placed first in the long jump in 21'5 3/4" and added a third in the pole vault by clearing 13' 6". Schrimpf had a second and fourth as he jumped 6'4" in the high jump and went 20'9 1/2" in the long jump. However, Moore said Schrimpf might possibly have won the high jump had he not had other commitments.

"He probably would have won it had he not had to run the hurdles and compete in the long jump," Moore

said.

Molen took fourth in the 60-yard high hurdles in 7.49, while Dircks placed third in the same event in 7.66.

Junior Bob Feller was nipped at the tape in the 1,000-yard run, finishing second in 2:12.15.

"Bob ran a good 1,000 against a tough man," Moore said. "He made a tactical error. If he would have waited he might have won the race. He ran on the outside of the curve and probably ran about nine feet further."

Running far better than his previous best time, sophomore Mike Beresford nabbed third place in the two mile with a time of 9:06.87. His personal best prior to Friday's meet was 9:32 set earlier this year.

"That's a hell of an improvement," Moore said.

The Raunchy Roommates

And now the WELH news, I'm B.J. The DJ. reporting. President Marvin has yet to decide if he should recommend that the BOG follow the results of the recent student athletic fee referendum.

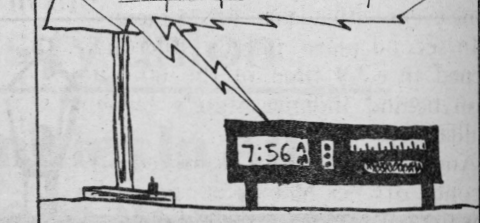

In last Wednesday's edition of The Eastern News, both Marvin and Student Body President Houlihan, using phrases like "more than likely" and "should go along," suggested that the administration might support the referendum results. However with the use of such vague phrases, there is still no guarantee that the student's wishes will be respected on this manner.

When asked about possible student reaction to a \$6. fee increase, one angry athletic department official shouted quote:

"Who in the Hell do those students think this money belongs to anyway!" — unquote.

Grapplers finish disappointing third in nationals

by Dave Claypool

OMAHA, Neb.—Eastern's wrestling team suffered a disappointing setback this weekend when it could only muster a third-place finish in the NCAA Division II finals.

The Panthers, who had hopes of capturing the national crown after its second-place finish of a year ago, were unable to land any individual national champions on their 10-man squad.

California State-Bakersfield continued its dominance of Division II wrestling as it once again captured the national title with 110.5 team points.

Mid-Continent Conference rival Northern Iowa took a surprising second with 89 points. Eastern had defeated UNI just two weeks earlier for the championship of the MCC tourney but were only able to manage 75 team points for the third place finish.

Augustana, S.D. was fourth with 64.75 points, Northern Michigan claimed fifth with 64 and Southern Illinois-Edwardsville was sixth with 44.75 points.

Last year's 134-pound national champion, Eastern's Bob McGuinn, finished the tournament with a disappointing third place finish after he decisioned Bakersfield's Jess Reyes in the consolation match.

"I was hoping that Bob would be the first two-time national champion from Eastern, but things just didn't quite go his way in the semifinal match," coach Ron Clinton said.

Gaining second place honors for the Panthers were Dave Klemm, Geno Savegnago and Bob Stout.

Klemm, who was the defending third place winner of last year, and Stout, a second place finisher of a year ago, both fell to pins in their championship matches. But they were still able to qualify along with McGuinn for competition in the NCAA Division I finals which will be held in two weeks.

While wrestling in the championship match of the heavyweight division, Klemm was pinned by Grand Valley State's Ron Essink at the 5:27 mark of his match.

"Dave went against a real big kid who was a raw-bone type of wrestler," Clinton said. "He just took it to Dave and surprised everyone."

Stout fell to Jon Lundburg of Augstana at the 5:40 mark of his 167-pound match. It was the third time of their careers that McGuinn, Klemm and Stout qualified as Division II All-Americans.

In a rematch of this year's MCC tournament championship bout and

last year's Division II match, Geno Savegnago was decisioned by Northern Iowa's Kirk Myers 11-7 in the championship match of the 190-pound weight class. Savegnago defeated the now three-time national champion for the championship of the MCC two weeks ago.

Savegnago will also be able to compete in the Division I tournament.

"It was a tremendous match. Geno got behind and couldn't come back, but Myers is a real good wrestler," Clinton said.

Moving up from his eighth place finish of last year, Randy Blackman nabbed fifth place status and his second straight billing as a 118-pound All-American.

Eastern's only other All-American was 177-pounder Sam Carson. The football-wrestling two-sport performer captured seventh place in his final wrestling performance.

"I really thought that Sam would finish higher," the coach said. "He was hot and cold and just went flat in a couple of his matches."

In what Clinton described as the turning point of the tournament for Eastern, junior Mike Polz was defeated in his 158-pound quarterfinal match by a referee's decision criteria.

Criteria is set by the NCAA to determine the winner of a tie match and it was used to determine the outcome of Polz's match.

"If we could have won that match at 158, it would have broken Bakersfield's back," Clinton said.

Losing in early rounds of the tournament were 126-pounder Derek Porter, 142-pounder Gil Duran and Kenny Blackman at 150.

"I was hoping for a better showing from Derek and Kenny's loss was a real heartbreaker," the coach said. Blackman was defeated 6-5 in his opening match.

"I'm disappointed with the way things went. I expected us to be at least second and possibly first," Clinton said. "Earlier in the tournament I thought that we were just as good as they (Bakersfield) were."

"We had some good performances and some bad ones. We wrestled well, but not the best that we could. I'm sure that if we were to wrestle next week the results would be different."

"I'm sure that a lot of people would be pleased with a third-place finish, but I'm not. But it will make me work harder," the coach added.

Women tracksters capture third at ISU meet

by Vickie Woodbury

Although no school records were set and no other tracksters qualified for nationals, Eastern's women's track team captured a respectable 68 points and a third place finish at the Illinois State Invitational Saturday.

Purdue University clinched the top spot with 124 points followed by Indiana State with 82.

Host Illinois State finished behind Eastern with 60 points, while Illinois scored 52. Southern Illinois-Edwardsville and Southwest Missouri unevenly split 16 points with nine and seven points respectively.

For Eastern, Kristian Webb finished first in the 400-meter dash with a 59.92 clocking.

The performances of Mary Burroughs, Webb, Mary Ohl and Gayle Brandon, in the 4 by 200-meter relay earned them first place honors with a time of 1:45.59.

In the long jump Brandon finished first with a leap of 5.62 meters which is 18'5" when converted to yards.

Debbie Gipson finished fifth in the same event with a leap of 5.25 meters.

In second place finishes Burroughs turned in a 7.9 time in the 60-meter dash behind Indiana State's Jeanette Williams.

And Carmen Ritz knocked five seconds off her 600-meter run with a new time of 1:35.7 for second place.

In the distance races, Janet Steele had her best showing in the 1000-meter run with a fifth place finish, but set a new time of 10:06.8. Steele cut 28 seconds from her old time.

In the same event Ruth Smith finished third with a time of 10:00.1. Teammate Gina Sperry's took fifth in the 1500-meter run by recording a

4:46.3 clocking.

Fourth and sixth place merits were awarded to tracksters Brandon and Webb in the 200-meter run for their times of :26.68 and :27.14 respectively.

The 4 by 400 relay team finished in fourth place although a discrepancy in the official time could have resulted in a third-place finish. The fourth-place

time was 4:00.5.

"This was really a good meet because of the improved times," Graduate Assistant Audrey Marracco said.

The Lady Panthers ended the indoor season with a dual meet record of 2-0 and strong showings in invitationals.

NMU

to-man and stood in the lane," Eddy said.

Apparently, Eastern was not able to cope with such a defense, because Eddy said, "We played our offense to the rhythm that they played their defense and it killed us."

Brown agreed that the Wildcats defense played a pivotal role in the contest.

"Obviously, it was just a super defensive game. That's how we got our lead-on defense, not offense," Brown said.

This tough defense, or lack of offensive execution, was apparent throughout much of the contest.

After the Panthers scrambled out to a 16-12 first-half lead, they could manage but seven points in the ensuing 6:51. Meanwhile, with forward Immanual West dropping in six points, the Wildcats reeled off 17 points to grab a 29-23 lead with 3:42 left in the first half. Northern Michigan maintained its six point cushion in taking a 35-29 halftime lead.

Conversely, the Panthers could not take advantage of a Northern Michigan second-half scoring drought.

It began with the Wildcats leading 48-39 with 13:27 left, and did not end until forward Dave Meinert hit a jumper in the lane at the 8:02 mark.

But the Panthers could score only

five points during that same stretch, and still trailed 50-44 with 8:02 left before their last minute rally fell short.

Mediocre shooting also hurt Eastern, as the Panthers shot just .407 from the field in the second half and .431 for the game. Northern Michigan had a .489 shooting percentage for the game and shot .526 in the second half.

After being held to just six first-half points, Northern Michigan guard Ernie Montgomery came on strong to finish with 16 points and a team-leading seven rebounds. He was also named the tourney's Most Outstanding Player.

"He's one of the most talented guards we've played against, talent-wise and mind-wise," Eddy said.

Craig DeWitt led Eastern in scoring with 13 points, and Dennis Mumford tallied 12.

Northern Michigan-West 2-4-8, Posey 4-2-10, Mindeman 4-0-8, Montgomery 7-2-16, Vercoe 2-2-6, Marana 1-0-2, S. Upton 0-0-0, G. Upton 1-2-4, Meinert 1-2-4. Totals-22-14-58

Eastern-Robinson 2-0-4, DeWitt 4-5-13, Mumford 6-0-12, Turk 0-0-0, Pickens 2-1-5, Ellis 1-0-2, LeTourneau 1-0-2, Patten 3-0-6, Oldham 3-0-6, Williams 3-0-6, Jones 0-0-0. Totals-25-6-56

and that put us in a deficit," Eddy said.

"Then the ball started going in and we got some rebounds."

But also helping the Panther comeback was Wright State's anemic .355 shooting from the field in the first half.

"I think at that time we put up a few shots that didn't go for us. Eastern was able to come back and capitalize on it," Wright State head coach Ralph Underhill said.

Eastern finished the game with a .508 shooting percentage, while Wright State shot .369 percent.

The Raiders did not concede defeat at that point, however, and came back to take a 37-36 lead early in the second half on a Roman Welch lay-up. The Panthers immediately responded with seven straight points to outscore Wright State 7-1 and take a 43-38 lead.

However, just 12 seconds later starting Panther center Dennis Mumford was forced to leave the contest for good with his fifth personal foul. But the loss of its leading rebounder seemed to have a reverse affect on Eastern.

DeWitt re-entered the lineup at that point and he and Patten combined to score 14 points during the next 8:12 and help increase Eastern's lead to 63-51 with 5:41 left.

"I thought we played very well defensively, but we got ripped on the rebounds early," Eddy said.

The rebounding statistics supported Eddy's statement, as the Panthers lost the battle of the boards 40-34 after trailing by a 31-20 margin at halftime.

Williams grabbed nine caroms to top the Panthers and junior guard Mike Pickens followed closely with eight.

Eastern's defense also seemed to improve in the second half as Wright State's leading scorer Rodney Benson could manage only six of his twenty points in the final 20 minutes.

"I don't know if it was Rod not getting open or (Ricky) Robinson's

defense. It was probably a combination of both," Underhill said.

As for the Panthers' overall defensive play, Underhill said, "They did a good job coming up with loose balls. It was just the type of thing where we couldn't get anything going."

Eddy also said his cagers ability to deal with Wright State's pressing defense was a factor in the Panthers' victory.

"I thought we did pretty good on the press. We worked a lot on it this week. That's always a big thing for Wright State," Eddy said.

Eastern-Robinson 4-0-8, DeWitt 6-2-14, Mumford 2-0-4, Turk 3-3-9, Pickens 5-2-12, Patten 7-2-16, Oldham 0-0-0, Williams 3-2-8, Jones 1-1-3 Totals-31-12-74

Cagers finish second in regional

Last second shot gives NMU title

by Andy Savoie

DAYTON, Ohio—Eric Posey's baseline jumper with five seconds left lifted Northern Michigan to a 58-56 victory over Eastern Saturday night, giving the Wildcats the NCAA Division II Great Lakes Regional basketball championship.

The victory was Northern Michigan's third narrow win over the Panthers this season. The Wildcats defeated Eastern by one point margins both at Lantz Gym and at Marquette, Mich. earlier in the year.

The Wildcats, now 24-5, will host East Region winner New York Tech next weekend in quarterfinal play. The setback left Eastern with a 22-7 record for the season.

Eastern must have thought it was in the midst of a recurring nightmare after Saturday night's contest, because it was Posey who hit a short jumper on the exact same type of play to beat Eastern 69-68 Jan. 19 at Lantz Gym.

"Same time, same passer, (guard Chick Verco), same shot, same position on the floor, and same result," said Northern Michigan head coach Glen Brown of the final play.

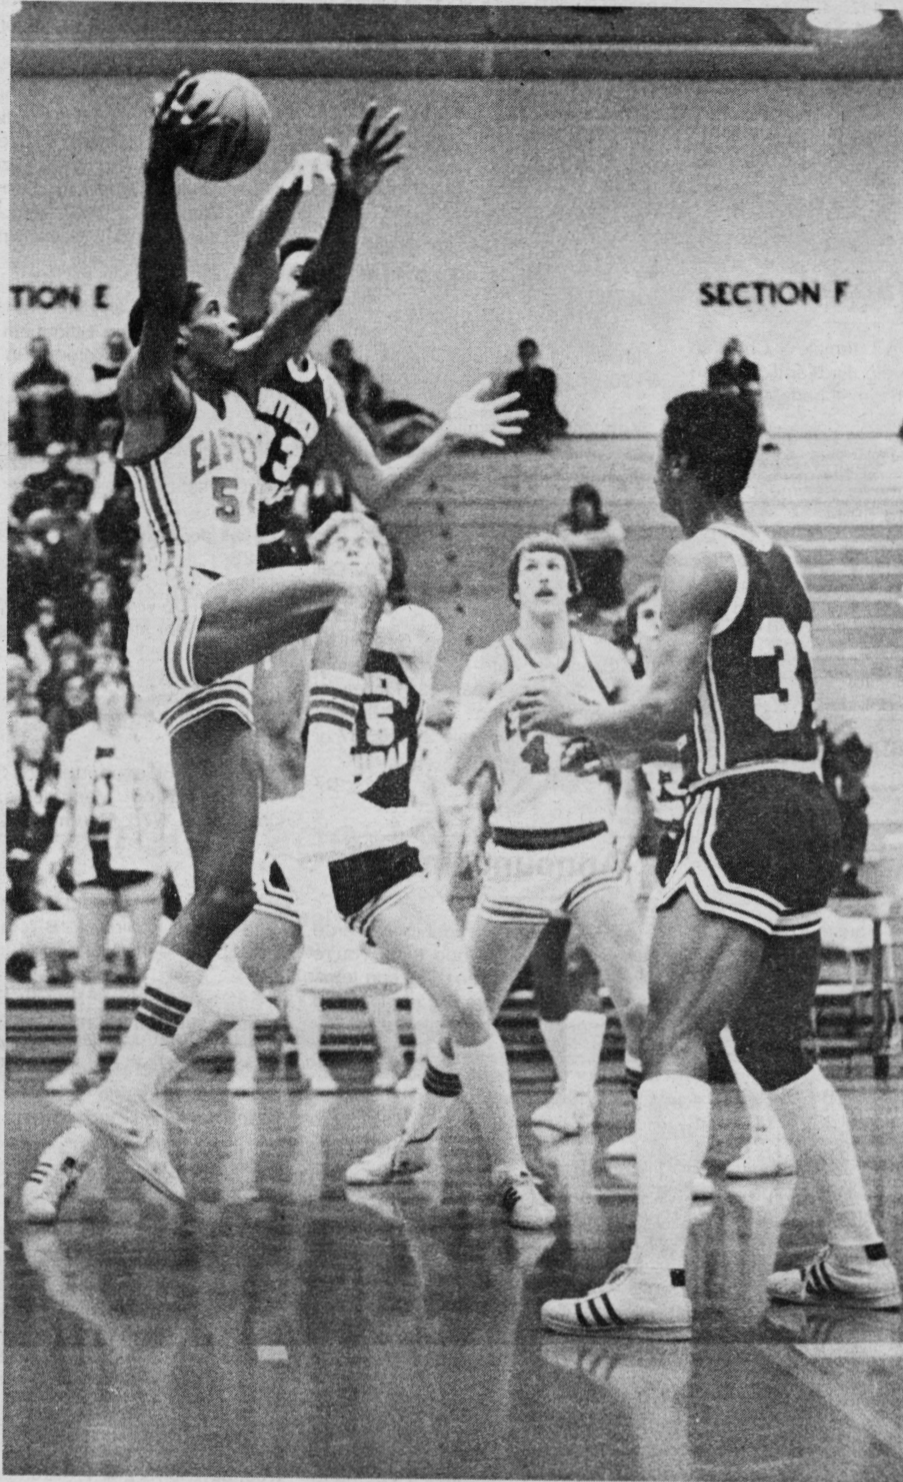

The Panthers had managed to tie the score at 56 just 16 seconds earlier on reserve forward James Oldham's jumper. Oldham also hit two key baskets during the last five minutes when the Panthers' pressing defense helped send them on a 10-2 scoring spurt.

But as they had in their previous two confrontations with Northern Michigan, the Panthers came up just a bit short of victory.

"We ran our offense out of rhythm-slow," Eastern head coach Don Eddy said. "That was our most defeating thing."

Contributing to the Panthers' offensive disruption was a Wildcat defense in which "they played a man-

(See NMU Page 10)

Eastern center Dennis [unclear] [unclear] a back and past Northern Michigan forward Eric Posey (33) during the Panther's 58-56 loss to the Wildcats in Saturday night's Great Lakes Regional championship game. (News photo by Rich Bauer)

Subs pave way in win over WSU

by Andy Savoie

DAYTON, Ohio—Bench strength has always been a trademark of Don Eddy's Eastern basketball teams. And it was reserve depth which helped ignite the Panthers to a 74-63 victory over Wright State in the first round of the NCAA Great Lakes Regional Friday night in Dayton, Ohio.

It was the first home loss for Wright State this year, and left the Raiders with a 24-3 ledger on the season. The Raiders were ranked No. 3 in last week's NCAA Division II poll.

The Panther subs outscored Wright State 27-8 in the contest, and it was Eastern reserves Warren Patten and Jim Williams who helped transform an 11 point first-half Eastern deficit into a 30-29 halftime lead which Wright State was not able to overcome.

Reserve guard Patten tallied 16 points to lead Eastern in scoring, while forward Williams chipped in eight.

"Jimmy (Williams) and Patten were tremendous," Eddy said. "They got our transition game going for us. They really did it for us tonight in a special way."

Williams, who scored all of his eight points in the first half, entered the contest at the 15:19 mark of the first half and Eastern trailing 8-4. He popped in two points before Patten was inserted at the 10:20 mark, but the Panthers still trailed 19-8.

But then the duo proceeded to combine for eight points in the next 7:54 to help outscore Wright State 16-6 and give Eastern a 26-25 lead. Perhaps fittingly, Williams hit the two free throws which pushed Eastern ahead.

Poor shooting and little offensive rebounding were plaguing the Panthers prior to their scoring spree, which allowed Wright State to sprint to its early lead.

"DeWitt missed four really nice shots early which didn't get the glass,

(See SUBS Page 10)

Women cagers capture AIAW championship

by Vickie Woodbury

Eastern's women's basketball team captured the AIAW State Tournament championship by defeating Bradley University 88-60 Saturday afternoon at Lantz Gym.

The victory gave Eastern a berth in the regional tournament, which will be held March 5-8 at the University of Wisconsin-Green Bay.

The woman cagers boosted their record to 18-10 by defeating Chicago State 94-48 Thursday night and Lewis University 76-63 in second round action Friday night before topping Bradley.

In Friday night's round of play, teamleaders Linda Ellsworth, Jo Huber, Joann Archer and Nancy Kassebaum combined for 34 points to hold off a late second-half Lewis rally.

"Lewis is a tough, extremely well-coached team and looked good against

St. Francis, but we got a good jump on them at the start," Coach Bobbie Hilke said.

Eastern shot 48 percent from the floor and 67 percent from the line, compared to Thursday's 42 percent field goal percentage and 76 percent free throw percentage.

In other action Friday, third-seeded Bradley University got by second-seeded Loyola University in a 83-56 romp.

Karen Anderson led Bradley in scoring with 24 and teammate Connie Griffith tossed in 18.

In the championship battle Saturday, Eastern's man-to-man defense held Bradley to an average of one basket every two minutes throughout most of the first half.

On the other end of the court, Ellsworth poured in 20 first-half points and Jo Huber added 11 to lead the

Panthers to a 48-24 halftime score.

Bradley got off to a slow start after the intermission and by the 10 minute mark the Panthers had buried them with a 27 point lead.

After the three games, Archer, Ellsworth, Huber and Kassebaum were chosen for the All-State team.

Ellsworth led all scorers in the tourney with 56 for an 18 point per game average.

Huber, selected as the Most Valuable Player in the tournament, pulled down 39 rebounds and scored 50 points for a 17 point per game average.

"I've worked really hard the four years I've been here and this really kind of put the icing on the cake," Huber said.

Others who assisted in scoring for Eastern were freshman Kassebaum with 51 points for a 17 point average and Joann Archer with 36 points for a

12 point scoring norm.

Coach Hilke said her team has worked especially hard on defense and has come a long way but she didn't expect to be able to put it all together this soon.

"I got a quick look at the team in early September, I knew we had some talent but I didn't know if we could put it together," Hilke said.

Although the University of Dayton is defending champion in the region, Coach Hilke says she has no clue as to what other states have in Division II. But she said that is nothing new.

"We spent the better part of our year not knowing who we were going up against in the next game, so the regional is about the same situation.

Hilke will not know where Eastern will be seeded or who it will play in the tourney until Monday.
