# NORMAL SCHOOL NEWS

PUBLISHED WEEKLY BY THE STUDENTS OF THE EASTERN ILLINOIS STATE NORMAL SCHOOL

VOL. 2

CHARLESTON, ILLINOIS, TUESDAY, JAN. 9, 1917

NO. 17

## ILL. COLLEGE 29, NORMAL 17

Our school team met defeat at Jacksonville last Friday night when they were defeated by the Illinois College team of that place. The Illinois men proved too fast for the Blue and Gray, and though our men put up a game fight they were overcome by the superior weight and experience of the State College team. Cook distinguished himself in this game making eight of the 17 points for his team.

## MILLIKIN 25, NORMAL 16

The Blue and Gray basket ball team lost to the Millikin quintet of Decatur last Saturday evening in a game played in the Millikin gymnasium. As usual the Lantz men played hard against the Millikinites but lost by the score of 25 to 15. Cook and Turner starred for Normal, while West did the best work for Millikin.

The Normal school second team lost in a basket ball game played with the Millikin seconds at Decatur last Saturday by a score of 31 to 12. The "scrubs" though a game bunch have not yet learned the value of team work, but will improve under the coaching of Mr. Lantz and before the close of the year will be able to play a higher grade of basket ball.

## MARCH TOURNAMENT

At a meeting of three members of the Illinois high school athletic board of control held at Springfield the entire state was divided into districts from which basket ball teams will be sent to compete in the spring high school tournament in March.

Following are the districts of Southern Illinois:

Charleston district—Christian, Moultrie, Coles, Edgar, Clark, Cumberland, Shelby and Montgomery.

Centralia district—Madison, Bond, Fayette, Effingham, Clay, Marion, Clinton, St. Clair, Washington, Jefferson and Hamilton.

Mount Carmel district—Jasper, Crawford, Lawrence, Richland, Wayne, Wabash, White, Gallatin, Saline and Hardin.

Carbondale district—Monroe, Randolph, Perry, Franklin, Jackson, Williamson, Union, Pike, Massac, Pulaski and Alexander.

## POSTPONED

The Athletic Carnival which was to be given at the Normal School on Saturday evening, February 17, has been postponed on account of this date being so close to the end of the term, and the fact that final examinations will be the thing most important at that time.

## GAME WEDNESDAY

Our school team will meet the basket ball team from Sparks Business College, of Shelbyville, for the second time next Wednesday night in the Normal School Gymnasium. The Sparks team succeeded in defeating our team early in the season but at present the blue and gray are in better shape and should be able to show the Shelby county quintet some real basket ball.

The Illinois College team will be here for a basket ball game next Friday evening, and we hope for retribution on that date for our defeat last Friday at Jacksonville.

## NEW BOOKS

Several new books have lately been added to the school library and the student body and faculty will be interested to know that James Whitcomb Riley's complete works of 16 volumes and a 12 vol work of Eugene Field are at their disposal. These works are published by Scribners.

A new magazine, Ares Nah Und Ferne, has been added for the use of German students. This magazine contains short stories and fables written in the German language.

The magazine, Industrial Arts, has been added and should prove interesting to the students of Mr. Pippet's classes.

## BIRCH TO REBUILD

The students of the Normal School will be glad to hear that C. I. Birch will rebuild soon. Mr. Birch's restaurant was destroyed a few weeks ago by fire and since then his customers have sought less convenient places to spend their nickles. Work on the new building will begin this week.

## MISS BISHOP ILL.

Miss Bishop, critic teacher of the fourth grade, did not meet her classes last week. Miss Bishop has been ill for more than a week but will meet her classes again soon.

## A NEW LAKE

A movement is on foot by the nimrods of Charleston to secure a park and make a lake where they may spend a quiet hour with rod and reel without fear of trespassing. The lake will be well stocked with bass and other game fish.

Charleston is in need of such a place and a gun and rod club would be welcome by the sportsmen of the vicinity.

Laura Ashbrook, '16, visited school last Friday.

## Y. W. C. A.

The Young Women's Christian association held its regular weekly meeting Friday night at 6:45 in Pemberton Hall.

Miss Gladys Smith led the meeting and the subject discussed was "The Psychology of Resolutions." Miss Audra Foreman answered the questions, "Do you form your resolutions from common sense or do you have some superstitious feeling that New Year's day would stick full-grown habits upon one without effort?" Miss McGeehm answered the questions, "Are New Year's resolutions worth while?" and "How must one go about them?" Miss Margaret Edwards answered the question, "Is it wiser to develop them all at once or to make a list for the year and concentrate first upon one until it is well grounded, then upon the next and so forth?" Mildred Gray talked on "Keeping one's resolution means acquainting a habit." She gave some statements from Mr. James' chapter on Habit which would help one keep his resolutions.

The subject of the next meeting is: "I will be square," and all the girls of the school and women of the faculty are cordially invited to the meeting.

## BOTANY CLASSES

A shipment of new supplies consisting of glass tubing for use in connection with experimental works, mounting frames for use in mounting leaves and stems, culture dishes for the of bacteriology, aquarium dishes for use in the study of algae, and filter paper have been received.

The class in Botany 7 is making a study of the local flora and a full report of the number of plants both native and introduced on and about the campus will be published in a later issue of this paper.

## BASKET BALL

Basket ball fans will be given a chance to see two good games of basket ball this week. The first one will be with Spark Business College on Wednesday evening. The second will be with Ill. College, next Friday. Every one should see those two games. Admission 25 cents or by season ticket.

## NEW AUTO

Harold Hutton is to be the owner of a new car. Just as soon as the roads are so it can be driven home from Chicago "Hallie" will be able to give his friends a joy ride in his Oakland six.

## DEAN DAVENPORT TO SPEAK

Dean Davenport, of the State Agricultural School, of the University of Illinois will be here the latter part of this week and will speak to the student body in the Normal School Auditorium next Saturday afternoon at 2:15. Mr. Davenport is very well known as an agricultural expert and his lecture will be listened to with interest by those fortunate enough to hear him.

## FARMERS' INSTITUTE

The farmers' institute for this county will be held this week. Many good speakers are on the programme and several lectures will be of interest to many of the students. One of the most interesting features of the institute will be the corn judging contest. The winner of the first prize will be given his expenses at the State Agriculture University. The winner of the second prize will receive half of his expenses.

## NEW GOVERNOR

Today is the day that the new Governor is inaugurated. Illinois has been for the past four years under democratic administration. The change will be very great if the policies of the new administration are carried out. Whatever the changes are, will make very little difference to the ordinary quiet citizen. However, the politician is at present living either in great hopes or in great fear.

## VISIT THE GREENHOUSE

Every student with a small amount of imagination can take a free trip to the tropics. If you wish a breath of the warm climes of the equatorial regions just go to the greenhouse. There will be found growing and blooming many rare flowers and plants. Ferns, palms, orchids, vines and broad leafed rubber plants grow as naturally as in their native southern home. Here too, may be found the desert cactuses of the warm south deserts. The very atmosphere is different. You are in a different environment and have at your disposal what many people take long railroad journeys to gain.

## CAPTAIN ELECTED

The Girls' basket ball teams met yesterday afternoon to elect captains for the different teams. The Juniors elected Loel Zehner as captain of their team. There were not enough representatives from each of the other classes to elect captains.

Athletics are a good thing for  
any school. Anyone taking part  
in the athletic activities of a  
school will testify that athletics  
are good for the individual.

Now the question is how can  
every student of a given institu-  
tion profit by the athletic activi-  
ties of his school? Only a few  
can make the athletic teams that  
compete with other schools. Are  
the rest to be left out? At a re-  
cent meeting of the Coaches of  
the Minor Colleges of the state  
a discussion was held as to the  
value of inter mural athletics.  
Coaches would not do away with  
the intercollegiate contests, for  
friendly rivalry between colleges  
has proven beneficial, but they  
would have each student of the  
school a participant in the ath-  
letic sport for which he is best  
fitted. By inaugurating this  
scheme every school would be  
able to turn out better teams with  
which to compete with other  
school teams and at the same time  
every student of the school would  
be given the benefit of athletic  
training which is now given to  
only a few.

Holidays are no doubt good for  
the tired overworked student,  
but everything taken in consider-  
ation, we wonder if it would not  
be just as well if the vacations  
were given all together at the  
end of the school year.

Since Friday many students  
have been wondering whether or  
not a grindstone is a quadruped.  
According to biology students a  
quadruped is an animal with four  
legs. Now all grindstones that  
are not crippled or maimed have  
four legs. It remains to decide  
whether or not a grindstone is an

animal. Any boy who has the  
experience of farm boy on a rainy  
day will tell you that any grind-  
stone is a beastly affair, therefore  
a grindstone, according to logical  
reasoning, is an animal and a  
quadruped.

The "Egyptian," the school pa-  
per of the Southern Normal has a  
very interesting article in their  
last issue on the Social Sciences  
of the High Schools. The writer  
after discussing the proposition  
pro and con at considerable length  
sums up the argument by saying  
that a knowledge of the social  
sciences will aid in training for  
the duties of intelligent citizen-  
ship.

The argument is good and the  
reasoning excellent. This point  
is at present a live one and of  
much importance to those who  
expect to train future citizens of  
the state.

Flossie Gillman, a student here  
last year, was here last Wednesday  
and attended the dance in Richter  
Hall Wednesday evening.

Louis Barger, '14, principal of  
the Rardin schools, brought his  
basket ball team to Charleston last  
Friday evening and defeated a team  
of the grade schools in the armory  
gymnasium.

Elba Durbin, '15, visited school  
Saturday.

## SOCIETY NEWS

By Zula Phillippe

The dance given in Richter Hall last Wednesday evening by Thomas Moore, Thomas Marshall, Ben Anderson, Wright Sinsbaugh, Ben Kelley, Lee Brown, Lewis Linder and Howard Alexander, was attended by about 300 people. An enjoyable time was had by all present. Many out of town guests, towns people and faculty members and students of the Normal School were present.

Chloetele Craig entertained at a party last Friday evening at her home, 820 Harrison street. The time was spent in dancing and games. A ten o'clock luncheon was served. Those present were Elizabeth McNutt, Olive Boulware, Lorraine Jones, Chloetele Craig and Charles Jenkins, Howard Alexander, F. C. Anderson, of Indianapolis, and Walton Alexander.

Isabel Black entertained a number of young people at her home 906 Madison Avenue, last Friday evening. The out of town guests were several members of the Paris High School basket ball team.

Cecile Ellsberry and Clara Wright entertained the following girls at a fudge party in their room at Pemberton Hall Saturday evening. Dorothy Davis, Lucile Norton, Faye Mann, and Rachel Risser.

William and Mary Elizabeth Cone entertained at a twelve o'clock dinner at their home 901 Eleventh street last Sunday. The guests were Mildred Gray, Lucy Gray, Charles Allen, and Horace Gray.

### WOMENS' BUILDING

The new Womens' building at the Central Normal University of Normal Illinois, has been finished. The University now has a large modern building for the use of the women of the school as a dormitory, and it is to be hoped it will serve its purpose as successfully and prove as valuable an asset to the Central School as our own Pemberton Hall has to us.

The new building has been named "Fell Hall" for the well known Jesse Fell.

Benton "Bunn" Moran and Edward Hood were in Terre Haute last Saturday.

Stanley Glosser, '15, teacher of manual training in the Harrington high school of Harrington, Kansas, was here last Thursday and Friday.

John Tiffing, of Paris, visited Hazel Gumm and attended the dancing party in the gymnasium Saturday night.
