## REPORT ON GYM- NASIUM BALCONY

About the middle of last December, President L. C. Lord placed before the board of trustees a plan of the students to build a balcony in the gymnasium. The trustees were in favor of the project being carried out by the students providing that all plans for same be submitted to and approved by the state supervising architect. It was hoped by the students that material for it could be purchased in time so that the construction could be well launched during the Christmas vacation. Plans which had already been made were taken to Chicago December 15 and placed before the architect. It was hoped he could pass upon these plans immediately and that material could be purchased and forwarded to Charleston. The architect delayed his decision until December 23, when his approval of the plans with slight modifications were received. A trip was made to Terre Haute, Ind., the next day, where it was found that the railing for the balcony could be purchased, but that the steel for supports would have to come from Chicago. \$80 worth of railing was purchased and a telegram dispatched for the steel. There was a misunderstanding in the telegram and as it had to be followed up with a letter the steel was not shipped in time for us to receive it during the holiday vacation.

Competitive bids had been secured on the lumber necessary for the construction. The Andrews lumber company made the lowest bid. We had them deliver the lumber at once to the Manual Arts building. Robert Shoemaker had a list of willing boys ready to go to work at a moment's notice. They were notified as soon as the lumber arrived. All came and worked early and late all through the vacation, cutting the lumber to the various lengths that would be needed, and thereby having it ready to put up as soon as the steel was in place. Mr. Nehrling let us have his men and a horse and wagon to transfer the material from the Manual Arts building to the gymnasium. All of this was done during the holiday vacation, and, in addition, 72 very difficult holes were drilled in the steel trusses which were already in the gymnasium. For this purpose it was necessary to rent a portable electric drill from Blackford's garage.

The steel arrived on Wednesday after vacation. Manual Arts classes were dismissed that day and half of the next day. These students, with the help of others, and with Mr. Nehrling's men, drilled all the holes needed in the new steel, and bolted it together. The material was swung in place with a block and tackle. The joists were put in position and the rest of the material was nailed fast.

The expenses incurred, and which the students have undertaken to pay for, are as follows:

Dec. 23, traveling expenses to Terre Haute	\$ 6 93
Dec. 23, railing	89.60
Dec. 27, Auto Sales Co., mechanic and drill	16.00
Jan. 3, Joe T. Ryerson & Son, steel	114.19
Jan 12, freight on steel	15.30
Jan. 20, A. G. Frommel bolts, nails, etc.	3.88
Jan. 21, White Plumbing Co., pipe	16.50
Jan. 21, Andrews Lumber Co.	381.13
Total	\$633.95

All items charged against the construction of this project have been paid for and receipts for same have been handed in. That the balcony has been badly needed has been shown by the use already made of it. At the tournament last week it was taxed to its maximum capacity, and its safety and utility were proved to the satisfaction of all.

### Basketball

The Sophomore College class challenged the Freshman College class to a game of basketball to be played this evening. Both classes will be able to put fast teams on the floor, and the game will be a very good one. The Sophomores will probably have the following stars in their line up: Fawley, Wallace, McCall, Dunn, and Rawland. The Freshmen will have the following to pick a team from: Greathouse, Snyder, Ashbrook, Crowe, Lynch, and Black.

The Senior High School class will meet the Juniors in a curtain raiser. The Seniors will be represented by a five picked from the following well known and unknown stars: Kerr, H. Osborn, Funkhouser, Stanford, Whitmore, Chapman, and Molenhoff. The Juniors will have G. Lynch, Hall, Blackford, Woodburn, Kepner, and Kerans.

Both games will be worth seeing. Every student and member of the faculty should take advantage of this opportunity to help the Student Council pay for the balcony. Admission 25 cents.

Miss Diemer Arrives

Miss Elsa Diemer, who has been studying with Leo Blech, Germany's greatest Wagner interpreter, and has been singing in Berlin, London and other European cities, landed in New York Saturday. On April 5, Miss Diemer will be one of the soloists that will sing in the New York music festival. She will fill engagements in the states of New York, New Jersey, Pennsylvania, Ohio and Illinois.

Our music festival committee has engaged Miss Diemer as one of their soloists. It is hard for the student body to realize their good fortune in having the chance to hear such a famous soloist. The privilege of hearing her is made much greater by knowing that she is a former member of this school and the daughter of Mr. Koch.

### Water Supply Now Pure

A chlorinating apparatus has been installed at the water works thus insuring the city an absolutely pure supply of water. Charleston, for quite a while, has been blacklisted by the State Board of Health in regard to its "clear and sparkling Embarras." This bad reputation has undoubtedly hurt the town, and among other things probably affected the school. The News takes great pleasure in being able to publish the announcement of Charleston's better water.

### Trustees Meet

The State Board of Trustees and the presidents of the State Normal schools were at school Monday. In chapel, Mr. Ritchie, Mr. Blair and Mr. Miller spoke. The festival chorus sang "The Miller's Wooing." The speeches of Mr. Ritchie considerably enlivened the chapel hour.

## STUDENT COUNCIL NEEDS \$155

The Student Council borrowed \$75 from Mr. Lantz in order to pay the bill for the lumber for the balcony. This bill, \$381.13, came due last week. The Student Council has promised to help pay for the individual class cuts of the faculty for the Warbler, to give an athletic banquet to the college and high school letter men, and to have fifteen dollars in the Student Council treasury for the Homecoming next fall. In order to pay the lumber bill they have used all the funds that they set aside for these school affairs. In order to meet all of their obligations they must raise \$155. The council would be glad to hear any suggestions that the faculty or students have to make as to how to get the necessary funds.

### Mr. Ritchie Spoke

Mr. Ritchie, a member of the Board of Trustees, spoke in chapel Saturday morning. He gave a very interesting talk, emphasizing the necessity of the five Illinois normal schools holding together. Only a few people are aware of the importance of the part that the different normal schools have in education. The total number enrolled in the normal schools of this state is over 8,400. Mr. Ritchie asked that all the students of the school co-operate and back the board in their efforts to get the necessary appropriations for new buildings at the different schools. Every graduate and student should co-operate in every way possible. The requests of the normal school board for higher appropriations have been refused chiefly because the state officials are ignorant of the part that the schools are playing in the state.

The normal schools are built and supported for the good, not only of those that attend them, but for society, for the state at large, for eight and or half million people.

### No Championship This Season

The present muddled standing of the teams in the I. I. A. A. makes it almost certain that no championship will be awarded this season. Knox and Monmouth have sent their claims broadcast; but both these teams have been defeated several times during the season, and are sure to have their claims contested.

## Teachers College News

Published by  
Charles Prather, Editor. Robert Shoemaker, Business Manager.  
Lillian Myers, Associate Editor. Harold Kerr, Society Editor.  
Gage Carman, Alumni Editor.

H. E. Thomas, Faculty Adviser  
Published weekly by the students of the Eastern Illinois State Teachers' College on each Tuesday during the school year at The Court House, Charleston, Ill.

Entered as second-class matter Nov. 8, 1915 at the Post Office at Charleston, Ill., under the Act of March 3, 1879.

### Change in Football Rules

The football rules committee of this country made several changes in football rules and regulations at their recent meeting. The most important change was the doing away with the free goal kick after a touchdown. In its place is substituted the following rule:

"After touchdown, scoring team to try for one point by kick, run or pass from scrimmage not less than five yards from defenders goal line."

Another change is that of calling the ball dead immediately after it crosses the scoring line. Before, if the ball was fumbled behind the goal line, a team was often deprived of a touchdown. Another important difference between old and new rules is the clause stating that a player may not return to the game in the same half in which he was removed. If he was taken out in the first or second quarter he could not go back in until the second half.

Several other minor changes were made by the rules committee.

### Sectional Tournament

Kansas was eliminated from the sectional tournament at Decatur, losing their first game to Athens 25-23. Atwood won the tournament by defeating Bloomington in the final game 29-18.

The following teams will play at Champaign Friday and Saturday of this week for the state championship:

Atwood, Centralia, Peoria High and Rockford. There will be two games Friday night and the winners and losers play Saturday night.

### NEW BOOKS IN LIBRARY

**E. I. 24, LINCOLN 40**

With four first string men not in condition to play, and Wallace ineligible for a conference game, the E. I. outfit took a trimming from Lincoln, Wednesday, 40-24. A large number of fouls was called on both sides. Fawley and Dunn went out on personals, while two of Lincoln's men had 3 each. Wilson was high point man for the E. I. team, making 16 of the 24. This closes the E. I. varsity basketball season.

**Thanks Unanimously Voted**

The E. I. Athletic Association, including every E. I. student, wishes to give Roy Stillins, business manager of the association, a vote of thanks for services performed during the past term. The job has always been a thankless one with very little honor, lots of work and not much compensation. It takes a person with plenty of E. I. loyalty to fill it.

**SATURDAY NIGHT DANCE**  
The Pom Hall lights see pleasant sights,  
But Saturday night was the best;  
Just at nightfall into this hall  
Came young folks gayly dressed,  
A carefree throng, with laugh and song,  
(They were a pleasing sight).  
Entered the gym and with a vim,  
Danced with feet so light  
To music rare that filled the air  
With overpowering thrill,  
And nothing there one saw of care,  
But joy the place did fill.  
The hours flew as winged things do,  
Too soon 'twas time to go;  
But in our mind we'll keep a kind  
Of memory afterglow.  
L. Crouse.

### American Legion

Since several of the faculty and many of the students are members of the Andrew Dunn American Legion Post of Charleston, they will be very interested in knowing that the Post are going to remodel and fix up the southwest lower floor of the Court House. The Post will remove the concrete floor and replace it with hard wood. They will be able to make it an ideal headquarters and club room. Although their plans have not been completed, it is expected that they will start work on their future club room in a few days. Under Mr. Moore's leadership the local Legion Post is coming back strong, after a slump during the last year. They are making a new drive for membership and it is hoped that within a short time there will be a much larger and better Post in Charleston to represent the world's war veterans.

### A Well-Deserved Honor

Floyd Curl of Charleston was elected captain of next year's Millikin U. basketball team. Curl is well known to many E. I. students who are very glad to hear of the honor the plucky little forward has received.

Mr. Widger, in chapel Wednesday morning, read one of Mr. McManus' Irish stories, "The Tinker of Tamlacht." There is a book of Irish stories by the same author in the library. Many of the students remember Mr. McManua, for he was here on our entertainment course two years ago.

The four reels of moving pictures that were to have been shown in the assembly room did not arrive, so there were no pictures Friday.

Mr. Ashley, leading chapel Tuesday morning, during Mr. Lord's absence, read two stories about "Brer Fox" and "Brer Rabbit."

The music festival chorus sang "The Miller's Wooing" Saturday morning in chapel.

## KNEE-DEEP IN MARCH

Knee-deep in snow, a mile from school, at eight-five, with an eight-fifteen class, and no street car running. I started down the zig-zag trench, just the width of a snow-shoulder, thinking may be it wasn't so bad after all, but just then the trench stopped altogether and at every step the snow seemed deeper. I ploughed on and got down the hill fairly well, but then came the agony of climbing the other side. I stumbled one step forward and slid backward one-half a step, still trying to hurry. Every automobile that flew past irritated me because it didn't pick me up. That abominable street car, to stop running just when it was needed most. My anger continued to grow with my discomfort, till I wanted to wring the necks of all that had failed to shovel the snow. Just then I heard the song of a cardinal. I looked up and there it sat in the top of a tree, a little bit of scarlet against the white, singing as though it owned the world. I began to feel ashamed of myself for feeling so angry, with all this beauty around me, when I stumbled in a snow drift and sprawled full length on the ground. Harriet Tate.

## GIRLS' BASKETBALL

The first two games of the girls' inter-class basketball tournament were played Wednesday evening. In the first game, a closely contested one between the Juniors and Independents, (eleventh and twelfth years) the Independents won, 15-12. Betty Hull was easily the star for the Juniors, while Lois Walters, Mame Reece and Daisy Icenogle contributed largely to the Juniors' downfall.

The second game, between the Seniors and tenth year, was a walkover for the college class, 15-1. Lola Raper and Thursa Richardson starring for the Senior team.

Thursday night, two games will be played, between the Seniors and Independents, and between the tenth year and the Juniors. Friday night, the tenth and Independents will play, and the Juniors and Seniors will stage the final game. The final games are Friday night.

About thirty-five couples attended the dance held in the gym Saturday night. Marjorie Lynch's orchestra furnished very good music. Miss Shortess was chaperone.

Mr. Modesitt, leading chapel Thursday morning, read one of William J. Bryan's commencement addresses entitled, "Education Through Occupation."

The Dramatic Society will meet tomorrow night.
