Pepsi-Cola hits the spot at Eastern

by Diane Schneidman

Eastern faced the challenge last week—the Pepsi Challenge that is; and bid for bid, Pepsi-Cola beat Coca-Cola.

As a result of Pepsi's victory, Eastern now has 30 Pepsi machines throughout the campus, John Checkley, purchasing agent, said. Residence halls have a total of 15, classroom buildings possess 12 and the Union has 3.

Although Pepsi machines have been located in the residence halls, the new machines at the Union and in academic areas are new replacements for Coke.

The switch from Coke to Pepsi was part of routine business procedures, Checkley said. The contract with the suppliers of Coke had ended and Pepsi offered the highest percent of commission.

Also, Pepsi offered the lowest price

per case of pop, allowing a greater profit. Checkley noted that a case of Pepsi sold for \$4.50 while Coke cost \$4.97 per case.

"Whatever money is made from the machines goes to the university," Checkley said.

Hencken said, "In residence halls profits go back into the halls to keep housing costs down."

However, the residence halls are not being completely taken over by Pepsi. The residence hall food services, which previously served Pepsi, are now serving Coca-Cola, Hencken said.

And, the vending machines are not the only mechanical devices which will have the Pepsi label on them this year. The sports department will be replacing outdated Pepsi scoreboards.

"There's going to be a new scoreboard for the baseball field and

we're hoping to get a new one for the Lantz Building also," Ron Papp, assistant athletic director, said.

Paap said the arrival of the new scoreboards did not have anything to do with the new vending machines, although they are donated by the Pepsi-Cola Company.

"The baseball scoreboard is here," Paap said. "It should be ready for next spring."

"The baseball scoreboard is getting old and we would like to replace it before we start having difficulties," he said. Also, the board is rather small.

In addition, Paap said it is hoped the Lantz Building's scoreboard will also be replaced. "The Lantz board is not very reliable at all," he said. "It just doesn't keep time and it always breaks."

Thursday, July 5, 1984

will be mostly sunny with rains ending. Temperatures will reach up into the upper 80s. Evening temperatures will be in the 70s.

pus pond during the Kiwanis' fireworks display. (News photo montage by Denise Skowron)

Committee sets criteria for VPFA

by Kerri Niemann

The search committee, appointed to find a replacement for George Miller, vice-president for administration and finance, recently announced criteria for candidates for the position.

Ted Ivarie, search committee chairman, said the committee met Monday and decided on the requirements. He added that they "hope to get the criteria out to prospective candidates as soon as possible."

In a notice of vacancy sent out by the office of the president, the search committee said the new vice-president is required to be knowledgeable in "budget preparation and planning, computer services operation, maintenance and operation of the physical plant and personnel and employee relations in a Civil Service and union environment."

In addition, the candidate will represent "the entire university on administrative and fiscal matters

with state and federal agencies."

As of now, Ivarie said the committee has no applicants but in accordance with Eastern's Affirmative Action policy, the committee is "encouraging women and minorities" to apply.

Currently, he said, Eastern does not "have an adequate representation" of minorities and women in higher administrative positions and it is the committee's wish to "attract a large heterogeneous group" of candidates so the committee can "pick the best qualified candidate for the job".

In the statement released by the search committee, preferred qualifications for the position include a "doctorate and five years of senior administrative experience in a public education setting."

Ivarie said the cut-off date for applications will be Sept. 14, with the name of the new vice-president being announced by Jan. 1, 1985.

Rives: FY '85 budget boost possibly best

by Matthew Krasnowski

The Illinois General Assembly recently approved the fiscal year 1985 budget, which gives Eastern \$34,513,600 for the year, Eastern President Stanley Rives said Tuesday.

Rives said this is the highest percentage increase over the previous year's budget for public universities in Illinois.

The budget falls below the Illinois Board of Higher Education's January recommendation by \$544,600. However, it is \$2,250,400 more than the FY 1984 budget approved for Eastern.

"We consider this a good budget," Rives said.

The General Assembly approved a total state budget of over \$17 billion Sunday night, \$500 million above what Gov. Jim Thompson proposed in his March budget proposal.

The FY 1985 budget still has to be approved by Thompson before it takes effect.

If the budget is approved by Thompson, Rives said it would provide for a "reasonable increase in salary for faculty and staff."

There will be funds also to hire new faculty and provide new science laboratory equipment, Rives said.

However, Rives did not specify the exact allocations of Eastern's appropriations.

In addition, Karin Burrus, American Federation of State, County and Municipal Employees Local 1271 president said she has been unable to receive any information on the budget.

Donald Dolton, University Professionals of Illinois president, could not be reached for comment.

"We anticipate approval of the budget," Rives said.

Rives added that Thompson has said before that he would help higher education's funding difficulties.

"We won't know that until he does pass the budget, though," Rives said. "He does have the ability to reduce the any appropriation made."

"But, we do not anticipate this," Rives said.

Glenn Williams, vice president for student affairs, also smiled upon the budget. But he also said the budget could be changed by the governor.

James Prescott, Thompson's press secretary, said it will be at least two weeks before the governor examines the budget but it should be decided upon within the month.

"He usually goes over appropriations first," Prescott said.

Representative Harry "Babe" Woodyard (R-Christman) and others members of the the General Assembly could not be reached for comment.

Water supply OK for now

by Karen Sisulak

Although the weather had not allowed any rain for 38 days, which created near-drought conditions in the Coles County area, Mattoon and Charleston officials believe the water supply can be maintained until the next substantial rainfall.

Weather authority Dalias Price warns that although rain showered the area Tuesday night and intermittently Wednesday, for a total less than one quarter of an inch, three inches of rain "is necessary to relieve drought conditions."

Since limited rainfall has plagued central Illinois, concern over municipal water supplies is not as serious as the lack of rain.

Charleston's Public Health and Safety Commissioner Olga Durham said she met Monday with Charleston water department personnel to discuss the city's water supply level.

"By no means at all is there a water supply problem for Charleston at this time," she said.

Although the reservoir level at Lake Charleston has dropped two inches and the water treatment plant has discontinued pumping water from the Embarrass River, Durham explained that water "is still being processed as usual."

Lake Charleston and the Embarrass River serve as water sources for Charleston-area usage, she added.

Other than the Embarrass River level being low, she said pumping from the Embarrass has come to a temporary stop "so other small communities down river can have adequate water supplies also."

However, Mattoon has experienced problems with limited water supplies. According to Mattoon Water Plant Manager Mike Smyser, Mattoon's

water problems stem from a greater demand than the available supply allows.

"The reserves are full, but we had to go out and tell everyone to decrease and desist with regular water usage," Smyser said.

He believes the current weather trend is the blame for Mattoon's water discrepancy.

Mattoon's water supply is pumped from Lake Mattoon and Lake Paradise, he explained, but the citizens "just use it faster than we can pump it."

Last week the city of Mattoon had to enforce water bans restricting car washing, garden and lawn watering and any other excessive use of water, which since Monday have been lifted by the water plant.

But, Smyser said "a ban against lawn sprinkling is still in effect for Mattoon."

As a result, Durham said "people from out-of-town have been purchasing bulk water" from Charleston.

"There has been more of an influx of people needing greater quantities from other places," she added.

Price said "for all practical purposes, we are in a drought."

"Lawns going brown combined with the high temperatures are ample evidence of the beginning of a drought," he said.

He explained that drought conditions are related to moisture retained by the soil, and obviously, rainfall. "The commercial crops are feeling definite symptoms of stress. The corn is starting to twist and curl to compensate for lost moisture."

However, Price said he believes "a break from the dry spell may occur by next week."

Cool Booth

Cooling system bid approved

by Matthew Krasnowski

A bid to purchase two air-cooled condensers for Booth Library's air conditioning system was accepted by the Board of Governors, Eastern's controlling board, last Thursday, a BOG official said.

BOG Executive Director Thomas Layzell said a \$41,716 bid by the R.H. Bishop Company of Champaign was accepted at a telephone conference of BOG members in Springfield.

The funds will come out of Eastern's fiscal year 1985 budget.

The air-cooled condensers are needed to replace Booth's air conditioning system's water-cooled condensers, which ruptured and have not been functioning since late May.

The Mobile Air Conditioning Inc. of

Baton Rouge La., installed a \$4,620 unit to cool the north section of the building temporarily.

Because the funds to repair the system are from Eastern's FY 1985 budget, which, along with the FY 1985 Illinois budget, is waiting for approval by Gov. Jim Thompson, the repairs cannot begin until Thompson approves the budget.

Tuesday, James Prescott, Thompson's press secretary, said the budget is not yet on Thompson's desk and it will be decided upon "within the month."

Eastern's Physical Plant Director Everett Alms was uncertain when the repairs would begin because the funds for the repairs are pending Thompson's approval of the budget.

Summer bylaw revision stopped

by Matthew Krasnowski

Summer Student Senate Speaker Cindy Keller and Financial Vice President John Cole decided against going through with a proposal to create a permanent set of bylaws for the Summer Senate.

At Monday's senate meeting Keller said she and Cole discovered that the set of bylaws written in 1980 and the revised bylaws written in 1981 conflicted three times.

Keller said she planned to establish a permanent set of bylaws that would "iron out these inconsistencies." The bylaws of 1981 do not dictate if the Summer Senate can have a secretary, if the speaker will get paid, or what requirements (grade point average and class load) should be set for summer senators.

The plan was to be sent to fall

senators for their vote.

But Keller said she and Cole realized that by sending the proposal to senators no discussion could take place and there would be no motion to vote on the proposal.

So, for the remainder of the summer the senate will operate under the bylaws written in 1980, Keller said.

"The (1980) bylaws are much more detailed," Cole said.

The 1981 revision of the bylaws took place in the spring of '81, Cole said. He did not know why the bylaws were revised.

The Summer Senate of 1983 operated under the 1980 bylaws, Cole, who was student body president that summer, said.

He added that last summer he was unaware of the revised set of bylaws.

Grant Street bike path ordinance put on file

by Paul W. Smith
An ordinance that would allow for the addition of a bicycle lane on the north side of Grant Street between Third Street and University Drive was placed on file Tuesday night by the Charleston City Council.

The decision to put the ordinance on file came after tense discussion between council members concerning the effect the bicycle lane would have on a local business adjacent to Grant Street. Public Property Commissioner John Winnett said he has received complaints from the management of Marty's, 1666 Fourth Street, concerning the proposed ordinance.

The owner of Marty's told me that he would lose parking space for his customers even though the bicycle lane would only extend to Third Street," he

said. Winnett added that the owner has said that he is considering giving up his lease if the ordinance is put on the books.

However, Public Health and Safety Commissioner Olga Durham said that it is not the city's responsibility to provide parking for Charleston businesses.

"Parking on a public street is not parking for a private business. If the owner of Marty's does not have adequate parking for his customers, then it his responsibility to acquire it," she said.

Winnett suggested that the current bicycle lane on the south side of Grant Street be made a two-way lane and that the north side of the street be left for parking.

Durham said that a two-way lane would "make for too much congestion in the bicycle lane and would result in some serious bicycle accidents."

Durham noted that several accidents involving bicycles going in opposite directions have already occurred in the lane that currently exists on the south side of Grant Street.

Finance Commissioner John Beusch said he did not feel the business at Marty's would be hurt in any way by the bicycle lane.

"Most of the business at that establishment is walk-in and the majority of the parking on Grant is student parking which occurs during the day when school is in session," he explained.

The proposed ordinance was drawn-up after the council received a petition

signed by Grant Street residents calling for the addition of a bike lane on the north side of Grant Street.

According to the petition, the bicycle lane which currently exists on the south side of Grant Street is not adequate enough to accommodate two-way bicycle traffic and the "increased traffic flow that has occurred over the last few years."

In other business Tuesday, the council agreed to pay Sims Construction Co. of Charleston \$36,630 for water-main construction on south Fourth Street and Orchard Drive.

In addition, the council voted against an ordinance that would have prohibited downtown merchants from extending their sidewalk canopies to within seven feet of the street.

The ordinance was designed to help facilitate the growth of trees to be planted along the downtown streets as part of downtown Charleston's revitalization program.

Downtown merchants would have had to shoulder the costs of moving their existing canopies back or removing the canopies altogether.

Job opportunities offered at Eastern

by Diane Schneidman
Jobs are tough to find. This is true at Eastern too; however, although most of the jobs have been filled, there are still jobs available in the summer.

Students who are still looking for a summer job should contact the student employment office. Jone Polich, of financial aids, said, "When we hear about jobs we post them on a bulletin board."

Students also fill out applications for work-study in the financial aids office, Polich noted.

Work-study is a form of financial aid. Students apply for aid and are given a campus job rather than a loan or direct aid.

Another source of employment on campus are the residence hall food services.

Onehall that is offering employment this summer is Taylor Food Service. Taylor offers jobs including work in the dishroom, washing pots and pans, serving food, helping cooks and taking student IDs, Al Schone, Taylor Food Services supervisor, said.

Schone said most students work an average of six to eight hours a week.

Although Taylor currently has 40 students employed for the summer, the

arrival of more camps is expected to provide more job opportunities.

Schone added that he is still accepting applications.

Another residence hall which is open this summer is Thomas Hall; however, Benny Mann, Thomas Hall food service supervisor, said, "For summer right now, we are all filled up."

Even so, Mann said he is still accepting applications for jobs like those available at Taylor. "I hardly ever turn any applications down," Mann noted.

The 50 to 60 students employed at Thomas may work up to 90 hours in accordance with school policy.

Another on-campus business which involves food is Hardee's in the Union.

Employee tasks at Hardee's include food preparation, cleaning and working the cash register, Nathan Kozil, assistant manager, said.

Hardee's now has twelve employees. "We're only going to hire about two more," Kozil said. He said that there is no prior experience needed to work at Hardee's; although, "It would be good to have people with experience, but it's not necessary," he added.

Yet working with food is not the only type of work offered at Eastern. Lantz Gymnasium also hires students

to perform various tasks. These jobs include handing out equipment, repairing equipment and cleaning the building, Russ Waltrip, supervisor of gymnasium and facilities, said. "We do just about everything," he added.

In addition to the jobs Waltrip named, David Dutler, director of intramurals and recreation, made note of other Lantz jobs which students perform.

Dutler said there are about 30 students working in such capacities as lifeguarding at the pool, work-study, supervising the weightroom, building supervision, office work and supervising and officiating of sports.

Although most of these duties are carried out without any previous experience, Dutler said lifeguards must have Water Safety Instruction training, and sport supervisors should be trained in the sport.

Dutler also said students work up to the maximum 90 hours per month at Lantz, in more than one capacity.

Booth Library also hires students; however, Dee McNutt, library staff clerk, said there are no job openings at this time.

All jobs at Eastern pay minimum wage to student workers.

Results of Mother's fire still incomplete

by Karen Sisulak
The Charleston Fire Department and Dave Kinniard, owner of Mother's, have not received results from a fire investigation report from the State Fire Marshal's office concerning a recent fire at the establishment.

On June 18, Mother's bar and apartments, 506 Monroe Ave., sustained approximately \$59,750 in damages resulting from a fire which allegedly broke out in one of the six upstairs apartments, Charleston Fire Chief Les Hickenbottom, said.

Two investigators from the State Fire Marshal's office were on location by that evening."

Although the State Fire Marshal's office has not released a report stating the cause and the extent of damages of the fire, a State Fire Marshal's office spokesman said the report should be released by early next week.

The marshal's office declined further comment until the report is released.

Hickerbottom said smoke, water and fire damages were generally contained to the upstairs apartments.

But, Kinniard said, Mother's sustained "just a little water damage."

However, Dan Herbert, Mother's manager, said, "The fire was nothing. There wasnt any water damage."

He explained that standing water within the bar as a result of fire fighting efforts "just had to be wiped off."

Although the bar suffered no fire or smoke damages, Herbert said Mother's was closed for two days after the fire.

Although Kinniard said "everything is getting back to normal," Herbert believes work has begun to restore the apartments to their original structure.

There were no injuries resulting from the fire, which broke out at 2:45 p.m. at the rear of the building.

Encore! Summer campers put on quite a show

The saga continues. Don't miss "Return of the Campers"—the sell-out sequel to Eastern's blockbuster summer camp and conference program.

Students who were here last summer probably remember the story well. The plot features an influx of characters who appear on the campus each week. Some stay a week to learn new cheerleading routines while others hang around for a good three weeks in attempts to develop new musical techniques.

If you are not familiar with the storyline, however, it may seem as though the characters have no relation to one another. However, when the curtain falls at the end of summer and the last group of campers makes its exit the entire plot falls together.

These visitors, whose interests range

from math proficiency to weight control, attend camps and conferences at Eastern each summer to improve themselves in a specific area. While they take home new knowledge and new friends, the campers leave the university and community revenue as well as other benefits.

This year's show is expected to bring the housing office \$600,000—money which is to be put back into housing to help keep student costs down. Although this figure is lower than last summer's \$900,000, Housing Director Lou Hencken said it is because the Christian Missionary Alliance Camp, which brought in about 3,000 campers last summer, will not be here this year.

In addition to generating revenue for the university, students may notice a more direct benefit. Those employed in food services and other campus services may ap-

preciate the campers a little more when payday rolls around. Without the summer camps and conferences many students would find themselves without job opportunities.

Another opportunity Eastern enjoys is the chance to show itself off to potential students. Since many of the campers are of high school age they may be shopping for a good school to attend.

The community, too, enjoys benefits. Last summer area businesses reported a significant increase in sales and services.

There you have it—plot summary of a sequel. For those arriving next week for music camp, the sequel has continued for about 30 years.

Each year the summer camp program's performance is excellent and closes with a happy ending. Encore! Encore!

'Pepsi generation' pops her top

Personal file:

Diane Schneidman

Most people spend their lives looking for something to be a part of. Finally the students at Eastern belong. The switch on campus from Coke to Pepsi has made us official members of the Pepsi generation.

Don't you feel important?

We really need this gang. After all, we've missed the beat generation, the hippie generation and the 'me' generation.

All our lives we've been reminded that we are the Pepsi generation. Michael Jackson, the voice of youth, is telling us that we're a whole new generation. Were we an old generation before?

Of course there are always these rebels who don't realize the importance of being part of a generation. These people can form their own organizations focused around 7-Up. It always will be the un-cola.

Another non-conformist soft drink is Dr. Pepper. This is for the violent rebel. It seems that Dr. P. knocked Mr. Pibb out. What a battle that must have been.

I for one am quite pleased with the whole situation; but then again, maybe I'm not.

I'm happy because I see some advantages in Eastern taking part in this historic event.

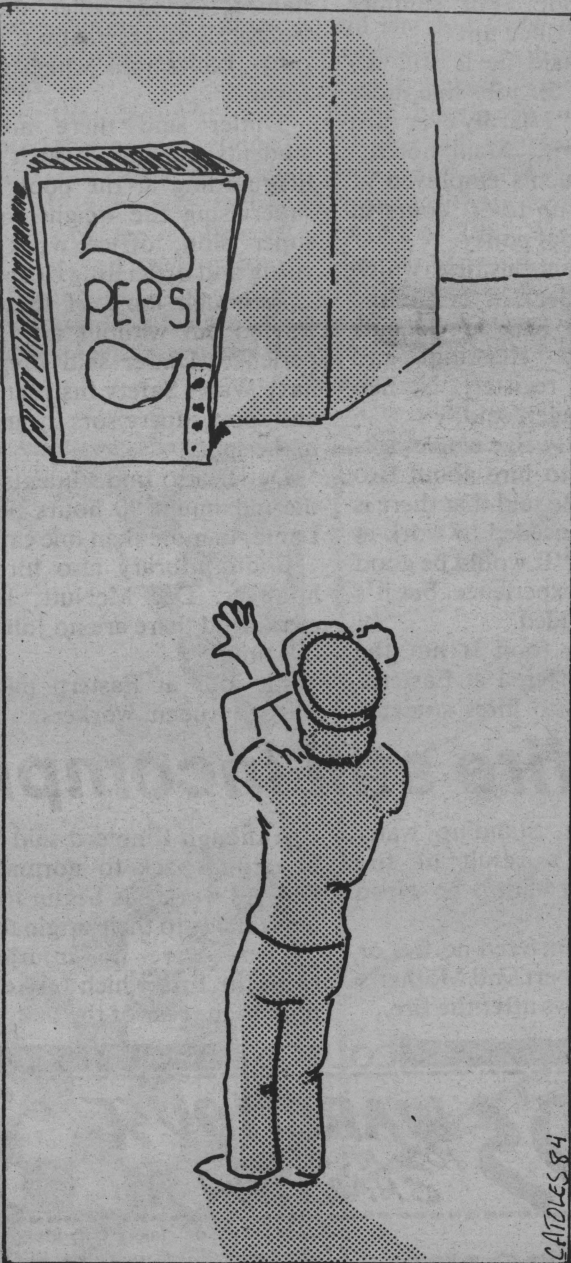

For example, it's going to save the school some money on soft drinks that could be used for other more important things, like printing up Buddy Buttons. Hey, maybe they could put the Pepsi logo on them. Wouldn't that be neat?

Secondly, those machines are going to be great safety devices on campus. People who are working late in classroom buildings, after all the hallway lights are switched off, don't need to feel their way along the walls in fear of horror movie characters. Those suckers give off enough light for the whole campus.

Now there's an idea. We might not even need Buddy Buttons if the machines were lined up in the Library Quad.

Finally, the new red, white and blue high-tech machines seem to have added a bit of life to campus. People have been seen staring at the dispensers for up to an hour with excited smiles. And people are talking about them too. "Did you see the one in Buzzard?" "Yeah, pretty cool, but I like the one in McAfee." It's like gossiping about the new kid in town.

Even though these are all worthy advantages, this whole Pepsi generation deal has me a bit worried. When my grandchildren ask me about some of the great accomplishments people my age made, I don't want to say we were the first group of people to be associated with a brand of pop (sorry soda-

sayers).

Nor do I want them to think that commercials had so much power over us that we built our lives around them. Remember watching those good looking guys and gals as you drank your Pepsi and thinking, *Gee, I want to be just like that when I'm a teenager.*

Can't we at least be referred to as the commercial generation? Or, the good-looking-lively-teenager generation. Or the brightly-colored generation.

The age group which deserves the most concern is probably the forthcoming Cheerios generation. After all, kids made Cheerios number one; didn't they?

—Diane Schneidman is campus/activities editor for The Summer Eastern News.

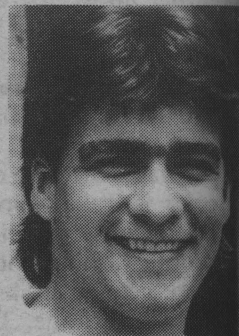

Eastern speaks

This week's question was asked and photos were taken by Maureen Foertsch

Who would you prefer to run with Mondale?

Marc McCollum
sophomore
undecided.

"Geraldine. I think a woman should finally get the vice presidency or something high up there."

Yvette Conidi
freshman
business

"I don't know. I don't know the first thing about politics."

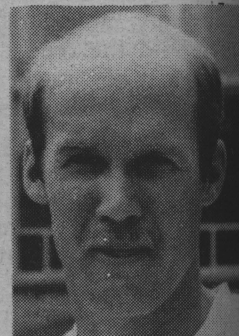

Angella Butler
senior
speech-comm.

"The person who'll do the best job. I don't care whether it's a man or a woman. I don't think they should pick a woman just because it would be the first time a woman would be vice president."

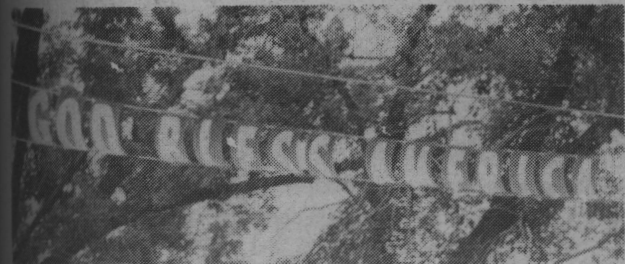

Doug Hargis
graduate student
physical education

"I would say Gary Hart because it would bring the party closer together. There's a lot of support for Hart and it would give Mondale a better chance."

Feeling free on the 4th

Daniel Cook amuses children by making balloon animals at the VFW picnic Wednesday at Peterson Park in Mattoon; the annual Mattoon VFW parade ended at the park, but veterans continued on to Coles County Airport to conduct a memorial service; Jeremy Cook, 2½, plays with balloons his father made; Bambi Vance, 7, enjoys cotton candy at the picnic; signs like this one at the intersection of Broadway and Elm streets hung throughout Mattoon Wednesday.

Roughing it

Outdoor tips for any camper

Personal file:**Karen Sisulak**

On the facing page is a small sampling of campgrounds in the four-state area. No matter which area you may choose to camp, each offers the chance to rough it.

Yes, I mean primitive camping. If enough water is nearby to navigate a canoe downstream or a trail that winds through forest rather than building corridors, then there's more of a chance to forget about modern day conveniences.

Most people find more fun with what I call "domestic camping," rather than sleeping under the stars, carrying in your water or building fires without lighting fluid and charcoal. Sure "domestic" camping allows the kitchen to follow into the woods, but trying to get by minimally is a challenge I find humanizing.

It helps to know a few odd tips before venturing out into the wilderness, though.

First, don't take more food and equipment than is needed. Too much food goes bad fast, unless animals get to it first.

Tying backpacks of food over a branch or securing locks on metal coolers will hinder any attempts from midnight raiders. If canoeing, any varnished paddles should be tied also to prevent animals from gnawing.

Speaking of packbacks, if hiking over a distance try to balance the pack to have the weight evenly distributed throughout the pack.

When setting up camp, it also saves back pain to take the time to brush leaves or pine needles directly under the tent or sleeping tarp to act as a mattress.

Dare to light a fire without lighter fluid? Well, take plenty of matches, but keep them dry. Safety matches dipped in wax will keep the heads dry and help kindle the fire.

It also helps to bring a small container of bleach to sanitize cooking and eating utensils after washing.

Since canoeing is popular, don't let carelessness interfere. Safety jackets are put in the canoes for a reason. Even the strongest swimmer has troubles if capsized in white water.

Although novice canoeists are easy spot, tying down all loose items and keeping "wet shoes" on will reduce pains lost under the current or sole.

If you really want to bring the battery-operated television, gas grill, lawn chairs and the blow dryer to use in the shower house, call the campgrounds to make sure the conveniences you want are there.

A weekly supplement of The Summer Eastern News and the Housing Office

Music camps start performing

More than 400 conferees will ascend Eastern Sunday to be the part of the 33rd annual series of music camps.

The first four groups of musicians will be on campus to define their skills in different areas and a fifth group will join the others Wednesday.

The first groups will learn skills in Chamber Music for Strings, Beginning and Intermediate Guitar, Senior High Band and Senior High Chorus.

The 91 Senior High Chorus members will have voice classes and practice performance in large and small sectionals. Eastern instructor Robert Snyder, Heather Yarborough, Cathy Berns, John Maharg, Jody Woehrman, Gene Groppel, Peter Hesterman and Rebecca Martin will be instructing the group.

The Senior High Band section consists of 159 conferees who will work in band performance in large ensembles and small sectionals. Richard Drew, Kent Nightlinger, Woehrman, Hesterman and many others will instruct the group.

The nine members of the Chamber

Music for Strings group will practice skills in chamber ensemble performance.

The four Beginning and Intermediate Guitar conferees will be able to learn solo and accompaniment styles in guitar performance. The group will be instructed by Carol Voss

The 20 members of the Senior Keyboard group will be on campus Wednesday and will have both private and group lessons.

All groups will be instructed in music theory and music appreciation.

On Thursday July 12 conferees will be able to take part in Talent Night, which will take place at Dvorak Concert Hall. During the show conferees share their talents with each other and every member is asked to participate.

Each group will be staying at Lawson Hall. The first four groups will stay until July 14 and the fifth group will be on campus until July 21.

Joseph Martin is the director of the music camps.

Director Perkins offers conferee an award last year.

Workshops to aid yearbook skills

Three journalism workshops, one for advisers and two for students interested in photography and yearbooks will be conducted at Eastern this week.

The advisers will arrive Friday and take part in sessions that will help improve their yearbook advising skills, Peter Voelz, Eastern journalism instructor and director of the Eastern Illinois High School Press Association said.

Twenty-seven students, 20 here to improve their yearbook skills and seven for photography skills will arrive Sunday.

The students with the yearbook section will attend sessions on basic design, writing and photo selection skills.

The photographers will learn shooting and darkroom skills.

The students will produce a mini-yearbook from their week-long sessions and apply the skills they learned during the week, Voelz said. The theme of the book is Upside Down.

The advisers will instruct the students in the sessions and will advise them as they produce the yearbook.

The director of the workshop is Roger Perkins, an Eastern graduate who was the editor of Eastern's yearbook *The Warbler* in the late '60s.

The advisers will be staying in Thomas Hall and the students in Taylor Hall until July 13.

Lions' camp offers cultural exchange

A most unique camp will be on Eastern's campus Sunday.

The 1984 "Lincoln Land" Lions International Youth Leadership Camp is a camp that gives youth from all over the globe a chance to gain knowledge in many areas.

Dr. Ralph McGinnis, chairman of the Lions camp, said the camp will have about 30 students from countries such as: Italy, Bangladesh, West Germany, Japan, Gabon, Holland and even Eastern's hometown of Charleston, Ill.

The students will try to "broaden their knowledge," McGinnis said, by instruction from professors on Eastern's campus and also by the interchanging of ideas from each of the campers. The students can be instructed in many different areas from Family Services to Art Appreciation.

Abraham Lincoln's leadership abilities

and his many self-taught skills will also be discussed with the camp members, McGinnis said.

The campers will tour a different Charleston area attraction each evening, McGinnis said.

One of the highlights of these tours is when the campers tour Fox Ridge State Park. Each camper gets to walk the Blind Trail blindfolded and with a stick as their only aid, McGinnis said.

After they walk the trail without their vision they then walk the trail again with their vision and notice what they could only hear or smell before, he added.

The goal of this camp is to make better leaders of the campers. The abilities to be a leader should be understood by all youth who possess the potential for leadership anywhere in the world.

The camp will be staying at Taylor Hall until July 21.

Roundball play to be aided

High school basketball teams will convene at Eastern Sunday with hopes to develop their ability to play great basketball together.

The teams will take part in Eastern's second women's basketball camp of the summer.

Bobbie Hilke, Eastern's Women's Basketball coach, said 90 high school-aged basketball players will take part in the camp.

The players come to Eastern with their high school teams in tow and with hopes that they can get a head start on the competition by playing together, Hilke said.

"They get the opportunity to play a total of 12 games together as a team," she said. "We will also help with fundamentals."

Hilke said she and assistant coach Deanna D'Abbraccio will instruct the 12 teams taking part in the camp.

She added that some players come down as independents.

The players come from all over the state and some of the teams have made it into the super-sectionals in the Illinois High School Basketball tournament, she said.

The basketball players will stay at Taylor Hall until July 13.

Weight Watchers Camps give conferees healthy attitude, various healthy activities

Since last Saturday, a group of conferees have been on Eastern's campus weekly with two goals. And every week another group will be on campus with those same goals.

Those goals are "losing weight and gaining a healthy attitude toward eating," and they are the goals of the Weight Watchers Camps, a Weight Watcher spokesperson said.

One hundred and fifty members of the Weight Watchers camps will be on campus every week from now until August 16, the spokesperson said.

The campers range in age from ten to 21 years old.

There will be roughly 20 counselors with the camp, she added.

Unlike most camps that attend Eastern, Weight Watchers brings its own meals.

The camp is like most camps, but with the Weight Wat-

chers' diet, the spokesperson added.

The members will swim, play tennis, volleyball, basketball and arts and crafts during their stay at Eastern, she said.

"The only difference between this camp and others is that every camper will be on the Weight Watchers' diet, which is a very famous, nutritious and balanced diet" the spokesperson said.

Weight Watchers has camps all over the country, she added. There are camps in California, Pennsylvania, Connecticut, Colorado and North Carolina.

This is Weight Watchers first year of utilizing facilities at Eastern. The spokesperson said they chose Eastern because it is centrally located in the Midwest.

Weight Watchers Camps will stay at McKinney Hall. The first group will stay until Friday.

Residence hall rules, guidelines

Please be aware of the following policies and regulations of the residence halls.

- 1) Alcohol is not allowed in conference housing.
- 2) Windows are to be kept closed because of the air-conditioning.
- 3) Do not throw things or yell out windows.
- 4) Members of the opposite sex are off limits in your room and on your floor. Entertain guests in the main lounge.
- 5) Keep doors locked at all times. (The University is not responsible for stolen articles).
- 6) No playing on or mistreating elevators, otherwise they will be turned off.
- 7) Courteous conduct is expected from all campers.
- 8) Curfew hours (11:30 p.m.) required for all "Youth Camps."

Guests will be requested to leave the hall if they:

- 1) Violate one or any of the above policies.
- 2) Disturb others.
- 3) Damage university property.
- 4) Become a risk to self and to others.

Parents/guardians will be notified in such cases.

Vital residence hall information

Mail: To be certain that your mail reaches you, please have your mail sent in care of the hall you are staying in and indicate the your group's name. Mail will be given to the your camp director.

Desk Operations: Taylor, Lawson, Andrews and Stevenson desks will be open from 8 a.m. until midnight. The desk will provide change and answer any questions that you might have. In addition, pizzas and popcorn will be sold.

Phones: There are pay telephones located in the lobbies of Taylor, Lawson, Andrews and Stevenson Halls. All of these telephones are located by the residence hall desk.

Local Calls: House phones located in the lobby will connect you to the "Charleston Area" phones.

Long Distance: Any long distance calls made from room phones (where applicable) will be billed directly.

Emergency Numbers:
Off Campus (Dial "4" first)

Fire-Ambulance	4-345-2131
Hospital	4-348-2525
Police	4-345-2144
On Campus (only four digets)	
Health Service	3013
University Police	3212

Keys: Keys that you have will operate your room door. Please do not lose these keys as there is a \$20.00 charge for lost keys (for security purposes we have to change the entire core when a key is lost). Please lock your door whenever you leave your room.

Outside Doors: All outside doors will be locked at midnight.

Meals: Meal schedules will be posted at the main desk and/or with your camp counselor. And in *Eastern's Summer Conference Guide*.

Vending Machines: Vending machines are located in the basement areas of all the residence halls. Pepsi and candy are available in the vending machines.

Screens: Do not remove window screens from windows.

Hall Facilities: Vending machines, TV, laundry room, video games are located in either the lobby, basement or on individual floors.

Check-Out Time: Everyone is expected to check out of their residence hall room by noon of the last day of your stay. No exceptions.

Check Out: Please follow the following procedures when you leave the residence hall:

- 1) Open your drapes.
- 2) Close your windows.
- 3) Turn off the lights.
- 4) Lock the door.
- 5) Return linen to the main lobby in the residence hall in which you are staying. Lawson Hall residents return the linen to the Lawson Hall main lobby, Taylor Hall resident to Taylor Hall, etc.
- 6) Return keys to the residence hall desk in the building in which you are staying. Your room will be thoroughly checked after you leave and any damage to the room or contents will be billed to you and/or your school at the full replacement cost.

Welcome parents, students to-be...

Future Eastern students and their parents visit Eastern's campus almost every day of the summer to take part in the New Student Orientation program.

Mary Smith, assistant director of housing, said nearly 1,500 future students and their parents will tour the campus as part of E.I.U. Debut 1984.

During this program both students and parents are introduced to all different aspects of Eastern's campus and students can pre-register for classes, Smith said.

The program begins in the as soon as the parents and students arrive in the afternoon.

First, students majoring in business, industrial technology, pre-engineering,

chemistry, physics or mathematics may report to Phipps Lecture Hall (Science Building) by 3:30 p.m. for the required placement examination. The placement exam will be offered during the morning of the second day for those who could not arrive in the afternoon.

After dinner, a panel program will be offered, Smith said. In this program, titled "A Student View of E.I.U." Eastern students will answer questions that the future students and parents have about life on campus and in Charleston.

At 7:45 an optional campus tour will be offered and access to free bowling lanes and billiards tables will be offered.

The next day, pre-registration activities will take place for students. Within this an adviser appointment is scheduled. Participation for students in this is mandatory and it is recommended for parents.

Smith said the program begins at 8 p.m. in Pickles (the basement of the University Union addition).

From there students will meet with advisers, register for classes and take tests that will aid in course placement.

At registration, photos will be taken for student I.D. cards.

Speech and hearing tests will be required during the afternoon, also.

After lunch, future students and their

parents can tour the campus, or search for off-campus housing in Charleston, Smith said.

For those who want to see what living in one of Eastern's residence halls is like, a tour of a residence hall will be offered at 1:30 p.m., she added.

There is a greeting area in the University Union addition lobby for those who want to relax while their others tour the campus and town.

The orientation program has been popular, Smith said. "People leave with a fairly positive impression of Eastern."

"We want to show them that Eastern is a caring school and that we care about the students here," she added.

...tips to make your stay pleasant

Check-In All guests may check in and obtain their room key and linen at the main desk located in the lobby of the residence hall which you are assigned. Generally, most rooms will be ready after 1 p.m. on the specified day of arrival.

Check-Out Noon Due to the great demand for residence hall accommodations during the summer months we ask that you please plan to check out of your rooms by noon. We rotate our rooms throughout the summer and the noon check-out time allows our cleaning staff enough time to clean the

rooms before our next guests arrive. If you have a conflict with scheduling, please consult the Hall Counselor at the main desk.

Meal Tickets If you have pre-ordered meal tickets through the mail or via telephone, they should be in the envelope with your key. If you have not purchased tickets and now would like to do so, they are available at the main desk.

If you want to purchase breakfast tickets, it will be necessary for you to purchase them on your arrival night, because the main desk will not open un-

til 8:30 a.m. Breakfast is scheduled before 8 a.m. because the first pre-enrollment meeting begins at 8 a.m.

Also, lunch tickets need to be purchased before noon of the pre-enrollment day because the desk closes between noon and 1 p.m.

Meal Ticket Refunds If you have ordered tickets and are unable to use them, please leave them at the desk and your money will be refunded at a later date via Eastern Illinois University check. It is not possible to refund cash. Please make sure your correct name/address is attached to the tickets

which you want refunded.

Room Refunds If for some reason, you do not use as any room reservations as you previously requested, please inform the Hall Counselor. Again, it is not possible to refund cash.

Linens/Keys When checking out of the residence hall (noon), please bring your dirty linen and key to the check-out area and have an Eastern Summer Staff member check your linen ad key in so that additional charges will not have to be assessed.

Questions? Please feel free to consult one of our Summer Staff persons.

Linens and things

- Each room will be furnished with one pillow per bed unless notified differently by the Linen Coordinator.
- Each room will be furnished with one bed pad per bed.
- Each person, upon checking into the residence hall will be required to fill out the "Linen Check-Out/Return" card.
- Each person will be required to complete "Return Side of Linen Card" when returning dirty linens to desk at completion of camp.
- Each person will be assessed for missing linens at the cost of:

Sheets	\$4.50 each
Pillowcase	\$1.25 each
Bath Towels	\$2.00 each
Hand Towels	\$1.75 each
Blankets	\$12.00 each
Pillows	\$5.00 each

*Blankets are available from the desk (limited amount per hall) for persons requesting one.

**There are a few clocks available for parents during orientation.

Services on campus

- Lantz Building Hours: 6 p.m. - 8 p.m. Monday - Friday
- University Union Bookstore Hours: 8 a.m. - 5 p.m. Monday - Thursday
- University Union Bowling Alley Hours: 2 p.m. - 9:30 p.m. Monday - Thursday
- Hardees in the University Union: 7:30 a.m. - 6 p.m. Monday - Thursday; 9:30 a.m. - 2 p.m. Friday
- Union Station Sweet Shop: 9 a.m. - 4 p.m. Monday - Friday
- Union Candy Shop: 8 a.m. - 5 p.m. Monday - Thursday

Want to know more about Eastern? Admission information is available

Conferees who are interested in attending Eastern Illinois University should contact Eastern's Office of Admissions.

John Beacon, director of admissions, said that potential future students can receive admission information and applications for entry into Eastern by contacting the Office of Admissions.

When one receives an application it is best to wait until the early fall of a students' senior year in high school to apply, Beacon advised.

There is no fee for applying and applications are processed immediately after they are received, Beacon said.

Applicants will receive a notice from the Office of Admissions in two weeks, he added.

Guaranteed admission into Eastern does not mean that on-campus housing is guaranteed, Beacon said.

He advised students to apply for housing before applying for admission.

To be eligible for entry into Eastern some academic requirements must be met.

To be admitted to the Eastern candidates must:

- Fall Semester—
1. rank in the upper half of their high

- school class based on six or more semesters,
2. or achieve an ACT composite score of 19 (SAT of 820).

Spring Semester or Summer Terms—

1. rank in the upper two-thirds of their high school class based on six or more semesters,
2. or achieve an ACT composite score of 17 (SAT 760).

Beacon noted that beginning freshman who could not meet regular admission requirements have the chance of entering Eastern through the Prescriptive Curriculum Admissions Program.

The PCAP is not remedial or conditional—it includes only regularly offered University courses—and the number of students accepted into the program is limited by available resources.

For more information on applying at Eastern, the requirements or PCAP contact by calling:

1-800-252-5711

or sending the following coupon to:

Camping, canoeing, hiking sites to match your liking

Turkey Run, (Indiana)— Located in Marshal, Turkey Run Park offers a wide variety of activities within the grounds. Camping permits for non-electric units are \$4 and electric units are \$6.50 per night. Cabins, including shower and toilets, are available for \$31.50 per night. Swimming, horseback riding, cycling and ten hiking trails are also accessible. (317) 569-6705

Facilities separate from the park offer canoe rentals along Sugar Creek at rates for all-day trips \$15 per canoe and \$8 for the afternoon, which includes portage costs and life preservers. (317) 569-2635

Shakamak State Park, (Indiana)—Provides campgrounds and cabins in close proximity of Lakes Shakamak, Kickapoo and Lenape. Camping for non-electric units is \$4 and electric units \$6.50 per night. Rates for cabins based on seven-day occupation are \$78 for four, \$84 for six and \$90 for eight persons.

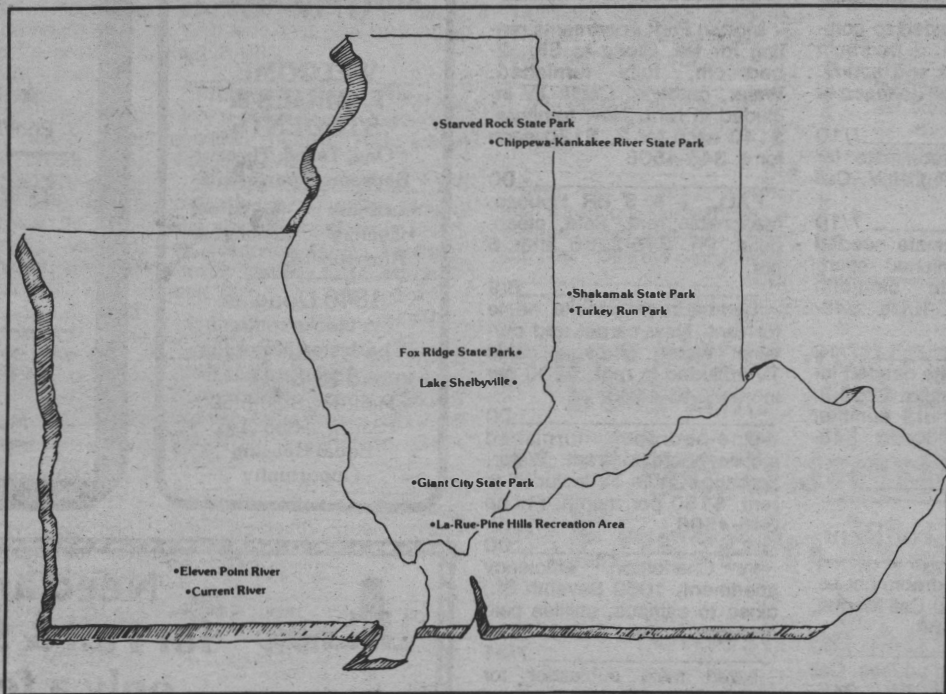

Facilities for rowboating, paddleboats, horseback riding, cycling and hiking are open during regular park hours.

Unless camping, there is a \$1.50 day admission to the park, which includes use of trails and swimming areas. (314) 421-3060

Current River, (Missouri)—Canoeing and float trips can be arranged through the parks and campgrounds located along the river, featured within the Ozark National Scenic Waterway system. Van Buren is the central departure location for most float trips.

The Garden of Eden Campgrounds, (314) 323-441, features primitive camping and facilities for electrical hook-ups, along with arrangements for canoe and innertube trips. Deer Run Campground, (314) 323-8506, also features primitive and domestic camping facilities and float trips, but also includes cabin rentals, a golf course and a water slide.

Eleven Point River—One hour northwest of the Current, the Eleven Point is another river featured

by the Ozark National Scenic Waterway system. U.S. Forest Service personnel recommend visitors to stay in Van Buren and make float trip arrangements from the campground or hotel. Fees for the trips usually include canoe or tube rental, life preservers, transportation, and in some cases, lunch and beverages. (314) 323-4216

Fox Ridge State Park, (Illinois, central)—Eight miles south on Route 130, the park features fishing, picnic areas, campgrounds and trail hiking. Daily campground check-in from 8 a.m. to 4 p.m. Camping permits are available for trailer access (\$3), primitive (\$3) and walk-in sites (\$2). Walk-in and primitive sites do not allow

vehicle access and water is within walking distance. Check out time for all camping sites is 3 p.m. 345-6416

Lake Shelbyville—Under supervision of the corp of engineers, Opossum Creek, Coon Creek, Lone Point, Bo Wood, Whitley Creek and Lithia Springs camping areas are available on Lake Shelbyville. Fishing, boating, swimming, picnicing and camping facilities are available at most campgrounds. Marinas for boating and canoeing are within easy access.

General camping fees within the corp sites are \$4 for primitive, non-electric \$6 and electric \$8

per unit. Free camping areas are available, but have no facilities. (217) 774-3951

Giant City State Park (Illinois, southern)—Near Carbondale, the park offers campgrounds, trails, visitors center, public dock, picnic areas, weekend campfire programs, equestrian camp and rappelling areas. Little Grass, Devil's Kitchen and Crab Orchard Lakes are within 15 miles.

Class A camping permits (\$8) allow use of electrical hook-ups, shower and water access and car access. Class B permits allow tent camping and water use at \$2 per night. Horse quarters are available at \$6 per night. (618) 549-0032

La-Rue-Pine Hills Recreation Area—One hour south of Carbondale, Pine Hills offer only semi-primitive camping facilities. No electricity or showers are available. Water is accessible. (618) 833-8576

Chippewa-Kankakee River State Park, (Illinois, northern)—Boasts 200 camp sites with 86 sites with electrical hook-ups, canoe rental and access, fishing and playgrounds. Features Watermelon Festival and Kankakee County Fair during summer months.

Camping fees for car access (\$6) include water and electrical hook-ups. Class D fees, semi-primitive camping, allow water access. (815) 933-1383

Starved Rock State Park—Features 12 miles of trails, along with 133 camp sites, boat access, fishing and park lodge.

Fees for overnight camping Class A \$5 (showers, electricity, vehicular access), Class B \$4 (electricity, vehicular access), Class C \$2 (vehicle access), Class D \$1 (no vehicle access) and Class E group camping \$.25 per person with minimum daily fee of \$2. Family camping limited to 14 consecutive nights. (815) 667-4726.

AN ROTC SCHOLARSHIP WILL TAKE CARE OF TUITION WHILE YOU TAKE CARE OF BUSINESS.

Coming up with good grades is a job in itself. It's even harder if you have to worry about coming up with tuition too. Army ROTC can lighten that load. We've got scholarships that pay tuition, required fees and an amount for books and supplies. Plus, pay up to \$1,000 each year they're in effect.

What if you don't receive one? ROTC can still help—with financial assistance—up to \$1,000 a year—for your last two years in the program.

So check out a way to keep your mind on the books not on the bucks. Find out more by contacting your Army ROTC Professor of Military Science.

ARMY ROTC.
BE ALL YOU CAN BE.

Your Health Care

SARAH BUSH LINCOLN FOUNDATION

Woman's Health Program — A New Service

A new service for women has been established at Sarah Bush Lincoln Health Center. This new service is emphasizing diagnosis and treatment procedures for premenstrual syndrome (PMS). An accurate diagnosis of this condition requires careful monitoring and observation by the patient and her physician over a period of time perhaps as long as two to three months. Detailed information about symptoms and behavior are needed to plan an appropriate treatment program. In the meantime, the patient needs support, understanding, information, guidance and perhaps other forms of treatment.

The Woman's Health Program at Sarah Bush provides

- a telephone contact point for information and guidance 24 hours a day;
- emergency treatment 24 hours a day;
- immediate referral to knowledgeable physicians who specialize in obstetrics/gynecology and family practice;
- counseling services;
- a support group.

The Woman's Health Program is centered in the Emergency Services Department at Sarah Bush Lincoln Health Center under the direction of Pamela Hortentine, R.N., Assistant Director of Nursing.

If you or someone you know needs the Woman's Health Program call: (217) 258-2182. From Charleston call: 348-2182. For emergency services go directly to the Emergency Room.

Rent a mini-storage for as low as \$20 per month. Sizes 4 x 12 up to 10 x 22. West Route 16. Phone 345-7746.

Campus clips

Baptist Student Union will hold weekly fellowship every Monday at 7:00 p.m. in the University Baptist Church.

Red Cross summer blood drive meeting will be held Monday, July 9 at 3:30 p.m. in the Union Arcola-Tuscola Room. Anyone who wishes to work during the blood drive should attend this meeting. Those who cannot attend should call R.T. Bear Cragg at 581-2288 or Dean Lowell's office, 581-3412.

International Tea is scheduled for Tuesday, July 10, 2:00-4:00 p.m. at the Wesley Foundation, 2202 4th Street. Everyone is invited to attend and meet foreign students and their friends. Sponsored by Mattoon Zonta International.

Campus Clips are published Tuesday and Thursday (summer), free of charge, as a public service to the campus. Clips should be submitted to *The Summer Eastern News* office two business days before date to be published (or date of event). Information should include event, name of sponsoring organization (spelled out—no Greek letter abbreviations), date, time and place of event, plus any other pertinent information. Name and phone number of submitter must be included. Clips containing conflicting or confusing information will not be run if submitter cannot be contacted. Clips will be edited for space available. Clips submitted after 9:00 a.m. of deadline day cannot be guaranteed publication. For summer only, clips will be run in every issue until event date has passed. No clips will be taken by phone.

Official Notices

Official Notices are paid for through the Office of University Relations. Questions concerning notices should be directed to that office.

Parking Permit Fee and Fine Increases

Increases in parking permit fees for university lots and fines for violations of parking regulations will go into effect with the beginning of Fall Semester 1984. These increases are necessary (1) to provide for required rehabilitation and maintenance of the parking lots, (2) to keep pace with inflationary costs (permit fees have not been changed since 1975), and (3) to bring the University's fee structure more into line with that of comparable institutions of higher education.

Parking permit fees are as follows, effective Fall Semester 1984:

Permit	Acad. Yr.	Semester	Summer
Faculty/Staff	\$20.00	\$10.00	\$7.00
Red-Student	20.00	10.00	7.00
Blue-Student	6.00	3.00	2.00
Yellow-Student	—	3.00	2.00
Purple-Student	6.00	3.00	2.00

Parking ticket fines are as follows, effective Fall Semester 1984:

1st offense	\$2.00
2nd offense	\$5.00
Each additional offense	\$10.00
Failure to report any change	\$10.00
Parking in restricted zones	\$10.00

Glenn Williams, Vice-President for Student Affairs

Fall Pre-enrollment Reminder

A currently enrolled on-campus student may pre-enroll for Fall 1984 until Friday, July

6 at 4:30 p.m. — TOMORROW.

Pick up materials and instructions in the Registration Operations Room, south

basement McAfee, Until 3:00 p.m., Friday, July 6.

Completed pre-enrollment forms must be put in the box outside the Operations Room no later than 4:00 p.m. FRIDAY, JULY 6 — TOMORROW. Any undergraduate student must have the department stamp on his form.

To increase chances of getting a complete schedule, each student is encouraged to indicate a USABLE specific alternate course for each specific primary course requested.

Michael D. Taylor
Director, Registration

NDSL Borrowers

If you do not plan to be at least a half-time student at EIU next semester, you must report to the Loan Collection Office in Old Main for an exit interview before the end of Summer 1984 Semester.

Call 581-3715 for an appointment.

"Do-it-yourself" CLASSIFIED AD FORM

Name _____

Phone _____

Address _____

Ad to read: _____

Under classification of: _____

Dates to run _____

Student? Yes No (please check one)

CLASSIFIED AD INFORMATION

COST: 14 cents per word first day, 10 cents per word each consecutive day thereafter (minimum 10 words). Student rate is half price and ad MUST be paid for in advance.

PLEASE: no checks for amounts less than \$1.00.

PLEASE print neatly. Don't use Greek symbols.

Fill out this form and cut out from newspaper. Place ad and money in envelope and deposit in the News drop-box in the Union by 2 p.m. one business day before it is to run. During the summer semester the News will be published Tuesdays and Thursdays only.

Ads may be submitted in person by coming to the News office, located in the Buzzard Education Building, North Gym. Office hours are 8:00 a.m. to 4:30 p.m. Monday through Friday.

Legitimate Lost & Found ads are run FREE for three days, but dates to run must be specified. There is a limit of 15 words per ad.

All political ads MUST contain the words "Paid for by" and the name of the person/organization paying for the ad. No political ad can be run without this information.

The News reserves the right to edit or refuse ads considered libelous or in bad taste.

Method of payment: Cash Check (please check one)

Athlete of the year signs with optimistic softballers

Bill Tucker
 Angela Lendvay, a short-outfielder from Mundelein High School, has recently signed a softball scholarship to attend Eastern, head coach Deanna D'Abbraccio announced.
 Lendvay, a Second Team All-Area selection by both the Chicago Tribune and the Chicago Sun-Times, was a four-time starter at Mundelein.
 Lendvay lead Mundelein to a 22-5 record and a North Suburban Conference championship this season. In her senior campaign she hit a blistering .400 with 15 home runs, 64 runs batted in, while making only four miscues. Lendvay's talents earned her one of the highest of school honors as she was named Mundelein's 'Outstanding

Athlete of the Year'.
 Lendvay won team Most Valuable Player honors in softball, volleyball and basketball. She was also an all-conference selection in softball and volleyball in both her junior and senior years.
 Lendvay is currently playing softball in Sweden and Denmark as a member of the Chicago Area High School All-Star Team.
 D'Abbraccio said she is pleased with the recent signing of Lendvay. "This is definitely the heaviest time for recruiting," D'Abbraccio said.
 "I am really excited about the upcoming season. This is about the best class of recruits we have had in a long while," D'Abbraccio said.

from page 12

at the 16:07 mark, AMF were let into the game by hitting five of six technical foul free-throws to close in 4-10.
 All three techs were assessed to Bay City's team manager Tyrone Brown, who was consequently ejected for excessively questioning the officials' judgment.
 The loss of Brown did not amount to much though, as the Bay City Rollers increased their lead to 37-22 at the half. With 11:10 remaining in the game, the Bay City Rollers had a commanding 47-33 lead but had an extra attempt to contend with as players began to slip and lose their balance on the wet floor. Rain had fallen on the court from the skylight.
 Officials had first decided to move the game to the smaller North Gym but at the time the lights warmed up the game had stopped and play began once again in the South Gym.
 It was to AMF's dismay that play had started though; because, Bay City's fastbreak was too much for AMF to contain. And Bay City cruised to a 4-46 victory.

After being reduced to a megar spectator, Brown said "I got the best team of intramurals. By far we have the best and overall well rounded team."

Intramural Note: Golf has been cancelled due to lack of entries, the Intramural Office announced on Tuesday.

Quote of the week

"I don't need to handcheck, that's why God gave me quick feet," intramural player Tyrone Brown said after an official explained the pre-game foul rules."

IM cager units slip past adverse conditions

by Dobie Holland

Intramural basketball survived different adversity Tuesday night at McAfee South. Participating teams had to weather the storm of believable indoor rain delay which stopped the third scheduled game for 15 minutes while one had both teams that narrowly, avoiding a tie.

Before the 7 p.m. contest began, the Ghostbusters and the Phi Sig team had less than five minutes to the game. Both teams were facing possible forfeit game time. With four minutes to spare, they had enough players before the 15 minute forfeit had expired.

For the sake of time, the officials ruled to shorten their game from 20 to 15 minute halves.

The 9 p.m. contest which matched the Bay City Rollers against AMF was delayed by rain that leaked onto the floor through skylights atop McAfee. Officials grew concerned for the safety of the players and decided to stop the contest until the rain subsided.

Despite all of this hoopla, the show did go on.

The first match had the Ghostbusters leading the Phi Sigs, 17-12. They rode on the inside power of senior David James during the first half. James scored 13 of his game high 23 points at the half.

With 2:23 left, the Phi Sigs closed the gap to 25-23 at 35-32. But the inside game of James outlasted the Sigs outside shooting attack and the Ghostbusters won by a final of 52-42.

"We're in ridiculous shape, James said, and less than awesome, but we're enthusiastic and one plus we have.

The 8 p.m. matchup featured Undersurveillance and G Force. Turnovers and cold shooting resulted into low scoring was the story of the night of their contest as the half ended at 17-10 in favor of G Force.

The scoring picked up in the second half as Undersurveillance took a 20-19 lead at the 14:58 mark. But G Force recaptured the lead with 10 minutes to go, 25-24, and went on to win 40-31.

It seems that the best game is always last, saying held true again on Tuesday night. The game featured two teams that scored impressive victories over their opponents on Monday night.

AMF who had defeated the Lakers 44-37 on Monday, faced the Bay City Rollers who creamed Superstars 77-58.

Bay City jumped out to a hurried 7-0 lead supported by pressure defense, strong rebounding, and passing when running their transition fast-break.

Ghostbuster Richard Taylor drives to the hoop against his Phi Sig opponent for two points. Taylor penetrated to the basket and dished off passes for a number of assists. Most of his assists can be accredited to the center David James who netted 23 points. (News photo by Sam Paisley)

Softball action played on full slate

by Bill Tucker

To say that men's intramural summer softball season is now in full swing, would be putting it lightly, as a full schedule of games were played Tuesday at the old varsity softball field.

Game one's action premiered Hit List who defeated The Masters of the Universe 16-12, in a contest which featured a couple of tape measure home run blasts.

Bill McMillan and Lenny Seward scored three runs each for Hit List and Chris Junkert and Danny Miller crossed the plate three times each for The Masters of the Universe.

What Ever continued their win-

ning ways by topping the Dragon Flies 12-5 in the second game. This matchup always has a one-hour time limit, but, it still lasted six innings before being ruled a complete game. What Ever relied on speed and defense for their victory.

In the third game, which does not have a one hour time limit, Mu Ling's Blazing Rice Balls nosed out the Ho Daddys 6-5 in a seven-inning contest. Pat Carroll, Dan Pedersen and Steve Buckley provided the offense for Mu Ling's Blazing Rice Balls.

"Good pitching and tough defense won the ball game for us. We played a good team that had a

solid defense but we managed to beat them," Mu Ling's captain, Dan Pedersen, said.

Action begins Monday at 4:15 p.m. with The Salamanders squaring off against The Masters of the Universe. The 5:15 game will feature a clash between the Diablos and Hit List. The 6:15 game will pit Mu Ling's Blazing Rice Balls against the exceptional Dragon Flies.

The eight teams in action this summer are Mu Ling's Blazing Rice Balls, The Dragon Flies, The Salamanders, Diablos, Hit List, The Masters of the Universe, What Ever and the Ho Daddys.

Inside

Big hit

The recent signing of softball recruit Angela Lendvay was a big smash with head coach Debra D'Abbraccio.

D'Abbraccio said she was excited and optimistic and she was anxious to start play next season. "This is about the best class of recruits we've had in a long while."
