One-woman show a success despite lost luggage and sound problems

By PAMELA LILL
Activities editor

Lost luggage and sound problems did not mar the performance of Celeste Holm Tuesday night at Dvorak Hall.

"My luggage is in Albuquerque, Holm said when she came out on stage. She was left without costume or props to perform her one woman show.

"It's such a hassle when luggage gets lost," Holm said.

In addition, problems with the sound system caused problems during the show as audience members complained loudly that they could not hear Holm.

Holm started the evening by giving a brief insight into her life and the beginning of her career. "I was very fortunate in choosing my grandparents," she said.

Her grandmother played an important role in her life, Holm said. She told the story of when her grandmother took her to "The Nutcracker." "I wanted to be a part of that from then on," Holm said.

"One of the things I loved so much was going to the theatre with my grandmother," Holm said.

After seeing "The Nutcracker," Holm said she wanted to leap in the air and be caught by a friend. Her dream finally came true, Holm said, when she slid down the banister in "Mame," and ended up in

Celeste Holm

the arms of her supporting cast.

"I wanted to stop there and say, 'this is the fulfillment of a lifelong dream,'" Holm laughed.

Holm changed her dream of dancing to acting when she got "interested in communicating with people with words."

Holm shared other some other thoughts she has found about life with the audience. "I think we should stop all competition after the age of 13," she said. The Oscar winning actress is also for equal pay employment.

"I think if a man does a job as well as a woman, he

Over 4,500 sign petitions for Fall Break

By JULIE ZOOK
and LORI EDWARDS
Staff editors

About 4,500 signatures have been garnered for a petition asking for the return of Fall Break for Eastern students.

At-large Student Senator Joe O'Mera, who is co-chairman of the Student Legislative Committee sponsoring the petition drive, said Tuesday that although some of the petitions have not been turned in, he believes about 4,500 signatures have been received.

O'Mera said petitions are missing from several of the greek sororities and fraternities, as well as some petitions from residence halls. Final figures should be available Wednesday, he said.

"We have to count how many residence hall residents have signed (the petitions), and break those

See related editorial on page 4

down to see the percentage," he said. Off-campus signatures and figures are the most difficult to get, he added.

About 40 people helped run the drive, O'Mera said. The organizers had tables set up in the library quad, residence halls and several buildings.

"We gave up Monday in the library quad because of the weather," O'Mera said, adding that workers stopped at about 3 p.m. Tuesday on the Library Quad and at 2 p.m. Tuesday at Coleman Hall.

"We may set up a table outside the library" later, he added.

Although the petition drive was originally supposed to be Monday and Tuesday only, O'Mera said the drive will unofficially continue until the Board of Governors meeting on Oct. 24.

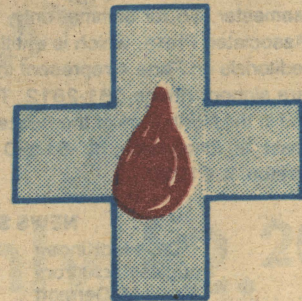

Board of Governors representative Michael Ashack said Tuesday he been in contact with the BOG representative from Western Illinois University in Macomb to see if that school would be interested in joining in the petition drive, since Western is also without a Fall Break.

Western's BOG representative, Gary Schwagen, told Ashack that he (Schwagen) would "find the feel of (Western's) campus," Ashack said. If Western joins Eastern in the drive, Ashack said the two schools' approximate signature goal is 14,000.

"If we could the the support of Western, it'd be great," Ashack said.

O'Mera said the committee's first strategy was "to get as many (signatures) as we can and then plan for (See OVER, page 8)

Extension burns cigarette taxes

SPRINGFIELD—The 8-cent-a-pack increase in the state cigarette tax went up in smoke Monday night when President Reagan signed a bill extending the 16 cent federal cigarette tax for 45 days.

The state tax was contingent on the federal tax being cut, but Congress acted Monday to extend the federal tax.

Reagan was expected to veto the measure. But White House spokesman Rusty Brashear announced early today that Reagan had signed the bill before midnight, when the new fiscal year took effect. Brashear provided no details or explanation regarding Reagan's decision to approve the legislation.

The measure would delay until Nov. 14 an 8-cent cut in the federal cigarette tax that had been scheduled to take effect Tuesday.

Congress is expected to make the 16-cent levy permanent, but the effort is being delayed by unrelated issues.

State legislation enacting the higher cigarette tax was written so the increase would go into effect if the federal cut went into effect today.

The state tax increase from 12-cents a pack to 20-cents was touted as a painless tax increase because it would coincide with the federal cut and thus would not affect the price of cigarettes.

Illinois may be site for car plant

SPRINGFIELD—A Mitsubishi Motors Corp. official was quoted Tuesday as saying Illinois is "99 percent certain" to be chosen as the site of the Japanese company's new \$500 million auto plant, but state officials said they could not confirm a decision had been made.

"We've got our fingers crossed," said David Fields, press secretary for Gov. James Thompson, adding the state had not been notified about any decision on the plant site.

The Peoria Journal Star quoted an unidentified Mitsubishi official Tuesday as saying Illinois likely would be the site of his company's joint venture with Chrysler Corp.

New AIDS medicine 'promising'

MINNEAPOLIS—An experimental new drug stops the AIDS virus from reproducing and attacking blood cells in the laboratory, and initial tests show it can be given safely to AIDS victims, researchers said Tuesday.

"I think this is very promising. This is one of the most potent drugs" against the AIDS virus, said Dr. Hiroaki Mitsuya of the National Cancer Institute. "The advantage of this agent is that it is less toxic in vitro," or in the test tube, than other experimental AIDS medicines.

The drug, known chemically as azidothymidine, has been code named compound S by its developer, the pharmaceutical firm Burroughs Wellcome.

The effort to treat AIDS has been stymied by the difficulty of attacking viruses in general and the virus that causes this lethal disease in particular. The new drug works by short-circuiting the chemical process that the virus uses to make copies of itself inside human white blood cells.

Heckler quits HHS top post

WASHINGTON (AP)—Margaret Heckler stepped down Tuesday as secretary of the Department of Health and Human Services to become ambassador to Ireland, but President Reagan denounced reports that she was forced from the post as "malicious gossip" and "falsehood."

"I think Mrs. Heckler was justifiably upset by the kind of gossip that was going around," the president said as she stood at his side. "I don't know where this was coming from. It was malicious, it was false. She executed the policies that I wanted for the agency."

There had been persistent reports that the White House staff, particularly chief of staff Donald Regan, had disapproved of Mrs. Heckler's performance and had applied pressure to get her out. The department, with 145,000

employees, has a \$330 billion budget—the largest in the government.

"I've never been able to find the individual responsible for this," Reagan said of reports that the White House was displeased with her work.

"She has done a fine job at HHS," the president said, during a brief appearance in the White House. "As a matter of fact, if she hadn't done such a good job, I wouldn't have been so eager to seek her out to be the ambassador to Ireland."

The president said a successor to Mrs. Heckler had not been chosen.

White House deputy press secretary Albert Brashear said Mrs. Heckler will remain at HHS until she is confirmed as ambassador by the Senate.

FBI suspects KGB activity

WASHINGTON (AP) — FBI counterintelligence agents are seeking a former federal official who quit his new job in New Mexico and fled after agents began questioning acquaintances about the possibility he was a Soviet spy, a U.S. official said Tuesday.

The source, who refused to be identified by name, said the investigation of Edward L. Howard may have been triggered by information from a top-level Soviet defector, former KGB official Vitaly Yurchenko.

Last week, administration and congressional sources said Yurchenko had named a very few former CIA men as Soviet agents and Tuesday two officials put the number at two.

Among his government posts, Howard was assigned by the State Department to Moscow in 1983, according to a department document. He

also served in the Agency for International Development.

AID and State are two agencies that sometimes are used as cover for overseas CIA assignments. But it could not be learned whether Howard was one of the ex-CIA men named by Yurchenko and had simply used his federal agency costs as cover, or whether he came to the FBI's attention through information obtained independent of Yurchenko.

CIA spokeswoman Patty Volz declined comment, as did the FBI's Bill Baker.

Neighbors told AP reporter Edward Moreno in Santa Fe that eight FBI agents, backed by a helicopter, converged on Howard's home outside Santa Fe last Saturday. The neighbors said neither Howard nor his wife Mary were at home.

Photos show Soviets still alive

BEIRUT, Lebanon (AP)—A telephone caller said Tuesday that two of four kidnapped Soviet Embassy employees had been killed, but intelligence sources said they were alive and the purported abductors produced photographs of them.

The instant photos, in color, showed all four Soviets with guns at their heads. An accompanying message said they would be killed unless a Syrian-backed offensive against fundamentalists Moslems in the northern port of Tripoli was called off.

There was no indication in the picture of the day or the time the photos were taken.

The photos were delivered to a Western news agency in Beirut with the statement, which said; "We will start carrying out the death sentence on

the first hostage at 9 p.m. (2 p.m. EDT) sharp unless the atheistic campaign against Islamic Tripoli stops."

But as the deadline passed there was no indication whether any action had been taken.

Leftist militias backed by Syria, the Soviet Union's main ally in the Middle East, have cornered fighters of the fundamentalist militia Islamic Unification in Tripoli, the port city 50 miles north of Beirut.

Two of the men in the pictures were identifiable as the kidnap victims from pictures in their residence permits, photocopies of which were circulated by the kidnappers earlier in the day. Lebanese authorities verified that the permits were authentic.

Rives' revised plan for CUPB approved by Faculty Senate

By **BILL DENNIS**
Staff writer

The Faculty Senate approved President Rives' revised plan for the Council on University Planning and Budget and voted to later nominate the new faculty member the plan allows.

"President Rives did incorporate some of our suggestions," into the new plan," said Jayne Ozier, Faculty Senate chair.

The new plan allows for five faculty members on the CUPB to be determined by the Faculty Senate in whatever manner it chooses. Each faculty member will be from one of the six different colleges and will serve three-year terms on the council.

There are four faculty members that serve on the current council.

Two of the four faculty members currently on the CUPB are from the College of Arts and Sciences and the other two are from the College of Education and the School of Business.

Since the chair of the Faculty Senate has now been made a voting member of the CUPB, Ozier said it is now possible for all six of the colleges to be represented on the council.

Rives said he believes the changes made in the CUPB are "responsive to concerns and desires of both groups (the CUPB and Senate)."

"I'm sure some people will say the changes did not go far enough," Rives said. "But I think they're

reasonable, and I'm ready to get on (with business)."

In other changes incorporated in the CUPB, the president of the university will no longer be a voting member of the CUPB. Senate members had earlier objected to the president being able to vote and having veto power at the same time.

Under the revised plan, there are four administration members voting to nine faculty and student voting members.

"It's clear the faculty and students outnumber the administration in votes," Rives said.

According to the revised plan, there will be 17 voting members of the council. Six of those members will be chosen by faculty, six will be chosen by administration, three by students, and two by civil service workers.

Two deans will be selected by the Council of Deans, one academic chairperson by the academic department chairpersons, and one director by the Administration and Finance Council. Further member will be selected by the Council of University Administrators. All will serve two-year terms.

The president will select another member who will serve a one-year term.

Two more members will be selected by Civil Service Council.

The Faculty Senate tabled a proposal to begin electing CUPB members.

Tuesday blood drive a success

By **JONATHON LINTON**
Staff writer

Tuesday, the second day of the blood drive, "was much more successful" than Monday, said general chairman Mary Purcell. "I think the weather today brought us a bigger turnout."

Monday was "pretty slow," collecting only 253 pints, publicity chairman Dan Zicarelli said.

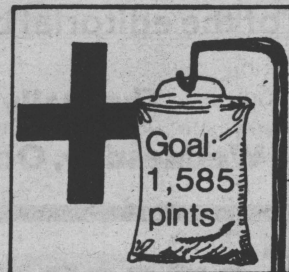

Tuesday brought an increase of more than 100 pints, making the day's total 383 pints, Zicarelli said.

As blood banks around the country are desperately in need of blood, Purcell urges students to get out and donate. She also expressed gratitude to those students who have already donated.

1,585 pints of blood is the goal for this year's drive, Purcell said. Purcell added that she "felt confident this goal would be achieved."

Eastern's "We Are The World, We Are The Blood Donors" blood drive continues through Thursday from 11 a.m. to 4:15 p.m.

Wednesday is "Bring a Buddy Day," and no appointment is necessary.

Senate approves letter opposing BOG change

By **BILL DENNIS**
Staff writer

The Faculty Senate voted Tuesday to draft a letter to the Board of Governors opposing a proposal to change the BOG's current administrative system to a chancellorship.

The letter will be written by Senate Chair Jayne Ozier and senate members Carole Stevens and Dick Goodrick.

The action follows the unanimous senate vote last week to oppose the BOG's proposal. Senate members

believed the change in BOG bylaws would weaken the powers of individual university presidents.

Under the current system, the BOG is administered by an executive director and university presidents have a direct voice to the BOG.

Under the new system, the presidents would report to the chancellor and would have no direct access to the board.

In other action, the senate made a motion critical of the Illinois Board of Higher Education's attempts to set admissions requirements for all Illinois state

colleges and universities.

This summer, Eastern's admissions standards were redefined by the BOG to include four years of English and two years each of mathematics, natural sciences, and social studies.

The new standards are expected to go into effect for high school classes graduating in 1988. After two years, the new standards will be reviewed by the BOG, which could either tighten or loosen the

Senate tardy in addressing lost fall break

"Too little, too late" seems to be the adage that best fits our student government.

If you have been walking in Coleman Hall lately, chances are you have been accosted by a student government worker urging you to sign a petition to reinstate fall break.

Editorial

If you're like most Eastern students, you probably signed the petition in the belief that fall break is a useful one-day vacation. You might even be surprised that student government is finally working on an issue many Eastern students care about.

But don't be too surprised—some of our illustrious senators have not abandoned the bungling practices they have built a reputation on.

In their noble fight for fall break, the senate has once again shown it doesn't know when and how to fight for student issues.

Although fall break was originally eliminated a year ago, the senate has waited until both this year's and next year's academic calendars were already approved to begin its fight.

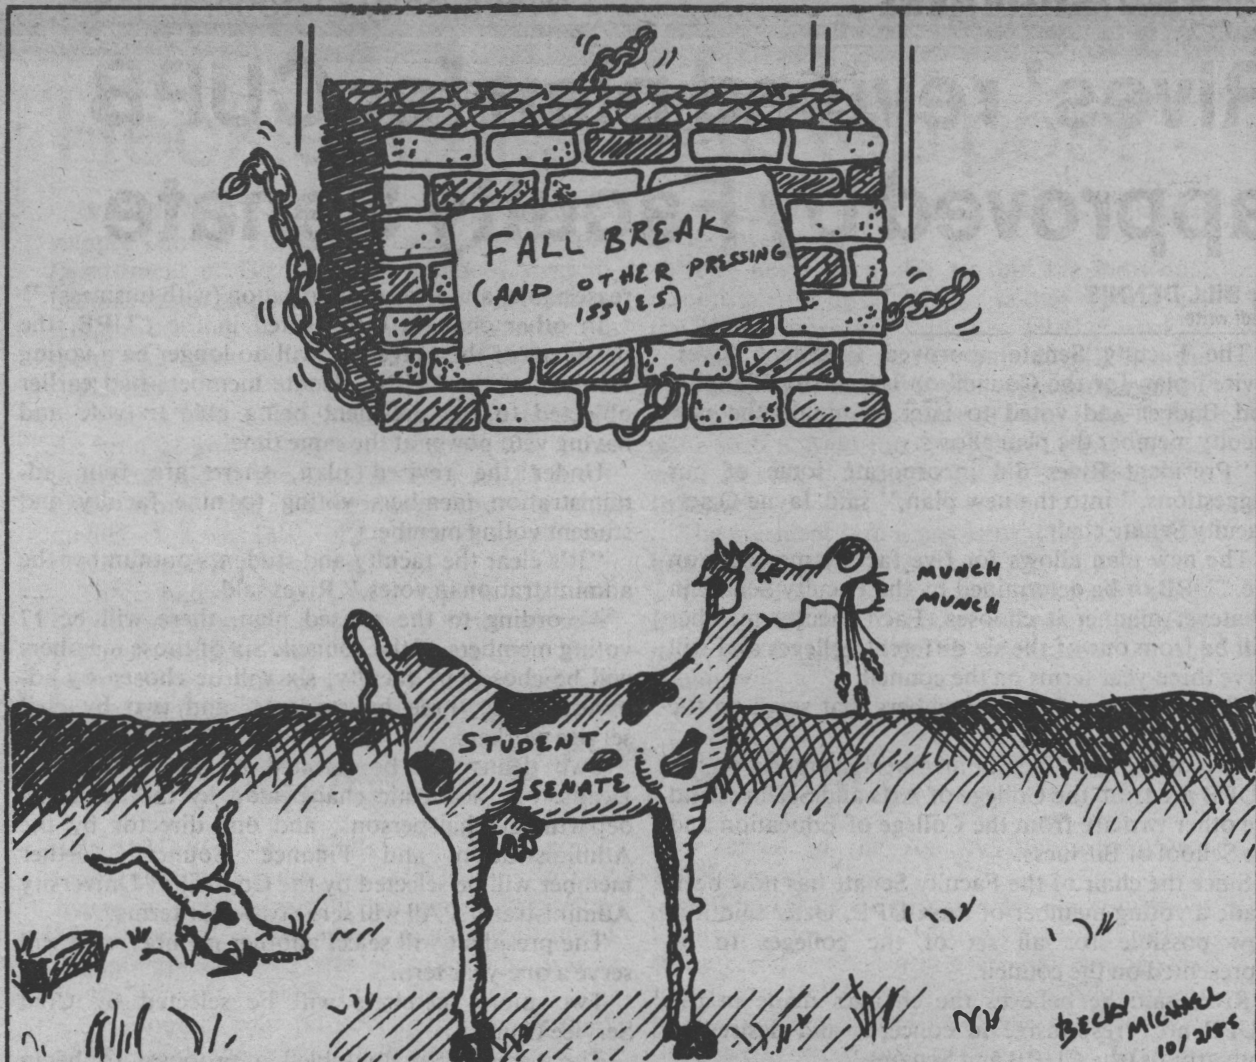

Fall break was originally abolished in the September 1984 Board of Governors meeting. During the meeting, there was not a whimper of protest from Aaron Shepley, our student representative on the Board.

The next day, several disgruntled senators said in a *Daily Eastern News* article they were unaware that the break was in danger of elimination. They used the old "lack of communication" line to explain their ignorance.

Although senators still had plenty of time to try to re-establish fall break '86, they again waited until after the calendar was approved to start their petition drive.

Now, unless the administration can be persuaded to change a calendar that has already been established, fall 1987 is the earliest Eastern students can enjoy another three-day weekend.

Are senators starting a petition drive now because they learned a year late that there won't be a fall break this October? It looks that way.

Upcoming AC/DC Springfield show spurs unneeded furor about lyrics

It's billed as the concert that couldn't be stopped, although hundreds of irate, God-fearing Springfield residents tried their damndest to do just that—stop AC/DC from performing in the state's capital.

The concert, scheduled for Thursday night at the Prairie Capital Convention Center in Springfield, has attracted state-wide media attention.

Ironically, the flap in Springfield comes in the wake of congressional hearings to decide whether records should be subject to a labeling system similar to those imposed on movies.

The concert has been the subject of editorials and numerous letters to the editor in Springfield's *State Journal-Register* and many other Central Illinois newspapers.

There's a really simple solution: If you like AC/DC, go to the concert. If you don't like AC/DC, stay home.

Springfield residents who are against the concert argue that AC/DC's songs promote 'devil worship.' As near as I can tell, the anti-concert people are fearful that Springfield could become infested with devil worshipping mini-cults if a majority of impressionable, young Springfield residents attend and their minds are warped by the band's songs.

If I were a young, impressionable Springfield resident planning to attend the concert, I'd be insulted that my elders thought so little of me to assume my mind would automatically be warped from listening to AC/DC's music.

Music is a relative term, however. While I can't stand to listen to AC/DC's music, (or that of Twisted Sister or Iron Maiden or any other hard-core metal band), the issue here is not whether AC/DC is a good band, but rather if they should be allowed to perform music which may offend others.

For fans of hard-core rock bands, the music of Frank Sinatra, Glenn Miller or Billy Joel may well be offensive. I haven't heard of too many hard-core rock

Notebook:

Julie Zook

fans asking for a Billy Joel concert to be cancelled.

But the possible offendeers are not only people who listen to different types of music, but those who listen to anyone or any group spout its rhetoric.

For example: A few years ago, G. Gordon Liddy, the man who supervised the Watergate break-in, spoke at Eastern's campus. I wasn't around here then, but I caught Liddy's speech when he visited Northern Illinois University.

There was a large and vocal group of anti-Liddy people who said Liddy was a warmonger and dangerous. They said the university group which sponsored his speech should not have spent \$5,000 to have an ex-convict speak on campus.

Now, if the anti-Liddy people had had their ways, Liddy would not have spoken at NIU, and I would have missed an informative and fascinating talk.

Example Number Two: What about Brother Jed and other campus evangelists who descend on campus quads every fall and spring like a Biblical swarm of locusts? Surely they offend some members of the crowds which attend their mini-lectures.

Not allowing a band or a speaker to promote whatever they promote because some people don't agree with the message is not right. It enters into the First Amendment fray of whether the message stirs people to action and whether that action will be detrimental to a majority of people.

So, for all of you who are still confused, here again is a simple suggestion: If you like them, go. If you don't like them, stay home and watch a re-run of Gilligan's Island.

Letter policy

The *Daily Eastern News* welcomes letters to the editor from any reader addressing issues relating to the campus community.

The name and telephone number of at least one author must be submitted with each letter to the editor.

Only the first three names from letters containing more than three authors will be published unless

further specified.

Letters submitted without a name (or with a pseudonym) or without a telephone number or other means of verifying authorships will not be published.

Authorship of letters will be verified by telephone or by means otherwise specified by the author prior to publication.

Names will be withheld only

upon justifiable request.

Letters should not exceed 250 words. Letters which exceed the 250-word limit will be edited to standards with author's permission.

Authors addressing controversial issues must consider time for rebuttal.

Endorsement letters will not be published on election days.

Senate requests funds for discount card advertising

By A.L. LANDERS
Staff writer

The Student Relations Committee of the Student Senate plans to request funding for advertising student discount cards Wednesday.

If approved, Senate Speaker Larry Markey said the committee will use the funds to inform Eastern students that this year's student discount cards are available.

The advertisements would run in *The Daily Eastern News*, and would inform students that the cards are out and where they can be picked up.

Senate members will table the request for one week before voting on it, Markey said.

In addition, senate members will hear a request from the University Board for a bylaw addition, Markey said.

The bylaw addition redefines the committees under UB, including advertising/design, concerts, homecoming/crazy daze, human potential, lectures, mainstage, movies, performing arts, public relations, production, special events, subway, summer programming and video tape.

Eastern's student phone book to be distributed in late October

By DANE BUCZKOWSKI
Staff writer

Eastern's student phone book, *Student's Directory and Buying Guide*, will be distributed in a few weeks.

Harry Read, director of information and publications, said the phone books, which are paid for by Illinois Consolidated Telephone Co., Charleston, will be given to all students and faculty.

Read said the phone books are scheduled to arrive at Eastern from a Dwight printer Oct. 18 so students

should receive them "a few days later."

Once Eastern receives the books, they will be distributed from the Housing Office, he said.

In addition, Read said a new method of distribution is being considered to deliver the books to off-campus students but no details of the new technique have been discussed.

Because mailing has been fairly costly in the past, Read said a new way of delivery is being sought.

INSTANT REPLAY: YO-YOS

Before you make a long distance commitment, make sure you know what you're getting into.

If Fletcher Christian and Captain Bligh had known what being stuck in the same boat would mean, chances are neither would have set foot aboard.

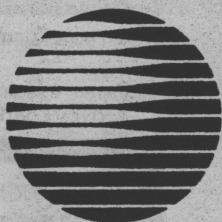

• And if you're stuck in the same boat with a long distance company that doesn't give you all the services you need, it's easy to harbor mutinous thoughts.

But when you pick AT&T as your long distance company, you know you're in for smooth sailing.

You'll get trouble-free, reliable service. Immediate connections—even during the busiest hours. Guaranteed 60% and 40% discounts off our Day Rate on state-to-state calls. And operators to assist you with immediate credit for wrong numbers and collect calling.

So when you're asked to choose a long distance company, sign aboard with AT&T. With AT&T Long Distance Service, you'll never be left stranded.

Reach out and touch someone.®

AT&T

The right choice.

Counseling Center offers procrastination workshop

Procrastination is something everyone is guilty of at one time or another so the Counseling Center is offering a workshop to help prevent it.

"Procrastination," scheduled to be presented at noon Wednesday in the Greenup Room of the Union, deals with "understanding why we procrastinate," Counseling Center Director Bud Sanders said.

The workshop is designed to include "practical methods of solving procrastination," Sanders said.

Audience members will be involved,

he said, to find out what kinds of things they procrastinate on and why they don't stop.

"It will be school things and non-school things," Sanders said.

The seminar is free and open to the public.

"If they're really not ready to deal with it yet, we'll offer it again next year," Sanders said.

If students don't put it off, the workshop is expected to be well attended.

Workshop deals with date rape

By **NANCY DOOGAN**
Staff Writer

A "Dating and Abuse" workshop featuring four films from the "Acquaintance to Rape" series will be presented to students Wednesday.

These films deal with different dating situations, and are very thought provoking, said Bonnie Buckley, a Coles County Women Against Rape spokesman.

The workshop, scheduled for 7-to 9 p.m. Wednesday in the Union addition Oakland room, will discuss stereotype dates and the idea that many people automatically expect certain things from their dates, Buckley said.

Twenty-five percent of students do

not know how to handle uncomfortable situations, Genie Lenihan of the Counseling Center said.

Buckley said college freshmen are the highest rape percentage group in the nation.

The program is geared to teach a person to recognize early warning signs of a potential abuser and how to change or avoid abuse in dates, she said.

The Coles County Women Against Rape was formed in 1977 because some women realized there was no place for victims of rape and abuse to receive support and counseling, she said.

The workshop is free and open to the public.

should be paid as much. It's only fair."

Holm followed her talk with two one-woman shows. In "A Southern Belle at a Dance," Holm became a flirtatious woman who was seeking the attentions of three men. After making advances toward a doctor and a lawyer, the Southern Belle settled on a sculptor/painter.

"Three Women and Mr. Clifford," was Holm's second one-woman performance. Mr. Clifford was an executive on Wall Street and Holm took on the personalities of his private secretary, Mrs. Clifford, and Mrs. Mallory, Clifford's lover.

Holm went from the most efficient secretary, to the demanding wife, to the understanding "other woman" with just a change of glasses and shirt—the only props that weren't lost with her luggage.

"It shows how much an illusion there can be created by so little costume," Holm said.

Up on the stage alone, Holm had no one to fall back on. "I trust myself by now," she said.

Holm's many achievements include appearances in "Mame," "Gentleman's Agreement," "The King and I," "Oklahoma," and her latest role in "Falcon Crest."

Holm said she had no favorite, adding that it really depends on the script. "I just adored 'The King and I,'" Holm said. "I loved them all."

Next month Holm is traveling to England to "sing for the queen."

After the performance Holm signed autographs, but asked that 50 cents be donated to UNICEF for each signature. Holm has raised \$14,000 for her favorite charity through this project.

Over from page 1

our presentation" (to BOG).

O'Mera said the workers' main problem so far has been getting seniors to sign the petitions.

"A lot of seniors won't sign because they know they won't get it," since they will have graduated before Fall, 1986, which is the first possible time Fall Break could be reinstated.

"It's ridiculous to go from Labor Day to Thanksgiving without a three-day weekend," O'Mera said.

Eastern President Stanley Rives addressed the question Tuesday, saying Fall Break "is probably desirable. The question is: Is it necessary?"

"The most important thing is the number of class days," Rives said,

adding the petition "does not surprise me at all. Some faculty members also said they miss Fall Break."

O'Mera said the committee would have begun working on the petition drive earlier, but O'Mera "assumed it was already done. I didn't know. We've been planning in committee and we waited until after the new senators were seated."

"I just wasn't informed," O'Mera said. "I don't remember approving this calendar last year."

Asked whether the committee would push the issue if the BOG didn't approve the request, O'Mera said, "We're going all the way," but declined to elaborate.

Airlines remain safe despite accidents

WASHINGTON (AP)—While acknowledging problems in air safety, the chairman of the National Transportation Safety Board said Tuesday that airliners are still "the safest way to travel" and the public should not be unduly alarmed by the rash of airline accidents this year.

But NTSB Chairman Jim Burnett told the Senate Commerce aviation subcommittee that the Federal Aviation Administration has failed to respond to changes brought on by airline deregulation, including the rapid increase of small airlines and increased air traffic.

He said FAA inspectors are not only too few in number but often have "a very gentlemanly" relationship with the airlines they are supposed to monitor. Breakdowns in communications and coordination also remain "very disturbing," he said.

The hearing was called to examine a variety of air safety issues against a backdrop of an unprecedented string of airline accidents worldwide that has claimed more than 1,600 lives this year.

Asked whether air travel was safe, Burnett, whose agency investigates airline accidents, replied: "I don't think there's any basis for the aviation consumer to be alarmed over a degradation of safety."

FAA Administrator Donald Engen, testifying separately, also disputed suggestions that the rash of accidents reflect a less safe aviation system.

"We're keeping the system safe. I will not allow the system to become unsafe," Engen told the subcommittee, promising to "bear down" on airlines to assure that they follow federal air safety regulations.

Senate

from page 3

standards.

The standards set by the BOG will affect Western, Northeastern, Chicago State and Eastern. Governors State will not be affected by the change because it is an upper-division school.

The BOG is following a 1990 deadline set by the IBHE to establish such standards.

The senate motion states that the council "sees no need for central interference" in admission standards, especially in light of recent gains in test scores.

"It's a rather cheap solution to a problem that runs deeper than that," Sutton said. "The secret is how they (the classes) are designed.

"Take diagramming sentences, for example," Sutton said. "I am sure I learned it 57 times.

"Why do we have to depend on repetition? I think it's a sign of bad teaching," he added.

"I wonder what kind of politics are behind this," said senate member Larry Janes. He added that there is a "de facto" movement to consolidate smaller schools in Illinois.

"There is no way smaller schools can meet these recommendations," by offering classes to meet the new admission requirements, Janes said.

The senate also passed a resolution urging faculty members to attend a conference sponsored by the University

Professionals of Illinois.

However, the resolution was less than Eastern's UPI President Don Dolton had hoped for.

Dolton asked the senate to endorse The State of Our Public Universities, a conference sponsored by the UPI-Board of Regents in cooperation with the Illinois Federation of Teachers.

After discussing details of the conference the senate was generally in favor of sponsoring it.

"You are filling a vacuum of leadership in higher education in Illinois," said Senate Secretary Lewis Coon.

However, Stevens criticized the lack of instructors who were slated to participate in panel discussions at the conference.

"There is no one there who is down there in the trenches," Stevens said.

"No one whose current, primary concern is teaching."

The participants were chosen for having a reputation of being concened with the problem being discussed, Dolton said.

"It doesn't disqualify them just because they are not currently teaching," Dolton added.

"It suggests a scale of values in which having the primary responsibility of teaching is not very high," Stevens countered.

The senate also discussed sending a person to attend the conference before making any endorsements.

"Our concern is to get support before the conference begins," Dolton said.

The senate endorsed the idea of faculty attending the conference, rather than endorsing the conference.

Golfers hit through wind, cold, place third in Invite

By MIKE MADIGAN
Staff writer

Eastern's golf team, braving the coldest day of the fall thus far, placed third out of nine teams Monday at the EIU Invitational held at Mattoon Country Club.

Temperatures dipped into the middle 40s and the wind, mixed with occasional drizzle, made conditions less than favorable.

Despite an uncooperative Mother Nature, the Panthers still carded a 309, finishing behind Illinois State (307) and Bradley (303).

Team captain Dave Ransom got back on track after his disappointing performance at the Kentucky-Wesleyan Tournament on Friday by shooting a 74—good enough for co-medalist honors, which he shared with Western Illinois' Mike McNeil.

"After the first three holes, I settled down and played some pretty decent golf," said Ransom. The senior carded a 38 on the front nine and pared the back nine with a 36.

"The wind made it difficult to judge distance which in turn makes it tougher on which club to use," said Ransom. "The cold didn't bother me until the 15th when my hands became cold."

Todd Lindsey and Clay Snyder continued their consistency by carding 77's, "Todd and Clay have really been consistent this year," coach Paul Lueken said. "We couldn't have placed third without them."

Joe Fremgen, coming off a very good performance from last week, finished the day with an 81. "Joe hit

the ball real well—he just had a few bad breaks putting," Lueken said.

Eastern also had a second team compete in the tournament. That squad finished the day at 333.

Heading up the "B" squad was Todd Bittle, who shot 82. Mitch Myers followed at 83, Dan Marshall with 84 and Bob McCormick 84.

"Overall I'm really proud of them," Lueken said. "Both Bradley and ISU have top-notch programs and we were right there with them. With the weather being as it was, I thought we played well."

Knee injury will sideline Lewandowski at least a month

Defensive end Dave Lewandowski will miss at least a month and possibly the season with cartilage damage in his knee, team physician Dr. Jerry Heath said Tuesday.

Lewandowski, a 6-3, 260-pound sophomore, was injured in the first half of Saturday's game at Southern Illinois. He spent the second half on the sidelines wearing street clothes and walking on crutches.

"Any time you get a cartilage injury it's fairly serious," Heath said. "He'll undergo an arthroscopic exam on Friday, but before that we won't be able to tell how serious it is."

In four games, Lewandowski collected 15 tackles and tied for second on the team with 1½ sacks. Starting nose guard Carl Parker will move to Lewandowski's end position, while Aaron Thomas will fill Parker's spot at nose guard.

Meanwhile, linebacker Jon Moore is a questionable starter for Saturday's game at Kansas. Moore suffered a serious ankle sprain Saturday.

"This type lasts longer than a normal sprain," Heath said. "He played some Saturday with it and he wants to play this week, but we can only wait and see."

Versatile Pitts

Halfback DuWayne Pitts is certainly having a consistent season even if his team isn't.

Football notebook/Jeff Long

Pitts has the chance to become Eastern's best all-purpose back since the legendary Poke Cobb. The sophomore is averaging 102 yards rushing a game and 45 yards receiving for 147 all-purpose.

It's the best for a running back since Cobb's record in 1979, when he led NCAA Division II in rushing and averaged 151 all-purpose yards a game. Pitts has 1,200 career all-purpose yards however, a far cry from Cobb's 6,077.

Pitts was a lone bright spot in the Panthers' loss to SIU, catching seven passes for 76 yards, although he was held to 34 yards rushing.

Offensive lows

Saturday's lack of offense was certainly one of the Panthers' biggest days in terms of futility in recent years. In fact, coach Al Molde has trouble remembering the last time his team was shut down so effectively.

"We've had some games where we haven't done so well," the coach said, "but they simply stopped us. They disguised their coverages real late and did a good job defensively."

•Roy Banks will attempt to bounce back from

Saturday's drought, when he was shutout for the first time in his career.

"I'm just going to have to live with that and live through it and prepare for the next game," Banks said. "We're going to have to prove something to ourselves and not the fans, because like I said, we can play consistent football, not up and down."

I-AA stat ranking sinks

With Eastern's lackluster offensive performance at Southern, the Panthers have all but disappeared from the weekly NCAA I-AA team statistics.

The team's passing offense has fallen from fourth to 10th, averaging 299.7 yards passing a game.

Individually, the Panthers slid down the ladder quite a few notches. Calvin Pierce, who a week ago led the nation in receiving yardage, slipped to sixth after catching just two for 38 yards against SIU.

Pierce also dropped from fourth to 10th in pass receptions with an average of seven per game.

•Quarterback Sean Payton is fifth in passing yards with 1,191 and eighth in total offense with 282.7 yards a game.

Gateway honors

Not surprisingly, Southern Illinois tailback Byron Mitchell was named the Gateway Conference's offensive player of the week. Mitchell ran wild Saturday against Eastern, amassing 210 yards on 22 carries.

Eastern volleyball players Misty Buckhold (left) and Maura LeFevour (right) attempt to block a hit by Illinois' Sally Rea (12) Tuesday at Lantz Gym. Illinois swept Eastern in three games.

Spikers suffer sweep by 12th-rated Illinois

By DAN VERDUN
Assistant sports editor

Tuesday's volleyball match between Eastern and Illinois was a classic case of two teams headed in opposite directions.

Illinois, riding the crest of an unbeaten season, swept Eastern, losers of six straight matches, in three games at Lantz Gym.

The Illini, ranked 12th in this week's NCAA poll, toppled the Panthers 15-7, 15-6 and 15-9.

The victory lifted Illinois' record to 21-0. Eastern dropped to 11-8.

Despite the loss, Eastern coach Betty Ralston was pleased with the Panthers' improved blocking, a weakness that has plagued the team.

"The blocking was a lot stronger tonight," Ralston said. "Our net play tonight was 100 percent better."

"(Eastern middle hitter) Maura (LeFevour) did a real nice job, better than she has been doing lately."

LeFevour, along with help from senior Lori Berger, held Illinois' leading hitter Mary Eggers to just three kills and a .231 hitting percentage. When the two teams met in Champaign Sept. 17, Eggers registered 19 kills and hit .531.

Ralston was also happy with the Panthers' play with their backs against

the wall in the third game.

"Holding the nation's No. 12 team on 14 (points) for 11 serves is something to feel good about," Ralston said. "I'm very pleased with the way we came back (from an 14-2 deficit)."

However, Ralston was disappointed with Eastern's serving.

"They (Illinois) gave us a lot of opportunities," Ralston said. "I don't think they played very well at all. I've seen them play better."

Illinois coach Mike Hebert agreed with Ralston's assessment.

"I don't think we're the 12th best team in the country," Hebert said. "I don't think our play is deserving of that lofty ranking."

Leading the Illini attack was freshman outside hitter Sandy Scholtens who had 12 kills and a .688 hitting percentage on the night.

Junior outside hitter Sally Rea added nine kills and hit .389, while middle hitter Denise Fracaro had seven kills.

Sophomore outside hitter Diane Eiserman led Eastern with nine kills. Senior co-captain Misty Buckhold and freshman reserve Gianna Galanti each had six kills.

Eastern returns to action Saturday by traveling to Valparaiso for a non-conference match.

Ailing Purple Aces stall out clock on booters, win 2-1

By DOBIE HOLLAND
Staff writer

Eastern's soccer team played with the heart of a champion but with the skill of junior varsity rejects, in what turned out to be a physical contest, as Evansville outlasted the Panthers 2-1 Tuesday at Lakeside Field.

Eastern was once ranked second in the Midwest and 18th in the nation, now they sit humbly on top of a modest 4-2-1 record. The contest featured 45 fouls, 27 belonging to Eastern and four yellow cards, two attached to the Panthers.

Both sides agreed they played poorly. But the soccer Panthers made some mistakes quality high school teams would not make. Uncharacteristic of a squad who appeared ready to play at the start of the contest.

Poor passing led to the Purple Aces' first score of the game during the first half of play. Mick Lyon stole the ball (at 26:17) and raced up the field to kick a dying quail that gasped past goalkeeper Mark Simpson who dove to his right.

Still in the first half, Jack Mitchell scored on a pass from team captain Rob Schoensler to make the score 2-0 at the 14:24 mark. Once again, the booters found themselves in a hole, a la Illinois State.

"The two quick goals really hurt us," said Panther coach Cizo Mosnia. "Our passing wasn't sharp at all, (although) we played a lot better than at Illinois State. We should have won this game," he added.

The soccer Panthers did show signs of resiliency when Greg Muhr centered

the ball high and Craig Hartman used his head to knock in the goal. The goal was Hartman's third of the season which occurred with 1:52 remaining in the half.

Pressure was applied constantly on the Purple Aces during the second half; Larry Pretto missed a sensational scoring attempt missing the net high, this occurred with 29:08 left.

Another key factor, the Aces leading scorer went down and was taken out of the game with a head injury with 20:07 remaining. Unfortunately, for the booters it didn't help as Evansville sat on the ball every chance they could until time ran out.

Purple Aces head coach Frank Schmalz acknowledged the fact that his team had dodged Eastern's low caliber bullet.

"I don't think either team played very well, Schmalz said, "it was a scrappy game. We just took the air out of the ball the last 10 minutes of the game."

"We had some players hurt and we weren't going to take any chances. We respect them (Eastern) very much. Fortunately, the clock ran out while we were ahead," Schmalz added.

Simpson, accrued seven saves while John Holloway of UE had four, the Panthers had nine shots on goal and the Aces had eight.

Following the game, Mosnia met with the booters behind closed doors to talk with his players. They both cleared the air about any hidden feelings they may have had towards each other, Mosnia said.

Mets win pitching duel in 11th, 1-0

ST. LOUIS (AP)—Darryl Strawberry hit a two-out home run in the 11th inning and Ron Darling combined with Jesse Orosco on a four-hitter Tuesday night keeping the New York Mets alive in the National League East with a dramatic 1-0 triumph over the St. Louis Cardinals.

Strawberry's 28th homer, which came after reliever Ken Dayley struck out the first two batters he faced, capped a game otherwise dominated by Darling and St. Louis starter John Tudor. Neither Darling nor Tudor, however, got a decision.

The victory in the opener of the three-game series pulled the Mets within two games of first-place St. Louis and kept the Cardinals' magic number for clinching the division at four.

Tudor, who leads the major league with 10 shutouts, blanked the Mets for 10 innings on six hits. Darling shut out New York on four hits in five innings.

Dayley, 4-4, replaced Tudor to start the 11th and struck out Keith Hernandez and Gary Carter. But Strawberry hit a 1-1 pitch into the right-field bleachers for the game's only run.

Orosco, 8-6, pitched out of trouble in both the 10th and 11th innings.

Angels regain lead, 4-2

KANSAS CITY (AP)—Mike Witt and Donnie Moore combined on a six-hitter as the California Angels regained their one-game lead over Kansas City in the American League West with a 4-2 victory Tuesday night over the Royals.

Witt, 14-9, worked 7 2-3 innings before Moore came on to get his 30th save. Witt gave up six hits, walked one and struck out five.

The Angels scored three runs in the fifth and chased Kansas City left-hander Charlie Liebrandt, 17-9, who had won four of his previous five.

Inside

Injuries

Two key defensive players, Dave Lewandowski and Jon Moore, went down with injuries in the Southern Illinois game. Lewandowski will be out for at least a month while Moore is still questionable for Saturday's game.
