## NORMAL WINS AND THEN LOSES

**Defeat Sparks 25 to 25, and Lose to McKendree College by Score 18 to 14**

One of the fastest games witnessed on the Normal school floor this season was played there last Wednesday evening when our school team met the fast quintet from Spark's Business College.

Hopes of the Normal school fans were high, but general judgment was that we had no hopes except to keep the score down. Until the last moment the game was anybody's, and until the whistle blew no one knew which way the game would go.

Much credit is due the Lantz men on their ability to cover up their experienced rivals. Each man seemed at his best, Turner and Cook played excellent forwards. Hampton so successfully covered Woodworth that he really seemed insignificant as compared with what he usually is. McCabe absolutely fearless, cool and deliberate flew from one man to another and so furiously attacked that it was seldom that the ball passed him.

Schmaelzle, though only a few inches over six feet, and weighs 200 pounds or less, overpowered his man completely and made more points than other individual.

Our basket ball team met defeat at McKendree College last Saturday night by the small score of 18 to 14. While our team were playing against odds of age, experience and weight, they showed the quality for which they are noted, namely, bull dog tenacity. The final score being 14 to 18. If McKendree had shown the team work displayed by the Blue and Gray they would have beaten our team badly.

### YOUR DUTY

In a body of more than one thousand students there are likely to be demands for service or merchandise from business men of this community that about measure up to the complex list of activities maintained by the business men. In the columns of The News most of these activities are advertised. There are some of the business men who do not believe that this paper has any "pulling power." It is hard to hold the patronage of some advertisers when they see student trade going to competitors who do not advertise. In the main, we believe that Normal students do support our advertisers. This support is justified. The merchants who support The News represent the best in the city.

When YOU have occasion to trade at any of our advertisers' stores mention the fact that you are from the Normal School and that you saw their advertisement in the News. It will gain their interest in you, and will help the Managing Board over some rough spots.—Ex.

### CRITICISMS

That our basket ball team is a good one is agreed to by all. Yet our team is not perfect, no one expects that. A person who knows basket ball and each individual player, has made the following criticism. The Normal School teams ability to hit goals is not as good as it should be. This weakness has lost at least one game for the Blue and Gray this year. Inexperience is another thing which detracts as many of the schools have teams composed of men who have played several years on either high school or college teams. Perhaps no team in the conference has so youthful a team as our school and while Harley, of Ohio state, All-American half back, was only nineteen and West, Colgates wonderful tackle, was only eighteen, it is a generally accepted fact that a man of mature years will be able to stand up better. In fact our team has shown signs of fagging when playing against older and more experienced men.

### PEMBERTON HALL RATES

Mr. Lord visited Pemberton Hall Thursday evening and gave a talk to the girls. A serious problem is facing Pemberton Hall. For the last few weeks the funds have been running uncomfortably close. This is due to the great increase in the price of food stuffs. Almost every staple article has doubled in price. One of three things must be done; the quality of the food must be lowered; the amount of the food must be lessened; or the price of board must be raised. In the catalog board was advertised at \$3.50 per week and will not be raised without notice or before next term. The occupants of Pemberton Hall will be given a chance to decide this week which of the three they prefer. From the talk we hear they will decide in favor of the raise in price.

Board has always been very reasonable in this town, perhaps widely through the influence of Pemberton Hall. If the board at the dormitory is raised other places will eventually raise their price, but at that, board will be much less than in many other neighboring school towns.

### ADDRESSES CLUB

L. M. Wilson of the department of psychology, Eastern Illinois State Normal school at Charleston, delivered an address before the January meeting of the Shelbyville Woman's club, in session at club headquarters Monday afternoon. Preceding the lecture a quartette of ladies, Miss Nemah Worley, Miss Harrier Bryant, Miss Elizabeth Zimmer and Mrs. J. K. P. Grider with Miss Georgia Hopkins at the piano, sang a pleasing selection. Prof. Wilson was introduced by Mrs. Delia Miller, president of the Woman's club, and spoke for an hour on "The Obvious Relations Between Mind and Body." At the conclusion of the address Miss Icenberg, with Mrs. Margaret Willard as accompanist, sang a double number. During the business session Mrs. Maude Allen was admitted to membership by vote of the club and on recommendation of the board of control. Mrs. W. C. Kelly who was chairman of the committee having charge of the recent sale of Red Cross stamps, reported that a total of 2,801 were disposed of in this city during the few weeks, preceeding the close of the year, the sum of \$28.01 being realized from this source to carry on the war against tuberculosis.—Shelbyville Union.

If self government, in its broad-  
est sense, were a practical thing,  
our country would be saved large  
sums annually in the salaries paid  
to officers who execute the laws.  
Granting that every person was both  
intelligent and well disposed to-  
ward his fellow men, then it would  
be possible to have that ideal state  
where the citizens rule by popular  
sentiment. This ideal state does  
not yet exist, for in every country  
there are some individuals who are  
ready to put their own interests  
ahead of their country, who are  
ready to use their power for profit  
at the expense of their neighbors,  
or if they see a chance to escape a  
penalty will be ready to break laws  
or traditions just for the sake of  
breaking them.

As students in a school which  
turns out teachers, we are supposed  
to be intelligent. Why then can  
we not be self governing to a large  
extent? Is it not possible to rule  
the assembly room and halls so  
that it will not be necessary to  
have a faculty member in charge?  
Will not popular sentiment take  
care of any transgressors? There  
are few, if any who would openly  
face the disapproval of the student  
body as a whole, or the ostracism  
that should come to all offenders.  
It is a matter of history that at one  
time it was considered as poor form  
to be out of order in the assembly  
room as it is to be out of order dur-  
ing chapel. Can we not inaugu-  
rate this order of things? It would  
be greatly to the credit of the  
school if we would take care that  
bad conduct is met with disfavor.  
If we, who are to have the training  
and discipline of children, can not  
force ourselves to do what we  
know, to be right; if we do not  
show our disapproval of lawlessness

and disorder, how then can we  
hope to have our schools models of  
good behavior and order that every  
teacher hopes for?

Some people with lots of time  
and large imaginations have hit  
upon a novel plan of making a  
fool out of various ones of their  
friends and classmates. The  
victim is asked to place his finger  
upon his forehead, stand squarely  
upon both feet, and give the  
abbreviation for mountain. Mt.  
sounds a great deal like empty  
and the finger indicates the place  
where the brain is supposed to be  
located. "Such a confession."

### VERNON BAKER WINS

It was announced in last week's  
issue that a feature of the Farm-  
er's Institute would be a corn  
judging contest for the boys of  
Coles County. Vernon Baker, a  
member of the Sophomore class  
at the Normal school, was the  
winner of the first prize and wins  
a trip to the short course in Ag-  
riculture at the University of Illi-  
nois with all expenses paid.

Clifton James, a student at the  
high school won second, the prize  
being a trip to the short course  
in agriculture with one half of  
his expenses paid.

Competition for the prizes was  
quite keen, and the boys are to  
be commended for their success.

## SOCIETY NEWS

By Zola Phillips

A Welch rabbit party was held  
in one of the rooms of Pemberton  
Hall Sunday afternoon. Those  
present were Cecile Yainaway,  
Mabel Snyder, Cora Lockwood,  
Neva Higgins, Hazel Young, and  
Evelyn Allison.

Arrangements are being made  
for a Junior-Senior dance at the be-  
ginning of the next term. This  
dance will be called the Junior-Sen-  
ior prom and will be held in the  
parlors of Pemberton Hall the first  
Tuesday night of the next term.  
This is the continuance of the move-  
ment by the Junior and Seniors for  
a closer relation between their  
classes.

One of the largest crowds of the  
school year enjoyed the party in  
the gymnasium Saturday evening.  
These parties have grown to be one  
of the best attended and enjoyable  
of the social functions of our  
school. It is a means of keeping  
many from the streets and loafing  
places of the town and brings them  
in contact with the best society of  
our school. The increase in atten-  
dance has made possible for the  
managers to secure a better quality  
of music than has heretofore been  
possible to engage.

### SPRING TRIP TO SOUTH

year.

It is thought that High, the  
well known second baseman and  
pitcher, Hughes a first class pit-  
cher from Lerna, and Bowman,  
the little southpaw pitcher from  
Greenup, will enter school in time  
for the spring training.

**CAPTAINS ELECTED**  
Elections are the order of the  
day. Ballots were cast for bas-  
ket ball captain last week and  
Stephen Turner was unanimously  
elected to the commanding po-  
sition for the coming season.  
"Steve" is a consistent player.  
He will play his position and act  
as captain in a manner that will  
do his school honor.

Roscoe Hampton, this year's  
quarterback on the foot ball team,  
and guard on the basket ball team,  
has been chosen by his team-  
mates as captain of the base ball  
team. "Rocky" is a enthusias-  
tic base ball player and will do  
anything in season for team.

Several men of last years var-  
sity foot ball team have cast votes  
for next years foot ball captain,  
and by the end of the week the  
vote will be all in and the choice  
made known.

Malissa Briscoe, '18, returned to  
her home in Westfield Saturday  
to attend the wedding of her sister.  
Miss Briscoe will not return till the  
middle of the week.

The regular weekly meeting of the Young Women's Christian Association was held Friday evening at 6:45 in Pemberton Hall. Miss Hazel Young led the meeting and the topic discussed was "I will be square."

The first division of the topic, "I will be square in what I say," was given to Miss McKinley who answered the question, "Is bluffing square? Do your friends bank on your sincerity? Do you say more than you believe? Are you guilty of what people call 'religious cant'? On the other hand do you pretend that you are worse than you are?"

The second division of the topic, "I will be square in what I do," was taken care of by Ruth Thomas who answered the questions, "Do you act upon what you say you believe? Have you the habit of evading? Do you spend your time honestly? Are you square in dealing with the things entrusted to you—your mind, your spirit, your body, your influence, etc.?"

The third division of the topic, "I will be square in what I am," was given to Miss Emma Mayfield, who answered the question, "Do you dare to be honest with yourself? Are you afraid to see yourself as you really are? For what purpose are you using the life that has been given you?"

The questions were all answered well and the meeting was very interesting. Next week we hope to have just as interesting a meeting with a still better attendance.

## SKATING GOOD

The surprising thing is, that some skate and skate so well, who every one had thought of before only because of their scholarly attainments and seeming neglect of all forms of physical exercise.
