# Career Expo concludes on optimistic note

By Kathy Shewalter

Representatives from five different career areas were optimistic Wednesday night that job opportunities were readily available to college graduates during a panel discussion that ended the three-day Career Expo.

Ivan Schneider, manager of J.C. Penny in Mattoon, representing retail business, said that, "retailing is a challenging, interesting business among the top three as far as employment is concerned."

Charleston Schools Superintendent Howard Smucker mentioned openings in teaching, counseling, speech therapy and other positions as being available in education.

"The future looks bright if we can remain resilient in the public schools," he said.

The representative for agriculture, Louis Christen of the extension service at the University of Illinois, said that agriculture is a "vast, complex industry that can utilize almost all kinds of training."

"The successful farmer today must have broad knowledge of all areas," he added, naming such areas as chemistry, management ability, bookkeeping and knowledge of plants and animals.

Another panelist, Frank Adams, the dean of public services at Lake Land College, said that "no matter what your education is, it is career education - you are working towards a career goal," and he cautioned that "the job you are looking for now won't be here in another decade."

### Congress conferees increase GI benefits

WASHINGTON (AP) - House and Senate conferees agreed Wednesday on a compromise bill to increase school benefits for Vietnam era veterans by 23 percent.

In addition, the bill would establish a program of \$600 for each veteran and would extend from 36 to 45 months the time an undergraduate could receive benefits.

The conferees met for the first time Wednesday since a deadlock developed last month and previous conference agreement was rejected by the House.

Four veterans at Eastern who were going to travel to Washington to lobby passage of the benefits bill will still probably make the trip next week, Ron Conner, one of the four, said Wednesday.

"We'll try to find out more about it this morning," said Conner. "Right now we have an obligation to (Rep. George) Shipley and some appointments made for us."

Jerry Thomas, president of the Vietnam Veterans Assn., said Wednesday was "very surprised" by the conference committee's action and that he would be contacting Sen. Vance Thursday.

Conner is chairman of the Senate Veterans Affairs Committee and one of the main supporters of the vets' bill,

Thomas said. About 600 veterans attend Eastern.

Rep. Olin Teague, D-Tex., who led the House conferees, predicted President Ford would sign the bill although Ford had warned he would veto the earlier conference report-with nearly identical provisions-as being inflationary.

Many veterans returned to school without knowing how much their monthly support check would be.

A single veteran now getting \$220 a month would receive \$270 monthly under the compromise bill, with the amount effective retroactively to Sept. 1.

A veteran with a wife would have benefits increased from \$261 to \$321 per month. A veteran with a wife and child would get \$366 instead of \$298 and would also get \$23 instead of \$18 for each dependent over the age of two.

According to committee sources, the Ford administration made a last-minute proposal to increase benefits 20 per cent, knock out the loan program and drop the extension of benefits from 36 to 45 months for undergraduates.

#### At Thursday's meeting

By John Ryan

Revisions of Student Government by-laws are expected to highlight Thursday's Student Senate meeting, Joe Dunn, senate speaker said Wednesday.

The senate meeting at 8:30 in the Fox Ridge Room of the University Union, will make the revision as an update in the language used in the by-laws, Dunn said.

By-law revisions are not to change the actual meaning of the senate's rules, he added.

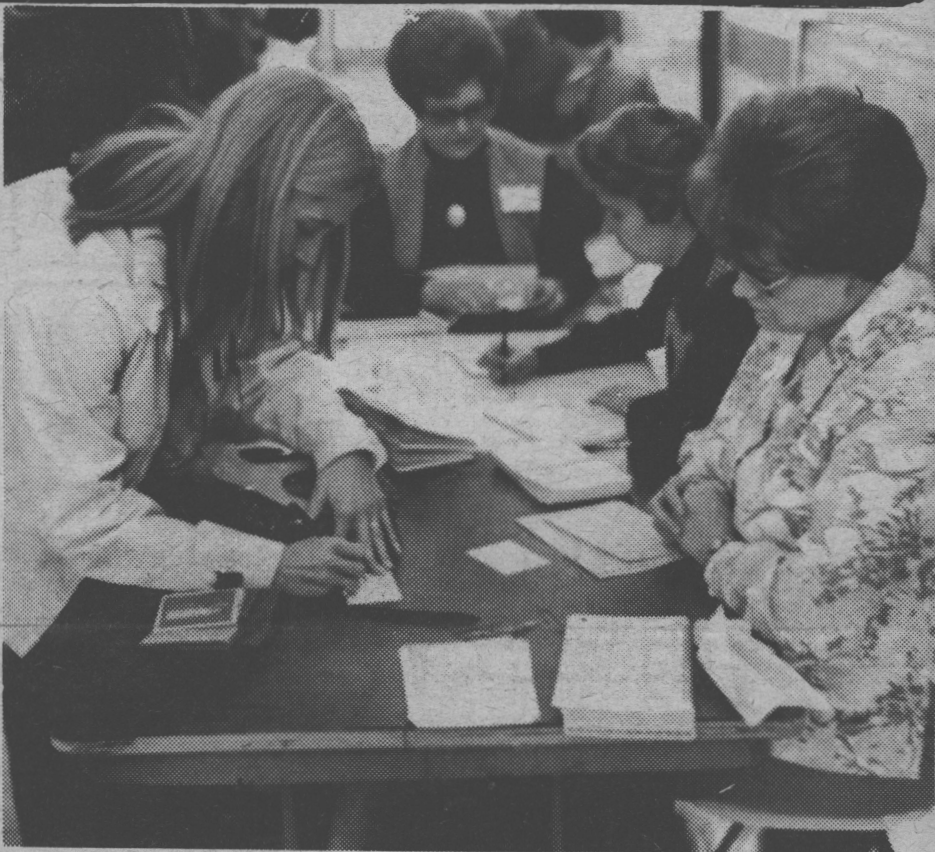

Some of the changes cited by Dunn were the deletion of the pronouns "his" and "hers" and replace them with "that person." Others, he said would be changing the use of "chairman" to "chairperson."

Progress reports are also expected to be made on the Voter Registration Drive and the Teacher Evaluation Program, Dunn said.

He said that no motions had been placed on the agenda by student senators as of Wednesday.

"We have been having a hard time getting senators to place motions on the agenda before the meeting. Senators have been waiting till the meeting to make motions," he added.

Among other reports to be given to

## Dunn: Student Senate to update by-laws

the senate, Dunn said that he would assume there would be a progress report on the investigation of the student security police.

Other action to reach the senate floor is the appointment of two members to fill the vacancies on the Apportionment

Board (AB).

Mark Wisser, student body president, said that he was appointing to the AB Jim Covington and Chuck Thompson.

Approval by a majority of the Student Senate is needed to affirm Wisser's appointments.

## Student Court hearing set Thursday on charges filed against Kerchner

By Barry Smith

The Student Supreme Court will hear charges Thursday from Bill Gaugush that Kevin Kerchner, financial vice president, misused student fees.

The class action suit, to be heard at 5 p.m. in the Student Service Building, filed by Gaugush, a graduate student from McHenry, charges Kerchner with improperly reimbursing Student Body President Mark Wisser \$58.25 for summer fees.

Gaugush calls the reimbursement "unauthorized" in that Wisser did not provide any "services" during the summer semester.

Wisser registered for two courses for the summer but dropped one and the

other did not require his presence on campus. Diane Ford, executive vice president, acted as student body president in his absence.

Gaugush requests that the \$58.25 be refunded by Kerchner from his personal funds, or in an official request that Wisser repay the amount, or that the amount be deducted from a future reimbursement, or any other suitable method.

Should the court's decision be appealed by either plaintiff or defendant, the case will go "directly to President Fite" who will make the "final decision," said Liza Foley, chief justice.

This is in accordance with the normal appeals process of Student Supreme Court decisions, she said.

### UPC post to be filled in election

A runoff election between Maurer and Robert Carey to fill a vacancy on the University Personnel Committee (UPC) will be held Thursday.

Balls for the faculty election are being placed in the lobby of the University Union and will be open from 8 a.m. to 5 p.m.

Maurer, a member of the psychology department, and Carey, of the physical education department, were the top two vote getters in last week's election for the position.

The elections were held in order to fill William Keppler's vacancy on the UPC. Keppler resigned the post last week. Peter Moody, vice president for academic affairs,

## Lindberg to speak at dinner for Coffey

George W. Lindberg, Illinois comptroller, will speak at a fund-raising dinner for Max Coffey Saturday at 7 p.m. at the Sheraton Inn in Mattoon.

Coffey, of Charleston, is a Republican candidate for the state legislature from the 53rd District.

Tickets for the dinner are \$15. However, Jim Shnorf, a member of Citizens for Max Coffey from Coles County, said that he has a limited number of tickets for Eastern and Lake Land Junior College students available for \$7.50 apiece.

He said that reservations are necessary and that the deadline for ticket sales is noon Friday. Call 345-2200 for more information.

## Millionaire lottery drawing slated Thursday

CHICAGO (AP) — The Illinois lottery's biggest cash giveaway is scheduled Thursday with 158 persons hoping their name will be drawn as the first millionaire winner in the nine-week-old lottery.

Besides the millionaire winner, who will get a \$50,000 check annually for the next 20 years, there will be one \$100,000 prize, eight \$10,000 winners of special bonuses and each of the 158 qualifiers except the millionaire winner gets \$1,500.

The millionaire drawing will be held at 7 p.m. Thursday while the regular weekly drawing will be held at 10:30 a.m.

There are 33 persons eligible for the weekly bonanza which pays a \$300,000 prize, a \$50,000 prize and 13 \$10,000 prizes.

prizes.

In addition, there are thousands of weekly \$20 winners.

By Thursday night, the Illinois lottery will have paid out \$9 million in cash

prizes to more than 200,000 tickets during the first nine weeks of lottery operation.

In the same period there have been some 40 million losing tickets.

# Research data consortium to be outlined at workshops

Rick Popely  
Workshops to explain research and functional data consortium now available to Eastern students and faculty will be held Friday afternoon in Coleman Hall.

Steve Parker, a political science professor at Western Illinois University, has coordinated use of consortium materials there for several years, will conduct the workshops at 1 and 3 p.m. in room 309 of Coleman.

Thornsen of Eastern's Political Science Department, who proposed the consortium, said that scholars will be able to make hard data from research available to students and faculty.

The material will be furnished on computer tapes and cards and will be available, not a write-up of a story," Thornsen said. The research conducted by scholars in member schools in the consortium. The research data will be available through the Inter-University Consortium for Political Research, which has its headquarters at Ann Arbor, Mich., Thornsen said.

Material will be available from

studies in political science, sociology, history, economics, psychology, management and marketing.

Thornsen said that currently the consortium offers data from more than 300 studies in these areas and "this data is not available anywhere else."

Friday's workshops will "explain the mechanics of using the consortium materials," he said.

# Sirica chips away at juror prospects hunting 12 impartial about Watergate

WASHINGTON (AP) - District Judge John J. Sirica chipped away Wednesday at hundreds of prospective jurors in an effort to find 12 persons who can be impartial about Watergate.

Jury selection on the second day of the cover-up trial of former Nixon administration and campaign aides closely followed the pattern set on Tuesday.

Sirica told prospective jurors the cover-up trial might last three or four

months.

When the judge asked for a count of those who felt service would be a hardship, 81 persons stood up.

# Results of Fite evaluation should be released to public

How effective is an evaluation of a public official if the results of the evaluation are not made public?

It can be very effective if the person who is evaluated can recognize the shortcomings pointed out by others and take steps to solve these problems. But the key word here is "if."

Evaluations of President Fite and two other university presidents working under the Board of Governors began this week, and so far there are not any plans to make their results public. The results will be seen only by the central office of the BOG, the chairman of the board's evaluation committee and the president's themselves.

The Eastern News feels that the results should be released by the BOG, whether they are good, bad or inconclusive.

Presidents of state universities are public officials, and although they aren't elected, they should be subject to periodic judgement by the people they serve and their peers. We laud the BOG for conducting the evaluation and now urge that everyone's opinion on Fite's performance be revealed.

As president of Eastern, Fite is always subject to evaluation. However, those who comment on his performance often do so because of some direct involvement with a decision he has made, or because they have some particular axe to grind.

The evaluation being conducted by the BOG includes persons representing all parts of the university and also parts of the community. Some were chosen

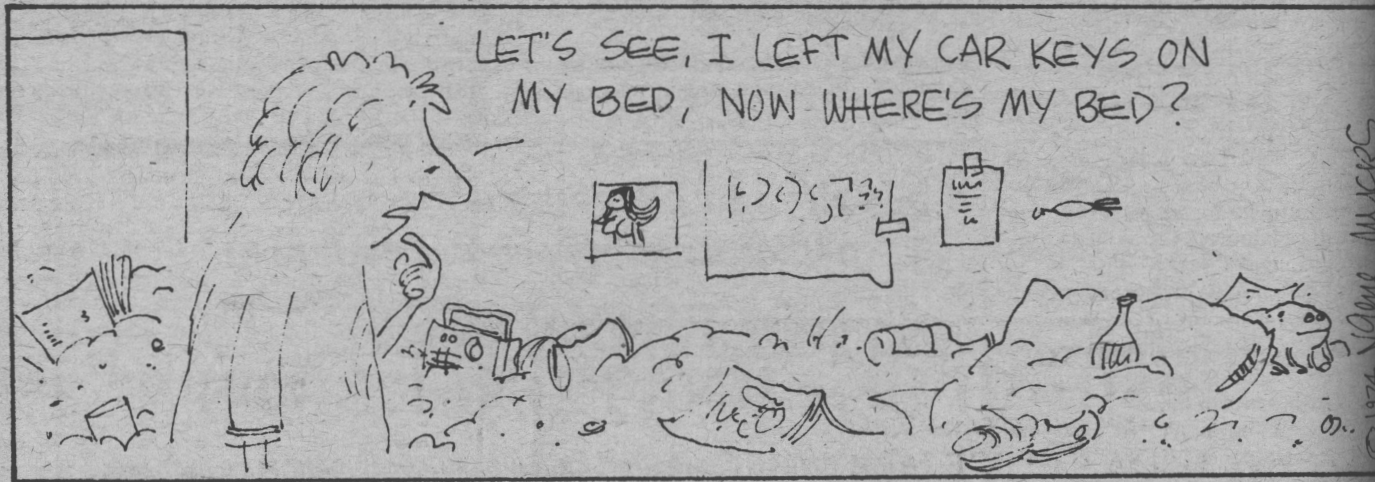

because of their positions and frequent contact with Fite.

Others, however, were picked at random. There was nothing except chance to determine that they would be selected for the evaluation. Some of

those may not know anything about Fite, except that he is Eastern's president.

Whatever criticisms are leveled at Fite in this evaluation are important to everyone connected with the university.

We urge other members of the university community to join us in calling for the BOG to make the results public. If not, Fite himself should decide to release the results of the evaluation.

Worth writin' about . . . by Jim Lynch

## There isn't much to write about

Dear Mom and Dad,

Here it is near the middle of the semester already, and although I know I should have written before, there just hasn't been that much to write about. There still isn't, but I figured if I didn't write soon you would cut off my pinball money.

Gene Roddenberry, the guy who created and produced "Star Trek," was here Monday night. I never realized there were so many 'Star Trek' nuts on campus.

Over 2,500 people pushed and

shoved their way into McAfee Gym to listen to Roddenberry. You can bet if it had been something like voting for student body officers, or registering to vote on campus, about 200 people would have showed up.

The football team isn't doing too well, but then what else is new. The coach has tried three different quarterbacks but none of them have been able to move the team any further than back to the bench after a fumble.

Maybe we should take all the money out of the football program and put it

into baseball, soccer and basketball. With some extra cash flowing through financial veins we could really have winners in these sports.

The Student Senate is at it again. Remember, I told you about that group. Sometimes they're funny, sometimes they're sad. Anyway, they're at it again.

Two weeks ago there was some fuss raised about the student police unnecessarily hassling people. The senate vowed to investigate, but all they did was listen to the student cops say, "We didn't harass nobody" and then passes a motion of commendation.

However, last Thursday our erstwhile governmental leaders voted to again investigate the police. That's kind of putting the cart before the horse.

Also, there seems to be a plot afoot to keep students on campus over the weekends. The University Board, which is in charge of entertaining the students when the senate isn't in session, has some really great movies lined up.

This weekend the soap opera film will really be able to get off with "Romeo and Juliet" and "Camelot." Not only will they be able to cry their flipping eyes out, but they will get to hear some decent music.

Seriously though, the guys over at the UB film have some dynamite shows lined up, like "The Godfather" and the Beatles films for the nostalgia nut. They should be proud of themselves.

You'll be proud to know that I'm drinking less than I used to. I can't afford it anymore. Ike's beer is up to 25 cents and it's worse than the everywhere else. Maybe the administration should start selling beer at cost, in the Union. Soon it's going to be too expensive to drink in Charleston and the students will start leaving on weekends. All the work of the UB will have gone down the drain.

The Housing Office sponsored a three-day affair they called Campus Expo. It was intended to provide students with information about jobs and careers. About 200 students showed up every day. I guess everyone who either had a line on a job or a rich uncle. Like I said, not much is happening. I'll write again when something comes up, or in two years, whichever is first.

International Outlook . . . by Mohammed Bashiru

## World Cup finale a classic game

A few weeks ago the winner of the World Cup was settled between West Germany and the Netherlands (Holland). Many oddsmakers made Holland a 2-1 favorite over West Germany. Unfortunately, it turned out the other way. West Germany beat Holland by a score of 2-1 in a very classic game.

The hero of the day was Gerd Muller of West Germany who scored what proved to be the decisive goal in the first half of the finals. Holland took the initiative to score the first goal through a penalty kick, after one of their players was brought down inside the 18 in the goal area. Five minutes

later the Germans scored in a similar fashion.

During the second half, Holland, led by Johan Cruyff, European player of the year, and Johan Neeskens, used every trick in the book of soccer to score. But the German defense, led by Beckenbaur and goalie Sepp Maier, held them at bay.

I watched most of the World Cup on closed-circuit television in Chicago. I believe Holland lost the World Cup because they were over-confident after beating Brazil, who won the World Cup three times, 2-0.

Italy, Uruguay and Brazil have won seven of the 10 World Cups staged to date, and with all three failing to live up to their past glories, it was left to Poland and Holland to attract the most attention.

Holland managed to surprise many people including the Dutch fans themselves. Certainly Holland played some good soccer with Jansen, Van Hanegan Rep, Cruyff and Neeskens all doing good work, but never really being convincing. They seemed quite content to let the opposition rush the game along, while they played "keep ball."

Poland surprised the world with the quality of their soccer. They eliminated England in the preliminary stages of the world championship.

It was West Germany's goalie who once again prevented the Poles from reaching the finals. In my opinion, the Poles were the only ones who stood out

in the tournament which was otherwise mediocre. They beat Brazil for third place. Unlike Holland, Poland went looking for goals every time they got possession of the ball.

Before the commencement of the World Cup, I picked Brazil to win for the fourth time. But Jairzinho, their most talented player, was contained in the match against Holland and he simply didn't get adequate room to express his enormous talents. Brazil lost the game 2-0, after the first half was a goalless draw.

The East Germans were very impressive in the match against their arch-rival, West Germany. Unfortunately they lost to Brazil 1-0 through a free kick taken by Jairzinho, known to soccer experts as Banana Shot. I believe it was the best goal scored in the World Cup tournament.

The two black nations, Haiti and Zaire, bitterly disappointed me with their roles in the World Cup. Haiti lost to Poland 7-0 in a one-sided game. Zaire was mercilessly beaten by Yugoslavia, 9-0. After the ninth goal Yugoslavians chose to entertain the crowd with exhibition soccer.

Finally, the 1974 Eastern soccer team is packed with good players such as Leonard Mason, Mike Alhassan, Ben Addoquaye and Don Hale, to mention a few.

I wish them the best of luck in their schedule with tough schools.

# Register To Vote

## Union Lobby 9 a.m.-4 p.m.

This Wednesday, Thursday, Friday

### WHY REGISTER:

1. You live in Charleston at least 9 months each year.
2. You are subject to local laws.
3. You spend a great deal of money locally.
4. It is a difficult and complicated process to vote by absentee ballot.

*If you don't register, don't complain about:*

1. Tuition increases
2. Decrease in student employment
3. No liquor in Union
4. Outdated housing codes
5. No increases in scholarship aid

The Voter Registration Committee  
would like to thank those candidates who  
contributed to the Voter Registration Drive.

days left to register  
to vote on campus.*

# Use personal talents to get jobs — Williams

By Janet Walters

Background, opportunity and personal equipment are needed to find and keep a job in the 1970's, Glenn Williams, vice president for student affairs, said at Wednesday's Career Expo Luncheon.

Fifty-five students, faculty and staff members listened as Williams told what he has learned about getting jobs from experience.

Williams first stressed the value of time.

"There is one thing we all have in common—time. Each minute has a ticket chopping away at life," he said. Williams likened people to landing airplanes and said that "we can't use the runway behind us." It is important to

identify interests and competencies and make them match," Williams said.

He said tests are available in the Clinical Services Building which are designed to help students match their interests and their competencies.

Williams advised students to use their summers and other free time to acquaint themselves with people in their own chosen field of interest.

He noted that it is important for a student to get connections now so that he can help himself when he gets out.

"Don't just go to class while you're in school. Keep your eyes and your mind open. Talk to people in their job. And be good at what you do in the summertime," he said.

Williams also advised students to look

for a need and aspire to fill that need.

"Look for new areas and new openings in any field," he said. He said it also helps to read trade journals.

Williams then told students they will need personal equipment to succeed once they've got the job.

He stressed the importance of keeping on top of new innovations, which are constant in any field.

"Set plateaus for yourself and do as much as your talents will allow you to do," he said.

## Resistor believes Ford wants total amnesty

CHICAGO (AP) - An Illinois draft resistor, who refuses to comply with conditions for clemency, said Wednesday he believes President Ford would like to grant total amnesty if the American public would go along.

William Meis, 29, who returned last week to the United States after spending six years in Canada, told a news conference he will surrender Thursday to the U.S. marshal in Springfield.

He is under indictment for draft evasion.

# Buc rally nips Cubs, sews up division title

PITTSBURGH (AP) — Manny Sanguillen's infield single with one out in the 10th inning drove in the winning run, giving the Pittsburgh Pirates a 5-4 victory over the Chicago Cubs Wednesday night and the National League East Division championship.

Sanguillen's bases-loaded hit bounded to third baseman Bill Madlock, but Madlock could not make a play.

The victory eliminated the St. Louis Cardinals from the division race. Pittsburgh would up 1½ games ahead of the Cards, who were rained out at Montreal.

That game would have been played Thursday, only if the Bucs had lost Wednesday night.

The Pirates started the 10th against Cub reliever Ken Frailing when Al Oliver tripled with one out. Willie Stargell and

pinch hitter Gene Clines were walked intentionally and Oscar Zamora replaced Frailing.

Sanguillen then dumped a slow roller down the third base line and the Bucs had their 18th come-from-behind victory of the year.

The Pirates tied the game with two runs in the ninth inning, the second one coming when Cubs' catcher Steve Swisher turned a game-ending strikeout into a run-scoring passed ball.

The wild ninth inning was delayed several times as raucous Pittsburgh fans tossed whisky bottles on the field.

## A new look

Lantz Gymnasium will have a new look this year, as the place has undergone a major facelift. In addition to fixing previous deadspots, workers have done some major decorating on the place. In addition to painted free throw lanes, 30" borders, a panther in the center jump circle, and huge letters all over the floor, there will be a large panther painted on the wall. ### Girls swimming and

An important meeting of the Eastern women's intercollegiate swimming team will be held Thursday at 5 p.m. in room 138 of McAfee Gym. Judy Lehman, team captain said Tuesday.

All interested should attend, but if anyone is unable to attend, then either Lehman (581-2266) or Joyce David, coach (581-2810), should be contacted.

"Spots are open for nearly every event," said Lehman, "and we expect quite a few new people and freshmen to try out."

Lehman indicated that the Panthers took a seventh place in the state meet in 73-74, while finishing the season with a dual meet record of 1-0 "even though most of our matches were either triangular or invitationals," Lehman said.

Seasonal practice officially begins October 28, while the Panthers begin actual competition Dec. 9 with a home triangular meet with Indiana State and the University of Illinois.

### Varsity Club to meet

Anyone who has earned a varsity letter at Eastern is eligible to join the Varsity Club.

The club will hold a meeting Thursday at 7:30 in the Varsity Club room, on the balcony on the south side of the building, and anyone who isn't a member, but meets the qualifications and desires to join, is encouraged to come.

### Tennis cuts posted

Tennis coach Dutch Gossett has requested that all those who tried out for the two remaining spots on the varsity tennis team, consult the bulletin board outside room 144 in Lantz to see if they will be one of the 16 players to continue their tryout.

"It will be up to these 16 players to find out if they are still to try out," said Gossett.

"Also they should contact the opponent they are paired off against, and mutually set up time that they can play," Gossett added.

He indicated that of the 16 trying out, two will be kept on the varsity roster, while "I may save two others for the taxi squad".

## Dall's Gals, Carman, Alpha Sigma Alpha

# Three girls IM football teams unbeaten

By Dave Shanks

Girls intramural flag football is coming down to the final games with three undefeated teams lead each division.

In the first division, Carman Hall leads with three wins and no losses. Foxy Fifth and M.A.S.H. are close behind with 2-1 records.

L. and S. and Pemberton Hall round out the division with 0-2 and 0-3 records.

Alpha Sigma Alpha heads the sorority

division with a 4-0 record.

Alpha Gamma Delta and Sigma Kappa each sport 3-1 marks. Sigma Sigma and Delta Zeta have 1-3 records while Kappa Delta has yet to post a win with an 0-4 record.

In action on Monday, Carman Hall and M.A.S.H. each fielded a touchdown at the game's end for a 6-6 tie.

Carman was declared the winner by having recorded more first downs. Susie

Heimerdinger scored for Carman and Linda Keefe for M.A.S.H.

Alpha Sigma Alpha downed Alpha Gamma Delta 6-0 on Monday in the sorority division. Becky Rasmussen did the scoring for Alpha Sigma Delta while intercepting two passes to stop two previously undefeated opponents.

On Tuesday, Sigma Kappa edged Sigma Sigma Sigma 14-12 in what has been termed one of the season's best games by Annie Lee Jones, women's intramural director.

All division winners have not yet been determined. If Foxy Fifth defeats Carman and L. and S. loses to M.A.S.H., a three way tie for first would result in the division. If the tie occurs, a playoff will be held, weather permitting.

After all division winners are decided a championship playoff among the three teams will take place.

The team which has scored the most points during the season will draw a bye and will meet the winner of the first game to decide the title.

Reflecting on the season, Jones said "The officiating has been good, the weather has been good and especially the play has been good. How could you improve on a successful flag football season than that?"

## Panthers may do more running; Tolliver hurt, status uncertain

By Gene Seymour

After two weeks without a football game, coach Jack Dean's football squad should be sufficiently prepared, or at least as much as possible, for tough Western Illinois, a team second in college division statistics with 350 yards rushing per outing.

"We broke the two weeks up into basic parts," said Dean.

"The first week, we worked on the basics, blocking and tackling, something we haven't been doing too well lately."

"This week, we've been working on improving our offense, because we haven't had all that much success with it," Dean said.

Dean indicated that Lumbia Tolliver, currently his number one quarterback, has sprained his ankle, and "may or may not be ready for the Western game."

"Lumbia's my first choice out there," said Dean, "but we'll be looking at some other quarterbacks in case he isn't ready to go."

Dean said he will be giving Kevin Hussey a good chance at the spot in addition to freshman Bob McCarty, Steve Hagenbruch (who also has been getting some work as a running back), and Greg Browne, a flanker who quarterbacked in a few games last year when the first three quarterbacks were injured.

Offensively, the Panthers have encountered problems, as they have been faced with second and third down / long yard situations consistently throughout the young season.

"We're going to try to keep away from those situations," said Dean, "so I'd say that we'll have to utilize our leading ground gainer (freshman Mark Stettner) by probably keeping the ball on the ground."

"All week we've been coaching against losing yardage and turnovers," Dean said.

Dean indicated the backfield will include Stettner at fullback, and either Jocko Bell, Tommy Meeks, or John Jackson at a running back spot.

## Bovard, Moll, Gray high bowlers

By Tom Jackson

Bowling enthusiasts are having a ball at the Student Union bowling lanes these days.

Six leagues have formed that bowl throughout the week.

In the Men's Staff League, the Roadrunners lead with a 4-0 record. Harold Gray, a member of that first place team has the high game so far with a 222.

Ecomycophysics have bowled the highest single game score (726) and the highest series (2094).

In the Faculty-Staff Mixed League, Gelastocroids is leading the league.

The team of Leonard and Olga Durham and Jerry and Linda Highland has the high team game (700) and series (199).

Linda Highland also has the highest individual game (199) and series (505) among the women.

Ed Moll has the highest game and series among the men with 233 and 652 respectively.

In the Coed League the Hustlers are in first place with a 16-4 record, one game ahead of Tough who sports a 15-5 mark.

Butch Bovard has the highest individual game and series with a 257 and 652 respectively.

For the Women Betty Rossbach has the high game with a 191 and Annie Bantz has a 510 score for high series.

The team of Bob Peters and Nancy Bavare lead the Wednesday night league.

High team game belongs to Meuth and Sam Postlewait with a 379.

Bob Nussbaum and Bill Wyatt have 1101 for high series.

Nussbaum also has the high game and series with a 229 and 603 respectively.
