MILLIKIN HERE WEDNESDAY

Should be Best Game of the Season. Normal Is Still Winning

Normal 39, Sparks 21.

We again tied the basket ball series with Sparks last Monday night. Normal started like a whirlwind. Turner scoring the first basket on a tipoff with Klausner. Turner's goal was followed closely by baskets from Endsley and Anderson. Normal continued their fast pace and registered 11 points before Sparks could locate the ring.

Woodworth started the scoring for Sparks with a foul throw and followed with two field-goals and another foul basket. The first half ended with the score 19 to 6 in favor of Normal.

The second half started with Normal going at the same high rate of speed which electrified the spectators, and Sparks also, from the way they played.

Anderson, Endsley, Schmaelzle, Turner and Harris played a star game. Cox played well for Sparks this half, caging four baskets.

Endsley was taken out a short time before the game was over, with four personal fouls against him. Markle took his place and played well.

Normal is certainly playing good ball and if they keep it up their prospects are bright for victory at the tournament, March 2, 3 and 4.

Scrubs 39, C. H. S. 19.

The Normal scrubs easily defeated Charleston High School basket ball team in a curtain raiser game at the gym, Friday night.

Normal 48, St. Viator 20.

St. Viator met her second de-

feat of the season at the hands of the Normal tossers in the gym last Friday night.

Normal played the same fast game they have been playing for the last few times out. Nine men were used in the blue and grey lineup, and everyone gave a good account of himself.

Endsley started the scoring a few seconds after the game began. This good start was followed by goals from Turner, Anderson and Schmaelzle.

Gartland, the visitors star forward, made things more interesting by throwing six baskets, most of which were from the center of the floor. The first half ended with the score standing 24 to 14 in our favor.

The second half opened with Harris in Scherer's place at guard but this and other changes did not seem to effect our scoring ability, for they scored the same number of points as in the first half. St. Viator scored only six points in the last period.

MILLIKIN WEDNESDAY

The big game of the season will be the one Wednesday night in the gym with the strong Millikin five. We were beaten at Decatur two weeks ago by our "old rivals" by the small majority of eight points but it will be a different story this time if you don't believe so ask the members of the team.

Millikin will also bring her second team, to do battle with our second team. They will play the curtain raiser game and it will be well worth seeing so let us everyone come out and help the boys win.

Stanley Crowe was not as well the last part of the week as he was the first part. After twelve days in which he had no fever he suffered a relapse and is now worse than usual. He still seems to have sufficient vitality to pull him through.

Y. W. C. A. HOLDS THIRD JUBILEE MEETING

The Y. W. C. A. held the third of its jubilee meetings Friday evening in Pemberton Hall. After the usual devotional exercises, led by the leader, Miss Grace Reininga. Miss Francis Behrens sang a pretty hymn in her most pleasing manner. Miss Esthrr Bussard explained the aim, purpose, organization and development of the student Y. W. C. A.

Mias Gladys Smith gave a beautiful and touching talk on "Social Service as Christian Service" making her central theme "In as much as ye have done it unto one of the least of these my brethren ye have done it unto me."

The first collection of the Grace Dodge Memorial Fund was made. The name of each girl who contributes anything is wanted to send to headquarters where the name of every contributor is to be put in a big book, without mentioning amount contributed, and left among the archives of the association. Do not all the members in the association want their names recorded as having contributed, on a permanent basis the association of which we are a part. Each one come next week and bring your contribution and be prepared to sign your name to the list already started.

President Irene Couchman announced the election of officers for next year to be held at the second meeting in March. The nominating committee, consisting of Misses Minnie Cassidy, Inez Dawson, Esia Wade, Ruth Peters and Marie Hartman, are ready to receive any suggestions for officers for the ensuing year.

The meeting was exceptionally good this week and from all sides came the comment, "the best we've had yet." Come next time and see if you don't enjoy it as much as it was enjoyed this time.

Don't forget the Grace Dodge Memorial Fund.

NEWS OF FORMER STUDENT.

When our alumni go out into the world they make their mark and this has again been borne out. We have received news from a former student, Guy Richey, that he is getting along nicely in his teaching. He is in charge of a school near Oblong and has ninety-one pupils under him. Lately the school directors were so satisfied with his work that they gave him a substantial increase in salary. He will probably return to school next year.

For 50 cents you can get the News for the balance of the term.

COMPULSORY MEMBERSHIP

Athletic Committee Working on Plans to Improve Financial Situation

Plans are on foot to make membership in the athletic association compulsory. This week Coach Lantz, together with a committee composed of several students, is working on the idea and is talking it up. This is a good thing and is one which we should have had in the school along time ago.

This is a good thing and is one which we should have had in the school a long time ago. The athletic association can not be run without money and the chief source of income of the association is the money derived from the sale of tickets to the students. A plan of this kind would mean the athletic association would receive every year in the neighborhood of \$1,500.

Other schools have this and why not us? It seems that this is the only way to get the students of the school interested in the athletic contests. Every game which we have there is a certain class of students who support the team. The rest of the student body stay at home over their books or up town and do not take the trouble of coming down to the gym to see the team win.

If they would be made to pat their money whether they went or not they would probably go. So you see we have already named two good reasons for compulsory membership in the athletic association. Another thing is for the aesthetic reason. When visiting teams come to this school to play our team it pleases them to see the harmonious color schemes which they may view along the sidelines. We also want the visitors to go away with the impression that the student body is behind the team in this school and that we are a patriotic band of people.

Let's have compulsory membership.

The Normal School lost the appeal in the case of the City of Charleston vs. The Normal School. The case was brought up over the payment of a water bill. The school said that the city agreed to furnish them free water if they would locate in this town. The school has a water bill of \$4,000 which they must pay

WASHINGTON AND LINCOLN

This month we celebrate the
birthdays of the two men whose
names stand out most prominent-
ly in the history of this country—
George Washington and Abra-
ham Lincoln. Of their lives and
work we have heard so often
since we first entered school that
the annual repetition tends to be-
come tiresome and unimpressive.
But, nevertheless, it is well
that we should at this time re-
view the lives and study the
noble characters of these two
men, who, by their indomitable
courage, their steadfast determina-
tion, and dogged perseverance,
labored against great odds, like
true Americans, to found and to
save the nation. They stand out
as two distinct types in the de-
velopment of the American peo-
ple. One held slaves, the other
freed the slaves. One was born
and lived in wealth; the other
was born in poverty and never
acquired much material wealth.
But from the mansion and from
the log-cabin have come the two
men whom all true Americans
revere and love.

SOCIETY NEWS

By Pauline Shortess

The girls' annual Washington party was held in the parlors and dining room of Pemberton Hall on Saturday night. About fifty couples were present.

The rooms were tastefully decorated with American flags and the national colors were in evidence everywhere. Favors of small American flags were given.

Contrary to precedent no grand march was held at the beginning of the dance and everyone seemed to like it better the way it was.

The dance started at eight o'clock and lasted until nearly twelve. Several out-of-town people were present. The patrons were Mr. and Mrs. Lester M. Wilson, Mr. and Mrs. Carl Colvin and Miss Opha B. Pletcher. Refreshments of punch and mints served.

Flanigan's orchestra of Mattoon furnished the music.

Sara Johnston and Mary Brokaw gave a party Thursday at the home of the former in honor of Lucile Linder and Mrs. Harold Wyeth, both former members of the school. Refreshments were served by the hostesses. The guest from the school was Pauline Shortess.

The sophomore class held a party in the music room last Wednesday evening at seven-thirty. The evening was spent in dancing and readings by Miss Bennett. The chaperones were Miss Bennett and Mr. Storer. The affair will be given every other Wednesday night. Refreshments of ice cream and cake were served.

DOWNEY-MEAD.

Another wedding of a former student occurred last week when Mary K. Downey, a former student, was married to Thomas B. Mead. Leap year has certainly brought forth many weddings.

TWO NEW COURSES.

Two new courses will be offered at the school beginning with the summer term. The courses will be in coaching and will be under the direction of Mr. Lantz.

The first course will be in foot ball and basket ball coaching. The second course will consist of playground work, track and tennis. The work will be practically all class work with the different annuals as text books. They will study the handling of teams, arranging of schedules and other things necessary for the successful managing of an athletic team.

It is understood that the school may give credit for the course as it is necessary for a teacher. The successful teacher should know how to manage the athletic side of his pupils as well as the class room side.

Y. M. C. A. MEETING.

The regular weekly meeting of the Young Men's Christian Association was held in the music room last Tuesday night. After the singing of two hymns and the saying of the Lord's prayer in concert, Mr. Hubbard addressed the meeting. The subject of his address was "Athletics." He told of various things in connection with friendly athletics. His talk was very instructive and every one enjoyed it. Everybody should remember and come on next Tuesday, Feb. 29. When Jack Watson, the captain of the 1915 foot ball team of the University of Illinois, will address the meeting. It is time the boys in general are showing some interest and they should come out every Tuesday night and listen to the talks which are being given every week.
