ASSOCIATION PLANS NEXT YEAR'S WORK

Probably there are many readers of The News who wonder how the work attempted by the Young Men's Christian Association is carried on, and, since reading last week of the retreat, are wondering what were some of the things discussed at that meeting. The work is done by eleven committees in the local association. The chairman of each committee is a member of the cabinet, and is responsible for the work of his committee. The president counsels and unifies the work of all committees. At the retreat the work of each committee was taken up in turn, the tasks defined, the opportunities analyzed, and tentative plans made for next year.

The first phase of the work to be discussed was membership. Several members have said that they have paid dues but have got nothing in return. That there was justification for this attitude was admitted. There have not been enough social affairs and other activities during the past year although those that were held were poorly attended. Membership should mean the opportunity to associate with others for fellowship in doing good to others, promoting a better and more Christian spirit on the campus and off and also opportunities for developing personal leadership of a stable and worthwhile kind. To make this possible there should be more meetings of various sorts than there have been. Next year there will be Heretofore membership has been on a low basis. Next fall it is planned to use more care in obtaining new members. No man will be asked or permitted to become a member until he is well informed on the aims and policies of the association. All applications for membership will be passed on by the cabinet. In work of this kind a few earnest members are more effective than a great many indifferent ones.

The meetings committee has charge of all meetings other than social gatherings and discussion groups. It is responsible for worthwhile interesting programs and a constructive purpose around which the programs will, in the main, be built. As wide a participation by the membership as is practicable will be arranged for.

The discussion group committee has charge of discussion groups and the training of group leaders. Small groups at natural residence centers are in mind. Topics bearing on modern student life both from a world and local standpoint will receive attention.

All social affairs of the association are in charge of the social committee. Next year there will be several of these. A stag party to welcome the new men will be given the first week of school next fall. Hikes and outdoor meetings may be a new feature next year.

The employment committee should work more effectively next fall if the present plans materialize. A method of getting in touch with persons wishing to employ student labor and students wishing such opportunities is being worked out. Also a check-back system to ascertain the amount and quality of the work done by the student as well as the value is contemplated. This would enable the committee to work more satisfactorily.

The service committee has varied duties which resolve themselves into about everything that needs doing that isn't being handled by some other committee.

The purpose of the church relationship committee is to promote cooperation between the churches of the community and the association and, also, between all Christian forces in the community. One of the phases of next year's work will be to promote a larger attendance at the church receptions to students.

The athletic and intercollegiate committees may work somewhat together in making for cleaner sportsmanship in athletics and developing friendship between members of opposing teams and competing schools.

The finance committee raises the money to carry on the work of the association. Next year the dues system will be discarded and instead vol-

untary contributions will be depended upon. This is thought to be a fairer and more satisfactory method. Altogether, prospects are bright for a very successful year. The cabinet will keep in touch with one another all summer and have things in such shape as to start off the fall program with decision.

ALUMNI ASSOCIATION AWARDS SCHOLARSHIPS

The alumni association of the Teachers College has awarded four fifty-dollar scholarships to graduates of four-year high schools on the basis of scholarship and general excellence. Half of the award will be paid November 1, 1924, and the remainder on January 1, 1925. The association has taken this action with a view to influencing well-qualified high school graduates to come here for teacher training. The receivers of the award will be members of the freshman class, 1924-1925.

The awards for the college year 1924-1925 are as follows: Miss Genevieve Chesrown, Paris, Miss Agnes Koscielni, Decatur, Miss June Harriet Parker, Rantoul, Miss Leon Stricker, Nashville.

The committee in making the awards examined with great care the credentials of eleven applicants from eighty-three high schools and made the award in accordance with their best judgment.

STUDENT BOARD OF CONTROL MEETS

The student board of control held a short meeting at 3:30 last Wednesday. The question of paying class dues was discussed at some length. It was decided that the treasurer of each class should send a statement to those not heeding this important item of class routine, and if this statement was not heeded, a second one should be sent. If the second one should not produce any response, the name of the student should be handed over to Mr. Modesitt for him to try to bring about some result.

Ways of improving the high school were also asked for by Mr. Modesitt, but as no one had any suggestions at the present to make, it was decided to call for them at the next meeting. Dorothy Root stated that plans and work had started for the organization of a high school orchestra.

KATHERINE AND PETRUCHIO TO ENTERTAIN US, JUNE 3

As has already been mentioned, the sophomore class play, "The Taming of the Shrew," is to be presented on the campus in front of the pergola June 3. Should weather conditions not permit the performance on that evening, June 4 has been reserved. The play will begin at 8 o'clock. An admission of fifty cents will be charged.

Rehearsals are being held thick and fast already and within this next week the cast will be ready to present "Shakespeare as Shakespeare should be done." 'Twill be a treat—don't miss it!

AGUSTANA AND MILLIKIN WIN TENNIS CHAMPIONSHIPS

Conroy of Agustana, twice winner of the Little 19 singles tennis title, made it three in a row last Saturday by downing Tucker of Bradley, 4-6, 6-1, 3-6, 7-5, 6-3. The E. I. entry, Clem Phipps, was eliminated in the first round, 6-2, 6-2, by the Bradley man.

The doubles championship went to Millikin's representatives when Douhit and Schultz defeated Cressy and Moore of Wesleyan, 6-3, 6-2, 4-6, 6-4.

STUDENT TENNIS MATCHES BEGUN

In the preliminary round of the men's singles tournament last week Phipps disposed of Bails, 6-3, 6-1; J. Shoemaker defeated Johnson, 6-0, 6-0; Smith finally came out on top in the most bitterly fought match of all by eliminating Dunn, 3-6, 6-4, 6-4; E. Shoemaker took Meyer over, 6-1, 6-0 and McCall trounced Kepner, 6-3, 6-1. The remaining matches will be played off this week, the finals possibly on Friday.

The winner and runner-up will receive bronze watch fobs with appropriate engravings on them.

If rumors are correct, there is to be no school on decoration day—which means on Friday.

WHAT SAY?

Question: What do you think of the music we have at our dances here? Why?

Miss Case? Our domestic science teacher who comes from Purdue university where the masculine proportion is vice versa that of E. I.—Oh, its just modern music. I don't think you could have a dance without a saxophone though,—do you?

Lida Sparks (a studious one who sees the few hours quite often)—There wasn't any cello there Saturday night—or I didn't hear a cello anyway—and I didn't know it was so bad, but a lotta people are raving about it, I guess. It was good to dance (pause)—to dance? I thought, didn't you? I guess it wasn't so nice for those on the sidelines—for the wallflowers. As for its getting worse as the evening went on, I didn't notice that at all.

Clyde Gwin (a battling freshman who has several victories and defeats to his credit)—Oh, I don't know enough about music and don't dance, so you see I can't say. I didn't think much of it though.

Miss Armstrong (our first grade critic teacher, a member of the degree graduating class, and future teacher in Arkansas)—Now it's all right for those that are dancing, but for those who have to sit around and listen it sounds like a lot of weird noises—I know that while I was over at the Hall and would sit up in my room it sounded like (pause) heck.

Margaret Coon (an unsuspecting "freshie")—I don't hear enough of it to know. I didn't enjoy it especially Saturday night, but I guess it was all right for those who danced.

Lavina Kibler (who doesn't dance "very much")—I didn't like it at all Friday night. It would have been all right if they had left the "tin-pan" off the horn. It was better Monday night.

OFFICE RELEASES TENTATIVE LISTS

LAST SOCIAL FOR ENTIRE SCHOOL WAS HELD MONDAY

The last general school social of the year was held in the parlors of Pemberton Hall last Monday evening when the student reception for the faculty was held under the management of Student Council members.

The receiving line was made up of the president of the class, Alonzo Goldsmith, senior collegiate; Keith Emery, sophomore; Roy Stillions, freshman; Fred Adams, senior in high school. Theodore Whitesell, junior in high school; Granville Hampton, sophomore in high school; Carl Ryan, freshman in high school—and the organization presidents—Eugene Stillions, Student Council; Lorna Spencer, Y. W. C. A.; Claude Combs, Y. M. C. A.

The first part of the evening was devoted to a social hour in which a program was rendered by students. Ferris Morgan and Ruth Harper played a violin and piano duet, the boys' glee club sang "The Gypsy Trail" by request and also "Little Tommy Went A-Fishing"; Bernadine Abell gave a humorous reading; Fresco Shipman again delightfully entertained us with two piano solos; Jo Frances Tiffin and Katherine Briggs gave two duets; and Virginia Thomas and Mary Bisson danced.

After the serving of refreshments of strawberry ice cream and cakes, dancing made entertainment for the rest of the evening. Flannigan's of Mattoon furnished the music which, from a dancer's standpoint, was very good.

ASHMORE EVENS COUNT WITH T. C.

Ashmore evened their account with T. C. High Wednesday by giving them the little end of a 9-3 score. This was an awful down-hill slide for the T. C. boys, since they had defeated Ashmore two weeks before 10-0. The Ashmore boys ran up a lead in the first two innings of play which the T. C. nine were unable to overcome.

The batting eye which T. C. had in the two previous games was lacking in this one. Although Ashmore only made ten hits to T. C.'s nine, they came at the opportune time. A complete reversal of form will have to be shown in the game with Tuscola Tuesday, or another defeat accepted.

Score by innings:
Ashmore 3 0 0 2 0 0 4 0—9
T. C. 1 1 0 0 1 0 0 0—3

FACULTY ARE PREPARING BUDGET

The faculty are preparing a budget for the next biennium which must be completed by June 1. Some of the things that are being thought of are a new tool house and a new greenhouse. Since we have outgrown our library, a new library building is needed besides a new gymnasium and a new manual arts and home economics building. The budget means a considerable amount of careful planning for every item that is to be used in the next two years must be thought of and the approximate cost of the same set forth.

EIGHTH GRADE TO LEAVE MEMORIAL

The eighth grade of the elementary school has inaugurated a custom for future "eights" to follow by erecting a class memorial on the campus. A concrete bench made by the boys enrolled in home mechanics and the tutelage of Ward Beals and Thomas Mack Gilbert will soon adorn some shady spot. Besides increasing facilities for out-of-doors scholars it shows the usefulness of the home mechanics course established this year.

"BIG SISTER" MOVEMENT ATTEMPTED BY Y. W. C. A.

At the meeting of the Young Women's Christian Association, Thursday, plans preparatory for a "big sister" movement were initiated. The first attempt of this sort to get new girl students in touch with some who have been here before was made this year but was not carried out as extensively as might have been hoped. The names of girls who expect to return to school next year, and who would like to do their bit by making some girl feel acquainted at E. I. before she arrives, should be given to Lorna Spencer as soon as possible. The assignments of the "little sisters" will be made this summer.

KNOX WINS TRACK MEET AT BRADLEY

Knox won first honors in the Little 19 track meet held at Bradley last Friday and Saturday with Lombard, Bradley and Monmouth finishing in order. The preliminary events were held in a downpour of rain Friday while the finals were run off in a cold north wind that was characteristic of the weather over the middle west Saturday.

The E. I. entries, Duncan and Madden, almost failed to break into the point column, but there was a reason. "Dunc" had qualified in the 100 yd. dash in Friday's preliminaries and was up in the 100 on the 220 yd. dash when a cramp settled in his right leg, doubling him up on the track and ending his chances to do anything the following day. As proof, his mark of 5 ft. 6 in. that tied him for fifth place in the high jump, is just 7 inches below what he did in the tryouts Wednesday on Schahrer Field. The "charley horse" that has bothered him occasionally during the spring struck with vengeance and disposed of any chance for a large E. I. total as Madden failed to qualify in the quarter.

The cold weather failed to halt record breaking, due perhaps to the fact that the marks broken were almost a disgrace to a conference of the size of the Little 19. Congdon of Monmouth cracked his own mile by stepping off the distance in 4:34 6-10.

The shot put went by the board when Carter of Bradley heaved the 16 lb. weight 43 ft. 1 in. Gode, a freshman at McKendree, made the most impressive attempt at record smashing when he heaved the javelin 186 ft.—13 ft. 10 in. ahead of the old mark. Even this is below his usual throws and the I. A. C. javelin thrower ought to approach the Big Ten record in a year or two.

From the standpoint of performance, this year's event was not as successful as last year's when 8 records were broken. There are still two marks that should not stand much longer—5 ft. 10 in. in the high jump and 25 4/5 sec. in the 220 yd. low hurdles. We are predicting that both will be bettered in the next meet by E. I. entrants. Following are the 1924 records, including the new ones, and the summary of the meet:

I. A. C. Records
100 yd. dash, 9 4-5 sec.
220 yd. dash, 22 2-5 sec.
440 yd. dash, 50 4-5 sec.
880 yd. run, 1 min. 57 4-5 sec.
1 mile run, 4 min. 34 6-10 sec.
2 mile run, 9 min. 56 sec.
120 yd. H. hurdles, 15 3-5 sec.
220 yd. L. hurdles, 24 4-5 sec.
Broad jump, 22 ft. 11 in.
High jump, 5 ft. 10 in.
Pole vault, 12 ft. 6 in.
Discus, 128 ft. 3 1/2 in.
Shot put, 43 ft. 1 in.
Javelin, 186 ft.
1 mile relay, 3 min. 30 3-5 sec.

Track Events

NOW'S THE CHANCE

Perhaps some of us are planning to go home just as soon as our last class is over. We may be homesick, or we may imagine that the sooner we get away from here the better it will please us. Either reason may seem sufficient.

But think a minute. How many students have the privilege of being at the twenty-fifth anniversary celebration of their own school? We have the opportunity. We are here on the grounds and have only to stay. How many of our alumni will wish to be here, but cannot? Some unavoidable circumstance will prevent. We have the advantage of being here. So let's stay and celebrate old E. I.'s anniversary.

When the old students come back, we should be on hand to give them a hearty welcome. They have a warm place in their hearts for E. I. Keep it there. Make them feel as much at home now as they ever did in our halls and classrooms.

Be faithful in your attendance at rehearsals. Do your part to make the pageant a success. Do whatever you are asked to do to help. Have a better excuse than inability before you refuse. If you had not been capable the committee would not have asked you.

Two days will not ruin our summer vacation. The folks at home can do without us that much longer. We can stay our homesickness that long. So we shall all stay and honor together E. I.'s twenty-fifth anniversary. There will be good things to hear and see—a regular feast of them.

WHAT OTHERS SAY

Now that the subject of our dance music has recently been called to our attention, it is interesting to find the following in The Decaturian, one of our exchanges, which was taken from the Flat Rock Journal. The article is headed "Jazz" in Dictionary.

"The word 'jazz' has already found its way to the scholarly dictionary, where it is defined as 'a form of synopated music played in discordant tones on various instruments, as the banjo, saxophone, trombone, flageolet, drum and piano.' But this definition is incomplete. In the jazz band there are kettle-drums, cow-bells, kitchen pans, tin whistles, baby's rattles, etc. The 'music' is full of shrieks, screams, moans and explosions. The leader usually adopts a suitable idiotic attitude. With cap set on one side of his head he prances around, rolls his eyes and twists his face into all kinds of simian contortions. The inspiration for all this was found among excited savages."

CALL MEETING

The high school seniors held a call meeting at 3:10 on Wednesday. The committee in charge of getting up plans for the class night exercises received suggestions from the rest of the class. The plans which they had already made were accepted by the class.

CHIT-CHAT

It really was a shame that the door was so blocked that Mary Schroer had to stay out and "get used to the lightning" Friday night. I believe people should never be subjected to fear—or, almost never.

Friday night seems to have been an eventful night. Of course in the darkness we could not see, but lightning causes some awful things to happen.

Mr. Daniels displayed a remarkable interest in the ice cream at dinner Friday. It's really a mystery why the faculty table should so conduct itself. Horrors!

If the seniors do not get to wear their hoods until they receive their degrees, will they carry them in their hands until that time? They might make a special ceremony of fastening them on.

We would suggest pages, one to each candidate for a degree. The trouble is that step ladders might have to be furnished the children.

Of course our dance music isn't especially enjoyed by the wallflowers. It isn't meant to. It is to dance to, and not to sooth one's weary mind. No. I don't like it, 'cause I don't dance. But I think it's just the stuff to dance to.

Don't you think, tho, it would be better to import a symphony orchestra? Not on your life, Hally. I don't want to be bothered with scraping feet when I listen to real music.

Why is it that we all like back seats so well? If a few more of us would move up, and sit as far forwards as possible instead of as far back, lots of chapel congestion would be prevented. But if we will, we will, so I suppose I'll continue on the back row.

We might run a head line like this: E. I. Flooded with Spirits! But—besides being a poor advertisement, which should always be the first (?) consideration, it would give the prohibition officers unnecessary work. The spirits are all those partaking in the pageant.

The eighth grade boys may satisfy you, Gilly. They have made a concrete bench for a memorial, which Gilly says is to be set up for the benefit of future E. I. students. Beals, you should have them make a statue of Thomas Mac, and all will be complete.

The sophomores seem to have settled down from their habit of voting "no" and are now wondering what will be their class memorial. Neal Gullet suggests a keen set of lights to light the front of our building and enlighten the general public as to our whereabouts. Let's have a little light on the subject. It pays to advertise.

John Whiteael enjoys these pleasant Sunday afternoons. So does Miss Case. "In general, Miss Theriot and Carroll Dunn believe in 'sunshine cures' too. Believe me, moonlight cures are good, too. (No, I didn't say moonshine, Funk.)"

Last fall The News typesetter set up the lines you have read so often about Lenore Morgan and Iris Johnson visiting at their respective homes in Humboldt and Rardin. Since then there has been no occasion for changing, as the statements are needed almost weekly. This is true economy of effort.

We wonder if a saxophone pipe organ would satisfy both dancers and listeners.

Insincerely yours,

Footnote: Les Miserable. Some girls have all the luck, say our less fortunate friends. "Peg" Drees uses her "regular" during recesses from the others, or perhaps he would say "misuses."

"Intelligence and Morality" is the subject on which Mr. Lord will speak at the baccalaureate service to be held in the assembly hall next Sunday evening, June 1.

Lotus D. Coffman, president of the University of Minnesota and formerly supervisor of our training school, is to deliver an address at the University of Illinois on June 2. At that time the fifty-third commencement of that university will be under way.

A SURPRISE DINNER

A surprise birthday dinner was given at Pemberton Hall Monday evening in honor of Rachel Modes. The table was made attractive with candles, place cards, and the birthday cake. Those present were Rachel Modes, Miss Molyneux, Elsie Kirstan, Florence Bennett, Mrs. Edna Curry, Helen Lord, Florence Coles, Louise Lord, Lorine Dodillet, Doris Drinkwater, Ruby Stevenson and Louise Mines.

PICNIC WEDNESDAY

Present plans indicate that the annual freshman-sophomore picnic will be held this Wednesday afternoon at River View. Members of both classes should not miss this opportunity of becoming better acquainted before the school year closes and classmates are scattered.

CLIFFORD DEVEREUX ENTERTAINED

The two plays, presented by Clifford Devereux and his company as regular entertainment course numbers Saturday, furnished different types of enjoyment. "The Barber of Seville" was received better by the audience because of the numerous comic appeals, while the more serious "The Mummy's Ear Ring" was equally as well acted but lacked the humorous strain that usually is most entertaining. The comedy scene was one of Seville, Spain in about 1775 and the tragedy was placed in Madrid, Spain about 1840. Clifford Devereux and Zinita Graf were undoubtedly the best in the company for their roles but all parts were taken rather commendably.

girls with their lessons.

What kept Clyde Gwin's grinning

evening.

That Ida Livingston is so good in

MR. MYERS HERE FRIDAY
Mr. Myers of the department of
education at the University of Chi-
cago spoke to us in chapel Friday
morning. He urged us to be more
attentive to things near at hand as
well as being interested in the big
movements of the times.

DANCING CLASS THURSDAY
The high school dancing class was
held in the music room on last Thurs-
day at 4 o'clock. It was not as well
attended as the previous ones, but
a great deal of interest was mani-
fested. Probably with the continua-
tion of this class the question of re-
creation, taken up in last week's is-
sue of The News, will be partly
solved.

THE PENN MUTUAL LIFE INSURANCE COMPANY of Phila-
delphia, organized in 1847, is one of the few oldest life insurance
institutions in the United States. It is also one of the greatest.
In its more than seventy-six years, breath of scandal has never
touched it nor tarnished its name. Its policy contracts are the
equal of those of any life insurance company, and the service it
gives to its representatives and to its policyholders and their
beneficiaries is as good as the best and is constantly being im-
proved.
