New Course Proposal, TEC 5383 – Advanced Web Technologies

Bai presented the proposal. Lach stated that six MIS courses each had some overlap with this new course and asked that these courses (MIS 3200, MIS 3530, MIS 4530, MIS 4700, MIS 4850, and MIS 5105) be listed on the proposal. None of these courses completely overlap with TEC 5383 so there is no MIS faculty objection to the course. Minor revisions were suggested. Motion made (Hogan) and seconded (Lach) to place the proposal on the agenda for voting at the next meeting pending revisions. Motion approved.

Next meeting will be on April 18, 2012 at 1:00 in the Dean’s Conference Room.
