Miners sign new contract; halt 4-week strike

WASHINGTON (AP) — The United Workers signed a new contract that union officials said would bring miners back to the pits by ending a four-week strike that had disrupted further the faltering economy.

work until Monday at the earliest. With 79,495 of the UMW's 120,000 members voting, President Arnold Miller said the contract was ratified 44,754 in favor and 34,741 against.

Five of the union's 18 regional districts rejected the pact.

The union chief downplayed suggestions that the close vote, which was completed Wednesday night, might create

problems in the coal fields, saying:

"I think the minority will accept the majority rule."

However, a possibility remained that opening some mines could be delayed unless agreement is reached this weekend on a separate contract for 4,000 UMW construction workers employed by the Association of Bituminous Contractors.

These are the companies which build mine shafts and processing plants.

Sources say they are under heavy industry pressure to wrap up their contract quickly.

Miners are likely to honor any picket lines that might be thrown up by the construction workers.

The new three-year agreement signed by Miller with the Bituminous Coal Operators Association provides for a 64 per cent boost in economic benefits, including a 10 per cent wage hike the first year, four per cent the second and three per cent the third. Wage scales now are \$42 to \$50 a day.

The industry's chief negotiator, Guy Farmer, called the pact expensive and said "it will have an impact on coal prices" which would eventually be passed on to consumers through items such as higher electric rates. "The exact impact is hard to measure," Farmer said.

Senate keeps Greek District slim vote

By John Ryan

A motion to eliminate the Greek District was defeated by a narrow two vote margin Thursday night by the Student Senate.

The motion, made by Jeff Brooks, a senator from the At-Large District, failed because it lacked the necessary two-thirds vote of the senate. The senate now has 20 members.

By a 12-4 vote the senate halted the motion that would have taken away the six greek seats and distributed them among the senate's three other districts.

If passed, Brooks' motion would have called for a student-body referendum on the proposal to be held—probably at the February executive officer elections.

Although the motion would have taken away the six seats now limited just to greeks, it would have allowed greek candidates to run in any of the other three senate districts—Off Campus, Residence Hall or the At-Large Districts.

Now, the only other districts in which greeks can be candidates is the At-Large District.

Those voting against the motion were Greek District Senators Jim Price and Dave Bulanda, At-Large Senator,

Lee Peak, who is a member of Tau Kappa Epsilon fraternity and Off-Campus Senator Jeff Baker.

Those voting in favor of the motion were At-Large Senators Jeff Brooks, Joe Dunn, Lindsay Tourijigian, Rac Frederici, Janet Koch, and Mick Chizmar and Residence Hall Senators Tom Vandenberg, Larry Hart and Jean Galovich.

Others favoring the motion were Off-Campus Senators Tom Wade, Tomi Wade and Arnie Kaitshuk.

Frederici and Chizmar, who favored the motion, are also greeks.

The four senators who were absent from the meeting were At-Large Senator Chuck Thompson, Off-Campus Senator Greg Warren and Greek Senators Jill Schludt and Jeff Rahn.

Brooks, as author of the motion, told the senate Thursday that he did not make the motion because he was anti-greek, but that he wanted to make representation in the senate more equal.

Brooks said that he feels that the present four-district system is somewhat unequal because the greeks have six senators representing about 850 students, while the Residence Hall District has six senators who represent about 3,500 students.

Parking ban to take effect in a few weeks

Smith
along the east side of Fourth Street between Grant and Lincoln will be during the early morning hours as the signs can be erected, City Henderson said Thursday. Henderson said that it will take one and three weeks for the

signs to be put up. The City Council voted Tuesday night at its meeting to ban parking in the Fourth Street area between 2 and 6 a.m. Council members had claimed that they received many complaints that cars were being parked in the Fourth Street area for two or three weeks at a time.

Eastern Civil Service workers and faculty have complained that they were unable to find parking places on Fourth Street.

But Pemberton Hall residents have protested that because their 27-space parking lot is almost always filled, they need space along Fourth for overnight

guests who have cars.

Commissioner Claude "Bud" Atkins also read a letter at the meeting from Donald Kluge, dean of student housing, in support of the early morning parking ban on Fourth Street.

Kluge said that this would help his employes who have to be at work by 6 a.m., because it would give them more parking spaces.

Officer Kenneth Moses of the Charleston Police Department, who investigated the Fourth St. parking situation, said that he reported to the council only the opinion of the residents on the west side of Fourth St.

Some of the residents were in favor of the ordinance and some were against, said Moses. Some of them said that was the only place they had to park.

Moses said he did not investigate any claims that there were cars being parked there for two and three weeks at a time. "I didn't go that deep into the problem," said Moses.

At the Nov. 19 meeting of the council, five residents of Pemberton Hall presented a petition with 150 signatures of Pem residents asking that the ordinance not be passed.

Karen Rich, a Pem resident, said Thursday that she had spoken with Mayor Bob Hickman about the new ordinance.

"The mayor told us that he would reopen the discussion on the ordinance if we could get other people interested in keeping the parking open," she said.

Rich added that a small group of hall residents was hoping to have a meeting of the dorm so they could regroup and start another petition.

along Fourth Street from Grant to Lincoln Avenue banned between the hours of 2 a.m. and 6 a.m. as the of a motion passed by the City Council. This move was

made to provide more parking spaces for Civil Service workers and faculty. (News photo by Scott Weaver)

Keith may get state rep post if Craig guilty

By Jim Lynch

Al Keith of Mattoon may become the next Democratic state representative from the 53rd District if Bob Craig, who was indicted Wednesday, is found guilty and forced to resign.

Keith was beaten by Craig and Republicans Max Coffey and Chuck Campbell for a seat in the House in the recent general elections.

Craig was indicted by a federal grand jury on charges of conspiracy, extortion, bribery and mail fraud.

If Craig resigns, his seat will be filled by a vote of the Democratic county chairmen in the 53rd District. Two of those chairmen, Gene Cornell of Vermilion County, Craig's home county, and Clayton Quinn of Edgar County, said they would support Keith.

Quinn said that Keith would most likely be next in line for the post "by him running (in the general election)."

However, Quinn also said that the choice of the representative would depend largely on the vote of the Vermilion County chairman, as Vermilion is the largest in the district.

Cornell said that his party has been discussin the possibility of having to make an appointment. He said that the party in Vermilion County is more "indebted to him (Keith) than anyone."

Cornell said that it is possible that his organization could support Keith over a Vermilion County man if they could be assured of the same cooperation and assistance they got from Craig.

Joe Connelly, the Coles County chairman, declined to speculate on a possible replacement for Craig, saying that he is innocent until proven guilty.

"I think it would be in very poor taste to make any such speculation," said Connelly, "as Mr. Craig has only been indicted and not convicted."

Keith, a former journalism instructor at Eastern, also said that it's too early to think about a possible appointment and that Craig should be assumed innocent until it's been proven otherwise.

The other county chairmen of the district were unavailable for comment.

Other possible candidates for the vacancy, should it occur, are Richard Lynch, Coles County coroner; Larry Cannon, Vermilion County recorder; Gerald Block, Vermilion County Circuit Clerk; Bob O'Brien, campaign manager for the newly-elected Vermilion County sheriff; and Bill Wieck of Marshall, who lost in a battle against Craig and Keith in the March 1974 primary.

Two legislators, six officials ready to test

CHICAGO (AP) — Eight of the 18 persons indicted in two payoff schemes involving state legislators are prepared to testify for the government, prosecutors said Thursday.

They include six cement industry officials, former Sen. Donald D. Carpentier of East Moline and Rep. Pete Pappas of Rock Island, said Samuel Skinner, assistant U. S. attorney.

They will be the key witnesses at upcoming trials along with six other cement industry officials.

Pappas, whom the indictment implicated in both payoff schemes, was named as an unindicted co-conspirator but because of his cooperation was named only in a separate indictment charging him with income tax fraud.

The additional six industry officials were granted court-ordered immunity in exchange for their cooperation midway through the investigation.

They were also named as co-conspirators but not indicted.

The revelations Thursday mean the

government will have a total of 14 persons prepared to testify, all of whom the indictment associates with the scheme.

Carpentier, six current legislators, seven cement industry members and a former lawyer in the Secretary of State's office were indicted Wednesday in the \$80,000 payoff scheme involving legislation to increase load limits on state roads.

Of these, the only industry official not cooperating is Francis L. Sheahen, 50, of Highland Park, who was president of the Northern Illinois Ready Mix and Materials Association in 1972 when the bill was passed by the General Assembly and vetoed by then-Gov. Richard B. Ogilvie.

The legislation would have benefited the cement industry by allowing it to use fewer trucks carrying heavier loads.

It also would have led to quicker deterioration of state highways and necessitated more frequent repairs, state officials said at the time.

In another indictment, three

legislators, including Rep. Robert D-Danville, who was charged in an indictment, were accused of conspiring to commit extortion and mail fraud in connection with a bill which was to die after a \$1,500 payment was received from the car rental agency.

The bill would have required "leased" stamped on titles of vehicles owned by rental agencies, thus decreasing their value when resold.

The original request was for a \$1,500 payment but was pared down to \$1,000 by U.S. Atty. James R. Thompson.

Thompson called it "a classic case of a bill that was introduced with no sponsor's part that the bill would pass."

"All but one member of the House, Francis L. Sheahen, have been cooperating in this investigation," Skinner said.

"It was with their cooperation that we were able to break the case open as two members from the General Assembly, Carpentier and Pappas, have been able to break the case open."

Exceeds last year's total

850 teacher evaluations returned so far

By Barry Smith

About 850 teacher evaluation questionnaires have been returned far exceeding last year's returns in numbers and coming very close to equalling last year's percentage returns.

Diane Ford, evaluation coordinator, said Thursday that of 1,415 questionnaires sent out 850 have been returned bringing the percentage to just over 60 per cent. About 61 per cent or 832 of the 1360 questionnaires offered were returned last year.

The number of evaluations in Thursday brings the number "very close to a final count," Ford said. She added that there "should be no more than two or three more to come in."

Ford had said before Thanksgiving break she thought the results of the program were "excellent" and reconfirmed her opinion Thursday when she reported an additional 40 evaluations turned in since that time, 10 more than she had anticipated.

Of the 473 teachers that received evaluation questionnaires, Ford said that 314 returned them compared with 366 of 495 last year.

Only one department, Economics, has not participated at all in the Student Senate sponsored evaluation, but only one instructor in the History Department and two in Botany have returned

questionnaires, Ford said.

All three departments are conducting their own personnel evaluations.

Plans call for the results of the evaluation, along with a brief comment on each teacher, to be published as a

44-page supplement to the Eastern News sometime in March.

Ford, in expressing her satisfaction with the overall participation in the program, said "apparently participation didn't scare off too many teachers."

Activity fee referendum receives approval

John Ryan
 referendum calling for part-time students to be assessed an activity fee was correctly reported as being defeated by the student body in Thursday's edition of Eastern News.
 A misunderstanding between the student government officials and the student body caused the error.
 Eastern News thought that the referendum

needed a two-thirds vote from the students voting on that issue. What the referendum needed was a simple majority of those voting on the referendum.
 Student Body President Mark Wisser said Thursday that the referendum was not a constitutional amendment, but an informational referendum and therefore did not need a two-thirds vote to pass.
 The referendum, that could assess a

pro-rated activity fee of up to \$9 from part-time students, passed by a 798-425 vote.
 But, it has yet to go to President Gilbert Fite for final approval.
 Fite vetoed a similar motion last year and has told the Student Senate this year that he will do the same again.
 The three other referendums that were up for student approval were

constitutional amendments and passed by the needed two-thirds margin.
 The referendums, which also need the approval of Fite, call for the shortening of the student body executive officers terms and for a change in the Student Supreme Court appeals procedure.
 Shortening the term of the student body president from March of 1975 to the last day of classes in the fall semester of that year was approved by a vote of 915-163, and the one changing the terms of executive and financial vice presidents was approved 972-229.

Another referendum may correct amendments

John Ryan
 amendments to the Student Government Constitution approved Wednesday by the student body that incorrectly worded will probably be corrected by a new referendum.
 The Student Senate decided Thursday that since it does not have the

power to void a referendum approved by the student body, the Governance Committee should study the possibility of holding a new referendum to correct the error.
 Being questioned are two referenda which called for the terms of student body president and the executive and financial vice presidents to have their terms in 1975 shortened to 10 months and to change the election date for those officers from the present first Thursday in February to the same date as the December Student Senate elections.

allow the amendments to stand as they are now worded and then later additional amendments could be proposed to include the correct dates.
 If the dates were not corrected, the terms of the executive officers in 1975 would end in December and there would not be elections for new officers until February, 1976, which would leave the three positions open for two months.

The fourth referendum, which calls for the Student Supreme Court appeals procedure to be changed, passed by a margin of 832-337.
 In other election related action, Elections Committee Chairperson Tom Wade rejected a protest concerning the election by Robert Johnson.

Suit filed in court on behalf of losers'

A lawsuit was filed in Coles County Circuit Court Thursday on behalf of the Democratic candidates defeated in the general elections asking that those elections be declared null and void and a new election held.
 Attorney James Grabb, a Mattoon attorney who has been retained by the Democrats to handle the case, said that he filed the suit Wednesday just before the court session closed.
 Grabb said that the grounds of the suit are the same as a suit filed last week in court in Danville. It is a class action suit filed on behalf of six individuals who claimed their constitutional rights were violated by disenfranchisement in the election.
 The suit charged that the voting machines in Coles County malfunctioned, resulting in a loss of votes, improper recording of votes and voters to leave because of long waiting lines, that paper ballots were not issued when the machines malfunctioned and that other irregularities occurred.

However, the ballots did not include the clause that would have changed the election date, apparently because the Student Senate passed a motion that was incorrectly worded.

However, President Gilbert Fite could veto the amendments or the Student Supreme Court could throw them out. The senate decided that if there are any court challenges to the amendments, Executive Vice President Diane Ford would represent student government.

Johnson, who had filed petitions to be a candidate in the At-Large District, protested that a meeting of all candidates was held on a different day than the one named in the Student Senate Election Rules and he was not notified of the change.
 Wade said he didn't think Johnson's protest was so valid because the notice of the meeting time and date was in the Eastern News.

Tom Wade, chairperson of the senate's Elections Committee, said that he had copied the proposed amendments from the official senate meetings and they did not include the clause for the election date change.

The legality of the amendments as they are now worded and then later additional amendments could be proposed to include the correct dates.

However, Johnson cited the election rules, which state that the meeting must be held 10 days before the election and that the meeting was held only nine days before.

The senate's intention in the referenda was to change the election date and change the term length for one year so that the executive officers would serve from December to December.

More than 40 officers of College Republicans clubs from around the state will attend an executive board conference of the Illinois College Republican Federation here Saturday.

"He has a point," Wade said, "but it is not enough to change the election."

The senate's decision Thursday would

Jeff Baker, public relations chairperson of Eastern's College Republicans, said that the meeting Saturday will be used mainly to plan for the annual state convention which will be held in Joliet in February.

Max Coffey of Charleston, who was recently elected a state representative in the 53rd District, will give a welcoming address at 5 p.m. Saturday in the Altgeld Room of the University Union.

More consideration needed before towns seek funds

Several college towns, including Charleston, met recently to discuss the possibility of preparing a package request for more state funding of city-provided services.

Under present plans, the cities involved will ask for a certain amount of money from the General Assembly for each student attending the local universities.

These funds, if approved and received, would then serve as a type of payment for the services to the university that are provided by the city.

The package proposed by the city representatives would include funds for fire and police protection, water and sewer service and capital improvements which benefit the university.

While we agree that municipalities in Illinois provide universities with these much-needed services, we also feel that these same municipalities may be overlooking some of the contributions they receive from the universities.

Besides the obvious economic benefits that thousands of students bring to a municipality, there are also the educational benefits and cultural assets that a university offers to the surrounding area.

It is hard to put a cash basis on the knowledge and talent contributed in the areas of art, music, the theater and even athletics.

And on the financial basis, at Eastern for example, the university is already

helping fund fire protection, water and sewage service and capital improvements which benefit the university.

Since Eastern, as is the case with other universities, is the biggest industry

in the municipality, there are mutual benefits as well as mutual problems.

Hopefully, before these municipalities automatically request state funds, they will work closely with

the universities to determine economic impact and benefits, as well as problems, of each. A better awareness by both groups would probably lead to a more equitable solution.

Girewires . . . by Dann Gire

'Taking of Pelham' misunderstood

"The Taking of Pelham 123" may be the year's most misunderstood film, judging by the lack of interest on the part of audiences at theatres.

The unusual title refers to a subway train in New York, where trains are designated by their destinations. The taking part is rather obvious; the story deals with four men who hijack the train and threaten to kill off the passengers unless the good city of New York coughs up a cool million within one hour.

If this sounds familiar, "Juggernaut" carries the same plot, except it deals with seven bombs on a time fuse located in an ocean liner. Even the story line and character types seem to run parallel in the two films.

Be that as it may, "Pelham 123" is perhaps one of the best built crime films on the market this year.

While the picture stars Walter Matthau and Robert Shaw, the story has no main character, deriving most of its impact by emphasizing a realistic

situation with surprising true-to-life rings.

Matthau spends most of his time doing the mundane everyday chores of lieutenant in the New York Transit Authority Police. When the hijacker strike, there are no heroics, and no John Waynes to charge the villains and save the innocent victims.

Matthau spends his time behind a desk, seldom doing more than arch his eyebrows while talking to Shaw on the two-way radio in the subway train. From this point on, the transit authority, the police and other agencies swing into action as a team to prevent bloodshed and apprehend the hijackers.

"Pelham 123" does not by any means have an original story going for it, but technically is one of the better pictures of the genre. With the aid of a film system, the footage for the flick was photographed in natural light, rendering a tremendously realistic viewing of the interiors of the subway station and train.

The picture builds the story piece by piece with such realism that suspense is a natural element which falls into place. The plot isn't so unoriginal that it can be guessed to the climax. Instead, the story includes a few unexpected turns of events — twists of fate which are present in reality.

When the crisis finally is over, the final few minutes of the film are anti-climatic, and we can predict with some certainty that Martin Balsam will be apprehended with the million dollars. Fortunately, "Pelham 123" delivers an unusual and satisfying touch to the ending which would have been tedious if done in traditional fashion.

While nothing great, "The Taking of Pelham 123" is certainly deserving of praise for its above average quality and is well worth the price of admission for no other reason, to see the incredibly rubber-faced Matthau make his way through scenes where no words could have expressed feelings as well.

The picture is nearly a sequel to "The Laughing Policeman," made by the same producers with Matthau, but is fortunately much more entertaining and better made.

"Pelham" didn't do well at all during its run in Charleston, which perhaps indicates a lack of promotion for the picture. It will soon be playing at Mattoon for movie mongers who would like to cash in on a pretty good thing.

Art Buchwald

It could be worse with D'Estaing

WASHINGTON — No matter how bad things get, they could be worse. Instead of Gerry Ford, Giscard D'Estaing of France could be our President.

According to the latest reports from Paris, President D'Estaing keeps disappearing and no one can get in touch with him. One reputable newspaper says that he leaves a white sealed envelope behind with a duty officer. It is the only clue to where he is.

The catch is that the envelope can be opened only in case of a dire emergency. The problem for the duty officer is that he is the sole judge of whether a crisis is serious enough to reveal the French president's whereabouts.

The phone rings.

"Oui, Elysees Palace," the duty

officer says.

"This is the minister of defense. I must speak to the president."

"He is not here, Monsieur le Ministre."

"It is urgent. I have just received information that the Arabs are going to cut off all our oil."

"I am sorry, Monsieur le Ministre. I cannot bother the president for that. Why don't you call him next week?"

The phone rings again.

"This is the president of the Bank of France. We just got word from Geneva that the Swiss gnomes are going to attack the French franc. I must have authorization to use our gold to fight back."

"I can't help you. President D'Estaing is not here."

"Where is he?"

"He is in a white envelope on my desk."

"Don't be funny. This is a matter of life and death."

"That's what everyone says. Goodbye."

Phone rings again.

"Moscow calling. Your party is on the phone."

"Comrade D'Estaing, this is Comrade Brezhnev."

"This is not Comrade D'Estaing. This is the duty officer."

"I don't want to speak to a duty officer. I want to speak to the president of France."

"He's not here now and he left word not to be disturbed unless it was a dire emergency."

"This is an emergency. France has seized one of our destroyers near Tahiti.

and unless you give it back to us immediately we will consider it an act of war."

"I'm sorry, Mr. Brezhnev; I can't disturb the president for just ONE destroyer. Why don't you write us a note?"

The phone rings again.

"Alain?"

"Oui, Madame D'Estaing."

"Where is Giscard?"

"I do not know, Madame D'Estaing."

"Don't lie to me, Alain. I know he left an envelope behind which says where he can be found. What is her name?"

"Please, Madame, I cannot violate security."

The phone rings once more.

"Alain, this is President D'Estaing."

"Ah, bon soir, Monsieur le President, comment, ca va?"

"Never mind that. Where am I?"

"You don't know where you are?"

"Just open the envelope and tell me where I am!"

"Une minute. You are at the Crazy Horse Saloon on the Avenue George V at the second ringside table from the left."

"So that's where I am. I was wondering why the acts looked so familiar. I was here last week. Look, Alain, do you have another envelope there? I will now be at the Champs Elysees Cinema, tenth row, aisle seat."

"Oui, Monsieur le President. What film are you going to see?"

"If I'm lucky, the 'Last Tango in Paris.'"

'Lustful Turk' could mean comeback for porno fans

Mornings are made up of resting classes or delightful sleep, your wildest dreams the chance and you might do what I have to do. The other morning, at 11 a.m. to be exact, I had the opportunity to preview an X-rated

booth is the best toy a kid could ever hope to have, but not only that, the movie I was to see was of an explicit sexual nature which is the best toy an older kid could ever hope to have.

To put it another way, I had so many things of which to interest me that I became totally overwhelmed.

This weekend's late show at the uptown theater will be "The Lustful Turk."

That's right, "The Lustful Turk." The title alone is enough to stimulate the imagination, let alone the rest of the body.

This film takes place when pirates

pillaged the high seas. One of the prime items of which to pillage was women, and pillage they did. The first woman to be actively taken advantage of has but three minutes of introductory film in which to prepare herself for the ordeal of which she is to be put, or should it be said, the ordeal that will be put to her. Whatever the case, it makes little difference, especially to the Turkish pirates.

Now, I know that there are a wide range of viewers who go to see films. There are those who would be offended by this type of film, those people should make a point to see "Juggernaut" which is the film that runs before the "Turk."

This type of film is really for those out here who have the desire to either see such a film for the experience of never having seen such a film, or they are one of those devoted fans of the skin-flick that go out of their way to see any X-rated film.

The film itself is quite amusing, and for such a film as this, it has attempted to recreate good technique.

The number one asset of this film is that it doesn't have those typical fat and ugly X-rated people in it. To put it bluntly, these people especially the women (yes, for those women libbers who read this, I totally concede that this film does exploit women, especially the beautiful ones) are very

good-looking.

This picture is not a work of art, so few films are, but it is interesting that due to social restraints of the past, films that concern themselves with sex stress only that one point.

"The Lustful Turk" is the late show this weekend at the Will Roger's Theater. Note: The success of this film will determine the possibility of future films of this nature, so you die-hard porno fans have an opportunity to keep this stranger to Charleston, thriving for posterity.

Black Oak deserved more credit

Writing in regard to the review of Black Oak Arkansas concert by Smith in the Nov. 21 issue of the

of all, I would like to ask Smith a simple question: What the hell is the problem? It's true that James Emery and Jo Jo Gunne deserve credit for exciting performances, but not of it.

Montgomery's set, the crowd and listened for the most part. There was some clapping and cheering, but that's only natural.

Jo Gunne at least brought the crowd to its feet for the better part of the concert. By the time Black Oak was to go on, the crowd was pretty

was evident when the lights went down prior to Black Oak's performance. People swarmed to the front of the stage and those who didn't get to the stage stood on top of chairs and watched, cheered, and had a good time.

Perhaps Jim Dandy is obnoxious

(according to Creem magazine) but can't people realize that when a performer acts obnoxious on stage he

does that because he is putting on a show? If the audience had wanted to see just plain old normal people, they would have stayed at home.

I would also like to ask Smith that if the excitement slipped away during Black Oak's performance, why then did the crowd call them back on stage two times? I'm sure that it was not because they were bored with the evening.

In addition, I would like to add that normal people do get off on the same things that Jim Dandy does. I can't believe that all those screaming, jumping people down on the floor had abnormal problems.

In conclusion, I would just like to tell Smith that the next time he goes to a concert with the intention of writing up a review, he should watch the crowd just a little bit closer. This time, you really missed their real reaction.

Professors to debate Pearl Harbor attack

By Kathy Bunze

The attack on Pearl Harbor anniversary will be discussed next Tuesday at the second Faculty Debate sponsored by the History Club.

The debate will be held at 6:30 p.m. Tuesday in the Booth Library Lecture Room, said Rob Caldwell, chairperson of the Faculty Debate series.

"Pearl Harbor Revisited: Roosevelt's Conspiracy or Japan's Aggression?" will be the topic for discussion by Kevin O'Keefe, a history professor, and Calvin Smith, an assistant professor of

speech-communications.

O'Keefe, a specialist in American diplomacy, will be defending Roosevelt's policies against the revisionist theories presented by Smith.

He will present evidence that Roosevelt did not know about Pearl Harbor's attack by Japan ahead of time and was, therefore, innocent of accusations, Caldwell said.

Smith will take the opposing view, he added, by presenting a theory that Roosevelt was actually aware of the attack on Pearl Harbor before it was made and he tried to use the attack in an attempt to get people to want and accept the war.

The two faculty members were selected because both are interested in debate.

Caldwell said that although Smith is

not in the History Dept., he minored in history, and was recommended by Robert Hennings, head of the History Department.

Each faculty member will speak for 20 minutes. A question and answer period will follow.

King reception set for Sunday

A reception for Jack and Sylvia King will be held from 2 to 4 p.m. Sunday at the First Christian Church at Fourth and Jackson. King has been the United Campus Ministry campus minister for nine years and is leaving to accept a similar position at the University of Indiana.

The entire session, Caldwell said, will last one hour.

He expects a rather large turn-out of observers because Pearl Harbor is a "favorite topic" and most people are interested in historical discussions.

The first Faculty Debate topic was "Soviet-American Detente Realities and Illusions," held in October.

There have been similar debates Eastern before, but none on a regular basis, Caldwell said.

Three more are planned for next semester, he said.

The next debate will be "New Left: Positive or Negative Effects on American Character," to be scheduled for either January or February.

David Maurer and John McElligott, both associate professors of history, will present the debate.

Streisand movie to be shown

The University Board (UB) begins its December movies with two weekend features: "The Boys in the Band" and "The Way We Were."

UB will present "The Boys in the Band" at 6:30 and 9 p.m. Friday in Buzzard Auditorium. Admission is 25 cents.

A "gay" birthday party is the theme behind this film which features all nine actors from the original Broadway production.

"The Way We Were" will be shown at 8 p.m. Sunday in McAfee Gymnasium. Admission is 50 cents.

This love story shows Barbara Streisand as a frizzy-haired communist and Robert Redford as a jock looking for a good time.

Streisand turns all her efforts toward "catching" Redford and finally succeeds.

At hearing in Springfield

Fite to justify Eastern's budget requests

By Rick Popely

President Gilbert Fite will testify in Springfield Monday at a Board of Higher Education hearing on Eastern's budget for the 1976-76 school year.

Fite said Thursday he expects this will be the last time he will be asked to justify the budget requests before the BHE presents its recommendations at a meeting on Jan. 9 in Chicago, and he's keeping his fingers crossed.

At the board's November meeting, Chairman Donald Prince warned that Gov. Dan Walker could not accept the amounts requested by the state colleges and universities, making it apparent there would be some drastic cuts in the BHE's central office.

Budget requests for fiscal 1976 total \$930.8 million, a 30 per cent increase over the \$716 appropriated for the current year.

Prince said in November that "it was apparent that Gov. Walker didn't see this kind of figure within reason."

Eastern's budget request is \$19,752,500, an increase of almost \$2 million over the current budget, about 11 per cent higher.

Fite said Thursday that Prince's statement last month indicated that "the board's staff was going to take a paring knife to the budget. I just hope they don't use a butcher knife."

Of prime concern to Fite is finding enough money in the budget to finance 12 per cent salary increases for Eastern employes and also hefty price increases in commodities and utilities.

"Our main problem is getting enough money for adequate salary increases," he said. "With rising prices we also have a

terribly serious problem in getting enough money for contractual services."

An increase in Eastern's water rates with Charleston recently and an expected eight per cent boost in electricity rates next spring will put additional strains on the budget.

A special appropriation for higher utilities costs may be considered by the General Assembly next spring.

How much money Eastern will get for the 1975-76 school year will not be settled until late June or early July or

when Gov. Dan Walker signs the BOG budget bill.

Monday's budget hearing is the next step in the process.

The BHE then will vote on the central staff's recommendation in January. What is approved then is the amount which will be recommended to the General Assembly in the spring.

Last year, the BHE's recommendations to the General Assembly paralleled those made by Walker in his budget message on higher education.

Patty Hayes, left, and Pat Richardson will be appearing in the 5 O'Clock Theatre production of "Adam's Apple," a one-act musical based on a story by Mark Twain and directed by B.J. Heft. (News photo by Tony Piwowarski)

Two student-directed productions to be shown at 5 O'Clock Theatre

By Kathy Shewalter

Eastern's 5 O'Clock Theatre will present two student-directed plays next — "Adam's Apple" on Tuesday and "The Purification" on Thursday.

The first, to be held at 5 p.m. Tuesday, is a one-act musical based on a story by Mark Twain, which will be directed by B.J. Heft, a junior theatre arts major.

Tennessee Williams' "The Purification" to be presented Thursday will be directed by Bob Dodd, also a theatre arts major, Heft said.

Both of these plays will be in the Fine Arts Theatre and admission is free.

The 5 O'Clock Theatre is presented several times each semester and has been held at Eastern for "quite a few years," Heft said.

"Each play usually lasts about an hour,

so the students watching the play have time to get back to their dorms and have dinner," he added.

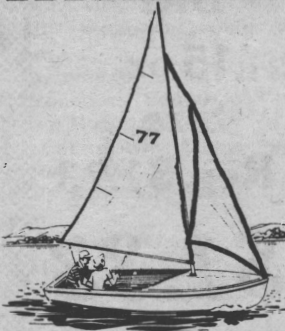

"The purpose of the program is to give theatre majors an opportunity to direct a play," Heft said.

"Directors of these plays are usually junior and senior theatre majors or speech majors, but anyone can direct a play if they get permission from the department."

Glendon Gabbard, head of the Theatre Arts Dept., is in charge of approving student directors.

"Auditions for the plays are open to anyone," Heft said, "but we haven't had too much luck so far."

"I guess most students just aren't interested, or else think that only theatre arts majors will get the parts."

Senate gives legislators salary hike of \$2,500 annually in surprise move

SPRINGFIELD (AP) — In a surprise eleventh-hour move, the Illinois Senate Thursday approved a \$2,500-a-year pay hike for state legislators, raising their annual salary to \$20,000.

Tom Merritt, R-Hoopeston, the senator from the 53rd District, voted against the pay raise.

The measure had failed on a final vote in the Senate Wednesday, but a parliamentary maneuver brought the bill back for another vote and it received the bare 36 votes needed for passage.

Eighteen senators voted against the bill.

The House, which approved a \$5,000 boost for lawmakers, must ratify the lower increase before the bill can be sent to Gov. Daniel Walker for his signature.

Both houses held lengthy sessions on the final scheduled day of the 78th General Assembly.

In other significant action Thursday:

— The senate reduced and then approved a bill passed earlier by the House to give pay increases of up to 25 per cent to state officials in Walker's administration.

The House must vote to accept the Senate changes before the measure is

sent to Walker for his signature.

— The Senate passed a bill which would increase state unemployment compensation benefits by about 12 per cent beginning Jan. 12.

— The House completed override action on a measure to provide a 10 per cent cost of living increase in welfare benefits.

— The Senate approved a pair of bills designed to help reclaim and restore strip and deep-mined land.

— The House passed and sent to the governor a measure to provide cash grants to persons 65 or older who have an annual household income of \$10,000 or less.

Referenda not printed

(Continued from page 3)

were submitted to the students could also be questioned in court.

The Student Government Constitution states that "A proposed amendment must be published in the Eastern News in an issue of the week following senate approval."

Also it states that "Voting must occur within two weeks of an amendment's publication in the Eastern News."

None of the three constitutional amendments approved Wednesday were published in the News as required.

Ford said that all it would take to challenge the amendments is for some student to argue that he was denied information on the referenda before the Student Supreme Court.

Lottery winners

The winning numbers in this week's Illinois lottery are:

The Weekly Lotto: 13, 37, 38, 01 and 15.

Bonanza Qualifiers: 717, 427 and 840.

Family planning institute to operate in Charleston

By Kathy Shewalter

A branch clinic of the East Central Illinois Family Planning Association (ECIFPA) will be opening shortly at 1019½ Madison in Charleston.

"This will be a private, non-profit agency operating for Coles and Cumberland counties," said Carolyn Smith, associate professor of health education and member of the executive board of ECIFPA, "although clients from other counties will not be turned away."

Services of this clinic will include "education, referrals and counseling for family planning," Smith said.

When the clinic opens, a physician will be present for a certain period of time each week and appointments for

counseling will be made in advance.

Smith said that the major concern of this clinic will be education. They will offer seminars on human sexuality, pregnancy, contraception, child development and other needed areas.

This clinic will be one of over 40 family planning centers in Illinois operated by ECIFPA.

"It will be funded by a grant from the Illinois Council for Family Planning," Smith said.

At the present, it is planned that all information, education and referral services will be free. Charges for medical services provided will be according to a person's ability to pay.

Cabello: tickets selling slowly for Exam Jam

By Mike Shortal

Only about 250 tickets have been sold at the University Union Ticket Office for the Exam Jam scheduled for Dec. 13 in Lantz Gymnasium.

But Joan Gossett, Union cashier, said Thursday that tickets are also being sold at about seven different outlets including stores in Mattoon, Decatur and Terre Haute.

She explained that she had no way of really knowing the total number of

tickets which have been sold.

Ticket sales are going slow probably because students are waiting until the last day since there is no rush to get front row seats, Bob Cabello, assistant director of student activities, said.

Festival seating is being tried at this concert, which means that no seats will be set up on the floor and persons may sit wherever they choose.

All tickets are priced at \$5 in advance,

but will be \$6 at the door on the night of the concert.

Cabello said that even if ticket sales are not successful the promoter will not cancel the concert.

The Exam Jam, which is scheduled to begin at 8 p.m., will feature the rock groups Mountain, Montrose and Brownsville Station.

Montrose, one of the fastest rising new groups in business, will be the first group to perform, Bill Clark, director of student activities, said.

They will perform a variety of rock and roll.

Then Brownsville Station will take the stage, playing many old standard favorites in rock and roll as well as their single hit "Smoking in the Boy's Room."

Heading the concert will be Mountain, who will be keeping a hold of their Woodstock fame by performing their hits "Mississippi Queen," "The Animal Trainer" and "For Yasgur's Farm."

Clinic to open

(Continued from page 10)

There will be no age or marital requirement. Both males and females may make use of the services.

The ECIFPA's position on family planning is that "potential parents should be free to decide for themselves...whether they want to become parents, how many children they are willing and able to nurture, and the opportune time for them to have children," said Smith, quoting from a National Association of Social Work statement.

Smith said that she feels that this is especially "of major concern to young people."

However, she also added that this will be somewhere for "troubled people of all ages to go for help."

Other Eastern professors on the ECIFPA board are Ed Moll, Zoology Dept., and Richard Hooser, Health Education Dept.

They have been "trying to get a program like this here for two and a half years," Smith said, but they were unable to get malpractice insurance at a reasonable cost until now.

Trial to close without Nixon

WASHINGTON (AP) - The Watergate cover-up trial will end without the testimony of former President Richard M. Nixon, U.S. District Judge John J. Sirica ruled Thursday.

Sirica declared that Nixon's testimony "is not indispensable or necessary" because much of what he knows has been - or can be - obtained from other witnesses.

The judge also questioned the former President's credibility.

Noting that the former President was named an unindicted co-conspirator in the cover-up case, Sirica said Nixon "has been accused, in effect, of being an accomplice of the defendants.

"Certainly ... his testimony would be subject to the instruction to the jury that it should be received with caution and scrutinized with care."

Nixon, recovering at his San Clemente, Calif., home from complications of a chronic phlebitis condition, had been subpoenaed last September by cover-up defendant John D. Ehrlichman.

Ehrlichman opened his case Thursday and among the first witnesses called was former special White House counsel Charles W. Colson.

Colson, also an unindicted co-conspirator in the cover-up case, is currently serving a prison term for a related Watergate offense.

Initially, in his six-page order, Sirica granted a request from Nixon's lawyer, Herbert J. Miller, that subpoenas for his client's testimony be dismissed.

The order also ruled out the possibility that Nixon might answer written questions about his party in the cover-up.

Three court-appointed cardiovascular specialists recommended on Nov. 29 that Nixon not be required to provide even limited testimony before Jan. 6.

By House committee

Vote to approve Rockefeller slated next week

WASHINGTON (AP)—The House Judiciary Committee completed its hearings on Nelson Rockefeller's nomination to be vice president Thursday and set it for a vote next week.

Committee approval of the nomination appears certain, with only about 10 of the 38 members considered likely to vote against it.

A final House vote will be held the following week.

With the Senate expected to confirm the nomination overwhelmingly next Tuesday, the House vote—also certain to be favorable—will give the nation a vice president for the first time since Aug. 9, when former President Richard M. Nixon resigned.

Security discussed

(Continued from page 7)

The security problem in the residence halls over Christmas break was discussed by members, who felt, that although the measures employed over Thanksgiving were successful, that the same techniques might prove to be inadequate during the longer break at Christmas.

RHA members felt that these same measures are not enough to insure the safety of residents' personal possessions over the month-long recess and they urged another look at the possibility of chaining doors over breaks.

In a proposal set forth by Kim Price, it was urged that RHA and Student Senate, being the two most powerful student organizations on campus, should work together in the interest of the students, instead of "butting heads."

RHA also passed a motion urging that the Physical Plant assign top priority to repairs of damages in the residence halls.

It will also, for the first time in the nation's history, give it a president and vice president who were not elected but achieved office through the provisions of the 25th Amendment for filling a vacancy in the vice presidency.

The Judiciary Committee hearings ended as they began, with Rockefeller on the stand defending his generous cash gifts to friends and associates in public life and promising not to make any more if he becomes vice president.

One thing some members wanted to know more about was a \$30,000 loan made by Rockefeller's brother, Laurance,

in 1961 to William Miller, then national Republican party chairman.

Neither brother had been able to recall the loan in previous appearances but Laurance mentioned it Wednesday, saying he had forgotten about it, but must have made it at Nelson's request.

Nelson, who said he also had forgotten about it, recalled that Miller mentioned needing money to remain as party chairman—then an unpaid position—and that he referred him to Laurance, who specialized in venture capital investments. Miller later repaid all but \$1,900 of the loan, which Laurance canceled.

Views on the future of county jail to be aired during program Friday

By Debbie Pearson

Views on the future of the condemned Coles County Jail will be presented in a program sponsored by Charleston's League of Women Voters at 7:30 p.m. Friday.

Charles Keller, assistant professor of sociology, Coles County Sheriff Paul B. Smith and John C. Tracy, editor of the Coles County Times-Courier, will each present their views on the future of the jail in the University Union Fox Ridge Room.

The program, entitled "Alternatives to the Present Jail," is open to the public, Judy Moll, league president, said.

Members of the County Board have also been invited to the program because the league feels it is important that they

are aware of community feelings toward the future of the jail, she said.

The main reason the league is holding the discussion is to educate the people of Charleston on the various alternatives "of which very few people are really aware," she said.

Two questions which the league hopes to have some form of community consensus on are the types of criminals which should be held in jail and what type of facilities should be used for various offenders.

The program is designed to give both community and university residents an opportunity to have some input into the decision on proposals for a new jail or remodeling the present one.

Swimmers travel to Normal Saturday for ISU Relays

By Dave Shanks

Eastern's swimming team travels to Bloomington Saturday for the ISU Relays in which they will compete with 11 other teams.

Coach Ray Padovan said that there will be seven strong teams competing in the meet.

Tankwomen host meet Saturday

By Tim Katzmark

Eastern's women's intercollegiate swimming and diving team will open their 1974-75 season Saturday in a triangular meet, against Indiana State and the University of Illinois at 1 p.m. at Lantz Pool.

The swimmers are coached by Joyce David and the divers by Beth Verner, a graduate assistant.

The team has four returners from last year's squad.

They are Judy Lehmen, who will compete in the breaststroke and relays; Lark Kormos, a diver; Ruth Cooper, freestyler and backstroker; and Kathy Wieneke, freestyler.

The returners will be supported by a strong group of incoming freshmen.

Martha Mulder, freestyler, Sandy Maxfield, freestyler, Barb Winsch, freestyler and backstroker, and Lynda Petri, breaststroker and freestyler, are the first year people.

"Our strong point this season will be our depth, and our weakness will definitely be in diving," Judy Lehmen, captain of the team, said.

"We should be exceptionally strong in freestyle," she added.

Out of the eight mentioned above, six are freestylers, giving the Panthers an edge in that event.

Those include Southern Illinois University, Purdue, University of Cincinnati, University of Miami-Ohio, Indiana State, Ball State and Northwestern.

Padovan said that each of these teams is very balanced and has a good deal of depth.

This meet will just feature individual performances.

Padovan said that the ISU Relays had been the normal season opener for the team, however, this season the team has had two meets to date.

They took sixth in the Big Ten Relays Nov. 22 and third place the following day at the SIU Invitational.

Padovan said, "This meet will give me a chance to compare last year's team to this year's team."

"The last two meets have been eye openers for me. Half the team is new to me and I am still learning what each man can swim."

Padovan said he feels that since the first meet, the team has gotten the added practice time that they needed.

"We're a lot better off than we were two weeks ago."

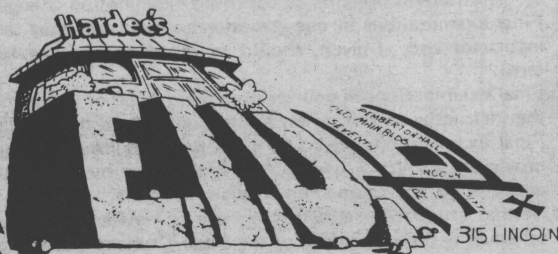

As for his team's upcoming performance Friday, Padovan said he hopes that the team can finish at least sixth.

He concluded by saying, "After this one, we're pointing for our home meet next week."

The Panthers host Illinois State and Central Michigan in a double-dual meet on Dec. 14.

IM Gymnastics change dates

A change has been made in the co-recreational gymnastic schedule that begins Sunday, William Riordan, IM department head said Thursday.

Gymnastics will be held on Sunday from 3 to 5 p.m. instead of Friday evenings as originally scheduled. Gymnastics will also be held on Tuesday from 7 to 9 p.m.

Schnorf, Bradley advance

Brenda Bradley and Jim Schnorf came out winners in the American College Union International table-tennis tournament at Eastern.

Along with Bradley and Schnorf, Jane Whipple and Tom Baker, the second place finishers in the women's and men's division respectively, will be going to the regional finals at Western Illinois University this February.

Whipple and Bradley had no worries of making the trip, since they were the only two participants in the women's division.

Home b-ball postpones IM's

The IM office reminds students that no activities will be scheduled on weekday nights when intercollegiate basketball games are scheduled.

attempts.

"I prefer to be in the game as much as possible," Pinnell said. "If I'm sitting, then I'm not in that often."

Jim Mason, who grabbed seven rebounds and as many points in 11 minutes, started the second half before leaving the game in favor of Pinnell.

In addition to Mitchell and Myers, the Panthers got a good game from Charlie

Thomas, who split the playing time almost equally with the two starting guards. Thomas had eight points.

It was also a showcase appearance for three other new guards.

Derrick Scott and Bill Patterson made impressive showings, boasting quickness and speed as their outstanding attributes.

James Brooks only played two minutes but hit his only shot, a 25 foot baseline effort, with relative ease.

SEASONS GREETINGS

BADIN, N.C. (AP) - Cyndy Meserve made history as the first woman to play in a National Collegiate Athletic Association men's varsity basketball game, but Nancy Isenhour Gamewell made her mark 30 years ago as one of the first, if not the first, woman to play on a men's college team.

Gamewell, now a 49-year-old North Carolina elementary school counselor, went out for the High Point College team at the request of Coach Virgil Yow during her senior year in 1944. She played in all but one game that year.

"At that time, it was just something I wanted to do," said Gamewell. "I loved basketball and participated in every sport

Pratt may not have the first woman basketball player

they offered for women. I never worried about the battle of the sexes."

Much like Meserve, who says women's liberation is not the reason she's playing for Pratt Institute, Gamewell disclaims any connection with causes in regard to her playing on the Panther team.

"I think of myself as a person who will fill a job if I'm needed," Gamewell said. "I felt it was right for me at the time."

High Point College is affiliated with the

National Association of Intercollegiate Athletics, and thus Gamewell's college competition does not affect Meserve's record. At the time of Nancy Isenhour's debut at High Point, the small North Carolina school received much publicity.

"I believe I was the first woman to play for a men's college team," she said. "It was considered most unusual at that time."

"You have to remember that 1944 was

during the war years and most college age men were in the service. Our players were mostly real young or ministerial students.

"The lack of males certainly helped me get the chance to play," she said.

Gamewell, 5-foot-6, played forward and guard and said she doesn't remember scoring a single point. Play-making was her strong point.

She doesn't remember the team's record, either, but said the Panthers had a "very poor" year against mostly in-state opponents.

She says a back ailment has forced her to give up sports.

"Now I'm mostly an observer," she added.

official notices

COMPUTATIONAL MATHEMATICS MAJORS

COMPUTATIONAL MATHEMATICS MAJORS who expect to intern in the summer of 1975, the fall of 1975, or the spring of 1976 should file an "Application for Internship" with Dr. Atkins not later than January 18, 1975.

Dr. Ferrel Atkins
Computational Mathematics Adviser

CAP & GOWN MEASUREMENTS

A representative will be on campus Friday, December 6, 1974 taking measurements for caps and gown for Spring Commencement. Measurements will be taken in the University Union Lobby from 9:30 a.m. - 1:30 p.m. If you are unavailable on that date, another measuring date will be held during the Spring Semester.

H. L. Brooks
Director, University Union

FEE ASSESSMENT

Board of Governors' policy, stated on page 29 of the current catalog, explains that a \$10.00 "late enrollment fee" will be charged to a student who fails to pay all fees on his enrollment day.

Each student is responsible for providing accurate and up-to-date information used in making fee assessments for registration and service fees. Pre-enrollment fee billing preparation is based on the type of scholarship coverage (or lack of it), the course load, the class level, and the residency type for the current student during the current term.

If any changes occur for a student, the new information must be given to Registration Office personnel at the office or in other locations designated for such changes. Any student who pre-enrolls has at least two convenient opportunities to correct fee status information BY COMPLETING A NEW FEE CERTIFICATION CARD during the "requesting period" or at Early Enrollment JUST PRIOR to making his payment to the cashier.

If you have a question regarding fee assessments, please call or come to the Registration Office. Note that on December 6, 9, 10, and 11 all Registration Office personnel will be at the University Union for Early Enrollment activities; the office will be closed on those days.

Michael D. Taylor
Director, Registration

SECONDARY EDUCATION 3000

Students in Business, English, Social Science, History, Sociology, Political Science, and Psychology who are interested in starting the experimental program in teacher education are to enroll in SED 3000.

Marian Shuff, Chairman
Experimental Secondary Education Pilot Project

STUDENT CLASS SCHEDULE

TO ALL PRE-ENROLLED STUDENTS: The Registration Office is pleased to announce that your Student Class Schedule picked up at Early Enrollment in December will reflect the following improvements in format:

1. Lab times are correctly shown.
2. The total semester hours are indicated.
3. Courses that could not be scheduled because of time conflicts or closures are shown with the appropriate reason for not being scheduled.

We hope that these improvements in the Student Class Schedule form will eliminate some problems that have occurred in the past.

If there are any discrepancies pertaining to the above information on your Student Class Schedule, please go to the Mezzanine during Early Enrollment (Dec. 6, 9, 10, and 11).

Michael D. Taylor
Director, Registration

TEXTBOOK LIBRARY NOTES

Students wishing to retain textbooks for use during Spring Semester 1975 in consecutive or continuing courses may do so during the week of December 9, 1974. You must bring to the Textbook Library the books you wish to retain, your Spring Semester class Schedule card, and your Spring Semester validated ID card.

The deadline for returning Fall Semester books is 12:00 noon, MONDAY, DECEMBER 23, 1974. ALL TEXTBOOKS NOT PURCHASED IN ACCORDANCE WITH PREVIOUS ANNOUNCEMENTS OR CHECKED OUT IN ACCORDANCE WITH ABOVE MUST BE RETURNED.

G. B. Bryan
Manager, Textbook Library

COMPLETE EARLY ENROLLMENT

Students who submitted a pre-enrollment request for the Spring Semester should complete their Early Enrollment in the Union Ballroom. Present your I.D. card according to the following schedule of last names:

- T-Z 8:30 - 11:30 a.m., Dec. 6
R-S 1:00 - 4:00 p.m., Dec. 6
N-Q 8:30 - 11:30 a.m., Dec. 9
K-M 1:00 - 4:00 p.m., Dec. 9
H-J 8:30 - 11:30 a.m., Dec. 10
D-G 1:00 - 4:00 p.m., Dec. 10
A-C 8:30 - 11:30 a.m., Dec. 11
All Groups 1:00 - 4:00 p.m., Dec. 11

STUDENTS MAY REPORT AFTER THEIR APPOINTED TIME BUT NOT BEFORE

Completion of Early Enrollment INCLUDES PAYMENT OF FEES due for Spring Semester.

The deadline to complete Early Enrollment is 4:00 p.m., Wednesday, December 11, 1974. Failure to complete will result in cancellation of scheduled courses.

SPECIAL NOTE: Please do NOT have checks for Spring term fees sent to the Registration Office or the Cashier. AT EARLY ENROLLMENT, each student must make any payment due for Spring. ALL STUDENTS MUST STOP AT THE CASHIER STATION.

Michael D. Taylor
Director, Registration

EARLY ENROLLMENT PAYMENTS

Students are cautioned about submitting non-negotiable checks for payment of enrollment fees. Checks returned due to insufficient funds will result in a cancellation of scheduled classes.

Michael D. Taylor
Director, Registration

STUDENT BORROWERS

ALL STUDENTS who have borrowed funds under the National Direct Student Loan Program and Eastern student loan fund programs are required to report to the Office of Financial Aids for a terminal interview before GRADUATING OR OTHERWISE TERMINATING enrollment at Eastern.

This does not apply to those students who have borrowed under the Illinois Guaranteed Loan Program. Borrowers under the Illinois Guaranteed Loan Program should check out with the lending institution.

Students may call 581-3713 and arrange an appointment with Ms. Jill Ingle-Stroh.

Ross C. Lyman
Director of Financial Aids

FINAL EXAMINATION SCHEDULE

| | Monday December 16 | Tuesday December 17 | Wednesday December 18 | Thursday December 19 | Friday December 20 |
|-----------|--------------------------------------------|--------------------------------------------|---------------------------------|---------------------------------|--------------------------|
| 0730-0930 | M-1700 or T-0900 | M-1500 | M-1600 | M-1300 | M-1400 |
| 1000-1200 | M-1000 | M-1800 T-1700, Makeup or Arranged | M-1100 | T-1600 Makeup or Arranged | M-0900 |
| 1300-1500 | T-1400, T-1500 Makeup or Arranged | M-1200 | T-1100 Makeup or Arranged | M-0800 | Makeup or Arranged |
| 1530-1730 | T-1200 | T-1000 | T-0800 or T-0830 | T-1300 | ----- |
| 1900-2100 | M-1900 | T-1900 | W-1900 | R-1900 | ---- |

FINAL EXAMINATION SCHEDULE

1. Final examinations are scheduled on the basis of the first class hour meeting of the week irrespective of whether the first hour is classroom or laboratory activity.
2. Final examinations for multiple-hour classes are scheduled on the basis of the first hour of the multiple-hour block.
3. AnM-, T-, W-, or R- prefix indicates whether the first class day of the week is Monday, Tuesday, Wednesday or Thursday. For instance, M-0800 indicates the scheduled time for the final examination in a class having its first class hour meeting of the week at 0800 on Monday. R-1900 is for a class having its first class hour meeting of the week at 1900 on Thursday, etc.
4. Final examination periods indicated in the above schedule as "Makeup or Arranged" are to be used only in cases where:
 - a. The first class hour meeting of the week does not conform to the schedule patterns established herein.
 - b. The meeting time of the class appears in the Semester Class Schedule as "ARR".
 - c. The student presents an approved examination change request.
5. Final examinations in one semester hour courses may be given at the discretion of the instructor and, if given, should be scheduled for the last regular class meeting of the term.
6. Final examinations in courses numbered 4750 or above may be given at the discretion of the instructor and, if given, are to conform to the schedule patterns established herein.
7. Final examinations are to be given in all courses unless specifically exempted under the provisions of No. 5 and/or No. 6 above or by departmental recommendation to, and approval by, the Council on Academic Affairs.
8. Neither students nor instructors are to deviate from the published final examination schedule without approval of the Dean, Student Academic Services.

Samuel J. Taber, Dean
Student Academic Services

Gymnasts in Windy City Invitational

Eastern's gymnastics team will be in Chicago Friday and Saturday for the Windy City Invitational.

Coach John Schaefer will be taking a full team of 12 tumblers to what could be the toughest meet the Panthers will have all year.

"Of the 18 teams entered in the Windy City," said Schaefer, "four are from the Big Ten, and two are from the Big Eight."

Included in the Big Eight schools is Iowa State, last NCAA University Division champion.

Schaefer said that last year's fourth place finisher in the University Division, Indiana State, is also entered along with Wisconsin-Oshkosh, the NAIA champ and the National Junior College Athletic Association champ.

"We're really stepping out of our class by entering this meet," said Schaefer.

"The main reason we do it is to help prepare us for the tough competition later in the year. We'll mainly be shooting at the College Division teams - Western Illinois, Chicago-Circle and Wheaton

College."

Last year, Eastern finished 13th out of 17 teams. Schaefer said he'll be pleased if they do as well this year.

"We've set a goal of 180 points, but I don't know if we can make it. Of course, teams like Iowa State are capable of scoring 210, so we can't touch them."

Schaefer said he looks for Bruce Spikerman, who finished ninth in the floor exercises last week at the Midwest Open, to be Easterns' top individual finisher.

Jones after proven winner for football coach

By Gene Seymour

A majority of applicants for the head football coaching position at Eastern have been "eliminated from consideration," Tom Jones, chairperson of the coach selection committee said Thursday.

"From nearly 30 applications we've received, only a few have remained as prime candidates for the job," Jones said.

Jones also indicated that the committee has established certain criteria the new coach must meet before gaining consideration for the job.

"The person must be a professional in his job," Jones said. "He must be an effective, proven high school recruiter who can sell our football program."

"This person must be a subscriber to our philosophy of athletics in that we are not out to develop a professional athlete, but rather a student-athlete; one who has a well-rounded background."

"He must be affiliated with a proven

winning program," Jones said, "and if he has an extensive background in offensive football, this will be a factor in his favor."

Jones also pointed out that this wouldn't eliminate anyone with excellent defensive backgrounds.

Originally, a new coach was to have been selected by mid-December. However, Jones said that a choice probably won't be made now until "just prior to Jan. 1."

"We want to have enough time to learn as much about this individual as possible," Jones said.

"We want to whittle the number of candidates down to a handful so we can get to know as much about the person as possible. We hope to contact his former boss, his peers and his ex-players to find out what kind of person he really is," Jones said.

eastern news

sports

Page 16

Friday, Dec. 6, 1974

"After all, we feel that this decision will probably be the single-most important event for the athletic program here at Eastern."

Jones also said that the committee has contacted almost every major college football power in the country to ask for recommendations by head coaches about their assistants.

"We've contacted coaches from 27 major college programs," Jones said.

"This includes Ara Parsegian at Notre Dame, Woody Hayes (Ohio State), and Bear (Paul) Bryant (Alabama).

"I'd say the chances of us getting an assistant from one of the major colleges is pretty good," Jones said.

"We feel we'll get good response from these coaches because it's more or less understood that a head coach will look out for his assistants if an opportunity arises," Jones said.

Jones said that the committee has received an application from Gerald Kuharich, a former coach with the Philadelphia Eagles and Washington Eagles of the NFL.

Jones didn't rate Kuharich's chances of "survival" as very good, pointing out that Kuharich "would be good for a professional team" but not necessarily what Eastern is looking for.

2 game streak on line

Panthers hit the highway for CMS contest

By Gene Seymour

Don Eddy's varsity basketball Panthers will take to the highway Saturday as they meet the Central Missouri State Mules at 7:30 p.m. in Warrensburg.

Eastern will be putting a two game win streak on the line in their match with a CMS squad that likes to run.

The Mules have averaged 91 points in their first two encounters, which has netted them a 1-1 record.

Jim Kampen's crew has beaten Augustana 92-88 while losing a 91-90 decision at Northern Iowa.

"They like to run all the time and play a full-court type of game," coach Don Eddy said.

"We will have to maintain our good defensive pressure to win this one."

Eastern dumped the Mules last season 104-96, at home but, as Eddy pointed out, playing away from the friendly confines of Lantz Gym can impose somewhat of a disadvantage.

"Anytime you're on the road, you are the underdog," claimed Eddy. "So many things that go your way at home can go the other way at someone else's court."

The Mules to date have relied heavily on freshman Jim Mattingly and junior guard Rick Gosnell.

Mattingly has averaged 22 points in the first two contests, while Gosnell, an ex-All-American at Lake Land College, and a star for the Otho Tucker-led Paris High school team of 1971, has been the catalyst in the CMSC running game.

In Eastern's 82-57 win over Tennessee State, their second in 11 career meetings, the Tigers experienced such letdowns.

TSU, always a top contender for NCAA II national titles, played hapless, misguided basketball and fell victim to a spirited, cohesive Panther unit.

Eastern's defense made the difference, Eddy pointed out, as he Tigers time after time took forced, off balance, low percentage shots.

Another disadvantage the Tigers had was the lack of coaching leadership.

Ed Martin, the regular TSU coach has missed a month of duty with illness, and his assistant is a first year man right out of high school coaching. Eddy pointed out that could have been a negative factor for Tennessee.

The Panthers got good scoring from Rob Pinnell (21) and Jeff Furry (14) while Bev Mitchell paced an impressive showing by six Eastern guards with 14 points.

Mitchell and Fred Myers, who will be starting the Central Missouri match, ran the offense well and played a harrassing style of defense.

"I thought Fred played exceptionally well," Eddy said of Myers.

"He was guarding Gil Williams, who is seven inches taller than him, and did a good job on him."

Williams had 18 points to lead the attack, but hit only seven shots in 20 attempts.

Pinnell, the senior pivotman, had his second highest production game as he canned a high of 21 points, mostly on second half drives in the lane.

"Rob works best with his back to the basket for some reason," Eddy said.

Pinnell came off the bench in the second half and canned 7 of 8 field goal

(See PANTHERS, page 13)

Wrestlers host Chicago State Saturday in rare home meet

By Mark Kellerman

Eastern's varsity wrestlers will make their 1974-75 home debut in a 2 p.m. match with Chicago State Saturday at Lantz Gym.

First year coach Ron Clinton expects an exciting meet based on the Panthers showing in the recent Oklahoma City Open.

Although the grapplers failed to score impressively in that meet, Clinton believes that his team will show what they learned Saturday.

"It was a good learning experience. They were exposed to alot of great wrestlers," Clinton said. "Now they'll know their own strengths and weaknesses," he added.

Clinton plans to send out basically the same line-up against Chicago State he used at Oklahoma.

Eastern will scratch at the 118 weight class because there won't be anyone at that weight.

Ed Becker, one of the more consistent Panthers, will go at 126. Becker won four of his six matches against the field at Oklahoma City.

Rick Johnson will handle 134 for Eastern, while Tom Rounsavall will perform at 142.

Freshman Tubby Anderson is set for the 150 pound class, and Lou Ordenez who had a one and two record at Oklahoma City will be at the 157 class.

Other Eastern wrestlers will include, Tony Ruggeri (167), Grant Grubaugh (177), Jim Marsh (190) and heavyweighy Gene Pouliot.

Pouliot, an All-American, took third place in the Oklahoma City Open.

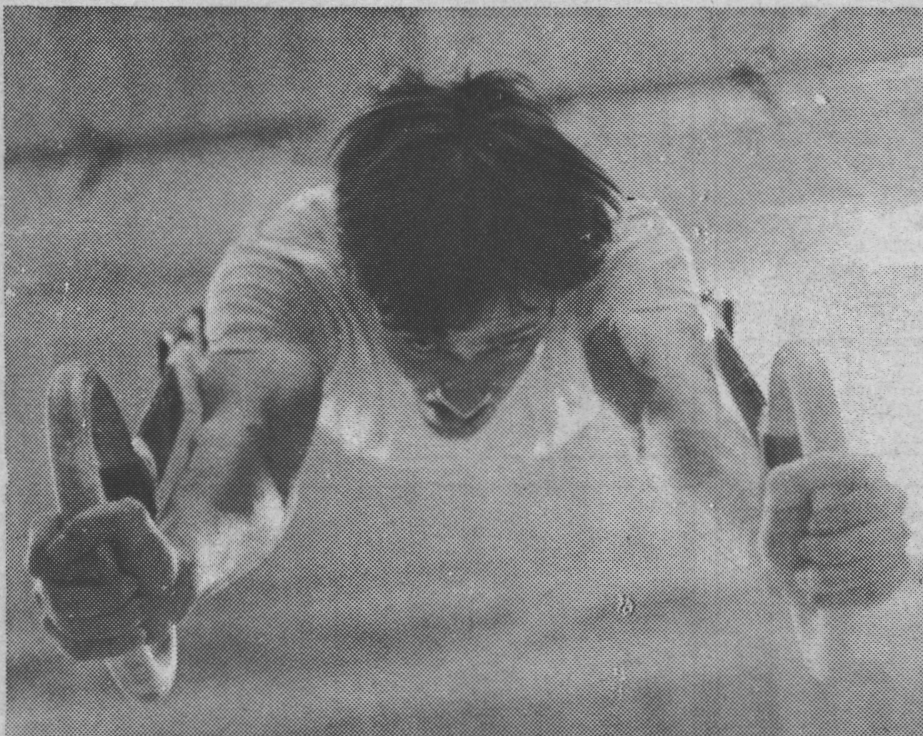

He finished the tournament with a five and one record.

His only loss came to the eventual weight class champion.

"The Oklahoma City Open was the first time that I got to see the guys under actual competition. We have progressed since that meet," Clinton said.

Clinton feels the meet should be exciting.

"The kids will be opening up more on their individual holds, now that they know their strengths," the coach commented.
