## Foundation moves to divestiture

### Vote delayed by absent members; mail count taken

By **AMY CARR**  
Administration editor

Members present at the EIU Foundation's meeting Sunday voted to divest all stocks in companies with holdings in South Africa, however lack of a quorum forced action to be delayed.

The five members not attending the meeting will be asked to vote on the issue by mail. The polls will be sent out on Monday and are expected to be returned as soon as Thursday, Executive Officer Daniel Thornburgh said.

The board voted 3-0-6 in favor of divestiture following a recommendation from the executive committee to divest, "in a prudent and orderly manner over a period not to exceed 24 months, all Foundation stocks in companies with holdings in South Africa."

The Foundation consists of 100 regular members. In order to have a quorum 10 members must be present.

Because the five absent members will also have the option of abstaining from the vote, the number of votes needed to approve the recommendation for divestiture can not be determined. The number necessary for a majority is determined by the number of members participating in the vote.

In the event of a tie, Foundation Chair Jim Roberts will voice the deciding vote.

Referring to what this vote will be, Roberts said, "The chair votes no!"

As of Dec. 31, 1986 the Foundation had \$266,763 invested in eight companies with operations in South Africa. Each of these companies complies with the Sullivan Principals, as previously requested by the Foundation.

In addition to the executive com-

mittee's recommendation, the board also considered a petition submitted by Eastern Illinois Students Concerned About Peace containing about 1,015 signatures from students.

Before accepting the recommendation, board members argued that the decision should be delayed until all members of the board were present.

However, several members believed further discussion of the issue was not necessary.

"This is a question we have addressed a number of times. People have made presentations on both sides. The members know how they feel on the subject . . . another discussion will not change attitudes," Thornburgh said.

Eastern President Stanley Rives said, "I think it is time to act on the issue. I think it has been accurately

discussed."

Rives added that the board should not only consider the moral issue involved, but also the economic advantages and disadvantages involved in the stock holdings.

If divestiture is approved, the Foundation must also take action on stock holdings presented to them as gifts. The Foundation currently holds stock in Snap-on-Tool and Marathon, both companies have operations in South Africa.

If approved, the Foundation would probably continue to accept these gifts, but sell them immediately, Thornburgh said.

In addition, the board voted to sell its holdings in the Snap-on-Tool company following a recommendation from the Harris Bank. "The stock would not perform," Thornburgh said.

PAUL KLATT / Staff photographer

Two Carman Hall residents playfully fight it out with snowballs and loose snow Saturday afternoon during the second snowstorm to hit

campus this winter, accumulating about 9 inches of snow.

## Mother Nature shrouds campus with 9-inch coating of snowflakes

By **CHRYSTAL PHILPOTT**  
City editor

The weather outside was indeed frightful during the weekend as icy roads and drifts were left in the wake of Friday and Saturday's nine-inch snowfall—the worst January snowstorm to hit Illinois in eight years.

Average winter snowfall hovers around 19 to 20 inches, said Richard Wise, Eastern weather and climate instructor. Therefore, Friday's storm accounts for nearly half the annual average, he said.

"We picked up approximately eight to eight and a quarter inches in the snowfall Friday," Wise said Sunday. "Then we got three-fourths of an inch yesterday."

"The total winter snowfall is 19 to 20 inches, so what we got was about one-half of our winter snowfall in one storm."

Vince Gutowski, another weather and climate instructor, agreed with Wise.

"We had about eight inches the day before yesterday and yesterday we got about a little less than an inch. I guess the whole storm gave us about nine inches," Gutowski said.

The Associated Press reported that the storm was the worst to hit the state during January in eight years, leaving at least 13 weather related deaths in its wake.

Gutowski said having a large snowfall this time of year is not unusual.

"It seems that quite often you get your first good snowfall after the first of the year and it

seems to have held true this year," he said.

Wise said winds also helped intensify effects of the storm by blowing snow.

"They (the winds) were about 15 miles per hour throughout Friday. Yesterday (Saturday) they picked up a little bit. They must have been up to about 20. Earlier this morning the winds picked up to about 20 mph," he said.

On Sunday afternoon the Coles County Road and Weather Service was reporting fair driving conditions.

"Most of the secondary roads in Coles County are snow packed with north and south roads drifted shut this morning. . . Route 16 is clear in the driving lane with ice and snow in passing lanes."

"I-57, I-74 and I-72 are 95 percent clear with a few slick spots. I-70 is mostly clear," the service's recording said Sunday.

Students can hear the recording Nov. 15 through April 15 by calling 348-7623.

Despite snow covered roads over the weekend, Mark Ridgeway of the Coles County Sheriff's Department said accidents were minimal.

"There's been a quite a few minor accidents, but nothing major. There were no injuries—quite a few cars stuck in the ditch, though," he said.

Wise said, "The forecast for the next three or four days is that we may see some temperatures up to about the 40s."

Gutowski said, "I would expect temperatures to rise and most of the snow will melt away (in the next few days)."

## Brainard House dedicated to its founding father

By **CAROL ROEHM**  
Staff writer

H Ogden Brainard, the "founding father" of the Eastern Illinois University Foundation, was honored Sunday at a testimonial dinner at which the organization's house was officially named The Brainard House.

Eastern President Stanley Rives presented a plaque to Brainard commemorating the naming of The Brainard House. The plaque will be displayed inside the house. Also, a framed photograph of the house was unveiled.

**"The house gives us a really fine place to hold our meetings now, and it meets the needs of the space problem we had in Old Main."**

**—Charles Titus  
Foundation Secretary**

The foundation purchased The Brainard House, 1548 Fourth St., in March 1986.

Brainard, of Charleston, closed the ceremony by expressing an emotional thank you to everyone for being present at the dedication.

Foundation secretary Charles Titus said, "It's (the naming) something that everyone (foundation members) is enthusiastic about. The house gives us a really fine place to hold our meetings now, and it meets the needs of the space problem we had in Old Main."

To open the testimonial, Rives read a letter from Illinois Secretary of State Jim Edgar congratulating Brainard. An invocation was then given by Monsignor Daniel Moriarty.

Remarks about Brainard's contributions to the Illinois Bar Association in which he served as president in 1970-71 were made by the current Illinois Bar Association president Richard Thies.

Nancy Froelich, Board of Governors chair, congratulated Brainard on his contributions to Eastern, from which he received his bachelor's degree in 1925.

A former student of Brainard's, Ralph Rhoden, recalled when Brainard was a student teacher of industrial arts at Eastern in the 1920's.

J. Leeds Bower, partner in the Brainard, Bower & Kramer law firm, spoke of Brainard's long support and devotion to Eastern.

Associated Press

## State/Nation/World

## Thompson: 4th inaugural easier

SPRINGFIELD—Gov. James R. Thompson expected his fourth inaugural Monday to be a breeze compared to four years ago, when he was unsure he had been elected until almost the last minute and inauguration festivities were clouded by the state's depressed economy.

"Gruesome" was how Thompson remembers the 1983 inaugural, which was highlighted by a speech sprinkled with quotes from Henry Horner, who served as governor of Illinois in the depths of the Great Depression.

The Illinois Supreme Court ruled only three days before the 1983 inaugural that Thompson's opponent in the general election, Adlai Stevenson, wasn't entitled to a recount.

## Proposed cuts, message differ

SPRINGFIELD—President Reagan's proposal to cut farm programs contradicts what he said in a visit to Illinois last summer and dims prospects for a recovery in the farm economy, an Illinois congressman says.

Rep. Richard Durbin, a Springfield Democrat, said at a weekend news conference that Reagan's budget proposal would cut price supports, money to market American farm goods overseas, and Rural Electrification Association funds.

In a speech at the Illinois State Fair in August the president said the administration is helping farmers by supporting farm income, cutting costs to farmers and expanding exports, Durbin said.

Reagan's budget proposal would trim farm subsidies, which reached \$25.3 billion in fiscal 1987, by more than \$4 billion in 1988 and \$20 billion over the next four years.

## Iraqi air raid strikes back at Iran

NICOSIA, Cyprus (AP)—Iran launched missile attacks Sunday against Iraq's capital of Baghdad and the southern port city of Basra. Iraq said it hit back with a "devastating" air raid on Ayatollah Ruhollah Khomeini's holy city of Qom.

Fierce ground fighting was reported for a third straight day. Communiques from both sides indicated Iran's forces were still on the offensive near Basra.

Tehran radio claimed Iranian troops killed or wounded 14,000 Iraqi soldiers and captured 1,000 since the offensive, called Karbala-5, began early Friday.

An unidentified Iraqi field commander quoted by Iraq's official news agency said Iran lost 250

tanks in heavy overnight fighting, with Iranian casualties including at least 5,000 dead.

The claims, monitored in Nicosia, could not be substantiated because both sides severely restrict foreign correspondents' access to the battle zones.

Iran had threatened to launch a decisive "final offensive" in the 6-year-old Persian Gulf war before the Iranian new year, or Noruz, on March 21. The objective appeared to be the capture of encirclement of Basra, Iraq's second largest city with a population of about 1 million.

The Iranian Revolutionary Guards command was quoted by Tehran radio as saying a surface-to-surface missile was fired at Baghdad at dawn and that it hit Iraq's air force command.

## Officials defend return of funds

WASHINGTON (AP)—Administration officials seeking to return \$500 million the United States owes Iran say they face minor technical roadblocks and one major political task—convincing the public the money isn't an attempt to ransom hostages.

The Iran-U.S. Claims Tribunal in the Hague, Netherlands, ruled last year that the United States must return roughly \$500 million left over from a \$3.7 billion fund that Iran deposited in the New York Federal Reserve Bank to pay off syndicated loans made during the rule of U.S.-backed Shah Mohammed Reza Pahlavi.

"There is a realization that some people in the United States will misinterpret . . . that this was a payment for the release of hostages, which clearly it is not," said one official. "It is not a valid jump, but some might make it and it has to be considered."

The continuing controversy over arms shipments to Iran last year and statements by an Iranian leader linking the assets issue to release of American hostages "has created a difficult climate for this," another official said. Both officials spoke on condition they not be identified.

# Student suffers broken neck in balcony fall

By STEVE SMITH  
Campus editor

An Eastern student sustained a fractured neck late Friday evening when he either jumped or fell from a third floor apartment balcony.

Freshman Gary Ferrill remains in stable condition Sunday at Sarah Bush Lincoln Health Center and is undergoing treatment for a fractured fourth and fifth cervical vertebra following his fall from a third floor balcony, a hospital spokesperson said.

According to witnesses, Ferrill had apparently been intoxicated at the time of the accident, which

occured at about 11:30 p.m. in Lincolnwood Apartment #303, S. Ninth St.

Billy Gunn, Ferrill's roommate and a witness of the accident, said that when he arrived at the party Ferrill was "kind of drunk." He also noted that Ferrill had a bottle of Jim Beam whiskey in a front coat pocket of his jacket.

When he jumped, Gunn said Ferrill landed on an outside staircase and bounced down the stairs. "He landed flat on his front side," Gunn said. "He didn't put his arms out (to break his fall)."

Gunn added that the bottle of whiskey broke in the fall causing additional wounds to Ferrill. "There were a few cuts and bruises," he said.

Gunn said that a person inside the apartment called a paramedic and "somebody brought him (Ferrill) upstairs."

Although the incident is being looked upon as an accident, Gunn said that one of the residents of the apartment told him that Ferrill had jumped from the balcony once before in the evening, sustaining no injuries.

## Three frat members to appear before court Monday

By STEVE SMITH  
Campus editor

Three members of the now defunct Phi Sigma Kappa fraternity are expected to appear in court Monday for a preliminary hearing to answer charges of aggravated criminal damage to property.

Eastern juniors John Emporer and Todd Dart and sophomore Chris Lesniak have been charged with aggravated criminal damage to

property for allegedly vandalizing their former fraternity house, 1509 S. Second St., Dec. 19.

Charleston Police Chief Maurice Johnson said someone walking past the property heard the sound of breaking glass from inside the house and called the police.

Johnson said when police arrived at the scene they witnessed Lesniak and Emporer leaving the house from an outside staircase. Dart was standing by

a car, the officers reported.

The house sustained about \$1,500 in damages following an earlier vandalism incident reported by house residents Nov. 30. Johnson said no connection between the incidents has been made.

The hearing is scheduled for 9:30 a.m., but Assistant State's Attorney Mike Radloff said the attorney for one of the men has a case in another county and may not be able to make an ap-

pearance.

The Phi Sigma Kappa fraternity was disbanded following a "Pimp and Whore" theme party in which a member of the Sigma Kappa sorority was found handcuffed nude to a stairwell Oct. 1.

Radloff said aggravated criminal damage to property is a felony punishable with up to three years in jail and a \$10,000 fine.

# Don't let snow get in the way of common sense

Many students might have been caught by surprise when a sudden snowstorm Friday dropped eight inches on Charleston by 4 p.m. to signal the start of serious winter snowstorms.

Don't let the sight of snow cause cabin fever. Get out and do things to enjoy the winter and the precipitation it brings. But be smart and remember to take a few precautions.

The one suggestion everyone's mother has told them over and over is to bundle up. This is the season for colds and flus. Dressing warmly may not prevent all illnesses, but it is a good precaution. Dressing with style in mind is nice, but dressing for warmth is more important.

For some, the sight of snow is a welcome way to greet the new semester, but for others it is just another hardship they have to endure. Snow can be both fun and dangerous.

Frolicking in the snow is something everyone has experienced. Throwing snowballs can be fun too, but it also can lead to accidents if individuals don't take care to see where they are throwing them.

Common sense warrants people to walk carefully because of ice. Plan extra time when walking to classes so you won't fall and injure yourself while running to be on time.

Students should also use extra caution while crossing streets so oncoming cars won't have to make sudden stops and risk losing control. Obviously, running in front of moving cars would not be wise.

Drivers, on the other hand, should drive slower and more carefully. Remember to allow more time for traveling from one spot to another. This additional time should allow for time it to clean off the car, get the car started and to pull out of parking spaces.

With temperatures expected to rise in the next few days, melting snow could present problems for everyone. There has always been a problem after snow melts and students playing mud football ruin the grounds. Hopefully this year torn up grass can be avoided to save the university grounds workers the time and expense of having to replace the grass before graduation in May.

Snow also gives students an excuse to skip classes which is not a university approved excuse. In other words, if you have time to play in the snow, you have time to go to class.

## Reporters' role is an important one 1986's news reinforced that notion

When something goes wrong, the newsroom goes nuts.

At the first sign of a scandal, violence or controversy reporters go to work snooping, probing, and bothering people in search of the truth.

Good news stories tend to come from bad news. And last year was a good year for bad news.

For example, seals on the space shuttle Challenger failed and killed everyone on board. The subsequent congressional and court hearings still make headlines.

Also, President Reagan ordered an air raid on Libya in retaliation for a bombing on a German disco. That took up some space on the front page and so did the claim from Secretary of State George Schultz that the president's evidence was part of a disinformation scheme.

Most exciting news for Washington press corps happened during the last two months when it was discovered what happened in the basement of the White House and this arms—hostages—rebels flap.

This and other newspapers thrive on such events. One could say we depend on it.

Closer to Eastern, this publication's staff filled the pages with news of the Student Senate sending someone who wasn't a senator on a trip at the students' expense.

Ears and eyes opened wide when word got around that a woman was handcuffed to a stairwell at a fraternity house party.

Although scandal and tragedy tend to sell

Sean O. Hogan

newspapers, no one in our business wishes for it. Any reporter, editor or publisher who did would be as sick as a physician wanting to find cancer in a patient.

But like the doctor working frantically to diagnose a patient's illness, a newsgatherer finds his abilities challenged when politicians go astray—that's where the excitement comes in.

Like a doctor looking at the symptoms of disease, we look at the clues and leads to problems in our governments.

When we find trouble in government our professional abilities and ethics are put to the test. Competitors race to write the most interesting, revealing and accurate account.

Most people elected or appointed to public office are honest and assume the position out of a sense of civic duty. But when they fall victim to the temptations that surround their jobs, it is a reporter's sad responsibility to tell about it. It isn't fun to find the government in turmoil.

Reporting on sensitive issues is every bit as awesome a responsibility as that of the decision-maker's. We walk a fine line between telling interesting stories and exaggerating, between discovering and relying on a faulty news source.

We in the newspaper business need to press officials and sometimes force the government to hold up other business to get a controversy weeded out as when doctors need to examine and put patients in a hospital to insure proper diagnosis.

Thomas Jefferson once said he would rather have a press with no government than a government with no press. He was a wise man.

If your doctor couldn't find your illness, who would suffer?

—Sean O. Hogan is a reporter for The Daily Eastern News.

## Your turn

### Unwanted grades can be appealed

Editor:

I realize that with the start of a new semester comes the beginning of classes. However, at this time I'd like inform those students who were not satisfied with last semester's grades about what to do.

First, talk to the instructor who issued the grade. Quite often things can be settled at this stage. But if they cannot, you need to contact the department chair about filing a formal appeal and from there the proceedings begin.

I urge anyone in doubt to go

through with an appeal and do so within the next four weeks. If you have any questions, just call the Student Government Office at 581-5522.

Terese Papa  
Executive vice-president  
Student senate

### Services students should know of

Editor:

Even though the start of the semester is one of the most hectic times of the year, the school provides students with some services which must be initiated at the beginning of the

semester.

Students can receive an insurance refund if their parents' policy is more thorough than Eastern's coverage for students. Request forms are in the Financial Aid Office in the Student Services Building. Forms must be turned in by Jan. 31 to receive the \$32.25 refund.

Any student who feels his grade from the fall semester was unfairly assigned can appeal the mark. The process is initiated during the first four weeks of the semester by the students going to the instructor with the difference.

Deb Camren  
Student senator

## Letter policy

The Daily Eastern News welcomes letters to the editor from any reader addressing issues relating to the campus community.

The name and telephone number of at least one author must be submitted with each letter to the editor. Letters must be 250 words or less.

Only the first three names from letters containing more than three authors will be published unless further specified.

Letters submitted without a name (or a pseudonym) or without a telephone number or other means of verifying authorships will not be published.

# Snowman smashing incident ends in fight

By **STEVE SMITH**  
Campus editor

Frosty would be outraged by an incident Friday night involving one of his own kind—a snowman.

Late Friday evening a group of about six men fought over a demolished snowman.

Ronald Delude, the Charleston police officer who responded to a call of fighting at about 10:15 p.m. in the 2200 block of S. Ninth St., said, "From what I understand a group of white guys knocked over a snowman (a group of black males had erected) and they (the black males) retaliated."

Delude said when he arrived at the scene a "large crowd" of about 50 onlookers had gathered in the front yard of the house to watch the men fight. "Maybe about five or six were actually fighting," he said.

Several of the participants in the melee sustained cuts and abrasions, but no extensive medical treatment was needed, Delude said.

"(The fight) was basically a white against black type of thing," he added.

When the Charleston police officer arrived he said the fighting ceased and none of the participants wanted to press charges.

## Citizens Against Waste present award to Bruce

By **CRYSTAL PHILPOTT**  
City editor

Saving money has paid off for one local congressman.

U.S. Rep. Terry Bruce, D-Olney, has been given an award from the Citizens Against Waste for his role in fighting government waste.

Bruce was presented the award by Thomas Schatz, government affairs director of the group, in a ceremony in Washington D.C.

Bruce is responsible, due to a recently passed bill he wrote, for saving the federal government as much as \$400 million.

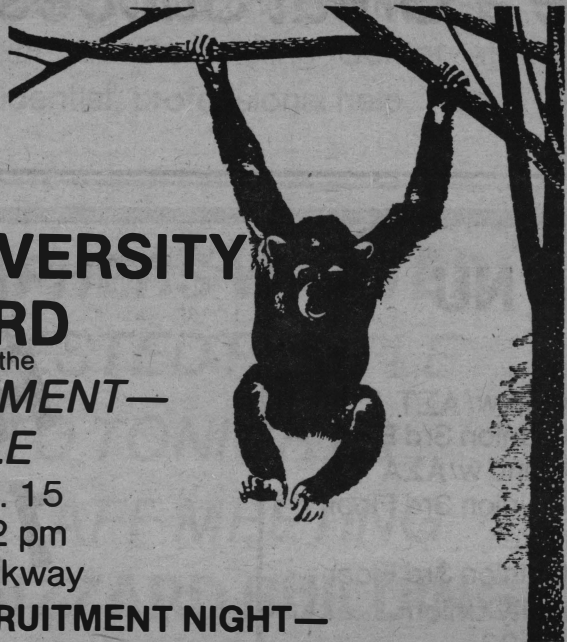

The bill, which was endorsed by the Citizens Against Government Waste, alters the way students receive Guaranteed Student Loans.

Bruce also contributed to several other cost-saving measures passed by the Congress, Bruce's press secretary Larry Clinton, said.

Totaled, the cost-saving measures save more than \$9 billion.

The Citizens Against Government Waste is a group connected with the Grace Commission on Reducing Federal Government Waste.

# Financial Aid office grants insurance refund

By **ERIC WEDEKING**  
Government editor

Eastern students who are a little short financially may receive \$32.25 by applying for an insurance refund through the Financial Aid Office, Senate Speaker Tim Taylor said.

Taylor said he believes the "student insurance refund" has not received enough attention and as a result, students are unaware they can receive a refund by filling out an application and providing proof of other medical insurance coverage.

"I don't think it (student insurance refund) has been publicized enough," Taylor said.

"Students who can provide evidence of having health insurance equal or better than Eastern Student

Sickness and Accident Insurance may request a form from Student Health Insurance Student Services," said John Flynn, director of financial aid.

Students who believe they qualify should go to the Financial Aid Office on the second floor of the Student Services building to complete a "petition" for an insurance refund, Taylor added.

The petition deadline is Jan. 21 and only pertains to the spring semester.

"The \$32.25 is a lot of money for a college student and since a student (or parents) may be paying for this (insurance) twice, it will save the student money," Taylor said.

Taylor said full and part-time students who received an insurance refund "would have equal

access to health services."

However, a representative from the Eastern's insurance department said if a student receives a refund, he may have to pay "out of the pocket expenses" should his own insurance not cover all medical bills.

In past instances, students who carried both Eastern's and another insurance company's health coverage did not have to pay for medical fees not paid by the Eastern insurance plan, because their additional insurance coverage picked up the remaining bill, the representative said.

Concerning the possibility of unpaid medical bills, Taylor said, "Students will have to look into it."

## Campus clips

Delta Sigma Pi will have a meeting Monday, Jan. 12 at 6:15 p.m. in the Charleston-Mattoon Room. First meeting of the year. Get ready for the upcoming rush events.

The Little Sisters will have a meeting Monday, Jan. 12 at 7:00 p.m. at the Union Walkway.

Medical Technology Students should expect acceptances to hospitals this year on Mon., Jan. 12. Some schools will send their acceptances to the student, others will send them to the medical technology office. Please stop by room 223, Life Science Bldg., after 2 p.m. to obtain your acceptance letter.

Alpha Phi Omega will have its first meeting of the semester Jan. 12 at 5 p.m. in Life Science 301. All members must attend.

Delta Sigma Theta Sorority will be registering Cook County residents to vote Jan. 12 - 15 from 6 - 8 p.m. at the Afro-American Cultural Center 1525 7th St. Please bring two pieces of

identification.

Campus Clips are published daily, in charge, as a public service to the campus should be submitted to The Daily Eastern office by noon one business day before the event (or date of event). Information should include event, name of sponsoring organization (spelled out — no Greek abbreviations), date, time and place of event, plus any other pertinent information. Name and phone number of submitter must be included. Clips containing conflicting or confusing information will not be run if submitter cannot be contacted. Clips will be edited for clarity. Clips submitted after noon of the day cannot be guaranteed publication. Clips can be run one day only for any event. No exceptions can be taken by phone.

# Wrestlers grab 3rd place

In the tournament, the Panthers had four wrestlers go undefeated. Craig Sterr (118), Marty Molina (177), and Demtrious Harper (heavyweight) all had 4-0 records.

Tennessee-Chattanooga went on to win the next three weight classes, including a forfeit at 190. Demetrious Harper finished Eastern's scoring with a 4-2 decision making the final score 22-15.

# Field goal lifts Denver

All that was on the line Sunday was an AFC Championship and a trip to

Karlis, his foot beginning to turn blue in chilly Cleveland Stadium, said he felt "very relaxed" on the winning kick in overtime.

**Slow**\_\_\_\_\_from page 12

Kattreh led all scorers with 22

The Panthers travel to Indiana State on Wednesday for a Gateway Conference game.

# Correction

It was incorrectly reported in Friday's *Daily Eastern News* that Eastern forward Kim Green was dismissed from the team because of disciplinary reasons, and that she had left school.

Green left the team for personal reasons and is still enrolled at Eastern.

The biggest difference between those that get rich and those that remain poor is not in their ancestry, education or luck. It is how they respond to opportunity.

The poor think of all the reasons why they can't. The rich think of all the ways they can!

# Panthers top Augustana for 3rd straight win

## Balanced attack provides spark

By JOHN STROUD  
Associate sports editor

Eastern survived Augustana's rally in the last 10 minutes of Saturday's men's basketball game at Lantz Gym to garner the third straight Panther win 66-60.

A tough Viking press midway through the second half put a clamp on the Panther offense as Augustana outscored Eastern 7-0 in a two-minute stretch. Glenn Seemayer's two free throws following a Norm Evans foul cut the Panther lead to 10 at 8:16, 54-44.

The Panthers were able to maintain a 10-12 point lead until 4:31 when Eastern forward Vince Macciocchi was called for goaltending on a Seemayer layup, breaking the lead to single digits, 58-49.

The Vikings then whittled the margin to 61-56 at the two-minute mark following Mike Owens' three-pointer, but poor shooting by Augustana in the end saved the Panther win. Augustana falls to 7-6 with the loss.

With the AMCU-8 Conference season at hand next Saturday against Illinois-Chicago, Eastern coach Rick Samuels is concerned about the Panthers' ability to break pressure defenses.

"Overall I'm disappointed," Samuels said. "This was a team we should have put away, and we let them back in the game."

Eastern, plagued by turnovers with 23 on the evening, spoiled what looked to be a blowout in the first half when the Panthers outscored the Vikings 15-2 to open the game. Eastern held a 20-point lead, 30-10 at the 6:41 point.

"Things just got progressively

worse" in the second half, Samuels said. "We just start standing around and can't recognize our own teammates."

Balanced scoring, however, helped the Panther cause as juniors Evans and Jerry Strickland scored 15 points each to pick up the slack for injured guard Jay Taylor, who sprained an ankle last week. Taylor is expected to return to action this week.

Center Mike West had 14 points and 12 rebounds, while Tony Hemphill had 12 points on the night.

Strickland, who got his first career start due to Taylor's injury, had little to say about the Panthers' play, but he knew what went wrong and what has to change if the team is to keep winning.

"We simply got out of our offense," Strickland said. And with the conference season starting, "we're going to have to play a lot better if we're going to do anything in conference. It's going to be tough."

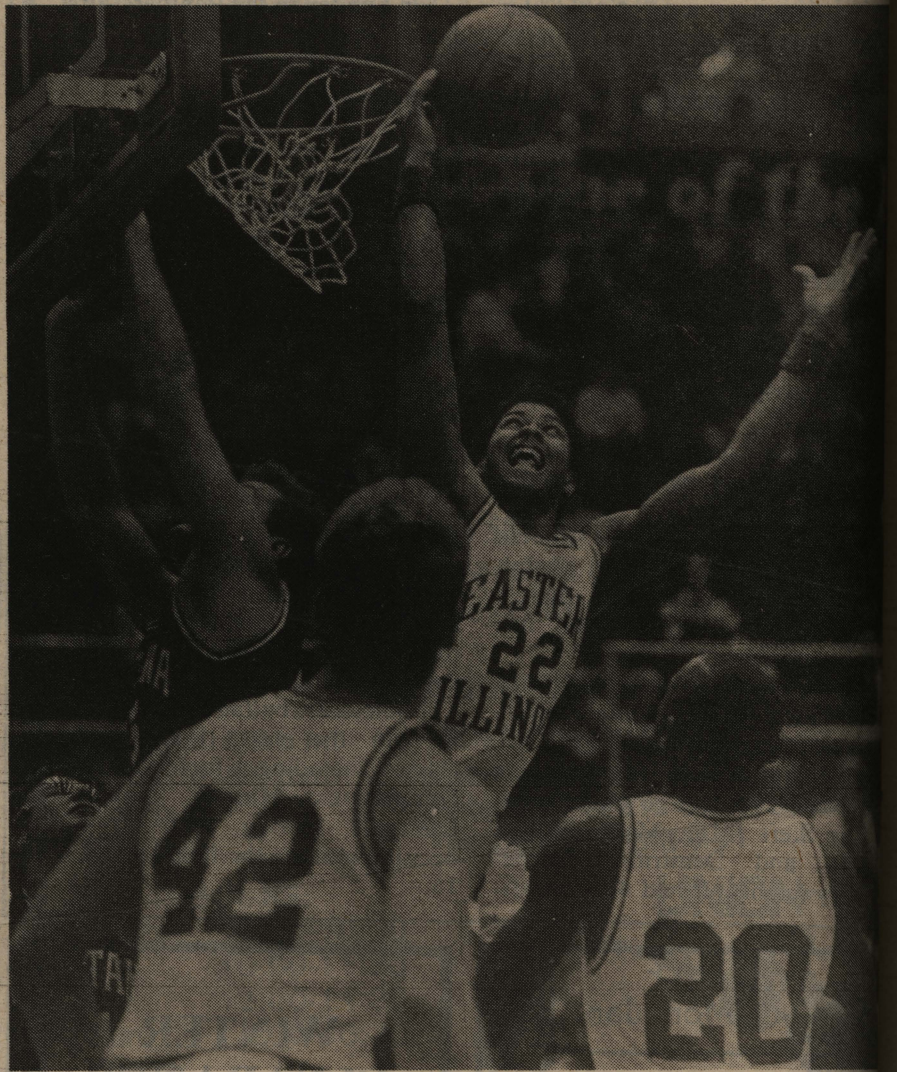

Samuels has no easy answers either, but he knows the Panthers' 5-5 record can quickly change for the worst if they don't play more effectively on offense.

"We've just got to keep doing what we've been doing" in practice, Samuels said.

One bright spot for Eastern was a better-than-average shooting percentage (51.1 percent from the field), as well as 72 percent on free throws.

The Panthers also outrebounded the Vikings 42-33, but Samuels thought too many boards were given up in the second half.

"We get caved in too deep under the basket," Samuels said. Consequently, "we gave them too many rebounds late in the game."

Eastern guard Jerry Strickland (22) pulls off a rebound during the Panthers' 60 win over Augustana Saturday at Lantz Gym. Strickland scored a career-high 15 points in his first collegiate start.

### Augustana (60)

D. Owens 0 0-0 0, M. Owens 3 0-0 8, Hatch 2 0-0 4, Seemayer 5 3-5 12, Taylor 9 2-4 20, Stroud 0 2-2 2, Storm 5 1-4 11, Jones 1 0-0 2, Scott 0 0-2 0. Totals 25 8-17 60.

### Eastern (66)

Evans 6 3-4 15, Strickland 6 3-4 15, Van 0-0 4, Stein 1 2-2 4, West 5 4-8 14, Macciocchi 1 0-0 2, Peavey 0 0-0 0, Hemphill 3 12. Totals 24 18-25 66.

Three-point goals—M. Owens 2. Attendance—2,481.

## Slow start stops Lady Panthers

By MIKE FITZGERALD

A slow start out of the gate hurt Eastern's women's basketball team in its game against 17th-ranked Southern Illinois, which ended with the Panthers on the bottom end of a 71-55 score.

The Panthers fall to 6-7 on the year, 3-2 in the Gateway Conference.

Meanwhile, the first-place Salukis won their 11th straight game, their 24th straight in the Gateway, to raise their record to 11-1 overall and 5-0 in the conference.

Eastern didn't score until the 19:37 mark of the first half when center Laura Mull hit a free throw.

That was Eastern's only point for over five minutes until a basket by forward Lisa Tyler. The Panthers would not score again until the 10:14 mark when guard Pat Hamilton hit a jumper from the side.

By that time, the Salukis were in front 21-5, due mainly to the strong shooting of guard Dana Fitzpatrick and forward Ann Kattreh.

Eastern caught fire and outscored the Salukis 17-10 over the last 10 minutes of the first half to pull to 31-22 at the end of the half.

The key to the comeback was the good defense that the Panthers played and the scoring of Hamilton, who came off the bench to score eight points.

"We played good defense to get us out of the hole," Eastern coach Bobbie Hilke said.

Southern Illinois coach Cindy Scott agreed.

"They played us hard. Our defensive intensity slacked off when we took the big lead, but I thought we moved the ball well and took good (See SLOW, page 11)

## Track team turns up heat in opening

By BARRY BOTTINO  
Staff writer

Despite Friday's heavy snowfall and without five key competitors, Eastern's track team still managed to turn up the heat in Lantz Fieldhouse Saturday in the EIU Open.

The Panthers, without Dan Matas, Ian Isaacs, Fred Neal, Vinnie Wadebey and Lonnie Vickery, got "quality performances" from Jeff Gennarelli, Steve Conlon, Phil Maton and Eric Childs to capture four firsts and seven second places.

Gennarelli, a junior thrower, placed first in the shot put with a toss of 53-¼ and came in seventh in the 35-pound-weight throw with a heave of 39-8.

"I predict a great year for Jeff," Eastern coach Neil Moore said.

"As a team, we didn't perform at a high level, but I didn't expect it" after the two week Christmas layoff, Moore said. "But we did have some quality performances."

Freshman Steve Conlon won the mile run with a personal best of 4:28.44, while senior Phil Maton won the 1,000-yard run (2:13.64) and sophomore sprinter Eric Childs won the 300-yard dash in the time of 32.44.

The second-place performances were posted by Bruce Nie (mile run), Derrick Lee (long jump), Jared Thompson (triple jump), Eric Childs (60-yard dash), Al Oaks (880-yard run), Don Johnson (1,000 yard run) and Darnell Thompson (300-yard dash).

Thompson is a redshirt who is competing unattached.

Another redshirt, pole vaulter Mark Hamilton, cleared 16-0, tying a Panther record set on Dec. 13 by Lonnie Vickery.

"We lost a few people and had some injuries, but it doesn't mean we're in trouble," Moore said. "Everybody has to tighten their belts. We have a good freshman crop and their going to have to mature quickly. Our redshirts performed well too."

But the real excitement of the day occurred in the

pole vault pit.

First, an Indiana State vaulter provided a moment when he cleared the bar but missed landing pit, and hit a wall before crashing to floor. He escaped with a sore left knee and a cut in his left elbow.

Then, Eastern vaulter Mike Pastore's pole wavered as he was in midair. Pastore landed in the pit and escaped without any injuries.

Finally, it was up to the final four vaulters to put on a show.

Mark Hamilton started by clearing 15-6 and 16-0.

He was matched and surpassed by Darren Nichols of Illinois State, who cleared 16-0, 16-3 and finished 16-6 before bowing out at 17-0.

Joining Nichols at 17-0 were Bobby Ferguson of Division-II Southeast Missouri and highly touted Lane Lohr of Illinois. Ferguson began by clearing 0.

Lohr, a placer in the NCAA Championships last season, added some excitement by clearing 17-0 in his third and final attempt.

Ferguson then attempted to clear 17-3¼, which was ¼ of an inch above the Division-I qualifying height but he missed on all three tries.

Lohr then had the bar raised to 17-6 and cleared that height, qualifying himself for the NCAA Indoor Championships (March 13-14 in Oklahoma City) in his first meet of the season.

Other Eastern finishers included: Jeff Gennarelli, fifth in the 35-pound-weight throw and sixth in the shot put; Darren Barber, sixth in the 60-yard hurdles; Cary Schoeppach, sixth in the 440-yard dash; Scott Adamson, fourth in the 600-yard dash; Mike Underwood, fourth in the long jump; Derrick Lee, fourth in the triple jump; Darnell Thompson, sixth in the 60-yard dash; Bruce Nie, third in the 1,000-yard run; Mike Hamman, fifth in the high jump; Jim Maton, fourth in the two-mile run.
