## Spring concert may be a no-go

### Losses from past UB shows have depleted budget

By REAGAN BRANHAM  
Editor in chief

Students holding their breath for the announcement of the spring concert should not wait any longer.

Student Senate and Apportionment Board member Nick Natale told senate members Wednesday that most likely there will be no spring concert because of lack of funds.

Because of the estimated \$38,000 loss from the Aretha Franklin Family Weekend concert, the University Board probably will not be able to afford a spring concert.

Although members of the UB and the AB have not discussed the issue officially, Steve Zielinski, student vice president for financial affairs, said it is unlikely the UB will be able to have a concert.

"The reality is that there is no money in the budget," Zielinski said. "They'd have to have an unbelievable band for, like, \$1,000."

Zielinski said the AB will probably vote on the status of the concert early next semester.

UB Chair Tom Ryan said he was aware of speculation and talk of

not having a spring concert.

Ryan said the UB has to be careful to choose a concert that will not lose any money. But in order to pay off the loan the AB recently approved for the board, it needs to find some way to generate money, which a successful concert could do.

Bill Cosby will be at Eastern for Family Weekend 1998, and according to Ryan, this will be one way for the UB to repay the loan.

"If Bill Cosby wasn't coming we'd need a way to get the money," Ryan said.

UB Adviser David Milberg said the concert committee is still looking into concerts for the spring semester.

But Zielinski, Ryan and Milberg agreed that probably the only way the university will see a spring concert is if a big act such as Hootie & the Blowfish agree to come to Eastern on a weekend that is agreeable with the UB and not cost the UB a lot of money.

"Someone may come along that's too good to pass up," Milberg said. "We want at least one or more spring concerts, but (they) have to come at the right time and at the right cost. We want to see what comes along before we rule a concert out."

The AB will vote Thursday whether to give the UB a three-year, \$20,000 loan at 6 percent interest to cover the losses of

## Student Senate member returns from conference on hate crimes

By AMYTHON  
Student government editor

Not everyone has shook hands with the President of the United States, but Student Senate member Liz Halbert did.

Halbert returned Tuesday from a hate crimes conference she attended in Washington D.C. Monday.

Halbert was chosen to attend the conference and to speak about what she has done to educate Eastern's campus about hate crimes.

Liz Halbert

The conference began with a breakfast in the White House which President Clinton hosted.

"I did get to shake (Clinton's) hand but I didn't actually get to meet him," Halbert said.

The conference participants were then bussed to George Washington University where both Vice

President Gore and Clinton spoke. Clinton spoke about the different things he is trying to do to let Americans know hate crimes will not be tolerated.

The next part of the conference involved small group discussions.

Halbert said she attended a session titled "Hate Crimes on Campus" where she spoke to 50 to 60 people for five minutes about her program, "Not in our Town." Halbert also spoke on a panel

## Elections result in six new voices on Student Senate

IKUYA KURATA/Associate photo editor

Michele Gillette (left), a freshman psychology major, celebrates being elected to the Student Senate with Noel Koller (center) and Mark Ahern Wednesday night in the Arcola/Tuscola Room of the Martin Luther King Jr. University Union. Koller and Ahern were re-elected to the senate in the elections held Tuesday and Wednesday.

By AMYTHON  
Student government editor

Six fresh faces will represent students as newly elected members of the Student Senate.

The winners the fall elections include Natalie Terwelp, T.J. Pelley and Michele Gillette for the on-campus positions and Jolyn Daughety and Gary Ballinger for off-campus positions. William Gruen will fill an at-large seat.

Current senate members who were re-elected include Mike Hansen and Keith Cosentino for on-campus, Mark Ahern for off-campus, Doug Stepansky, Monica Wellenkamp, Patrick Kennell and Noel Koller for at-large.

Several new senate members said they hope to improve student and senate relations in the next semester.

"I hope to keep the lines of communications open," Gillette said. "I want students to feel free to talk to me about any problems."

"A main concern is communication with students, so hopefully the new senators

who represent our party can make a point to address this and do their job as senators to represent students," Stepansky said.

Stepansky is a member of the Student Voice Party which was formed to address the concerns of students. All members of the Student Voice Party were elected to the senate.

Koller said he hopes to do more next semester because he was new to the senate this semester and was using the time to learn about Student Senate.

"I'd like to accomplish a lot more than I did this semester," he said. "I'd like to take what I've learned and apply it to really get into senate."

The total voter turnout was 726 students, including 106 off-campus students and 620 on-campus students.

Election committee chair Shane Ryan said the turnout was lower than anticipated.

"I was disappointed with the turnout because this is a good opportunity for the students to express themselves and ... I would have hoped they would have

# 600 potential jurors screened in Unabomber trial

SACRAMENTO, Calif. (AP) — Theodore Kaczynski watched attentively Wednesday as some of his prospective jurors confided their anguish about imposing the death penalty — even in a case as notorious as the deadly Unabomber killings.

“It is my conclusion that the death penalty does not serve a useful purpose,” said one elderly man. But when pressed, the man said he could impose death, because “it is the law of the land

and has to be applied.”

The man was one of three prospects to pass muster in the first round of meticulous jury questioning. Prosecutors and the defense will seat a panel of 12 jurors and six alternates to judge the Montana hermit on charges which could send him to his death.

Kaczynski’s much-awaited trial began with 600 prospective jurors waiting to be questioned in a jury selection process which could stretch over a month.

U.S. District Judge Garland Burrell Jr. allowed lawyers for both prosecution and defense to supplement his own inquiry with their questions. Their questions were clearly focused on two areas: the ability to impose the death penalty and a willingness to put aside what they’ve heard about the case.

In the first round of questioning, three of six prospects were immediately dismissed. One woman said she could not impose

the death penalty and live with herself afterward; another said he was a proponent of the death penalty but had witnessed the commotion surrounding the last Unabomber death; and a third man was eliminated because service on the jury would pose a personal hardship.

Burrell has ruled that jurors will serve anonymously, and the media has been barred from identifying or photographing them.

Prospective jurors were referred

to by numbers rather than names; they were assured this was not because of any danger to them but to protect their privacy.

There were murmurs in the spectator section as Kaczynski entered the courtroom, neatly clad in a tan tweed jacket, gray slacks and a shirt open at the collar. His hair was neatly combed and parted and his beard trimmed.

He appeared cheerful and animated as he conferred with his attorneys.

# U.N. Security Council takes a stand against Iraqi government

UNITED NATIONS (AP) — In a unanimous vote, the U.N. Security Council condemned Iraq, imposed a travel ban and warned of “further measures” Wednesday unless Iraq reverses its decision to expel American arms inspectors.

Iraq’s deputy prime minister immediately rejected the U.N.’s demand. U.S. Ambassador Bill Richardson warned “the crisis with Iraq is not over.”

“The message has been clear: Iraq must comply or face consequences,” Richardson said after the vote. “We are not precluding any option, including the military option.”

Russian Ambassador Sergey Lavrov told reporters that the crisis with Iraq was “headed for deadlock. It’s very dangerous.” The government of Saddam Hussein, meanwhile, showed no signs of backing down on its vow to kick American inspectors out of Iraq.

Iraqi Deputy Prime Minister Tariq Aziz, speaking in New York, declared that his government “refuses this resolution.” “Iraq will continue to defend its legitimate rights by all means,” Aziz said.

In Baghdad, Iraqi Foreign Minister Mohammed said Al-Sahhaf said the Americans would “definitely” be expelled but gave no timetable.

Iraq had suspended the expulsion order until the 15-member council finished debate. The council refused a request by Aziz to be allowed to present Iraq’s case in a special session.

Iraq has turned back inspection teams 9 of the last 10 days because they included Americans. With the Security Council’s unanimous vote on Wednesday, U.N. officials said a major test would come Thursday if the inspectors try again to enter suspected Iraqi weapons sites.

In Washington, White House spokesman Mike McCurry said any move to boot out Americans “would be a very serious breach of Iraq’s obligation to the international community.” The chief weapons inspector, Richard Butler, said he would send out his inspection teams Thursday.

“We will send out our teams in the normal way tomorrow,” Butler said. “The teams will include American inspectors. We absolutely reject this discriminatory suggestion that some nationalities are objectionable.” Butler also said American U-2 surveillance flights will go ahead as scheduled.

In Baghdad, 4,000 people marched through the streets of the Iraqi capital Wednesday, chanting anti-American slogans and praising Saddam in the latest in a series of government-orchestrated protests.

# Alleged shooter caught

MARION, Ill. (AP) — A teen-aged boy who neighbors say seemed different after returning from living with his mother in Florida appeared with his girlfriend in court Wednesday on charges they killed the boy’s father and stepmother.

Williamson County authorities charged Eric Phillips, 16, and Lindsey Taylor, 18, with first-degree murder in the Monday night shooting deaths of George Phillips, 61, and Geneva Phillips, 64.

Police say a caller, whom they will not identify, led them to the Phillips’ home Tuesday morning, where they found the couple dead in separate rooms. Eric Phillips and the family’s Plymouth van were missing.

Effingham-area police arrested Phillips and Taylor at a motel shortly after 12 a.m. Wednesday.

Authorities would only say that someone phoned in a tip that the couple had checked in a few hours earlier.

# ELECTIONS

from page one

expressed themselves by showing up in larger numbers,” Ryan said.

Ryan is, however, optimistic about the spring semester.

“I hope that in the spring for the elections they will use the main resources we provide (students) with, such as the different polling places we provide for them around campus,” Ryan said. “Our goal is to try and give students as many

places and options for voting as we can.”

Ryan also said the turnout was low because the students did not know enough about the candidates.

“Not a lot of people knew who the candidates were and what they stood for,” he said. “The biggest way to get a better turnout is if the candidates actively promote themselves.”

# CONFERENCE

from page one

which led discussions about different topics relating to hate crimes.

Halbert then attended a lunch fair which provided her with the latest research on hate crimes.

“I’m hoping my minority affairs committee can use some information from the conference,” Halbert said.

Halbert said the current information she gathered at the conference reported low hate crime rates because many go unreported.

“One of the biggest problems is that most hate crimes are not reported,” Halbert said. “Students don’t know what a hate crime is or what they can do about it.”

Halbert said she was moved by how supportive Eastern was about her trip. She received donations from various offices on campus and also from the “Not in our Town” program in Bloomington.

Halbert also said Floyd Merritt, professor of speech communication, visited her class Friday to

ask about the trip. She said he donated money to help cover the cost of the trip which Halbert said ended up being expensive because it was last minute.

“This man took out his wallet and gave me a donation,” Halbert said “It just made me realize the support I had from Eastern.”

Halbert brought a long sleeve

Eastern t-shirt from Tokens to give to President Clinton as well as a book of clippings about “Not in our Town.” She said she was not able to give the items directly to Clinton but did give them to a member of his staff. The Kiwanis club also donated t-shirts.

Overall Halbert said, “the trip went really well.”

# CONCERT

from page one

Franklin’s concert. The AB decided on 6 percent because if the money were still in the reserve account, it would be earning around 6 percent interest.

Ryan said he was still perplexed at why some of the previous concerts did

not generate money.

The Aretha Franklin concert was one of three recent concerts that have not generate funds for the UB.

Last fall’s Doobie Brother’s concert lost \$44,114 and the 1996 BoDeans

spring concert lost \$1,400.

The only concert in the past two years to generate the UB money was Collective Soul, which made \$720, said Milberg.

The 1995 Family Weekend concert by the Beach Boys generated more than

\$33,000 profit.

The 1995 spring concert by Hootie & the Blowfish and Toad the Wet Sprocket generated \$12,500 profit.

## Linder House to undergo \$30,000 in renovations

By NATALIE ISLAS  
Staff writer

Eastern's Linder House will undergo \$30,000 in renovations this month, which will be paid for through donations.

Renovations will include a new roof, windows, siding and landscaping, said Steve Rich, executive director of alumni services.

The Linder House is a settlement for alumni of Eastern and is privately owned by the Alumni Association.

The Charleston Area Charitable Foundation, along with members of the alumni association, donated money to help improve the building's appearance.

The landscaping expenses were donated by alumnus and son, Alan and Jaime Price, and the Charleston Area Charitable Foundation gave a gift of \$10,000.

The alumni staff at the Linder House coordinates events for the university such as reunions, activities and homecoming. They also publish a magazine that is sent to former students. The Linder House also awards scholarships to students, he added.

"We serve as a liaison between former students and the university," Rich said.

The renovations of the Linder House should be completed soon because only minor adjustments need to be made.

IKUYA KURATA/Associate photo editor  
The Eastern Illinois University Linder House, located on Fourth Street, is currently under renovations. The house was established for alumni and is owned by Eastern's Alumni Association.

# Students may get paid twice a month beginning in spring

By AMY THON  
Student government editor

The semimonthly payroll plan proposed by Student Vice President for Student Affairs, Jason Amato, is currently in the research stages and will hopefully go into effect next semester.

"I'd like to see it start next semester," Amato said. "But if not, definitely by the

fall of 1998."

The plan would change the way students who work for the university are paid. Currently, they are paid at the end of every month and the new system would allow them to get a paycheck at the middle and end of the month.

Amato said the feedback he has gotten from students has been positive, but he is still trying to gather the facts.

"The majority, I think, are in favor of (the semimonthly plan). So far the response seems really, really strong," Jason Amato said. "But I can't go off assumptions, I need facts."

Amato said he is still looking for feedback from students and would welcome any suggestions or opinions on the issue. He said he doesn't want to go forward with the plan without student support.

"I don't want to do this on my own," Amato said.

Food service employees interviewed were also in favor of the proposed plan.

"I would much rather get paid twice a month because I hate to have to budget for a whole month," said Theresa Meredith, a sophomore elementary education major who works for the Thomas Hall Food Service.

# Planning committee budgeted \$125,000 for campus projects

## Additional money may come from students

By KRISTA LEWIN  
Staff writer

Eastern's campus master planning committee received \$125,000 this year to make physical improvements to the campus, said Ted Weidner, director of facilities, planning and management.

"Vice President (for business affairs, Morgan) Olsen and I are working on identifying a consulting firm that will do all the difficult work such as drawing the plans," Weidner said.

One-half of the \$125,000 will come from state bonds and the other half from bond funds.

"We can ask for more money from the state or propose raising university fees to improve facilities," Weidner said. "All of this will be decided at the planning meeting."

The goal of the committee, which was formed this fall, is to determine what physical improvements should be made to the campus, Weidner said.

He said the committee proposals must be aligned with the master plan of the campus.

The master plan is the original vision for the types of buildings, how much greenery space and where parking lots can be built.

"The master plan tells us what types of buildings we can construct," said Gail Richard, committee member. "The Tarble Arts building is a more modern construction where other buildings have an older style."

"The master plan dictates the style of the buildings that can be constructed on certain areas of the campus."

Weidner said the university needs to make some physical changes to support educational needs.

"We want to look at the buildings to see if they're meeting the needs of the academic units," Weidner said. "We want to know if the buildings are able to support the programs as they grow and change."

IKUYA KURATA/Associate photo editor

# Correction

An article in Wednesday's edition of *The Daily Eastern News* should have said the English club was sponsoring a program titled, "Fiction and Poetry Readings."

The day of the program was also incorrectly reported. The event will be held at 7:30 p.m. Thursday in the Tarble Arts Center.

The *News* regrets the errors.

## Administrators act as if botany-zoology merger already done

Plans are zipping along for the proposed consolidation of the botany and zoology departments, almost as if the deal has already been stamped with a seal of approval even though it has not been.

Instead of worrying about getting the merger through at this junction, the administration should make faculty input its priority.

A draft of the proposal was drawn and opened up for the public's perusal Sept. 26. The draft is required to be available for 30 days in order to facilitate a reasonable amount of responses. Faculty members in both departments were told they would receive a final draft of the proposal on Oct. 31 – which they have yet to see, said Janice Coons, chair of the botany department.

The administration, regardless of the vocal opposition to the merger, has appointed a committee to search for a chair for the new conglomerate that would be called the School of Biological Sciences. Asking for faculty input and respecting that input are two different things. The administration needs to do both.

There are discrepancies as to how much money would be saved through the merger, how it would affect students, how it would affect the reputation of Eastern's science departments and how it would alter each department's focus.

Granted, zoology department chair Kipp Kruse has given his blessing to the merger, agreeing with administrators that it would conserve money, which would allow students more access to more technology and lab instruments. But the botany department says the funds that would be saved are not significant enough to even note and that the consolidation poses the danger of losing focus in the separate departments.

Regardless of who agrees with the proposal and who doesn't, the mere fact that there is significant opposition demands the administration's attention.

Administrators are concentrating on finding a new chair for a position that hasn't even been finalized yet when they should be addressing the concerns of the faculty members – they're the ones who will have to live with the situation when it's figured out.

Instead of pretending to go through the motions of communication, the administration must listen to the people this change would affect.

## “today's quote

By nature, men are nearly alike; by practice they get to be wide apart.

– Confucius  
Chinese philosopher (551-479 B.C.)

## Workshop can foster our first-year leaders

Another Student Government Election has passed with nary a ripple in the composition of our Student Senate.

Student leadership seems to change hands around here fairly quickly; the senate has a high turnover rate, and in fact, most faculty/student boards and councils count themselves lucky if they have the same student representatives for more than a semester.

Executives of various organizations come and go, too. For instance, in my five semesters at this institution, there have been four Residence Hall Association presidents (all stellar and capable, I might add).

Don't misunderstand – I advocate and support continued opportunity for leadership as well as a variety of such roles and positions. It's important to incorporate the strengths of diverse individuals in all aspects of this campus.

But because so many students have such a brief tenure at this university (except, of course, for our friends and campus leaders who wear out their stay after five or even six years of activism), it can be difficult for organizations to maintain a sense of their own history or a measure of influence over the administration and other institutions on campus.

Students don't always get involved early enough, often because they're not sure how to go about it.

In fact, it's true for most that their first year is a period of caution and a series of groundwork laid for future efforts. I know that my first year here was vastly experimental. I rather gingerly investigated some of the organizations and interest groups here on campus, and I held back on directing my energy until I knew where it could best be spent.

However, something important did happen to me during the middle of my first semester. Through my hall council, I was invited to attend an event hosted by the National Residence Hall Honorary.

At the time, I really didn't think much about what to expect. I had signed my name to one of the many sign-up sheets passed around at weekly meetings and marked the event in my planner. When that Saturday morning came, I rose at the ungodly weekend hour of 11 a.m. to drag myself to Lumpkin Hall.

I walked in five minutes late, and I don't think I ever walked back out.

The event was the annual Fall Leadership Workshop, spon-

JACKIE McGRATH  
Regular columnist

*“Students don't always get involved early enough, often because they're not sure how to go about it.”*

sored by the NRHH. I hastily sat in one of the plush seats of the lecture hall and scanned my program. Besides multiple speakers, the events of the day promised motivational sessions, multicultural discussions and programming and publicity brainstorming.

Then I looked up and began to observe the faces around me. I didn't recognize any of them; suddenly it dawned on me how little I'd done in my first few months of

college and how few people I'd actually met. Finally, I realized that almost everyone there was in the same place I was – at a threshold, poised to take advantage of any opportunity that came our way.

Most of the people there were first-year students, too. Few were affiliated with any organization. However, all of them already had something going for them – they had made a little effort – enough to sign their name to a sheet of paper, enough to show up.

The events of the day unfolded (some revelatory, some humorous, some a little dry), and by the end of the workshop, I was tired and ready to move on. I wasn't sure at that point what I had gotten out of the workshop.

But I can look back now and mark that workshop as a turning point. I consider that my first introduction to student leadership – by students, for students, with the best of intentions.

So if you've been floundering around here or simply biding your time, take this opportunity to sign up for the 1997 Fall Leadership Workshop. Registration begins at 11:30 a.m. on Saturday in room 021 of Lumpkin Hall. Walk-ins are welcome, and the cost is \$3.00 per person.

This event is for everyone, from first-year students to experienced campus leaders. The introductory address will be given by professor Annette Samuels and the keynote address will be delivered by Craig Eckert. Additional entertainment will be provided by the local improvisational group Hello Dali.

Make the effort to come; it can be an important first step or simply a fun way to spend a fall afternoon. After all, we're here to meet challenges and make ripples. Try to start now.

## It's not newspaper's, housing's job to help local bands succeed

To the editor:

I am writing this letter in response to Jason Bertrand's letter on Oct. 28. Jason, I really don't quite understand a few things in your letter. The impression I get is that you feel that everyone should bend over backward to try to help your band make it in the music business. My question is: What do we owe you?

I understand that you are mad at the housing office for not letting you hang your fliers anywhere you choose. Well, I am a resident assistant in Thomas Hall (a place you should remember well), and I have personally taken down your fliers on our doors. If you don't remember housing's policy, these fliers are not to be posted on the doors. It seems to me to be a conflict of interest to let you

## your turn

advertise to send our residents to the bars. So since you know that this is policy and you don't even live in university housing, you should play by the rules that are set. Your band's fliers are not the only ones we take down from our doors; we take everyone's down.

As far as how you think that the newspaper is trying to hinder your success in the music biz ... grow up. Do you feel that they should give the Refreshments a good review just to help your career? I'm going to be a psychologist some day, but I don't expect that the newspaper should try to do something to help me out. You should earn what you get through your own merit, not as a free handout.

So, I guess I should be awaiting an attack from your "trained flying saber-toothed wolf chickens." Actually, I kind of look forward to seeing them because

I'll just use them for door decs!

One more thing, if I could offer a bit of advice: If you are staying in Charleston to chase your dreams of being in the music business, you are in the *wrong* city for that!

Art Munin  
junior psychology major

## Letter policy

The Daily Eastern News accepts letters to the editor addressing local, state, national and international issues.

They should be less than 250 words and include the author's name, telephone number and address. Students must indicate their year in school and major. Faculty, administration and staff should indicate their position and department. Letters whose authors cannot be verified will not be printed.

Depending on space constraints, we may have to edit your letter, so keep it as concise as possible.

# Tuition waivers on hold

By AMY THON  
Student government editor

A second proposal for an alternate form of compensation for Student Government executives was tabled until next week's Student Senate meeting.

The new proposal was devised by a subcommittee and involves lowering the number of required office hours for executive members. The new proposal also changes the amount of the tuition waiver. The executive members would be paid minimum wage for the number of hours that they work each month. However, payment would be in the form of a partial tuition waiver not a paycheck.

Senate member Mark Ahern, a member of the subcommittee, said the strongest feedback students gave was that they didn't want board members to be paid in checks because they don't know where the money is going. He said students were more comfortable with a

partial tuition waiver.

The tuition waiver plan is being changed because students voted in a referendum last spring that they did not agree with the full tuition waiver. The original proposal was to give several awards to student leaders on campus. The proposal was withdrawn because of structural problems and also because several similar awards already exist.

The required office hours for student body president would be lowered to 48 hours every month. The speaker would be required to work 24 hours each month and the student vice presidents 36 hours.

Currently, executive board members are paid \$1,062 in the form of a full tuition waiver as compensation.

Under the new proposal the president would be paid \$988.80, the Speaker of the Senate \$494.40, the student vice presidents \$741.60. The total amount that would be re-allocated under this new proposal is \$1932.40.

# Program to 'talk trash' tonight

By DOLORES L. METZGER  
Staff writer

Students and Carman Hall resident assistants will be "talking trash" tonight.

A program, which will help first-year students understand prejudice and stereotypes on campus, will be held at 7:30 p.m. in the Carman Hall dining services.

"The program will be presented in a talk show format, with volunteers from the audience playing an assigned stereotypical role of an ethnic, religious or sexual orien-

tation based minority," said Joe Jones, one of the co-coordinator of the interactive program.

Admission to the program is free. Jones said he hopes to see 40 to 50 students attend.

Participants also will watch a short video and there will be discussion on how stereotyping effects people's lives.

This program is a part of the Office of University Housing and Dining Service's new student orientation program, "The First Year Experience."

# High schoolers to compete in engineering

By JOE ZUKOWSKI  
Staff writer

A competition today sponsored by the Pre-Engineering Department will prove even high school students can be engineers.

The Eighth Annual Engineering Design Competition, sponsored by Youth in Science and Engineering and Eastern's Pre-Engineering Studies Committee, will begin at 9 a.m. today in the University Ballroom of the Martin Luther King Jr. University Union.

The competition, consisting of more than 400 students from 21 area high schools, is similar to the Science Olympiad competition, said Leonard Storm, chair of the pre-engineering studies committee.

"There are basically four events that the students are aware of and a wild card event," Storm said.

This year's events include, a toothpick bridge, mousetrap scramble, box launch and glider competition, along with the wild card event to make five events in all, according to a press release.

Storm said each individual event will be judged on a variety of categories, comparing functionality and design with use of materials and ingenuity.

The competition will conclude about 1:30 p.m. with an awards ceremony.

Storm said pictures of the competition will be taken and posted on the World Wide Web.

# Dance paints way for AIDS Quilt

By MISSY PENDY  
Staff writer

University Board will sponsor a graffiti dance tonight to help bring panels of the AIDS Memorial Quilt to Eastern.

The dance will be held from 8 to 11 p.m. tonight in the Grand Ballroom of the Martin Luther King Jr. University Union. Admission is \$1 for students and \$3 for the general public.

Students are to wear white t-shirts and bring a magic marker to

the event.

Those organizations with at least 50 percent of their members present will be formally recognized by the AIDS Memorial Quilt Committee during the week the quilt is displayed.

The graffiti dance will be deejayed by 20 & 5 Productions, which worked closely with Eastern during events including Homecoming kickoff and the greek Back to School dance in the past.

The AIDS Memorial Quilt

itself is made up of decorative, three-by-six foot panels. These panels represent loved ones who were lost to the AIDS virus. Family, friends and different organizations donate the panels to the quilt.

The panels are decorated with poems and pictures reminding those of the people who have passed away. Three hundred of these panels will be coming to Eastern in January consisting of memories of people from the Midwest.

# Short-term loan tops AB's agenda

By JOE SANNER  
Staff writer

The Apportionment Board tonight will continue discussion of the specifics of a loan to be given to the University Board.

The AB will meet at 5:30 p.m. tonight in the Student Government Office.

A proposal will be discussed tonight to loan the UB approximately \$20,000 that will include a 6 percent interest rate for three years.

The AB will discuss this proposal and the exact details of the loan at tonight's meeting and vote on it

next week.

"I don't want to rush the board into a quick decision," Zielinski said.

The loan will help cover losses from the about \$38,000 Aretha Franklin concert.

About \$7,000 of extra funds was to come from the student activities reserve to the fee-funded boards that requested it this semester. The boards include the UB, Sports and Recreation and the Student Senate.

The absence of these extra funds is not a punishment and will not hurt the fee-funded board's operations for the year, said Steve Zielinski, student vice president for financial affairs said.

# RHA to discuss full house of issues

By NATASHA TODD  
Staff writer

The Residence Hall Association tonight will discuss upcoming events and fundraisers.

The meeting will be held at 5 p.m. in Weller Hall lobby.

The RHA will discussing the Great Lakes Affiliation of Colleges and Universities Residence Halls conference, held last weekend at Central Michigan University, in Mt. Pleasant, Michigan.

Several RHA members attended the conference to

learn more about residence hall programs at other universities.

The RHA will discuss a leaf-raking fundraiser, which will be held Friday and Sunday.

The proceeds from the fundraiser will be donated to Charleston's Food Pantry.

RHA also will be helping with the Angel Tree, which is being sponsored by Circle K International, a service organization. The Angel Tree will allow organizations to sponsor children by purchasing a Christmas present for a less fortunate child who may not normally be receiving gifts.

# Stress?

## What do you mean, 'I'm under stress?!'

*Learning how to predict and cope with stress in daily life can help increase health and sanity*

*By Theresa Gavlin  
Features editor*

Stress.

Everyone in college has experienced it, be it through midterm-cramming, balancing student organizations with homework, or even trying to keep in touch with friends back home.

Jobs also add to stress and need to be managed with schedules carefully to ensure they will not coincide with classes or the best homework and/or studying times for a student.

Learning to relax also can be hard during the college years, but it is essential to maintain health and sanity and to prepare for what may lay ahead after graduation.

Stress can even cause serious problems such as eating disorders or depression to escalate, said David Onestak, director of Eastern's Counseling Center.

"Stress makes each of these problems much worse," Onestak said.

Stress can accumulate easily at a university, however it is especially stressful for freshmen, he said.

"I think that just being on campus as a freshman —

it's a stressful environment," Onestak said.

Freshman are forced to engage in activities foreign to them, such as paying bills, doing their own laundry, and coping with meeting new people, as well as other social issues.

"All of these things taken together can be a pretty stressful experience," Onestak said.

During Tuesday night's workshop, Onestak talked about easing stress by taking care of things in their life. These can be broken up into four separate categories.

The physical dimensions include staying healthy by taking care of yourself. This can be helped by getting enough rest, keeping a balanced diet and exercising.

"The best way to manage stress is to exercise," Onestak said.

The spiritual dimension doesn't necessarily include a religious point of view, Onestak said. It does include, however, the spiritual side of life, such as walking in the woods or immersing in literature, whatever may appeal to a person's spiritual side.

The mental part, includes stretching your mind by learning new things and going to classes, Onestak said.

The final part, the social emotional part, includes improving relationships in their lives, Onestak said. The majority of stressed-out clients at the Counseling Center are going through some form of relationship trauma.

No matter what type of stress you may have or however you may be dealing with it, a good friend is great to give massages and time spent zoning in front of the television can sometimes help ease the pressure. However, these things can only help temporarily, and to permanently reduce stress, there are numerous things which can be done. Consistently planning ahead, regularly attending yoga classes (if you have the time) and even frequently talking things over with a friend are great ways to help yourself relax.

However, the desire to be stress-free begins with the person who is stressed, and unless a conscious effort is made to reduce it, chances are your stress won't go away.

### *Some things which can be done to help avoid and manage stress include:*

1. *Plan ahead. Putting things off to the last minute can cause great amounts of stress and may cause a problem if something important suddenly comes up.*
2. *Save some time each day to relax. If under pressure, relaxing and spending time for yourself can help lots.*
3. *If things are getting to be too much, consider cutting back on daily activities. Overstretching yourself is easy to do and only adds to stress levels.*
4. *If things are getting to you, such as classes or professors, talk about them to friends. Don't keep things inside! It will only increase your stress. Many times, friends are able to give you an alternate point of view and help you to solve problems.*
5. *Disagreements with co-workers, supervisors or even teachers can make your work harder to do, and things such as this need to be discussed and resolved to decrease the amount of stress spent worrying or being angry.*
6. *Talk with a counselor at Eastern's Counseling Center. They are here to help, and can't do their job without anyone to counsel! The Counseling Center's hours are from 8 a.m. to noon and 1 to 4:30 p.m. Monday through Friday.*
7. *If you see a friend under stress, be respectful and offer them an ear to listen. More than likely, you'll be in a stressful position soon and need to talk about it as well.*
8. *When in a stressful situation, take a deep breath, count to ten and wait until you calm down to finish the situation. If you react on impulse, chances are things will only get worse if things are rushed or hurried.*
9. *Get plenty of sleep! Stress almost always hits when you aren't awake enough to handle it!*
10. *It may take a short amount of time before your life can be stress-free, but keep at it! But don't stress yourself out trying to prevent stress!*

*Don't let this be you! Learn to recognize stressful issues in your life and deal with them effectively! (This student is now located at the psychiatric ward in Sarah Bush for never learning how to manage stress!)*

## Leaf one of top Heisman candidates

PULLMAN, Wash. (AP) – He is smashing school records and leading Washington State through perhaps its finest season. So it is no surprise, when monitoring the Heisman Trophy index, that Ryan Leaf's stock is one hot property. "I don't know of a better Heisman Trophy candidate," Washington State coach Mike Price said. "He has not had a bad game yet." Leaf is the nation's third-rated quarterback. He has completed 165 of 300 passes for 3,021 yards and 29 touchdowns, with just eight interceptions.

Consider that Peyton Manning of Tennessee has thrown for 2,500 yards and 23 touchdowns. Leaf threw for 305 yards and four touchdowns in just one half of the 77-7 win over Southwestern Louisiana on Saturday that lifted the No. 14 Cougars to 8-1 overall and 5-1 in the Pac-10. "I would hate to think that there is a better one (quarterback) in the country," Cajuns coach Nelson Stokley said. "He is big-time," Boise State coach Houston Nutt said after

watching his team lose 58-0. The Cougars are in the midst of their finest season since going to their last Rose Bowl in 1931. Washington State, located in a town of some 24,000 near the Idaho border, has never produced a Heisman Trophy winner. The school has created a web site to promote Leaf's candidacy and mailed letters containing a single leaf to Heisman voters. Leaf, 6-foot-5 and 238 pounds, may have the body of a linebacker, but the soul of a defensive lineman.

## Illinois starts recruiting

By The Associated Press

Five players signed letters of intent with Illinois on Wednesday, including three in-state seniors, coach Lon Kruger said. The in-state signees were Frank Williams, 6-4, from Peoria Manual; Damir Krupalija, 6-8, from Rockford's Boylan High; and Lucas Johnson, 6-7, from Maine West High in Des Plaines. Out-of-state signees were Cleotis Brown, 6-4, from Seale, Ala., and Fess Hawkins, 6-9,

from Fort Smith, Ark. Williams will be reunited with high school teammate Sergio McClain, an Illini freshman. Northwestern signed three players Wednesday, coach Kevin O'Neill said. They were 6-7 Tavaras Hardy of Joliet; 6-5 Steve Lepore of North Olmsted, Ohio; and 6-0 David Newman from Des Moines, Iowa. Lepore led St. Edward High School to a 24-2 record last year.

# Panthers overcome 0-9 start to slide into playoffs

After starting the season with a nine-game losing streak, the men's soccer team has qualified for the Missouri Valley Conference Tournament.

The Panthers will play their first match of the tournament against the Vanderbilt Commodores at 4:30 p.m. today at Evansville.

Eastern overcame a less-than-successful start to the season with four wins in its last nine games. Three of these wins came against conference foes, giving the Panthers a 3-4 record in the MVC.

This will be the Panthers first trip to the conference tournament since joining the MVC last season. The Panthers missed a trip to the conference tournament last season with two losses in the seasons final weekend.

This season the Panthers playoff hopes again came down to the final weekend. If the team dropped both of the games they played to end the season, the booters would again see the door to the post-season close. But a win against either the Commodores or Western Kentucky would put Eastern into the tourney.

The Panthers picked up the much needed win Friday by dropping the Hilltoppers of Western Kentucky, 1-0.

Soccer notebook

The playoff meeting will be Eastern's second of the season against the Commodores. Sunday, the Panthers dropped their season finale to the Vanderbilt, 1-0.

For the game, Panther head coach Tim McClements sat six regular starters for various reasons, including card accumulation and injury. McClements expects the team to perform well in its first round match-up with Vanderbilt, especially with the return of the seated starters.

**Sailing uncharted waters:**

Thursday's game against Eastern will also be the first time in the postseason in the MVC for Vanderbilt.

Vanderbilt joined the MVC this season after winning the Sun Belt Conference last season. The Commodores earned themselves a trip to the NCAA tournament last year with a conference record of 4-0-1.

The Commodores finished their inaugural season in the MVC with a conference record of 2-2-3, for nine points. Vanderbilt took the No. 4 spot in the conference even

though the Commodores finished tied in points with Eastern on the strength of a 1-0 victory in the seasons final game.

**Spoilers:**

With an 0-6-0 record going into their last game of the season, the Bradley Braves had little to gain.

With a record of 1-4-1 going into their last game of the season, the Hilltoppers of Western Kentucky had a lot to lose.

A Hilltopper win and a loss by Vanderbilt to Eastern would put struggling Western Kentucky into the post-season.

But the wounded Braves showed they had a little fight left in them, pulling off a 1-0 victory. The win dashed the Hilltoppers playoff hopes, and gave the Braves their lone conference win.

Western Kentucky finished its season, the teams first in the MVC, with a record of 5-13-1.

The Braves, who flexed their muscles against non-conference foes, ended the season with an overall record of 11-8-0.

**And in this corner...**

The match-ups are set for the conference tournament, and everyone invited has a partner for the dance.

Southwest Missouri earned a first-round bye with a conference record of 6-

0-1. The Bears only blemish came at the hands of Vanderbilt. The Commodores hung on through two overtimes to tie Southwest 2-2.

Also skipping past the first round are the 6-1-0 Creighton Bluejays. Southwest Missouri snapped the Bluejays conference regular season unbeaten streak and knocked Creighton out of the No. 1 slot with a 2-1 win on Nov. 2.

The Bluejays were last season's regular season champs, and lost their first tournament title in five years with a loss to Evansville, 3-2 in overtime.

The Panthers and the Commodores will kickoff the tourney at 4:30 p.m. today. This game will be followed by No. 3 Evansville taking on No. 6 Drake at 7 p.m.

Evansville (4-3-0 in conference, 9-9-1 overall) handed Drake a 2-1 defeat on Nov. 2, one of four the Bulldogs would suffer in conference. Drake finished the year at 2-4-1 in the MVC, 7-9-1 overall.

The winner of the Eastern-Vanderbilt game will face Southwest Missouri, while the team that survives the Bulldogs-Aces match will take on Creighton.

## SOCCKER from page 12

come for the Panthers season.

"We are just glad to be here," he said. "The team is excited after missing last year.

"This is a big step for our program. This is a good group of teams to be associated with," he said.

The Panthers missed out on the conference tournament last year with two losses in the final weekend of the season.

McClements said the team is staying focused on its first hurdle, the Commodores.

"We will take the tournament one game at a time," he said in a press release. "If we play well, I think we can compete with any team. The rematch with Vanderbilt should be a good game. Even though we missed some players, we still played well (in the Nov. 9 game against Vanderbilt). It all boils down to how well the players on the field perform."

**Evansville v. Drake:**

Following the Panthers-Commodores game will be a match-up between the No. 3 Evansville Aces and No. 6 Drake.

The Aces (4-3-0 in conference, 9-9-1 overall) will try to defend their MVC tournament title on their home field by taking on the Bulldogs (2-4-1 in conference, 7-9-1 overall). In their regular season meeting, the Aces sent Drake to defeat 2-1.

In addition to having the home-field advantage, Evansville will bring in junior goalkeep-

er Chuck Browder. In seven games against conference foes, Browder posted a .80 goals-against average and two shutouts.

Bulldog goalkeeper Nick Bratt leads the league in saves against conference teams with 30. Bratt had a 1.71 GAA in seven games against conference foes.

**Creighton:**

After hosting the conference tournament three of the last five years, Creighton finds itself relegated to the No. 2 slot in conference tournament.

Creighton posted a conference record of 6-1-0 in the Missouri Valley, 13-4-1 overall.

By finishing second, the Bluejays received a first round bye. Creighton will play the winner of the Evansville-Drake game at 7 p.m. Friday.

Creighton beat Evansville 2-1 during the season and went to overtime against the

Bulldogs before coming away with a 2-1 win. **Southwest Missouri State:**

The Bears charged toward the playoffs, winning the last six games and going 6-0-1 in conference, 12-3-3 overall. Southwest Missouri dominated the Offensive and Defensive Player of the Week honors, taking 5-of-11 offensive and 4-of-11 defensive honors.

The Bears freshman goalkeeper Mark Mohdersohn led the league in overall goal-keeping for the season, posting a .87 GAA, recording 75 saves, and playing 1,658 minutes.

The Bears also took a first-round bye by knocking off Creighton on Nov. 2, 2-1.

The win snapped a Bluejay regular season MVC unbeaten streak.

Southwest Missouri will play the winner of the Eastern-Vanderbilt game at 4:30 p.m. Friday.

The Bears beat Eastern 3-1 in the regular season match-up between the two teams.

Double overtime couldn't produce a winner when Southwest Missouri took on Vanderbilt, the game ended 2-2.

**The Final:**

The final game of the 1997 Missouri Valley Conference Tournament will be held at 1:30 p.m. Sunday on Evansville's Black Beauty Field.

## Griffey Jr. earns MVP

NEW YORK (AP) - Ken Griffey Jr. is tired of the great expectations. Now that he's won his first Most Valuable Player award, he thinks he deserves a break.

"All my life in professional baseball, people said 'He could be better,'" Griffey said Wednesday after becoming only the ninth unanimous AL MVP.

"There's always a but after everything I've done," he said.

"You get tired of somebody saying, 'He hit 49 but he didn't do something else.' It's not fair." Griffey had finished close in previous MVP voting: second in 1994, fourth last year and fifth in 1993. He thinks no matter what he does, people won't be satisfied.

"I go out there every day, take early batting practice, fly balls. Every day I get asked questions: 'What's next for you?'" he said during a conference call after the voting was announced.

# Governors hope to still rule without Bubba

*Editor's note: This is the third in a 10-part series previewing the Ohio Valley Conference mens' basketball teams and their predicted order of finish.*

By MATT WILSON  
Associate sports editor

 Head coach Dave Loos	Austin Peay University
	1996-97: 17-14, 12-6 OVC
	1996-98 prediction: Third place in the OVC

Austin Peay ended up last year in a first-place tie with Murray State in the conference regular season, but the Governors lost one big player from last year's team. Because of this, they're predicted to finish third this year.

"I think our depth is better than it has been before," Governor head coach Dave Loos said. "We have four veterans back that played a lot of minutes."

Due to graduation, the Governors lost one of the most popular players in Ohio Valley Conference history, Charles "Bubba" Wells. Last year, Wells averaged 31.7 points per game

and he is the school's all-time scoring leader.

Austin Peay did play without Wells last year for 12 games because he was recovering from a surgery to have a steel rod implanted in his right leg. The Governors went 4-8 in the 12-game stretch, but after Wells' return, they ended the year 17-14 and were OVC co-champions.

Even with the loss of Wells, Loos said he thinks his team can still make it back to the OVC championship.

"I feel we can contend," he said. "I know there are a lot of good teams in the conference. I heard Murray State was pretty

good and Tennessee State, Eastern and Middle (Tennessee), but I feel we can contend."

Austin Peay nearly made it to the NCAA tournament, but were defeated by Murray State 88-85 in overtime in the OVC tournament championship game.

With the loss of Wells, other Governors are going to have to step up their play. One of these players is senior forward Reggie Crenshaw, who was named to the Second Team All-OVC last year. He also earned All-OVC tournament honors for the second time last year. This year he was named to the Preseason First Team All-OVC team.

Last year, Crenshaw led Austin Peay in rebounding, with 8.8 per game, and blocked shots with 45. He was the teams second-leading scorer, averaging 13.2 points per game.

The other senior who will play a big factor in the Governors success this year is guard Joe

Sibbitt. He does most of his shooting from beyond the arc, as Sibbitt has connected on 242-of-612 three pointers in his career, which is a school record.

Last year, Sibbitt made 101-of-258 from three point range and was the Governors third-leading scorer. He racked up double figures 20 times last year, including scoring 20 points or more in four games.

Sibbitt was named to the Preseason All-OVC Second Team this year.

The final returning starter for Austin Peay is senior forward/center Mike Witherspoon.

Witherspoon led the Governors in shooting percentage last year, hitting 58 percent from the floor.

He scored in double-figures 13 times last year, including 17 and 16 point performances against Eastern.

The Governors have played two exhibition games this year,

coming out victorious in both of them. They started off their season on Nov. 1 with a victory over Sports Crusaders and they defeated Vasda USA on Tuesday.

On July 1 Loos will also become Austin Peay's athletic director. This is Loos' eighth year as head coach of the Governors and he has compiled a 93-108 record.

He is only the second Governor coach to lead the team to an OVC regular-season championship and a NCAA Division I Tournament berth.

The Governors have played in the OVC Tournament championship game for the last three years.

Loos is also the first Governor coach to be named OVC Coach of the Year twice, once in 1990-91 and in 1996-97.

This year, Loos has the honor of coaching his son, Brad Loos, who will probably be redshirted for his freshman year.

## SPIKERS from page 12

son before the OVC Tournament. The Panthers travel to "Death Valley" this weekend to face Morehead State and Eastern Kentucky.

### All alone here on top:

Southeast Missouri State reached first place in the conference with a 3-0 road victory last weekend. This time, SEMO is not tied with any team. The Lady Otahkians lead all by themselves.

SEMO has been tied for weeks on end, sharing the top spot with both Murray State and Tennessee-Tech.

They'll have three matches to hold on to first, as Tennessee-Martin, Eastern Kentucky and Morehead State will look to bump SEMO out of the top spot with a win.

### Burnin' up the OVC:

Tennessee Tech had perhaps its best week this season, going 3-0 in conference play, mov-

ing up to second place and setting two school records.

The Lady Eaglettes defeated Austin Peay 3-2, Morehead State 3-0 and Eastern Kentucky 3-0.

Senior outside hitter Rachel Melchiorre averaged 4.09 kills and 5.18 digs last week as she led the Lady Eaglettes offense. She is first in aces per game with 56, second in kills per game with 4.76 and second in digs per game with 4.46.

She also set a career record for digs as her 13-dig performance brought her to 1,482. Freshman hitter Stephanie Busch accompanied Melchiorre as she set a school record for blocks. She recorded 11 blocks in the three matches, bringing her season total to a school best 140. She leads the OVC in blocks per game with 1.30.

Tech, 13-4 in the OVC and 19-9 overall, with the help of SEMO losing, can hop to first with a

win over its last opponent, Middle Tennessee State.

### Just enough:

Morehead State has had a quiet, yet steady, year staying in fifth place for the stretch of the season. They have a 10-6 conference record and a one game lead on Eastern.

The Lady Eagles split two OVC games, losing to Tennessee Tech and bouncing back against Middle Tennessee. Junior outside hitter Lauren Mackey put herself over 500 kills for the third straight season with 19 kills against Tennessee Tech. She has 1,601 career kills which is fifth best in the OVC career list.

Morehead has to contend with Eastern and league-leader Southeast Missouri before it completes the regular season.

-compiled by Jason Colet

## EMOTION from page 12

Earlier in the season the Panthers came off of a bye week and won their fourth straight game, beating Middle Tennessee 30-17.

The game featured the Panther's second highest offensive output of the season, racking up 513 total yards.

Junior fullback Justin Lynch ran for a career-high 198 yards on 16 carries. Sophomore tailback Jabarey McDavid also had a good game, rushing 23 times for 136 yards.

Following the last bye week, Senior Panther quarterback Mike Simpson went 13-21 for 156 yards and one interception.

## CANGE from page 12

But let's sort out the real Heisman race and pretend Peyton Manning was drafted last year, eliminating him from the contest - a contest he won as soon as he decided to return to Knoxville for another year and yet another demoralizing defeat by the Florida Gators.

He would definitely be a worthy recipient of the trophy, and his loyal image has been great for college football, but there are a few other players that have emerged and will receive some first-place votes.

Washington State's Ryan Leaf has opened many eyes, evoking images of Cougar alumnus Drew Bledsoe, and has

his team in contention for a Rose Bowl visit.

Last weekend, he threw for 300 yards in the first half alone, and watched the second half from the bench as his team throttled Southwestern Louisiana, 70-7.

For him to make a serious run, he will have to play huge and prove his worth as his team must defeat in-state rival Washington on Nov. 22.

Michigan speedster Charles Woodson has impressed on both sides of the ball. He catches touchdowns, he intercepts and he must have a big game in two weeks against Ohio State and play an integral role in preventing the

Wolverine's annual disappointment.

Prediction: if (this is a big if) Michigan goes undefeated, needing two more victories against Wisconsin and Ohio State, he will be in serious contention.

The voters historically love awarding it to members on top teams but don't like giving it to defensive players, so Woodson must continue to add to his three touchdowns to stand a chance.

Iowa tailback Tavian Banks should also receive serious consideration.

He is second in the nation in rushing with 155 yards a game, but leads the Big 10 and has had impressive games

against some stellar Big 10 defenses.

Realistically, it will take some serious choking from the other guys for Banks to have a prayer, because his team fails to impress in the big games and has already fallen out of the Rose Bowl picture.

However, because Iowa's remaining schedule is soft, he could really put up some numbers and make a serious push, starting with Northwestern this Saturday. If he puts up solid 150-yard games and Manning, Leaf and Woodson all falter, Banks will be Iowa's most promising candidate since Wheaton's Chuck Long.

## Men's soccer faces Vanderbilt in playoffs

Men's soccer head coach Tim McClements watches the men's team 1-0 win against Western Kentucky at home on Friday. The Panthers are now set to go to the MVC playoffs today against Valparaiso.

By DREW GRANGER  
Staff writer

The Missouri Valley Conference has set its tournament schedule.

The conference tournament, held at Evansville, will kick off at 4:30 p.m. with Eastern taking on Vanderbilt.

### Eastern v. Vanderbilt:

This will be the second match-up in as many games for the Panthers and the Commodores. The two teams ended their regular seasons against each other on Nov. 8 at Lakeside Field. Vanderbilt handed the Panthers a 1-0 loss in that game.

Vanderbilt drew themselves into the tournament picture with a conference record featuring three ties. The Commodores finished the year 2-2-3 in conference and 8-7-3 overall.

Eastern clinched its playoff spot on Nov. 6, with a 1-0 win over the Western Kentucky

Hilltoppers. The Panthers finished the year with a conference record of 3-4-0, 4-14-0 overall.

The first meeting between the teams saw Commodore senior forward Tony Kuhn score his 14th goal of the year. He leads the conference in scoring with 35 points on 14 goals and seven assists.

Eastern lost the game, but left several starters found themselves on the bench. Senior forward Henry Ospina, junior defenseman Matt Bobo, sophomore defenseman Tom Dillon and freshman goalkeeper Ryan Waguespack were among the Panthers left caged for the final match of the season.

All are expected to play in the tournament opener. All but Waguespack were benched because of card accumulation.

Eastern head coach Tim McClements said in a press release this was a positive out-

See SOCCER page 10

## Football team lacked emotion in loss

### Spo: Team will be full of 'piss and vinegar' for season-finale

By KYLE BAUER  
Staff writer

The past few games have not been pretty for the Panther football team. The Panthers came close to losing against Indiana State, but were able to pull out the victory. It finally caught up to them last Saturday at Murray State.

Head coach Bob Spoo attributed the loss to the player's lack of emotion.

"You have your peaks and valleys and this is certainly a valley. We anticipated to take control of the game, but it was just not an emotional game," Spoo said.

"This team has a different chemistry. It is hard to place anyone as fiery. This team is kind of laid back. There is not that sense of urgency at all," he said. "It concerns me to the extent

that if we do that same thing we will probably lose."

This week Spoo said he is hoping that will all change.

"There are no excuses for not playing hard or passionately. There is a gradual build up of emotion this week. I expect a real commitment and a resolve," he said. "We are not holding anything back."

The Panthers will have an extra week to prepare for the Eastern Kentucky game and they will take full advantage of it.

"We are going to do everything the same as the first bye week. Practices are about two hours long. We will give the guys off Friday, Saturday and Sunday and come back on Monday," Spoo said. "This week everyone is loose and upbeat. There are no complaints.

"I think they'll come back pretty well rested and refreshed, and full of piss and vinegar," Spoo said.

Even though the bye week brings a welcomed rest, Spoo said he does not really feel that it is necessary.

"My philosophy is not for bye weeks at all. It would not have bothered me at all if we had just gotten right into and played the game, but hopefully we will come back well rested and refreshed," he said.

Once again the team will be healthy going into its next contest.

Sophomore defensive back Steffan Nicholson injured his ankle in practice Monday, but was up and walking around. Other than that injury, the Panther team is healthy.

See EMOTION page 11

JASON CANGE  
Staff writer

## Who wants the Heisman?

Heisman Trophy ballots were sent out this week to respectable members of the media and the race for the nation's best college football player is heating up with a slew of standouts making a case.

The Heisman picture appears much clearer here in Division I-AA land.

If Division I-AA were to have its own Heisman the unanimous decision would have to go to our own quarterback, senior Mike Simpson.

Simpson proves to be a legitimate candidate and the most deserving because of this telltale stat: Simpson's 70.48 completion percentage, puts him on pace to break the all-time I-AA record, held by current Dallas Cowboys reserve quarterback Jason Garrett, who posted a 68.2 percent in 1988.

With only one game remaining, this feat seems quite feasible if Simpson holds form against a tough Eastern Kentucky squad.

He is also in stride to eclipse the OVC's single-season completion record of 66.2 percent. A record that has been in tact for 47 years, as well as the OVC's career record of 59.5

These are no minor accomplishments and the Simpson Award does have a decent ring to it, despite its morbid O.J. implications.

See CANGE page 11

## End of the road is near for senior lady spikers

Eastern women's volleyball is picking its way to a higher bid in the Ohio Valley Conference with two recent wins. The Lady Panthers upset Murray State, dropping the team from first place to third place. Eastern also defeated Tennessee-Martin last weekend.

Eastern still sits in sixth in the conference with a 9-7 record. Led by seniors Monica Shrader, an outside hitter, middle hitter Lorri Sommer, outside hitter Lindsey Celba and setter Kara Harper, the Lady Panthers defeated Murray State 15-10, 15-4, 4-15, 13-15 and 15-10. This match, including the 3-0 victory to Tennessee-Martin, marked the last time these four seniors will play at home.

Each made a piece of history in their closing home efforts. Celba recorded 36 kills, adding to the 1,000 kill mark she reached a few matches earlier. Celba is the team's dig leader with 393 total digs and 3.78 digs per game,

good for sixth place in the OVC.

Harper accomplished a feat no other setter for Eastern has done. She surpassed 5,000 assists for her career a match earlier and increased her season total to 1,031. She is fourth in the OVC in

assists per game with 9.55 and is second in service aces with 48.

Sommer set the record for most kills in a career as she reached 1,285 in the match against SEMO on Nov 4.

She has recorded 388 kills this year and sits in sixth place in kills per game, fourth in hitting percentage and seventh place in blocks per game.

Shrader recorded 14 blocks against Murray and Tennessee-Martin, bringing her over 500 career blocks with 503. She too is ranked in the OVC as her 1.13 blocks per game holds down third place.

These seniors have two matches remaining for this regular sea-
