Rives chosen president

Top priority: to find vice president for academic affairs

by Sheila Billerbeck

Daily Eastern News correspondent

CHICAGO—Stanley Rives, Eastern's provost and vice president for academic affairs, was unanimously chosen as Eastern's new president Saturday by the Board of Governors.

Rives said he was "terribly pleased" when the BOG informed him of their official decision.

BOG Executive Director Donald Walters said Rives was selected from 111 presidential candidate applicants to become the sixth president in Eastern's history.

Rives' appointment concludes the seventh-month-long presidential search, ending a process which cost an estimated \$12 to \$15,000, maybe \$18,000," Walters said.

Rives, who has served as Eastern's acting president since July 1, officially assumed the responsibilities of the presidency Oct. 16.

Rives said his final interview with the BOG at the O'Hare Hilton was "tough and penetrating, and it was never a sure thing that I was going to get the job."

Walters said each of the final candidates was questioned about Eastern's future, institutional strengths and weaknesses, priorities of Eastern and their own qualifications.

After the 45-minute meeting regarding the final selection, Walters said "it was not an easy selection and choosing the president came down to shades of difference."

Rives said his first priority is appointing an acting vice president for academic affairs.

"I will try to do this as quickly as possible and then organize a search for a permanent VPAA," Rives said.

Donald Walters, Board of Governors executive director (right), and other BOG members congratulate Stanley Rives (left) after being selected Eastern's sixth president. (News photo by Douglas Backstrom)

In addition, Rives said he also has a list of long-term goals, including enrollment stability, finding more adequate funding and the continuance of quality in academic programs.

BOG members, faculty and students reacted positively to Rives' presidential appointment.

Nancy Froelich, board search committee chairman, said she believes Rives will "guide Eastern in the right direction."

"The BOG was pleased with Rives and Eastern is very fortunate to have someone who is very well qualified,"

she said.

BOG chairman Dominick Bufalino said Rives has an "excellent background in both academics and administrative areas and will serve Eastern and public higher education with distinction."

"I know we will see great things from Rives," Bufalino added.

Glenn Williams, vice president for student affairs, agreed with Bufalino regarding Rives' past record with Eastern.

"He has already proven himself and now he is in the situation where we are

entering difficult times, regarding financing and enrollment," Williams said.

"He has the sensitivity and background to handle it," he added.

Phil Montgomery, BOG student representative, said Rives "shown through" during the interviews and the BOG made an "excellent choice."

"With Rives as president, we won't be going through a lame-duck period and there won't be a getting-to-know-the-job situation either," Montgomery added.

Student Body President John Cole said Rives has a good record in dealing with students in the past and "I'm sure a good student-administrative relationship will continue."

Cole added that he believes Rives will enter the presidency with "cautious advancement."

"Rives is the type that knows where the university is going and knows what we need," Cole said. "He is naturally cautious about making decisions."

Pat Wright, Council on Academic Affairs chairman, said he believes Eastern will prosper under Rives' influence.

"His policies have been good in the past and he acts in the best interest of Eastern," Wright said.

Former Eastern President Daniel E. Marvin also voiced his approval of Rives' appointment.

"I'm very pleased with the board's decision," Marvin said. "Stan is a very experienced administrator and is well-prepared to provide leadership for the university."

Rives said he will make an official public statement at a press conference being conducted Tuesday in Eastern's Radio-TV Center.

Marine injuries, death occur in Beirut

BEIRUT, Lebanon (AP)—One U.S. Marine was killed and three were wounded Sunday in seven hours of sniping and rocket-propelled grenade attacks on Marine positions at Beirut International Airport, spokesman Maj. Robert Jordan said.

It was the third consecutive day of attacks on the Marines and raised the toll of Marine combat deaths to six since the Americans peacekeeping contingent arrived here 13 months ago. A seventh Marine perished when a mine he was attempting to defuse exploded.

Jordan said the Marines serving with the Alpha Company at the southernmost end of Beirut's airport first came under fire at about 4:20 p.m. 10:20 a.m. EDT and that firing from small arms and rocket-propelled grenades continued until after 11 p.m. 5 p.m. EDT.

Jordan said the Marines fired back with anti-tank rockets and small arms.

He said the dead Marine suffered a head wound, one injured man had an "urgent" head injury and another was in serious condition with an arm wound. Two of the injured Marines were flown to Iwo Jima, the main

hospital ship for the 1,600-man American force, and the third was treated on shore, Jordan said.

At one point Jordan reported that five Marines had been wounded, but he later corrected that to three.

None of the Marines was immediately identified. A total of 54 have been wounded in the past 13 months.

On Friday and Saturday, snipers concentrated on the Marine positions at the opposite end of the airport. One Marine was killed and another was wounded in both legs Friday, but there will be no American casualties Saturday.

Attacks also were reported against Lebanese army positions on the mountain ridgeline above the U.S. Marine camp, and the government-run television said one Lebanese army soldier was killed by artillery fire from positions held by Druse militiamen.

Renewed fighting was reported in the Kharoub region, just above the Israeli defense line along southern Lebanon's Awali River, where Christian and Druse militiamen have been fighting for days.

In southern Lebanon, Israeli occupation troops fired at a hostile crowd after a confrontation with Shiite Moslems at a religious festival in the city of Nabatiyeh.

Lebanese state radio said seven people were wounded. The Israeli military command in Tel Aviv said none of its soliders any Lebanese, and an investigation showed the injuries resulted from an atmosphere of panic when the religious ceremony was interrupted.

An unconfirmed report said one of the injured Lebanese died later of his wounds.

There were conflicting reports on how the Nabatiyeh confrontation started, but reporters in the city said Shiites threw rocks and set two Israeli vehicles ablaze when soliders tried to clear a path to let a convoy pass.

The Israeli military command said a hand grenade was thrown at the convoy and soliders fired in the direction from which it was thrown. The command at first said some civilians were hit but later announced that an investigation determined the Israelis' shots hit no one.

McFarlane to be security adviser

WASHINGTON—President Reagan has decided to appoint Robert McFarlane, his special Middle East envoy, to be his national security adviser, filling the post being vacated when William Clark becomes secretary of the interior, White House officials said Sunday.

Reagan was not expected to announce his decision until Monday at the earliest.

One official, speaking on the condition that he not be identified by name said the president's key foreign policy and national security advisers had been notified of the president's decision, reached during the weekend.

"All that remains is the president making it formal," said another official.

Nuclear generating unit halted

DECATUR—Illinois Power Co.'s cancellation of a second nuclear generating unit at Clinton probably will mean consumer rate increases, a utility official said.

The Decatur-based company announced Saturday that it was scrapping a second, 960-megawatt reactor at the nuclear power station because demand for electricity was lower than what was predicted when the project was announced in 1972.

"Escalating costs, stop-work orders and other controversy generated by the first unit were not a significant factor in the decision," said Harold Deakins, Illinois Power manager of public affairs.

The utility estimated it would have to pay between \$16 million and \$22 million for work already completed and for cancellation of contracts already negotiated for Clinton II.

Ship sunk, 45 vessels icebound

MOSCOW (AP)—Massive ice flows have crushed and sunk one Soviet freighter and threaten 45 other vessels trapped in the swiftly freezing East Siberian and Chukchi Seas, in what could become a Soviet shipping disaster.

News that 50 ships were trapped in the Northern Sea Route skirting northeast Siberia near the Bering Strait first was reported last week in the government newspaper *Izvestia*. It said grinding ice already had sunk the freighter *Nina Sagaidak*, but rescuers from sister ships saved its crew and cargo.

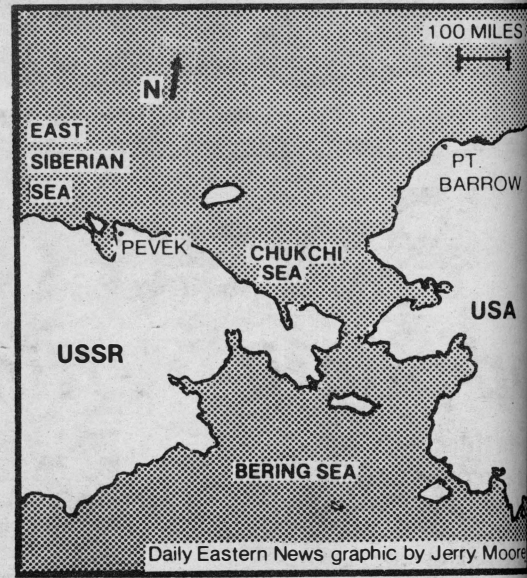

The official news agency *Tass* said Sunday that five of the ships, including the crippled and listing freighter *Kolya Myagotin*, were freed Sunday, but said winds hampered further rescue operations.

It was not clear whether human error was responsible for the crisis.

It is highly unusual for the Soviet press to report such a crisis.

Komsomolskaya Pravda, newspaper of the Young Communist League, on Sunday quoted art shipping chief Filipp X. Polunin as saying conditions in the area were worsening.

"New ice is forming and merging with the old

mass and considerably complicates the situation," he said.

Sovietskaya Rossiya, said the ice field has become so dense that the nuclear-driven icebreakers *Leonid Brezhnev* and *Lenin* failed to break through.

Teachers strike talks start anew

CHICAGO (AP)—Negotiations between striking teachers and the nation's third largest school district ended after five hours Sunday, and union officials reported "some progress" toward resolving the stalemate.

The strike has idled 436,000 students since Oct. 3. Talks were scheduled to resume at noon Monday.

Chicago Teachers Union negotiators walked out of contract talks on Saturday night saying they would not return until the board made a better wage offer. But they were back at the bargaining table at 1:15 p.m. Sunday and union vice president Jackie Vaughn said the union's presence was "certainly" a signal that it expected a new offer.

Tailgate attendance drops, rises at game

by Amy Zurawski

Although attendance at this weekend's Panther football game "was greater than expected," attendance at the tailgate parties declined, an Eastern official said Sunday.

Glenn Williams, vice president for student affairs, said the crowd at Saturday's tailgate parties "was equal to what it used to be two years ago when tailgate parties first started."

Williams said, "Eastern's Athletic Director R.C. Johnson said the crowd of 7,100 at Saturday's football game was larger than he had expected."

Officials recently modified Eastern's tailgate party policy by issuing a time limit on the parties from 10:30 a.m. to 1:15 p.m. and eliminating kegs of beer from the designated student tailgate area.

"Everything went smoothly and there was no one left in tailgate area at 1:15," he said.

Student marshal Mark Magel from the Sigma Pi fraternity said, "The policy changes will only hurt the attendance of the game. Anyone can see that no one is here."

"The policy change doesn't look like it's going to bring more people to the game," he added.

Magel said he heard rumors of students boycotting the football game because of the modifications to the tailgate party policy.

"The few people that are at the parties seem to be laughing at the new policy," he added.

Magel said that he views the new policy as "a joke."

Bob Black, civil service worker at the tailgate entrance, noted that the modification of the tailgate policy has brought positive and negative responses.

"There haven't been any problems today because there are no people here to make any. The policy changes have definitely had a bad effect on the attendance of tailgate parties," he said.

"In the past there have been more people at the tailgate parties, but I think there was a need to break up the monster parties that some of the students were having," he continued.

Magel said Sigma Pi was asked to patrol the tailgate area by Union Area

Head Bill Clark and Jill Zimmerman, assistant director of student activities and organizations.

"The fraternity gets \$250 each game for watching the crowd also," he added.

Williams said the money to pay the student marshals came from an allotment from the president's office.

Magel suggested that tailgate parties could be better regulated if groups had to apply for a permit through the university before being allowed to tailgate.

"This would allow the university to decide how many kegs they would consider appropriate for the number of people the group expected to have for their party," Magel said.

Student Marshal Jairon Wills said the university chose the wrong game to judge whether the tailgate policy needed revision.

"The Homecoming game the univer-

sity officials observed last week was the wrong game to judge because of the large amount of people at the game," Wills said. "They should have judged an ordinary home football game, like today."

Wills added he thought the banning of kegs had nothing to do with getting people to attend football games.

"If they want to have a keg at their party and are still out of the area on time, they should be allowed to," he added.

"If people know they have to be out of the tailgate area by 1:15 p.m., they won't buy more beer than they need," he said.

Panther Club member Cheryl Hawker said the new policy does not affect Panther Club members because their tailgate parties are before the game and they do not have kegs of beer.

"Our (tailgate parties) are for a pic-

nic purpose only," she added. "We stay at the game for half time because we like to watch the band perform and the rest of the half-time activities."

Williams said he was uncertain whether the tailgate policy will undergo further revisions after observations made this weekend, but added "It will be discussed on Thursday."

Correction

It was incorrectly reported in the Oct. 14 edition of the *The Daily Eastern News* that junior Gary Welsh, president of Eastern's Republican group, said his definition of the political gender gap is "the major differences in poll opinions between men and women." Welsh said his statement was the gender gap is "the measured differences in certain poll opinions between men and women."

Booters should look to fund raisers

Eastern's soccer team and coach Schellas Hyndman deserve a pat on the back for the squad's current No. 3 NCAA Division I ranking. It's a major accomplishment for a university of Eastern's size to gain national recognition.

However, it was unfortunate that the team lacked the funds to pay for plane transportation to Texas Thursday. Because of a lack of funds, the team endured a 14-hour van ride before playing in its two weekend games.

Hyndman approached Eastern Athletic Director R.C. Johnson Thursday and asked for an extra \$1,500 to cover plane fare for the trip, but was told, "The funds are simply unavailable."

Hyndman and team members publicly expressed their disappointment because the athletic department would not provide the money. However, it is not a matter of whether Johnson wants to give the soccer team additional funds. Additional funds just do not exist.

Johnson released the department's budget last March, which included budgets for all Eastern athletic programs.

Hyndman knew how much money he was allowed at the beginning of the season, so any perceived "lack of funding" was a no-fault situation.

In the meantime, the soccer team sometimes has to endure long van rides which tire players before a match. Such long, uncomfortable journeys could hinder the team's play. Thus, to

Editorial

avoid traveling long distances by van in the future, more funds would be needed.

Hyndman and company could look to other avenues of raising revenue, rather than just depending on athletic department funds.

A prime example of fund raising was illustrated at Saturday's football game at O'Brien Stadium.

The Alpha Phi sorority went through the crowd with cans asking for donations to help support Eastern's women's athletic programs and raised \$132.

Other obvious fund-raising ideas include the prompting of donations from soccer alumni, raffles, car washes and even bake sales. Eastern's men's cross country team conducts open runs before each home meet and charge participants \$3 to compete. The money helps to pay for the squad's travel costs.

Raising extra funds to support travel costs could be viewed as extra work, but it seems like the only way Hyndman and his unit could support air travel instead of van transportation.

It's unfortunate that athletic department funds are not available to cover the soccer team's requested plane transportation. In the future, if the booters want to travel by air, they should take the time to kick around some fund raising ideas and raise the money themselves.

Your turn

Anyone could be guilty

Editor:

My impression from B. Hindbars (Oct. 13 edition) is that prisoners are gorillas, that they are molesters and incorrigible muggers deserving only of our fear and contempt. And I know this is not true. I have counseled prisoners. They have broken the law of the land, and for that there seems to be no forgiveness.

But perhaps they simply are ones who have been caught breaking the law in this society. Perhaps we have more to be concerned about than vandal residents in our neighborhoods. And, with less than any person—caught, uncaught, innocent—can strike out if they are ignored or hated.

John Gardner

Pikes wrongly accused

Editor:

The article in the Sept. 19 issue of the *Daily Eastern News* regarding neighbors' views on parties, did seem to have all the facts. One unidentified student said, "The Pi Kappa Alpha fraternity is constantly causing problems." That statement was untrue.

This year, neither the neighbors nor the police have come over to the house to complain about the parties.

Greek adviser Jill Zimmerman said, "The Pikes have not done anything wrong and are in good standing with the university this semester."

Booker Suggs, associate director of student activities said, "The Pikes are not constantly causing problems. They are very cooperative neighbors."

Maybe in the future, the *Daily Eastern News* should get both sides of a story before going to print.

Micheal J. Shelton
Pi Kappa Alpha president

Reporter feels prisoner work-release editorial way off base

Surely you saw it. It was hard to miss—a fiercely sarcastic letter to Gov. Jim Thompson which dominated the editorial page of the *Daily Eastern News* last Thursday "thanking" him for giving Charleston the "gift...we can't return."

The letter was referring to the Illinois Department of Corrections' prison work-release program which has been proposed for Charleston. Surprisingly, this wasn't a piece of hotheaded, misinformed hate-mail, but an opinion written by the editorial board of the *News*.

This tongue-in-cheek editorial described a vision of Charleston besieged by evil state prisoners, children growing up to be criminals, people getting mugged in the parks and our police force busily trying to keep it all under control. All of this was laced with sarcastic prophecies like "bread and water" in the residence hall cafeterias, and signed "B. Hindbars."

It's all very cute, but does it really belong on the editorial page of this paper?

As a city council reporter for the *News*, I've heard the arguments for and against the proposal, having been assigned several stories on the subject.

I'm not claiming to know the far-ranging effects of the proposal or even a great number of details on it. No one, including our city officials, has received such information yet. But I have gathered enough of the

Behind the Byline:

Kevin McDermott

facts to know that the editorial board was way off base.

Now that you've read the satirical views of our editorial board, maybe you'd like to know some of the facts on the issue, as presented by mayor Clancy Pfeiffer:

- First of all, the DOC has not yet formally chosen Charleston as a site for the plan (the editorial makes it sound like the prisoners are on their way already).
- Even if Charleston is chosen, the chances of the facility being housed at the old Hickman Ford garage near Charleston High School are becoming slim because of public outcry against it, Pfeiffer said.
- The prisoners housed in Charleston are not the muggers or murderers the editorial describes, but men convicted of petty-theft—writing bad checks and other non-violent acts. Many residents would be glad to point out that such offenses make the prisoners look like saints next to some Eastern students.

- The prisoners would not, as the editorial implied, be free to wander the parks terrorizing dog-walkers.
- While it is true that the DOC is not required to get city permission to set up the facility in Charleston, Pfeiffer has said repeatedly that the state has made every effort to cooperate with the city to avoid problems in the community with the program.
- About the only thing the editorial did get right was the fact that the program was created to relieve prison overcrowding. Yet, even then it only offered the idea without offering any kind of alternative. The editorial board really think it's worse to have prisoners in a supervised work program in Charleston than to simply set them free.
- The editorial also failed to mention the remarkable success rate of similar facilities in Carbondale, Champaign-Urbana and other college-based communities in Illinois.

Unlike the editorial board, I don't pretend to have an opinion on the subject—negative or positive.

But I do know enough about journalism to know that a newspaper editorial should consist of reasonable opinions supported by facts, and not misleading claims.

—Kevin McDermott is a city staff reporter for the *Daily Eastern News*.

Tubes', Romantics' concert rocks Lantz Gym

Clockwise from top: Tubes lead singer Fee Waybill argues with an umpire over a personal foul during the song "Sports fan." The umpire charged Waybill 15 yards for "too many hands copping the field."

Romantics' guitarist Mike Skill jams out a song during the opening act of the concert.

Romantics' drummer Jimmy Marinos beats and sings out a tune from their new album "In Heat."

An Elvis-looking Waybill gyrates his hips while crooning "Are you ready?"

Waybill, costumed as a carnival barker, convinces the crowd to ride the beauty during the Tubes' recent Top 40 hit, "She's a Beauty."

Eastern defense blanks Northern Iowa 13-0

Eastern All-American defensive end Greg Duncan crushes University of Northern Iowa's quarterback Larry Miller...

...which popped the ball loose during the second quarter of Eastern's 13-0 Mid-Continent Conference victory over head coach Darrell Mudra and the visiting Panthers. (News photo by Sam Paisley)

The motto of our defense is that we will bend, but we won't break—Eastern defensive back Robert Williams.

by Kirby Flowers

Eastern's defense never broke down Saturday when the Panthers shut out the University of Northern Iowa 13-0 in their league opener at O'Brien Stadium.

The Panther win lifted their record to 6-1 overall, including a streak of five-straight victories, and 1-0 mark in the Mid-Continent Conference.

Eastern's defense limited Northern Iowa to 16-yards rushing and 116 yards in total offense and set the tempo of the game early in the first quarter following a Panther turnover.

Northern Iowa intercepted a batted John Rafferty pass on Eastern's first play from scrimmage and gave the Purple Panthers the ball on Eastern's 13-yard line.

However, Eastern's defense did not budge as the Panthers threw Northern Iowa for a yard loss on the next play, then pressured the Purple Panther quarterback, Larry Miller, for two incompletions. Consequently, a field goal attempt was forced.

The Panther's Gary Bridges then collected his first of two blocked field goal attempts on the day to turn back the Northern Iowa scoring attempt.

"We played great defense," Williams said. "I think we played the best defense today (Saturday) that we have played all year.

"We made the key interceptions and turnovers, which eventually broke their backs," Williams added.

Eastern's defense dominated play all day as the offense took advantage of the good field position. The result was Panther scoring.

Panther tail back, Kevin Staple, who rushed for 51 yards Saturday, said, "If the defense keeps getting the ball all the time we are going to score."

Following an exchange of first quarter punts, Eastern's defense got the ball for the Panther offense on their own 48-yard line.

The Panther offense wasted little time as they ripped off gains of nine, eight and three yards on Staple sweeps to put the ball on Northern Iowa's 32-

yard line.

However, an illegal motion penalty threatened to end the drive. But Rafferty connected with Jerry Wright for an 11-yard reception and another Staple sweep gave the Panthers a first down on Northern Iowa's 17-yard line.

Northern Iowa's defense stiffened and Eastern had to settle for a 30-yard Henry Castellanos field goal, which gave the Panthers a 3-0 lead at the 14:17 mark of the second quarter.

Eastern's defense continued to shut down Northern Iowa's offense and forced the Purple Panthers to punt on their next series.

The Panther offense, sparked by a 19-yard fake punt run by Castellanos, added three more points on a 32-yard field goal by Castellanos to give Eastern a 6-0 lead with 9:51 remaining in the half.

Northern Iowa's offense continued to struggle against Eastern's stingy defense. However, the Panthers offense was also unable to move the ball effectively, so the score remained 6-0 at the intermission.

Eastern quarterback Rafferty, who completed 11 of 22 passes for 120 yards and two interceptions, said the 10 to 15-mile per hour winds, were part of the reason the offense was conservative for most of the first half.

"The gusty wind was not a real big factor in my throwing," Rafferty said. "But I think it was a factor in the coaches' decision making. We didn't throw against the wind, which was a smart move."

In addition, Rafferty gave Northern (See EASTERN, page 10)

Orioles claim World Series crown

PHILADELPHIA (AP)—The Baltimore Orioles rode two home runs by a suddenly revitalized Eddie Murray and one by Rick Dempsey into a new era Sunday, beating Philadelphia 5-0 and winning their first World Series in 13 years.

The five-game victory, capped by Scott McGregor's five-hitter in the finale, completed first-year Manager Joe Altobelli's ascension to the throne vacated by Earl Weaver, who retired last winter after managing the American League club for 14½ seasons.

Never overpowering, McGregor, a 2-1 loser in Baltimore's opening games of both the American League playoffs and the Series, registered the Orioles deciding victory.

McGregor, a crafty left hander, had five quick runs in support Sunday, and that was more than enough.

Murray, who came into the game with two hits in 16 series at-bats, roared back with a vengeance. He hit a 2-2 pitch from rookie right-hander Charles Hudson, who lost for the second time in the Series, into the right-field seats to start the second inning for the first of his three hits in the game.

Dempsey, the Series' Most Valuable Player who

drove in the winning run with a double in Game Two and started the winning rally with another double in Game Three, led off the third inning with a homer to left. He hit a 1-0 pitch from Hudson, who had lasted only 4 1-3 innings in Game Two and went just four Sunday.

The Orioles made their last Series appearance in 1979, but they lost to Pittsburgh in seven games after being up 3-1.

This time, they didn't let the World Series ring escape.

After losing the first game 2-1 at Baltimore, the Orioles won Game Two at home, then swept three in Philadelphia. They became only the fourth team to win in this manner and the first since the New York Mets did it to an earlier Baltimore club in 1969.

Booster unit suffers first season defeat

by Mike Lynch

DALLAS—Eastern's soccer team suffered its first setback of the season Sunday as Southern Methodist University downed the third-ranked Panthers 3-1.

The Mustangs, led by forward Mark Chancey who tallied a goal in each half, handed the Panthers (11-1) their first lost in 12 outings.

"We were up for them because in all honesty we feel we're one of the best teams in the nation and we wanted to prove it," Mustang head coach Jim Benedek said.

However, Panther head coach Schellas Hyndman said Sunday the loss was not a true indication of his team's ability.

"We've played them about 40 percent of our potential and it was just a case of us beating ourselves," he said.

"The trip took a lot out of us to the point where our concentration was gone," he added. "We're just going to have to bounce back now."

Southern Methodist, whose only two losses this (See BOOSTER, page 15)

Note: Eastern is also ranked No. 1 in the Midwest Region by the Intercollegiate Soccer Association of America.

Strong defense, blocking boosts Panthers to victory

by Kathy Leahy

Eastern's volleyball team utilized a strong defense and improved blocking to down Loyola University in three-straight games Friday at Lantz Gym.

The Panthers, in their first home match in six weeks, posted victories of 15-0, 16-14 and 15-10 to win the match and lift their season record to 18-6.

"We did show a lot of improvement in our blocking and in recovering from being blocked," Eastern head coach Betty Ralston said. "Many times we kept the ball in play when before the blocked ball would have dropped for a point."

The Panthers jumped out to an early 6-0 lead in the first game, behind the serving of senior Stacy Cook. Sophomore Judy Planos, a Rambler side out, served the next eight points to give Eastern a 14-0 advantage.

The impressive Panther defense allowed only two Rambler kills in 18 attempts (3 errors) giving them a negative 5.6 percent efficiency.

"We don't like beating teams 15-0," Ralston said. "Winning 15-0 is not good because it's impossible to improve on it. You can only do as well, but you can never do better."

Although the Panthers whipped the Ramblers 15-0 in the first game, they struggled before taking the final two games.

"We came out and played very well in the first match," Ralston said. "But we got into their game in the second

game. We allowed ourselves to play down to their level."

The Panthers registered a 72.7 percent kill efficiency in the first match. However, their efficiency dropped to 29.5 percent in the second game and finally to 16 percent in the third.

Eastern led by as much as 12-9 in the second match, but the Ramblers rallied to knot the score at 12-12. The Panthers took a 14-12 edge on a Loyola error and a kill by Cook but the Ramblers came back to tie the score at 14-14.

However, Loyola's rally fell short and the Panthers were one game short of taking the match with a 16-14 victory.

In the third game, the Panthers continued to struggle and the Ramblers, behind Mary Kay Oskielunas' serving, jumped out to an early 4-0 advantage. Loyola increased their margin to 7-2, but the Panthers bounced back to knot the score at 7-7.

The lead changed hands several times before the Panthers pulled away from the Ramblers, taking the match with a 15-10 victory.

Eastern was led by Cook and senior Bonnie Fisk. Cook registered 12 kills in 21 attempts for a 52.4 percent efficiency, while Fisk had 12 kills in 25 attempts (5 errors) and a 28 percent efficiency.

Defensively, the Panthers were paced by Planos and senior Kathy Briggs.

Eastern from page 9

Iowa's blitzing defense, some of the credit for Eastern's inability to move the ball.

"They made me hurry a lot of passes that I shouldn't have," Rafferty said. "But our running game was going good so we went with it."

Northern Iowa took the opening kickoff of the second half all the way down to Eastern's 20-yard line before the drive stalled and Bridges registered his second blocked field goal of the day.

Eastern put together its best drive of the game on the next series when the Panthers drove 80 yards for a touchdown and a 13-0 lead.

The defense's took over at this point. Although both clubs got down close to the goal, neither team could punch it in for the score.

Men harrier's notch sixth at Illinois Intercollegiates

Crystal Schrof
EDWARDSVILLE—Lack of consistent finishes Saturday caused Eastern's men's cross country team to place sixth out of 17 teams at the Illinois Intercollegiates.

Panther head coach Neil Moore said he was "unhappy" with his team's sixth-place finish because he had expected them to finish at least third.

"I thought we could have finished in the top three," Moore said. "We're not consistent and we have to sit down and do some hard analyzing of what we are doing wrong."

Eastern was lead by Scott Pillsbury who took 12th place with a time of 34:49, while Bob Beine notched 25th place with a 33:35 clocking. John Cassmann followed with a 31st place finish clocking in at 33:43.

Pillsbury showed a lot of courage on a tough course and just did a superb job," Moore said.

Mike Samuel took 40th place

(34:00), and Paul West grabbed 45th place (34:11) to round out Eastern's top five finishers Saturday.

"Mike Samuel was the only freshmen to finish in the top five," Moore said. "He has shown that he belongs in the starting line-up."

Southern Illinois University-Carbondale placed first with 35 points while North Central College followed with 79 points. Bradley University and the University of Illinois tied for third with 84 points and Northwestern University placed fifth with 104 points.

Eastern's harriers now turn their attention toward the Mid-Continent Conference Championships Oct. 29. "The highlights of our season are coming up so the next couple of weeks we have to do some refining," Moore said.

"We haven't reached the height of our potential," he added. "Right now we're not tough enough mentally to be conference champions."

season were against nationally-ranked San Francisco University and St. Louis University, took a 1-0 lead over the Panthers at the 18-minute mark of the first half.

Chancey tallied from 10 yards out on the right side on a pass from Hans Stronk in pacing the Mustangs to their 1-0 halftime advantage.

The Mustangs registered their game-winning goal as Karl Groesser took a lead pass from Damir Perge and beat Panther goalie Eric Hartman for a 2-0 Mustang advantage.

Eastern's Neil Swindells cut the

Mustang lead to 2-1 when he tallied his 13th goal of the year on a pass from Tom Isrov at the 28-minute mark.

However, the Panthers were able to down North Texas State University Saturday as Agyeman Prempeh registered a goal and two assists in leading the Panthers to a 3-1 victory.

SMOKE DETECTOR REMINDER

This is a reminder that owners of rental residential housing units are required by City Ordinance to have operable smoke detectors installed in accordance with standards of the National Fire Protection Association Publication No. 74.

Also, owners of single family residential structures are required to install operable smoke detectors in accordance with the above referenced standards prior to the sale or transfer of ownership.

All smoke detectors, especially battery powered detectors, should be tested monthly. Batteries generally need replacement annually. Failure to install and maintain smoke detectors in an operable condition is a violation of the City Code.

For details or assistance regarding applicable standards please contact the Charleston Fire Department (phone: 345-2132) or the Building and Zoning Enforcement Office (phone: 345-4741).
