## Easy living

Freshmen Michelle Kim and Len Billingslet enjoy what may be some of the last warm temperatures of September Monday afternoon outside Coleman

Hall. Temperatures for Tuesday are expected to reach the low to mid 70s.

## BOG approval may increase parking spots

By BILL DENNIS  
Administration editor

OAK BROOK—More parking spaces could be available at Eastern following action taken by the Board of Governors Monday.

The BOG approved Eastern's purchase of a duplex at 1601 and 1603 7th St. for \$73,000. Future plans for the duplex, located across the street from the heating plant, include the tearing down of the building and using the land for a parking lot.

The board also approved a recommendation for a 17 percent increase in Eastern's operating budget for next year.

Verna Armstrong, vice president for academic affairs, said there has been no decision on whether the parking lot will be open to students, staff or faculty. It is also unknown when the proposed lot would be open for use.

The lot is completely surrounded by university property, Armstrong said. Eastern decided to buy the land and building after the property was placed on the market, she said.

It was an "opportune time to purchase," Armstrong said.

Until demolition is begun, Armstrong said the house could be used for "other purposes." However, she did not elaborate on alternatives because specific possibilities have not yet been finalized.

BOG Chancellor Thomas Layzell's proposed 17 percent increase for Eastern is part of a total 17.8 percent system-wide increase which would bring its total budget for the five BOG universities to more than \$207 million.

The proposed increase would give Eastern a budget of \$47.8 million next year. Eastern's operating budget this year was \$40.8 million.

Armstrong said the increase could cover a 5 percent raise in salary for all system employees. Also, a second increase is planned to bring salaries on line with averages for comparable positions.

The increase would also cover expansion of existing academic programs, inflation and general increases in necessary expenditures, such as utility rate hikes, Armstrong said.

Although passage of Layzell's proposal is expected, the final budget is far from certain. Last year, the BOG recommended a \$45.98 budget for Eastern, an increase of 21.7 percent. However, the Illinois Board of Education only recommended a \$41.57 budget, an increase of 10 percent.

The final budget signed by Gov. James Thompson was for \$40.8 million, an increase of just 8 percent.

Budget legislation that would include Eastern for (See BOG, page 6)

## Arson is suspected in Carman fire; damages equal to cost of clean-up

By STEVE SMITH  
Campus editor

Arson is suspected to be the cause of a stairwell fire Saturday in the south tower of Carman Hall, Charleston Fire Chief Tom Watson said.

The men's side of Carman Hall had to be evacuated after a fire of boxes and an aerosol can was discovered in a stairwell between the fifth and sixth floors.

Although the Charleston Fire Department was called, the blaze had been extinguished by a Carman Hall resident assistant before the firemen arrived.

"We were only on the scene for about 30 minutes," Watson said, but he suspects arsonists may be responsible.

"Arson is a Class-II felony punishable with between three to seven years imprisonment," Watson said.

Watson said, however, that this may be an aggravated arson case. Aggravated arson involves knowingly starting a fire that may endanger other people, Watson said.

At the present time, aggravated arson carries a six- to 30-year prison sentence upon conviction, Watson

said.

"We will pursue (the investigation) to the full extent of the law," Watson said. "I suggest they (arsonists) come forward."

Watson said if the suspected arsonists don't cooperate, the punishment could be "a lot worse."

Watson said the fire department has seen several similar incidents at Carman Hall during the past year. "The last ones caught were expelled," he said.

Carman assistant counselor Janet Hahn said she could not estimate total damages. "There is soot on the ceiling of the stairwell," she said. "There is no problem in the residents rooms. It left a real mess."

Hahn said the only damage cost would be those involved in cleaning out the stairwell.

Watson said, "Even a prank can become dangerous, it can quickly go sour."

He said students should keep their eyes and ears open for rumors of people planning such pranks. "Report anything" about suspected arson, Watson added.

No injuries were reported in the evacuation of the men's tower, Hahn said.

## Cheerleader faces theft charges

By CRYSTAL PHILPOTT  
City editor

Eastern cheerleader Mike Weber was arrested for a third count of retail theft while still out on bond for the second count.

Weber pleaded innocent and requested a jury trial at a preliminary hearing Monday to the third charge of theft.

He was scheduled to go on trial Tuesday for the second count of retail theft, but had his trial postponed after being arrested and charged with the third count.

Weber was arrested Aug. 28 for the third time and charged with knowingly transferring the price tag of one bottle of deodorant to another bottle of deodorant at Walmart, located in the West Park Plaza.

His second arrest, May 29, was for allegedly taking two packages of sliced cheese at the Wilb Walker Shopping Center, 1460 E St..

Weber was released after paying 10 percent of the \$3,000 bond.

Weber was scheduled to face charges for the second arrest Tuesday.

Both jury trials have been scheduled for 9:30 a.m.

Weber was first convicted of retail theft Oct. 20, 1983, which was a misdemeanor.

Because Weber has already been convicted of retail theft, any subsequent offenses become class-IV felonies.

Assistant State's Attorney Richard Nekola, who is handling the case, said, if convicted and sentenced to prison, Weber would face a sentence of between one and three years. Nekola said probation was also a possibility.

The \$3,000 bond for the May 29 charge still stands. After being arrested for the second charge, Weber was released after paying 10 percent of the bail.

Dorothe Johnson, Weber's cheerleading sponsor, said Weber is on the squad, but refused to comment on whether Weber will be removed if convicted.

Johnson also said Monday she has not discussed the situation with Weber.

Weber was originally scheduled to stand trial for the second count on July 29, but the trial was continued at the request of his attorney, public defender Lonnie Lutz.

The trial was again rescheduled from Aug. 25 to Sept. 16.

Both count two and count three have now been scheduled for jury trial on Oct. 21.

## Arby's zone plans approved by BZAP

The Charleston Board of Zoning and Appeals approved a request Tuesday by Arby's Roast Beef for a zoning variance that will be presented for final approval to the City Council.

The variance included a reduction in the number of required parking places for the proposed roast beef eatery and adjoining Jerry's Pizza and Pub, 1508 Fourth St.

If approved, the ordinance will allow the restaurants to share a total of 47 parking spaces. When Jerry's opened, the restaurant was required to supply 41 spaces, but now the establishment will only have 15. The Arby's property will contain 32 spots.

Jerry Myerscough, owner of Jerry's Pizza, said he purchased an Arby's franchise in July which he plans to build on the lot next to his restaurant where the Dixie Cream Donut Shop was located.

"If all goes well, we will be open in the latter part of November," Myerscough said.

Associated Press

## Charleston serviceman wounded

GREAT LAKES—A Charleston man was wounded Monday when a U.S. Navy serviceman apparently upset, because he was to be dropped from a training course opened fire without warning, wounding Lonnie Yowell, 41, of Charleston and David Violet, 30, of Cornell, Wis. and killing Glenn E. Hull, officials said.

Yowell and Violet are chief technicians at the naval school, while Hull was the senior chief electronics technician.

The gunman was captured and was being held by the Naval Investigative Service, according to Bill Dermody, a spokesman for the Great Lakes Naval Training Center.

Dermody identified the gunman as Seaman Arif M. Ameen, about 30, and said he was carrying a pistol. Ameen, a native of Pakistan, was a naturalized U.S. citizen with a wife and children in Miami, Dermody said.

He said the shooting took place in the electronics technicians training building, apparently in two separate offices.

## Stevenson stands by his remark

CHICAGO—Challenger Adlai Stevenson refused Monday to retract a remark the Gov. James R. Thompson, his Republican opponent, labeled offensive and insulting to women.

The president of Illinois Democratic Women, Wilma Leinard of Fairfield, said the comment didn't offend her.

But she said if Thompson had made it, Democratic women might have called him sexist.

Stevenson, a lifetime Democrat making a third-party bid for governor, made the remark in an interview with *Crain's Chicago Business* while describing Thompson's relationship with special interest groups.

"Thompson is a big, tough governor who can't say no. If he were a woman, he'd be pregnant—constantly," Stevenson said in the interview, published in the weekly magazine's Sept. 8 issue.

## Police headquarters hit by bomb

PARIS—A bomb exploded Monday in a crowded waiting room at police headquarters, killing one person and injuring 51 others less than 24 hours after Premier Jacques Chirac announced a crackdown on terrorism.

It was the fourth bombing in Paris in a week. A total of three people have been killed and more than 100 wounded.

The latest explosion, which demolished the hall where drivers' licenses are issued, happened about 1:50 p.m. on the ground floor of the police headquarters building on the Ile de la Cite, close to Notre Dame Cathedral.

## President backs harsh penalties, orders some mandatory testing

WASHINGTON (AP)—President Reagan, unveiling his plan to attack drug abuse in America, ordered the executive branch Monday to set up mandatory tests for federal workers in sensitive jobs.

But Reagan's program drew immediate resistance from the American Civil Liberties Union and labor organizations representing federal employees.

In an Oval Office where he signed the order and put his name on letters to Congress accompanying a series of legislative proposals, Reagan said, "This is the federal government's way of just saying 'no' to drugs."

Reagan's move came one day after he and his wife, Nancy, made a nationally televised broadcast, appealing to people's consciences and their sense of patriotism, for help in waging war on drug abuse.

With the formal announcement of his anti-drug abuse plan, including Reagan's endorsement of capital punishment for certain drug-related offenses, the president joined members of Congress who have been scrambling

to enact new measures of their own.

But beyond the consensus in official Washington that something must be done about the drug abuse problem, there were indications that some suggested solutions face heavy obstacles.

Leaders of federal employees unions, and the American Civil Liberties Union, challenged the administration to define 'sensitive' jobs.

Said Alan Adler, legislative counsel of the ACLU: "The president's proposal is a blatant violation of the rights of American workers to be free of search and seizure without probable cause."

Secretary of Defense Casper W. Weinberger spoke out vehemently against a proposal, included in legislation passed overwhelmingly by the House last Thursday, to require the president to dispatch U.S. military forces within 45 days to the nation's borders to interdict drug traffic.

House Majority Leader Jim Wright, D-Texas, questioned the administration's commitment to putting enough money into the new anti-drug abuse campaign.

## Reporter's freedom on top of list

WASHINGTON (AP)—Showing increased impatience with the Kremlin, the Reagan administration Monday revamped the agenda for a meeting to plan a new U.S.-Soviet summit, pushing to the top of the list its demand for the outright release of American journalist Nicholas Daniloff.

White House chief of staff Donald Regan suggested that chances for a summit this year could be endangered unless Daniloff is allowed to come home.

Secretary of State George Shultz and Soviet Foreign Minister Eduard Shevardnadze are to confer in Washington on Friday and Saturday at what was to have been a meeting to fix the date and agenda for a summit.

Spokesman Larry Speakes said Shultz "will raise the issue as the first item on the agenda."

"I'm sure that preliminary discussions on U.S.-Soviet relations, which may include future meetings, will take place, but whether it will be resolved remains a question," Speakes said.

"The change in the agenda is that Daniloff is first."

He left open the possibility the meeting would get bogged down on Daniloff and not make progress on a summit. "We'll start with Daniloff and see where it goes from there," he said.

Pressure is building in Congress for the administration to take tough measures against Moscow until Daniloff is returned.

In a deal announced Friday, Daniloff was released to the custody of the American embassy in Moscow while a Soviet U.N. employee held in New York, Gennadiy Zakharov, was released to the Soviet mission in Manhattan. Both men remain charged with espionage.

Defending his handling of the case, President Reagan told reporters, "No one on our side has blinked, and I don't blink." Some hardliners have complained Reagan caved into the Soviets by allowing equal treatment of Zakharov and Daniloff, whom the administration insists is not a spy.

# Teen 'fair' after being shot by drug suspect

By TERRY GASCHLER  
Staff writer

A rural Charleston teen was listed in fair and improving condition Monday at Sarah Bush Lincoln Health Center after being treated for a gunshot wound to the left shoulder.

Douglas Moll, 17, was allegedly shot by Timothy Wingler, 39, also of Charleston, about 5 p.m. Thursday on Wingler's property near routes 16 and 316 east of Charleston.

Wingler was arrested about 10 p.m. Thursday after Coles County sheriff's deputies questioned him at Sarah Bush.

Early in the investigation, police also confiscated 193 marijuana plants that were discovered growing on Wingler's property, Coles County Sheriff Chuck Lister said.

Lister declined to comment on whether the marijuana plants and the shooting were related.

Wingler could face charges of attempted murder, aggravated unlawful restraint, aggravated battery, unlawful use of weapons, reckless conduct and unlawful possession of marijuana, Assistant State's Attorney Richard Nekola said.

Formal charges are expected to be

filed by Sept. 22, the date set for Wingler's initial court appearance and preliminary hearing, Nekola said.

"At this time, we are awaiting the full report from the sheriff's department before we determine precisely what charges will be filed," said State's Attorney Nancy Owen.

Wingler told police that he was squirrel hunting with a new gun when he happened upon Moll and several of Moll's friends, police reports show.

Wingler said he then offered to show the group how to use the gun. He told police that as they were walking together, Moll slipped backwards and hit the gun, causing it to fire.

However, Moll told police that he was standing next to Wingler when the gun went off and that he does not know why the gun fired, police reports show.

Sheriff's deputies questioned Wingler at the hospital after he drove Moll there, police reports say.

Wingler was released from police custody after a \$2,000 bail was posted.

Moll underwent surgery for the gunshot wound Thursday night. "His condition is stable and he's doing well at this time," a hospital spokesman said Monday.

## Correction

It was incorrectly reported in Monday's edition of *The Daily Eastern News* that the Student Senate registered 284 students for their voter-registration drive bringing the total to

309 students.

The senate registered 259 students bringing the final total to 284 students registered.

The News regrets the error.

# Faculty Senate to argue textbook evaluation

## Senate to discuss evaluations, morale, education quality Tuesday

By CAROL ROEHM  
Staff writer

The possibility of student textbook evaluations will be discussed during the Faculty Senate meeting at 2 p.m. Tuesday in the Union addition Martinsville Room.

Joe O'Mera, student representative of the student/faculty relations committee, spoke to Senate Chair Mary Wohlrabe about compiling a textbook evaluation for students to complete at

the time of instructor evaluations.

The evaluation had been a topic of discussion last semester by the senate, but no action was taken at that time.

Last year, many members believed textbook evaluations would violate their collective bargaining agreement which gives them the right to select textbooks.

Wohlrabe said O'Mera will not be present at the meeting, but asked that the textbook evaluation idea be brought

before the senate for discussion.

"The evaluation will be to our (students and faculty) mutual benefit," Wohlrabe said.

The objectives and appointment of faculty morale committee members will also be discussed.

Wohlrabe described "faculty morale" as the way the faculty feels about their job and matters of academic concern. The committee will address the problems that affect

faculty members and carry out Eastern President Stanley Rives' goals for improving the quality of education at Eastern.

The executive committee will meet with Rives on Sept. 25 in a closed session. Rives is also scheduled to conduct his first monthly meeting with the whole senate on Oct. 21. Whether the monthly meeting will be open has not been determined yet, Wohlrabe said.

## Two committees plan finishing touches on textbook evaluations

By DOUGLAS BACKSTROM  
Government editor

Two Eastern committees are currently planning to put finishing touches on a proposed textbook evaluation system which they hope to implement this spring.

A student government committee and Faculty Senate committee are planning to devise questions for the textbook evaluation which was first considered last spring.

Deb Camren, Student Senate academic affairs committee chairman, said the two committees need to work on questions that will be effective for students and faculty members.

The senate did most of the work on the system last spring. The system was originally planned to go into effect this fall, but the senate ran out of time last semester, Camren said.

Of the 120 students questioned last semester, about 60 percent favored the evaluation plan, the senate found. Also, in a spring edition of *The Daily Eastern News*, several instructors questioned said they favored the plan.

Evaluation questions would focus on whether students believe their textbooks are effective learning tools.

The system would also check to see if the instructor

used all the texts given to students.

The system would also ask if materials are current, biased, provide benefits for students or should be changed in anyway.

Before the textbook evaluation system can go into effect, the plan has to be approved by the student/faculty relations committee, the Faculty Senate, and the Student Senate.

Camren said the evaluation system has "basically" been approved by all committees. However, Faculty Senate Chairman Mary Wohlrabe said she is not sure if that assumption is true and that the questions already planned have to be revised.

# Student votes in area election count for a lot

Every two years or so citizens of the United States are given a chance to show their opinion about how the leaders of our country are performing.

This is a right which in other countries of the world deny to citizens or is just a masquerade for governments in power to prevent revolutions.

**Editorial** Democracy is something that men and women sacrificed their lives to protect several centuries ago. Our heritage is one of a free flow of ideas that the one vote, one person system protects.

In this academic community, students are learning of the tragedies and atrocities that have resulted with the absence of the vote. Yet, these same students are not exercising their innate right to vote.

The Student Senate is in the process of a voter registration drive. Its goal is to register 700 students to vote in Coles County by Sept. 29.

This praiseworthy effort by the senate can lead to students participating in the great tradition of registering to vote and thereby giving them a voice in the community in which they live.

The November elections are rapidly approaching. Students could have a voice in the selection of county wide seats such as sheriff and treasurer.

If students think city government and county government are not meeting the needs of the student population the only way to really grab a politician's ear is through the vote.

There always seems to be plenty of voices complaining about everything, but seldom do the people behind those voices act upon them.

Complaints about the local government weigh very little if students are not willing to take an active role in deciding who runs the government.

Even though world's problems will not be solved in Coles County, issues that will directly affect students will.

People from around the world are envious of the democracy found in the United States and the only way it is kept is by exercising voting powers. Remember George Orwell's Big Brother can take over when the people don't care about who is running their government.

## Swatch—not your ordinary watch

A couple of weeks ago, I went to visit my home in Bartlett. As usual, I went to visit some old friends to see if any have changed girlfriends, hairstyles, or gender. During my rounds, I came across a trendy friend who is always hip on the latest fashions, and what he calls the "newest, waviest" music.

He is the kind of person who in grade school was the first person to bring a pet snake to school to scare all the girls. Of course after he did it, "everyone else started doing it." Then in junior high, when concert t-shirts were popular, he bought 30 of them, one for each day of the month.

This time, his wrists were bright with plastic-neon bracelets.

"Hey Razor, (the nickname Razor has been with him since he tried shaving his head with a straight-edge razor. We had to take him to the hospital for eight stitches in his scalp.) what are those things on your wrists," I asked.

Razor lifted his arm so I could look at the bright-colored watches.

"What the heck do you think these are," Razor answered. "Have you been in a cage down at school? They're Swatches! My girlfriend gave me this pink and yellow one. Mom bought this glow-in-the-dark purple one for me, and I bought the gold-plated muave and turquoise Swatch myself."

I couldn't help noticing each Swatch had a bright colored piece of rubber across its face. It seemed silly because the way it was placed on the watch, you would never know if it were six or 12 o'clock. It seemed that any Swatch-bearer would have to find another clock to verify the time.

"I'm sorry if I appear ignorant of this cool trend Razor, but I haven't had time at school to keep up

## Personal file:

Dane Buczkowski

with vogueness. But, tell me what purpose does the rubber band serve on your Swatch," I asked.

"These are watch guards! That reminds me; last week I was driving in my jeep and had a terrible wreck. I flew out 30 feet and landed right on my Swatches. I broke 12 bones in my body, but my Swatches weren't even scratched."

I thought, "hmm, too bad the company doesn't make roll bars for people's heads."

As I was getting ready to say good-bye to my fashionable friend, he started, "well Dane, there are hundreds more uses for the Swatch than just telling time. This purple one turns into a mess kit complete with utensils. And this glow-in-the-dark Swatch is a spy tool with a miniature laser camera and grappling hook for climbing walls—just like Batman. Oh, and I can't forget the gold-plated Swatch..."

He told me that the gold Swatch was a secret advisor that let him know the latest trends. With this device he is able to be the first (or is it 101st?) one to try them out.

When I left Razor, I vowed to throw out all my yos, smash all my bottles of Corona beer, and never wear my boxer shorts hanging from beneath my cut-offs again.

The new trend is no trend.

—Dane Buczkowski is a cartoonist and reporter for The Daily Eastern News.

## Hindering a beautiful relationship

Our president has a knack for making profound statements. After all President Reagan is the "Great Communicator" and must say something thoughtful and wise with every turn of the world.

Why, just the other day he made another one of his powerful conclusions when the Soviets caught an American reporter with his hands full of top-secret military maps and documents.

"There is no way to prevent this from becoming an obstacle to U.S.—Soviet relations," the chief executive declared, at the arrest of Nicholas Daniloff.

He said it more than once, this would "hinder our relationship."

And what a beautiful relationship they are obstructing. Almost like Romeo and Juliet getting a divorce.

After all Daniloff is just a reporter, and at any given moment any red-blooded American reporter would just love to get his hands on any top-secret files from any government. He's just doing his job.

Let's make no mistake, if a Tass reporter just happened to get a package from an American acquaintance. And that package just happened to contain aerial photographs of some U.S. military installations President Reagan would insist that Soviet reporter sit in the President's seat on Air Force One for a free flight back to Moscow.

The Soviets did, in fact, offer to set Daniloff free, in exchange for one of the Soviet spies in an American

## Personal file:

Sean Hogan

jail.

President Reagan continued to say the Soviets are getting in the way of a super power summit and talks for possible arms reductions by keeping this accused spy in captivity.

Yessirree, those Soviets are doing everything they can to keep the world on the verge of nuclear annihilation.

For example during the past two years they haven't detonated a single nuclear warhead, not even to test. While the U.S. has gone ahead with two in the same time period.

What are those Commies up to? Arresting a man for an envelope full of pictures. And not testing nuclear war heads while we Americans are. Don't they want to bargain from a position of strength also? What wimps.

Please Mr. Reagan, say something to make them go away.

—Sean Hogan is a reporter for The Daily Eastern News.

## Letter policy

The Daily Eastern News welcomes letters to the editor from any reader addressing issues relating to the campus community.

Letters must be received before 2 p.m. the day before it appears. Unsigned letters will be discarded.

The name and telephone number of at least one author must be submitted with each letter to the editor.

Only the first three names from letters containing more than three authors will be published unless further specified.

# City Council, Eastern finalize Homecoming

By CHRYSTAL PHILPOTT  
City editor

The Charleston City Council will discuss Eastern's Homecoming parade route at Tuesday's meeting.

The council will meet at 7:30 p.m. in the council chambers at City Hall, 520 Jackson Ave.

The council will also meet in executive session at 6:30 p.m. in a closed session to discuss land acquisition.

During the regular meeting, the council is expected to discuss which streets are to be closed and where to detour traffic during the annual Homecoming Parade on Oct. 11.

The resolution up for consideration would convert the eastbound traffic lanes to two-way traffic on Lincoln Avenue between Ninth and Division streets. The north lane would carry westbound traffic and the south lane would carry eastbound traffic. The parade then would be held on the portion of Lincoln Avenue usually open to westbound traffic.

In other business, the council is expected to make a proclamation naming Sept. 19, 1986 POW/MIA Day in Charleston.

The proclamation follows one made by President Reagan proclaiming Sept. 19, 1986 National POW/MIA Day.

The council has declared the day out of a desire to honor prisoners of war and those still listed as missing in action to urge public awareness of the need for accounting for the POW/MIAs.

The council is also expected to discuss a resolution authorizing the renewal of a contract between the City of Charleston and Roland D. Spaniol to provide computer services to the city.

The contract, for \$200 a month for 16 hours of work, hires Spaniol to train city employees, relocate any old computers, act as a computer consultant to the city and deal with any malfunctions or problems with the computers.

In addition, if Spaniol works more than 16 hours in a month, he is to be paid \$12.50 an hour.

The council is also expected to discuss a resolution for street closings for the Arts on the Square festival Sept. 27 and a motion waiving bond requirements for the Coles County United Way.

# Eastern to encounter foreign students at tea

By CATHY VELASCO  
Staff writer

Eastern students will have the opportunity to meet people from 25 countries Tuesday without leaving Charleston.

The Paris Thanksgiving International Fellowship is sponsoring the first tea of the semester which will introduce Eastern's foreign exchange students to

Charleston and the campus community.

The tea, scheduled for 2 p.m. at the Wesley Foundation, 2202 Fourth St., will feature speaker Sylvan Knobloch, a baptist pastor, who will introduce the host family program at 3 p.m.

Hans Schmeitz, Association International Students president, said the International Student Office and AIS organize the monthly teas for

everyone. "It is not limited to the foreign students," he said.

The purpose of the tea is for Americans and foreign students to meet and learn from each other, Schmeitz said.

He said Eastern is one of the few colleges that have an official international exchange program.

Next month's tea will be held Oct. 21.

# Counseling Center holds eating disorder workshop

By DONELLE PARDEE  
Assistant activities editor

Fifteen percent of today's young women and even some young men suffer from either anorexia or bulimia, said Genie Lenihan, a counselor at Eastern's Counseling Center.

Lenihan and psychology instructor Bill Kirk will hold a workshop titled "Anxious eating—What to do" from 7

to 9 p.m. Tuesday in the Union addition Oakland Room.

The workshop will cover two eating disorders, anorexia and bulimia, Lenihan said.

"Anorexia is deliberate starvation," Lenihan said. The victim will eat little to nothing, she added. "It's dangerous because it becomes compulsive."

Bulimia is an eating disorder where

the person will eat more than her system can manage and then "induce vomiting or abuse laxatives in order to purge (lose) the unwanted calories," Lenihan said.

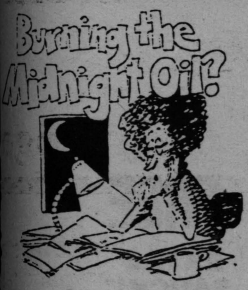

The workshop will cover the symptoms and danger signs of these eating disorders and the personality traits of an eating disorder victim.

Aside from a victim's personality,

the workshop will also cover the victim's family characteristics and recommendations for treatment.

Lenihan will also discuss the Counseling Center's treatment program.

Recovering anorexics and bulemics will be present to tell about their problems.

## Illinois harvest picks up speed

CHAMPAIGN (AP)—The Illinois harvest is picking up speed as farmers take advantage of warm, dry weather to combine their huge soybean and corn crops.

Farmers already have harvested 9 percent of the soybeans and 8 percent of the corn—about four times as much as usual for this time of year.

"I think we're close to getting into high gear," John Unger of the Illinois

Agricultural Statistics said Monday. "As wether permits now, harvesting will become quite active."

Unger said 85 percent of the corn and beans are mature, ahead of schedule for this date.

"A lot of guys are havesting feverishly," said Bob Curry, farm adviser in Kankakee County in northern Illinois.

## BOG from page 1

next year should be on Thompson's desk by July, Armstrong said.

The BOG also approved recommending funding to the IBHE for the long-delayed \$6.2 million Coleman Hall annex. The funding was recommended by the BOG and IBHE last year as well, but Thompson eventually failed to approve the funding.

State Sen. Harry "Babe" Woodyard, R-Chrisman, said last week he thinks the Coleman project has a high enough priority from the BOG and the IBHE to make passage by legislators likely.

Last summer, the project was taken off a list of Build Illinois projects after legislators discovered that \$230,000 in Build Illinois planning money hadn't been allocated yet, Woodyard said.

Since then, Rettburg-Gruber ar-

chitects of Champaign has received the planning money and preliminary plans have been approved calling for construction of the project on the north end of the South Quad near Garfield Avenue.

Woodyard said if the project is approved for next year, construction could begin by fall of 1988.

In other business, the BOG approved the resurfacing of 11 campus tennis courts and four basketball courts. The tennis courts include those near Wellar Hall and those near Lantz Gym. The four basketball courts are attached to both ends of the two tennis courts by Lantz directly south of Stevenson Tower.

The tennis and basketball court repairs will be made by the Ne-Co Asphalt Co., Inc., of Charleston at a cost of \$104,992.

## Campus clips

**EIU Blood Drive Committee** will have a general meeting Tuesday, Sept. 16 at 3 p.m. in the University Union Charleston-Mattoon Room. Anyone interested in helping with the blood drive this semester is asked to attend.

**Collegiate Business Women** will have its first meeting Tuesday, September 16 at 6 p.m. in Blair Hall room 108. All interested women with business major or minor are invited.

**Placement Center** will have a placement meeting today at 9 a.m. in the University Union Charleston-Mattoon Rooms for B.S. and B.A. WITH Teacher Certification and B.S. in Education. A placement meeting will also be held today at 6:30 p.m. in the University Union Kansas Room for any advanced degree.

**Mil. Science Dept.** will have a terrorism seminar every Tuesday from 6-8 p.m. in Applied Science Bldg. room 313. A non-credit seminar of domestic and international terrorism is being offered by the Army ROTC department. The course will concentrate on history, prevention and causes of terrorism. All are welcome and there is no obligation.

**Lawson Hall Residents** should wear their "I Love Lawson" buttons during dinner on Sept. 16 for spirit week competition. The three floors with the most buttons win points in the competition.

**Career Planning and Placement Center** will have an information session for spring internship positions with Walt Disney World Wednesday, Sept. 17 at 9 a.m. in the University Union Oakland Room. Interviews will be scheduled for after the session.

**Career Planning and Placement Center** will also have resume seminars Tuesday, Sept. 16 at 3 p.m. in the University Union Kansas Room.

**Video Tape Committee** will have a meeting Sept. 16 at 7 p.m. in the Video Tape Studio, room 202 in the Union. Anyone interested in getting involved with University Board and

having fun are welcome.

**DThe Tau Chapter of Delta Mu Delta** will be electing officers for 1986-87 at its upcoming meeting on Wednesday, Sept. 17 at 5:15 p.m. in Blair Hall room 108. If you have been initiated into Delta Mu Delta, prior to this semester, you are welcome to attend.

**Society for the Advancement of Management** will have its membership drive Sept. 16 from 8 a.m.-3 p.m. in the NE stairwell Coleman Hall second floor.

**Sigma Rho Epsilon** will have an active meeting Tuesday, Sept. 16 at 3 p.m. Please try to attend.

**Math Club/KME** will have its first meeting of the year Tuesday, Sept. 16 at 7 p.m. in Old Main room 215. Professor Duane Broline will talk of the topic of AYO and the Reciprocal of Pi. Recreational mathematics deals in part with the analysis of games and how they are played. The patterns of play in the Nigerian game of Ayo are related to a sequence of numbers which is related to Pi. Everyone is welcome.

**Campus Clips** are published daily, free of charge, as a public service to the campus. Clips should be submitted to *The Daily Eastern* office by noon one business day before date to be published (or date of event). Information should include event, name of sponsoring organization (spelled out — no Greek letter abbreviations), date, time and place of event plus any other pertinent information. Name and phone number of submitter must be included. Clips containing conflicting or confusing information will not be run if submitter cannot be contacted. Clips will be edited for clarity and availability. Clips submitted after noon of deadline day cannot be guaranteed publication. Clips will be run one day only for any event. No clips will be taken by phone.

# Golfers off to strong season

By CINDY BEAKE  
Staff writer

Eastern's men's golf team started the 1986 season with fourth-place finishes at the Lewis University Invitational Thursday and the St. Joseph's Invitational Friday.

"I was very pleased with the two days," said golf coach Paul Lueken. "Especially Friday where we were fourth of 17 teams."

"I think the whole team did well," said senior co-captain Clay Snyder. "We feel like we're getting off to a good start. It was hard to play on Thursday because of an hour rain delay."

The Panthers' team total at Cog Hill (Lewis) was 165 for nine holes. The course was shortened to nine holes because of bad weather conditions, Lueken said.

The top three teams, Wright State, Lewis University and Western, tied for first place with 163.

Sophomore Todd Bittle led Eastern's team with 38, Snyder shot 39, seniors Dan Marshall and Todd Lindsey and graduate assistant Mitch Myers were third with 44.

"I feel pretty good about our team. We played really well, especially on Friday," said Marshall.

The Panthers also finished fourth in the St. Joseph's Invitational in Rensselaer, Ind., Lueken said.

"Fourth out of 17 is pretty good," Lueken said. "Anytime you can shoot two (shots) off the pace, you've got to be happy. I'm very pleased and looking forward to our own invitational on Tuesday."

Lueken was pleased with Snyder's performance on Friday. "Clay played very well. I'm expecting him to help us out on Tuesday," Lueken said.

Snyder led Eastern's campaign by shooting a 72 (par), Marshall finished second with 74, Myers and sophomore Jeff Schafer tied with 76 and Bittle rounded out with 80.

The Panthers will be hosting the EIU Invitational, their only home tournament, at noon Tuesday at the Mattoon Country Club.

"We should be tough on our own turf," Marshall said. "I am looking forward to Tuesday."

## Sacked!

Panther nose guard Aaron Thomas (92) sacks Northeast Missouri's quarterback Matt Heidmann (16) in the Sept. 6 home game. Thomas, who helped the Panthers defeat Northeast Missouri

40-31, was ranked seventh on the team last season with 52 tackles and is tied for third with four sacks.

Steelers lo

first home opener in 54 years

Marable\_\_\_\_\_from page 12

PITTSBURGH (AP)—If c needed to prove how  
the once-mighty Pittsburgh St ers have fallen, this  
was it.  
Quarterback Mark Malone was awful, the rest of  
the offense was ineffective, the defense caved in  
under an avalanche of turnovers.  
Last week's 30-0 loss to the Seattle Seahawks  
admittedly ranked among the worst moments of

Chuck Noll's 18 NFL seasons as Steelers coach.  
"It was devastating," Noll said.  
Pittsburgh was 7-9 last season and a dismal lost in  
its opener, but Denver Coach Dan Reeves said the  
Steelers have too many players remaining from their  
1984 American Conference championship game team  
to be written off.

balance," Kuhlman said. "He does not have great  
speed, but his strength and balance help make up for  
that.  
"He's a good back," Kuhlman said. "He just  
needed the chance to show it."  
Thus, should Eastern issue future calls his way,  
Marable and the Panthers could collect with long-  
distance benefits.

# McMahon could start on Monday against Packers

LAKE FOREST (AP)—It's a long shot, but Jim McMahon's aching shoulder is healing quickly and he could be ready to play Monday night against the Green Bay Packers.

McMahon, the Chicago Bears' flamboyant quarterback, was injured in the last quarter of the Cleveland opener and did not play in Sunday's 13-10 overtime victory over Philadelphia.

Asked how his slightly separated right shoulder was coming along, McMahon said, "I don't know. If it's better, I'll play."

Coach Mike Ditka said Monday of the Bears-Packers game: "If they want to play football, we'll play football. If not, we'll play on their terms. It's the

Packers against the Bears. It will be physical, it will be war."

Last year at Green Bay, a number of fights broke out and the Bears accused the Packers of "cheap shot" tactics.

Ditka said McMahon will make his own decision about Green Bay.

"It's up to him. If he says he's ready, he'll play," the coach said. "I didn't know he threw on the sidelines" Sunday.

McMahon, who was expected to be out for three weeks, threw a few lob passes on the sidelines during the Eagles game.

# Spikers keep on rolling, stop Toledo in three

LARRY PETERSON / Staff photographer

Eastern outside hitter Diane Eiserman (10) passes the ball during the Panthers' three-game sweep over Toledo Monday in Lantz Gym. Eastern has now won five straight matches to move its record to 7-8.

By JOHN STROUD  
Associate sports editor

A persistent Toledo team came to Panther country at Lantz Gym Monday, but it was persistence that paid off for Eastern's volleyball team in the end.

The Panthers swept the Rockets in three straight games, 15-10, 15-9, 18-16. The win wraps up a week of nearly non-stop action for Eastern highlighted by the DePaul Invitational championship over the weekend.

A 12-day lay-off now confronts the team as the Panthers come off five straight wins (tying a Panther record) to go 7-8 on the season. Toledo remains winless at 0-5.

"They're a real scrappy team," said senior Gianna Galanti. "You just can't give on a team like that."

Galanti led the Panthers with 13 kills for a .427 hitting percentage. Junior Diane Eiserman had 10 kills for the team.

After seven matches in the last week, Eastern coach Betty Ralston knew the team might be a little run down. But she didn't use that as an excuse for letting the Rockets stay in the match.

"It shouldn't have gone that far," Ralston said. "There were a couple of times where we let them get back in in the first two games."

Eastern jumped to 6-0 leads in both those games, but let Toledo stay in the fight even with numerous opportunities to turn the contest into a blow-out.

"With a team like that (persistent), you've got to dominate," Ralston added.

Game three proved that the Rockets weren't going to roll over and play dead.

Toledo held onto a lead until the Panthers tied the score at 8-8, and then kept battling back with tough saves in pressure situations.

The Rockets failed on three game points at 14-12, 14-13 and 16-15. Sophomore Laura Bruce's kill at 17-16 in Eastern's favor gave the Panthers the side-out and set the stage for Galanti to serve for the win.

Although Eastern pulled it out, Ralston noted an old nemesis of the Panthers; mental errors at crucial points in the match.

"There were a couple of bad passes, and we should have been a little bit harder in our hitting," Ralston said. "We were hitting right to them at times. We weren't even making them move in part of the third game."

With the steam rolling coming off a successful week, one thing Eastern has to steer away from is letting the competitive fire die out during the 12-day break.

"We can't lose our competitive attitude," she said. "We need to stay intense with drills and practices—so they don't lose anything. Everyone's looking forward to having the rest."

Eastern returns to action at Marquette, a team the Panthers swept over the weekend, on Sept. 27.

# Marable provides Eastern with solid answer

By DAN VERDUN  
Sports editor

Eastern's football team issued a call Saturday and James Marable was there to answer it.

Prior to Saturday's road game at Northern Michigan, Marable served the Panthers as a reserve running back and kick-return specialist.

But all that changed when starting tailback DuWayne Pitts went down with an injury in Eastern's Sept. 6 home opener against Northeast Missouri.

Thrust into a starting role against Northern Michigan, Marable did more than simply fill Pitts' name on the Panther depth chart.

Marable, a 5-10, 175-pound sophomore from Chicago Schurz High School, responded to the challenge by rushing for 107 yards and one touchdown on 34 carries against the Wildcats.

Yet, more surprising to Marable were his seven pass receptions for 80 yards in Eastern's 24-21 victory.

"We scouted them (Northern Michigan) and knew we could pass to our backs because they blitz up the middle so much," Marable said.

However, Marable had cause for concern as he pulled on his Panther road uniform prior to the game.

"I was worried a little because I'm not a very good receiver out of the backfield," Marable said.

Marable's worries nearly became reality in the early portion of the game.

"He was a little tentative early, but he settled down and played really well," Panther coach Al Molde

"The weather change (game-time temperature was about 50 degrees) bothered me a bit, and I was a little nervous," Marable said.

Despite his slow start, Marable kept his composure and remained game-ready.

"The coaches kept me from getting upset. I can't think straight when I'm upset, so I've got to stay calm," Marable said.

Marable singled out offensive back coach Rob Kuhlman for instilling confidence into the rest of his performance Saturday.

"He took me aside and said a few things to me," Marable said. "I just try to take it all in and put it to use in the game."

Marable obviously put Kuhlman's advice to good use by rolling up 187 all-purpose yards—easily a career-high.

"With our offense, we have to have that (all-purpose back)," Kuhlman said. "He catches the ball pretty well out of the backfield."

Yet, Marable isn't about to write off Pitts, who may return to the starting lineup for Saturday's conference game with Southern Illinois.

"He's (Pitts) still the best at that (all-purpose)," Marable said.

That statement should tell you something about Marable's character. Kuhlman provided further perspective.

"He's a stable kid and is always ready to go at game time," Kuhlman said.

As for his physical abilities on the field, Kuhlman stressed Marable's strength and balance.

"He's a strong runner and possesses great

ROBB MONTGOMERY / Staff photographer

Eastern running back James Marable (7) boks for running room against Northeast Missouri. Marable had 187 all-purpose yards Saturday in the Panthers' 24-21 win over Northern Michigan.
