Do you know.....

...that Jackie Joines can now generate alumni reports of any kind. So, if you want to send newsletters, get up-to-date information on alumni, etc. - send your requests to Jackie. Alumni Services will no longer provide this service.

...that in order to get good date in the alumni database, Jackie needs to be kept updated on membership in student organizations, scholarship recipients, etc. Make a note to send updated information at least once a semester so that she can provide good information when it is needed.

...that the Business and Technology Institute has formed a partnership with New Horizons Learning Centers, the world's largest independent computer training company, to offer quality certification training. In addition to the present offerings of A+ and MCSE (Microsoft Certified Systems Engineer) training, planning is underway to offer Cisco, Network+, and online courses that focus on a range of subjects including computer training, management skills, customer service, project management, small business courses, personal development courses and much more. For more information, call the Business and Technology Institute at 2913 or email cfmkd@eiu.edu.
