1. Overview

University Mission Statement

Eastern Illinois University is a public comprehensive university that offers superior, accessible undergraduate and graduate education. Students learn the methods and results of free and rigorous inquiry in the arts, humanities, sciences, and professions, guided by a faculty known for its excellence in teaching, research, creative activity, and service. The University community is committed to diversity and inclusion and fosters opportunities for student-faculty scholarship and applied learning experiences within a student-centered campus culture. Throughout their education, students refine their abilities to reason and to communicate clearly so as to become responsible citizens and leaders. Eastern Illinois University's policies relating to Affirmative Action can be found in Appendix A.

Eastern Illinois University Profile

Eastern Illinois University was established in 1895 as Eastern Illinois State Normal School (that is, a teacher's college) by the Illinois General Assembly. Today, the University grants bachelor's, master's, and specialist's degrees and is accredited through the specialist level by the Higher Learning Commission of the North Central Association of Colleges and Schools (NCA). In its most recent re-accreditation report, the NCA congratulated Eastern for its strong focus on students and their educational attainment.

Eastern Illinois University is governed by its own Board of Trustees. The President is responsible for the operation and general welfare of the University, which is organized into four areas, each headed by a vice president: Academic Affairs, Business Affairs, Student Affairs, and University Advancement. The primary academic units include the College of Arts and Humanities; the Lumpkin College of Business and Applied Sciences; the College of Education and Professional Studies; the College of Sciences; the Graduate School; the Honors College; and the School of Continuing Education.

Eastern Illinois University has a rich tradition of preparing students to accomplish their life goals through a great combination of quality academics and personal relationships.

Consistently ranked in the top third of Midwest universities in its class by U.S. News and World Report, Eastern has earned its reputation by offering a wide variety of undergraduate and graduate programs taught by an experienced and caring faculty. In addition to reasonable tuition, fees, and room and board rates, Eastern offers a textbook rental system, saving the average student hundreds of dollars per semester.

A variety of excellent on-campus housing opportunities are available on the safe, compact 320-acre campus. Student graduation and retention rates are well above state and national averages, and that success continues after students earn their degrees -- year after year, Eastern ranks high in job placement, alumni satisfaction and employer satisfaction.

1.1 Affirmative Action Federal Executive Order 11246

The Civil Rights Act of 1964, 42 U.S.C. 2000(e) prohibits discrimination in employment on the basis of race, color, religion, sex, or national origin. The Act was amended in 1972 to apply to employment by state agencies, to education institutions, and to faculty employment. In order to carry out this national policy, the President of the United States directed Executive Order 11246, and amended by Executive Order 11375, that all federal agencies should place an “affirmative action clause” in every contract in excess of \$50,000. Anyone entering into a contract with the United States, even if not otherwise obligated by law, must agree to comply with the substance of the Civil Rights Act of 1964.

As a federal contractor receiving more than \$50,000 in federal contracts annually and employing greater than 50 employees, Eastern Illinois University is mandated by federal Executive Order 11246, as amended, to have a written affirmative action plan for women and minorities. Eastern Illinois University in good faith affirms the components of this affirmative action plan are as required by Executive Order 11246 and as detailed in the implementing regulations, 41 CFR Chapter 60 by the Department of Labor Office of Federal Contract Compliance Programs.

The included analyses, the identification of problem areas, and the establishment of goals are required components as set out in the aforementioned regulations. Terms used in this context of the implementing regulations in no way should be read as an admission of violation of any statute, federal or state, or violation of Eastern Illinois University policies. Goals and timetables established in the context of the affirmative action program are not established as fixed quotas but rather as guidelines to support the underlying commitment to equal opportunity for all persons, regardless of membership or lack of membership in a protected group. Nothing in the Eastern Illinois University affirmative action plan is intended to sanction the discriminatory treatment of any person.

2. University Policies Relating to Affirmative Action

2.1 Policy Number: 174

DIVERSITY, NONDISCRIMINATION, AND AFFIRMATIVE ACTION

America draws its strength and vitality from the diversity of its people. Eastern Illinois University is enriched by building a campus that celebrates and draws upon the talents of all its students, faculty, and staff.

Eastern Illinois University provides equality of opportunity in education and employment for all students and employees. Discrimination based upon race, color, sex, religion, age, national origin, ancestry, marital status, disability, veteran status, sexual orientation, or any other basis of discrimination precluded by federal and state statutes, is strictly prohibited.

Moreover, as prescribed by federal guidelines, the University is committed to a program of affirmative action to alter patterns of employment which indicate under-representation of members of minority groups and women. The University further pledges itself to a program of affirmative action as prescribed by statute to employ, and advance in employment, qualified disabled individuals, Vietnam-era veterans, and special disabled veterans.

2.2 Policy Number: 172

Affirmative Action Procedures for Specified Veterans and Applicants and Employees with Disabilities

In compliance with Section 503 of the 1973 Rehabilitation Act, the Vietnam Era Veteran's Readjustment Assistance Act of 1974 as amended, and the Americans with Disabilities Act of 1990, the University shall refrain from discrimination against any otherwise qualified employee, or applicant for employment, because he or she has a disability, or is a special disabled veteran, a veteran of the Vietnam era, a recently separated veteran, or other protected veteran. In addition, the University shall take certain types of affirmative action to employ and advance in employment otherwise qualified persons with disabilities, special disabled veterans, veterans of the Vietnam era, recently separated veterans, and other protected veterans.

For purposes of affirmative action, a special disabled veteran, a veteran of the Vietnam era, a recently separated veteran, other protected veteran, and a disabled individual are defined as follows:

Special disabled veteran means (i) a veteran of the U.S. military, ground, naval or air service who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Department of Veterans' Affairs for a disability (A) rated at 30 percent or more, or (B) rated at 10 or 20 percent in the case of a veteran who has been determined under Section 38 U.S.C. 3106 to have a serious employment handicap or (ii) a person who was discharged or released from active duty because of a service-connected disability.

Vietnam era veteran means a person who: (i) served on active duty in the U.S. military, ground, naval or air service for a period of more than 180 days, and who was discharged or released there from with other than a dishonorable discharge, if any part of such active duty was performed: (A) in the Republic of Vietnam between February 28, 1961, and May 7, 1975; or (B) between August 5, 1964, and May 7, 1975, in all other cases; or (ii) was discharged or released from active duty in the U. S. military, ground, naval or air service for a service-connected disability if any part of such active duty was performed (A) in the Republic of Vietnam between February 28, 1961, and May 7, 1975; or (B) between August 5, 1964, and May 7, 1975, in any other location.

Recently separated veteran means any veteran during the one-year period beginning on the date of such veteran's discharge or release from military duty.

Other protected veterans means veterans who served on active duty in the U.S. military, ground, naval or air service during a war or in a campaign or expedition for which a campaign badge has been authorized. The information required to make this determination can be found here: <http://www.fedshirevets.gov/hire/hrp/vetguide/index.aspx>.

A person with a disability is any person who (1) has a physical or mental impairment which substantially limits one or more of the person's major life activities, (2) has a record of the disability, or (3) is regarded as having a disability.

Disabled veterans, veterans of the Vietnam era, recently separated veterans, other protected veterans, or individuals with disabilities who believe they are eligible and would like to be considered under this affirmative action procedure are invited to identify themselves voluntarily to the Civil Rights and Diversity Office. Submission

of this information is voluntary. Refusal to provide such information will not subject the individual to discharge or disciplinary treatment.

Information concerning an individual's medical condition or history shall be kept confidential, except that (1) supervisors and managers may be informed regarding restrictions on the work or duties of individuals with disabilities as they pertain to necessary accommodations, (2) first aid and safety personnel may be informed where appropriate, if the condition might require emergency treatment, and (3) government officials investigating compliance with the aforementioned Acts shall be provided relevant information upon request.

Persons with disabilities or disabled veterans shall be given an opportunity to describe (1) any special methods, skills, and procedures that qualify the person for positions that otherwise would present difficulties because of a disability and (2) the accommodation that the employing department might make that would enable a disabled person or disabled veteran to perform the job properly and safely, including special equipment, changes in the physical layout of the job, elimination of certain duties relating to the job, or other accommodations.

2.3 Policy Number: 178

DISCRIMINATION UNDER THE AMERICANS WITH DISABILITIES ACT

In compliance with the [Americans With Disabilities Act \(ADA\) of 1990](#) and the [Rehabilitation Act of 1973](#), it is the policy of this University that no person shall be denied, forbidden, or limited access to the various programs or services of this University, or employment on the basis of disability.

DEFINITION OF DISABILITY

"Disability" is defined in these procedures, and all other policies and procedures of the University in accordance with the provisions of the Americans with Disabilities Act, i.e., a "mental or physical impairment that substantially limits a major life activity, has a record of such impairment, or is regarded as having such an impairment."

In accordance with the ADA of 1990, no individual shall be discriminated against on the basis of disability in the full and equal employment of the goods, services, facilities, privileges, advantages, or accommodations of the University. Further, no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of the University or be subjected to discrimination by the University.

Eastern Illinois University is an equal opportunity employer and does not discriminate against a qualified individual with a disability because of the disability of such individual in regard to job application procedures, the hiring advancement, or discharge of employees, employee compensation, job training, and other terms, conditions and privileges of employment.

Questions about compliance with the ADA should be referred to the ADA Coordinator.

ACCOMMODATIONS AVAILABLE

It shall be the policy of the University to make all of its facilities, programs, and activities accessible and usable by persons with disabilities.

Students seeking accommodations should contact the Assistant Director of Disability Services.

Employees seeking accommodations in regard to the work place should contact the ADA Coordinator (contact through the Director of Human Resources).

Persons seeking information concerning accessible parking may contact the University Police. Maps are available indicating this information.

Persons seeking accommodations in regard to public functions and facilities of the University should contact the ADA Coordinator.

Whenever possible, meetings or events should be scheduled in accessible rooms and buildings. Further, the coordinator of such event should make reasonable efforts to anticipate and accommodate the participation of persons with disabilities.

CONFIDENTIALITY OF INFORMATION CONCERNING DISABLED PERSONS

In compliance with the [Americans With Disabilities Act of 1990](#) and the [Rehabilitation Act of 1973](#), no student, employee, applicant, or potential user of the facilities or services of the University shall be required to disclose that he or she suffers a disability, either in writing or orally. The University may gather information concerning persons with disabilities after their employment/entry into the various academic and service units programs.

Information concerning an individual's medical condition or history shall be kept confidential, except that (1) supervisors, managers, residence hall assistants, faculty, and other appropriate parties may be informed regarding restrictions on the work or duties of persons with disabilities and regarding accommodations, (2) first aid and safety personnel may be informed where appropriate, if the condition might require emergency treatment, and (3) government officials investigating compliance with the Acts shall be provided relevant information upon request.

COMPLAINT PROCESS

Any member of the University community or user of University services, who believes he/she has been discriminated against on the basis of a disability, may file a complaint with the Civil Rights Office in accordance with guidelines prescribed by the University's [Discrimination Complaint Procedures](#).

3. Designation of Responsibility for Implementation

The Office of Civil Rights and Diversity (OCD) has the responsibility for designing and ensuring the effective implementation of Eastern Illinois University's Affirmative Action Program (AAP). These responsibilities include, but are not limited to, the following:

1. Developing Equal Employment Opportunity (EEO) policy statements, affirmative action programs and internal and external communication procedures in coordination with the President's Council;
2. Assisting in the identification of AAP/EEO problem areas;
3. Assisting management in arriving at effective solutions to AAP/EEO problems;
4. Keeping Eastern Illinois University's President informed of equal opportunity progress and reporting potential problem areas within the university through annual reports;
5. Reviewing the university's AAP for qualified minorities and women with all managers and supervisors at all levels to ensure that the policy is understood and is followed in all personnel activities; and
6. Serving as liaison between Eastern Illinois University and enforcement agencies.

Responsibilities of Directors and Supervisors:

It is the responsibility of all managerial and supervisory staff to implement Eastern Illinois University's AAP. These responsibilities include, but are not limited to:

1. Assisting in the identification of problem areas, formulating solutions, and establishing departmental goals and objectives when necessary;
2. Reviewing the qualifications of all applicants and employees to ensure qualified individuals are treated in a nondiscriminatory manner when hiring, promotion, transfer, and termination actions occur; and
3. Reviewing the job performance of each employee to assess whether personnel actions are justified based on the employee's performance of his or her duties and responsibilities.

4. The Recruitment and Hiring Process

Eastern Illinois University is an equal opportunity, equal access, affirmative action employer committed to achieving a diverse community. The 2011-2012 hiring cycle includes all individuals who were hired and began working at Eastern Illinois University between October 1, 2011 and October 15, 2012. Of individuals hired in continuing administrative and professional positions, 12.5% were members of a minority group and 50% were female. Of continuing administrative and professional positions filled in the past five hiring cycles, 13.3% of the individuals hired were members of a minority group and 53.3% were female. Of individuals hired in tenure-track faculty positions, 30% were members of a minority group and 50% were female. Of tenure-track faculty positions filled in the past five hiring cycles, 24.6% of individuals hired were members of a minority group and 49.2% were female.

TERMINOLOGY

Form A = Personnel Authorization Request (PAR)

Form B = Recruitment Plan and Vacancy Announcement

Form C = Candidate Selection Form

Form D = Request to Offer Appointment

EEO Card = Applicant information cards (print or electronic) provided by the Civil Rights and Diversity Office

Employee Eligibility Form (I-9) = Federal immigration requirement

Applicant = A person who submits materials for a specific position

Candidate = A person listed on Form C

4.1 Tenure-Track Faculty Positions

The Chair/Unit Head and the Civil Rights Director shall discuss the composition of the department's faculty members and the department's recruitment and retention efforts for persons from underrepresented groups. The Chair/Unit Head is responsible for developing a recruitment plan that encourages the formation of a large, diverse, highly qualified applicant pool. Before the advertising and screening process can begin, the Dean/Director, and the Civil Rights Director must approve Form B including both the Recruitment Plan and Vacancy Announcement.

Specific guidelines pertaining to the Recruitment Plan shall be established by the OCRD and approved by the President. These guidelines shall be available on the OCR website and such other vehicles as deemed appropriate. The Civil Rights Director or designee may serve as an ex-officio member of all screening committees. If, after the Recruitment Plan has been approved, the Chair/Unit Head or the Dean/Director wish to deviate from the approved plan, the Civil Rights Director must approve the changes. After approval of Form A and Form B, the Screening Committee shall carry out the Recruitment Plan.

The Chair/Unit Head and Dean/Director are responsible for recommending employment. The Chair/Unit Head is responsible for providing guidance and administrative support to the designated Screening Committee Chairperson regarding the entire employment process. At the beginning of the screening process, the Chairperson/Unit Head shall explain to the screening committee its duties as outlined in the Recruitment Plan. Early in the recruitment process the Director of the OCRD should be invited to review the process for ensuring a proper search, applying the principles of nondiscrimination, and suggesting "best employment practices."

The Chairperson/Unit Head is responsible for ensuring that all application materials are secured. Unless otherwise authorized by the President, only persons serving on the screening committee, the Chair/Unit Head, the Dean/Director, the Civil Rights Director, and the appropriate Vice President shall have access to applicants' letters of reference or transcripts. All screening committee deliberations are confidential and may only be shared with those directly involved in the employment decision. Other members of the department may view applicants' letter of applications, resumes, and scholarly/creative samples.

No candidates may be invited for interviews until Form C is approved by the Civil Rights Director, and normally the Dean/Director (also the Vice President, if designated in the Recruitment Plan). The Screening Committee shall function according to the charge outlined in the Recruitment Plan.

After review of the Form C, the OCRD will forward the completed Form C and applicant files to those specified in the Recruitment Plan for review. No invitation shall be extended to a candidate until the required approvals have been obtained on Form C. Form C may be updated and/or amended by written or electronic communications as needed with the approval of the Dean and the Civil Rights Director.

Appropriate actions shall be taken by the Dean/Unit Head and the Civil Rights Director to ensure that the Recruitment Plan has been followed. If either of these individuals determines that the candidate pool is of insufficient quality, size, or diversity, she/he may direct that the screening process be reopened, that the position be filled temporarily, or that the search be cancelled. Until the chairperson has made the recommendation for employment, additional qualified candidates may be considered for interviews with the approval of the chairperson, Dean, and the Civil Rights Director.

The OCRD surveys newly employed tenure-track faculty to obtain feedback on perceptions of the recruitment and employment process. This information is then shared with hiring agents and search committees.

4.2 Non-Tenure-Track Faculty Positions

Before a temporary position may be filled or advertised, a Form A must be approved by the Chair/Unit Head, the Dean/Director, and the Vice President. When appropriate, temporary positions shall be filled through a national recruitment process. A temporary faculty member, who is hired through a national recruitment process, later may be appointed into a continuing tenure-track position without conducting a new screening process if so recommended by the Chairperson and the Dean and approved by the Civil Rights Director and the Vice President. A temporary faculty member who is employed through a national screening process is not guaranteed a later appointment as a continuing faculty member.

When a national screening process is approved for a temporary position, the procedures set forth in this policy for filling a continuing faculty position apply. Advertising for temporary positions may be omitted under certain circumstances, such as when vacancies are to be filled by persons on the Re-employment Roster, when there is insufficient time to advertise for the position, or for other sound academic or business reasons that are approved by the chairperson, the Dean, and the Civil Rights Director. A Form D shall be completed for any new temporary appointment. All newly hired employees shall be required to complete the State of Illinois Ethics Training.

In some cases due to budgetary restriction or time constraints, the process for recruitment and hiring for non-continuing positions does not always follow the steps listed above for filling tenure-track positions. Many non-continuing positions are filled by individuals recruited from within the local region as a matter of efficiency. Non-continuing full-time faculty accounted for 11.2% of all full-time employees during fall 2012.

4.3 Continuing Administrative & Professional Positions

Before a vacant position can be advertised or filled, both Forms A and B must be approved. Form A must be signed by all the appropriate line supervisors and, where appropriate, the Vice President or the President. The Hiring Agent and the Civil Rights Director shall discuss the composition of the unit's administrative employees and its recruitment and retention efforts for persons from underrepresented groups. The Hiring Agent is responsible for developing a recruitment plan that encourages the formation of a large, diverse, highly qualified applicant pool. Before the advertising and screening process can begin, the appropriate Supervisor and the Civil Rights Director must approve the Recruitment Plan.

In most instances, an administrative position shall be filled through an external recruiting process. In some special circumstances (e.g., budgetary restriction or internal restructuring) positions may be filled with an internal screening process. If an internal recruitment process is contemplated, the appropriate Vice President and the Civil Rights Director must approve a recruitment rationale. If an internal recruitment process is contemplated for a presidential direct report, the President and the Civil Rights Director must approve a recruitment rationale.

The Recruitment Rationale shall address the reasons for using the internal recruitment process, describe the composition of the screening committee, and describe the interview and selection process. This Rationale shall be routed for approval through the appropriate Vice President, the Civil Rights Director, or the President before an internal selection process may be acted upon. After approval of Form A and the Form B/Recruitment Plan, the Hiring Agent shall announce the vacancy and carry out the Recruitment Plan.

The Hiring Agent and the appropriate Supervisor are responsible for the employment decision. The Hiring Agent is responsible for providing guidance and support to the designated Screening Committee Chairperson regarding the entire employment process. At the beginning of the screening process, the Hiring Agent shall explain to the committee its duties as outlined in the Recruitment Plan.

The Hiring Agent and the Screening Committee Chairperson are responsible for ensuring that all application materials are secured. Unless otherwise authorized by the President, only persons directly involved in the employment process shall have access to all applications and supplementary materials. All screening committee information and materials are confidential, and may only be discussed with others directly involved in the employment process.

No offer of employment may be made until the appropriate Vice President or the President and the Civil Rights Director have signed the Form D. The Hiring Agent or designee shall notify all unsuccessful candidates and complete all remaining paperwork associated with the search and interviews. All newly hired employees shall be required to complete the State of Illinois Ethics Training.

The OCRD also surveys newly employed continuing administrative and professional staff to obtain feedback on perceptions of the recruitment and employment process. This information is then shared with hiring agents and search committees.

4.4 Non-Continuing Administrative & Professional Positions

If a Hiring Agent is contemplating filling an administrative position with a temporary appointment, a rationale shall be prepared which explains the reasons for filling the vacancy with a temporary appointment, describes how the affected constituencies will be consulted regarding the person to be named in the position, and states when the national search is projected to begin to fill the vacancy. An appropriate length of time shall be set aside for constituents to forward comments to the Hiring Agent or Senior Line Supervisor. This rationale must be approved by the Civil Rights Director and the appropriate Vice President before the Hiring Agent may proceed with actions to name an acting administrator.

If a Hiring Agent is contemplating reassigning an administrative position or expanding the duties and scope of an administrative position, a rationale shall be prepared which explains the reasons for this action and describes how the affected constituencies will be consulted regarding these changes. An appropriate length of time shall be set aside for constituents to forward comments to the Hiring Agent or Senior Line Supervisor. The rationale must be approved by the Civil Rights Director and the appropriate Vice President before the Hiring Agent may proceed with actions to reassign the administrative position or expand the duties of an administrative position.

In some cases due to budgetary restriction or time constraints, the process for recruitment and hiring for temporary (or non-continuing) positions does not always follow the steps listed above for filling tenure-track or continuing A&P positions. Many non-continuing positions are filled by individuals recruited from within the local region as a matter of efficiency. Non-continuing full-time administrative and professional employees accounted for 3.7% of all full-time employees during fall 2012.

4.5 Civil Service Positions

During fall 2013, 47.2% of all full-time employees were employed in a civil service position. Hiring decisions for these positions are to some degree determined under the provisions of the State Universities Civil Service System. Public universities in Illinois are required to classify non-administrative/professional staff employees according to established Civil Service categories. All staff jobs, except those that are administrative/ professional in nature are classified as Civil Service. Employees classified as civil service are subject to the State Universities Civil Service Statute and Rules. The Office of Employment and Examinations assists departments in hiring civil service and civil service temporary extra help employees.

Before a vacant position can be filled, a "Personnel Authorization Request" (PAR/Form A) must be completed by the Department Chair/Head and forwarded through the Dean/Director to the Vice President. If the request requires approval by the President, the Vice President shall forward the request to the President. Approved copies will be distributed by the Department of Human Resources. All civil service employees are appointed by the President, or designee, in accordance with regulations of the Board of Trustees and of the State Universities Civil Service System.

When Civil Service openings are advertised, they are primarily advertised through Eastern Illinois University's Human Resources website. The Human Resources office is only involved in the recruitment of Civil Service employees. Currently the Human Resources department does not allocate any part of its budget to recruitment for civil service positions. Recruitment efforts are in the form of the Human Resources' website, bulletin board, or other free recruitment sites. These other free sites may consist of college or university career placement websites, the state universities civil service system website, or professional organization websites for some position openings.

5. Promotions and Advancement

For a large majority of employees, processes related to promotion and retention are prescribed by collective bargaining agreements and by the State Universities Civil Service System (SUCCS). Currently, there are twelve such agreements, including: AFSCME 981-Clerical/Technical, AFSCME 981-Service, Carpenters local #347, Eastern Illinois University/UPI Contract Unit A, Eastern Illinois University/UPI Contract Unit B, IBEW Local #146, Ill. FOP Labor Council, Laborers' Local #159, Painters' Local #58, Plumbers and Steamfitter, Operating Engineers #399, Teamsters Local #26. Employees who perceive that they were unfairly evaluated, sanctioned, and not retained may file grievances under the specific provisions of these bargaining agreements. These contracts may be found at Eastern Illinois University's Employee and Labor Relations website (<http://castle.eiu.edu/labor/>).

5.1 Tenure-Track Faculty

Full-time faculty at Eastern Illinois University are covered under the provisions of either the Eastern Illinois University/UPI Contract Unit A (tenured/tenure-track faculty) or the Eastern Illinois University/UPI Contract Unit B (non-tenure track faculty). These contracts may be found at Eastern Illinois University's Employee and Labor Relations website (<http://castle.eiu.edu/labor/>).

5.2 Non-Tenure-Track Faculty

Full-time non-continuing faculty as well as some academic support professionals at Eastern Illinois University are covered under the provisions of the Eastern Illinois University/UPI Contract Unit B (non-tenure track faculty). This contract may be found at Eastern Illinois University's Employee and Labor Relations website (<http://castle.eiu.edu/labor/>).

5.3 Administrative & Professional (Continuing and non-continuing) Staff

During fall 2012, 17.4 percent of the total full-time Eastern Illinois University employees are Administrative and Professional (A&P) Staff positions. While many A&P Staff positions do not fall under one of the collective bargaining agreements, the organizational structure of the university and variation in position responsibilities fail to create clear promotional paths. Continuing positions that become available are filled by searches and those who qualify for the position are encouraged to apply. The OCRD monitors A&P Staff employment decisions in order to determine compliance with all state and federal regulations. Employment salary is determined by hiring agent, vice president, and approved by President. It is based on market wages and scope of duties, salary history, and experience of the employee. Raises are typically awarded across the board and rarely are merit funds available.

5.4 Civil Service Staff

There are five ways a civil service staff member may advance his or her Eastern Illinois University civil service employment career path.

1. Promotion

Eastern Illinois University employees are encouraged to seek promotional opportunities. Employees may test for any position for which they meet the minimum qualifications. A test score from a position in a promotional line is considered a promotional score and is placed at the top of the register. If a Civil Service Employee has not yet completed his or her initial probation, a written request must be submitted in order to move his or her score to promotional status upon the completion of the probationary period. As an example, if an employee is hired into an Accountant I position, he or she may test for an Accountant II position. When an Accountant II position becomes vacant, the individual will be considered for an interview ahead of any original entry scores.

2. Desk Audit

When an individual has a substantive change in his or her job duties and responsibilities the individual may request a desk audit to analyze his or her current position for reclassification to a higher level. An updated Position Description and a Request for Audit of Civil Service Description should be completed and given to our Compensation Manager for review. If the audit determines that you are performing at a higher job level, the position may be reclassified at the higher level. Accordingly, you will be promoted to the higher job classification after you successfully pass the examination.

3. Reassignment

In some cases, civil service employees may request to be reassigned to a new department while maintaining the same job classification. For more information about submitting a reassignment, contact Employment/Examinations at (217) 581-3463 or (217) 581-3911.

4. Temporary Upgrade

In some situations, an individual's job classification may be temporarily upgraded for up to 30 consecutive workdays. During this period, the individual will perform a different job at a higher classification level. To initiate an upgrade, the individual's supervisor must submit a temporary upgrade form to the Human Resources. The individual must also pass any applicable civil service examination.

5. Applying for another Job Classification

Employees may test for any position for which they meet the minimum qualifications. A passing score will be placed on an active job register. When a job becomes vacant the individual will be in consideration for the position. An individual's score remains active until he or she is notified otherwise or asks for his or her scores to be removed. If an individual fails to reply to notifications, his or her score is removed from the register.

During FY12 the OCRD significantly expanded the potential external visibility of Eastern, accentuating its strengths and planning priorities, as well as its record of enhancing campus diversity. We strategically placed information about Eastern's growing diversity as well as the presidential goals in the most widely read journals on diversity issues and in the programs of important state and national conferences which were held in New Orleans, Atlanta, Chicago, Baton Rouge, Honolulu, New York, Washington DC, and San Diego.

Placing information about Eastern in these journals and at these types of conferences reaches audiences with various interests and who are located in different regions. We appear to be among a few universities that are placing information in these conference programs. This type of approach is quite cost-effective in comparison to some other more traditional recruiting strategies.
