Minutes of the College of Education Curriculum Committee
July 15, 1993 - 9 a.m.

PRESENT: J. Lambert (presiding), Dean Joley, F. Summers, P. Overton, M. Dudzinski, B. Findley,
J. Ligon sat in for D. Smith (D. Smith was there briefly)

GUESTS: K. Shank and C. Helwig (CEPS)

Minutes - The minutes of June 23, 1993 were approved with the following changes: a) the addition of a slash in Item 93-9 'Multicultural/Disabilities Practicum'; b) Under Agenda - Item 93-8 change "Proposed Changes in Department of Elementary & Jr. High School Education" to "Proposed Changes in Concentration in the Department of Elementary & Jr. High School Education"

Item 93-10 - Change Catalog Description of SPE 4925 - Currently Special Education students must take Communication Disorders & Sciences 2210 as a prerequisite or concurrently with SPE 4925. Dr. Shank noted that this class is very difficult for the SPE majors to get into when trying to sequence their courses. She requested that the sentence in the SPE 4925 course description "CDS 2210 must also be taken prior to or concurrently with this course" be removed. The course will still be kept as part of the curriculum. B. Findley moved to approve this request and remove that sentence from the course description of SPE 4925. F. Summers seconded the motion and it passed unanimously.

Item 93-9 - Revision of STG 4000 (Description & Title) - It was proposed that STG 4000 be changed from "Orientation to Student Teaching" to "Multicultural/Disabilities Practicum." The Learning Activities Package that secondary education students (excluding art, music, physical education and communication disorders & sciences majors) currently do on their own will be incorporated into this 1 hour credit/no credit structured practicum course at a multicultural site with the student teaching coordinators serving as supervisors. The hour for the course will not count toward graduation. P. Overton moved to approve the requested changes in the title and description of STG 4000 but to hold and not forward to CAA until SED 2000 has been approved. M. Dudzinski seconded the motion and it was unanimously approved. F. Summers agreed to discuss this change with the STG Coordinators.

Item 93-8 - Changes in the Department of Elementary & Jr High School Education Areas of Concentrations and Fields - The ISBE Report indicates that Areas of Concentration must be in one discipline and require 18 s.h., 9 of which must be upper division credit. Dr. Helwig presented changes for the Area of Concentration as well as Fields I & II which will address the ISBE's requests. F. Summers made the motion to approve the changes as presented. P. Overton seconded and the motion carried unanimously. Dr. Helwig will check with the chairs of the Psychology Department, Political Science Department and the Physics Department to ascertain whether they would be interested in offering classes so that Areas of Concentrations in Psychology, Political Science and Physical Science could be added to the list at the Middle School Option.

Item 93-11 - F. Summers presented a budget which outlined how the proposed clinical experience fee money would be expended. Committee members were concerned as to what office would control the expenditure of the money. The Committee also noted that they felt this budget should be discussed with the Council of Chairs and the Vice President. P. Overton moved to support the budget as presented and M. Dudzinski seconded. The motion passed unanimously.

Adjournment - The meeting was adjourned at 10:20 a.m.

Wanda Daugherty, Recording Secretary
