Greek Week kick-off set for Monday

by R.W. Monroe

The 25th annual Greek Week activities get into full swing Monday when greek games begin, Ann Cavanagh, assistant director of student activities, said recently.

Games begin at 3:30 p.m. Monday with the Crazy Game followed at 4 p.m. by the Keg Toss and at 4:30 p.m. the 440 preliminaries.

The coronation of the greek king and queen will be held at 8 p.m. at Ted's Warehouse, Cavanagh added.

Tuesday's games are the little man's tug preliminaries at 3:30 p.m. and the Pyramid preliminaries at 4:30 p.m.

The obstacle course is set for 3:30

p.m. Wednesday followed by the little man's tug semi-finals at 4 p.m. and the Co-Ed Games at 4:30 p.m. Bombardment is set for 7 p.m.

The big man's tug preliminaries will be held at 3 p.m. Thursday followed by the Balloon Toss for the girls at 4 p.m. and the Bike preliminaries at 4:30 p.m. The Honors Banquet completes the day at 6:30 p.m. at the Mattoon Holiday Inn, Cavanagh said.

Friday's activities begin at 3 p.m. with the little man's tug finals followed by the Shoe Race for the girls at 3:30 p.m. The Chariot preliminaries are set for 4 p.m. and the Bike finals will be held at 4:30 p.m.

Saturday's events begin at 8 a.m. with the big man's tug semi-finals. The Three Legged Race is set for 9:30 a.m. with the Co-Ed game slated for 10 a.m. The Pyramid finals will be held at 10:30 a.m. and the Chariot finals will be held at 11 a.m.

At 11:30 a.m. participants will break for lunch with activities resuming at 12:30 p.m. with the steeplechase. The 440 finals will be held at 1 p.m. with the big man's tug finals completing the day's events at 2 p.m.

Greek Week will end at 2 p.m. Sunday with the greek sing in McAfee Gym, the traditional close of Greek Week, Cavanagh said.

Eastern News

Cloudy, warm

Monday night will be cloudy with some rain likely and lows in the mid to upper 50s. Tuesday will be mostly cloudy with a chance of showers. Highs will be in the mid to upper 60s.

Couples only, please!

The young pair pictured above, on campus visiting for Little People's weekend, enjoy themselves at a "Disco Night for Kids" held at Lawson Hall on Saturday night. (News photo by Susan Kaiser)

Two injured in bank lot shooting

Two persons were shot in an incident on the parking lot of the downtown Charleston National Bank Friday night according to Charleston Police records.

One of the victims was reportedly shot in the stomach and the other was shot in the hand. They were taken to Sarah Bush Health Center where the latter was treated and released.

Further details on the nature of the

incident and the conditions and identities of the victims were not released from the Charleston Police Department. More information will be given Monday when a report will be made to the Coles County State's Attorney's office, State's Attorney Paul Komada said Sunday.

"I don't know anything right now except what I've heard on WEIC," Komada said.

State fund increase requested by CUPB

by Marsha Hausser

In an attempt to overcome what an Eastern official termed "relative underfunding," the Council on University Planning and Budgeting is trying to increase the amount of state funds Eastern receives.

Eastern President Daniel E. Marvin told the CUPB Friday that Eastern is receiving less state funds than other state universities.

The CUPB is trying to alleviate the "relative underfunding" by reviewing its 1981 fiscal budget requests.

The CUPB will attempt to get more long-range funding for projects rather than "one shot items," Marvin said.

Marvin said he is concerned that other Illinois universities are receiving more state funds than Eastern.

Marvin said after sitting in on a Board of Governors meeting before the Illinois Senate Appropriations Subcommittee and a BOG meeting Thursday, he concluded "Eastern is a relatively underfunded university compared to other universities."

Marvin said because some projects need funding for only one year, by including them in another section of the budget, the "base amount" of the budget would be increased.

Currently, after a short-termed project is completed, the money for the project is deleted for the next year. However, Marvin said if these projects were included in a broader category, the funds would not necessarily be eliminated after the project was completed.

This provision would allow the allocations to expand, Marvin said.

By eliminating "lock-step" budgeting, where only a small percentage increases on items which have previously received funds are allowed, "we can spread the increase in funds across the university," Marvin said. "It would allow us to make gains on other universities."

In an effort to do this, Marvin asked Vice President for Academic Affairs Thomas Bond and Vice President for Administration and Finance

George Miller to work some of the

items originally requested as one-time items into broader categories in which the university could continue to receive funding after the items had been eliminated from the budget.

By making the budget clearer and broader in its categories, Marvin said it is possible that fewer items would be cut from it.

"We need to help people who look at our budget to help us," Marvin said.

The budget is submitted to the Board of Governors for review and approval and then to the Board of Higher Education.

The budget requests for 1981 which are the most critical are new and expanded programs and non-academic programs, Marvin said.

New programs the council is requesting funds for are a master's program in gerontology and a bachelor's degree in athletic training.

A request for a masters degree in adult education was turned down in a preliminary budget hearing with the BOG.

Bond said the BOG cut the request because currently Eastern only has a minor in adult education.

However, Marvin said the request would be resubmitted to the BOG. Other requests for expansion and remodeling in the 1981 fiscal year budget include these areas:

- the Academic Assistance Center
- clinical experiences for pre-student teaching
- the School of Business
- Tarble Arts Center
- PLATO (Programmed Logic for Automatic Teaching Operations)
- the Testing Center
- the business office
- Old Main
- energy study
- kiln shed
- McAfee Gym
- Buzzard Education Building

A complete list with priorities will be determined by the CUPB at its next meeting, Marvin said.

The final Budget requests are due at the BOG April 30.

Israelis killed in guerilla raid

NAHARIYA, Israel—Four Israelis, including two little girls, were killed early Sunday when Palestinian guerrillas launched a pre-dawn raid from the sea and shot their way into an apartment building.

One of the four terrorists was shot and killed by a civilian as the attackers attempted to break into the apartments. A second was killed by Israeli security forces as the guerrillas attempted to flee on the beach and two others were wounded and captured, the army said.

Meanwhile, military officials announced that Israeli naval boats shelled a guerrilla training camp Sunday belonging to the Popular Front for the Liberation of Palestine at Nahr ElBerd, north of Tripoli. Palestinian spokesmen in Beirut, however, said the Israelis shelled a refugee camp in the area. Informed sources in Beirut said three persons died in the shelling.

In Beirut, the Palestine Liberation Front, an Iraqi-backed faction of Yasser Arafat's Palestine Liberation Organization, claimed responsibility for the attack in this coastal town of 25,000, about five miles south of the Israeli-Lebanese border.

The attack claimed more lives than any terrorist attack this year and was the seventh border penetration or attempt by raiders who have vowed to sabotage the Israeli-Egyptian peace treaty.

Further charges levelled at plant

READING, Pa.—The president of the company that operates the Three

(AP) News shorts

Mile Island nuclear power plant says the firm was neither prepared for the March 28 accident nor aware of its scope for two or three days.

But Walter Creitz, president of Metropolitan Edison Co., denied company spokesmen misled the public and said the utility handled the situation properly.

"Keep in mind, man was dealing with a problem he never experienced before," Creitz said in an interview with Wally Hudson, business editor of the Reading Eagle, published Sunday.

Creitz is scheduled to appear Monday in Washington before a Senate Environment and Public Works subcommittee investigating the Three Mile Island accident.

"When this thing occurred, none of us knew the extent of the accident at the very beginning," Creitz said.

"We weren't lying. Dammit, we tried at all times to tell the public as we saw it. The unfortunate thing is, we didn't know the total extent of the accident until several days later," he said.

Soviets admit nuclear mishaps

MOSCOW — The Soviet Union's top power minister has admitted what Western analysts suspected for years - that there have been "several accidents" at Soviet nuclear power stations including an explosion and a radiation leak, a U.S. congressman said here Sunday.

Rep. Robert H. Michel, R-Ill., told a news conference here that the disclosure was made in a private meeting on nuclear power safety with Pyotr S. Neporozhniy, Soviet minister of power and electrification.

But, Michel added, the Soviets do not plan to curtail construction of their nuclear power plants, which they feel are safer than those in use in the United States.

"The Soviets make no bones about the fact that they intend to press ahead with their nuclear power development," he said.

Experts here said that based on the information Neporozhniy provided, the accidents had been serious. The minister cited two accidents and a number of fires but did not say when or where they occurred.

He made no mention of any injuries, casualties or evacuations, Michel said.

Soviet officials had never publicly admitted to accidents at their nuclear plants, but U.S. intelligence reports have logged at least three since the 1950s.

During the Three Mile Island crisis the Soviet press said their nuclear power plants have a safer cooling system and are run with a better view toward safety than are American plants.

Contract nixed by Teamsters

CHICAGO — Teamsters rejected a tentative contract agreement Sunday,

but said they will continue to negotiate with cartage companies rather than strike.

Louis F. Peick, secretary-treasurer of Local 705, said at a morning news conference that of the 2,100 members who voted, less than a dozen favored the total contract package.

He said the union members approve of the wage hikes and cost-of-living allowances included in the agreement, but did not like clauses regarding flexible work hours and work weeks.

The monetary provisions are identical to those in the national agreement negotiated April 10 in Washington, D.C. They call for an 80-cent increase per hour this year, followed by 35-cent increases in 1980 and 1981. Union drivers now make \$9.60 an hour.

Impatient patient besieges clinic

CHICAGO — A 48-year-old man was held on \$1,000 bond, charged with aggravated assault in connection with a siege at a clinic in which 10 patients and employees were held hostage. No one was harmed.

Police said Olmstead Hutcherson was charged Saturday after officers coaxed away from him a 12-gauge shotgun he had taken into the Madison Pulaski Medical Center on the city's north side. Hutcherson was also charged with unlawful possession of a firearm and ammunition and failure to register a firearm, authorities said.

Hutcherson, an epileptic, told officers he was angry that he had waited an hour and had not been allowed to see a doctor, police said. Clinic employees told investigators that Hutcherson refused to fill out medical forms, waited an hour, left and returned with a gun.

Teacher demand rises, shortage predicted

(Editor's note: In the fifth of a six-part series on Eastern's teacher education program, the job outlook for prospective teachers is examined.)

by Marsha Hausser

If you entered the teacher education program with hesitancy because the job market was small, the Placement Office has good news for you.

In 1978 the office recorded 7,999 available teaching positions in Illinois, 22.5 percent more than the previous year.

Robert Jones of the Career Planning and Placement Center, said teacher demand is rising in Illinois and predicted that a critical shortage of teachers will exist in the 1980 s.

"Fewer people are going into education," Jones said.

He pointed out that the oversupply of teachers in the early 1970s scared off many prospective teachers.

Even though public school enrollments are declining, the demand for teachers keeps increasing, Jones said.

"I'm kind of scared for the public schools," Jones said, because of the growing need for teachers.

"The kids are going to be hurt because the schools will have to hire people that aren't really qualified," he noted.

Eastern's record of students graduating with teaching certificates reflects the demand for teachers.

In 1973, 1,314 students graduated from Eastern with teaching certificates. In 1978, 670 students received teaching certificates, a significantly lower number because of the oversupply in the early 70s, Jones said.

With the fewer number of teachers being prepared, specific academic areas are currently experiencing a demand for teachers.

Chemistry, physics, math, agriculture, industrial arts and speech pathology are all crying out for teachers, Jones said.

Areas that have an oversupply of teachers are social studies and women's physical education. All other areas are adequately supplied, Jones said.

However, in most of these areas the rate of placement for Eastern students is high, he said.

Overall, 62 percent of all 1978

graduates with teaching certificates got teaching jobs, Jones said.

Nineteen percent were employed in other jobs. The remaining 19 percent were either doing graduate work, not seeking employment or unemployed, Jones said.

He noted that not all students graduating with certification want to teach. Some students get the certificate as a safeguard.

Other academic areas with a high placement rate in 1978 were career occupations and physics, with 100 percent of Eastern students being placed. Areas with a 70 percent rate of placement or higher were elementary education, English, special education, junior high school, physical education—men, social science and zoology.

Jones said the reason Eastern graduates have such a high placement rate is because they are so well prepared. Another reason is the name Eastern has built for preparing good teachers, Jones said.

"Schools are very high on our graduates," Jones said. "Superintendents and principals are satisfied with our products."

Jones noted that in one case an Eastern graduate was placed in a

school in Texas and the school called asking that more Eastern graduates be sent there.

Traveling is often difficult for teachers seeking jobs because salaries are not

competitive, Jones said.

Average salary for a beginning teacher with a bachelors degree is \$10,024, Placement Office figures show.

Letters to the editor

News confused

Editor,
Consistency and accuracy.

I always thought necessary responsible decision-making. I find both lacking in the Eastern News' endorsement of Jeff Sopko for collective bargaining representative.

I find the endorsement inconsistent with those made for the other executive officers, where experience in government appeared to be of primary importance. Sopko, in the News' words, "lacks experience in student government."

The endorsement is inaccurate in asserting that Sopko "has a clear understanding of the position." Had the News bothered to send a reporter to the candidates' forum held last Wednesday, Sopko never would have been endorsed.

In that forum, Sopko demonstrated a lack of understanding of the structure of the university or the role of collective bargaining representative. Additionally, it became obvious at the forum that Sopko lacks the communications skills necessary to do a good job in office.

The endorsement left me confused. If one considers his "sincere desire to represent students well," and that the News considers him "a diligent worker who would no doubt fully research" the issues in collective bargaining, Jim Lamonica appears to be the better candidate.

I hope most students are able to see past the personality conflicts and vote for Lamonica.

Robert Singleton

Dersch's picks

Editor,

From my past experience in student government, I have found that what student government needs most is individuals with dedication, courage, and conscience. Because Bob Glover and Dan Hunnicutt possess these qualities, they overwhelmingly deserve your support in this Wednesday's student government elections.

As a current student senator, a member of the university's Council on University Planning and Budgeting, and a member of the Senate Auditing and Campus Relations Committees, Bob Glover has clearly demonstrated his ability to research, grasp, and understand the various issues which have confronted student government. He also displayed continual objectivity and an openness to new ideas.

But most importantly, I recognize Bob for his unquestionable motives and conscience to uphold his beliefs and ideals.

Running with Bob is Dan Hunnicutt. Like Bob, Dan possesses the necessary intelligence, enthusiasm, and desire to become a most effective student leader.

Before becoming a candidate for senate, Dan displayed his desire to serve students by holding a position on Eastern's Student Faculty Performing and Visual Arts Board.

As a "new face" in student government, I'm convinced that he will help bring innovative thinking into the senate's decision making process.

Overall, because of their unquestionable motives, dedication, and concern to provide us (students) with effective leadership, I take immense pride in endorsing Bob Glover

and Dan Hunnicutt as candidates in this Wednesday's student government elections.

Tom Dersch

Buckley's bits

Editor,

I'd like to take this opportunity to put in my two bits about a couple of candidates running for election on Wednesday.

John Grant, running for Board of Governors representative, has been a continually conscientious voice in student government for two years. He has the ability and experience necessary to be a great representative and I am confident that he will do good things for the students at Eastern.

Rick Brown is a new face in student government. The interest and enthusiasm shown by this man more than qualifies him for the position of student senator. His list of achievements are not long yet, but he has the potential to be a very strong leader in the future.

I urge all to vote for these fine men: Grant for BOG rep and Brown for senate.

Bob Buckley

Go for Ritter

Editor,

Most candidates who run for student government can claim that they are conscientious, concerned and hard-working. We, as equally conscientious and concerned students, vouch that Kim Ritter, Residence Hall District candidate for Student Senate, is this and more.

Kim Ritter, who will be returning as a sophomore, has actively participated on various committees within Carman Hall and has served on the University Board Special Events committee.

She demonstrates a willingness to initiate and more importantly, she sees things through to the end. We feel she can bring new spark and enthusiasm to Student Senate. We can see that she would get work done that would be beneficial to you, the student body.

We know Kim would do a good job on Student Senate and we hope you will give her the chance to prove it. Vote for Kim Ritter—Resident Hall Senator, Wednesday, April 25.

We appreciate your support!

Sincerely,
Mary May
Bonnie Bijak
Linda Olson

Slate gets 1...

Editor,

This letter is regarding the upcoming student government elections on April 25. Being involved in student government for nearly two years now I have had the opportunity to view the workings of student government both from the inside and the outside.

Two of the executive officers have recently been in the spotlights, not for their good deeds, but rather for their lack of action on the students' behalf.

We have also paid for this lackluster performance with our student fees.

I don't want this to happen again. Therefore I will do my best to persuade you to vote for the following candidates.

For president, a person is needed

who will take the initiative for action. We need someone who will work selflessly for the students' benefit.

We need someone who will work with Old Main to assure the students the best possible academic and living environment that is conceivable at Eastern.

This battle must also extend beyond the campus to Springfield and even to Washington where the final decisions are made.

For this position I endorse Bill Houlihan. He is a man of action.

For financial vice president my choice is Kevin Sandefur. I believe he will carry on and expand the influence and importance of this position even more than Tom Dersch, who has done a fine job.

Finally there is the Board of Governors representative. This is the most misunderstood, yet most important position in all of student government.

BOG representative requires a person to be an excellent lobbyist, and a good public speaker, yet more importantly, to work hard, forcefully, and sometimes quickly behind the scenes because of its nature as being the most political.

In short, it takes a person with a strong backbone who will take the limited scope of authority the position is delegated and widen this into empirical results for the betterment of us, the students at Eastern.

Todd Daniels possesses the talent to accomplish this.

Again I urge you to become concerned about your future here, and vote for Houlihan, Bijak, Sandefur and especially Daniels. Thank you.

Doug Blanchard

...4 votes

Editor,

As senators working for students, we would like to express our concern that the outcome of the upcoming student government elections provide Eastern with executive officers who are experienced, highly accessible and consistent in their efforts to work on behalf of students; we also hope that they would be worth their tuition waivers and then some.

For this reason we submit Houlihan, Bijak, Sandefur, and Daniels as those candidates most likely to fulfill these requirements.

Bill Houlihan, candidate for student body president, has two and one-half years government experience and is sought out by members of student government as one who can get things done.

Mr. Houlihan has proven himself worthy of student support by making numerous trips to Springfield to speak on behalf of student rights.

Bonnie Bijak, Executive V.P. candidate, was instrumental in the formation of the Residence Hall Board and is a senator respected by both student government and faculty members.

Financial V.P. candidate Kevin Sandefur possesses experience and qualifications far and above those of his opponent.

His two-year experience as an Apportionment Board member and his work with the current office-holder have enabled him to learn the entire budgetary process.

His unanimous election as speaker of the senate shows the confidence we

have in his abilities as a leader and a debator.

Board of Governors Representative candidate Todd Daniels has been a senator this past year and has received the endorsements of 17 other senators and current BOG rep, Julie Sullivan, over his opponent, who is also a senate member.

Eastern students would do themselves a favor by electing Houlihan, Bijak, Sandefur, and Daniels.

Sue Dominach

Kim Pettit

Randy Cheek

Bill Mueller

Vote for 3

Editor,

As you already know, the election for the off-campus senators is rapidly approaching. As an off-campus student there are a few important qualities I would look for in the senators I would vote for. A very important aspect is that the students who live off-campus be completely informed of activities being held. This could be done by making sure the off-campus buildings have posters or flyers telling of the specific activities.

This task would be under the supervision of the senators, therefore, the senators themselves must display leadership and know how to get the job done right. Three candidates I feel display these qualities are Thora Cahill, Nancy Taafe and Bruce Swart. I can only hope that every student exercises his right to vote on Wednesday.

Charlotte Lennon

Vote the slate

Editor,

The posters are up, the buttons are being worn and the ads are printed. But, it means nothing without proven leadership and experience of the candidates, which is the key to success in any evaluation of qualifications.

Bill Houlihan has always been a leader in government, especially here at Eastern. Bill, who is currently serving the students as co-chairman of the senate Campus Relations Committee and member of the Union Board, has been extremely involved in the drinking bill currently being considered in Illinois.

Students are behind Bill on this issue, and this is just one example of the kind of government Bill would bring to the students. He has also served as chairman of the Elections Committee for several semesters.

More than any of this, Bill has pledged to spend up to twenty hours per week in office hours alone. This is what the student body needs in a President—dedication.

He merits your vote on Wednesday.

Bonnie Bijak is another example of a student who devotes countless hours of time each week. Also serving as co-chair of the senate Campus Relations Committee, Bonnie is experienced in the Residence Hall Association and the Union Board.

Through this knowledge of the student body, she is qualified to serve as our next executive vice president and undoubtedly deserves our votes Wednesday.

No one has more qualifications for financial vice president than Kevin Sandefur. Because that office also acts

(See SLATE, page 5)

Slate from page 4

as chairman of the Apportionment Board of which Kevin is currently a member, he knows the duties and position inside and out.

Kevin currently holds one of the most important positions in student government: speaker of the senate. This involves many hours of work, not to mention the experience which it provides in the legislative process. Kevin has proven his ability and, beyond the shadow of a doubt, should receive your vote of continued confidence on Wednesday.

Lastly but definitely not least, Todd Daniels means experience in student government. Todd is co-chairman of the University Relations Committee, member of Legislative Leadership and the Union Board.

Todd is well aware of the issues on campus which is the main concern of his office—Board of Governors representative.

The student rep does not have a vote, therefore it is essential that we elect a man who speaks the real views and opinions.

Todd is that kind of representative, which is why he is endorsed by the current BOG Rep, Julie Sullivan. Julie knows Todd will do the job, while coordinating his efforts with the other executive officers. Todd will make the final link to a unified executive branch.

He needs your vote on Wednesday and we need it too.

Thank you for your attention to this matter.

Chris Hempen
Sarah Matteson
Lynn Tanner

Vote Daniels

Editor,

I would like to take this opportunity to discuss what I consider to be the

most important race in the upcoming student government elections.

The Board of Governors makes every important decision that concerns the operation of this university: every academic policy, faculty evaluations, every budget item, and even such trivial things as a tuition hike.

As Eastern's current student member on the board I have found that the students must have a strong and firm representative so that the board will listen to what the students have to say about these important issues.

If a student member is weak, indecisive and easily swayed, the board will have little respect for student opinion.

It is for these reasons that I must endorse Todd Daniels for the office of BOG representative. I have had contact with both candidates that are running for this position and have found Todd to be a most hard-working, intelligent and strong-minded individual.

Unfortunately, I can not attribute the same qualities to the other candidate.

I feel that the board representative must be able to withstand pressure from the administration and the board for whatever unpopular stances the student might take on such issues as the tuition hike.

The representative must fight for students' rights. Todd Daniels will never be a mere puppet of the administration who would quiver under the slightest pressure.

That is one of the most important qualities a student can bring to the board.

So please, all of you, vote for Todd Daniels on Wednesday and ensure the students of Eastern strong and fair representation on our Board.

Thank you
Julie Sullivan.

Pick a winner

Editor,

On Wednesday, the students of Eastern will once again go to the polls. At this time, we would like to urge you to support a gentleman that will make the entire student body of Eastern a winner, if he is elected.

He has served the student body diligently as an At-Large Student Senator for two semesters. As a member of the Campus Relations Committee, the Union Board and co-chairman of the University Relations committee he has time and time again demonstrated his dedication to the students and his will to work for them.

He is people-oriented and cares for the needs and desires of the students on this campus, seeking no personal gain of his own—other than to serve them!

The man - Todd Daniels
The office he seeks - Board of Governors representative.
We ask you to go to the polls on April 25 and make the decision that will benefit the entire student body. He will make us all a winner!

Todd Daniels is the man for the job, so do yourself and your fellow students a big favor by making sure he gets into office.

Thanks for your time and support.

Platform

Editor,

I am John Grant and I am running (not on a ticket) for the Board of Governors representative in the student government elections Wednesday. I

would like to take this opportunity to explain why I think I would make a good representative for Eastern on the board.

First of all, I think the Board of Governors representative is about the most important position in the student government. The office provides a student voice on the governing board of our university. This board controls Eastern from the setting of tuition to the hiring and firing of the president. The position requires someone with a broad background and a knowledge of the university.

I am a junior from Mattoon majoring in business with a minor in speech. Living in Mattoon, I have always been aware of Eastern and my four semesters on the Student Senate with one of them being as speaker I have gained tremendous experience. My experience is one of the advantages I feel that I hold over my opponent. I am serving on the Council on University Planning and Budget which approves all the budgets at Eastern and makes the future plans for programs and projects. This sort of experience as well as my experience with budgets as the chairman of the Health Service Board combined with my study of business should be a valuable asset to me as a Board of Governors student representative.

My projects in senate such as my work on the tenant union task force and other areas that I hoped to help inform students on has demonstrated my sincere dedication to helping students. I am not running on a ticket but rather as myself and on my qualifications. Let my experience and speaking ability work for you. Compare the record and the qualifications and when you come to the Board of Governors on your ballot vote Grant. Because if Grant wins we all win.

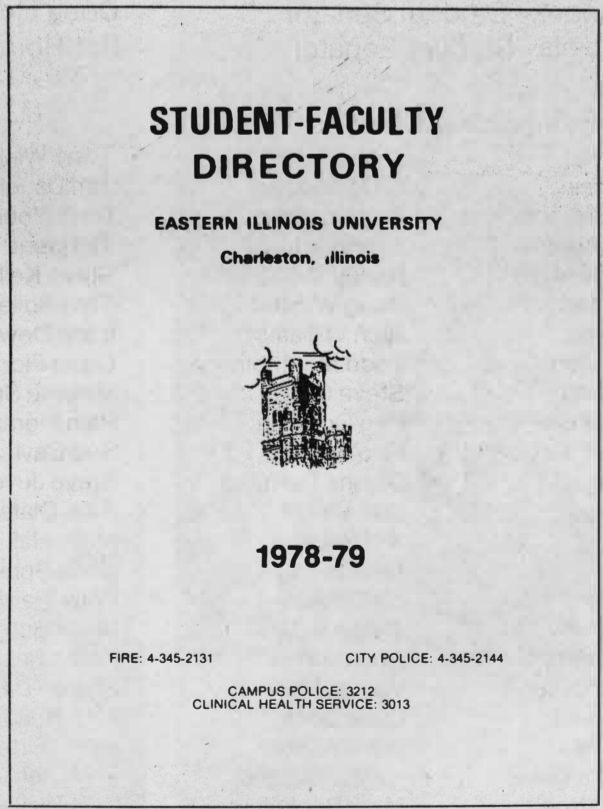

John Grant

David Maurer appointed faculty development head

by Marsha Hausser

David Maurer, Eastern's new director of faculty development, finds himself in the position he envisioned creating while a Faculty Senate member.

"I had introduced this (idea) to the senate in 1972," Maurer said.

He was appointed to the position Tuesday and will assume his duties July 1.

Maurer, a history department member, said the position was designed to help faculty grow and improve the quality of instruction.

"It's not necessarily a new idea," Maurer said. "But we thought it deserved a chance here."

The chance came when Eastern

President Daniel E. Marvin initiated the reorganization of academic development and appointed Shirley Moore as dean.

Through the reorganization, the position of director of faculty development was created.

Maurer said he has high hopes that the new position will rekindle enthusiasm in teaching. I hope "it will result in a general rise in the quality of presentation and techniques."

He added that if the quality of instruction is increased, student interest in classes would rise, which would improve student retention.

The potential Eastern has for retaining students is good because "we have a lot of outstanding teachers here," Maurer said. "We want the number to increase."

One of Maurer's major concerns in providing faculty members with money to prepare aids for their classes, he said.

He said lack of money has had a stagnating effect on teacher growth, something which he hopes to combat.

"If a teacher would like to take an additional course or go on sabbatical, we'd like to be able to supplement those projects with funds if it would make the instructor's classes more interesting," Maurer said.

Maurer said his experience with teachers at Eastern stems from his involvement in several committees.

He has been on the University Personnel Committee, served as chairman of the Faculty Senate and as vice president of the Council of Faculties.

Forum to feature local legislators

The Charleston Area Chamber of Commerce is sponsoring the third annual "Meet Your Legislators Night" Monday at 6:30 pm. in the Charleston Holiday Inn.

The session will give residents a chance to question local legislators Senator Max Coffey, R-Charleston; Representatives Chuck Campbell, R-Danville; Harry Woodyard, R-Charleston; and Larry Stuffle, D-Charleston.

A social hour will follow the question period from 8 p.m. to 9 p.m. Tickets are \$5 per person and can be purchased from chamber members or at the door.

Three dorm counselors submit job resignations

by Yvonne Beeler

Three dorm counselors are leaving Eastern after this summer, Lou Hencken, housing director, said Tuesday.

The counselors are Pam Morris from Lawson Hall and Scott Stevens and Cindy Clark, both from Carman Hall, Hencken said.

Morris, Lawson Hall's counselor for two years, plans to return to graduate school, Hencken said.

"I have my master's degree in guidance and counseling and am returning to Northern Colorado University for my Ph.D.," Morris said.

Stevens, counselor at Carman for one year, has a master's in business administration and is planning to work in business, Hencken added.

Stevens said he wants to go into a

field other than student relations.

Clark, a two-year counselor, has her master's in guidance.

Clark will be looking for a new job because her husband is being transferred, she said.

The new counselor jobs will begin Aug. 16, when the three resignations go into effect.

All applicants must have a master's degree in a field like guidance and counseling psychology or student personnel, Hencken said.

Applicants must also have the ability to work with students, he added.

Replacements for the three counselors will earn between \$840 and \$960 per months plus a furnished apartment and meals, Hencken said.

"As of now, we've received approximately 30 applications," he added.

Do You Wear GLASSES ?

Here's an effective new eye-exercise program that can produce astonishing results in a very short time . . .

The Bettervision Eye Clinic is now offering a program of eye-exercises that can safely correct most cases of poor eyesight—**so that glasses or contact lenses are no longer needed.** Originally developed by Dr. William H. Bates of the New York Eye Hospital, this method has been widely used by the Armed Forces, schools, clinics, and thousands of private individuals, for the treatment of:

- **nearsightedness**
- **farsightedness**
- **astigmatism**
- **middle-age sight**

For many years it was thought that poor eyesight was just bad luck, or something you inherit from your parents. Scientists now know that most eyesight problems are caused by accumulated stress and tension—which squeeze the eyeball out of shape, and affect the muscles that do the focusing. The result is the eye cannot form a clear image, and the world appears to be blurry. In people over 40, the natural aging process is also an important factor.

No matter what your eyesight problem the Bates Method can help you. This is a health care program, and will benefit everyone who follows it—children, adults, and seniors.

It is important to understand that glasses do not cure a visual problem. They are simply a compensating device—like crutches. In fact, glasses usually make the condition worse. Because they make the eyes weak and lazy, a minor problem often develops into a lifetime of wearing glasses.

The Bates Method corrects poor eyesight by strengthening the eye-muscles and relaxing the eyeball. You do simple easy exercises that increase your focusing power, eliminate eyestrain, and bring your eyesight back to normal.

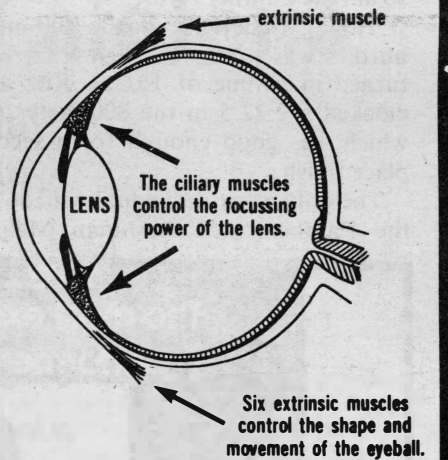

Because the Bates Method deals with the **basic cause** of your eyesight problem, you can expect to **see** a definite improvement in as little as 1 or 2 weeks. Even if you have worn glasses all your life—things will become clearer and clearer, and you will have flashes of good vision . . . as you go through the program, these flashes become longer and more frequent . . . gradually blending into **permanent better sight**—at which point the exercises are no longer necessary.

We usually find that people whose eyesight is not too bad can return to 20/20 vision in about a month. Even if your eyesight is really poor, within 2 to 3 months you should be able to put away your glasses, once and for all. Read these case histories:

Aldous Huxley—Nobel Author
"My vision was getting steadily worse, even with greatly strengthened glasses. To my dismay I realized I was going blind. On the advice of my Doctor I decided to try the Bates Method. There was an immediate improvement. After only 2 months I was able to read clearly without glasses. Better still, the cataract which had covered part of one eye for over 16 years was beginning to clear up."

Rev. Frederick A. Milos, M.S.
"By following the simple exercises given in this program, I have completely recovered my vision. Now I can read for long periods without my glasses."

Ron Moore—Technician
"I originally went to the Clinic to deliver some equipment—and ended up trying their eye-exercise program. I am near-sighted, and have worn glasses for 15 yrs. In just 3 weeks after starting the program, my eyesight has already improved to the point where I can now drive, do business, and watch T.V.—all without my glasses!"

This program has been specially designed for the individual to exercise at home. Written in simple non-technical language, it gives you **all** the guidance you need to regain natural healthy vision in just ½ hour a day: illustrated booklet, complete step-by-step instructions, plus special charts and displays to ensure you make rapid progress. The program is fully guaranteed and there's nothing more to buy.

By following this program, you will soon be able to see clearly without glasses. It's up to you. Ordering the Bates Method can be one of the best decisions you ever made. So do it now—before you get sidetracked and forget. Fill out the order coupon, attach your check for \$9.95 plus \$1 for postage and handling, and mail it to us today!

If you have any questions regarding this program, please call us at (415) 763-6699. Our qualified operator will be glad to help you.

The Bates Method can mark a turning point in your life—better eyesight without glasses or contact lenses. The program is guaranteed. Try it for 30 days, and if you're not fully satisfied, return it for an immediate refund.

Women tracksters win own invitational

by Matt Davidson

Eastern's women tracksters won eight of eighteen events Saturday as they easily swept the four-team EIU Invitational.

The Panthers, coming off their best performance ever the week before at the Illini Invitational, compiled a whopping 118 points. That total easily outdistanced runner-up Western Michigan University's 75 points. Southeast Missouri had 64, while Southwestern Michigan scored only 14 points while finishing fourth.

Head coach Joan Schmidt was understandably happy with the outcome.

Saturday's event was different from those in the past in that most distances were measured in meters.

"Anything we did was a new record because we generally don't run in meters," Schmidt said.

Junior Jo Huber emerged as the only double winner of the day for Eastern. Huber heaved the shot 13.0 meters (42.9 feet) to gain one win, and hurled the discus 39.16 meters (129.2 feet) for her other triumph.

Donna Gale gave the Panthers their other first place in the field events, throwing the javelin 105' 3".

Robin Smith ran away from the field in the 5,000 meter run to win in a time of 17:31.4. Smith's nearest competitor was Western Michigan's Sue MacDonald, who took second with a 18:38.4 clocking. Smith added a second place finish in the 3,000 meters to aid the Panther effort.

Taking first place in the 400-meter hurdles was junior Carmen Ritz, who turned in a time of 1:02.9. Ritz also clocked a 2:22.5 in the 800-meter run which was good enough for a second place finish.

The only other individual winner for the Panthers was freshman Melissa

Godbey in the 100-meter hurdles with a time of 15.3.

More impressive performances were turned in by the Panthers in the relays. The two-mile and the 440-yard relay teams both came out on top.

The two-mile unit was comprised of Ritz, Sonia Olson, Deb Schabow, and Linda Lomax. The four turned in a winning time of 10:05.1.

The 440-yard team was Audrey Marocco, Marche Harris, Mary Jane Crouch, and Mary Martello.

Softball team wins; to host Illinois Central

Eastern's women's softball team took three of four games this weekend at home, raising their season record to 14-6.

The Panthers swept the three-game series with Purdue before bowing to Western Illinois on Saturday.

In Friday's doubleheader with Purdue, Eastern stomped the Boilermakers in the first game 14-2. In the second game of the twin bill, the Panthers rolled to 15-1 trouncing of the Boilermakers. In Saturday's single game, the Panthers continued to dominate by pounding Purdue 6-1.

Eastern pitcher Bonnie Kraemer picked up the easy win in Friday's first game. She is now 8-2 on the season. Deb McFeeters threw her first win of the season in the second game and Karen Redfern added another win to her 7-1 record as she pitched a victory in the single game Saturday.

Following the Panthers' sweep of the Purdue series, Western Illinois blanked the Panthers 3-0 on Saturday. Bonnie Kraemer suffered the loss.

Monday the Panthers host a doubleheader with Illinois Central at 3 p.m. on the softball diamond.

Assembly Hall STAR COURSE

Women netters take 2nd at Western tournament

by Jane Meyer

MACOMB — Eastern's women tennis team had a blockbuster performance at the Western Illinois Invitational over the weekend, placing every singles player in the finals of either the championship or the consolation tournament.

The Panthers finished a close second in the tournament overall, scoring 11 points to champion Illinois State's 13½ points. Southern Illinois University-Edwardsville took third place with nine points, and Principia and Augustana tied for fourth with four points, while host Western Illinois had only two points.

Head coach Joyce David said that Eastern played a fine tournament, being able to participate in every singles final.

"We just played extremely well," David said, "I was really proud that we could compete in all the finals."

Eastern freshman Jill Anderson lost to an SIU-E player after making it to the championship round. Southern's Almeida, seeded number one in the event, took care of Anderson 6-4, 6-2.

David was generous with the praise she gave Anderson, who was not seeded in the tournament.

"Jill had a marvelous tournament. She was not seeded, yet she beat players from Southern and Illinois State to advance to the finals."

Patti Groth drew a bye, then lost in the second round of the Flight A singles, but bounced back to win the consolation championship.

Groth trounced a Principia opponent 6-2, 6-0 to win the final match.

In the Flight B singles competition, freshman Mona Etchison lost in the championship finals 6-4, 6-3 to an Illinois State player after defeating Western, Augustana, and Principia opponents.

Debbie Belton won the consolation championship in Flight B action by defeating a player from Augustana 6-3, 6-2.

In the doubles competition, both Panther teams won their first round contests before bowing out in the second round.

Senior Kathy Holmes teamed with Maureen Fitzpatrick to win in the opening round over a Western Illinois pair 6-0, 6-1 before losing to a SIU-E team 6-1, 6-0.

The other doubles pair of Janet Haberkorn and Julie Krueger also won their first match before losing in the next round.

"Southern, Illinois State, and Eastern are ranked two, three, and four in the state," David said. "We had excellent competition, and our skills were very comparable."

Defense impressive in spring grid contest

by Brad Patterson

ROBINSON — The Eastern football team put on a defensive show Saturday night in their second intrasquad game.

The Blue team, comprised of a majority of the starters from last season's national championship team, defeated the White team 21-0 as a result of Steve Turk's three touchdown passes. But it was the defense that stole the show.

The two defenses put together 11 quarterback sacks, and generally made it a long night for Turk and White quarterback Jeff Goldthorpe. The pass rush made both head coach Darrell Mudra and defensive coordinator John Teerlinck very happy.

"The offense had some problems picking up the pressure tonight," Mudra said. "At this point in time, the defense is a little ahead of the offense."

"I'm just very pleased with the defense's performance tonight,"

Teerlinck added. "The line is going all out on every play, and when there is a passing situation, we give 100 percent for a sack."

The Panthers, in the middle of their spring drills, have another intrasquad game set for Saturday before the spring drills culminate in the annual Blue-White game on May 5 at O'Brien Field.

The Blue team scored in each of the first three quarters, with Turk connecting with three different receivers for the scoring strikes.

Late in the first period, Turk swung a pass out to running back Poke Cobb, who broke four tackles on the way to the 15-yard touchdown.

In the second period, Turk lobbed a pass to tight end Tony Scala after a running fake for a one yard TD, and in the third stanza, Turk drilled an 18-yard strike over the middle to wide receiver Scott McGhee for the final scoring play of the night.

Dan DiMartino added extra points

after each score.

Mudra had praise for players on each side, as he picked the positive points out of the contest.

"I thought Jeff Goldthorpe had a good game. He threw the ball real well under a lot of pressure," Mudra said. "Barney Spates ran well for the White team, and I thought on the whole, we had a good scrimmage."

Teerlinck reserved his highest praise for junior college transfer defensive end Kevin Winbush (Iowa Lakes Community College).

"Winbush was great, wasn't he?" Teerlinck asked. "He is going to make

a strong bid to get into that starting lineup."

Mudra said that he thought his team was about where he wanted them to be at this time of the spring.

"I think we are ahead of where we were last spring," Mudra said. "We are getting a lot of things accomplished this spring."

A sidelight on the game was the fact that among the few people in attendance was a scout from the University of South Dakota. That just happens to be the season-opening opponent for the Panthers next fall on Sept. 1 at O'Brien Field.

Baseball _____ from page 16

though center fielder Mark Steppe had a better angle for the throw home.

"Both outfielders would have had to bring his throwing arm across his body for the throw so Saxe took the play because he has the stronger arm," McDevitt clarified after the loss.

"We had our opportunities to win that game. We failed to hit when we had runners in scoring position," McDevitt added.

Eastern scored its two runs in the third inning on a double to right by Pulley scoring Detmer and Saxe who had both singled.

The Panthers had a chance to push the go-ahead run home in the sixth inning when they put runners on first and third with one out.

However, Detmer bounced into a 6-4-3 double play to end the inning.

Furmanski suffered the loss for the Panthers. He is now 2-3.

Elliott Skorupa pitched six and two-thirds innings of effective baseball Saturday in the opener, giving the Panthers a 4-2 win.

Skorupa (3-0) allowed a two-run home run by the Cougars Don Eberlin in the third for the only SIU-E runs.

Paul Kastner relieved Skorupa with two outs in the last inning after the Cougars put runners on the corners via a walk and a single. Kastner fanned the Cougars' Stolte to end the game.

The Cougars' Jay Coughlin was just as effective against the Panthers, allowing just five hits.

However, Eastern bunched four hits in the opening inning with the big blow being a three-run home run by Tim Pzynarski.

Panther lefthander Ken Westray 0-1) went the distance in only his second outing of the season in Eastern's 4-0 loss Saturday.

COMPLETE EARLY ENROLLMENT

Students who submitted a pre-enrollment course request for Intersession and/or Summer Term should complete their Early Enrollment in the Registration Operations Room (south basement McAfee). Present your I.D. Card according to the following schedule to first names:

- A-F, 8:30 a.m., Tues., May 1
- G-L, 11:30 a.m., Tues., May 1
- M-R, 8:30 a.m., Wed., May 2
- S-Z, 11:30 a.m., Wed., May 2

DOORS CLOSES AT 3:00 P.M. STUDENTS MAY REPORT AFTER THEIR SCHEDULED TIME BUT NOT BEFORE.

Completion of Early Enrollment INCLUDES PAYMENT OF FEES due for Intersession and/or Summer.

The deadline for completing Early Enrollment is 3:00 p.m., Thursday, May 3. Failure to complete will result in CANCELLATION OF SCHEDULED CLASSES.

SPECIAL NOTE: To avoid inconvenience, DO NOT have checks for Summer fees sent to the Registration Office or to the Cashier. AT EARLY ENROLLMENT, each student must make any payment due for Summer. ALL STUDENTS MUST STOP AT THE CASHIER STATION WHEN COMPLETING EARLY ENROLLMENT.

Michael D. Taylor
Director, Registration

SUMMER FEES 1979

The total of registration and service fees for a full-time course load is \$236.50 for an Illinois undergraduate and \$246.50 for an Illinois graduate student. A full-time course load is 8-10 semester hours taken during Summer Term OR during a combination of Intersession and Summer Term. A student may take 8-10 hours during the regular Summer Term and also take up to 5 hours during Intersession.

Any full-time student who holds a teacher education, military, or legislative scholarship FOR SUMMER will have to pay \$52.00.

CHECKS FOR PAYMENT

Please DO NOT have checks sent to the Registration Office or to the Cashier. Parents should send the check, payable to Eastern Illinois University, to YOU so that you can present the check for payment when you complete your Early Enrollment.

Consult your instructions for the dates of Early Enrollment and mark your calendar, or call the Registration Office for the details you need.

OVERLOAD CHARGES

Overload charges will NOT be assessed for Summer courses.

Michael D. Taylor
Director, Registration

Baseball Panthers split series with Cougars

by Carl Gerdovich

Eastern's Panthers recorded bookend wins over the weekend, splitting two doubleheaders and the four-game series against Southern Illinois University-Edwardsville at Monier Field.

The Panthers won the opener Saturday, 4-2, and the nitecap Sunday, 2-0, while suffering two disappointing losses in between, 4-0 and 3-2 in eight innings.

The Panthers season record now stands at 12-13, awaiting a Wednesday doubleheader at the University of Illinois. Edwardsville's won-loss record slips to 11-16.

Senior righthander Tom Ozga's four-hit shutout capped the weekend split Sunday as he raised his season pitching mark to 3-3. Ozga scattered the four hits while walking two and striking out six.

Panther head coach Tom McDevitt, who was dissatisfied after his squad dropped the opener Sunday, praised the efforts turned in by Ozga following the Panthers second shutout of the season.

"It was just another outstanding performance by a super competitor. He (Ozga) went after the hitters and came out a winner. He simply had control," McDevitt said.

Before Ozga's distance per-

formance, McDevitt had expressed discontent after the Panthers lost the second consecutive game of the series to the Cougars.

"We aren't hitting the ball when we have to. We're going to have to find more consistency before we run into the series against Western Illinois," the head coach said.

Eastern tallied the only runs it needed in the first two innings.

A two-out single by Pulley in the first inning was followed by an RBI single by Cam Kennedy. Andy Vogl, running for Pulley, scored on the sharp single to right.

The Panthers added another run in the second on a suicide squeeze bunt by Tom Detmer, scoring Mark Steppe who had reached on an error and stole third base.

SIU-E squeaked out a 3-2 win in the opener in eight innings, scoring the winning run on a sacrifice fly.

The Cougars Bill Stolte singled and advanced to second on a sacrifice bunt by Mike Liay. A wild pitch by Eastern's Rick Furmanski moved Stolte to third where he scored when Madden lofted a fly to short right-center field.

The Panthers' right fielders Ken Saxe made the catch and throw to the plate, even though it appeared as

(See BASEBALL, page 14)

Freshman shortstop Tom Detmer flies over the top of an SIU-E baserunner who was stealing second in Sunday's first game. The Panthers and the Cougars split a four game set over the weekend. (News photo by Craig Stockel)

Hatfield, Reinking set records at USTFF meet

by Brad Patterson

CHAMPAIGN — Seniors Mike Hatfield and Casey Reinking turned in school record performances as the Eastern track team fared well at the United States Track and Field Federation Illini Classic Saturday.

Hatfield won the 3,000 meter steeplechase in 8:52.0 breaking the old school record by nine seconds and lowering his personal best time in the event by an amazing 33 seconds.

"It was an outstanding achievement," head coach Neil Moore said about Hatfield's performance. "He just ran a super race!"

Hatfield himself said that he was expecting a good race, but not quite that good.

"I didn't expect to do that well," the senior from Hoopston said. "Everything just fell into place."

Hatfield then gave credit to assistant track coach Tom Woodall, who handles the distance runners.

"I just listened to coach Woodall," Hatfield said.

Woodall said Hatfield's performance was "the greatest thing I've seen in my 20 years in athletics."

Woodall said that Hatfield had a "terrible" practice session on Thursday, but that he was confident that Hatfield could at least qualify for the Division II national championships to be contested in May if he concentrated on staying on pace for the entire race.

Not only did Hatfield qualify for the Division II finals, but his time was good enough to gain him entrance into the Division I meet in Champaign on May 30-June 2.

Hatfield's time eclipsed the old Eastern record in the event of 9:01.2 set by Rick Livesey in 1974.

Reinking took third place in the 5,000 meter run, and in the process also qualified for both the Division I and Division II finals with his 14:00.3 time.

Eastern senior Mike Hatfield goes over the hurdle in winning the steeplechase in last week's EIU Invitational. Hatfield set a school record in the event in 8:52.0 at the USTFF Classic Saturday. (News photo by Rich Bauer)

Reinking will run in both the 5,000 and 10,000 meters in the Division II meet.

The senior from Alton also broke the school record of 14:03.1 set by Mike Larson in 1977. Larson was also in this race, running unattached from Mattoon.

"Casey had never beaten Mike in a race," Woodall said. "It was a big psychological lift for Casey to beat him in this meet."

Other Eastern performers who placed in the prestigious meet were hurdler Augustine Oruwari, pole vaulter Dan Larson, Reo Rorem in the 1,500 meters, freshman Joe Snyder in the 400-meter intermediate hurdles, and the 2-mile relay team.

Eastern's Casey Reinking set a school record in the 5,000 meters at the USTFF Classic in Champaign Saturday.

Oruwari finished second in his event with a 14.0 clocking. Oruwari was nipped at the tape by Reggie Davenport, one of the premier hurdlers in the nation.

Moore said that if Oruwari would not have brushed the final two hurdles he probably would have won the race.

"You just can't make mistakes in competition like this," Moore said. "Hitting those last two hurdles really cost Augustine."

Larson turned in a season best vault of 15-7 to take third, while Rorem ran a 3:48.6 in the 1,500 meters to finish fourth.

"Reo ran a very tough race against a top-flight runner in Mike Durken of Illinois," Moore said. "He challenged a little too early, and the big kickers caught him at the end."

Rorem told Lou Engel of the Champaign News-Gazette after the race that he was "satisfied with the time, but I didn't run a very smart

race. I should have stayed back in the pack and let Durkin take the lead."

Snyder turned in a 54.2 performance in the intermediates, despite running in lane eight, something that Moore said was "a definite factor. There is a concrete wall right next to that lane, and that tends to be a bit intimidating."

The two-mile relay team of Pat Hodge (1:58.4 for the 880 yards), John McInerney (1:56.7), John Bandy (1:57.4), and Claude Brannon (2:01.4) finished fourth.

No team scores were kept in the event, which was basically used to allow top individual performers to qualify for national competition.

CELEBRATE

A FESTIVAL

"Celebration '79: A lively smorgasbord of the art, cultural events and entertainment, relaxed, informal festivity of sharing. Most of you presented free of charge except the schedule, as a gift to Central Illinois giving a audience and presentations from artistic talents of the region."

WHAT YOU WILL FIND

Each day's schedule includes a variety of activities which range from classical to contemporary, from prestige to pretend. Celebrate nearly 48 hours of cultural enrichment: folk music, folk ballet; folk arts to contemporary live drama; film to popular sausage.

WHEN AND WHERE

Please refer to the descriptions for specifics.

Celebration '79' is the sponsorship of the Eastern Illinois Fine Arts and Support Board, the National Eastern Illinois Arts Council, and private contributions from many individuals who believe in the arts.

DAILY SCHEDULE

- Every Day-
- Opening Ceremonies
- Information Booth
- First Aid Information
- or phone 581-3011
- Security Information
- or phone 581-3211
- Food Booths
- Wandering Mime Arts

- 2:00-3:00 p.m. (Con't.)
- 2:00-3:30 p.m.
- 2:00-5:00 p.m.
- 3:00 p.m.
- 3:00-5:00 p.m.
- 3:15-3:45 p.m.
- 3:30 p.m.
- 3:30-4:00 p.m.

WIN:

- Drawing for each of the following- 4:45 P.M. on Library Quad - Saturday, April 28
- Split oak basket by Mr. Clyde Biggs, Mulkeytown, IL
- Dainty tatted snowflakes by Mrs. Myra Piper, Olney, IL
- Woven rag run by Mrs. Lola Wade, near Ingraham, IL
- Drawing for Quilt - 5:15 P.M. on Library Quad - Sunday, April 29
- Lone Star quilt, hand pieced and quilted by Mrs. Ione Lawrence, Stewardson, IL.
- Tickets may be purchased on Festival grounds.

FOLK ARTS PROJECT

Traditional folk artists have been a part of "Celebration" programming since the festival began in the spring of 1977. It could not be otherwise, for East Central Illinois is an area rich in folk and indigenous arts. This year, a National Endowment for the Arts grant, an Illinois Arts Council grant and the generosity of the Charles E. Merrill Trust are enabling "Celebration" to present a full fledged folk arts program that is interesting and exemplary in quality. The program is being coordinated by Phil Settle, Visual Arts Coordinator for the project, with the assistance of Garry Harrison, Music Coordinator; Jens Luns, Field Investigator; and Don Carmichael, Director of the Tarble Arts Center.

S. Dillon Ripley, Secretary of the Smithsonian Institution, observed in 1968, the second year of the Festival of American Folklife held annually in Washington, D.C.: "Folk culture, transmitted orally or by imitation, supplies the raw material and energy from which fine arts culture takes its nourishment; yet, we in America know relatively little about this culture...As late as the 1930s, there was a common belief that America had no aesthetic tradition of its own and that this country had never produced a culture in which the arts could flourish. We know today that such a culture has been our heritage."

He went on to say that the Festival of American Folklife, sponsored by the Smithsonian Institution—our national museum—would serve to bring people more fully in touch

with their own creative roots... "from this acquaintance the way may be pointed towards a richer life for some and a more meaningful understanding of our society."

The Smithsonian Institution format has served the traditional arts well, and has led to a further step: an experiment funded in part by the National Endowment for the Arts to place authentic folk art presentations within the context of a contemporary performing arts event, in a sense, to let this "endangered species" flourish or flounder in today's natural environment. Eastern's "Celebration" is also committed to the proposition that folk art shall flourish!

A look at the Celebration '79 program schedule will indicate the scope of this event, and the careful planning that went into its makeup. All will find it entertaining and informative; some a revelation; others will acquire a new and warmer meaning to the idea of community, which tends to become static without such lively and revivifying social interchanges. And for the participants, the presentation of their art to appreciative audiences can be an enormously supportive factor in its preservation and perpetuation.

Festival goers will experience these presentations and will leave with a greater sensibility of the richness and diversity of life in East Central Illinois.

Folk Arts Demonstrations

- Mrs. Alma Tarran and Mrs. Melva Beeler - woodcarving from near Irvin, IL
- Mrs. Myra Piper - tatting - from Olney, IL
