1. 11-23, BIO 4914, Plant Anatomy (Revised Course Proposal)

BIO 4914. Plant Anatomy (2-3-3) A comprehensive study of the internal structure of vascular plants, focusing primarily on the anatomy of seed plants. The course emphasizes plant development and structural-functional relationships. The laboratory component of this class will introduce students to basic microtechniques and emphasize microscopic plant structure. Prerequisites: BIO 1200G or at least 9 semester hours of biological sciences or junior status. Effective: Fall 2011.

Dean Augustine presented. Council voted unanimously to approve.

2. 11-16, National Board of Professional Teaching Standards (NBPTS) Credit on EIU Transcripts Policy

Credit for Courses in Pursuit of National Board of Professional Teaching Standards (NBPTS) Certification

Graduate credit on a transcript from Eastern Illinois University in pursuit of NBPTS certification will be issued only under the following conditions: The student was enrolled in National Board of Professional Teaching Standards (NBPTS) courses approved for credit at Eastern Illinois University. Eastern offers EDU 5800 NBPTS/Professional Portfolio Development Seminar and EDU 5801 NBPTS/Professional Portfolio Development II for this purpose. These courses meet the standards for graduate credit required by our academic councils and appear on Eastern transcripts when completed.

Dean Augustine presented. Council voted unanimously to approve with the addition of “not to exceed five years.”

3. 10-22, Revision to Graduate Faculty Status Policy with Waiver Language

Waivers of Associate Member Limitations: Occasionally, Associate Graduate Faculty Members hold specialized expertise that can enhance the quality of graduate study in a program even though these members are in-eligible for Regular Membership. In these cases, programs may petition the Council on Graduate Studies to waive the standard limitations and authorize the Associate Member privileges to perform duties reserved for Regular Members. Such privileges may include service on a thesis committee, contributions to a curriculum committee, or support for the graduate program in other specialized ways. In these cases, the Department Chair and Graduate Coordinator should provide a petition to the Council via the Graduate Dean to waive the standard limitations for a specified period of time. The request must include identification of the specific privileges the Associate Member will perform for the program, a rationale for how this contribution will enhance the quality of graduate study in the program, and evidence that the Members of the Graduate Faculty support the authorization of such privileges to an Associate Member. The waiver may not exceed a period of five years.
