FOR IMMEDIATE RELEASE:

COLBERT CONTINUES APPOINTMENT TO CACUBO COMMITTEE

CHARLESTON -- Charles Colbert, vice president for business affairs at Eastern Illinois University, continues his appointment by the Central Association of College and University Business Officers (CACUBO) to the Business and Finance Committee.

This committee is responsible for reviewing and monitoring the budget and finance structure in light of current and future association needs. The committee also makes recommendations to help improve, clarify and strengthen the association's total financial position.

CACUBO is a nonprofit association representing chief business officers at over 600 institutions throughout the North Central region of the United States. The association promotes sound principles and practices of educational business administration through both professional development programs and concerted actions in matters affecting the financial health of institutions of higher learning.

The primary objective of CACUBO is to plan, provide and encourage professional and personal development for all levels of management in the business and financial areas of higher education. Colbert's contribution to this committee will assist CACUBO in reaching its goals and objectives.
