EASTERN ILLINOIS STATE COLLEGE

CHARLESTON
ILLINOIS

Spring 1954

**THE PROGRAM OF COURSE REQUIREMENTS
FOR THE DEGREE
M. S. in Ed.**

A candidate for the degree, M. S. in Ed., must present at least 48 quarter hours of approved courses selected in accordance with the following plan:

GROUP I (12 quarter hours)

The courses in this group are basic courses in education required of all candidates.

Education 550. Principles of Curriculum Development.

Education 551. Social Foundations of Education.

Education 552. Understanding the Individual.

GROUP II (24 or 28 quarter hours)

These courses are selected by the student and his adviser as courses directly related to the candidate's teaching field or educational career.

GROUP III (12 or 8 quarter hours)

These courses are selected from a limited group of courses designed for the purpose of giving new intellectual and cultural insights. Courses acceptable in this group are so designated in the course descriptions in the catalog.

ADMISSION

Admission to courses. Admission to courses for graduate credit is granted upon evidence of a bachelor's degree from an approved four-year college. Admission to courses does not assure admission to candidacy for the master's degree. An Application for Admission to Graduate Courses, together with a transcript of undergraduate work if taken elsewhere, must be filed, preferably prior to the first meeting of the class. The adviser should be consulted prior to registration; this is especially important if it is planned to include the course in the plan for candidacy for the master's degree. Application forms may be secured from the Registrar. **Admission to Candidacy for the Degree, M. S. in Ed.** The following conditions must be met before admission to candidacy:

- a. The undergraduate courses must have included courses in education and practice teaching equivalent to those required for a bachelor's degree at Eastern Illinois State College. (Usually students who hold a Limited Certificate in Illinois can meet this requirement.)
- b. A plan of courses must be presented by the student and his adviser, and must be approved by the Committee on Candidacy.

TRANSFER OF CREDIT

Graduates of Eastern Illinois State College may transfer as much as 16 quarter hours of approved graduate courses taken in other institutions.

EXTENSION CREDIT

A maximum of eight quarter hours of the minimum requirement of 48 quarter hours may be earned in extension courses.

REGISTRATION FOR EVENING CLASSES

Students may register for evening classes at the first class meeting. If formal application has not been made prior to the meeting, it must be completed and transcripts of undergraduate work filed with the Registrar before credit for the course may be recorded. The fee for each course is \$14.00, which includes the rental of textbooks. A matriculation fee of \$5.00 for graduate students is payable at the time of first registration in graduate courses.

Persons engaged in full time teaching positions are not permitted simultaneous registration in more than one evening class.

RESIDENCE EXTENSION CLASSES

A. Course open to juniors, seniors, and graduates.

English 457. Elizabethan Drama. (4 q. hrs.) A survey of the development of the English drama of the Renaissance, based on the works of the major playwrights of the period, including selected plays of Shakespeare.

B. Courses open only to graduates.

Botany 552. Microbiology for Everyday Living. (4 q. hrs.)

A course designed for graduates who have not had the opportunity for training in this field in their undergraduate work. A lecture-demonstration course with field trips to illustrate the application of the control of bacteria, other fungi, algae, and protozoans concerned with food spoilage and preservation, purification of water supplies, and sewage disposal in central Illinois. It is planned to be useful for all teachers from the first grade to the twelfth and for school administrators that all may have a basic understanding of such information as it applies to their schoolrooms, school activities, and community problems.

Not open to students who have credit for Botany 235.
Open only to graduates. May be offered as a part of Group III requirements for the Master's degree.
Fee \$1.00.

Dr. Damann, 7 p.m., Tuesday, Room 201, Science Bldg.

January 26 to May 11, 1954

Education 551. Social Foundations of Education. (4 q. hrs.) This course is intended to guide the student, on the level of individual readiness and capacity, in an analysis of the origin, growth, and present form of some of the social problems with which American public education is confronted today. Among the areas

to be studied are the nature of culture, socialization of the individual, the major sources of American culture, American family life, the community and the school, the effects upon the school of mobility and impersonality in an industrial age, equality of educational opportunity, the impact of pressure groups on the school, national resources, and current conflicting ideologies.

Open only to graduates. Required of all candidates for the Master's degree.

Mr. McKenna, 7 p.m., Monday, Room 10, Main Bldg.

January 25 to May 17, 1954

Education 552. Understanding the Individual. (4 q. hrs.)

The purpose of the course is to help the individual to understand himself and, upon the basis of this insight, to understand others. The course deals with concepts of the self; the individual under threat; the creative individual; and the integration of personality. It involves the study of the basic needs and drives and their modifications during childhood, adolescence, and adulthood.

Open only to graduates. Required of all candidates for the Master's degree.

Dr. Lawson, 7 p.m., Wednesday, Room 10, Main Bldg.

January 27 to May 19, 1954

(Education 552 will be held at this hour only if five or more part-time students register in residence extension; otherwise, it will be held at 3:00 in the Spring Quarter.)

Education 592. Occupational Information. (4 q. hrs.)

A course concerned with collecting, evaluating, and using education, occupational, and related information. The course seeks to develop familiarity with the more important types and sources of occupational and education information and some skill in their use. Employment conditions and opportunities, job requirements, training facilities, and the changing economic trends are covered.

Open only to graduates.

Dr. Crane, 7 p.m., Thursday, Room 12, Main Bldg.

January 28 to May 20, 1954

English 550. Comparative Literature. (4 q. hrs.)

Literature, chiefly of the Western World 1650 to 1900. It has a double aim: first, it proposes to offer for the enjoyment and appreciation of the student some of the best literature of the period; second, it will, through these pieces of literature, call to the student's attention the ideas and movements of the time. It is the aim to give the student in his study of the beginnings of the scientific attitude of our day and a clearer understanding of the origins of democracy and the foundations of the humanitarian legislation of the nineteenth and twentieth centuries. Such French authors as Descartes, Moliere, Voltaire, and

Rousseau are studied. Among the writers read in the English language are Locke, Pope, Swift, Wordsworth, and Scott, and such Americans as Franklin, Emerson, Hawthorne, and Walt Whitman. Such writers as Lessing, Schiller, Goethe, and Nietzsche represent Germany.

Open only to graduates. May be offered toward the Group III requirements for the Master's degree.

Dr. Cline, 7 p.m., Tuesday, Room 34, Main Bldg.

January 26 to May 11, 1954

Geography 565. Historical Geography of the United States. (4 q. hrs.) An analysis of the geography of the United States with emphasis upon the inter-relationship between the physical environment and the settlement and development of various sections of the country. The course is organized under topics and regions which utilize both geography and history for definition.

Open only to graduates.

Dr. Barton, 7 p.m., Tuesday, Room 316, Science Bldg.

January 26 to May 11, 1954

Geography 575. Advanced Economic Geography—Mineral Industries. (4 q. hrs.) An analysis of the world's mineral deposits and their development. Power resources, metallic and non-metallic minerals and the associated industries are studied. The influence of the location of mineral deposits and industrial areas upon population patterns and world trade is emphasized.

Open only to graduates.

Dr. Zeller, 7 p.m., Monday, Room 315, Science Bldg.

January 25 to May 17, 1954

Industrial Arts 550. Graphic Arts in a Changing Culture. (4 q. hrs.) This course is offered as one of the cultural courses in the graduate program. It is designed for the student with little or no previous work in printing or allied subjects. The purpose is two-fold: first, to develop an appreciation of the position and influence of printing historically and in present-day living; and second, to provide experiences which will lead to a clearer comprehension of the creation and use of printed products. Laboratory experiences in selected graphic arts activities, field trips, and extensive use of visual materials in instruction are essential elements in the course.

Open only to graduates. May be offered toward the Group III requirements for the Master's degree.

Dr. Landis, 7 p. m., Tuesday, Room 3, Practical Arts Building.

January 26 to May 11, 1954
