TARBLE ARTS CENTER

The 1997 All-Student Show is on exhibit through March 29 at the Tarble Arts Center. The show is a juried exhibition open to current Eastern undergraduate students who have enrolled in at least one studio art course. Traditionally, works in a wide variety of media and styles are included. The jurors have selected the entries to be exhibited and designated the Best-of-Show and Merit Award winners. Merit Awards were selected in the media categories of drawing, printmaking, painting, graphic design, crafts, sculpture, photography and design. Additional awards are Best-in-Ceramics and Best-in-Sculpture awards. For information, call the Tarble Arts Center at 581-2787.

A traveling exhibit of art work by 24 area students representing 19 community elementary, junior and senior high schools will be on display at the Tarble Arts Center through March 24. The 1997 "Cultivating Creativity: Young People's Art from Area Schools" has three important elements. It acknowledges work done by the area's art teachers and the importance of including art in the school curriculum. It brings art to communities where a wide cross-section of people will come into contact with it. And it increases people's awareness of the importance of the arts as a form of communication and expression for people of all ages.
