# The Alumni Register

---

This Alumni Register contains the names of all alumni of the Eastern Illinois State Normal School from 1900 to 1913, inclusive, and, with the exception of six, the present addresses of all alumni now living.

The register attempts to give a short history of each graduate since graduation. The data were compiled from the reports sent in by the alumni, a few of which were not complete. It is not to be expected that the register contains no errors, and it is hoped that any errors discovered and also information concerning those alumni whose reports are not complete, will be reported to the Registrar of the school so that the permanent record may be complete and accurate.

The names of the alumni are arranged alphabetically by classes. Following the name of each graduate is his post office address at the time of entering the school. In all cases except the present address, if a town is in Illinois the name of the state is omitted.

The following facts are of some interest:

There are four hundred thirty-five alumni.

Sixty men and fifty-three women have attended a college, university, or professional school.

Twenty-nine men and twenty-three women have taken a bachelor's degree; eight men and one woman have taken a master's degree; one man and one woman have taken the degree of Doctor of Medicine; two men have taken the degree of Bachelor of Laws; and one man has taken the degree of Doctor of Jurisprudence.

Eleven men and one hundred sixty-five women are now teaching in elementary schools; fourteen men and nine women are teaching in high schools; ten men and one woman are principals of high schools; fifteen men and two women are superintendents or principals of schools; ten men and six women are teaching in colleges, universities, and normal schools.

Four men are practicing law; one man is practicing medicine; one man and one woman are in religious work; and thirty-two of the alumni are in business.

Forty-eight men and eighty-three women are married.

Six alumni are deceased.
