CORRESPONDENCE

All inquiries should be addressed to the president of the school.

School officials who are looking for teachers may obtain full and confidential information in regard to the qualifications, character, and experience of former students who are candidates for positions in the schools.

Former students who wish situations may register their names with the president of the school.

Bulletins published by the school are sent upon request.

AND I venture to predict that, when the facts are all in, they will tell a story something like this: That far from being inconsistent with initiative and originality, the virtues of obedience, duty, discipline, and thoroughness will be found to have the closest relationship to the capacity for discovery and achievement; that the systematic mastery of race experience, illuminated, but by no means replaced by the problematic method of teaching, will be recognized as a primary aim of education; that persistent and dogged application to set tasks will retain its position as a fundamental school virtue; and that, while thoroughness of mastery will have a richer and a broader meaning, it will still retain the virile qualities which have hitherto been associated with it.

WILLIAM C. BAGLEY

This institution is a member of the American Association of Teachers Colleges.

PART 1.
GENERAL INFORMATION.

THE EASTERN ILLINOIS STATE TEACHERS COLLEGE

LOCATION

The Eastern Illinois State Teachers College is located at Charleston, the county seat of Coles county. Charleston is on the Big Four and Clover Leaf railroads and is connected with the Illinois Central at Mattoon by an interurban railway.

HISTORY

To provide more adequate facilities for the training of teachers for the public schools of the State the legislature by an act approved May 22, 1895, established the Eastern Illinois State Normal School. This by an act of legislature in 1921 became "The Eastern Illinois State Teachers College at Charleston." On September 7, 1895, the five trustees provided for in the act, selected a beautiful forty-acre tract of land three-quarters of a mile south of the public square of Charleston. The citizens of Charleston bought the land and presented it to the State. The grounds have a good elevation and are shaded by many fine old trees.

December 2, 1895, the contract was made for the erection of the building. The cornerstone was laid on the afternoon of May 27, 1896. The building and grounds were dedicated August 29, 1899, and on September 12, 1899, the institution was opened to students.

During the first year, there were seventeen members of the faculty and two hundred forty students. At the end of the first year, June, 1900, four students were granted the diploma of the school upon completion of the course of study. The school has grown steadily, graduating sixty-nine students in 1921.

During the summer of 1901, a special term of six weeks was established for teachers. This term, beginning with an enrollment of one hundred seventy-two students the first summer has reached a maximum enrollment of one thousand twenty-three. Beginning with the summer of 1920, the college has offered a twelve weeks' summer term.

"In order to equalize the advantages of the State Normal Schools," encourage attendance and thereby increase their usefulness, the State legislature passed the Lindley Bill in 1905. This act provides that "there shall be awarded annually to each school township or fractional township a scholarship which shall entitle the holder thereof to gratuitous instruction in any State Normal School for a period of four years."

In 1907, the State legislature appropriated one hundred thousand dollars for a woman's building. This building was completed and occupied in January, 1909. It has proved to be a distinct addition to the cultural value of the school. In addition to providing a beautiful home for one hundred young women during their residence in Charleston, it has had a marked influence in establishing good standards of living, and has come to be the social center of school life.

As the school increased in numbers its facilities gradually became too restricted, and in 1911 the State legislature appropriated seventy-five thousand dollars for a training school building. The training school now enjoys all the advantages of a building designed and equipped for its special use, and the college has opportunity for a more economical organization and an increase of its facilities.

In 1907, the power of conferring degrees was granted to the school by the State legislature. Courses leading to a degree were announced in 1920.

The school has always stood for sound scholarship and has striven to inculcate in the minds of its students a sincere love for truth. One of the gratifying evidences that it is in a measure fulfilling its mission is the fact that so many of its students have gone on to higher institutions of learning the better to equip themselves for service.

PURPOSE

The function of the State in education extends of necessity to the training of teachers. A rational system of public education implies provision for securing efficiency in the teaching office. State Teachers Colleges are the natural outgrowth of a policy of public education. The State is the

only agency competent to meet the demands for qualified teachers imposed by its own attitude toward the instruction of its people. The object of a State Teachers College is not to extend the earning power of one class of persons at the public charge. It is to give a culture and learning dedicated in a special way to the general welfare. It exists primarily not for the benefit of its students but for the benefit of the whole people. Such a conception is fundamental and determines questions of organization, courses of study, and methods of instruction in the State Teachers Colleges.

EQUIPMENT

GROUNDS. The grounds comprise forty acres, including the campus proper, the forestry, and the athletic field. These grounds were laid out by one of the most skillful landscape gardeners in the country, and they are justly considered exceptionally beautiful. A natural grove and other fine old trees, two ponds, a wide stretch of green, and many borders of shrubbery and perennials in the natural style, present a succession of pictures throughout the year. In the main grounds are the tennis courts, the children's playgrounds and athletic field for girls and the school garden. The forestry, planted during the early years of the school, now includes several acres of thrifty trees, much used in botanical and zoölogical studies. In the adjoining athletic field, one of the best among those of the secondary colleges and normal schools of the State, are the base-ball diamond, the foot-ball field, and the quarter-mile cinder track.

MAIN BUILDING. The main building is a three-story structure three hundred twenty-three feet in length, built of rough Bedford stone. It is in the Norman style, with a tower which is the neighborhood landmark. In this building are general class rooms, offices, the library, the assembly room, the music and art rooms, and some of the laboratories.

TRAINING SCHOOL BUILDING. The training school building, of smooth Bedford stone, was completed in 1913 at a cost of \$75,000. It is placed conveniently near the main

building, and besides the elementary school rooms it contains the class rooms and laboratories for domestic science and agriculture.

PEMBERTON HALL. The legislature of 1907 appropriated one hundred thousand dollars for a woman's building and gymnasium—the first appropriation for a woman's building ever made in the State of Illinois. A fine stone structure was finished and occupied January 4, 1909. Nearly all the rooms in the building were taken from the first and the demand for rooms now exceeds its capacity. The building has met the fondest hopes of its most ardent advocates, and its value as a social center in the school and in setting good standards of living is well established.

Room, including heat and light, with table board and privileges of laundry, costs \$7.00 a week. For table board, \$5.00 a week is charged. Students are not required to furnish anything.

MANUAL ARTS BUILDING. For work in manual training and mechanical drawing, the school has a well equipped building at a convenient distance from the main building. The bench room has twenty work benches. The machine room contains a universal saw, a band saw, lathes, a jointer, a tool grinder, and other equipment.

LIBRARY. The library now contains over 25,000 books and pamphlets. The reference books, bound periodicals, and reserve books are shelved in the reading room. Here are also found the current numbers of almost one hundred forty periodicals, including, in addition to those of general interest, many devoted to special subjects. The books for general circulation are kept in the stack room, to which all students of the Teachers College, and of the High School, and pupils of the seventh and eighth grades are admitted. For grades lower than the seventh, school-room libraries are provided. The library has a dictionary card catalogue and the books are classified according to the Dewey decimal system. There is a large collection of classified pictures for use in all departments. Two trained librarians are in charge, giving necessary aid and instruction to students in the use of books. Lessons in the use of the library are required in

all curriculums as explained in the Description of Courses of Instruction.

SCHOOL GARDEN AND GREENHOUSE. An opportunity is given for seeing the work done by pupils of the Training School in elementary agriculture. Small plots of ground are planted and cared for by the pupils under the direction of the teacher of agriculture and the teachers of the Training School. Connected with the students' garden is a model vegetable garden, a rose garden, and a garden for experimentation and exhibition purposes. All of these divisions are used for demonstrating the proper care of plants, the methods of propagation, crop rotation, and some of the principles of plant breeding.

All seventh and eighth grade pupils are required to do garden work. Where possible the home garden is used. If there is no garden at the home, space in the school garden is given to the pupils for use during the summer. The home garden work is carefully supervised. The pupil studies the principles of gardening in the classroom, and does the work in the garden under supervision of the teacher. This work is designed to stimulate a keener interest in the garden as an economic factor in the home life; to give to the pupil a better knowledge of the principles underlying the care of plants, and to teach methods of culture of special garden plants. The pupil is required to keep a record of the garden and to report each week to the teacher.

An excellent four-room greenhouse contains many plants of unusual interest and serves, moreover, as an important adjunct to the botanical laboratories.

Additional facilities for field observations and for obtaining laboratory materials are offered by a small lake, a lily pond, and a forestry of six thousand trees, all of which are within five minutes walk of the biological laboratories.

LABORATORIES. The department of botany is well equipped for laboratory study. There are facilities for learning the technique of microscopic preparation, plant physiology and pathology. The materials include microscopes, an herbarium, representations of plant structures and of groups of the plants,

many microscopic slides, and a large collection of Illinois algae. There are display cases and a lantern for different forms of projection.

The zoölogy and physiology laboratory has sufficient equipment so that forty-four students may work at the same time, each being supplied with a compound microscope, a simple microscope, and other equipment necessary for examining specimens. There are many preserved specimens of both local and foreign fauna, including marine animals. The accession numbers of these now run over 15,000. The most of these are preserved in formalin and alcohol, but there are nearly two hundred mounted birds and mammals and over three hundred skins of these types of animals. There are also many shells, corals, and thousands of mounted insects, and other dried specimens. There are ample facilities for keeping living animals. Many models and skeletons are used and also about sixty-five of the best charts obtainable. Over twenty-five hundred lantern slides are available for illustrative purposes.

The physics and chemistry laboratories are large and well equipped with apparatus for demonstration and for individual use. Most of the apparatus for students' use is in duplicate so that all of the members of a section can work at the same problem at the same time.

The agricultural laboratory is supplied with tables, a complete set of apparatus for testing milk and its products, and apparatus for soil studies.

EXPENSES

Tuition is free to those who are to teach in the public schools of Illinois. Others pay tuition at the rate of twenty-one dollars a year, seven dollars being payable each term. An incidental fee of two dollars and a fee of two dollars and twenty-five cents, covering athletics, entertainment course, College News and recreation, are required each term of all *above* the eighth year.

Text books are owned by the school and rented to students at a uniform price of one dollar a term. Students wishing to own the books can buy them at a low price.

The fee for piano or voice lessons is \$5.00 a term. A small fee for material used is charged in drawing, home economics, and manual arts.

Men who served in The United States Army or Navy in the Great War and who were residents of Illinois at the time of entering the service are exempt from the payment of incidental fee (\$2.00) and book rent (\$1.00). These men are exempt also from fees for piano and voice lessons.

Board and room can be obtained in private families for from \$6.00 to \$7.00 a week. Students renting rooms and keeping house can materially reduce this amount. Room without board can be obtained for from \$1.50 to \$2.00 a week; board alone, \$5.00 a week.

The Students' Loan Fund of the Eastern Illinois State Teachers College makes it possible for a deserving student in the second half of the course to borrow, at a low rate of interest on a personal note, a sum of money that will help him to remain in school and complete the course. This plan has been tried and students have found such temporary assistance of great advantage. The foundation of this fund was secured from admission fees to the senior class play and to the Training School entertainment, given during commencement week. At the end of each school year a play is presented with the accessories of appropriate costume and scenery. The following plays have been given: Sheridan's *"The Rivals"* and *"The School for Scandal"*, Goldsmith's *"She Stoops to Conquer"*, Shakespeare's *"A Mid-Summer Night's Dream"*, *"As You Like It"*, *"Twelfth Night"*, *"The Tempest"*, and *"The Comedy of Errors"*, Tennyson's *"The Princess"*, *"The Lady Sheriff"*, Clyde Fitch's *"The Climbers"*, Josephine Preston Peabody's *"The Piper"*, Booth Tarkington's *"The Man from Home"*, Madeline Riley's *"An American Citizen"*, Oliphant Down's *"The Maker of Dreams"*, J. M. Barrie's *"The Twelve Pound Look"*, Lady Gregory's *"Spreading the News"*, and *"The Amazons"* by Sir Arthur Wing Pinero. The class of 1922 gave three short plays: *"A Pair of Knickerbockers"*, *"Mansions"*, and *"Gringoire"*.

A fund known as "The Adelia Carothers Fund" has been established by Mrs. Ida Carothers Merriam and Mr. Charles

G. Carothers in memory of their mother. This fund is to be loaned to young women students of high character and scholarship during the last half of their course. The student to whom this loan is made is distinctly honored.

SOCIAL ACTIVITIES

ENTERTAINMENT COURSE. For several years the school has maintained an entertainment course for the purpose of furnishing to the members of the school each year a programme of varied entertainments which shall possess genuine merit. The course is now supported by a fee of seventy-five cents per term required of each student and by the sale of season and single admission tickets to members of the faculty and the people of Charleston. Under the auspices of the course such numbers as the following have been presented: United States Marine Band, St. Louis Symphony Orchestra, Zoellner String Quartet, The Coburn Players, The Devereux Players. The course for 1921-1922 was as follows:

William Henshaw Company in a light opera—"The Impresario" by Mozart, with Mr. Percy Hemus in the leading role.

Henry and Company—Magicians and Illusionists.

The Vivian Players in "Her Own Money."

The Zoellner Quartet.

In addition to the above the entertainment course and the students' recreation fund have coöperated in bringing to the school some good moving pictures. Among those shown were "The Last Days of Pompeii", "Julius Caesar", "Dr. Jekyll and Mr. Hyde", and "The Copperhead". With the installation of a modern motion picture equipment last year, the school is now prepared to make motion pictures a larger part of its entertainment and educational activities.

THE TEACHERS COLLEGE NEWS. A four-page weekly, "The Teachers College News," published by a board of student editors with a faculty adviser, is issued on Tuesdays. In addition to announcements, reports of games, local news, and alumni notes, it contains editorials of high value in in-

fluencing school spirit as well as student spirit. Some class work of merit appears occasionally in this paper. It deserves the support of students, teachers, and alumni.

RECREATION. A committee consisting of five members of the faculty and a student from each Teachers College class has charge of student recreations which are not solely class affairs. The latter are under the supervision of the faculty advisers of each class. The students are permitted to have parties Saturday or Monday evenings in the gymnasium. In the spring and fall, there are picnics in the neighboring woods. These activities are chaperoned by members of the faculty.

THE DRAMATIC CLUB. The Dramatic Club was organized early in 1920 that members might have opportunity to study, produce, and possibly to write plays. In May, 1920, the Club made its first public appearance, presenting two one-act plays in the auditorium.

It is hoped that in time what has heretofore been an annual Senior Class Play may become a School Play, given under the direction of the Dramatic Club.

INVITATION TRACK AND FIELD MEET. The thirteenth annual track and field meet was held on Schahrer Field, Saturday, May 6, 1922. There were twenty-two schools with two hundred two contestants entered. The meet was won by Champaign High School with thirty-two points. Forrest High School was a close second with thirty-one points. Forrest High School won the relay race. Leonard of the Forrest High School won the cup for individual honors, scoring seventeen points. Sullivan of the Champaign High School was second with fifteen points.

This meet is conducted by the athletic association of the Teachers College. Beautiful medals of gold, silver, and bronze are given as prizes in each event. A plaque is given to the school winning the meet and also to the school which is second. A suitable trophy is given to the school winning the relay race.

The Interscholastic Oratorical Contest is held in connection with the Track and Field Meet. It has four divisions: (1)

speeches and orations, (2) dramatic readings, (3) humorous selections, (4) modern poetry. Each high school is entitled to one entry in each division. In each division two prizes are given, a gold medal for first place, a silver medal for second place.

In the 1922 contest the outcome was as follows:

Division of speeches—Ruth White, Charleston, first; Arthur Maxey, Atwood, second.

Division of dramatic readings—Elizabeth Connard, Decatur, first; Mildred Harrold, Westville, second.

Division of humorous selections — Ruth Brown, Urbana, first; Kathryn Sellars, Charleston, second.

Division of modern poetry—Louise Bresee, Urbana, first; Carlos Craig, Charleston, second.

MUSIC FESTIVAL. The third annual music festival was held on May 4 and 5, 1922. The programme consisted of the following concerts and contests:

Thursday, May 4, at two o'clock, a concert given by a large children's chorus from the Charleston Public Schools and the Elementary School of the Training School, assisted by visiting artists.

Thursday, May 4, at eight o'clock, a concert by visiting artists and a chorus of about four hundred voices from the visiting high school glee clubs and the students of the Teachers College. The visiting artists were Miss Elsa Diemer, soprano; Miss Frieda Klink, contralto; Mr. Eugene F. Dressler, tenor; and Mr. Graham Marr, baritone.

Friday, May 5, at two o'clock, a contest for high school glee clubs and soloists. The Girls' Glee Club of the Sullivan High School was given first place and the Boys' Glee Club of the Decatur High School, second place. Miss Julia Fern Brown and Mr. Charles Jenks, both of the Paris High School, were first among the soloists.

Friday, May 5, at eight o'clock, an operetta, "The Princess Dorothea", presented by the pupils of the Elementary School of the Teachers College Training School.

The festival was under the direction of Mr. Friederich Koch and Miss Ruth Major of the department of music. Although it has been established only three years, the festival

has become one of the most successful and interesting events of the year, not only for the Teachers College itself, but for the high schools competing.

ATHLETICS. All athletic activities are conducted by the Athletic Council. This council is composed of two members of the faculty, appointed by the president; two students, elected by the students; and the athletic coach. An athletic fee of one dollar is charged each student. This fee is payable at the beginning of each term. It entitles the student to free admission to all athletic contests in which Teachers College or High School teams take part on the home grounds, and also a vote for the student representative on the Athletic Council. The Teachers College and the High School have separate teams and play independent schedules. The Eastern Illinois State Teachers College is a member of the Illinois Intercollegiate Athletic Conference, and the High School is a member of the Illinois High School Athletic Association.

ATTENDANCE AT CHURCH. Each student is expected to attend regularly the church of his choice, or that which meets the approval of his parents. The pastors and members of the different churches have made the students of the school at home in the churches and Sunday schools. The teachers of the Teachers College encourage the pupils to form and sustain intimate relations with the churches.

THE CHRISTIAN ASSOCIATION. The Young Women's Christian Association has an organization in the school and is in flourishing condition. Committees from the association meet new students at trains and assist them in finding boarding places. Social gatherings under the auspices of the association are held during the year.

THE STUDENT COUNCIL. The Student Council was organized in the spring of 1920 as a means of communication between the faculty and students, and as a permanent organization through which the students might express their point of view on school affairs.

The Council now consists of eleven members: One from the Junior High School, three from the Senior High School,

four from the Junior College, and two from the Senior College. The editor of the "Teachers College News" has a seat in the Council but has not the right to vote. The term of office is one year. Elections take place each term, being so arranged that there is a majority of old members after each election. The constitution provides for a president and any other officer that the Council finds necessary.

The constitution is worded in such a way that the Council may take an increasing part in the control of student affairs. It now has charge of homecoming, annual parties, carnivals, and other social activities.

Backed by two years experience the Council's work for the school year 1921-1922 has exceeded all expectations. It has helped to create a new school spirit which has extended to the classroom, to athletics, and to all social activities.

The building of a balcony in the gymnasium by the students under the leadership of the Student Council is an indication of the efficiency of this organization.

The Council has proved an agency for the betterment of the school, making it a more desirable and enjoyable place in which to work.

ALUMNI CLUBS

The Charleston Club of Chicago, the Charleston Club of the University of Illinois, and the E. I. Club of Tuscola are organizations of former students of this school. These clubs meet occasionally in a very pleasant way, and all former students or teachers, living in or near these centers, will be notified of these meetings if they send their names to the secretary.

The officers of the Charleston Club of Chicago are:

Mr. Fred M. Smith, '09, President

Mr. Donald C. Johnston, ex '14, Vice-President

Miss Lois M. Davis, '07, Secretary and Treasurer

The officers of the Charleston Club of the University of Illinois are:

Mr. Edgar S. Leach, '16, President

Mr. Charles M. Allen, ex '20, Secretary

THE ALUMNI ASSOCIATION

The Saturday preceding commencement week is Alumni Day. Returning graduates attend morning exercises at nine o'clock and the alumni reception at eight o'clock in the evening. It is customary to have in the afternoon a ball game between members of the regular team and players on former teams. A large number of alumni attended the twenty-second anniversary celebration last year.

The officers of the association are:

Mr. Ernest N. Freeman, '03, President

Mr. Leonard E. Davis, '08, Vice-President

Miss Helen Fern Daringer, '14, Secretary and Treasurer

Executive Committee

Mr. Max G. Carman, '20

Miss Mary A. Dwyer, '15

Mr. Otto I. Schmaelzle, '17

Miss Leah T. Todd, '16

Mr. Charles W. Baker, '17

Standing Committee for Advancing the Interests of the School

Mr. Roscoe Farrar, '03 (term expires in 1923)

Mr. Charles L. Prather, '20 (term expires in 1925)

Mr. Paul E. Belting, '09 (term expires in 1924)

TEACHERS' APPOINTMENT COMMITTEE

To assist school officers in securing capable teachers and to help graduates in securing desirable positions, the Eastern Illinois State Teachers College has an appointment committee. Its services are free both to teachers and to school officers. It is very desirable that graduates of the school keep the committee informed of their present locations and positions, so that the committee may make intelligent recommendations to superintendents desiring experienced teachers.

THE CERTIFICATING LAW

By the Illinois certificating law, in force July 1, 1914, and amended in 1919, certificates may be issued to those who have done a required amount of work in a recognized normal school or its equivalent.

A provisional certificate valid for one year may be issued without examination to persons who have completed two years of work in a recognized normal school, or one year of such work if the candidate is a graduate of the tenth grade. A provisional certificate is not renewable and cannot be issued the second time to the same person.

A second grade elementary school certificate, valid for two years in the first eight grades of the common schools of the county and in the ninth and tenth grades when endorsed for the same by the county superintendent *may, at the option of the county superintendent*, be issued without examination to persons who have completed the junior year's work in a recognized normal school or its equivalent. This certificate is renewable on evidence satisfactory to the county superintendent of six months' successful teaching or twelve weeks' professional training, and a second time if in the period following the date of issue the holder shall have acquired eighteen weeks' professional training in any recognized school provided for such training. Graduation from a recognized high school (two-year, three-year, or four-year) or an equivalent preparation is required for admission to the examination for a second grade certificate.

A first grade elementary school certificate, valid for three years in the first ten grades of the common schools of the county, and in the high school when endorsed for the same by the county superintendent *shall be issued* to graduates of a recognized normal school, or from an institution offering an equivalent preparation, provided the applicant has had one year of successful practice teaching, and applies for the certificate within three years after graduation.

A second grade certificate is valid for teaching only. A first grade certificate is valid for supervision in all positions where the principal or superintendent teaches one-half or more of the time.

A high school certificate, valid for three years in the high schools of the county, and renewable indefinitely for periods of three years on evidence satisfactory to the county superintendent of successful teaching or supervision and professional growth has the following requirements: (1) gradu-

ation from a recognized high school, or an equivalent preparation; (2) a certificate showing the completion of at least two years' successful work in any recognized higher institution of learning, and (3) an examination in English, pedagogy, and six high school subjects, three majors and three minors, chosen from a list prescribed by the examining board: *Provided, however*, that graduates of a recognized normal school, college or university may offer within three years after graduation, certified credits in lieu of examination in the above subjects accompanied by faculty recommendation of ability to teach in the high school.

The law contains also provision for supervisory, kindergarten-primary, and special certificates issued by a county superintendent. The Superintendent of Public Instruction is empowered to grant four-year elementary school, high school, and supervisory certificates which shall at the time of their expiration become valid and be endorsed for life upon evidence of successful teaching or supervision satisfactory to the Superintendent of Public Instruction.

A first and second grade elementary school certificate, a high school certificate, a supervisory certificate, a kindergarten-primary certificate, or a special certificate is valid in the county of issue, and in any county of the State when endorsed by the county superintendent of such county, upon evidence of successful teaching, certified by the county superintendent in whose county the teaching has been done.

All certificates, whether state or county, must be annually registered and endorsed, and a fee of one dollar must be paid.

PART II.
INSTRUCTION

ORGANIZATION

The Eastern Illinois State Teachers College includes:

The Teachers College,—

The Senior College,

The Junior College,

The Training School,—

The High School, Grades IX, X, XI, XII,

The Elementary School, Grades I-VIII.

TERMS

The regular school year consists of three terms of twelve weeks each. Monday is taken as the weekly holiday. This plan gives teachers who have no school on Saturday opportunity of pursuing some regular work in the Teachers College; and consequently promotes closer relations between the school and the teachers of the district. The mid-spring term coincides with the second half of the spring term.

A summer term of twelve weeks gives teachers and students an opportunity to study during the summer vacation. The summer term of 1923 begins on Monday, June 11, and closes on Friday, August 31. It consists of two half terms of six weeks each, the first half term closing Friday, July 20. Students may attend either half term or both half terms. The subjects offered are designed to meet the needs of:

1. Teachers of experience who wish to advance their professional or academic knowledge.
2. Supervisors and department teachers.
3. Those who are preparing to teach in schools that follow the Illinois Course of Study.
4. Those who wish to take regular work with a view to graduation.

ADMISSION REQUIREMENTS

1. *To the Senior College:* Graduation from the two-year curriculum of a recognized Teachers College or of the Junior College of a recognized college or university.
2. *To the Junior College:* Graduation from a recognized four-year high school.

3. *To the High School:* Graduation from the eighth grade admits a student to the ninth year which is the first year of the high school. High school students enter the year which the units they have already earned give them the right to enter.

Work done in a two-year rural high school receives half credit, admitting the student to Class X.

4. *The Holder of a First Grade Certificate* is admitted to a year of preliminary work for entrance to the Junior College and the holder of a second grade certificate to two years of such preliminary work. This work consists of first year algebra and geometry, second and third year high school English, botany, geography, and two electives together with physical education and work in the use of the library. Another unit is substituted for any of these studies the student has successfully completed.

5. *High school diplomas, teachers' certificates, and township scholarships must be presented to the registrar. A student with high school or other record should have a complete copy of the record sent by the principal of the school to the registrar of the Teachers College. This should be done before the date of entering.*

GRADUATION

A bachelor's degree is conferred upon those who complete a four-year curriculum; a diploma is granted to those who complete the two-year curriculum for preparation of teachers for the grades. A two-year diploma is granted also in agriculture, art, home economics, manual arts, and music. Four-year curriculums prepare teachers for high schools, for special grade work, and for positions as principals, supervisors, and teachers of special subjects. A year's resident work is required for a diploma or degree.

The records of those who expect to complete a curriculum in a current school year are checked at the beginning of each term and on April 15. A statement of the courses necessary for the completion of his work is given to each of these students in the fall term and is used by him in making his programmes for succeeding terms. The list of candidates for graduation is based on the checking of April

15. A student who is not more than four credits behind the class at that time may participate in commencement exercises with the class and receive his diploma at the close of the summer term if he completes the work by that time. It is possible to earn two credits in each half of the summer term.

EXTENSION COURSES

This school is glad to offer such extension courses as its facilities permit. It is especially urged that such aid be sought as the school may be able to give in improving present teaching in the elementary schools. A skillful teacher in visiting schools and in talking with teachers is able to be of great assistance to those of less experience. This suggestion contemplates giving help in those subjects that make up the greater part of the elementary school curriculum, namely: reading, language and grammar, arithmetic, geography, history, drawing, and music.

Courses have been given in English at Paris, and in psychology and agriculture at Effingham. Each course consists of fifteen lessons, each lesson being equivalent in time to two fifty-minute periods. Credit is given according to the amount of work done.

CURRICULUMS

For graduates of recognized four-year high schools, the following curriculums are offered:

I. Two-Year Curriculums (24 credits each) leading to a diploma:

1. For preparation of teachers for the grades. This diploma entitles the holder to a first grade elementary school certificate without examination. The completion of one year of the work entitles a student to recommendation for a second grade certificate without examination.
2. For preparation of special teachers of agriculture, art, home economics, manual arts, and music. This diploma entitles the holder to a special certificate in one of these subjects. The completion of one year of work entitles a student to recommendation for a second grade certificate without examination.

II. Four-Year Curriculums (48 credits each) for preparation of the following:

1. Primary Teachers.
2. Intermediate Teachers.
3. Grammar Grade Teachers, High School Teachers, and Teachers of Special Subjects:

A. Agriculture	G. Home Economics
B. Art and Design	H. Manual Arts
C. English	I. Mathematics
D. Foreign Language	J. Music
E. Geography	K. Science (Biological)
F. History	L. Science (Physical)

4. Supervisors and principals.

In the four year curriculums, the school has followed these principles:

1. Since the science and art of education should be emphasized in a *teachers college*, the student in every term of every year has one course in education (including psychology and practice teaching).

2. Since scholarship should be of high importance in a *teachers college*, a student receiving a degree should have attained some proficiency in a chosen branch of knowledge; therefore, in every term of every year, he has a course in the major subject of his choice.

3. Since no graduate of *any college* should be narrow in his education, every student elects another subject which he must continue for two years and also elects two more years of work in other subjects.

4. Since a teacher should have a good degree of scholarship in the English language, every student has two years' work in college English.

5. Since a teacher should view intelligently the material and social world, every student has one year's work in a laboratory science, and one in social science, hygiene, and public sanitation.

CREDIT

A *credit* is a term's work in a subject requiring preparation and reciting at least four periods a week. There is one unassigned recitation a week in each five-period subject: Tuesdays, at 8:15; Wednesdays, at 9:30; Thursdays, at 10:20; Fridays, at 11:20; Saturdays, at 1:30 and 7:30; Tuesdays, at 2:20. Senior College classes (courses numbered 40 or above) do not meet at the periods for unassigned recitations for morning classes or on Saturday afternoons. College chemistry requires four double and one single periods a week in the first year and four double periods in the second year. A period is fifty minutes but laboratory sciences in the Junior College have five sixty minute periods or more. Manual arts and home economics courses not requiring preparation require ten periods a week for a credit; the five-period courses are half credit courses and two are required therefore for a credit. Laboratory sciences in the Senior College have the equivalent of seven or eight fifty minute periods. A statement of the amount of credit is included in the description of each course. No credit toward graduation is given for fewer than three credits in piano or voice work; or in the *first year's* work in a foreign language; or for fewer than one and a half credits in the *first year's* work in elective drawing, home economics, manual arts, physical education, reading, or school music.

Physical education, the use of the library, and penmanship are required in all curriculums, but are not a part of the total number of credits.

NUMBERING OF COURSES

Courses numbered 1-19 are for credit below the Junior College; courses numbered 20-29 are required in a curriculum in the Junior College; courses numbered 30-39 are elective courses for those in the Junior College; courses numbered 40 or above are Senior College courses. Courses numbered 1-19 do not count in the Junior College or above unless so stated in the description of the course. Courses in foreign language, botany, zoölogy, first year physics, and

first year chemistry may be taken by those who have not had them, but extra work is required to make the course equivalent to an upper class subject.

MAJOR AND MINOR SUBJECTS

In the four-year curriculums for graduates of four-year high schools, a student in a special curriculum takes twelve credits of work in the special subject; six in a minor subject, in some cases specified by the department of the major subject and in other cases left to the student's choice, the only restriction being that they shall constitute two years' work in some one department and that the courses chosen shall be satisfactory to that department. Students will consult the department of the major subject as to choice of minor subject and of electives.

ELECTIVES

There are three groups of electives: One for those in the Senior College, numbered 40 or above 40; one for those in the Junior College, numbered 30-39; the third for those below the Junior College, numbered 1-19, and not counting for those in the Junior College or above unless so stated in the description of the course. Students in the eleventh year or above are admitted to elective courses in home economics and manual arts. Students in the Junior College may take first year work in botany, chemistry, physics, or zoölogy, if they have not had these subjects, but extra work is required of them to make the course equivalent to an upper class subject. Students will consult the department of the major subject as to choice of electives and of minor subject.

DESCRIPTION OF CURRICULUMS

I. TWO-YEAR CURRICULUMS

24 credits

1. For preparation of teachers for the grades

Education 20, 21.....2 credits	Drawing 241 credit
Psychology 20, 21, 22.....3 credits	Manual Arts 24 or 25.....1 credit
Teaching 20, 21, 22.....3 credits	Music 241 credit
Arithmetic 20, 21.....2 credits	Reading 241 credit
Biology 20 or 25, or Elective 1 credit	Elective or Biology.....1 credit
English 20, 21, 22 (or 24).....3 credits	Penmanship 20 (1)
Geography 201 credit	Library 20 (1)
Geography 21 or English 23.1 credit	Physical Education 1, 2, 3 (2)
History 20, 21.....2 credits	Physical Education 4, 5, 6 (2)
Hygiene 201 credit	Total.....24 credits

NOTES: 1. A credit is the amount of work done in a prepared subject reciting five periods a week for a term of twelve weeks.

2. Each subject has five fifty-minute periods a week unless otherwise indicated by a number in parenthesis; but laboratory sciences have five sixty-minute periods (except chemistry, which has the equivalent of nine fifty-minute periods); manual arts and home economics require ten periods a week for full credit. In each five period course, there is one unassigned recitation a week.

3. Students who have had a year of geography in this school substitute elective credits for Geography 20, 21. Students who are graduates of this high school, substitute an elective credit for biology. Those who have not had in high school, a year of botany or zoology with laboratory work are advised to take a second term of biology. This second term counts as an elective credit.

4. Physiology 20 or the equivalent is prerequisite to Hygiene 20. A student who has not had the prerequisite may take Physiology 20 and count it as elective.

NOTES: A *Credit* is a term's work in a subject requiring preparation and reciting at least four periods a week.

The recitation period is 50 minutes. Each subject in the Junior College has five periods a week, one of which is an unassigned period; laboratory subjects, six periods. Each subject in the Senior College has four periods; laboratory subjects, six periods.

Numbers identify the course in the description of courses. Numbers in parentheses indicate the number of recitations a week.

*For a Two-year diploma: Teaching 41 and 42 are required instead of these two credits (Social Science 21 and Hygiene 20).

TRAINING SCHOOL

ORGANIZATION AND ADMISSION. The Training School consists of the Elementary School of eight grades, and the

High School of four grades. Below the ninth grade the number of pupils who can be admitted is limited. Pupils desiring admission are registered, then admitted in order of registration when vacancies occur.

Pupils once admitted to the school for the regular school year retain their places until completing the course unless they are unreasonably irregular in the attendance or fail to appear on the opening day of the school year without notice to the director of their intention to appear later.

In grades below the ninth, a fee of seventy-five cents is charged on the opening day of each of the three terms of the year. In the ninth grade and above the fees regularly charged Teachers College students are paid.

NOTE: The subjects of examination for both state and county supervisory certificates in Illinois include history of education.

*Prerequisite: Physiology 20 or the equivalent.

THE HIGH SCHOOL. The Teachers College High School is recognized by the State Department of Education and is accredited by the University of Illinois and by the North Central Association of Schools and Colleges. Those who have completed the eighth grade may enter the ninth grade which is the first year of a four-year high school. Those who have completed the work of a two-year rural high school may enter the tenth year. Full credit is allowed to students entering from any other accredited high school. Sixteen units are required for graduation.

 Chemistry, 1 year

*Piano, violin, and voice lessons are not accepted for high school credit.

Note: Students wishing to take two electives in the eleventh year may postpone History 4, 5, 6 or Physics 1, 2, 3 to the twelfth year.

Graduates of the high school are admitted to a Teachers College curriculum.

Substitution for physics is permitted on recommendation of the department of mathematics.

Students wishing to take two electives in the eleventh year may postpone physics or history to the twelfth year.

TRAINING TEACHERS. In the first nine grades, the immediate direction of the work of each grade and the responsibility for its progress is with the training teacher of the grade. The training teachers, with the director, plan the work for their grades, discuss with the student teachers their plans for teaching the different subjects, do enough of the teaching to keep the progress of the pupils at least up to the standard of city schools of the same type, and teach special lessons for the observation of Teachers College classes in methods of teaching the special subjects. The character of the work of the training teacher determines almost entirely the success of the Training School in accomplishing its purpose.

In the seventh, eighth, and ninth grades, each of the teachers has department work in the three grades. A training teacher for history has charge of that work in grades five to eight inclusive. A training teacher for music has charge of the music in grades one to eight. A training teacher for drawing has charge of the drawing in grades one to eight. The teachers

in other departments of the Teachers College have in all cases an advisory relation to the Training School and in some cases a supervisory relation. The High School is not yet organized for student teaching. Only one section of the ninth year in two subjects, and one section of the eleventh year in one subject, were used for this purpose this year.

PURPOSE. The purpose of the Teachers College in maintaining a Training School is two-fold. It needs a pedagogical laboratory in which students and members of the faculty may test the methods of instruction and the pedagogical theories taught in the Teachers College. And to develop in the students craftsmanship in teaching they must have opportunity to observe expert work and to develop skill by actual experience in teaching.

The results, however, cannot be secured unless the Training School itself is aiming at the best possible education for the boys and girls who are pupils in the school. If the Training School is not securing for its pupils results up to the standard of good schools of the usual type, it is not best adapted to its purpose as an experiment school, and if it is not at least equal to other elementary schools it is certainly not adapted to secure the best results as a school of observation and practice.

PRACTICE TEACHING. All students graduating from the Teachers College in the two-year curriculum are required to take throughout their second year a course in practice teaching. The first term of twelve weeks is spent under the direction of one training teacher, the second term is divided between two training teachers, and the third term, when the student-teacher has determined the grade in which his future teaching is to be done, is spent in training in that grade.

Student teachers are assigned to training teachers by the director and are assigned by the training teacher to particular teaching duties for one fifty-minute period each day. In the beginning of the first term the student makes plans for teaching the lessons in his assigned subject after discussing the subject matter and procedure with the training teacher, but for one or two weeks the teaching is done by the training teacher, the student observing. Gradually the teach-

NOTES—Roman numerals preceding a subject indicate the section of the class; Arabic numerals following a dash indicate the days of the week beginning with Monday. Morning exercises at nine o'clock; but chorus practice on Friday mornings, and class meetings on alternate Wednesdays, beginning with the second Wednesday of each term. Recess at ten minutes past eleven. R means room; T, Training School; M, Manual Arts Building; G, Gymnasium. There are three terms of twelve weeks each. Junior College subjects have five periods a week unless otherwise indicated by numbers following a dash. Laboratory sciences have five sixty-minute periods; Chemistry 30, 31, 32 requires nine fifty-minute periods, and second year Chemistry, eight periods. Manual arts and home economics require ten periods a week for full credit. Senior College subjects have four periods a week unless otherwise indicated by numbers following a dash. Laboratory sciences have seven or eight fifty-minute periods. Manual arts, home economics, and drawing require double time for full credit except as specified in the description of courses. Morning courses in the Senior College omit the recitation for the period of the day in which Junior College courses have the unassigned recitation; afternoon courses in the Senior College omit Saturday afternoon recitations. There is one unassigned recitation a week in each five hour subject in the Junior College and in the High School. Tuesdays for 8:15 classes. Wednesdays for 9:30 classes. Thursdays for 10:20 classes. Fridays for 11:20 classes. Saturdays for 1:30 and 7:30 classes. Tuesdays for 2:20 classes.

ing is turned over to the student, the training teacher observing and discussing the lessons and lesson plans before and after the student teaches the lesson. Each training teacher holds one general meeting each week with her group of students, besides special conferences with individuals. She also does as much of the teaching throughout the quarter as seems necessary to keep the class up to standard and to furnish the student opportunity to observe expert teaching.

Students taking the four-year course take one term of practice teaching in the Elementary School in their second year. Two terms of teaching, one in their major subject and one in their major or minor subject, are required of them in the Senior College.

OBSERVATION AND PARTICIPATION. In the first year all students are required to take one term's work in observation in the Training School. The course is designed to prepare them to meet the problems of teaching which they must meet in their course in practice teaching, to enable them to see the application of their course in psychology, and to assist them in selecting the group of grades in which they wish to teach. Opportunity is given to observe both the room management and the teaching of the training teacher. Some opportunity is offered to assist in the management and in the planning of lessons.

Beginning 1922-1923, the work in observation will be a part of the year's work in psychology.

DESCRIPTION OF COURSES

AGRICULTURE

Junior College

30. AGRONOMY. Farm crops. Requirements and cultural methods. Control of insect, weed, and disease enemies. Wheat, oats, alfalfa, and corn. Legumes, roots, and potato crop.

Five hours a week. One credit. Omitted 1922-1923.

31. ELEMENTARY SOIL AND PLANT STUDIES.

Five hours a week. One credit. Omitted 1922-1923.

32. HORTICULTURE. The Farm Garden. Study of the principles of gardening. Planting and care of the vegetable garden.

Five hours a week. One credit. Omitted 1922-1923.

33. ANIMAL HUSBANDRY. Fundamentals of livestock judging. Conformation and production. Use of score card. Horses and cattle. Sheep and swine.

Five hours a week. One credit. Fall term.

34. ANIMAL HUSBANDRY. Principles of Feeding. Classification of feed stuffs and nutrients. Feeding standards. Balanced rations. Compounding rations for common farm animals.

Five hours a week. One credit. Winter term.

35. ANIMAL HUSBANDRY. Poultry raising. A study of practices involved in the management of a flock. Breeds, types, varieties, feeding practices. Housing, yarding, feeding, marketing.

Five hours a week. One credit. Omitted 1922-1923.

36. DAIRY HUSBANDRY. Milk and its products. Testing milk and its products for butter fat. Bacteria and their relation to dairy sanitation.

Five hours a week. One credit. Spring term.

37. DAIRY FARMING. Breeds, selection, management and housing of dairy cattle. Short history of development. Common ailments and their treatment. Milk and its products.

Conditions affecting development. Systems, renting, cost of production, and methods of marketing.

Five hours a week. One credit. Omitted 1922-1923.

38. FARM MECHANICS.

Five hours a week. One credit. Omitted 1922-1923.

39. AGRICULTURAL EXTENSION. This course is planned primarily to meet the needs of country school teachers. It deals with the institutions of the country—school, home and church. Surveys, projects, and suggestions for supervisors, superintendents and directors.

Five hours a week. One credit. Summer term.

Senior College

Senior College courses in agriculture will not be offered in the year 1922-1923.

ART AND DESIGN

Junior College

24. ELEMENTARY DRAWING. Nature study, still life, study and practice of color, design, perspective, lettering, composition, and poster work.

Five hours a week. Every term. One credit.

30, 31, 32. ART AND DESIGN. First year's work.

Still Life I. A study of freehand perspective and its application in the drawing of objects, singly and in groups.

Design I. A study of color, principles of design, problems involving principles of rhythm, balance, and harmony.

Lettering. A comprehensive study of various letter forms, including Roman, Gothic, and poster alphabets, followed by practical problems, using the alphabets studied.

Perspective. A course including the essentials of pictorial and mechanical perspective.

Mechanical Drawing. Study of geometrical problems, simple working drawings, orthographic projection, and isometric drawings.

History of Ornament. An illustrated lecture course in historical ornament.

Eleven hours a week, one of which is a lecture hour. Three credits. Course 30, fall term; Course 31, winter term; Course 32, spring term.

33, 34, 35. ART AND DESIGN. Second year's work.

Life Sketch. A careful study of the costumed figure in charcoal, pencil, pen and ink.

Design II. Design with more direct application to decorative art and materials. Leather tooling, wood block printing, tied and dyed work.

Still Life II. A study of object drawing, continued. Much time is spent on technique, using various mediums; pen and ink, watercolor.

Pictorial Composition. I. A study of the principles of composition. Various mediums in black and white. Outdoor sketching.

Methods I. (Grades I-IV.) The course includes a discussion of the value of art in education; its relation to other subjects and to industries, and the methods of teaching drawing in the elementary grades, the planning of lessons and of a course of study.

History of Sculpture. An illustrated lecture course on Greek and Roman sculpture.

Eleven hours a week, one of which is a lecture hour. Three credits. Course 33, fall term; Course 34, winter term; Course 35, spring term.

Senior College

40. THE TEACHING OF DRAWING. A course in method in drawing with special reference to drawing in the high school.

Four hours a week. One half of a credit. Omitted 1922-1923.

41. PRACTICE TEACHING IN DRAWING.

Five hours a week. One credit. Omitted 1922-1923.

42. PRACTICE TEACHING IN DRAWING, continued.

Five hours a week. One credit. Omitted 1922-1923.

43, 44, 45. ART AND DESIGN. Third year's work.

Methods II. (Grades V-VIII). A course in drawing method with special reference to drawing in the upper grades.

Pictorial Composition II. Advanced composition using color in various mediums.

Life Sketch II. Advanced work from costumed figures including a brief study of anatomy.

Still Life III. Advanced work. Various color mediums used.

History of Painting. An illustrated lecture course, including ancient and modern paintings.

Nine hours a week, one of which is a lecture hour. Three credits. Course 43, fall term; Course 44, winter term; Course 45, spring term.

46, 47, 48. ART AND DESIGN. Fourth year's work.

Design III. Study of design, continued. Special emphasis on craft works.

Life Sketch III. Study of figure drawing, continued.

Commercial Art. Advanced problems including application of composition and lettering to posters.

Costume Design. A study of the principles of design and color applied to the modern figure.

Interior Decoration. Harmony of color in household furnishings, wall paper, hangings, draperies, and rugs.

History of Architecture. An illustrated lecture course on ancient and modern architecture.

Nine hours a week, one of which is a lecture hour. Three credits. Omitted 1922-1923.

EDUCATION, TEACHING, AND OBSERVATION

EDUCATION

Junior College

20. PRINCIPLES OF EDUCATION. Through discussion of the nature and aims of education, foundations are laid for notions of educational values, selection of the curriculum, methods of teaching and the school management course which follows.

Five hours a week. One credit. Fall, winter, and spring terms.

21. SCHOOL MANAGEMENT. This course accompanies the course in practice teaching and interprets the management

of the Training School. Classroom social relations, routine, the daily programme, discipline, and the technique of teaching are discussed.

Five hours a week. One credit. Fall, winter, spring, and summer terms.

22. HISTORY OF EDUCATION. *Omitted 1922-1923.*

23. EDUCATIONAL SOCIOLOGY. *Omitted 1922-1923.*

24. PRIMARY EDUCATION. The course deals with reading, number, dramatization, story-telling, games, and other activities belonging to a primary school.

Five hours a week. One credit. Spring term.

25. PRIMARY DRAWING AND HANDWORK.

Required in the second year of the curriculum for preparation of primary teachers. Five hours a week. One credit. Fall term.

26. CHILD PHYSIOLOGY.

Required in the second year of the curriculum for preparation of primary teachers. Five hours a week. One credit. Winter term.

27. FOLK GAMES AND PRIMARY MUSIC.

Required in the second year of the curriculum for preparation of primary teachers. Five hours a week. One credit. Spring term.

Senior College

40 P. PRIMARY GRADE SUPERVISION.

Required in the curriculum for preparation of primary teachers. Five hours a week. One credit. Omitted 1922-1923.

40 I. INTERMEDIATE GRADE SUPERVISION.

Required in the curriculum for preparation of teachers for the intermediate grades. Five hours a week. One credit. Omitted 1922-1923.

40 G. GRAMMAR GRADE SUPERVISION. *Omitted 1922-1923.*

40 H. HIGH SCHOOL SUPERVISION. *Omitted 1922-1923.*

41, 42, 43. PRACTICE TEACHING. See Teaching 41, 42, 43.

44. TECHNIQUE OF TEACHING AND TESTING RESULTS. See Psychology 44.

45. EDUCATIONAL PSYCHOLOGY. See Psychology 45.

46. EDUCATIONAL PSYCHOLOGY WITH SPECIAL REFERENCE TO CHILD PSYCHOLOGY. See Psychology 46.

47. PHILOSOPHY OF EDUCATION.

Required in the last year of the senior college. Four hours a week. One credit. Spring term, even years, alternating with education 45.

48. SCHOOL ORGANIZATION AND ADMINISTRATION.

Required in the last year of the curriculum in educational administration and supervision. Four hours a week. One credit. Omitted 1922-1923.

49. SCHOOL LAW AND FINANCE.

Required in the last year of the curriculum in educational administration and supervision. Four hours a week. One credit. Omitted 1922-1923.

50. CURRENT EDUCATIONAL PROGRESS.

Required in the last year of the curriculum in educational administration and supervision. Four hours a week. One credit. Omitted 1922-1923.

TEACHING

Junior College

A detailed description of the courses in practice teaching and of the course in observation may be found under the head, Training School.

20. PRACTICE TEACHING IN THE GRADES.

Required in the Junior College in all curriculums. Five hours a week. One credit. Fall, winter, and spring terms.

21, 22. PRACTICE TEACHING IN THE GRADES.

Required in the second year of the two-year curriculum for preparation of teachers for the grades. Five hours a week. One credit for each course. Fall, winter, and spring terms.

24. OBSERVATION AND PARTICIPATION. See Psychology 20, 21, 22.

30, 31, 32. Practice teaching may be elected in the second year of the two-year curriculum if permission is obtained.

Elective in the second year of the two-year curriculum. Five hours a week. Three credits, one each for Course 30, Course 31, Course 32. Fall, winter, and spring terms.

Senior College

41, 42. PRACTICE TEACHING IN THE MAJOR OR MINOR SUBJECT.

Two terms of practice teaching are required in the Senior College. At least one of these terms must be in the major subject. These courses are listed under the same numbers (41, 42) in the description of courses in each department.

Required in the Senior College in all curriculums; and substituted for Social Science 21 and Hygiene 20 by those who wish a two-year diploma in agriculture, art, home economics, manual arts, or music. Two credits (Course 41, one credit; Course 42, one credit). Five hours a week. Fall, winter, and spring terms.

41 P, 42 P, 43 P. PRACTICE TEACHING IN PRIMARY GRADES.

Required in the Senior College in the curriculum for preparation of primary teachers. Five hours a week. Three credits (Course 41 P, one credit; Course 42 P, one credit; Course 43 P, one credit).

41 I, 42 I, 43 I. PRACTICE TEACHING IN INTERMEDIATE GRADES.

Required in the Senior College in the curriculum for preparation of intermediate teachers. Five hours a week. Three credits. (Course 41 I, one credit; Course 42 I, one credit; Course 43 I, one credit); Fall, winter, and spring terms.

ENGLISH

High School

1, 2, 3. ELEMENTS OF ENGLISH. Elementary composition, with grammar review. Emphasis on practical composition, letter-writing, oral and written recitations in other subjects,

and the qualities of all good speech. Several good books read and studied.

Prerequisite: English 1 to English 2; English 2 to English 3. Required in the ninth year. Five hours. Three credits. English 1, fall term; English 2, winter term; English 3, spring term.

4, 5, 6. RHETORIC. Chiefly description, narration, and exposition, both oral and written. Grammar review, continued. Several classics studied.

Prerequisite: English 4 to English 5; English 5 to English 6. Required in tenth year. Five hours. Three credits. English 4, fall term; English 5, winter term; English 6, spring term.

Students entering the Senior High School unable to carry English 4 are required to take one or more terms of *Elements of English* (see above) without credit.

7, 8, 9. ENGLISH LITERATURE FROM SHAKESPEARE TO SCOTT. Although the students are expected to get a fair idea of the history of this period of literature, the class work is devoted mainly to the literature itself. In making the selections for study, the instructor is guided by the capacity of the class and the usual demands of an introductory course in literature.

Prerequisite: English 7 to English 8; English 8 to English 9. Required in the eleventh year. Five hours. Three credits. Course 7, fall term; Course 8, winter term; Course 9, spring term.

10, 11, 12. A STUDY OF TYPES OF LITERATURE.

This course is designed especially for those students who have done creditable work in their previous English classes and desire an additional high school course. The class spends the first half of the year with poetry, narrative, lyric, and dramatic; and the second half with prose, emphasizing the essay and the novel. Regular composition work, both oral and written, is required.

Prerequisite: English 7, 8, 9; and English 10, to English 11; English 11, to English 12. Elective in the twelfth year. Five hours. Three credits. Course 10, fall term; Course 11, winter term; Course 12, spring term.

Junior College

20. COMPOSITION. Intended primarily to insure a fairly adequate equipment in English to prospective teachers. Clearness in thought and expression, with correctness in grammar and spelling, insisted upon. Further work is required of all who, upon completing the course, fail to meet a definite standard of proficiency, this proficiency to be attested by the work done not only in the English class but in all others.

Required in the first year in all curriculums. Five hours. One credit. Fall, winter, and summer terms.

21. GRAMMAR. An elementary course in the science of modern English grammar, which gathers together the most important facts about the sentence and parts of speech.

Required in the first year in all curriculums. Five hours. One credit. Every term.

Any student who has offered English 21a and 21b (given in the summer term) as part equivalent for English 1, 2, 3 is required to substitute some other course in English for Course 21.

22. LITERATURE IN THE GRADES. Emphasizes chiefly wide acquaintance with the great bodies of world literature—myth, legend, etc.—and with the best poetry suitable for children.

Required in the first year of the two-year curriculum unless Course 24 is taken; elective in any curriculum. Five hours. One credit. Spring and summer terms.

23. LITERATURE AND STORY-TELLING, GRADES I TO IV. The study of stories suitable for telling to children; practice in selecting, adapting, and telling stories before the class.

Required in the second year of the curriculum for preparation of teachers for primary grades. Elective in any curriculum. Five hours a week. One credit. Spring term.

24. TEACHING OF ENGLISH. The English work of the upper grades is covered as fully as time permits, including discussion of materials, purposes, standards, theme-topics, correcting of compositions, and methods of teaching.

Prerequisites: English 20 and 21. Required in the first year of the two-year curriculum unless Course 22 is taken;

elective in any curriculum. Five hours. One credit. Spring and summer terms.

25. INTRODUCTION TO LITERATURE. Designed to give the student an acquaintance with the most common types of English literature, including lyric and epic poetry, the essay, the novel, the short story, and the drama.

Prerequisite: English 20 and 21. Required in all four-year curriculums. Elective in any curriculum. One credit. Spring term.

30, 31. NINETEENTH CENTURY PROSE FICTION. The primary aim is to arouse the student's interest in the best fiction, and the secondary to furnish him with standards of judgment.

Elective. Five hours. Two credits. Omitted 1922-1923.

34. AMERICAN LITERATURE. A survey of American literature from the beginning to the present.

Elective. Five hours. One credit. Omitted 1922-1923.

35. CLASSICAL DRAMA. A survey of the drama from the time of Aeschylus to the fall of the Roman theatre.

Elective. Five hours. One credit. Fall term.

36. ELIZABETHAN DRAMA. The course is outlined with especial reference to the important contemporaries of Shakespeare, and furnishes the background for the later study of Shakespeare.

Elective. Five hours. One credit. Winter term.

37. MODERN DRAMA. The purpose of this course is to familiarize the student with what is best in modern drama.

Elective. Five hours. One credit. Spring term.

38. READINGS IN CONTEMPORARY LITERATURE. This course introduces the student to some of the best in contemporary English and American literature.

Elective; also accepted for English 25. Five hours. One credit. Summer term.

Senior College

40. THE TEACHING OF ENGLISH IN THE HIGH SCHOOL. Important topics connected with English in the high school are covered as fully as time permits.

Required of those whose major subject is English. Four hours a week. One credit. Fall term.

41, 42. PRACTICE TEACHING IN ENGLISH IN THE HIGH SCHOOL. *Omitted 1922-1923.*

43. CONTEMPORARY LITERATURE. Extensive reading in current literature introduces the student to the best that is being written today, and provides him with some standards of judgment with the hope of stimulating his enthusiasm for good books.

Required in the first year of the Senior College in all curriculums. Four hours. One credit. Fall term.

44. ADVANCED RHETORIC. Chiefly written composition, applying the principles of organization and effective expression to somewhat more extended material than does English 20. The intensive study of sentences for clearness and force is emphasized.

Prerequisite: Junior College required English. Required in the first year of the Senior College in all curriculums. Four hours. One credit. Winter term.

45. ORAL ENGLISH. Through prepared talks and discussions, this course gives training in the effective expression of genuine ideas and opinions. Sincerity, adequate development of thought, the proper use of facts and evidence, and also the principles and practice of good delivery are stressed.

Prerequisite: Junior College required English. Required in the first year of the Senior College in all curriculums. Four hours. One credit. Spring term.

46. SHAKESPEARE. A study of the most important plays with some attention to sources and backgrounds. The other poems of Shakespeare are briefly considered.

Prerequisite: Junior College required English. Required in the English curriculum; elective in others. Four hours. One credit. Fall term.

47, 48. MODERN ENGLISH POETRY. Appreciation of the art of poetry, and a study of some of the chief poets, 1798-1922, as they illustrate this art.

Prerequisite: Course 46. Required in the English curriculum; elective in others. Four hours. Course 47, one

credit; Course 48, one credit. Course 47, winter term; Course 48, spring term.

49, 50. MODERN PROSE. The essay and the short story. Omitted 1922-1923.

51. HISTORY OF THE ENGLISH LANGUAGE AND ADVANCED GRAMMAR. Omitted 1922-1923.

FOREIGN LANGUAGE

FRENCH

High School

1, 2, 3. FIRST YEAR FRENCH. ; Fraser and Squair's *Shorter French Course*. A careful study of grammatical rules and of pronunciation. *Petits Contes de France: Sans Famille: La Tâche du Petit Pierre*. Sight reading of easy French prose. Conversation.

Prerequisite: French 1 to French 2, French 2 to French 3. Elective. Five hours a week. Three credits. French 1, fall term; French 2, winter term; French 3, spring term.

4, 5, 6. SECOND YEAR FRENCH. Fraser and Squair's *Complete French Grammar*. *L'Abbe Constantin. Le Voyage de M. Perrichon. Colomba*. Sight reading; conversation; composition.

Prerequisite: French 1, 2, 3 or equivalent. Elective. Five hours a week. Three credits. French 4, fall term; French 5, winter term; French 6, spring term.

7, 8, 9. THIRD YEAR FRENCH. *La Tulipe Noire. Hernani Eugenie Grandet. Les Femmes Savantes*. Composition. Themes. Sight reading. Conversation.

Prerequisite: French 4, 5, 6 or equivalent.

Junior College

30, 31, 32. FIRST YEAR FRENCH.

Elective. Five hours a week. Three credits; no credit toward graduation for less than a year's work. Course 30, fall term; Course 31, winter term; Course 32, spring term.

33, 34, 35. SECOND YEAR FRENCH.

Elective. Five hours a week. Three credits. Course 33, fall term; Course 34, winter term; Course 35, spring term.

Senior College

40. THE TEACHING OF MODERN LANGUAGES. *Omitted 1922-1923.*

41, 42. PRACTICE TEACHING IN MODERN LANGUAGES. *Omitted 1922-1923.*

43, 44, 45. THIRD YEAR FRENCH.

Prerequisite: Second year French. Four hours a week. Three credits. Course 43, fall term; Course 44, winter term; Course 45, spring term.

46, 47, 48. FOURTH YEAR FRENCH. *Omitted 1922-1923.*

GERMAN

Omitted 1922-1923.

LATIN

High School

1, 2, 3. FIRST YEAR LATIN. A careful study of inflection, syntax, vocabulary, and translation.

Prerequisite: Latin 1 to Latin 2; Latin 2 to Latin 3. Elective. Five hours a week. Three credits. Latin 1, fall term; Latin 2, winter term; Latin 3, spring term.

4, 5, 6. SECOND YEAR LATIN. Cæsar, Bks. I-IV with selections from the other books. Latin Grammar and composition.

Prerequisite: Latin 1, 2, 3. Five hours a week. Three credits. Latin 4, fall term; Latin 5, winter term; Latin 6, spring term.

7, 8, 9. THIRD YEAR LATIN. Cicero, six orations and selections from the letters. Latin grammar and composition. The Latin element in English. Figures of speech. The reckoning of time. Sight translation. The memorizing of selected passages.

Prerequisite: Latin 4, 5, 6. Elective. Five hours a week. Three credits. Omitted 1922-1923.

10, 11, 12. FOURTH YEAR LATIN. Virgil's Aeneid, Bks. I-VI. Greek and Roman mythology, poetical constructions, figures, prosody, Virgil's debt to Homer, the memorizing of selected lines and passages, sight translation.

Prerequisite: Latin 7, 8, 9. Elective. Five hours. Three

credits. Latin 10, fall term; Latin 11, winter term; Latin 12, spring term.

Junior College

30. LIVY, SELECTIONS.

Prerequisite: Four years of elementary Latin. Elective. Five hours a week. One credit. Fall term.

31. CICERO, DE AMICITIA AND DE SENECTUTE.

Prerequisite: Course 30. Elective. Five hours a week. One credit. Winter term.

32. HORACE, ODES AND EPODES.

Prerequisite: Course 31. Elective. Five hours a week. One credit. Spring term.

33. VIRGIL, AENEID, BKS. VII-XII.

Prerequisite: Four years of elementary Latin. Elective. Five hours a week. One credit. Omitted 1922-1923.

34. HORACE, SATIRES AND EPISTLES.

Prerequisite: Course 33. Elective. Five hours a week. One credit. Omitted 1922-1923.

35. LATIN COMEDY.

Prerequisite: Course 34. Elective. Five hours a week. One credit. Omitted 1922-1923.

Senior College

40. THE TEACHING OF LATIN. *Omitted 1922-1923.*

41, 42. PRACTICE TEACHING IN LATIN. *Omitted 1922-1923.*

43. OVID, METAMORPHOSES. *Omitted 1922-1923.*

44. PLINY, LETTERS. *Omitted 1922-1923.*

45. LATIN WRITING. *Omitted 1922-1923.*

GEOGRAPHY

High School

1. PHYSIOGRAPHY. Land forms and their development, atmosphere and climate, and influence of physical conditions upon modes of living, industries, institutions, and distribution of peoples.

Required in the twelfth year. Five hours a week. One credit. Fall and summer terms.

2. **PHYSIOGRAPHY.** A continuation of Course 1.

Prerequisite: Course 1. Required in the twelfth year. Five hours a week. One credit. Winter and summer terms.

3. **COMMERCIAL GEOGRAPHY.**

Prerequisite: Course 2. Required in the twelfth year. Five hours a week. One credit. Spring term.

Junior College

20. **PRINCIPLES OF HUMAN GEOGRAPHY.**

Required in the Junior College of those in the two-year curriculum and in Curriculums II. 1 and II. 2 of those who have not had Courses 1 and 2. Five hours a week. One credit. Fall, spring, and summer terms.

21. **CLIMATOLOGY.** A study of climate and its influence upon forms and distribution of plant and animal life and upon the distribution and advancement of man.

Required in the Junior College of those in the two-year curriculum and in Curriculum II. 2 who have not had Courses 1, 2, and 3 and who do not take Education 24. Five hours a week. One credit. Winter term.

22. The requirement of Geography 22 may be satisfied by offering the geography of a continent (30, 31, 32, or 33) if the student has had Geography 1, 2, 3 in this school. Those who have not had Geography 1, 2, 3 may offer the geography of a continent or Geography 46 or 47.

Prerequisite: Course 20 and Course 21. Required in Curriculum II. 2 Five hours a week. One credit. Every term.

30. **GEOGRAPHY OF NORTH AMERICA.**

Prerequisite: Courses 20 and 21, or Courses 1, 2 and 3. Elective. Five hours a week. One credit. Fall term.

31. **GEOGRAPHY OF SOUTH AMERICA.**

Prerequisite: Courses 20 and 21, or Courses 1, 2 and 3. Elective. Five hours a week. One credit. Winter and summer terms, 1922.

32. GEOGRAPHY OF EUROPE.

Prerequisite: Courses 20 and 21, or 1, 2 and 3. Elective. Five hours a week. One credit. Summer term.

33. GEOGRAPHY OF ASIA, AFRICA, AND AUSTRALIA.

Prerequisite: Courses 20 and 21, or 1, 2 and 3. Elective. Five hours a week. One credit. Spring term.

*Senior College*40. THE TEACHING OF GEOGRAPHY. *Omitted 1922-1923.*41, 42. PRACTICE TEACHING IN GEOGRAPHY. *Omitted 1922-1923.*43. METEOROLOGY. *Omitted 1922-1923.*44. — HISTORY, GOVERNMENT, AND ECONOMICS

HISTORY

High School

1. ANCIENT HISTORY TO THE RISE OF GREEK CIVILIZATION.

Elective in the tenth year. Five hours a week. Fall term. One credit.

2. THE GREEKS AND GREEK CIVILIZATION.

Elective in the tenth year. Five hours a week. One credit. Winter term.

3. THE ROMAN REPUBLIC AND EMPIRE AND THE BARBARIAN INVASIONS.

Elective in the tenth year. Five hours a week. One credit. Spring term.

4. THE HISTORY OF ENGLAND TO 1400.

Required in the eleventh year. Five hours a week. One credit. Fall term.

5. THE HISTORY OF ENGLAND, 1400-1689.

Required in the eleventh year. Five hours a week. One credit. Winter term.

6. THE HISTORY OF ENGLAND AND THE BRITISH EMPIRE, 1689 TO THE PRESENT.

Required in the eleventh year. Five hours a week. One credit. Spring term.

7. AMERICAN HISTORY TO 1800.

Elective in the twelfth year. Five hours a week. One credit. Fall term.

8. THE HISTORY OF THE UNITED STATES, 1800-1865.

Elective in the twelfth year. Five hours a week. One credit. Winter term.

9. THE HISTORY OF THE UNITED STATES, 1865 TO THE PRESENT.

Elective in the twelfth year. Five hours a week. One credit. Spring term.

Junior College

The requirement of History 20, 21 and also of social science in the Junior College may be fulfilled by selecting any two consecutive terms of either European or American history; of History 20, 21, 22, three consecutive terms.

30. THE HISTORY OF WESTERN EUROPE FROM THE CLOSE OF THE FOURTH CENTURY TO 1648.

Elective. Five hours a week. One credit. Fall term.

31. THE HISTORY OF EUROPE, 1648-1815.

Elective. Five hours a week. One credit. Winter term.

32. THE HISTORY OF EUROPE, 1815 TO THE PRESENT.

Elective. Five hours a week. One credit. Spring term.

33. AMERICAN POLITICAL AND INSTITUTIONAL HISTORY TO 1800.

Elective. Five hours a week. One credit. Fall term.

34. THE POLITICAL AND INSTITUTIONAL HISTORY OF THE UNITED STATES, 1800-1865.

Elective. Five hours a week. One credit. Winter term.

35. THE POLITICAL AND INSTITUTIONAL HISTORY OF THE UNITED STATES, 1865 TO THE PRESENT.

Elective. Five hours a week. One credit. Spring term.

Senior College

40. THE TEACHING OF HISTORY.

Required. Four hours a week. One credit. Fall term.

41, 42. PRACTICE TEACHING IN HISTORY.

Required. Five hours a week. One credit. Course 41, winter term; Course 42, spring term.

43, 44, 45. ENGLISH HISTORY. A fundamental course in the political and social institutions of England.

Elective. Four hours a week. Three credits. Course 43, fall term; Course 44, winter term; Course 45, spring term.

SOCIOLOGY

Junior College

20, 21. See History 20, 21.

Senior College

43, 44, 45. SOCIOLOGY.

Elective. Four hours a week. Three credits. Course 43, fall term; Course 44, winter term; Course 45, spring term.

GOVERNMENT

High School

1. STATE AND LOCAL CIVIL GOVERNMENT.

Elective in the eleventh and twelfth years. Five hours a week. One credit. First summer term.

2. THE NATIONAL GOVERNMENT.

Elective in the eleventh and twelfth years. Five hours a week. One credit. First summer term.

Senior College

Note: Government 43, 44, 45 alternates with History 43, 44, 45.

43. STATE AND LOCAL GOVERNMENT.

Elective. Four hours a week. One credit. Omitted 1922-1923.

44. THE NATIONAL GOVERNMENT.

Elective. Four hours a week. One credit. Omitted 1922-1923.

45. MODERN GOVERNMENTS OF EUROPE AND AMERICA.

Prerequisite: Course 44. Elective. Four hours a week. One credit. Omitted 1922-1923.

ECONOMICS

Senior College

Note: Economics 43, 44, 45 alternates with Sociology 43, 44, 45.

43. THE ECONOMIC HISTORY OF THE UNITED STATES.

The natural resources, their extent, geographical distribution and relation to industrial life; the development of agriculture, industry, commerce, and transportation; the changes in methods of production and distribution and their relations to present economic problems.

Elective. Four hours a week. One credit. Omitted 1922-1923.

44. THE PRINCIPLES OF ECONOMICS.

Elective. Four hours a week. One credit. Omitted 1922-1923.

45. THE PRINCIPLES OF ECONOMICS, and their application to present day economic problems.

Prerequisite: Course 44. Elective. Four hours a week. One credit. Omitted 1922-1923.

46. MONEY AND BANKING. *Omitted 1922-1923.*

HOME ECONOMICS

DOMESTIC ART

Junior College

30. PLAIN SEWING. Garment making requiring hand and machine sewing, darning, knitting, crocheting, embroidery and straight line drafting with methods for presenting this work in public schools.

Elective. Five hours a week. One half of a credit when followed by Course 31 and Course 32. Fall and summer terms.

31. PLAIN SEWING. Garment making continued. The study of the sewing machine and its attachments. Discussion of materials as to cost, widths, suitability, and wearing qualities.

Elective. Five hours a week. One half of a credit. Winter term.

32. PLAIN SEWING. The making and drafting of a shirt waist and the making of a summer dress. Materials discussed.

Elective. Five hours a week. One half of a credit. Spring term.

33. DRESSMAKING AND TEXTILES. The making of dresses of silk and wool. The choice and care of clothing.

Prerequisite: Courses 30, 31, 32. Elective. One half of a credit. Fall term.

34. DRESSMAKING AND TEXTILES, continued. Discussion of selection of materials. The study of the commercial pattern. Discussion of drafting, cutting, and fitting of patterns.

Prerequisite: Course 33. Elective. One half of a credit. Winter term.

35. DRESSMAKING AND TEXTILES, continued. The making of summer dresses. Discussion of appropriateness in dress. The planning and the cost of a girl's wardrobe.

Prerequisite: Course 34. Elective. Five hours a week. One half of a credit. Spring term.

Senior College

40. THE TEACHING OF HOME ECONOMICS. A study of the State Course of Study in home economics. Planning courses of study in different grades. Cost and planning of equipment. The management of a department of home economics. *Omitted 1922-1923.*

41, 42. PRACTICE TEACHING IN HOME ECONOMICS. *Omitted 1922-1923.*

43, 44, 45. TAILORING. This course continues Dressmaking 33, 34, 35 and includes the making of a winter suit, a child's winter coat and spring coat or dress.

Prerequisite: Course 35. Elective. Eight hours a week. Three credits. Omitted 1922-1923.

46. FALL MILLINERY. The making of buckram frames. The covering and making a winter hat. The renovating of old velvets and ribbons.

Elective. Four hours a week. One half of a credit. Omitted 1922-1923.

47. COSTUME DESIGN. The history of the costume and the application of design and color to dress.

Prerequisite: Course 35. Four hours a week. One credit. Omitted 1922-1923.

48. SPRING MILLINERY. The making of buckram and wire frames. The covering and trimming of a spring hat. Good and bad taste in the choice of hats.

Elective. Four hours a week. One half of a credit. Omitted 1922-1923.

DOMESTIC SCIENCE

I

Junior College

30. FOODS. This course is an introduction to the study of foods. The classification, selection, and preparation of foods. Lecture and laboratory work.

Elective. Five hours a week. One half of a credit when followed by Course 31 and Course 32. Fall and summer terms.

31, 32. **FOODS.** The cooking of foods continued. The production, manufacture, use and nutritive values of foods. Lecture and laboratory.

Elective. Five hours a week. One half of a credit for Course 31, and the same for Course 32. Course 31, winter term; Course 32, spring term.

33. **EXPERIMENTAL COOKERY.** This course takes up conservation problems. The cost and serving of foods. The use of the thermometer in processes of cooking. Practice work in demonstration cooking.

Prerequisite: Course 32 and Chemistry 30, 31, 32. One half of a credit. Fall term.

34, 35. **EXPERIMENTAL COOKERY (continued).** Experiments to find adulterants in foods. Demonstration work continued.

Prerequisite: Course 33. Five hours a week. Course 34, one half of a credit; Course 35, one half of a credit. Course 34, winter term; Course 35, spring term.

Senior College

40, 41, 42. See Domestic Art 40, 41, 42. Omitted 1922-1923.

43, 44, 45. **MARKETING AND SERVING.** Menu making. marketing, preparation and serving of meals with reference to cost. The preparation and serving of food for the sick and convalescent.

Prerequisites: Course 35 and Chemistry 30, 31, 32. Eight hours a week. Three credits. Omitted 1922-1923.

46, 47. **DIETETICS.** The study and construction of dietaries for health and for disease. The preparation of meals according to various dietary standards and varying costs.

Prerequisites: Course 35 and Chemistry 30, 31, 32. Elective. Four hours a week. Course 46, one credit; Course 47, one credit. Omitted 1922-1923.

48, 49. **HOME NURSING.** The care of the healthy and the sick. First aid and emergency work.

Elective. Four hours a week. Course 48, one half of a credit. Course 49, one half of a credit. Omitted 1922-1923.

II.

50. HOUSE STRUCTURE. The evolution of the home; the design and construction of the house. House planning. heating, lighting, ventilation, and plumbing.

Elective. Four hours a week. One credit. Fall term.

51. HOUSE STRUCTURE, continued. The furnishing of the home. The study of furniture, carpets, draperies, and bric-a-brac.

Elective. Four hours a week. One credit. Winter term.

52. HOME MANAGEMENT. The evolution of the family. Expenditure of income. Systematic management.

Elective. Four hours a week. One credit. Spring term.

THE USE OF THE LIBRARY

Certain courses offered in the school require considerable work in the library, including reading, and looking up references, and assigned topics. To do this work with the wisest expenditure of time and effort, students should know how to use the card catalogue, magazine indexes, and some common reference books. Lessons, required of all students, are given in the eleventh and freshman years. An effort is made to have these lessons prepare for library work required of students in other courses.

XI. THE USE OF THE LIBRARY. Elementary Course.

Required in the eleventh year. One hour a week. Fall and summer terms.

20. THE USE OF THE LIBRARY.

Required in the freshman year. One hour a week. Fall and winter terms.

21. THE USE OF THE LIBRARY.

Required in the freshman year of students who have had Library XI. One hour a week. Spring term.

MANUAL ARTS

Junior College

24. PRIMARY GRADE HANDWORK. A course for primary teachers and for supervisors of primary schools. Paper folding, paper weaving, cardboard construction, book binding, woodwork, basketry (reed and raffia), clay work.

Required in the two-year curriculum unless Course 25 is offered; required also in the four-year primary and art curriculums. Five hours a week with outside work. One credit. Winter term.

25. INTERMEDIATE GRADE HANDWORK.

Required in the two-year curriculum unless Course 24 is offered; required also in the four-year curriculum for preparation of teachers of the intermediate grades. Five hours a week with outside work. One credit. Fall and spring terms.

30. ELEMENTARY MECHANICAL DRAWING. A thorough and practical course in the fundamentals of mechanical drawing. Emphasis is placed on good technique, accuracy, and speed. Lettering, simple perspective, orthographic projection, geometrical construction, sectional views. The common conventions of commercial practice.

Elective in any year of any curriculum. Five hours a week. One half of a credit. Fall and summer terms.

31, 32. MECHANICAL DRAWING. Isometric and cabinet projection, elementary furniture design, principles and developments. A practical course in machine design. Lectures, demonstration, and applications, supplemented by textbook work.

Prerequisite: Course 30; also Course 31 to Course 32. Elective in any year of any curriculum. Five hours a week. Course 31, one half of a credit; Course 32, one half of a credit. Course 31, winter term; Course 32, spring term; both courses, summer term.

33. ELEMENTARY WOODWORK. Instruction in the care and use of woodworking tools. Construction of tools. Lectures, demonstration, and applications, supplemented by textbook work.

Prerequisite: Course 30, unless the student is taking Course 30. Elective in any year of any curriculum. Five hours a week. One half of a credit. Fall and summer terms.

34, 35. JOINERY AND ADVANCED WOODWORK. A study of various types of joints used in furniture construction. Application in type problems. Study of varieties of wood. Lectures, demonstration, and applications.

Prerequisite: Course 33; also Course 34 to Course 35. Elective in any year of any curriculum. Five hours a week. Course 34, one half of a credit; Course 35, one half of a credit. Course 34, winter term; Course 35, spring term.

36, 37. FURNITURE AND CABINET CONSTRUCTION. The commercial method of production. Use of power machinery. Study of periods and styles of furniture. Applied design. Pieces are designed and one or more made in the shop. Students pay for material used and are allowed to take the furniture home at the end of the school year.

Prerequisite: Course 35. Elective in the eleventh year and above. Ten hours a week. Course 36, one credit; Course 37, one credit. Course 36, fall and summer terms; Course 37, winter term.

38. BUILDINGS AND EQUIPMENT FOR MANUAL ARTS WORK. Prices and supplies. Library assignments and reports. A careful study of wood finishes and their application. A continuation of Course 37 in that one piece of superior cabinet work of original but approved design is made.

Prerequisite: Course 37. Elective in the eleventh year and above. Ten hours a week. One credit. Spring term.

39. WOOD TURNING AND PATTERN MAKING. *Omitted 1922-1923.*

Senior College

40. THE TEACHING OF INDUSTRIAL AND VOCATIONAL ARTS. *Required in the four-year curriculum in Manual Arts. Five hours a week. Spring term. One credit.*

41, 42. PRACTICE TEACHING IN INDUSTRIAL ARTS. *Omitted 1922-1923.*

43. SHEET METAL WORK. *Omitted 1922-1923.*

44. PLUMBING AND ELECTRICAL ENGINEERING. *Omitted 1922-1923.*
45. BRICK AND CEMENT WORK. *Omitted 1922-1923.*
46. PATTERN MAKING.
Elective. Ten hours a week. One credit. Fall term.
47. FORCE AND FOUNDRY.
Elective. Ten hours a week. One credit. Omitted 1922-1923.
48. MACHINE SHOP.
Elective. Ten hours a week. One credit. Omitted 1922-1923.
- 49, 50. ARCHITECTURAL DRAWING.
Elective. Five hours a week. Course 49, fall term; Course 50, winter term. One half of a credit for each course.
- 51, 52. ADVANCED MECHANICAL DRAWING.
Elective. Five hours a week. Course 51, fall term; Course 52, winter term. One half of a credit for each course.
53. FOUNDRY. *Omitted 1922-1923.*
54. ADVANCED MACHINE SHOP. *Omitted 1922-1923.*
- 55, 56. CARPENTRY.
Elective. Ten hours a week. Course 55 one credit; Course 56, one credit; Course 55 winter term; Course 56, spring term.
57. AUTOMOBILE REPAIR. *Omitted 1922-1923.*
58. HISTORY OF INDUSTRIAL EDUCATION. *Omitted 1922-1923.*

MATHEMATICS

High School

1. ALGEBRA I. This is a beginning course in algebra and covers algebraic notation, substitution and evaluation, the fundamental operations, the use of formulas, an introduction to graphs, and begins the study of equations of the first degree in one unknown.

Required in the ninth year. Five hours a week. One credit. Fall and summer terms.

2. ALGEBRA 2. Important type products, factoring, highest common factor, lowest common multiple; fractions; simple equations in one unknown; ratio, proportion and variation; graphs.

Prerequisite: Algebra 1. Required in the ninth year. Five hours a week. One credit. Winter and summer terms.

3. ALGEBRA 3. Simple equations in two or more unknowns; square root and its applications; radicals and exponents; quadratic equations.

Prerequisite: Algebra 2. Required in the ninth year. Five hours a week. One credit. Spring and summer terms.

4. GEOMETRY 1. Plane Geometry. Stone and Millis' texts are used in all courses in geometry. Chapters I, II, III, and IV.

Prerequisite: Algebra 3. Required in the tenth year. Five hours a week. One credit. Fall term.

5. GEOMETRY 2. Chapters V, VI, VII, and VIII.

Prerequisite: Geometry 1. Required in the tenth year. Five hours a week. One credit. Winter term.

6. GEOMETRY 3. Chapters IX, X, and XI.

Prerequisite: Geometry 2. Required in the tenth year. Five hours a week. One credit. Spring term.

Junior College

20. ARITHMETIC. This course includes notation and numeration, the fundamental operations with integers and with common and decimal fractions, factors and multiples, English and metric measures, involution and evolution, and simple problems in the measurement of surfaces and solids. The course covers the topics taken up in the first six grades as outlined in the Illinois State Course of Study. Special attention is given to the teaching of these topics in the lower grades.

Required in the two-year curriculum and in the four-year curriculum for preparation of teachers of primary and intermediate grades. Five hours a week. One credit. Every term including the summer term.

21. ARITHMETIC. The primary object of this course is to prepare for the teaching of arithmetic in the seventh and eighth grades. The principal topics discussed are percentage and its application to practical business problems, ratio and proportion, and the mensuration of surfaces and solids. It is the aim of the class room instruction to familiarize the students with methods of instruction that can be readily adapted to the seventh and eighth grades.

Required in the two-year curriculum and in the four-year curriculum for preparation of teachers of primary and intermediate grades. Five hours a week. One credit. Every term.

30. SOLID GEOMETRY. Chapters XII—XVI.

Prerequisite: Geometry 3. Five hours a week. One credit. Spring term.

31. ALGEBRA. Review of Algebra 1, 2, 3. Graphs; functions; determinants of second and third orders applied to simultaneous linear equations; variation; extension of the number system to include complex numbers; theory of quadratic equations; simultaneous quadratics.

Prerequisite: Geometry 3. Elective. Five hours a week. One credit. Winter term.

32. ALGEBRA. Exponents and radicals; logarithms; mathematical induction; binomial theorem; progressions; permutations and combinations, probability.

Prerequisite: Algebra 31. Elective. Five hours a week. One credit. Spring term.

33. PLANE TRIGONOMETRY. Definitions and properties of trigonometric functions, the deductions of important trigonometric formulas, the use of tables of logarithms, the solution of plane triangles, and various practical applications.

Elective. Five hours a week. One credit. Fall term.

34. PLANE ANALYTIC GEOMETRY. A beginning course in analytic geometry.

Prerequisite: Plane trigonometry. Elective. Five hours a week. One credit. Winter term.

35. PLANE ANALYTIC GEOMETRY. Continuation of the preceding course.

Prerequisite: Course 34, plane analytic geometry. Elective. Five hours a week. One credit. Spring term.

36. ALGEBRA. Theory of equations, including elementary transformations, location of roots, and the solution of the cubic and biquadratic equations; limits, elementary properties of series.

Prerequisite: Course 32. Elective. Five hours a week. One credit. Spring term.

Senior College

40. THE TEACHING OF HIGH SCHOOL MATHEMATICS.
Omitted 1922-1923.

41, 42. PRACTICE TEACHING IN HIGH SCHOOL MATHEMATICS.
Omitted 1922-1923.

43, 44, 45. DIFFERENTIAL AND INTEGRAL CALCULUS.

Prerequisite: Course 35; also Course 43 to Course 44 and Course 44 to Course 45. Four hours a week. Three credits.

Course 43, fall term; Course 44, winter term; Course 45, spring term.

MUSIC

PUBLIC SCHOOL MUSIC

Junior College

24. MUSIC METHODS. A specific study of methods, including a study of the development, care, and preservation of the child voice and special practice in producing good tone patterns for children; it also includes discussion of materials for use in the grades. Some attention is paid to sight singing and ear training. *Required in the Senior year. Five hours a week with preparation. One credit. Fall term.*

33, 34, 35. SIGHT SINGING AND THEORY. To complete this course a student must be able to sing at sight individually music suitable to the fourth year in the public school. The course includes much oral and written dictation work. The student learns to see music that he hears and to hear music that he sees. A technical study is made of clefs and construction of major, minor, and chromatic scales.

Elective. Five hours a week with preparation. Three credits. Partial credit not accepted toward graduation. Course 33, fall term; Course 34, winter term; Course 35, spring term.

36. SIGHT SINGING AND HARMONY. This course deals with problems of tone and rhythm suitable for fifth, sixth and seventh years in public schools. The harmony work includes a review of scales, study of intervals, triads, simple four part writing, and cadences.

Prerequisite: Sight singing, 33, 34, 35. Elective. One credit. Omitted 1922-1923.

37. PRIMARY MUSIC METHODS. The teaching of rote songs. How to help monotones. Development and care of the child voice. Repertoire of children's songs. The work of the first three grades is studied intensively.

Elective. One credit. Omitted 1922-1923.

38. UPPER GRADE METHODS. Methods of teaching and supervising music in grades four to eight inclusive.

Prerequisite: Music 37. Elective. One credit. Omitted 1922-1923.

Senior College

40. THE TEACHING OF MUSIC (High School). *Omitted 1922-1923.*

41, 42. PRACTICE TEACHING IN MUSIC. *Omitted 1922-1923.*

43, 44, 45. ADVANCED HARMONY AND SIGHT SINGING.

TWO, THREE AND FOUR PART SINGING: Harmony work includes a review of triads, triad inversion, dominant seventh chord and inversion, deceptive cadence, secondary seventh chord, suspension, and altered chord.

Prerequisite: Music 38. Three credits. Music 43, fall term; music 44, winter term; music 45, spring term.

46a. SIGHT SINGING. *Omitted 1922-1923.*

46b. OPERA, CHORUS, AND ORCHESTRA PRACTICE. The senior chorus is open to all students for the preparation of part songs and cantatas for the annual Music Festival.

Elective. One half of a credit. Spring term.

47. **CONDUCTING.** A study of the technique of conducting. Individual practice in conducting songs suitable for use in Junior and Senior High Schools. *Omitted 1922-1923.*

48. **MUSIC HISTORY AND APPRECIATION.** A study of the development of classical, romantic, and modern music: The great composers and their principal works. Through the use of the victrola and the piano, the class analyses music art work with a view to forming a basis for intelligent criticism as well as for better understanding of the larger forms of musical composition. *Omitted 1922-1923.*

INSTRUMENTAL MUSIC

I. PIANO

In beginning classes in piano, from two to four pupils are admitted to one hour lessons in each class, while only two pupils receive instruction at the same time in the more advanced classes.

Junior College

30, 31, 32. **PIANO, FIRST YEAR.** The course has to do with hand culture, touch, notation, rhythm, and ear training.

Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in instrumental music. Fall, winter, and spring terms.

33, 34, 35. **PIANO, SECOND YEAR.**

Prerequisite: Courses 30, 31, 32 or the equivalent. Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in instrumental music. Fall, winter, and spring terms.

Senior College

43, 44, 45. **PIANO, THIRD YEAR.**

Prerequisite: Courses 33, 34, 35 or the equivalent. Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in instrumental music. Fall, winter, and spring terms.

46, 47, 48. **PIANO, FOURTH YEAR.**

Prerequisite: Courses 43, 44, 45 or the equivalent. Elective. Two lessons a week. One and a half credits. No

credit toward graduation for fewer than three credits in instrumental music. Fall, winter, and spring terms.

II. VIOLIN

Omitted 1922-1923.

VOICE TRAINING

Special stress is laid on correct breathing, correct placing of the singing and speaking voice, distinct enunciation and artistic interpretation, development and control of the emotional faculties, physical and mental development, tone quality and registers.

Junior College

30, 31, 32. VOICE TRAINING, FIRST YEAR.

Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in vocal music. Every term.

33, 34, 35. VOICE TRAINING, SECOND YEAR.

Prerequisite: Courses 30, 31, 32 or the equivalent. Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in vocal music. Every term.

Senior College

43, 44, 45. VOICE TRAINING, THIRD YEAR.

Prerequisite: Courses 33, 34, 35 or the equivalent. Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in vocal music. Every term.

46, 47, 48. VOICE TRAINING, FOURTH YEAR.

Prerequisite: Courses 43, 44, 45 or the equivalent. Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in vocal music. Every term.

PENMANSHIP

20. This course aims to improve the students' writing and to make him familiar with a system of plain business writing and methods of presenting it to pupils in the grades.

The course includes correct position, muscular movement exercises, business forms of capital letters, small letters, figures, sentences, and page writing. Emphasis is placed upon black-board writing.

Required in the first year in all curriculums except Curriculum II. 2 in which Penmanship 24 is required. One hour a week. Fall and winter terms.

24. This course gives a more extended study of penmanship and of methods of teaching it in the grades.

Required in Curriculum II. 2. Five hours a week with preparation. One credit. Omitted 1922-1923.

PHYSICAL EDUCATION FOR MEN

High School

1, 2, 3. REGULAR EXERCISES IN THE GYMNASIUM. Free developing exercises, marching, tumbling, apparatus work, and games.

Required of first year students in all curriculums. Two hours a week. Course 1, fall term; Course 2, winter term; Course 3, spring term.

4, 5, 6. REGULAR EXERCISES IN THE GYMNASIUM. Advanced work on the horse and parallel bars, advanced steps and games. During the spring and fall the work will be on the athletic field and consists of games and track work. The course includes lectures on hygiene and kinesiology.

Prerequisite: Course 1, 2, 3. Required of second year students in all curriculums. Two hours a week. Course 4, fall term; Course 5, winter term; Course 6, spring term.

Junior College

1, 2, 3. See above.

4, 5, 6. See above.

33, 34, 35. ATHLETIC COACHING. First Year.

Foot ball:	Basket ball:	Base ball:
Practice (8 hours a week)	Practice (6)	Practice (8)
Theory (1 hour a week)	Theory (1)	Theory (1)
Gymnastics:	Gymnastics:	Track
Practice (2 hours a week)	Practice (2)	Practice (4)
	Theory (1)	

Elective. Three credits. No credit toward graduation for less than a full year's work. Periods to be arranged with Mr. Lantz.

36, 37, 38. ATHLETIC COACHING. Second Year.

Foot ball:	Basket ball:	Base ball:
Practice (8)	Practice (6)	Practice (6)
Theory (1)	Theory (1)	Track
Gymnastics:	Gymnastics:	Practice (4)
Practice (2)	Theory (1)	Theory (1)
Theory (1)	Practice (2)	Organization and Administration of Physical Educa- tion (1)

Elective. Three credits. No credit toward graduation for less than a full year's work. Periods to be arranged with Mr. Lantz.

PHYSICAL EDUCATION FOR WOMEN

High School

1, 2, 3. FIRST YEAR. Swedish gymnastics, elementary apparatus work, games, athletics, fancy steps, folk and gymnastic dancing.

Required in the first year of every curriculum. Two hours a week. Course 1, fall term; Course 2, winter term; Course 3, spring term.

4, 5, 6. SECOND YEAR. Advanced Swedish gymnastics, apparatus work, games, athletics, fancy steps, folk and aesthetic dancing.

Prerequisite: Physical Education 1, 2, 3. Two hours a week. Course 4, fall term; Course 5, winter term; Course 6, spring term.

7, 8, 9. CORRECTIVE GYMNASTICS. A substitute for the regular gymnastic work for those who are physically weak. It includes treatment for those who have flat feet, spinal curvature, and other remediable defects.

Junior College

1, 2, 3. See above.

4, 5, 6. See above.

30, 31, 32. FOLK, GYMNASTIC, AND AESTHETIC DANCING.

Prerequisite: Physical Education 1, 2, 3; 4, 5, 6. Elective. Two hours a week. Three-fourths of a credit for the year's work. Omitted 1922-1923.

PSYCHOLOGY

Junior College

20, 21, 22. INTRODUCTION TO PSYCHOLOGY. The first aim in psychology is to see that the student possesses a body of properly classified psychological knowledge, and to give him a proper method of acquiring such knowledge. His attention is directed to the working of his own mind in such a manner as to make introspection fairly accurate. He is also directed to study the process of mental action in others as manifested in conduct. The student is introduced to the works of trained observers of the human mind that he may see through their eyes and thus correct his own somewhat crude observations. A careful application of the principles discovered and acquired is made to the problem of teaching, and it is impressed upon the student that a scientific statement of a psychological principle is a much easier thing than its ready application to the learning mind. Directed observation of the work of the Training School and discussion of the work observed are a part of this course.

Required in the freshman year. Five hours a week. Three credits. Course 20, fall and summer terms; Course 21, winter and summer terms; Course 22, spring term.

Senior College

44. EDUCATIONAL MEASUREMENTS. The aim of this course is to introduce the student to the application of the statistical

method to the solution of educational problems; to acquaint him with standardized and proposed tests for measurements of general mental ability and with scales for the measurement of progress of the child in school subjects and for the determination of efficiency of teaching. Opportunity is given for the development through practice of some skill in the application of tests and the employment of scales.

Required. Four hours a week. One credit. Fall term.

45. EDUCATIONAL PSYCHOLOGY. This course makes a more detailed study than is possible in Courses 20, 21 and 22 of the special technique of learning and of the acquisition of skill. Experiments and demonstrations are carried on in the trial and error method of motor learning; in memorizing, in transfer of training, in imagery characteristics, in fatigue effects and in the rate of learning. Consideration is given to the special mental traits of children and of adolescents and to the significance of these traits for school procedure.

Required. Four hours a week. One credit. Spring term, odd years, alternating with Education 47.

46. EDUCATIONAL PSYCHOLOGY WITH SPECIAL REFERENCE TO CHILD PSYCHOLOGY. *Omitted 1922-1923.*

47. THE PSYCHOLOGY OF THE GROUP. This is a course in social psychology. The contributions of McDougall, Roso, and other modern social psychologists are studied with reference to the bearing of their theories upon group control in teaching.

Elective. Four hours a week. One credit. Winter term.

READING

High School

X. This course aims through practice before the class, followed by definite criticism, to improve the oral reading of the pupil. Special attention is given to enunciation and articulation.

Required in the tenth year. Two hours a week. Every term.

Junior College

24. Designed both to improve the oral and silent reading of the pupils and to give them definite standards by which they may intelligently judge the reading of others. Some attention is given to methods of teaching reading in the grades.

Required in the two-year curriculum and in four-year Curriculums II. 1 and II 2. Five hours a week with preparation. One credit. Every term.

SCIENCE (BIOLOGICAL)

GENERAL BIOLOGY

Junior College

One term of general biology is required in the junior year except in the case of students who have had a year of botany in this school; these students take an elective credit instead of general biology. A second term of general biology is recommended for those who have not had in their high school course a year of biological science (botany or zoölogy) with laboratory work; this second term is credited as elective. The course or courses may be taken from Courses 22, 24, 25, 26 in general biology; or from Courses 30-35 in zoölogy; or from Courses 30-36 in botany. Students who have had a year of botany should not take Biology 25. Otherwise courses in general biology may be taken as elective in any curriculum in which they are not required.

22. ANIMAL BEHAVIOR AND ANIMAL GEOGRAPHY. The responses of animals to the various factors of the environment are studied. The effect of these responses on the distribution of animals and the special adaptations of animals to the various geographic regions are also considered.

Elective; accepted also for a required biology credit. Five hours a week. One credit. Winter term.

24. ANIMAL BIOLOGY. A consideration of fundamental biological laws, based upon animal material.

Required in the two-year curriculum, unless Course 25 is taken or the student is a graduate of the Teachers College high school. Five hours a week. One credit. Fall term.

25. PLANT BIOLOGY. This course is planned for those who have had little or no botany. Brief resumé of plant groups, structures, and activities; bacteria in relation to disease; botanical aspects of food production and food conservation.

Required or elective, (except for students who have had a year of botany). Five hours a week. One credit. Spring term.

BOTANY

High School

1. MORPHOLOGY OF THE LOWER PLANTS. Bacteria, algae, fungi, moss-plants, and fern-plants.

Required in the tenth year. Five sixty-minute periods a week. One credit. Fall term.

2. MORPHOLOGY OF SEED-PLANTS. Origin and development of the highest plant groups; orders and common families of flowering plants.

Prerequisite: Botany 1. Required in the tenth year. Five sixty-minute periods a week. One credit. Winter term.

3. PROCESSES AND ADJUSTMENTS OF PLANTS. Ordinary activities of plants and common relations to environment. Physiological experiments, study of structure as modified by varied exposure to external conditions, and of specialized parts of plants.

Prerequisite: Botany 2. Required in the tenth year. Five sixty-minute periods a week. One credit. Spring term.

Junior College

Students who have had no botany may take Courses 1, 2, 3 as electives.

30. PLANT ECOLOGY. The factors of the environment, and an introduction to community relations of plants. Field study of nearby forest and prairie vegetation, giving acquaintance with many native plants.

Prerequisite: One credit in botany. Elective or accepted for Biology 25. Seven hours a week. One credit. Fall term.

31. THE LOCAL FLORA. Collection, identification, and preservation of plants of the vicinity. Develops acquaintance with common plant families and larger groups. Spring flowers receive special attention.

Prerequisite: One credit in botany. Elective; or accepted for Biology 25. Seven hours a week. One credit. Spring term, 1923.

32. EVOLUTION OF FLOWERING PLANTS. *Omitted 1922-1923.*

33. PLANT GEOGRAPHY OF NORTH AMERICA. *Omitted 1922-1923.*

34. GENERAL PLANT GEOGRAPHY. *Omitted 1922-1923.*

35. ECONOMIC BOTANY. The botany of economic plants. Food, forage, fiber, fuel and drug plants, garden plants, plants of miscellaneous uses, parasites, and weeds. This and Course 36 are of value to students of agriculture, economics, and commercial geography.

Prerequisite: One credit in botany. Elective; or accepted for Biology 25. Seven hours a week. One credit. Winter term.

36. FOREST BOTANY. The botany of forests and forest trees. Classification and identification of trees, a synopsis of tree families and species, and brief consideration of the technical subjects and methods of forestry.

Prerequisite: One credit in botany. Elective; or accepted for Biology 25. Seven hours a week. One credit. Omitted 1922-1923.

37. BACTERIOLOGY. This course is arranged to give the student knowledge of the general field of bacteriology and of the laboratory technique, usually employed. It is designed for those students of agriculture, home economics, and zoölogy who wish to broaden their scientific training. The course is open only to students of college rank.

Elective. Five hours a week. One credit. Summer term.

Senior College

43. ELEMENTARY ECOLOGICAL PLANT ANATOMY. This course is a study of plants in relation to their environment,

as it affects plant structure. It includes laboratory work, and occasional field trips to the campus and country.

Prerequisite: One year of botany. Elective. One credit. Omitted 1922-1923.

44. PLANT PHYSIOLOGY. General view of the behavior of seed plants in their growth and other movements.

Prerequisite: One year of botany. It is desirable that students taking this course shall have had Botany 43, elementary physics, and elementary chemistry. Elective. One credit. Omitted 1922-1923.

45. PLANT HISTOLOGY. This course is designed for teachers of botany and for students who expect to teach botany or biology. Principles of collecting, preserving, and preparing material for class work.

Elective. One credit. Omitted 1922-1923.

HUMAN PHYSIOLOGY

High School

1, 2. Life processes of the human body and the functions of its more important organs and tissues. The minimum amount of anatomy for the understanding of these activities and functions is given. An application of the facts and principles is made to show ways of improving the body as a working machine and of keeping it in health; hence the subject of hygiene is included.

Required in the ninth year. Five hours a week. Two credits. Equivalent offered in the summer term, Physiology 20 and Hygiene 20. Winter and spring terms.

Junior College

20. PHYSIOLOGY. Similar to course 1, 2, but more advanced with special attention to the digestive system, the nervous system, and sense organs.

Required in the two-year curriculum of those who have not had high school physiology. Five hours a week. One credit. Summer term.

20. HYGIENE AND SANITATION.

Required in all curriculums. Five hours a week. One credit. Every term.

24. HYGIENE. This course may be substituted for Hygiene 20 and should be so substituted by home economics students who expect to take Domestic Science 51, 52 (Home nursing). *Omitted 1922-1923.*

ZOÖLOGY

High School

1. ELEMENTARY INVERTEBRATE ZOÖLOGY. Important groups of invertebrates are considered, as far as possible, in their evolutionary order. Particular emphasis is given to life processes, behavior, relation to surroundings, geographical distribution, and importance to man.

Elective in the eleventh and twelfth years. Five sixty-minute periods a week. One credit. Fall and alternate summer terms.

2. ELEMENTARY VERTEBRATE ZOÖLOGY. Classes of vertebrates are studied somewhat in detail, but special attention is given to fishes, birds, and mammals. Considerable identification work is done by the use of keys. Methods of collecting and preserving material and of caring for live animals are taught.

Elective in the eleventh and twelfth years. Five sixty-minute periods a week. One credit. Winter term and alternate summer terms.

3. FIELD ZOÖLOGY. Life-histories, relations to surroundings, and economic importance of common animals in the principal animal habitats found in the Charleston region, which are (1) the open field or prairie, (2) the forest, (3) stream or pond, and (4) household and home premises. Methods of collecting and preserving material, both living and non-living, are emphasized. The course gives a foundation for elementary science teaching in graded schools, where animal materials are used.

Elective in the eleventh and twelfth years. Five sixty-minute periods a week. One credit. Spring and summer terms.

Junior College

20, 21, 22. ELEMENTARY ZOÖLOGY.

Elective or accepted for required biology. Five sixty-minute periods a week. Three credits. Course 20, fall term; Course 21, winter term; Course 22, spring term.

30, 31, 32. ADVANCED ZOÖLOGY AND SPECIAL METHODS. A study of fresh-water animals and their environment. Much attention is given to the common and important species of aquatic vertebrates with a view to familiarizing students with taxonomic and research methods; and opportunities for students carrying on some independent investigations are provided. It prepares for teaching biological science in upper grades or high school.

Prerequisite: ZOÖLOGY 20, 21, or 1, 2. Elective and accepted for Biology 20 or 21. Seven hours a week. One credit. Omitted 1922-1923.

Senior College

43, 44, 45. ADVANCED ZOÖLOGY. This course is arranged to meet the desires and attainments of the individual student. Considerable latitude is given in the choice of a problem, the aim being to encourage and develop ability to pursue original investigations. Frequent conferences with the instructor are held to discuss methods of approach and results.

Prerequisite: Two years of work in Zoölogy or Biology. Seven hours a week. One credit. Course 43, fall term; Course 44, winter term; Course 45, spring term.

SCIENCE (PHYSICAL)

GENERAL SCIENCE

High School

4. INTRODUCTION TO CHEMISTRY.

Required in the ninth year. Five periods a week. Fall term.

5, 6. PHYSIOLOGY AND HYGIENE. See Human Physiology, Courses 1 and 2.

PHYSICS

1, 2, 3. ELEMENTARY PHYSICS. Mechanics; heat, sound, light, electricity.

Prerequisite: Geometry 1, 2, 3. Required in the eleventh year unless the student is excused upon the written request of his geometry teacher. Five sixty-minute periods a week. Course 1, fall term; Course 2, winter term; Course 3, spring term.

Junior College

30. COLLEGE PHYSICS. MECHANICS. *Omitted 1922-1923.*

31. COLLEGE PHYSICS. ELECTRICITY. *Omitted 1922-1923.*

32. COLLEGE PHYSICS. HEAT AND SOUND. *Omitted 1922-1923.*

Senior College

40. THE TEACHING OF PHYSICAL SCIENCE. *Omitted 1922-1923.*

41, 42. PRACTICE TEACHING IN PHYSICAL SCIENCE. *Omitted 1922-1923.*

43. ADVANCED PHYSICS. LIGHT. *Omitted 1922-1923.*

44. ADVANCED PHYSICS. ALTERNATING CURRENTS. *Omitted 1922-1923.*

CHEMISTRY.

High School

1, 2, 3. ELEMENTARY INORGANIC CHEMISTRY.

Elective in the twelfth year and above. Five sixty-minute periods a week. Three credits. Omitted 1922-1923.

30, 31, 32. GENERAL INORGANIC CHEMISTRY.

Elective. Nine hours a week. Three credits. Course 30, fall term; Course 31, winter term; Course 32, spring term.

Senior College

43. QUALITATIVE ANALYSIS.

Eight hours a week. One credit. Fall term. Junior year.

44. QUALITATIVE ANALYSIS. *Omitted 1922-1923.*

45. QUANTITATIVE ANALYSIS.

Eight hours a week. One credit. Winter term. Junior year.

46. QUANTITATIVE ANALYSIS. *Omitted 1922-1923.*

47. ORGANIC CHEMISTRY.

Eight hours a week. One credit. Spring term. Junior year.

48. ORGANIC CHEMISTRY. *Omitted 1922-1923.*

PART III
LISTS

THE TEACHERS COLLEGE BULLETIN

The Teachers College Bulletin, a sixteen-page monograph, devoted to educational topics, is issued quarterly and distributed in the immediate territory of the school, free of charge. The numbers issued, exclusive of summer school bulletins and annual catalogues, are:

1. A Suggestion for Teaching Shakespeare's Dramas, by *Thomas H. Briggs, Jr., A. B.*
2. Method of Teaching, by *Francis G. Blair, B. S.*
3. The Causal Idea of History, by *Roswell C. McCrea, Ph. D.*
4. Some of the Objects of Studying English Grammar, by *W. M. Evans, Litt. D.*
5. The School Garden, by *Otis W. Caldwell, Ph. D.*
6. Manual Training, by *Caroline A. Forbes.*
7. The School Library, by *Florence M. Beck, B. L. S.*
8. Graphic Arithmetic, by *E. H. Taylor, B. S.*
9. Reading in the Grades, by *Katharine Gill.*
10. The Relation of the Home and School, by *Charlotte May Slocum.*
11. Bird Study in the Rural School, by *Thomas L. Hankinson, B. S.*
12. Bird Study in the Rural School (Second Edition), by *Thomas L. Hankinson, B. S.*
13. Physics in the High School, by *Albert B. Crowe, A. M.*
14. Some Suggestions for the Teaching of Geography in the Grades, by *Annie L. Weller, B. S.*
15. Fourth Year Geography in the Illinois Course of Study—Topic: The Work of Water, by *Clara M. Snell.*
16. English Composition in Secondary Schools — Topic: Correct English, by *Florence V. Skeffington, A. B.*
17. The Study of Literature in the Upper Grades, by *Isabel McKinney, A. M.*
20. The School Garden II, by *Otis W. Caldwell, Ph. D.*
23. Some Problems in Education, by *John M. Coulter, Ph. D.*
26. Education and Utility, by *W. C. Bagley, Ph. D.*
29. Eastern Illinois Teachers' Association—Thirteenth Annual Meeting.
30. Reading in the Grades (Second Edition), by *Katharine Gill.*
32. The Annual Invitation Athletic and Oratorical Meet, held at the Eastern Illinois State Normal School.
34. Schoolroom Gymnastics and Graded Games, by *Alice M. Christiansen.*
37. Views of the Buildings and Grounds.
38. Arguments for Vocational Guidance, by *E. E. Lewis, A. M.*
41. English Literature in Secondary Schools: The Rise of the Drama in England; Outlines for the Study of Literature, by *DeWitt C. Sprague, Ph. B.*
44. Alumni Register, 1900-1913.

46. Material on Geography (which may be obtained free or at small cost), by *Mary Josephine Booth, A. B., B. L. S.*
50. Lists of Material (which may be obtained free or at small cost), by *Mary Josephine Booth, A. B., B. L. S.*
53. Bird Study in the Rural School, by *Thomas L. Hankinson, B. S.*
54. Material on Geography (which may be obtained free or at small cost), Revised Edition, by *Mary Josephine Booth, A. B., B. L. S.*
57. An Outline for the Teaching of Agriculture in the Seventh and Eighth Grades, by *Carl Colvin, B. S.*
58. An Inquiry Into the Methods by Which the State Normal Schools Are Controlled, by *Clifford Chesley Hubbard, A. M.*
61. Reading Aloud: War-Time Suggestions by *John M. Clapp, A. M.*
62. Campus Reflections.
65. New Poetry and the Composition Class, by *Earl R. K. Daniels, A. B.*
66. Training Departments in State Normal Schools in the United States, by *Lester M. Wilson, Ph. D.*
69. Material on Geography (which may be obtained free or at small cost), Second Revised Edition, by *Mary J. Booth, A. B., B. L. S.*
70. Report of the Committee of Fifteen.
73. List of Books for the First Six Grades.
