EDUCATION has been an important factor in the increase of wealth and in its more equitable distribution. Education has expanded the boundaries of human freedom. Education has extended the rule of reason and restricted the rule of superstition.

These achievements are all to the credit of the schools; but the schools cannot stop with these. If education would increase wealth, it must provide safeguards against the moral hazards that increased wealth brings. If education would enthrone freedom and reason and dethrone authority and superstition, it must provide effective substitutes for those controls of conduct that authority and superstition once supplied.

PART I
GENERAL INFORMATION

EASTERN ILLINOIS STATE TEACHERS COLLEGE

LOCATION

The Eastern Illinois State Teachers College is located at Charleston, the county seat of Coles County. Charleston is on the Big Four and Nickle Plate railroads and is connected with the Illinois Central Railroad at Mattoon by an interurban railway.

HISTORY

To provide more adequate facilities for the training of teachers for the public schools of the state the legislature by an act approved May 22, 1895, established the Eastern Illinois State Normal School. This by an act of legislature in 1921 became "The Eastern Illinois State Teachers College at Charleston." On September 7, 1895, the five trustees provided for in the act selected a beautiful forty-acre tract of land three-quarters of a mile south of the public square of Charleston. The citizens of Charleston bought the land and presented it to the state. The grounds have a good elevation and are shaded by many fine old trees.

December 2, 1895, the contract was made for the erection of the building. The cornerstone was laid on the afternoon of May 27, 1896. The building and grounds were dedicated August 29, 1899, and on September 12, 1899, the institution was opened to students.

During the first year there were seventeen members of the faculty and two hundred forty students. At the end of the first year, June, 1900, four students were granted the diploma of the school upon completion of the course of study. In 1925, ninety-one students were graduated from the Junior College and ten from the Senior College.

During the summer of 1901, a special term of six weeks was established for teachers. Beginning with the summer of 1920, the college has offered a twelve weeks' summer term. A mid-spring term of six weeks has been offered since 1922.

"In order to equalize the advantages of the State Normal Schools," encourage attendance and thereby increase their usefulness, the state legislature passed the Lindley Bill in 1905. This act provides that "there shall be awarded annually to each school township or fractional township a scholarship which shall entitle the holder thereof to gratuitous instruction in any State Normal School for a period of four years."

In 1907, the state legislature appropriated one hundred thousand dollars for a woman's building. This building was completed and occupied in January, 1909. It has proved to be a distinct addition to the cultural value of the institution. In addition to providing a beautiful home for one hundred young women during their residence in

Charleston, it has had a marked influence in establishing good standards of living, and has come to be the social center of college life.

As the institution increased in numbers its facilities gradually became too restricted, and in 1911 the state legislature appropriated seventy-five thousand dollars for a training school building. The training school now enjoys all the advantages of a building designed and equipped for its special use, and the college has opportunity for a more economical organization and an increase of its facilities.

In 1907, the power of conferring degrees was granted to the institution by the state legislature. Courses leading to degrees were announced in 1920.

The institution has always stood for sound scholarship and has striven to inculcate in the minds of its students a sincere love for truth. One of the gratifying evidences that it is in a measure fulfilling its mission is the fact that so many of its students have gone on to higher institutions of learning the better to equip themselves for service.

PURPOSE

The function of the state in education extends of necessity to the training of teachers. A rational system of public education implies provision for securing efficiency in the teaching office. State Teachers Colleges are the natural outgrowth of a policy of public education. The state is the only agency competent to meet the demands for qualified teachers imposed by its own attitude toward the instruction of its people. The object of a State Teachers College is not to extend the earning power of one class of persons at the public charge. It is to give a culture and learning dedicated in a special way to the general welfare. It exists primarily not for the benefit of its students but for the benefit of the whole people. Such a conception is fundamental and determines questions of organization, courses of study, and methods of instruction in the State Teachers Colleges.

EQUIPMENT

GROUNDS.—The grounds comprise forty acres, including the campus proper, the forest plantation, and the athletic field. These grounds were laid out by one of the most skillful landscape gardeners in the country, and they are justly considered exceptionally beautiful. A natural grove and other fine trees, a pond, a wide stretch of green, and many borders of shrubbery and perennials in the natural style present a succession of pictures throughout the year. In the main grounds are the tennis courts, the children's playgrounds, the athletic field for girls, and the school garden. The forest plantation, planted during the early years of the institution, now includes several acres of thrifty trees, much used in botanical and zoological studies. In the adjoining athletic field, one of the best among those of the secondary colleges and normal schools of the state, are the baseball diamond, the football field and the quarter-mile cinder track.

MAIN BUILDING.—The main building is a three-story structure, three hundred twenty-three feet in length, built of rough Bedford stone. It is in the Norman style, with a tower which is the neighborhood landmark. In this building are general classrooms, offices, the library, the assembly room, the music and art rooms, and some of the laboratories.

TRAINING SCHOOL BUILDING.—The training school building of smooth Bedford stone was completed in 1913 at a cost of \$75,000. It is placed conveniently near the main building, and besides the rooms for the elementary school it contains classrooms and laboratories for home economics and manual arts.

PEMBERTON HALL.—The legislature of 1907 appropriated one hundred thousand dollars for a woman's building and gymnasium—the first appropriation for a woman's building ever made in the state of Illinois. A fine stone structure was finished and occupied January 4, 1909. Nearly all the rooms in the building were taken from the first and the demand for rooms now exceeds its capacity. The building has met the fondest hopes of its most ardent advocates, and its value as a social center in the college and in setting good standards of living is well established.

Room, including heat and light, with table board and privileges of laundry, costs \$7.00 a week. For table board, \$5.00 a week is charged. Students are not required to furnish anything.

A deposit of \$5.00 is required for a reservation at Pemberton Hall. This deposit is credited to the student, but forfeited if the student cancels the reservation too late to have it used by someone else.

MANUAL ARTS BUILDING.—For work in manual training and mechanical drawing, there is a well-equipped building at a convenient distance from the main building. The bench room has twenty work benches. The machine room contains a universal saw, a band saw, lathes, a jointer, a tool grinder, and other equipment.

LIBRARY.—The library now contains about 30,000 books and pamphlets. The reference books, bound periodicals, and reserve books are shelved in the reading room. Here are also found the current numbers of over one hundred fifty-five periodicals, including, in addition to those of general interest, many devoted to special subjects. The books for general circulation are kept in the stack room, to which all students of the Teachers College, and of the High School, and pupils of the seventh and eighth grades are admitted. For grades lower than the seventh, schoolroom libraries are provided. The library has a dictionary card catalogue and the books are classified according to the Dewey decimal system. There is a large collection of classified pictures for use in all departments. Three trained librarians are in charge, giving necessary aid and instruction to students in the use of books. Lessons in the use of the library are required in all curriculums as explained in the Description of Courses.

SCHOOL GARDEN AND GREENHOUSE.—An opportunity is given for seeing the work done by pupils of the Training School in elementary agriculture. Small plots of ground are planted and cared for by the pupils under the direction of the teacher of agriculture and the teachers of the Training School. Connected with the students' garden is a model vegetable garden, a rose garden, and a garden for experimentation and exhibition purposes. All of these divisions are used for demonstrating the proper care of plants, the methods of propagation, crop rotation, and some of the principles of plant breeding.

An excellent four-room greenhouse contains many plants of unusual interest and serves, moreover, as an important adjunct to the botanical laboratories.

Additional facilities for field observation and for obtaining laboratory materials are offered by a small lake, and a forest plantation of six thousand trees, all of which are within five minutes' walk of the biological laboratories.

LABORATORIES.—The department of botany is well equipped for laboratory study. There are facilities for learning the technique of microscopic preparation, plant physiology and pathology. The materials include microscopes, an herbarium, representations of plant structures and of groups of the plants, many microscopic slides, and a large collection of Illinois algae. There are display cases and a lantern for different forms of projection.

The zoology and physiology laboratory has sufficient equipment so that forty-four students may work at the same time, each being supplied with a compound microscope, a simple microscope, and other equipment necessary for examining specimens. There are many preserved specimens of both local and foreign fauna, including marine animals. The accession numbers of these now run over 16,000. Most of these are preserved in formalin and alcohol, but there are nearly two hundred mounted birds and mammals and over three hundred skins of these types of animals. There are also many shells, corals, and thousands of mounted insects, and other dried specimens. There are ample facilities for keeping live animals. Many models and skeletons are used and also about sixty-five of the best charts obtainable. Over twenty-five hundred lantern slides are available for illustrative purposes.

The physics and chemistry laboratories are large and well equipped with apparatus for demonstration and for individual use. Most of the apparatus for students' use is in duplicate so that all of the members of a section can work at the same problem at the same time.

The agriculture laboratory is supplied with tables, a complete set of apparatus for testing milk and its products, and apparatus for soil studies.

FEES

Tuition is free to college students who are to teach in the public schools of Illinois for a period equal to the time spent in this school. Others in the college pay tuition at the rate of \$25.00 a term.

A fee of \$5.00 a term for registration and other incidentals is paid by all above the eighth year.

Textbooks are rented to students at a uniform price of \$1.50 a term. Students wishing to own the books may buy them at the textbook library.

A student activity fee of \$2.25 a term, covering athletics, recreation, and *The Teachers College News*, is paid by all above the eighth year.

A fee of \$5.00 a term is paid for piano and voice lessons and students pay for materials they use in art, home economics, and manual arts.

PENALTIES

An additional fee of \$1.00 is charged if a student fails to complete his registration on the day or days appointed for registration; and an additional fee of \$1.00, if a change in programme is made after the third day of the term.

The original transcript of a student's record, including one carbon copy, will be mailed upon request without cost to the student; but a charge of \$1.00 is made for additional copies of this transcript sent later.

BOARD AND ROOM

Board and room can be obtained in private families for from \$6.00 to \$7.00 a week. Students renting rooms and keeping house can materially reduce this amount. Room without board can be obtained for from \$1.50 to \$2.00 a week; board alone, \$5.00 a week.

At Pemberton Hall, room, including heat and light, with table board and privileges of laundry, costs \$7.00 a week. For table board, \$5.00 a week is charged. Students are not required to furnish anything.

SCHOLARSHIPS

ARMY AND NAVY SCHOLARSHIPS.—Men who served in the United States Army or Navy in the Great War and who were residents of Illinois at the time of entering the service are exempt from the payment of tuition, registration fee, book rent, and the special fee for piano and voice lessons.

ALUMNI SCHOLARSHIPS.—The Alumni Association of the Teachers College awards annually four fifty-dollar scholarships to graduates of four-year high schools on the basis of scholarship and general excellence. Half of the award will be paid on November 1, 1926, and the remainder on January 1, 1927. The Association has taken this action with a view to influencing well-qualified high school graduates to come here for

teacher training. The receivers of the award will be members of the freshman class, 1926-1927.

THE FLORENCE VANE SKEFFINGTON SCHOLARSHIP.—In memory of Florence Vane Skeffington, whose rare abilities and personality gave character to the English work of this school for seventeen years, the Florence Vane Skeffington Scholarship of one hundred dollars is awarded to a student whose gifts and attainments promise distinction in the teaching of English. The award for 1926-1927 goes to Ella Margaret Coon.

LOAN FUNDS

THE STUDENTS' LOAN FUND.—The Students' Loan Fund of the Eastern Illinois State Teachers College makes it possible for a deserving student in the second half of the course to borrow, at a low rate of interest on a personal note, a sum of money that will help him to remain in college and complete the course. This plan has been tried and students have found such temporary assistance of great advantage. The foundation of this fund was secured from admission fees to the Senior Class play and to the Training School entertainment, given during commencement week.

Under the will of the late Dr. W. D. Morgan, of Charleston, there is given to the Students' Loan Fund the annual income from about six thousand dollars, which is one-seventh of the estate. An additional amount will be received at the death of certain heirs.

THE ADELIA CAROTHERS FUND.—A fund known as "The Adelia Carothers Fund" has been established by Mrs. Ida Carothers Merriam and Mr. Charles G. Carothers in memory of their mother. This fund is to be loaned to young women students of high character and scholarship during the last half of their course. The student to whom this loan is made is distinctly honored.

SOCIAL ACTIVITIES

ENTERTAINMENT COURSE.—For several years the college has maintained during the regular year an entertainment course in order to bring to the students entertainments of genuine interest and merit. The course is supported by the students' activities fee and by the sale to others of course and single admission tickets. Under the auspices of this course such attractions as the following have been presented: United States Marine Band, Minneapolis Symphony Orchestra, St. Louis Symphony Orchestra, Flonzaley Quartette, Coburn Players, Devereux Players, Tony Sarg's Marionettes.

The college has a complete motion picture equipment, which enables the entertainment course to show good motion pictures as a part of the season's programme.

The entertainment course for 1925-1926 was as follows:

November 19—Ronny Johansson, dancer.

December 2—Jean Gros' French Marionettes in Victor Herbert's light opera, "Babes in Toyland."

January 14—Francis Macmillen, American violinist.

March 18—Carveth Wells, lecturer and entertainer.

March 23—St. Louis Symphony Orchestra.

April 30—Elsa Diemer, soprano.

May 6—Motion Picture—"Beau Brummel."

May 20—Motion Picture—"The Iron Horse."

DRAMATICS.—In the fall of 1925 a Director of Dramatics was appointed to supervise all dramatic work for public presentation by the school. Under the plan adopted, the high school and the college constitute two dramatic organizations, with elected student officers. The major production of the year for each is the commencement play. Other programmes are presented during the year if suitable talent is available. In the college year 1925-26, a Christmas Festival in which members of every division of the institution took part, two bills of one-act plays, presented by *The Players*, the college dramatic club, and the commencement plays were given. The ends in view under the new plan are as follows:

1. To make possible the development of dramatic talent through a period of years rather than through the period of rehearsal for one play.
2. To attempt to maintain as nearly uniform standards as possible and to build up higher aims as progress is noted.
3. To encourage familiar acquaintance with the artists of the theatre of all times.
4. To establish a fund for permanent equipment.

THE TEACHERS COLLEGE NEWS.—A four-page weekly, "The Teachers College News," published by a board of student editors with a faculty adviser, is issued on Mondays. It is supported by the students' activities fee. In addition to announcements, reports of games, local news, and alumni notes, it contains editorials of high value in influencing college spirit as well as student spirit. Some class work of merit appears occasionally in this paper. It deserves the support of students, teachers, and alumni.

The class of 1924 left as a class memorial equipment for a room devoted to the uses of "The News" and the "Warbler." At present a temporary room on the third floor is being used, but when the College has a larger manual arts building these publications hope to have a room adjoining the printing department.

RECREATION.—A committee consisting of five members of the faculty and a student from each Teachers College class has charge of student recreations which are not solely class affairs. The latter are

under the supervision of the faculty advisers of each class. The students are permitted to have parties Saturday or Monday evenings in the gymnasium. In the spring and fall, there are picnics in the neighboring woods. These activities are chaperoned by members of the faculty.

TRACK AND FIELD MEET.—The seventeenth annual track and field meet was held on Schahrer Field, May 1, 1926. There were twenty-five schools with two hundred sixty-five contestants entered. The meet was won by Hillsboro High School with forty-seven points. Chrisman was second. Hillsboro also won the relay race. Paris of Hillsboro was the individual winner with fifteen points. Friessel of Hillsboro broke the track record in the high jump.

This meet is conducted by the Athletic Association of the Teachers College. Beautiful medals of gold, silver, and bronze are given as prizes in each event. A plaque is given to the school winning the meet and also to the school which is second. A suitable trophy is given to the school winning the relay race.

INTERSCHOLASTIC ORATORICAL CONTEST.—The oratorical contest is held in connection with the Track and Field Meet. It has three divisions: (1) speeches and orations, (2) dramatic selections, (3) humorous selections. Each high school is entitled to one entry in each division. Two prizes are given in each division, a gold medal for first place and a silver medal for second place.

The winners in the 1926 contest were as follows:

Division of speeches.—Nathalie Jenks, Paris, first; Marvin Thompson, Granite City, second.

Division of dramatic selections.—Naomi Wingfield, Allerton, first; Cora Fredericks, Rankin, second.

Division of humorous selections.—Edna Lindsay, Granite City, first; Esther Ewald, Arcola, second.

MUSIC FESTIVAL.—The seventh annual music festival was held on April 27-30, 1926, under the direction of Mr. Friederich Koch and Miss Major. The programme consisted of the following concerts:

I.—April 27, Concert by the College Girls' Glee Club, under the direction of Mr. Koch.

II.—April 28, Concert by a chorus of five hundred grade children of the city, under the direction of Miss Major and Miss Cheney.

III.—April 29, Concert by the College Chorus, assisted by the orchestra and glee clubs, under the direction of Miss Major.

IV.—April 30, Recital by Elsa Diemer; accompanist, Mr. Koch.

ATHLETICS.—All athletic activities are conducted by the Athletic Council. This council is composed of two members of the faculty, appointed by the president; two students, elected by the students; and the athletic coach. An athletic fee of one dollar is charged each student as part of the students' activities fee. This fee is payable at the beginning of each term. It entitles the student to free admission to all

athletic contests in which Teachers College or High School teams take part on the home grounds, and also a vote for the student representative on the Athletic Council. The Teachers College and the High School have separate teams and play independent schedules. The Eastern Illinois State Teachers College is a member of the Illinois Intercollegiate Athletic Conference, and the High School is a member of the Illinois High School Athletic Association.

ATTENDANCE AT CHURCH.—Each student is expected to attend regularly the church of his choice, or that which meets the approval of his parents. The pastors and members of the different churches have made the students at home in the churches and Sunday schools. The teachers of the Teachers College encourage the students to form and sustain intimate relations with the churches.

THE CHRISTIAN ASSOCIATIONS.—The Young Men's and the Young Women's Christian Associations have organizations here in flourishing condition. Committees from the associations meet new students at trains and assist them in finding boarding places. Social gatherings under the auspices of the associations are held during the year.

THE STUDENT COUNCIL.—The Student Council was organized in the spring of 1920 as a means of communication between the faculty and students, and as a permanent organization through which the students might express their point of view on college affairs.

The Council now consists of eleven members: One from each class of the High School, four from the Junior College, and two from the Senior College. The editor of the "Teachers College News" has a seat in the Council but has not the right to vote. The term of office is one year. Elections take place each term, being so arranged that there is a majority of old members after each election. The constitution provides for a president and any other officer that the Council finds necessary.

The constitution is worded in such a way that the Council may take an increasing part in the control of student affairs.

THE STUDENT BOARD OF CONTROL.—The Student Board of Control was established in the spring term, 1926, by a majority vote of the four college classes for the purpose of maintaining a high standard of student conduct. The Board consists of sixteen members, four from each class elected for one year by a majority vote of the respective classes at an election held on Wednesday of the fourth week of the fall term.

ALUMNI CLUB

The Charleston Club of Chicago is an organization of former students. This club meets occasionally in a very pleasant way, and all former students or teachers, living in or near Chicago, will be notified of these meetings if they send their names to the secretary.

The officers of the Charleston Club of Chicago are:

Mr. Trevor K. Serviss, '21, President.

Miss Zola Katherine McMunn, '24, Secretary.

Miss Alma E. Diemer, '19, Treasurer.

THE ALUMNI ASSOCIATION

The Saturday preceding commencement week is Alumni Day. Returning graduates attend morning exercises at nine o'clock and the alumni dinner in the evening. It is customary to have in the afternoon a ball game between members of the regular team and players on former teams.

The officers of the association are:

Mr. Alonzo F. Goldsmith, '13 and '24, President.

Mrs. Lida A Hostetler Shriver, '09, Vice-President.

Miss Esther McCrory, '10, Secretary and Treasurer.

Executive Committee

Mr. Max G. Carman, '20.

Miss Mary A. Dwyer, '15.

Mr. Otto I. Schmaelzle, '17.

Miss Leah T. Todd, '16.

Mr. Charles W. Baker, '17.

Standing Committee for Advancing the Interests of the College

Mr. Otto I. Schmaelzle, '17 (term expires in 1927)

Mr. Howard D. Allison, '21 (term expires in 1928)

Miss Florence Sutton, '21 and '23 (term expires in 1929)

TEACHERS' APPOINTMENT COMMITTEE

To assist school officers in securing capable teachers and to help graduates in securing desirable positions, the Eastern Illinois State Teachers College has an appointment committee. Its services are free both to teachers and to school officers. It is very desirable that graduates of the college keep the committee informed of their present location and position, so that the committee may make intelligent recommendations to superintendents desiring experienced teachers.

THE CERTIFICATING LAW

By the Illinois certificating law, in force July 1, 1914, and amended in 1919, certificates may be issued to those who have done a required amount of work in a recognized normal school or its equivalent.

A provisional certificate valid for one year may be issued without examination to persons who have completed two years of work in a recognized normal school, or one year of such work if the candidate is a graduate of the tenth grade. A provisional certificate is not renewable and cannot be issued the second time to the same person.

A second grade elementary school certificate, valid for two years in the first eight grades of the common schools of the county and in the ninth and tenth grades when endorsed for the same by the county superintendent, *may at the option of the county superintendent*, be issued without examination to persons who have completed the junior year's work in a recognized normal school or its equivalent. This certificate is renewable on evidence satisfactory to the county superintendent of

six months' successful teaching or twelve weeks' professional training, and a second time if in the period following the date of issue the holder shall have acquired eighteen weeks' professional training in any recognized school provided for such training. Graduation from a recognized high school (two-year, three-year, or four-year) or an equivalent preparation is required for admission to the examination for second grade certificate.

A first grade elementary school certificate, valid for three years in the first ten grades of the common schools of the county and in the high school when endorsed for the same by the county superintendent, *shall be issued* to graduates of a recognized normal school, or from an institution offering an equivalent preparation, provided the applicant has had one year of successful practice teaching and applies for the certificate within three years after graduation.

A second grade certificate is valid for teaching only. A first grade certificate is valid for supervision in all positions where the principal or superintendent teaches one-half or more of the time.

A high school certificate, valid for three years in the high schools of the county, and renewable indefinitely for periods of three years on evidence satisfactory to the county superintendent of successful teaching or supervision and professional growth has the following requirements: (1) graduation from a recognized high school, or an equivalent preparation; (2) a certificate showing the completion of at least two years' successful work in any recognized higher institution of learning; and (3) an examination in English, pedagogy, and six high school subjects, three majors and three minors, chosen from a list prescribed by the examining board: *Provided, however*, that graduates of a recognized normal school, college, or university may offer within three years after graduation, certified credits in lieu of examination in the above subjects accompanied by faculty recommendation of ability to teach in the high school.

The law contains also provision for supervisory, kindergarten-primary, and special certificates issued by a county superintendent. The Superintendent of Public Instruction is empowered to grant four-year elementary school, high school, and supervisory certificates which shall at the time of their expiration become valid and be endorsed for life upon evidence of successful teaching or supervision satisfactory to the Superintendent of Public Instruction.

A first and second grade elementary school certificate, a high school certificate, a supervisory certificate, a kindergarten-primary certificate, or a special certificate is valid in the county of issue, and in any county of the state when endorsed by the county superintendent of such county, upon evidence of successful teaching, certified by the county superintendent in whose county the teaching has been done.

All certificates, whether state or county, must be annually registered and endorsed, and a fee of one dollar must be paid.

six months' successful teaching or twelve weeks' professional training, and a second time if in the period following the date of issue the holder shall have acquired eighteen weeks' professional training in any recognized school provided for such training. Graduation from a recognized high school (two-year, three-year, or four-year) or an equivalent preparation is required for admission to the examination for second grade certificate.

A first grade elementary school certificate, valid for three years in the first ten grades of the common schools of the county and in the high school when endorsed for the same by the county superintendent, *shall be issued* to graduates of a recognized normal school, or from an institution offering an equivalent preparation, provided the applicant has had one year of successful practice teaching and applies for the certificate within three years after graduation.

A second grade certificate is valid for teaching only. A first grade certificate is valid for supervision in all positions where the principal or superintendent teaches one-half or more of the time.

A high school certificate, valid for three years in the high schools of the county, and renewable indefinitely for periods of three years on evidence satisfactory to the county superintendent of successful teaching or supervision and professional growth has the following requirements: (1) graduation from a recognized high school, or an equivalent preparation; (2) a certificate showing the completion of at least two years' successful work in any recognized higher institution of learning; and (3) an examination in English, pedagogy, and six high school subjects, three majors and three minors, chosen from a list prescribed by the examining board: *Provided, however*, that graduates of a recognized normal school, college, or university may offer within three years after graduation, certified credits in lieu of examination in the above subjects accompanied by faculty recommendation of ability to teach in the high school.

The law contains also provision for supervisory, kindergarten-primary, and special certificates issued by a county superintendent. The Superintendent of Public Instruction is empowered to grant four-year elementary school, high school, and supervisory certificates which shall at the time of their expiration become valid and be endorsed for life upon evidence of successful teaching or supervision satisfactory to the Superintendent of Public Instruction.

A first and second grade elementary school certificate, a high school certificate, a supervisory certificate, a kindergarten-primary certificate, or a special certificate is valid in the county of issue, and in any county of the state when endorsed by the county superintendent of such county, upon evidence of successful teaching, certified by the county superintendent in whose county the teaching has been done.

All certificates, whether state or county, must be annually registered and endorsed, and a fee of one dollar must be paid.

PART II
INSTRUCTION

physical education and work in the use of the library. Another unit is substituted for any of these studies the student has successfully completed.

5. *High school records must be sent to the Registrar. A student with high school or other record should have a complete copy of the record sent by the principal of the school to the Registrar of the Teachers College. This should be done before the date of entering.*

Township scholarships are presented at the cashier's office on registration day.

GRADUATION

A bachelor's degree is conferred upon those who complete a four-year curriculum; a diploma is granted to those who complete the two-year curriculum for preparation of teachers for the grades. A two-year diploma is granted also in agriculture, art, English, home economics, manual arts, and music. Four-year curriculums prepare teachers for high schools, for special grade work, and for positions as principals, supervisors, and teachers of special subjects. *A year's resident work is required for a diploma or degree.*

The records of those who expect to complete a curriculum in a current year are checked at the beginning of each term and on April 15. A statement of the courses necessary for the completion of his work is given to each of these students in the fall term and is used by him in making his programmes for succeeding terms. The list of candidates for graduation is based on the checking of April 15. A student who is not more than four credits behind the class at that time may participate in commencement exercises with the class and receive his diploma at the close of the summer term if he completes the work by that time. It is possible to earn two credits in each half of the summer term.

SCHOLARSHIP

I. Beginning with the college year 1926-1927, grades will be expressed in letters as follows:

A, Excellent	3 grade points
B, Good	2 grade points
C, Fair	1 grade point
D, Poor	0 grade points
E, A condition	0 grade points
(incomplete work)	
F, A failure	- 1 grade point

II. For graduation and for admission to practice teaching not more than one-fourth of a student's credits may have a grade of D; that is, three-fourths of his grades must be C or above. This means that he must have a minimum of nine grade points in his freshman year in order to be admitted to practice teaching in the sophomore year; a minimum of eighteen grade points for graduation from the Junior College; and a minimum of thirty-six grade points for the degree.

III. Graduation with high honors requires that a student receive a grade of A in three-fourths of his work and B average in the rest.

Graduation with honors requires a grade of A in one-half of the student's work; B or higher in one-fourth of his work; and C average in the rest.

Graduation honors will be noted on the diploma, announced at commencement, and published in the next issue of the annual catalogue.

IV. Scholarship honors on the same basis as graduation honors will be announced for each term in the month after the beginning of the next regular term; in December for the fall term; in March for the winter term; in October for the spring term and for the preceding year.

The announcement will be made at morning exercises on Saturday morning and will be printed in the next issue of the "Teachers College News."

V. A student failing in three courses (three credits) in any term or in one-half of his courses (two credits) in two consecutive terms will be dropped from the college.

VI. No freshman in a four-year curriculum may register for extra work in his first term.

No sophomore may register for extra work in the first term in which he is taking practice teaching.

No student whose average is below B in the preceding term may register for extra work.

EXTENSION WORK

The Teachers College is glad to offer such extension work as its facilities permit. It is especially urged that such aid be sought as the College may be able to give in improving present teaching in the elementary schools. A skillful teacher in visiting schools and in talking with teachers is able to be of great assistance to those of less experience. This suggestion contemplates giving help in those subjects that make up the greater part of the elementary school curriculum, namely: reading, language and grammar, arithmetic, geography, history, drawing, and music.

CURRICULUMS

For graduates of recognized four-year high schools, the following curriculums are offered:

- I. Two-Year Curriculums (24 credits each) leading to a diploma:
 1. For preparation of teachers for the grades. This diploma entitles the holder to a first grade elementary school certificate without examination. The completion of the first year of the work entitles a student to recommendation for a second grade certificate without examination.
 2. For preparation of special teachers of agriculture, art, home economics, manual arts, and music. This dip-

loma entitles the holder to a special certificate in one of these subjects and to a first grade certificate. The completion of the first year of work entitles a student to recommendation for a second grade certificate without examination.

3. For the preparation of teachers of English in the seventh, eighth, and ninth grades and in junior high schools. This diploma entitles the holder to a first grade elementary school certificate without examination. The completion of the first year's work entitles him to recommendation for a second grade certificate without examination.

II. Four-Year Curriculums (48 credits each) for preparation of the following:

1. Primary Teachers.
2. _____
3. Grammar Grade Teachers, High School Teachers, and Teachers of Special Subjects:

A. _____	G. Home Economics
B. Art and Design	H. Manual Arts
C. English	I. Mathematics
D. Foreign Language	J. _____
E. Geography	K. Science (Biological)
F. History	L. Science (Physical)
4. Supervisors and principals.

In the four-year curriculums, the college has followed these principles:

1. Since the science and art of education should be emphasized in a *teachers* college, the student in every term of every year has one course in education (including psychology and practice teaching).
2. Since scholarship should be of high importance in a *teachers college*, a student receiving a degree should have attained some proficiency in a chosen branch of knowledge; therefore, in every term of every year, he has a course in the major subject of his choice.
3. Since no graduate of *any* college should be narrow in his education, every student elects another subject which he must continue for two years and also elects two more years of work in other subjects.
4. Since a teacher should have a good degree of scholarship in the English language, every student has two years' work in college English.
5. Since a teacher should view intelligently the material and social world, every student has one year's work in a laboratory science, and one in social science, hygiene, and public sanitation.

CREDIT

A *credit* is a term's work in a subject requiring preparation and reciting four periods ("hours") a week. A period ("hour") is fifty minutes. College classes do not meet on Tuesdays, at 8:10; on Wed-

nesdays, at 9:30; on Thursdays, at 10:25; on Fridays, at 11:20; on Saturdays in the afternoon. College physics and chemistry require three double periods and two single periods a week. Other biological sciences require six periods a week. Art, manual arts, and home economics courses not requiring preparation require eight periods a week for a credit; the four-period courses are half credit courses and two are required therefore for a credit. A statement of the amount of credit is included in the description of each course. No credit toward graduation is given for fewer than three credits in piano or voice work; or in the *first year's* work in a foreign language; or for fewer than one and a half credits in the *first year's* work in elective art, home economics, manual arts, physical education.

Physical education, the use of the library, and penmanship are required in all curriculums, but are not a part of the total number of credits.

NUMBERING OF COURSES

Courses numbered 1-18 are for credit below the Junior College; courses numbered 20-29 are (with a few exceptions) required in a curriculum in the Junior College; courses numbered 30-39 are elective courses for those in the Junior College; courses numbered 40 or above are Senior College courses. Courses numbered 1-19 do not count in the Junior College or above unless so stated in the description of the course.

MAJOR AND MINOR SUBJECTS

In four-year curriculums for graduates of four-year high schools, a student in a special curriculum takes twelve credits of work in a major subject and six in a minor subject, in some cases specified by the department of the major subject and in other cases left to the student's choice, the only restriction being that they shall constitute two years' work in some one department and that the courses chosen shall be satisfactory to that department. Students will consult the department of the major subject as to choice of minor subjects and of electives.

ELECTIVES

There are three groups of electives: One for those in the Senior College, numbered 40 or above; one for those in the Junior College, numbered 30-39; the third for those below the Junior College, numbered 1-19, and not counting in the Junior College or above. Students will consult the department of the major subject as to choice of electives and of minor subject.

DESCRIPTION OF CURRICULUMS

I. TWO-YEAR CURRICULUMS

24 Credits

1. FOR PREPARATION OF TEACHERS FOR THE GRADES

FRESHMAN YEAR

Psychology 20, 21, 22	Reading 24
English 20, 21, 27 or 24 or 22	Drawing 24
Arithmetic 20, 21	Penmanship 20
Botany 20 or Zoology 20	Library 20
Geography 20	Physical Education

SOPHOMORE YEAR

Education 20, 21	Geography 21 and an elective or
Teaching 20, 21, 22	English 23 and
History 20, 21	Education 24
Music 24	Hygiene 20
Manual Arts 24 or 25	Physical Education

Notes: 1. The completion of the work of the freshman year entitles the student to recommendation for a second grade certificate without examination. The completion of the sophomore year in this curriculum entitles the student to the diploma of the Junior College and to a first grade certificate.

2. A credit is the amount of work done in a prepared subject reciting four periods a week for a term of twelve weeks.

3. Each subject has four fifty-minute periods a week unless otherwise indicated by a number in parentheses; but laboratory sciences have six or eight fifty-minute periods; art, manual arts, and home economics require eight periods a week for full credit.

4. Students who have had a year of geography in the Teachers College High School substitute elective credits for Geography 20, 21; but may take Geography 20 for elective credit. Students who are graduates of the Teachers College High School substitute an elective credit for Botany 20 or Zoology 20. Those who have not had in high school a year of botany or zoology with laboratory work are advised to take a second term of biology. This second term counts as an elective credit.

5. Physiology 20 or the equivalent is prerequisite to Hygiene 20. A student who has not had the prerequisite may take Physiology 20 and count it as elective.

TRAINING SCHOOL

ORGANIZATION AND ADMISSION.—The Training School consists of the Elementary School of eight grades, and the High School of four grades. Below the ninth grade the number of pupils who can be admitted is limited. Pupils desiring admission are registered, then admitted in order of registration when vacancies occur.

Pupils once admitted to the school for the regular school year retain their places until completing the course unless they are unreasonably irregular in attendance or fail to appear on the opening day of the school year without notice to the director of their intention to appear later.

In grades below the ninth, a fee of seventy-five cents is charged on the opening day of each of the three terms of the year. In the ninth grade and above the fees regularly charged Teachers College students are paid.

THE HIGH SCHOOL.—The Teachers College High School is recognized by the State Department of Education and is accredited by the University of Illinois and by the North Central Association of Colleges and Secondary Schools. Those who have completed the eighth grade may enter the ninth grade which is the first year of a four-year high school. Those who have completed the work of a two-year rural high school may enter the tenth year. Full credit is allowed to students entering from another accredited high school. Sixteen units are required for graduation.

NOTE.—Students wishing to take two electives in the eleventh year may postpone History 4, 5, 6 or Physical Science 1, 2, 3 to the twelfth year.

Graduates of the High School are admitted to the Teachers College.

TRAINING TEACHERS.—In the first nine grades the immediate direction of the work of each grade and the responsibility for its progress is with the training teacher of the grade. The training teachers, with the director, plan the work of their grades, discuss with the student teachers their plans for teaching the different subjects, do enough of the teaching to keep the progress of the pupils at least up to the standard of city schools of the same type, and teach special lessons for the obser-

vation of Teachers College classes in methods of teaching the special subjects. The character of the work of the training teacher determines almost entirely the success of the Training School in accomplishing its purpose.

In the seventh, eighth and ninth grades, each of the teachers has department work in the three grades. A training teacher for history has charge of that work in grades five to eight inclusive. A training teacher for music has charge of the music in grades one to eight. A training teacher for drawing has charge of the drawing in grades one to eight. The teachers in other departments of the Teachers College have in all cases an advisory relation to the Training School and in some cases a supervisory relation. Senior College students have two terms of practice teaching in the College High School which is a Training School for teaching in high school.

PURPOSE.—The purpose of the Teachers College in maintaining a Training School is twofold. It needs a pedagogical laboratory in which students and members of the faculty may test the methods of instruction and the pedagogical theories taught in the Teachers College. And to develop in the students craftsmanship in teaching they must have opportunity to observe expert work and to develop skill by actual experience in teaching.

The results, however, cannot be secured unless the Training School itself is aiming at the best possible education for the boys and girls who are pupils in the school. If the Training School is not securing for its pupils results up to the standard of good schools of the usual type, it is not best adapted to its purpose as an experiment school, and if it is not at least equal to other elementary schools it is certainly not adapted to secure the best results as a school of observation and practice.

PRACTICE TEACHING.—All students graduating from the Teachers College in the two-year curriculum are required to take throughout their second year a course in practice teaching. The first term the student is assigned to teach in the lower four grades or in the upper four grades as he chooses; the second term, in the group of grades not chosen for the first term; and the third term, in the grade, if possible, in which he thinks his future teaching is to be done.

Student teachers are assigned to training teachers by the director and are assigned by the training teacher to particular teaching duties for one fifty-minute period each day. In the beginning of the first term the student makes plans for teaching the lessons in his assigned subject after discussing the subject matter and procedure with the training teacher, but for one or two weeks the teaching is done by the training teacher, the student observing. Gradually the teaching is turned over to the student, the training teacher observing and discussing the lessons and lesson plans before and after the student teaches the lesson. Each training teacher holds one general meeting each week with her group of students, besides special conferences with individuals. She also does

as much of the teaching as seems necessary to keep the class up to standard and to furnish the student opportunity to observe expert teaching.

Students taking the four-year course take one term of practice teaching in the Elementary School in their second year. Two terms of teaching, one in their major subject and one in their major or minor subject, are required of them in the Senior College. The College High School is the Training School for those who are preparing to teach in high schools.

OBSERVATION AND PARTICIPATION.—In the first year all students are required to take work in observation in the Training School. The work is designed to prepare them to meet the problems of teaching which they must meet in their course in practice teaching, to enable them to see the application of their course in psychology, and to assist them in selecting the group of grades in which they wish to teach. Opportunity is given to observe both the room management and the teaching of the training teacher. Some opportunity is offered to assist in the management and in the planning of lessons.

DESCRIPTION OF COURSES

AGRICULTURE

High School

Students enrolled in high school agriculture are required to do a special problem relating to the course at home or in the laboratory. Field trips to neighboring farms and to experiment fields are required.

1. **FARM CROPS.** A study of our principal farm crops, culture requirements and methods, harvesting, seed selection, storage, and the identification of weeds, insects, and seed.

Elective. Five hours a week. One credit. Omitted 1926-1927.

2. **SOILS.** The classification, distribution, and productivity of the principal soil types; principles of soil management, crop rotations, fertilizers, and the maintenance of soil fertility.

Elective. Five hours a week. One credit. Omitted 1926-1927.

3. **HORTICULTURE.** The planting, care, and management of the orchard and garden; insects and diseases of fruit, trees, and vegetables; methods of control of these diseases.

Elective. Five hours a week. One credit. Omitted 1926-1927.

4. **LIVESTOCK.** An introductory study of types and breeds of farm animals, principles of judging, and elementary problems of livestock management.

Elective. Five hours a week. One credit. Fall term.

5. **FEEDS AND FEEDING.** An elementary study of the principles involved in animal feeding, requirements of farm animals, balanced rations, composition and value of feeds, and feeding for the economic production of livestock products.

Elective. Five hours a week. One credit. Winter term.

6. **GENETICS.** An elementary study of genetics in its relation to the improvement of plants and animals.

Elective. Five hours a week. One credit. Spring term.

Junior College

24. **GENETICS.** This is an introductory course in genetics. Emphasis is laid upon the application of genetic principles to the improvement of plants and animals. Consideration is given to some of the old theories of breeding, the physical basis of heredity, Mendel's law and apparent exceptions thereto, pure line breeding, crossing, and grading.

Four hours a week. One credit. Summer term.

30. **AGRONOMY.** Farm crops. Requirements and cultural methods. Control of insect, weed, and disease enemies. Wheat, oats, alfalfa, and corn. Legumes, roots, and potato crop.

Four hours a week. One credit. Omitted 1926-1927.

5. **FEEDS AND FEEDING.** An elementary study of the principles involved in animal feeding, requirements of farm animals, balanced rations, composition and value of feeds, and feeding for the economic production of livestock products.

Elective. Five hours a week. One credit. Winter term.

6. **GENETICS.** An elementary study of genetics in its relation to the improvement of plants and animals.

Elective. Five hours a week. One credit. Spring term.

Junior College

24. **GENETICS.** This is an introductory course in genetics. Emphasis is laid upon the application of genetic principles to the improvement of plants and animals. Consideration is given to some of the old theories of breeding, the physical basis of heredity, Mendel's law and apparent exceptions thereto, pure line breeding, crossing, and grading.

Four hours a week. One credit. Summer term.

30. **AGRONOMY.** Farm crops. Requirements and cultural methods. Control of insect, weed, and disease enemies. Wheat, oats, alfalfa, and corn. Legumes, roots, and potato crop.

Four hours a week. One credit. Omitted 1926-1927.

31. ELEMENTARY SOIL AND PLANT STUDIES.

Four hours a week. One credit. Omitted 1926-1927.

32. HORTICULTURE. The farm garden. Study of the principles of gardening. Planting and care of the vegetable garden.

Four hours a week. One credit. Omitted 1926-1927.

33. ANIMAL HUSBANDRY. Principles of livestock judging. Types and breeds of horses, beef cattle, sheep, and swine. Problems in production and marketing of livestock.

Four hours a week. One credit. Fall term.

34. ANIMAL HUSBANDRY. Principles of feeding. Classification of feed stuffs and nutrients. Feeding standards. Balanced rations. Compounding rations for common farm animals.

Four hours a week. One credit. Winter term.

37. DAIRY FARMING. Breeds, selection, management and housing of dairy cattle. Short history of development. Common ailments and their treatment. Milk and its products. Conditions affecting development. Systems, renting, cost of production, and methods of marketing.

Four hours a week. One credit. Spring term.

39. AGRICULTURAL EXTENSION. This course is planned primarily to meet the needs of country school teachers. It deals with the institutions of the country—school, home and church. Surveys, projects, and suggestions for supervisors, superintendents, and directors.

Four hours a week. One credit. Summer term.

Senior College

(Senior College courses in Agriculture will not be offered in the year 1926-1927.)

ART AND DESIGN

High School

1, 2, 3. ELEMENTARY DRAWING. Lettering, perspective, composition and poster work, study and practice of color. Study of principles of design, problems involving principles of rhythm, balance, and harmony. Application of design to pottery and other materials.

Prerequisite: Art 1 to Art 2; Art 2 to Art 3. Elective. Five hours a week with an equal amount of outside work. Three credits. Course 1, fall term, Course 2, winter term, Course 3, spring term.

Junior College

20, 21, 22. PRACTICE TEACHING IN DRAWING.

Required in the sophomore year in the two-year curriculum in art. Five hours a week. Three credits. Fall, winter, and spring terms.

24. ELEMENTARY DRAWING. Lettering, perspective, composition and poster work, study and practice of color.

Eight hours a week. One credit. Every term.

25. METHOD IN DRAWING, GRADES I-IV. The course includes a discussion of the value of art education; its relation to other subjects and to industries; methods of teaching drawing in the lower grades; the ordering of supplies; the planning of lessons.

Four hours a week. One credit. Spring term, odd years.

26. METHOD IN DRAWING, Grades V-VIII. A study of the subject matter to be taught in the upper grades.

Four hours a week. One credit. Fall term.

27. HISTORY OF ORNAMENT.

Four hours a week. One credit. Winter term, even years.

28. HISTORY OF PAINTING.

Four hours a week. One credit. Spring term, even years.

29. HISTORY OF ARCHITECTURE.

Four hours a week. One credit. Winter term, odd years.

30, 31, 32. ART AND DESIGN. First year's work.

Design I. A study of color, principles of design, problems involving principles of rhythm, balance, and harmony.

Perspective. A course including the essentials of pictorial and mechanical perspective.

Lettering. A comprehensive study of various letter forms, including Roman, Gothic, and poster alphabets, followed by practical problems, using the alphabets studied.

Prerequisite: Art 30 to 31 and 31 to 32. Eight hours a week. Three credits. Art 30, fall term; Art 31, winter term; Art 32, spring term.

33, 34, 35. ART AND DESIGN. Second year's work.

Design II. Design with more direct application to decorative art and materials. Leather tooling, wood block printing, batik.

Prerequisite: Art 33 to 34 and 34 to 35. Eight hours a week. Three credits. Even years.

Senior College

40. THE TEACHING OF DRAWING. A course in method in drawing with special reference to drawing in the high school.

Four hours a week. One credit. Fall term.

41. PRACTICE TEACHING IN DRAWING.

Five hours a week. One credit. Winter term.

42. PRACTICE TEACHING IN DRAWING, continued.

Five hours a week. One credit. Spring term.

43, 44, 45. ART AND DESIGN. Third year's work.

43. STILL LIFE. Study of object drawing continued. Much time is spent on technique in various mediums.

Pictorial Composition. A study of the principles of composition. Outdoor sketching.

44. INTERIOR DECORATION. A thorough and practical course in the fundamentals of interior decoration. Emphasis is placed on good

color harmony, and the application of the principles of design. The course includes the study of periods and styles of furniture and of materials used in interiors.

45. LIFE SKETCH. A careful study of the costumed figure in charcoal, pencil, pen and ink.

Prerequisite: Art 43 to 44 and 44 to 45. Eight hours a week. Three credits. Art 43, 44, 45, odd years.

46, 47, 48. ART AND DESIGN. Fourth year's work.

46. LIFE SKETCH. Drawing from the figure in different mediums.

47. METAL WORK. Application of principles of design to brass, copper, and silver articles.

48. OIL PAINTING. Painting of still life groups; sketching.

Eight hours a week. Three credits. Art 46, 47, 48, even years.

49. LETTERING.

Eight hours a week. One credit. Omitted 1926-1927.

EDUCATION, PSYCHOLOGY, TEACHING

EDUCATION

Junior College

20. PRINCIPLES OF EDUCATION. Through discussion of the nature and aims of education, foundations are laid for notions of educational values, selection of the curriculum, methods of teaching and the school management course which follows.

Four hours a week. One credit. Fall, winter, and spring terms.

21. SCHOOL MANAGEMENT. This course accompanies the course in practice teaching and interprets the management of the Training School. Classroom social relations, routine, the daily programme, discipline, and the technique of teaching are discussed.

Four hours a week. One credit. Every term.

24. PRIMARY EDUCATION. The course deals with reading, number, dramatization, story telling, games, and other activities belonging to a primary school.

Four hours a week. One credit. Spring term.

25. PRIMARY DRAWING AND HANDWORK.

Required in the second year of the curriculum for preparation of primary teachers and accepted for Manual Arts 24. Four hours a week. One credit. Omitted 1926-1927.

26. CHILD PHYSIOLOGY.

Required in the second year of the curriculum for preparation of primary teachers. Four hours a week. One credit. Omitted 1926-1927.

27. FOLK GAMES AND PRIMARY MUSIC.

Required in the second year of the curriculum for preparation of primary teachers. Four hours a week. One credit. Omitted 1926-1927.

Senior College

40 P. PRIMARY GRADE SUPERVISION.

Required in the curriculum for preparation of primary teachers. Four hours a week. One credit. Fall term.

47. PHILOSOPHY OF EDUCATION.

Required in the last year of the Senior College. Four hours a week. One credit. Spring term, even years, alternating with Psychology 45.

48. SCHOOL ORGANIZATION AND ADMINISTRATION. This is an introductory course for students who desire a knowledge of the problems in educational organization, administration, and supervision in the nation, the state, and local units. The first half of the course gives an understanding of the problems of administration to enable all members of an organization to cooperate with those in final administrative authority in the formulation of policies. The second half of the course presents the problems of the elementary school principal in organizing and administering an elementary school.

Required in the senior year of the curriculum in educational administration and supervision. Four hours a week. One credit. Fall and summer terms.

49. SCHOOL LAW AND FINANCE. The course includes (a) a brief survey of school law with particular reference to the laws of Illinois, (b) a study of such topics as the school budget, comparative costs in education, financial records and accounts, school indebtedness, the control of school finance, educational inequalities, the units of school support, state aid, and sources of public school revenues.

Prerequisite: Education 48. Required in the senior year of the curriculum in educational administration and supervision. Four hours a week. One credit. Winter term.

50. CURRENT EDUCATIONAL PROGRESS.

Required in the last year of the curriculum in educational administration and supervision. Four hours a week. One credit. Omitted 1926-1927.

PSYCHOLOGY

Junior College

20, 21, 22. INTRODUCTION TO PSYCHOLOGY. This course is intended to serve a double purpose: (a) to present the general facts concerning mental process, (b) to show the application of these facts to problems of learning and teaching. The general background is presented in the first two terms of work (Courses 20 and 21) and includes a consideration of the following topics: the physiological basis of mental processes, the accumulation of experience by means of the sense organs; the development of perceptions, ideas, and concepts; the association of ideas; memory; imagination; reasoning; attention; instinct; feeling; emotion; will. The second purpose of the course is carried out by a discussion of the laws of learning as they are applied in the common

branches; and by a series of observations in the Training School, followed by class discussion of the psychological principles involved.

Required in the freshman year. Four hours a week. Three credits. Course 20, fall and summer terms; Course 21, winter and summer terms; Course 22, spring and summer terms.

Senior College

44. EDUCATIONAL MEASUREMENTS. The aim of this course is to introduce the student to the application of the statistical method to the solution of educational problems; to acquaint him with standardized and proposed tests for measurements of general mental ability and with scales for the measurement of progress of the child in school subjects and for the determination of efficiency of teaching. Opportunity is given for the development through practice of some skill in the application of tests and the employment of scales.

Required. Four hours a week. One credit. Fall term.

45. EDUCATIONAL PSYCHOLOGY. This course makes a more detailed study than is possible in Courses 20, 21 and 22 of the special technique of learning and of the acquisition of skill. Experiments and demonstrations are carried on in the trial and error method of motor learning; in memorizing, in transfer of training, in imagery characteristics, in fatigue effects and in the rate of learning. Consideration is given to the special mental traits of children and of adolescents and to the significance of these traits for school procedure.

Required. Four hours a week. One credit. Spring term, odd years, alternating with Education 47.

46. EDUCATIONAL PSYCHOLOGY WITH SPECIAL REFERENCE TO CHILD PSYCHOLOGY. *Omitted 1926-1927.*

47. SOCIAL PSYCHOLOGY. The chief factors which condition and make possible the life of man in groups; the effect of various types of human association on the mental processes of the individual; the products of the interaction between minds, as in language, art, morals, and social institutions; the differences of important social groups, such as the mob, the gang, clubs, classes, sects, nations, are studied with reference to their bearing upon education.

Required in the junior year. Four hours a week. One credit. Winter term.

TEACHING

Junior College

A detailed description of the courses in practice teaching and of the course in observation may be found under the head, Training School.

20. PRACTICE TEACHING IN THE GRADES.

Required in the Junior College in all curriculums. Five hours a week. One credit. Fall, winter, and spring terms.

21, 22. PRACTICE TEACHING IN THE GRADES.

Required in the second year of the two-year curriculum for preparation of teachers for the grades. Five hours a week. One credit for each course. Fall, winter, and spring terms; Course 22, summer term, also.

30, 31, 32. Practice teaching may be elected in the second year of the two-year curriculum if permission is obtained.

Elective in the second year of the two-year curriculum. Five hours a week. Three credits, one each for Course 30, Course 31, Course 32. Fall, winter, and spring terms.

Senior College

41, 42. PRACTICE TEACHING IN THE MAJOR OR MINOR SUBJECT.

Two terms of practice teaching are required in the Senior College. At least one of these terms must be in the major subject. These courses are listed under the same numbers (41, 42) in the description of courses in each department.

Required in the Senior College in all curriculums; and substituted for Social Science 21 and Hygiene 20 by those who wish a two-year diploma in agriculture, art, home economics, manual arts or music. Two credits (Course 41, one credit; Course 42, one credit). Five hours a week. Fall, winter, and spring terms.

41 P, 42 P, 43 P. PRACTICE TEACHING IN PRIMARY GRADES.

Required in the Senior College in the curriculum for preparation of primary teachers. Five hours a week. Three credits (Course 41 P, one credit; Course 42 P, one credit; Course 43 P, one credit). Fall, winter, and spring terms.

41 I, 42 I, 43 I. PRACTICE TEACHING IN INTERMEDIATE GRADES.

Required in the Senior College in the curriculum for preparation of intermediate teachers, Five hours a week. Three credits (Course 41 I, one credit; Course 42 I, one credit; Course 43 I, one credit). Omitted 1926-1927.

ENGLISH

High School

1, 2, 3. ELEMENTS OF ENGLISH. Elementary composition, with grammar review. Emphasis on practical composition, letter-writing, oral and written recitations in other subjects, and the qualities of all good speech. Several good books are read and studied.

Prerequisite: English 1 to English 2; English 2 to English 3. Required in the ninth year. Five hours a week. Three credits. English 1, fall term; English 2, winter term; English 3, spring term.

4, 5, 6. RHETORIC. Chiefly description, narration, and exposition, both oral and written. Grammar review, continued. Several classics studied.

Prerequisite: English 4 to English 5; English 5 to English 6. Required in the tenth year. Five hours a week. Three credits. English 4, fall term; English 5, winter term; English 6, spring term.

Students entering the High School unable to carry English 4 are required to take one or more terms of *English 1, 2, 3*, without credit.

7, 8, 9. ENGLISH LITERATURE FROM SHAKESPEARE TO SCOTT.

Although the students are expected to get a fair idea of the history of this period of literature, the class work is devoted mainly to the literature itself. In making the selections for study, the instructor is guided by the capacity of the class and the usual demands of an introductory course in literature. Composition and grammar work are continued.

Prerequisite: English 7 to English 8; English 8 to English 9. Required in the eleventh year. Five hours a week. Three credits. Course 7, fall term; Course 8, winter term; Course 9, spring term.

10, 11, 12. A STUDY OF TYPES OF LITERATURE.

This course is open to all twelfth year students, but is designed especially for those students who have done creditable work in their previous English classes and desire an additional high school course. The class spends the first half of the year with poetry, narrative, lyric, and dramatic; and the second half with prose, emphasizing the essay and the novel. Regular composition work, both oral and written, is required.

Prerequisite: English, 7, 8, 9; and English 10 to English 11; English 11 to English 12. Elective in the twelfth year. Five hours a week. Three credits. No credit for less than the year's work. Course 10, fall term; Course 11, winter term; Course 12, spring term.

Junior College

19. USAGE. Drill in the fundamentals of good form, oral and written.

Required of those whose work in English 20 is below standard, or whose work at any time in any subject shows that further drill is necessary. Four hours a week. Credit only toward removing conditions. Fall and winter terms.

20. COMPOSITION. A practical course, stressing the planning, outlining, and development of short units, analysis of well-written material, the sentence, and fundamentals of good form in speech and writing.

Required in the freshman year in all curriculums. Four hours a week. One credit. Every term.

21. COMPOSITION. A continuation of English 20, mostly concerned with clear exposition; larger units; some rhetorical theory.

Prerequisite: English 20. Required in the freshman year in all curriculums. Four hours a week. One credit. Winter and spring terms.

22. LITERATURE IN THE GRADES. Emphasizes chiefly wide acquaintance with the great bodies of world literature—myth, legend, etc.—and with the best poetry suitable for children.

Illinois State Teachers College

Required in the first year of the two-year curriculum unless Course 24 is taken; elective in any curriculum. Four hours a week. One credit. Spring and summer terms.

23. LITERATURE AND STORY-TELLING, Grades I-IV.

The study of stories suitable for telling to children; practice in selecting, adapting, and telling stories before the class.

Required in the second year of the curriculum for preparation of teachers for primary grades. Elective in any curriculum. Four hours a week. One credit. Spring term.

24. TEACHING OF ENGLISH. The teaching of composition in the grades is covered as fully as time permits, including discussion of materials, purposes, standards, theme-topics, correcting of compositions, and methods of teaching. This course is especially recommended to students interested in intermediate, or upper grade, or junior high school work.

Prerequisite: English 20 and 21. Required in the first year of the two-year curriculum (unless Course 22 is taken) and may be substituted for English 25 by students in a four-year curriculum with English as the major subject; elective in any curriculum. Four hours a week. One credit. Spring and summer terms.

25. INTRODUCTION TO LITERATURE. Designed to give the student an acquaintance with the most common types of English literature, including narrative and lyric poetry, biography and letters, the short story, and the essay.

Prerequisite: English 20 and 21. Required in all special two-year curriculums and in the four-year curriculums. Elective in any curriculum. Four hours a week. One credit. Spring term.

26. GRAMMAR. A course for those preparing to teach in the upper grades or in junior high school.

Required in the two-year English curriculum and elective in other curriculums. Four hours a week. One credit. Winter, mid-spring, and summer terms.

27. LITERATURE IN THE GRADES. This course is equivalent to English 22, except that the literature for intermediate and upper grades is emphasized.

Required in the two-year English curriculum; elective in other curriculums; and alternative with English 22. Four hours a week. One credit. Spring term.

30, 31. NINETEENTH CENTURY PROSE FICTION. The primary aim is to arouse the student's interest in the best fiction, and the secondary, to furnish him with standards of judgment.

Prerequisite: English 30 to 31. Four hours a week. Two credits. Course 30, fall term; Course 31, winter term.

34. AMERICAN LITERATURE. A survey of American literature from the beginning to the present.

Prerequisite: English 30, 31. Four hours a week. One credit. Spring term.

A Catalogue of the Eastern

35. GREEK DRAMA. Origins and development of classical drama Aeschylus, Sophocles, Euripides.

Prerequisite: English 30, 31, 34. Four hours a week. One credit. Fall term.

36. SHAKESPEARE. A study of the most important plays, with some attention to the beginning and development of English drama.

Four hours a week. One credit. Winter term.

37. MODERN DRAMA. The purpose of this course is to familiarize the student with what is best in modern drama.

Four hours a week. One credit. Spring term.

Senior College

40. THE TEACHING OF ENGLISH IN THE HIGH SCHOOL.

Important topics connected with English in the high school are covered as fully as time permits.

Required of those whose major subject is English. Four hours a week. One credit. Fall term.

41, 42. PRACTICE TEACHING IN ENGLISH IN THE HIGH SCHOOL.

Five hours a week. Course 41, one credit; Course 42, one credit. Course 41, winter term; Course 42, spring term.

43. CONTEMPORARY LITERATURE. Extensive reading in current literature introduces the student to the best that is being written today, and provides him with some standards of judgment with the hope of stimulating his enthusiasm for good books.

Required in the first year of the Senior College in all curriculums. Four hours a week. One credit. Fall term.

44. ADVANCED RHETORIC. Chiefly written composition, applying the principles of organization and effective expression to somewhat more extended material than do English 20 and 21. The course is intended to give both an introduction to the methods of research, and opportunity for original work.

Prerequisite: Junior College required English. Required in the first year of the Senior College in all curriculums. Four hours a week. One credit. Winter term.

45. ORAL ENGLISH. Through prepared talks and discussions, this course gives training in the effective expression of genuine ideas and opinions. Sincerity, adequate development of thought, the proper use of facts and evidence, and also the principles and practice of good delivery are stressed.

Prerequisite: Junior College required English. Required in the first year of the Senior College in all curriculums. Four hours a week. One credit. Spring term.

46, 47, 48. MODERN ENGLISH POETRY. Appreciation of the art of poetry, and a study of some of the chief English poets, as they illustrate this art.

Required in the English curriculum; elective in others. Four hours a week. Course 46, one credit; Course 47, one credit; Course 48, one credit. Fall, winter, and spring terms, odd years.

49, 50. MODERN PROSE. The essay and the short story. *Four hours a week. Two credits. Fall and winter terms, even years.*

51. HISTORY OF THE ENGLISH LANGUAGE AND ADVANCED GRAMMAR. *Four hours a week. One credit. Spring term, even years.*

FOREIGN LANGUAGE

FRENCH

High School

1, 2, 3. FIRST YEAR FRENCH. Fraser and Squair's *Shorter French Course*. A careful study of grammatical rules and of pronunciation. *Petits Contes de France: Sans Famille: La Tache du Petit Pierre*. Sight reading of easy French prose. Conversation.

Prerequisite: French 1 to French 2, French 2 to French 3. Elective. Five hours a week. Three credits. French 1, fall term; French 2, winter term; French 3, spring term.

4, 5, 6. SECOND YEAR FRENCH. Fraser and Squair's *Complete French Grammar. L'Abbe Constantin. Le Voyage de M. Perrichon. Colomba*. Sight reading; conversation; composition.

Prerequisite: French 1, 2, 3 or equivalent. Elective. Five hours a week. Three credits. French 4, fall term; French 5, winter term; French 6, spring term.

Junior College

30, 31, 32. FIRST YEAR FRENCH. A careful study of the principles of grammar. Special attention is paid to pronunciation and drill in rhythm and intonation. Study of phonetics as an aid to pronunciation. Reading of simple French texts.

Elective. Four hours a week. Three credits; no credit toward graduation for less than a year's work. Course 30, fall term; Course 31, winter term; Course 32, spring term.

33, 34, 35. ADVANCED FRENCH. Rapid review of grammatical forms and idioms. Reading of moderately difficult texts. Moliere: Reading and discussion of several of his comedies; written reports on his life, works, and influence on French literature. All recitations are, as far as possible, conducted in French.

Prerequisite: Two years of high school French or one year of college French. Elective. Four hours a week. Three credits. Course 33, fall term; Course 34, winter term; Course 35, spring term, even years.

36, 37, 38. ADVANCED FRENCH. Modern dramatists as Marivaux, Lesage, Beaumarchais, Rostand. Modern poetry. Reading of classical writers as Corneille and Racine. Frequent reports on topics taken from the history, geography, manners, and customs of France. All recitations are conducted in French.

Prerequisite: One year of college French. Elective. Four hours a week. Three credits. Course 36, fall term; Course 37, winter term; course 38, spring term, odd years.

Senior College

(Senior College courses in French will not be offered in the year 1926-1927.)

GERMAN

Omitted 1926-1927

LATIN

High School

1, 2, 3. **FIRST YEAR LATIN.** A careful study of inflection, syntax, vocabulary, and translation.

Prerequisite: Latin 1 to Latin 2; Latin 2 to Latin 3. Elective. Five hours a week. Three credits. Latin 1, fall term; Latin 2, winter term; Latin 3, spring term.

4, 5, 6. **SECOND YEAR LATIN.** Caesar, Books I-IV with selections from the other books. Latin grammar and composition.

Prerequisite: Latin 1, 2, 3. Five hours a week. Three credits. Latin 4, fall term; Latin 5, winter term; Latin 6, spring term.

7, 8, 9. **THIRD YEAR LATIN.** Cicero, six orations and selections from the letters. Latin grammar and composition. The Latin element in English. Figures of speech. The reckoning of time. Sight translation. The memorizing of selected passages.

Prerequisite: Latin 4, 5, 6. Elective. Five hours a week. Three credits. Fall, winter, and spring terms, even years.

10, 11, 12. **FOURTH YEAR LATIN.** Virgil's Aeneid, Books I-VI. Greek and Roman mythology, poetical construction, figures, prosody, Virgil's debt to Homer, the memorizing of selected lines and passages, sight translation.

Prerequisite: Latin 4, 5, 6. Elective. Five hours a week. Three credits. Fall, winter, and spring terms, odd years.

Junior College

30. Livy, Selections from Books I, XXI, and XXII.

Prerequisite: Four years of elementary Latin. Four hours a week. One credit. Omitted 1926-1927.

31. Cicero, De Amicitia, De Senectute, and De Officiis.

Prerequisite: Course 30. Four hours a week. One credit. Omitted 1926-1927.

32. Horace, Odes and Epodes.

Prerequisite: Course 31. Four hours a week. One credit. Omitted 1926-1927.

33. Virgil, Aeneid, Books VII-XII.

Prerequisite: Four years of elementary Latin. Four hours a week. One credit. Omitted 1926-1927.

34. Horace, Satires and Epistles.

Prerequisite: Course 33. Four hours a week. One credit. Omitted 1926-1927.

35. Plautus, Menaechmi, Mostellaria, and Captivi.

Prerequisite: Course 34. Four hours a week. One credit. Omitted 1926-1927.

Senior College

40. The Teaching of Latin.

Prerequisite: Three years of college Latin. Four hours a week. One credit. Omitted 1926-1927.

41, 42. Practice Teaching in Latin.

Prerequisite: Latin 40. Five hours a week. Two credits. Omitted 1926-1927.

43. Ovid, Metamorphoses.

Four hours a week. One credit. Omitted 1926-1927.

44. Pliny, Letters.

Four hours a week. One credit. Omitted 1926-1927.

45. Latin Writing.

Four hours a week. One credit. Omitted 1926-1927.

46. Tacitus, Germania, Agricola, and selections from the annals and histories.

Four hours a week. One credit. Fall term.

47. Latin Poetry. Selections from Catullus and Martial, and from Virgil's Eclogues and Georgics.

Four hours a week. One credit. Winter term.

48. Latin Drama. Seneca, Medea; Terence, Phormio and Andria.

Four hours a week. One credit. Spring term.

GEOGRAPHY

High School

1. PHYSIOGRAPHY. Land forms and their development, atmosphere and climate, and influence of physical conditions upon modes of living, industries, institutions, and distribution of peoples.

Required in the twelfth year. Five hours a week. One credit. Fall and summer terms.

2. PHYSIOGRAPHY. A continuation of Course 1, taking up mathematical geography, a study of atmosphere and climate.

Prerequisite: Course 1. Required in the twelfth year. Five hours a week. One credit. Winter and summer terms.

3. COMMERCIAL GEOGRAPHY.

Prerequisite: Course 2. Required in the twelfth year. Five hours a week. One credit. Spring term.

Junior College

20. PRINCIPLES OF HUMAN GEOGRAPHY.

Required in the Junior College of those in the two-year curriculum for preparation of teachers for the grades, and in Curriculums II, 1, and II, 2, of those who have not had courses 1 and 2. Elective for all others. Four hours a week. One credit. Every term.

21. CLIMATOLOGY. A study of climate and its influence upon forms and distribution of plant and animal life and upon the distribution and advancement of man.

Required in the Junior College of those in the two-year curriculum for preparation of teachers for the grades, and in Curriculum II, 2, who have not had Courses 1, 2, and 3 and who do not take Education 24. Elective for all others. Four hours a week. One credit. Fall, winter, and summer terms.

22. GEOGRAPHY FOR THE GRADES. A course suggesting methods and devices for presenting the subject matter of geography to the grades. Stress is laid on the study of one or two of the continents for illustration and problems.

Required in Curriculum II, 2. Four hours a week. One credit. Summer term.

30. GEOGRAPHY OF NORTH AMERICA.

Prerequisite: Courses 20 and 21, or Courses 1, 2, and 3. Elective. Four hours a week. One credit. Fall term, even years.

31. GEOGRAPHY OF SOUTH AMERICA.

Prerequisite: Courses 20 and 21, or Courses 1, 2, and 3. Elective. Four hours a week. One credit. Winter term, even years.

32. GEOGRAPHY OF EUROPE.

Prerequisite: Courses 20 and 21, or 1, 2, and 3. Elective. Four hours a week. One credit. Spring term, even years.

33. GEOGRAPHY OF ASIA.

Prerequisite: Courses 20 and 21, or 1, 2, and 3. Four hours a week. One credit. Omitted 1926-1927.

34. AFRICA AND AUSTRALIA.

Prerequisite: Courses 20 and 21, or 1, 2, and 3. Four hours a week. One credit. Winter term, odd years.

35. TROPICAL AMERICA.

Prerequisite: Courses 20 and 21, or 1, 2, and 3. Four hours a week. One credit. Spring term, odd years.

36. GEOLOGY.

Prerequisite: Courses 20 and 21, or 1, 2, and 3. Four hours a week. One credit. Fall and spring terms.

HISTORY, SOCIOLOGY, GOVERNMENT, AND ECONOMICS

HISTORY

High School

1. ANCIENT HISTORY TO THE RISE OF GREEK CIVILIZATION.

Elective in the tenth year. Five hours a week. One credit. Fall term.

2. THE GREEKS AND GREEK CIVILIZATION.
Elective in the tenth year. Five hours a week. One credit. Winter term.
3. THE ROMAN REPUBLIC AND EMPIRE AND THE BARBARIAN INVASIONS.
Elective in the tenth year. Five hours a week. One credit. Spring term.
4. THE HISTORY OF ENGLAND TO 1400.
Required in the eleventh year. Five hours a week. One credit. Fall term.
5. THE HISTORY OF ENGLAND, 1400-1715.
Required in the eleventh year. Five hours a week. One credit. Winter term.
6. THE HISTORY OF ENGLAND AND THE BRITISH EMPIRE, 1715 TO THE PRESENT.
Required in the eleventh year. Five hours a week. One credit. Spring term.
7. AMERICAN HISTORY TO 1800.
Elective in the twelfth year. Five hours a week. One credit. Fall term.
8. THE HISTORY OF THE UNITED STATES, 1800-1865.
Elective in the twelfth year. Five hours a week. One credit. Winter term.
9. THE HISTORY OF THE UNITED STATES, 1865 TO THE PRESENT.
Elective in the twelfth year. Five hours a week. One credit. Spring term.

Junior College

The requirement of History 20, 21 and also of social science in the Junior College may be fulfilled by selecting any two consecutive terms of either European or American history; of History 20, 21, 22, three consecutive terms.

30. THE HISTORY OF WESTERN EUROPE FROM THE CLOSE OF THE FOURTH CENTURY TO 1500.
Four hours a week. One credit. Fall term.
31. THE HISTORY OF EUROPE, 1500-1815.
Elective. Four hours a week. One credit. Winter term.
32. THE HISTORY OF EUROPE, 1815 TO THE PRESENT.
Four hours a week. One credit. Spring term.
33. AMERICAN POLITICAL AND INSTITUTIONAL HISTORY TO 1800.
Elective. Four hours a week. One credit. Fall term.
34. THE POLITICAL AND INSTITUTIONAL HISTORY OF THE UNITED STATES, 1800-1865.
Four hours a week. One credit. Winter term.

35. THE POLITICAL AND INSTITUTIONAL HISTORY OF THE UNITED STATES, 1865 TO THE PRESENT.

Four hours a week. One credit. Spring term.

36. GOVERNMENT AND ILLINOIS HISTORY.

Four hours a week. One credit. Summer term.

Senior College

40. THE TEACHING OF HISTORY.

Required. Four hours a week. One credit. Fall term.

41, 42. PRACTICE TEACHING IN HISTORY.

Required. Five hours a week. One credit. Course 41, winter term; Course 42, spring term.

43, 44, 45. ENGLISH HISTORY. A fundamental course in the political and social institutions of England.

Four hours a week. Three credits. Odd years, alternating with Government 43, 44, 45.

SOCIOLOGY

Senior College

43, 44, 45. SOCIOLOGY.

Four hours a week. Three credits. Odd years, alternating with Economics, 44, 45, 46.

GOVERNMENT

High School

1. STATE AND LOCAL CIVIL GOVERNMENT.

Required in the twelfth year. Five hours a week. One credit. Fall term.

2a. THE NATIONAL GOVERNMENT.

Required in the twelfth year. Five hours a week. One half credit. First half of the winter term.

Senior College

NOTE.—Government 43, 44, 45 alternates with History 43, 44, 45.

43. STATE AND LOCAL GOVERNMENT.

Four hours a week. One credit. Fall term, even years.

44. THE NATIONAL GOVERNMENT.

Four hours a week. One credit. Winter term, even years.

45. MODERN GOVERNMENTS OF EUROPE AND AMERICA.

Prerequisite: Course 44. Four hours a week. One credit. Spring term, even years.

ECONOMICS

High School

1a, 2. ECONOMICS. Economics 1a, second half of the winter term, and Economics 2, spring term, complete the year's work of which Government 1, 2a forms the first half year's work for high school seniors.

Required in the twelfth year. One and one-half credits. Economics 1a, second half of the winter term; Economics 2, spring term.

Junior College

20. THE ECONOMIC HISTORY OF THE UNITED STATES.

The natural resources, their extent, geographical distribution and relation to industrial life; the development of agriculture, industry, commerce, and transportation; the changes in methods of production and distribution and their relation to present economic problems.

Required in the two-year curriculum in Manual Arts. Four hours a week. One credit. Winter term.

Senior College

NOTE.—Economics 44, 45, 46 alternates with Sociology 43, 44, 45.

44. THE PRINCIPLES OF ECONOMICS.

Elective. Four hours a week. One credit. Fall term, even years.

45. THE PRINCIPLES OF ECONOMICS AND THEIR APPLICATION TO PRESENT-DAY ECONOMIC PROBLEMS.

Prerequisite: Course 44. Elective. Four hours a week. One credit. Winter term, even years.

46. MONEY AND BANKING.

Prerequisite: Courses 44 and 45. Elective. Four hours a week. One credit. Spring term, even years.

HOME ECONOMICS

I. DOMESTIC ART

High School

1. PLAIN SEWING. Garment making requiring hand and machine sewing, straight line drafting, and use of the commercial pattern.

Elective. Five hours a week. One half credit when followed by Course 2 and Course 3. Fall term.

2. PLAIN SEWING. Garment making continued. Sewing machine problems. Discussion of materials as to cost, widths, suitability, and wearing qualities. Care and repair of clothing.

Elective. Five hours a week. One half credit. Winter term.

3. PLAIN SEWING. The making and drafting of a kimona and the making of a summer dress. Materials discussed.

Elective. Five hours a week. One half credit. Spring term.

4. DRESSMAKING AND TEXTILES. The making of dresses of silk and wool. The choice and care of clothing.

Prerequisite: Courses 1, 2, 3. Elective. Ten hours a week. One credit. Fall term.

5. DRESSMAKING AND TEXTILES, continued. Discussion of selection of material. The study of the commercial pattern. Discussion of drafting, cutting, and fitting of patterns.

Prerequisite: Course 4. Elective. Ten hours a week. One credit. Winter term.

6. DRESSMAKING AND TEXTILES, continued. The making of summer dresses. Discussion of appropriateness in dress. The planning and cost of a girl's wardrobe.

Prerequisite: Course 5. Elective. Ten hours a week. One credit. Spring term.

Junior College

20, 21, 22. PRACTICE TEACHING IN DOMESTIC ART.

Required in the sophomore year in the two-year curriculum in Home Economics unless Domestic Science, 20, 21, 22 is taken. Five hours a week. Three credits. Fall, winter, and spring terms.

36. PLAIN SEWING. Garment making requiring hand and machine sewing, embroidery and straight line drafting with methods for presenting this work in public schools. The study of the sewing machine. Discussion of materials as to cost, widths, suitability, and wearing qualities. The commercial pattern.

Elective. Eight hours a week. One credit when followed by Course 37 and Course 38. Summer term and fall term, even years.

37. DRESSMAKING AND TEXTILES. Discussion of selection of materials. The study of the commercial pattern. Discussion of drafting, cutting, and fitting of patterns. The making of a wool dress. Knitting and crocheting. Care and repair of clothing. A make-over problem. Darning and patching.

Prerequisite: Course 36. Elective. Eight hours a week. One credit. Winter term, even years.

38. DRESSMAKING AND TEXTILES, continued. The making of summer dresses. Discussion of appropriateness in dress. The planning and the cost of a girl's wardrobe. Sewing machine attachments.

Prerequisite: Course 37. Elective. Eight hours a week. One credit. Spring term, even years.

Senior College

(Senior College courses in Domestic Art will not be offered in the year 1926-1927.)

II. DOMESTIC SCIENCE

High School

1. FOODS. This course is an introduction to the study of foods. The classification, selection, and preparation of foods. Lecture and laboratory work.

Elective. Five hours a week. One half credit when followed by Course 2 and Course 3. Fall term.

2, 3. FOODS. The cooking of foods continued. The production and manufacture of foods. Combinations and preparations for simple luncheons. Lecture and laboratory.

Elective. Five hours a week. One half credit for Course 2, and the same for Course 3. Course 2, winter term; Course 3, spring term.

4. **ADVANCED FOODS.** This course takes up the preservation of foods and problems in baking.

Prerequisite: Course 3. Ten hours a week. One credit. Omitted 1926-1927.

5, 6. **ADVANCED FOODS, continued.** Planning of menus, study of cost, serving of meals.

Prerequisite: Course 4. Ten hours a week. Course 5, one credit; Course 6, one credit. Omitted 1926-1927.

Junior College

20, 21, 22. **PRACTICE TEACHING IN DOMESTIC SCIENCE.**

Required in the sophomore year of the two-year curriculum in Home Economics unless Domestic Art 20, 21, 22 is taken. Five hours a week. One credit. Fall, winter, and spring terms.

36. **FOODS.** This course is an introduction to the study of foods. The classification, selection, and preparation of foods. The production, manufacture, use, and nutritive values of foods. Lecture and laboratory.

Prerequisite: Chemistry 30, 31, 32, unless the student is taking Chemistry 30. Elective. Eight hours a week. One credit when followed by Course 37 and Course 38. Fall term, odd years.

37. **ADVANCED FOODS.** This course takes up conservation problems. The school lunch. The use of the thermometer in processes of cooking. Practice work in demonstration cooking.

Prerequisite: Course 36 and Chemistry 30, 31, 32. Eight hours a week. One credit. Winter term, odd years.

38. **ADVANCED FOODS, continued.** Experiments to find adulterants in foods. Cost and serving of foods. Demonstration work continued.

Prerequisite: Course 37. Eight hours a week. One credit. Spring term, odd years.

Senior College

(Senior College courses in Domestic Science will not be offered in the year 1926-1927.)

THE USE OF THE LIBRARY

Certain courses offered in the College require considerable work in the library, including reading, and looking up references, and assigned topics. To do this work with the wisest expenditure of time and effort, students should know how to use the card catalogue, magazine indexes, and some common reference books. Lessons, required of all students, are given in the eleventh and freshman years. An effort is made to have these lessons prepare for library work required of students in other courses.

XI. THE USE OF THE LIBRARY. Elementary Course.

Required in the eleventh year. One hour a week. Fall and winter terms.

20. THE USE OF THE LIBRARY. In the fall term, six lessons in the use of the library are required of all who are taking English 20. In the winter term, six lessons are required of all who are taking Psychology 21. In the spring term these twelve lessons are offered in a separate course in order that all freshmen who have not completed the twelve lessons given with English 20 and Psychology 21 may have an opportunity to complete them before the close of their freshman year.

Freshmen who have completed Library XI are excused from those lessons which their work in Library XI has already covered.

Required in the spring term of the freshman year of all who have not already completed the twelve lessons. One hour a week. Spring and summer terms.

MANUAL ARTS

High School

1. MECHANICAL DRAWING. This course consists of the making of seven mechanical drawing plates. The size of each plate is to be approximately ten inches by fifteen inches on the trim line. Each plate is to be finished with India ink. The work begins with plane geometrical figures and develops into one and two view working drawings. One plate of freehand letters is made.

Elective. Five hours a week. One half credit. Fall term.

2. MECHANICAL DRAWING. A continuation of Manual Arts 1. Seven plates are considered a term's work. Two and three view working drawings will be the emphasis in this course. Orthographic projection is used in each case. One plate of instrumental letters is done.

Elective. Five hours a week. One half credit. Winter term.

3. MECHANICAL DRAWING. Eight plates are required this term. These are working drawings, and mechanical perspective with one plate of instrumental letters.

Elective. Five hours a week. One half credit. Spring term.

4. WOODWORK. Beginning woodwork based upon Griffith's *Essentials of Woodworking*. A choice of several problems to be made entirely with hand tools will be given the pupil. A study of woods, tools, and processes is made.

Elective. Five hours a week. One half credit. Fall term.

5. WOODWORK. A study of the mortise and tenon joint is made and a project is developed using this joint. Particular attention is paid to the development of appreciation for pleasing lines and work which is neatly and accurately done.

Elective. Five hours a week. One half credit. Winter term.

6. WOODWORK. The jointer plane is studied and a piece of furniture may be developed in which the surface is built up by the use of this tool. Household repair is emphasized. Broken furniture may be brought from home and mended in the school shop.

Elective. Five hours a week. One half credit. Spring term.

7. MACHINE WOODWORK. Beginning machine woodworking processes. A simple piece of furniture is made with as little handwork as possible. A study of the machines is made with attention paid to safety in operating and care for them.

Prerequisite: Course 3 and Course 6. Elective. Ten hours a week. One credit. Fall term.

8. MACHINE WOODWORK, continued. Some study is made of pleasing design and of wood finishes. A piece of furniture is begun which has some originality in design (approved by the teacher). Especial attention is given technique and design.

Prerequisite: Course 7. Elective. Ten hours a week. One credit. Winter term.

9. MACHINE WOODWORK, continued. The piece of furniture started in the winter term is completed in workmanlike style. Wood turning is studied and a desk lamp developed. This includes the making of a wire shade frame.

Prerequisite: Course 7. Elective. Ten hours a week. One credit. Spring term.

Courses 1, 2, and 3 with Courses 4, 5, and 6 constitute the first year's work and are taken together. Courses 7, 8, and 9 are the second year's work.

Junior College

20, 21, 22. PRACTICE TEACHING IN MANUAL ARTS.

Required in the sophomore year in the two-year curriculum in Manual Arts. Five hours a week. Three credits.

23. THE TEACHING OF MANUAL ARTS.

Required in the two-year curriculum in Manual Arts. Four hours a week. One credit. Spring term.

24. PRIMARY GRADE HANDWORK. A course for primary teachers and for supervisors of primary schools. Paper folding, paper weaving, cardboard construction, book binding, woodwork, basketry (reed and raffia), clay work.

Required in the two-year curriculum unless Manual Arts 25 or Education 25 is taken; required also in the four-year primary and art curriculums. Four hours a week, with outside work. One credit. Winter term.

25. INTERMEDIATE GRADE HANDWORK.

Required in the two-year curriculum unless Course 24 is offered; required also in the four-year curriculum for preparation of teachers of the intermediate grades. Four hours a week with outside work. One credit. Fall and spring terms.

30. ELEMENTARY MECHANICAL DRAWING. A thorough and practical course in the fundamentals of mechanical drawing. Emphasis is placed on good technique, accuracy, and speed. Lettering, simple perspective, orthographic projection, geometrical construction, sectional views. The common conventions of commercial practice.

Elective. Four hours a week. One half credit. Fall and summer terms.

31, 32. MECHANICAL DRAWING. Isometric and cabinet projection, elementary furniture design, principles, and developments. A practical course in machine design. Lectures, demonstration, and applications, supplemented by textbook work.

Prerequisite: Course 30, also Course 31 to Course 32. Elective. Four hours a week. Course 31, one half credit. Course 32, one half credit. Course 31, winter term; Course 32, spring term; both courses, summer term.

33. ELEMENTARY WOODWORK. Instruction in the care and use of woodworking tools. Construction of tools. Lectures, demonstration, and applications, supplemented by textbook work.

Prerequisite: Course 30, unless the student is taking Course 30. Elective. Four hours a week. One half credit. Fall and summer terms.

34, 35. JOINERY AND ADVANCED WOODWORK. A study of various types of joints used in furniture construction. Application in type problems. Study of varieties of wood. Lectures, demonstrations, and applications.

Prerequisite: Course 33; also Course 34 to Course 35. Elective. Four hours a week. Course 34, one half credit; Course 35, one half credit. Course 34, winter term; Course 35, spring term.

36. FURNITURE AND CABINET CONSTRUCTION. The commercial method of production. Use of power machinery. Study of periods and styles of furniture. Applied design. Pieces are designed and one or more made in the shop. Students pay for material used and are allowed to take the furniture home at the end of the College year.

Prerequisite: Course 35. Eight hours a week. One credit. Winter and summer terms.

37. BUILDINGS AND EQUIPMENT FOR MANUAL ARTS WORK. Prices and supplies. Library assignments and reports. A careful study of wood finishes and their application. A continuation of Course 36 in that one piece of superior cabinet work of original but approved design is made.

Prerequisite: Course 36. Eight hours a week. One credit. Spring term.

39. HOME MECHANICS. The purpose of this course is to train teachers for Junior High Schools in all kinds of household mechanical work. The first half of it, or 39a, consists in the refinishing and repair of worn and broken furniture and simple carpentry and masonry repair. The remainder of the course consists of a study of the installation and repair of plumbing and electrical apparatus in the home and the care and use of soldering coppers. Required of all students majoring in Manual Arts. A valuable course for home economics students.

Eight hours a week. One credit. Fall and summer terms.

Senior College

40. THE TEACHING OF INDUSTRIAL AND VOCATIONAL ARTS.

Required in the four-year curriculum in Manual Arts. Four hours a week. One credit. Omitted 1926-1927.

41, 42. PRACTICE TEACHING IN INDUSTRIAL ARTS. *Omitted 1926-1927.*

43. SHEET METAL WORK. *Omitted 1926-1927.*

44. PLUMBING AND ELECTRICAL ENGINEERING.

Eight hours a week. One credit. Fall term.

45. BRICK AND CEMENT WORK. *Omitted 1926-1927.*

46. PATTERN MAKING.

Eight hours a week. One credit. Fall term.

47. FORGE AND FOUNDRY.

Eight hours a week. One credit. Fall term.

48. MACHINE SHOP.

Eight hours a week. One credit. Winter term.

49, 50. ARCHITECTURAL DRAWING.

Four hours a week. One half credit for each course. Every term.

51, 52. ADVANCED MECHANICAL DRAWING.

Four hours a week. One half credit for each course. Every term.

53. FOUNDRY. *Omitted 1926-1927.*

54. ADVANCED MACHINE SHOP.

Eight hours a week. One credit. Spring term.

55, 56. CARPENTRY.

Eight hours a week. Course 55, one credit; Course 56, one credit; Course 55, winter term; Course 56, spring term.

57. AUTOMOBILE REPAIR.

Eight hours a week. One credit. Winter term.

58. HISTORY OF INDUSTRIAL EDUCATION.

Eight hours a week. One credit. Spring term.

59, 60, 61. PRINTING. *Omitted 1926-1927.*

MATHEMATICS

High School

1. ALGEBRA 1. This is a beginning course in algebra and covers algebraic notation, substitution and evaluation, the fundamental operations, the use of formulas, and introduction to graphs, and begins the study of equations of the first degree in one unknown.

Required in the ninth year. Five hours a week. One credit. Fall and summer terms.

2. ALGEBRA 2. Important type products, factoring, highest common factor, lowest common multiple; fractions; simple equations in one unknown; ratio; proportion and variation; graphs.

Prerequisite: Algebra 1. Required in the ninth year. Five hours a week. One credit. Winter and summer terms.

3. ALGEBRA 3. Simple equations in two or more unknowns; square root and its application; radicals and exponents; quadratic equations.

Prerequisite: Algebra 2. Required in the ninth year. Five hours a week. One credit. Spring and summer terms.

4. GEOMETRY 1. Plane Geometry. Stone and Millis' texts are used in all courses in geometry. Chapters I, II, III, and IV.

Prerequisite: Algebra 3. Required in the tenth year. Five hours a week. One credit. Fall term.

5. GEOMETRY 2. Chapters V, VI, VII, and VIII.

Prerequisite: Geometry 1. Required in the tenth year. Five hours a week. One credit. Winter term.

6. GEOMETRY 3. Chapters IX, X, and XI.

Prerequisite: Geometry 2. Required in the tenth year. Five hours a week. One credit. Spring term.

7. SOLID GEOMETRY 4, Chapters XII-XVI.

Prerequisite: Geometry 3. Five hours a week. One credit. Fall and summer terms.

8. ALGEBRA 4. Review of Algebra 1, 2, 3. Graphs; functions; determinants of second and third orders applied to simultaneous linear equations; variation; extension of the number systems to include complex numbers; theory of quadratic equations; simultaneous quadratics.

Prerequisite: Geometry 3. Elective. Five hours a week. One credit. Winter term.

9. ALGEBRA 5. Exponents and radicals; logarithms; mathematical induction; binomial theorem; progressions; permutations and combinations, probability.

Prerequisite: Algebra 4. Elective. Five hours a week. One credit. Spring term.

Junior College

20. ARITHMETIC. This course includes notation and numeration,

the fundamental operations with integers and with common and decimal fractions, factors and multiples, English and metric measures, involution and evolution, and simple problems in the measurement of surfaces and solids. The course covers the topics taken up in the first six grades as outlined in the Illinois State Course of Study. Special attention is given to the teaching of these topics in the lower grades.

Required in the two-year curriculum and in the four-year curriculum for preparation of teachers of primary and intermediate grades. Four hours a week. One credit. Every term including the summer term.

21. ARITHMETIC. The primary object of this course is to prepare for the teaching of arithmetic in the seventh and eighth grades. The principal topics discussed are percentage and its application to practical business problems, ratio and proportion, and the mensuration of surfaces and solids. It is the aim of the class room instructor to familiarize the students with methods of instruction that can be readily adapted to the seventh and eighth grades.

Required in the two-year curriculum and in the four-year curriculum for preparation of teachers of primary and intermediate grades. Four hours a week. One credit. Every term.

30. SOLID GEOMETRY. Chapters XII-XVI.

Prerequisite: Geometry 3. Four hours a week. One credit. Fall term.

31. ALGEBRA. Review of Algebra 1, 2, 3. Graphs; functions; determinants of second and third orders applied to simultaneous linear equations; variation; extension of the number system to include complex numbers; theory of quadratic equations; simultaneous quadratics.

NOTE.—Students who have had a year and a half of high school algebra should not take Course 31.

Prerequisite: Geometry 3. Elective. Four hours a week. One credit. Fall term.

32. ALGEBRA. Exponents and radicals; logarithms; mathematical induction; binomial theorem; progressions; permutations and combinations, probability.

Prerequisite: Algebra 31 or the equivalent. Elective. Four hours a week. One credit. Winter term.

33. PLANE TRIGONOMETRY. Definitions and properties of trigonometric functions, the deduction of important trigonometric formulas, the use of tables of logarithms, the solution of plane triangles, and various practical applications.

Elective. Four hours a week. One credit. Fall and summer terms.

34. PLANE ANALYTIC GEOMETRY. A beginning course in analytic geometry.

Prerequisite: Plane trigonometry. Elective. Four hours a week. One credit. Winter term.

35. PLANE ANALYTIC GEOMETRY. Continuation of the preceding course.

Prerequisite: Course 34. Elective. Four hours a week. One credit. Spring term.

36. ALGEBRA. Theory of equations including elementary transformations, location of roots, and the solution of the cubic and bi-quadratic equations; limits, elementary properties of series.

Prerequisite: Course 32. Elective. Four hours a week. One credit. Spring term.

Senior College

40. THE TEACHING OF HIGH SCHOOL MATHEMATICS.

Required of those whose major subject is mathematics. Four hours a week. One credit. Fall term.

41, 42. PRACTICE TEACHING IN HIGH SCHOOL MATHEMATICS.

Required of those whose major subject is mathematics. Five hours a week. Two credits. Winter and spring terms.

43, 44, 45. DIFFERENTIAL AND INTEGRAL CALCULUS.

Prerequisite: Course 35; also Course 43 to Course 44 and Course 44 to Course 45. Four hours a week. Three credits. Course 43, fall term; Course 44, winter term; Course 45, spring term.

MUSIC

High School Music

1, 2, 3. The object of this course is to train pupils inexperienced in music how to listen to and enjoy good music. The victrola and piano are used. Pupils learn to know by ear about fifty standard musical compositions—the title, the composer, and the outstanding characteristics of the form of composition. They learn the instruments of the symphony orchestra by name, sound, and sight. Half of the time is devoted to sight singing according to the ability of the class. There are daily assignments requiring forty minutes preparation.

Elective in any year of the high school. Five hours a week. Three credits (no credit for less than the whole year's work). Omitted 1926-1927.

PUBLIC SCHOOL MUSIC

Junior College

20, 21, 22. PRACTICE TEACHING IN MUSIC. The course is devoted to a detailed study of the material and methods of teaching the specific tonal and rhythmic problems of each of the first six grades.

Prerequisite: Music 24 (or the equivalent) and recommendation of the supervisor of public school music and of the director of the Elementary Training School. Five hours a week. Three credits. Fall, winter, and spring terms.

24. PUBLIC SCHOOL MUSIC. The course requires facility in reading at sight, with the Latin syllables or with the text, the music in the standard texts as used in the elementary schools. Care of the child voice, teaching of rote songs, and sight singing lessons are subjects for special consideration.

Required in the sophomore year in the two-year curriculum for the preparation of teachers of the grades. Four hours a week. One credit. Fall, winter, and summer terms.

33. SIGHT SINGING, ELEMENTARY THEORY, EAR TRAINING. One-part and two-part singing, aural recognition and writing of tonal and rhythmic problems of the fifth, sixth, and seventh grades. A thorough study of major, minor, and chromatic scales with some original composition.

Prerequisite: Music 24 (or the equivalent). Elective. Four hours a week. One credit. Winter term.

34. MUSIC APPRECIATION. The course aims to acquaint the student with some of the best music—piano, vocal, and orchestral. It is organized around the study of the varying forms into which musical compositions are cast—from the folk song to the symphony. While some knowledge of music is an advantage to members of the class, such knowledge is not a prerequisite.

Elective. Four hours a week. One credit. Spring term.

37a. PRIMARY MUSIC METHODS. The teaching of rote songs. How to help monotones. The development and care of the child voice. Repertoire of children's songs. The work of the first three grades is studied intensively.

Elective. Four hours a week with preparation. One credit. Summer term.

38a. UPPER GRADE METHODS. Methods of teaching and supervising music in grades four to eight inclusive.

Prerequisite: Music 37. Elective. Four hours a week with preparation. One credit. Summer term.

Senior College

(Senior College courses in Public School Music will not be offered in the year 1926-1927.)

INSTRUMENTAL MUSIC

I. PIANO

In beginning classes in piano, from two to four pupils are admitted to one hour lessons in each class, while only two pupils receive instruction at the same time in the more advanced classes.

Junior College

30, 31, 32. PIANO, FIRST YEAR. The course has to do with hand culture, touch, notation, rhythm, and ear training.

Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in instrumental music. Every term.

33, 34, 35. PIANO, SECOND YEAR.

Prerequisite: Courses 30, 31, 32 or the equivalent. Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in instrumental music. Every term.

Senior College

43, 44, 45. PIANO, THIRD YEAR.

Prerequisite: Courses 33, 34, 35, or the equivalent. Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in instrumental music. Every term.

46, 47, 48. PIANO, FOURTH YEAR.

Prerequisite: Courses 43, 44, 45, or the equivalent. Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in instrumental music. Every term.

II. VIOLIN

Omitted 1926-1927.

VOICE TRAINING

Special stress is laid on correct breathing, correct placing of the singing and speaking voice, distinct enunciation and artistic interpretation, development and control of the emotional faculties, physical and mental development, tone quality and registers.

Junior College

30, 31, 32. VOICE TRAINING, FIRST YEAR.

Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in vocal music. Every term.

33, 34, 35. VOICE TRAINING, SECOND YEAR.

Prerequisite: Courses 30, 31, 32, or the equivalent. Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in vocal music. Every term.

Senior College

43, 44, 45. VOICE TRAINING, THIRD YEAR.

Prerequisite: Courses 33, 34, 35 or the equivalent. Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in vocal music. Every term.

46, 47, 48. VOICE TRAINING, FOURTH YEAR.

Prerequisite: Courses 43, 44, 45, or the equivalent. Elective. Two lessons a week. One and a half credits. No credit toward graduation for fewer than three credits in vocal music. Every term.

PENMANSHIP

20. This course aims to improve the student's writing and to make him familiar with a system of plain business writing and methods of presenting it to pupils in the grades.

The course includes correct position, muscular movement exercises, business forms of capital letters, small letters, figures, sentences, and page writing. Emphasis is placed upon blackboard writing.

Five hours a week. One-fourth of a credit. Summer term.

24. This course gives a more extended study of penmanship and methods of teaching it in the grades.

Required in Curriculum II, 2. Four hours a week with preparation. One credit. Omitted 1926-1927.

PHYSICAL EDUCATION FOR MEN

High School

First Year's Work. REGULAR EXERCISES IN THE GYMNASIUM. Free developing exercises, marching, tumbling, apparatus work, and games.

Required of first year students in all curriculums. Two hours a week. Every term.

Second Year's Work. REGULAR EXERCISES IN THE GYMNASIUM. Advanced work on the horse and parallel bars, advanced steps and games. During the spring and fall the work is on the athletic field and consists of games and track work. The course includes lectures on hygiene and kinesiology.

Required of second year students in all curriculums. Two hours a week. Every term.

Junior College

First Year's Work. See above.

Second Year's Work. See above.

33, 34, 35. ATHLETIC COACHING. First Year.

Football:	Basketball:	Baseball:
Practice (8 hours a week)	Practice (6)	Practice (8)
Theory (1 hour a week)	Theory (1)	Theory (1)

Gymnastics:	Gymnastics:	Track:
Practice (2 hours a week)	Practice (2)	Practice (4)
	Theory (1)	

Elective. Three credits. No credit toward graduation for less than a full year's work. One-fourth of a credit for each term of theory work to which one hour a week is given. Fall, winter, and spring terms.

36, 37, 38. ATHLETIC COACHING. Second Year.

Football:	Basketball:	Baseball:
Practice (8)	Practice (6)	Practice (6)
Theory (1)	Theory (1)	Track:
Gymnastics:	Gymnastics:	Practice (4)
Practice (2)	Theory (1)	Theory (1)
Theory (1)	Practice (2)	Organization and Administration of Physical Education (1)

Elective. Three credits. No credit toward graduation for less than a full year's work. One-fourth of a credit for each term of theory work to which one hour a week is given. Fall, winter, and spring terms.

Senior College

41, 42, 43. PRACTICE COACHING IN THE HIGH SCHOOL. Football, Course 41; basketball, Course 42; baseball, Course 43.

Prerequisite: Coaching 33, 34, 35, 36, 37, 38, at least two years of experience as a player in the branch of athletics in which he is going to coach, and senior classification. Registration for this course is made only upon the recommendation of Mr. Lantz.

Elective. Five hours a week. One credit for each of the three courses.

PHYSICAL EDUCATION FOR WOMEN

Physical education, two hours a week, for two years is required both in the high school and in the college, outdoor sports in the fall and spring terms, marching, gymnastics, and apparatus work in the winter term.

Students who in the opinion of the medical adviser are not physically fit to take the regular work have archery in the fall and spring terms, and corrective exercises and applied hygiene in the winter term in the case of all whose physical condition indicates the need of individual work.

Folk dancing may be taken in the winter term instead of marching, gymnastics, and apparatus work by students who are not in the restricted work referred to in the last paragraph.

READING

Junior College

24. Designed both to improve the oral and silent reading of the pupils and to give them definite standards by which they may intelligently judge the reading of others. Some attention is given to methods of teaching reading in the grades.

Required in the two-year curriculum and in four-year curriculums II, I and II, 2. Four hours a week with preparation. One credit. Every term.

SCIENCE (BIOLOGICAL)

HUMAN PHYSIOLOGY

High School

1, 2. Life processes of the human body and the functions of its more important organs and tissues. The minimum amount of anatomy for the understanding of these activities and functions is given. An application of the facts and principles is made to show ways of improving the body as a working machine and of keeping it in health; hence the subject of hygiene is included.

Required in the ninth year (See Science 5, 6). Five hours a week. Two credits. Winter and spring terms.

Junior College

20. PHYSIOLOGY. Similar to Course 1, 2, but more advanced with special attention to the digestive system, the nervous system, and sense organs.

Required in the two-year curriculum of those who have not had high school physiology. Ten hours a week. One credit. First summer term.

20. HYGIENE AND SANITATION.

Required in all curriculums. Four hours a week. One credit. Every term.

BIOLOGY

Junior College

One term of biology is required in the junior year except in the case of students who have had a year of botany in the Teachers College High School; these students take an elective credit instead of biology.

This requirement is fulfilled by the completion of Botany 20 or Zoology 20.

BOTANY

High School

1. MORPHOLOGY OF THE LOWER PLANTS. Bacteria, algae, fungi, moss-plants, and fern-plants.

Prerequisite: Botany 3. Required in the tenth year. Five sixty-minute periods a week. One credit. Winter term.

2. MORPHOLOGY OF SEED PLANTS. Origin and development of the highest plant groups; orders and common families of flowering plants.

Prerequisite: Botany 1. Required in the tenth year. Five sixty-minute periods a week. One credit. Spring term.

3. PROCESSES AND ADJUSTMENTS OF PLANTS. Ordinary activities of plants and common relations to environment. Physiological experiments, study of structure as modified by varied exposure to external conditions, and of specialized parts of plants.

Required in the tenth year. Five sixty-minute periods a week. One credit. Fall term.

Junior College

20. COLLEGE BOTANY. A course designed to give the student a knowledge of the fundamental physiological processes concerned in the growth of plants, and of the external and internal structures which are concerned in these processes in leaves, stems, and roots. It includes also the effects of environment factors on these processes and structures.

Required in the two-year curriculum, unless Zoology 20 is taken or the student is a graduate of the Teachers College High School. Elective in other curriculums. Every term. Six hours a week. One credit.

21. COLLEGE BOTANY. A study of the reproduction of flowering plants, the development of fruit and seeds from the parts of the flower, the mechanism of heredity, and a brief study of the great groups of plants.

Prerequisite: Botany 20. Elective. Six hours a week. One credit. Winter term.

22. GENERAL LOCAL FLORA. The identification of trees in winter and summer condition, of the common fresh water algae, liverworts, mosses and ferns, and of flowering plants as the season advances; and with this a study of structures which is necessary for the recognition of these forms. The course is designed especially for those who expect to teach biological science in secondary schools.

Prerequisite: Botany 20 and 21 or permission of the instructor. Elective. Six hours a week. One credit. Spring term.

23. DENDROLOGY AND WOOD ANATOMY. This course includes a study of the chemical and physical processes concerned in the formation of cell walls in plants; the development of various types of stems, the distribution of commercial woods; trees in winter and summer condition; the microscopic study of the woods used in the manual arts.

Required in the sophomore year of the Manual Arts curriculum. Six hours a week. One credit. Spring term.

30. THE MORPHOLOGY OF GREEN PLANTS. A study of the vegetative and reproductive structures of the green plants and a comparative study of the typical life histories of the great groups. The course consists mostly of laboratory work.

Prerequisite: Botany 20 and 21. Elective. Six hours a week. One credit. Fall term.

31. INTRODUCTION TO FUNGI AND PLANT DISEASES. The structure, life histories, and physiology of the groups of fungi and their relation to decay, fermentation, and the important plant diseases.

Prerequisite: Botany 20 and 21. Elective. Six hours a week. One credit. Winter term.

32. MICROTECHNIC. A course designed for the purpose of giving the student a knowledge of the preparation of botanical material for class use and for the making of microscopic slides. It is desirable that students in this course shall have had a year of chemistry.

Prerequisite: Botany 20, 21, 22, and 30 or the equivalent. Elective. Six hours a week. One credit. Spring term.

Senior College

40. METHOD IN HIGH SCHOOL BOTANY. The course includes methods of teaching high school botany and also the collection and preparation of material for demonstration and laboratory in high school botany.

Prerequisite: Two years' work in college botany. Required in the senior year in the four-year curriculum in biological science unless Zoology 40 is substituted. Four hours a week. One credit. Fall term.

41, 42. PRACTICE TEACHING IN HIGH SCHOOL BOTANY.

Prerequisite: Botany 40. Required in the senior year in the four-year curriculum in biological science unless Zoology 41, 42 is substituted. Five hours a week. Course 41, one credit; Course 42, one credit. Winter and spring terms.

43, 44, 45. **ADVANCED BOTANY.** These courses are arranged to meet the needs of individual students who have had five terms (five credits), or the equivalent, of botany, and who wish to go on in some special field. The student may choose the field in which he wishes to work, but is required to consult the instructor before registering for any of these courses.

Prerequisite: Botany 20, 21, 22, 30, and 32 or the equivalent of these five courses; and permission of the instructor. Six hours a week (to be arranged with the instructor). One credit for each term's work.

ZOOLOGY

High School

1. **ELEMENTARY INVERTEBRATE ZOOLOGY.** Important groups of invertebrates are considered, as far as possible, in their evolutionary order. Particular emphasis is given to life processes, behavior, relation to surroundings, geographical distribution, and importance to man.

Elective in the eleventh and twelfth years. Six hours a week. One credit. Fall term.

2. **ELEMENTARY VERTEBRATE ZOOLOGY.** Classes of vertebrates are studied somewhat in detail, but special attention is given to fishes, birds, and mammals. Considerable identification work is done by the use of keys. Methods of collecting and preserving material and of caring for live animals are taught.

Elective in the eleventh and twelfth years. Six hours a week. One credit. Winter term.

3. **FIELD ZOOLOGY.** Life-histories, relations to surroundings, and economic importance of common animals in the principal animal habitats found in the Charleston region which are (1) the open field or prairie, (2) the forest, (3) stream or pond, and (4) household and home premises. Methods of collecting and preserving material, both living and non-living, are emphasized. The course gives a foundation for elementary science teaching in graded schools, where animal materials are used.

Elective in the eleventh and twelfth years. Six hours a week. One credit. Spring term.

Junior College

20. **ANIMAL BIOLOGY.** A consideration of fundamental biological laws, based upon animal material.

Required in the two-year curriculum, unless Botany 20 is taken or the student is a graduate of the Teachers College High School. Six hours a week. One credit. Fall, spring, and summer terms.

20, 21, 22. **ELEMENTARY ZOOLOGY.**

Elective. Six hours a week. Three credits. Course 20, fall term; Course 21, winter term; Course 22, spring term.

23. **ANIMAL BEHAVIOR AND ANIMAL GEOGRAPHY.** The responses of animals to the various factors of the environment are studied. The

effect of these responses on the distribution of animals and the special adaptations of animals to the various geographic regions are also considered.

Elective. Six hours a week. One credit. Winter term.

30, 31, 32. **ADVANCED ZOOLOGY AND SPECIAL METHODS.** A study of fresh-water animals and their environment. Much attention is given to the common and important species of aquatic vertebrates with a view to familiarizing students with taxonomic and research methods; and opportunities for students carrying on some independent investigations are provided. It prepares for teaching biological science in upper grades or high school.

Prerequisite: Zoology 20, 21, or 1, 2. Elective. Six hours a week. Three credits. Course 30, fall term; Course 31, winter term; Course 32, spring term, even years.

33, 34, 35. **ADVANCED ZOOLOGY.** A study of insects. Deals with the classification and ecology of this large and important class. Methods of collection and preparation of specimens are studied. It prepares for teaching biological science in the upper grades or high school.

Prerequisite: Zoology 20, 21, or 1, 2. Elective. Six hours a week. One credit. Course 33, fall term; Course 34, winter term; Course 35, spring term, odd years.

Senior College

40. **METHOD IN HIGH SCHOOL ZOOLOGY.** The course includes methods of teaching zoology and also the collection and preparation of material for demonstration and laboratory in high school zoology.

Prerequisite: Two years' work in college zoology. Required in the senior year in the four-year curriculum in biological science unless Botany 40 is substituted. Four hours a week. One credit. Fall term.

41, 42. **PRACTICE TEACHING IN HIGH SCHOOL ZOOLOGY.**

Prerequisite: Zoology 40. Required in the senior year in the four-year curriculum in biological science unless Botany 41, 42 is substituted. Five hours a week. Course 41, one credit; Course 42, one credit. Winter and spring terms.

43, 44, 45. **ADVANCED ZOOLOGY.** This course is arranged to meet the desires and attainments of the individual student. Considerable latitude is given in the choice of a problem, the aim being to encourage and develop ability to pursue original investigations. Frequent conferences with the instructor are held to discuss methods of approach and results.

Prerequisite: Two years of work in zoology or biology, and permission of the instructor. Six hours a week (to be arranged with the instructor). One credit for each term's work. Course 43, fall term; Course 44, winter term; Course 45, spring term.

PHYSICAL SCIENCE

GENERAL SCIENCE

High School

4. INTRODUCTION TO CHEMISTRY.

Required in the ninth year. Five periods a week. Fall term.

5, 6. PHYSIOLOGY AND HYGIENE. See Human Physiology. Courses 1 and 2.

PHYSICS

High School

1, 2, 3. ELEMENTARY PHYSICS. Mechanics; heat, sound, light, electricity.

Prerequisite: Geometry 1, 2, 3. Required or elective in the eleventh or twelfth year. Seven hours a week. Three credits. Course 1, fall term; Course 2, winter term; Course 3, spring term.

Junior College

20, 21. COLLEGE PHYSICS FOR MANUAL ARTS STUDENTS. The topics studied in Physics 20 are mechanics and heat; in Physics 21, magnetism and electricity. These courses include the same essential principles as Physics 30, 31, but with the difference that where it is possible the applications and problems as well as the laboratory work are related to manual arts.

Required in manual arts curriculums. Six hours a week. One credit for Physics 20; one credit for Physics 21. Physics 20, fall term; Physics 21, winter term.

30. COLLEGE PHYSICS. MECHANICS.

Six hours a week. One credit. Fall term.

31. COLLEGE PHYSICS. ELECTRICITY.

Six hours a week. One credit. Winter term.

32. COLLEGE PHYSICS. HEAT AND SOUND.

Six hours a week. One credit. Spring term.

Senior College

40. THE TEACHING OF PHYSICAL SCIENCE.

Required in the senior year in the four-year curriculum in physical science. Four hours a week. One credit. Fall term.

41, 42. PRACTICE TEACHING IN PHYSICAL SCIENCE.

Required in the senior year in the four-year curriculum in physical science. Five hours a week. Two credits. Winter and spring terms.

CHEMISTRY

High School

1, 2, 3. ELEMENTARY INORGANIC CHEMISTRY.

Required or elective in the eleventh or twelfth year. Seven hours a week. Three credits. Course 1, fall term; Course 2, winter term; Course 3, spring term.

Junior College

30, 31a. GENERAL INORGANIC CHEMISTRY.

Elective. Eight hours a week. One and one-half credits. Course 30, fall term; Course 31a, first half of the winter term.

31b, 32. QUALITATIVE ANALYSIS.

Eight hours a week. One and one-half credits. Course 31b, second half of the winter term; Course 32, spring term.

33, 34a. QUANTITATIVE ANALYSIS.

Prerequisite: Chemistry 30, 31, 32. Eight hours a week. One and one-half credits. Course 33, fall term; Course 34a, first half of the winter term.

34b, 35. ORGANIC CHEMISTRY.

Prerequisite: Chemistry 30, 31, 32. Eight hours a week. One and one-half credits. Course 34b, the second half of the winter term; Course 35, spring term.

PART III
LISTS

THE TEACHERS COLLEGE BULLETIN

The Teachers College Bulletin, a sixteen-page monograph, devoted to educational topics, is issued quarterly and distributed in the immediate territory of the College free of charge. The numbers issued, exclusive of summer school bulletins and annual catalogues, are:

1. A Suggestion for Teaching Shakespeare's Dramas, by *Thomas H. Briggs, Jr., A. B.*
2. Method of Teaching, by *Francis G. Blair, B. S.*
3. The Causal Idea of History, by *Roswell C. McCrea, Ph. D.*
4. Some of the Objects of Studying English Grammar, by *W. M. Evans, Litt. D.*
5. The School Garden, by *Otis W. Caldwell, Ph. D.*
6. Manual Training, by *Caroline A. Forbes.*
7. The School Library, by *Florence M. Beck, B. L. S.*
8. Graphic Arithmetic, by *E. H. Taylor, B. S.*
9. Reading in the Grades, by *Katharine Gill.*
10. The Relation of the Home and School, by *Charlotte May Slocum.*
11. Bird Study in the Rural School, by *Thomas L. Hankinson, B. S.*
12. Bird Study in the Rural School (Second Edition), by *Thomas L. Hankinson, B. S.*
13. Physics in the High School, by *Albert B. Crowe, A. M.*
14. Some Suggestions for the Teaching of Geography in the Grades, by *Annie L. Weller, B. S.*
15. Fourth Year Geography in the Illinois Course of Study—Topic: The Work of Water, by *Clara M. Snell.*
16. English Composition in Secondary Schools—Topic: Correct English, by *Florence V. Skeffington, A. B.*
17. The Study of Literature in the Upper Grades, by *Isabel McKinney, A. M.*
20. The School Garden II, by *Otis W. Caldwell, Ph. D.*
23. Some Problems in Education, by *John M. Coulter, Ph. D.*
26. Education and Utility, by *W. C. Bagley, Ph. D.*
29. Eastern Illinois Teachers' Association—Thirteenth Annual Meeting.
30. Reading in the Grades (Second Edition), by *Katharine Gill.*
32. The Annual Invitation Athletic and Oratorical Meet, held at the Eastern Illinois State Normal School.
34. Schoolroom Gymnastics and Graded Games, by *Alice M. Christiansen.*
37. Views of the Buildings and Grounds.
38. Arguments for Vocational Guidance, by *E. E. Lewis, A. M.*
41. English Literature in Secondary Schools: The Rise of the Drama in England; Outlines for the Study of Literature, by *DeWitt C. Sprague, Ph. B.*

44. Alumni Register, 1900-1913.
46. Material on Geography (which may be obtained free or at small cost), by *Mary Josephine Booth, A. B., B. L. S.*
50. Lists of Material (which may be obtained free or at small cost), by *Mary Josephine Booth, A. B., B. L. S.*
53. Bird Study in the Rural School, by *Thomas L. Hankinson, B. S.*
54. Material on Geography (which may be obtained free or at small cost), Revised Edition, by *Mary Josephine Booth, A. B., B. L. S.*
57. An Outline for the Teaching of Agriculture in the Seventh and Eighth Grades, by *Carl Colwin, B. S.*
58. An Inquiry into the Methods by Which the State Normal Schools Are Controlled, by *Clifford Chesley Hubbard, A. M.*
61. Reading Aloud: War-Time Suggestions, by *John M. Clapp, A. M.*
62. Campus Reflections.
65. New Poetry and the Composition Class, by *Earl R. K. Daniels, A. B.*
66. Training Departments in State Normal Schools in the United States, by *Lester M. Wilson, Ph. D.*
69. Material on Geography (which may be obtained free or at small cost), Second Revised Edition, by *Mary J. Booth, A. B., B. L. S.*
70. Report of the Committee of Fifteen.
73. List of Books for the First Six Grades, by *Mary J. Booth.*
74. Course of Study in English for the First Six Grades, by *Isabel McKinney, A. M.*
77. Alumni Register, 1900-1921.
78. Material on Geography (which may be obtained free or at small cost), Third Revised Edition, by *Mary J. Booth., A. B., B. L. S.*
82. Twenty-fifth Anniversary Letter to Alumni.
85. Teaching Children to Read, by *Anna Holden Morse.*
