CHARLESTON -- Alexandra Clark, daughter of Frank and Ruth Clark of Mattoon, has been awarded a \$500 undergraduate research grant from Eastern Illinois University.

The grant will allow Clark to conduct research on glacial sediments found in a quarry near Charleston.

Her faculty research sponsor is Vincent Gutowski, professor of geology/geography.

During the summer of 1994, she worked as a student intern for the Coles County Regional Planning and Development Commission. She also is a tutor for EIU's Department of Geology/Geography.
