Goals for IT include infrastructure refresh cycles, review and redefine a funding model for ITS, and expand virtual resources.
4. Executive Committee Report – None
5. Athletics – Each member was given an opportunity to speak on the subject of Athletics. The majority of the comments were in favor of keeping the sports and covering the deficit. A variety of reasons were mentioned:

- Athletics generates revenue;
- Student athletes are some of our best students;
- Student athletes are good ambassadors for the university;
- This is not a good time to cut sports;
- There is no benefit in creating a news story;
- The academic performance of teams is commendable;
- There is little support for cutting any sport other than football;
- Stay the course;
- Tom Michael has done a good job with the circumstances he inherited;
- EIU receives free publicity for the university;
- Alums and/or donors want to talk about athletics;
- Athletes bring diversity to campus.

Some suggestions were also provided:

- Look at other schools in the OVC – is there an optimal student athlete to non- student athlete ratio;
- Go to Division II or III;
- All money saved should go into academics;
- Evaluate the conference we're in and possibly play schools that would resonate more with our students, alums, donors, and community.
