FOR IMMEDIATE RELEASE:

MADDOX RECEIVES RESEARCH GRANT

CHARLESTON -- Dylan Maddox, son of Joe and Janice Maddox of Ogden, is the recipient of an undergraduate research grant for his project titled, "Study on Population Ecology of Eastern Screech Owls."

Maddox is a senior zoology major and a 1993 graduate of St. Joseph-Ogden High School in St. Joseph.

Eastern emphasizes distinguished teaching in the liberal arts, sciences and selected professions. A traditional, residential state university of recognized quality, Eastern enrolls more than 11,000 students in undergraduate and graduate programs.

The university, located in Charleston, also serves the region through a variety of non-credit and off-site degree programs, as well as cultural and recreational opportunities.

Eastern's pursuit of excellence attracts well-qualified students of an increasingly diverse population and a teaching faculty active in research and public service who utilize the latest technology.
