FOR IMMEDIATE RELEASE:

EIU TO ADD BICYCLE RACKS

CHARLESTON, IL--Eastern Illinois University's Physical Plant is purchasing eight new bicycle racks to be placed at various locations throughout campus to meet the needs of students.

Additional bike racks will be placed at the entrances at each of the

following locations: Buzzard Hall, Coleman Hall, Klehm Hall, Physical Science Building, Old Main and the Union Walkway.

"After following up on students' requests for more bike racks on campus, we determined that there was a real need for additional racks. The new racks will provide space for about 160 bikes, so we hope that students will not have as difficult a time finding a place to park their bikes," said EIU Physical Plant Director Ted Weidner.

"We are always looking for better ways to serve our students and hope this is one way we can do that," Weidner added.
