The committee agreed unanimously to make the following recommendations:

1. All graduate registration be done by mail, at regular registration, or in the first meeting of night classes.
2. Students who preregister be allowed to list alternate courses for specific initial course requests.

3. Students who have preregistered and have paid their fees but who have not been provided with complete schedules be allowed time in the registration schedule ahead of all other registrants.
4. Graduating seniors be allowed to register immediately after those preregistered students who have incomplete schedules.
5. Time be provided at the end of the registration period, but before classes begin, for any student to make changes in his or her schedule.
6. Registration to start on a Thursday and continue to completion prior to the start of classes the following Monday. It is assumed that evening hours will be used.
7. Each department be responsible for having someone in the department office to advise students during registration.
8. Cards be used (one per seat in the class) for adds as is done in many schools.

The committee recommends that these improvements be implemented Spring Semester, 1982.
