Course Objectives:
Welcome to the ETIC (English Technology-Integrated Classrooms). Together I hope we can learn the best ways to use the computer technology to improve our writing skills.
First, and foremost, please remember that this is a composition course. Our goals are to produce effective, competent essays, and we’ll do that with the aid of lots of great resources and technology.
This course will focus on various modes of writing, paying particular attention to revision and peer editing methods. We will be focusing most of our attention of the role revision plays in the writing process by doing conferences during various stages of the writing process.
I’m not a computer expert; I just play one in Coleman Hall. I thoroughly intend to learn as much, if not more, than you do about what these computers can do. This is truly going to be a team effort. I hope those with more computer skills will help out those of us who still call computers “thingamajigs.”

Stuff You’ll Need:
You must have two formatted 3.5 inch computer disks. Have these disks by the Aug. 31 – No exceptions. These computers will “read” double sided or high density disks, so choose the type that is compatible with your computer. If you have no preference, get high density.

Class Policy:
Regardless of point totals, in order to pass the course, you must turn in all assigned papers. All phases of the writing process must be included with your final draft or the paper will be considered incomplete and will be graded accordingly. Missed assignments can be made up only if you have a verified excused absence. Arrangements to make up missed assignments must be made the class period following the absence.

Grading:

Your grade will be based upon the drafts and finished essays that you will submit at midterm and the end of the semester. You must submit all drafts of essays, but at midterm you will designate which one of the two essays you want to be evaluated. Included with the papers you want graded must be a "cover sheet" discussing your work on the essay, paying close attention to what you focused on and how the revision process went. Points will be given for all drafts demonstrating that you have gone through the entire writing process—prewriting, first draft, peer-editing, revision. After mid-term you must submit for evaluation one other essay and a research paper. At the beginning of the semester we will discuss a research project/essay. You will work on this project throughout the semester and turn it in with your second-half portfolio.

Mid-term Portfolio point value: 25 pts. for drafts of ungraded paper, 100 pts. for the graded essay—total = 125 pts.

Second-Half Portfolio point value: 25 pts. for drafts of ungraded paper, 125 pts. for the graded essay, 150 pts. for the research project—total 300 pts.

Reading Responses: 50 pts.

Documentation Quizzes: 25 pts.

Course Total: 500 pts.

Scale: 500-450 = A
       449-400 = B
       399-350 = C
       349--- = NC

This course is graded on the A, B, C, NC (no credit) scale. Students receiving points totaling less than a C will receive a NC for the course.

Plagiarism:
